SRI LANKA CRICKET BILL: DETERMINATION OF THE SUPREME COURT

ගරු කථානායකතුමා
(மாண்புமிகு சபாநாயகர் அவர்கள்)
(The Hon. Speaker)

I wish to inform Parliament that I have received the Determination of the Supreme Court in respect of the Bill titled "Sri Lanka Cricket" which was challenged in the Supreme Court in terms of Article 121(1) of the Constitution.

The Supreme Court has determined that the Clause 29 of the Bill infringes Article 14(1) (c) of the Constitution and could be validly passed only with the special majority provided for in Article 84(2) of the Constitution.

However, the inconsistency would cease and the Bill may be passed by a simple majority of Parliament upon the Committee Stage amendment proposed by the Court being made.

The Supreme Court has also determined that the Clause 7(1) of the Bill infringes Article 12(1) of the Constitution and could be validly passed only with the special majority provided for in Article 84(2) of the Constitution.

However, the inconsistency would cease and the Bill may be passed by a simple majority of Parliament upon the Committee Stage amendment proposed by the Court being made.

The Supreme Court has further determined that subject to above, none of the other provisions in the Bill are inconsistent with any provision in the Constitution.

I order that the Determination of the Supreme Court be printed in the Official Report of today's Proceedings.

The Court assembled for the hearing of these matters on 21.10.2026, 22.10.2026 and 23.10.2026.

A Bill, bearing the short title *"Sri Lanka Cricket"* (hereinafter referred to as "the Bill"), was published in the Supplement to Part II of the Gazette of the Democratic Socialist Republic of Sri Lanka dated 25.09.2026, issued on 28.09.2026. The Bill was thereafter placed on the Order Paper of Parliament on 06.10.2026.

Six petitions, bearing Nos. S.C.S.D. 124/2026, 126/2026, 134/2026, 141/2026, 157/2026 and 159/2026, were instituted before this Court challenging the constitutionality of the Bill.

Upon receipt of the said petitions, this Court directed that notice be issued on the Hon. Attorney General, in terms of Article 134(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka (hereinafter referred to as "the Constitution").

Several applications for intervention were thereafter filed by persons seeking to be heard in support of the Bill. This Court accordingly heard the submissions of the Petitioners, the Hon. Attorney General and the Intervenient-Petitioners.

Jurisdiction of this Court

This Court is seized of the matter in the exercise of its sole and exclusive jurisdiction conferred by Article 120 of the Constitution, which provides as follows:

> *"The Supreme Court shall have sole and exclusive jurisdiction to determine any question as to whether any Bill or any provision thereof is inconsistent with the Constitution..."*

The nature and extent of the determination required of this Court in the exercise of the aforesaid jurisdiction are set out in Article 123(1) of the Constitution. In terms thereof, the determination of this Court is required to be accompanied by the reasons therefor and must specify whether the Bill, or any provision thereof, is inconsistent with the Constitution and, if so, identify the particular provision or provisions of the Constitution with which such inconsistency arises.

When a primary determination is made as provided in Article 123(1) as to any inconsistency with the Constitution, the consequential determinations the Court is required to make are specified in Article 123(2) which reads as follows:

> *"(2) Where the Supreme Court determines that the Bill or any provision thereof is inconsistent with the Constitution, it shall also state –*
>
> *(a) whether such Bill is required to comply with the provisions of paragraphs (1) and (2) of Article 82; or*
>
> *(b) whether such Bill or any provision thereof may only be passed by the special majority required under the provisions of paragraph (2) of Article 84; or*
>
> *(c) whether such Bill or any provision thereof requires to be passed by the special majority required under the provisions of paragraph (2) of Article 84 and approved by the People at a Referendum by virtue of the provisions of Article 83,*
>
> *and may specify the nature of the amendments which would make the Bill or such provision cease to be inconsistent."*

Therefore, the jurisdiction of the Court is limited to determining whether the Bill or any provision thereof is inconsistent with the Constitution. Court does not have jurisdiction to determine the constitutionality of any proposed Committee Stage Amendments without determining whether the Bill or any provision thereof is inconsistent with the Constitution. Where Court so determines and in specifying the nature of the amendments which would make the Bill or such provision cease to be inconsistent, it is possible for Court to consider any changes proposed by the Hon. Attorney General or any party to the proceedings.

Further, notwithstanding proposals which the Attorney General submits to Court as being proposed amendments to be introduced during the Committee Stage in Parliament, this Court must determine the constitutionality of the respective clauses of the Bill which has been Gazetted.

Particularly, in view of certain submissions that were made by learned counsel for some of the Petitioners, Intervenient-Petitioners and the learned ASG, it is necessary to repeat what has been stated in several previous determinations, that this Court does not have jurisdiction to comment upon the suitability or desirability of underlying policy based upon which the Bill has been developed. The jurisdiction of this Court is restricted to the consideration of the constitutional implications of the Bill as a whole or clauses thereof.

Nevertheless, as correctly pointed out by this Court in **Special Goods and Service Tax Bill Determination [S.C.S.D. Nos. 01-09/2022, page 10]**, when a particular provision of a bill which comes under scrutiny by this Court is found to contain policy which when converted into legislation would become inconsistent with the Constitution, it is then the bounden duty of this Court to point out such inconsistency.

Presumption of Validity

There is a presumption that a bill is presumed to be constitutional. In ***Ram Krishna Dalmia v. Justice S.R. Tendolkar*** **AIR 1958 SC 538 at 539**, it was held:

> *"(b) that there is always a presumption in favour of the constitutionality of an enactment and the burden is upon him who attacks it to show that there has been a clear transgression of the constitutional principles; (c) that it must be presumed that the legislature understands and correctly appreciates the need of its own people, that its laws are directed to problems made manifest by experience and that its discriminations are based on adequate grounds; (d) that the legislature is free to recognise degrees of harm and may confine its restrictions to those cases where the need is deemed to be the clearest ..."*

Scope of Examination

In **Sri Lanka Broadcasting Authority Bill Determination [Decisions of the Supreme Court on Parliamentary Bills (1991-2003), Vol. VII, 81 at page 101**, it appears that Court took the view that where a provision in a bill *may lead* to the abuse of fundamental rights guaranteed under the Constitution, a question of constitutionality arises.

However, in **Colombo Port City Economic Commission Bill Determination [Decisions of the Supreme Court on Parliamentary Bills (2021), Vol. XVI, page 23] and Microfinance and Credit Regulatory Authority Bill Determination [S.C.S.D. Nos. 08-09/2024, 11/2024, 14-17/2024]** Court clarified that:

> *"Moreover, when the Court opined in Sri Lanka Broadcasting Authority Bill (supra), that these things may not happen, but they might happen because they are permitted it was referring to a situation where power is conferred on an entity or person in vague terms or without any guidelines as to its exercise thus making it arbitrary and inconsistent with Article 12(1)."*

The test for examining the constitutionality of a bill is not how it may be administered.

In the **Third Amendment to the Constitution Bill Determination [Decisions of the Supreme Court on Parliamentary Bills (1978-1983), Vol. I, page 139 at 147]** it was held:

> *"[A] clear distinction must be borne in mind between the law and the administration of the law. A law cannot be struck down as discriminatory because of the fear that it may be administered in a discriminatory manner. Mere possibility of abuse of power is not sufficient ground to hold that a law offends the fundamental right of equality."*

A similar view was expressed in the **Agrarian Services (Amendment) Bill Determination [Decisions of the Supreme Court on Parliamentary Bills (1991-2003), Vol. VII, page 9 at 12]** where it was held:

> *"There is of course the possibility that an attempt might be made to implement the Bill, after enactment, in a manner inconsistent with the Constitution. Our jurisdiction does not extend, quia timet, to make pronouncements intended to prevent or restrain possible future violations, particularly by persons or bodies other than the legislature; our jurisdiction is confined to determining whether the Bill as it stands would constitute an infringement of the Constitution."* (emphasis added)

Again, in the **Welfare Benefits Bill Determination [Decisions of the Supreme Court on Parliamentary Bills (1991-2003), Vol. VII, page 279 at 282]** Court held:

> *"Counsel for the Petitioner submitted that recipients would be selected on the basis of political loyalty to the party in power and that there would be favoritism in the process. It is not within the jurisdiction of the Court to speculate as to what would happen in the implementation of the scheme. The provisions of the Bill should be examined objectively to ascertain whether there are sufficient safeguards to prevent discrimination on any of the grounds referred to in Article 12(2) of the Constitution and to prevent arbitrariness in the decision-making process."*

Overview of the Bill

The Bill comprises eight Parts and a Schedule. Its principal provisions may be summarised as follows:

Part I provides for the establishment of Sri Lanka Cricket as a body corporate and recognises it as the sole authority responsible for cricket in Sri Lanka. It sets out the objects of Sri Lanka Cricket, which include the development of the sport at international, national, provincial, district and school levels, as well as the protection of cricket from corruption. It further enumerates the powers and functions of Sri Lanka Cricket, including the obligation to preserve its autonomous standing within the International Cricket Council (hereinafter referred to as the "ICC") and the Asian Cricket Council (hereinafter referred to as the "ACC"), and to discharge its functions in good faith and in the public interest.

Part II provides for the constitution of a fourteen-member Board comprising sever Independent Directors possessing prescribed professional qualifications and sever Elected Directors. Of the seven Independent Directors, at least two are required to be women. The Chairperson of the Board is required to be an Independent Director. This Part also sets out the grounds of disqualification, prescribes limitations on the tenure of Directors, including a maximum cumulative period of eight years for Elected Directors, and regulates the removal of Directors, which is permitted only on grounds of misconduct established by the Disciplinary and Disputes Committee. It further prescribes a quorum requiring the presence of at least four Independent Directors, establishes rules governing conflicts of interest and provides for the constitution of thirteen specialist committees.

Part III provides for the establishment of a seven-member Nominations Committee, entrusted with the responsibility of selecting the Independent Directors.

Part IV contains provisions relating to the Patron of Sri Lanka Cricket, membership, the conduct of general meetings and voting procedures. It also prescribes governance obligations applicable to member clubs and associations and provides for the Tournament Structure.

Part V provides for the establishment of the Fund of Sri Lanka Cricket and requires the accounts of Sri Lanka Cricket to be audited by the Auditor-General in terms of Article 154 of the Constitution.

Part VI provides for the establishment of the offices of Chief Executive Officer and Compliance Officer, the latter being required to report directly to the Board. It also contains provisions relating to the appointment of staff and affords protection to staff members who make disclosures concerning corruption.

Part VII provides that the Sports Law No. 25 of 1973 (hereinafter referred to as "Sports Law") shall cease to apply to cricket. It requires the submission of an Annual Report to Parliament and makes provision for Ministerial oversight. It further prescribes the procedure for the formulation of Rules, requiring the approval of a two-thirds majority of the Board, inclusive of the Chairperson and at least four Independent Directors. Rules so formulated are required to be published in the Gazette and submitted to Parliament for approval.

Part VIII contains transitional provisions, including provisions governing the functions and role of the Sri Lanka Cricket Transformation Committee pending the assumption of office by the First Board constituted under the proposed legislation.

The Schedule identifies the different categories of membership of Sri Lanka Cricket, namely, Tier "A", Tier "B" and Tier "C" members, Provincial Cricket Associations, General Members and Women's Cricket Associations. It also prescribes the eligibility criteria applicable to each category and the voting entitlements attached to such membership.

Mr. Marapana, P.C., and several Petitioners sought to establish that the Bill as a whole is inconsistent with Articles 12(1), 12(2), 14(1)(c), 14(1)(g) and Articles 3 and 4 of the Constitution. The grounds of challenge are:

(1) Cricket is singled out from other National Associations for a sport in Sri Lanka.

(2) Existing Sri Lanka Cricket (hereinafter referred to as "SLC") is forced out of existence by operation of law, stripping its members of their membership and voting rights, expropriates all its assets and terminates by necessary legal implication its affiliations with international bodies such as the ICC, ACC and the International Olympic Committee (hereinafter referred to as "IOC").

(3) Complete removal of democracy in the governance of SLC.

(4) Denial of voting rights to District Cricket Associations.

(5) Executive Control over SLC.

(6) The Chairman of SLC is an Independent Director.

(7) Breach of ICC Regulations.

(8) Undue powers and privileges are created for the present Interim Administration in the future governance of SLC.

(9) Indirectly removing SLC from the governance of other laws such as the prevalent Anti-Corruption Act No. 9 of 2023 and the Sports Law.

We shall now proceed to examine each of the aforesaid contentions and, having considered the submissions advanced in that regard, set out our reasons and conclusions thereon.

(1) Targeting Sri Lanka Cricket

Mr. Marapana, P.C., submitted that the Bill singles out SLC, whilst the other National Associations governing sports in Sri Lanka continue to remain subject to the provisions of the Sports Law and the regulations made thereunder. It was contended that the selective exclusion of SLC from the existing statutory framework, whilst retaining the application of that framework to the other National Associations, renders the Bill *ad hominem* legislation and constitutes a clear violation of Article 12(1) of the Constitution.

Learned President's Counsel further submitted that such legislative treatment offends the most fundamental principles governing the making of laws and, in particular, the first of Lon Fuller's eight principles of legality, which embodies the requirement that laws should be general in their application and should prescribe rules governing conduct by permitting or prohibiting particular categories of behaviour. It was accordingly contended that the Bill is, *per se*, arbitrary, capricious and discriminatory, and is thereby violative of Articles 12(1) and 12(2) of the Constitution, as well as inconsistent with the constitutional entrenchment of fundamental rights reflected in Articles 3 and 4 thereof.

Classification

Article 12(1) of the Constitution recognizes that all persons are equal before the law and are entitled to the equal protection of the law.

The corresponding provision in the Constitution of India is Article 14. The Supreme Court of India, in a series of decisions, including ***State of West Bengal v. Anwar Ali Sarkar*, AIR 1952 SC 75; *Budhan Choudhry v. State of Bihar*, AIR 1955 SC 191**; and ***Ram Krishna Dalmia v. Justice S.R. Tendolkar*, AIR 1958 SC 538**, has interpreted Article 14 as prohibiting class legislation, whilst recognising that it does not prohibit reasonable classification for the purposes of legislation, provided that two essential conditions are satisfied.

Those conditions are as follows:

(i) The classification must be founded upon an intelligible differentia which distinguishes those persons or things grouped together from those who are excluded from the group; and

(ii) The differentia must bear a rational nexus to the object sought to be achieved by the legislation. In other words, there must be a reasonable relationship between the basis upon which the classification is founded and the legislative object sought to be achieved.

This approach has been adopted by this Court. In ***Palihawadana v. Attorney-General* [1979] 1 Sri L.R. 65 at 69,** Sharvananda J. (as his Lordship was then) held:

> *"What is prohibited is class legislation; but reasonable classification is not forbidden. ... It forbids class legislation, but does not forbid classification which rests upon reasonable grounds of distinction. It does not prohibit legislation which is limited either in the objects to which it is directed or the territory within which it is to operate."*

Wanasundera J. (ibid. at page 83) held:

> *"Equal protection requires generally that all persons who are placed in similar circumstances should be treated alike and for this purpose it would be legitimate to differentiate between persons or things on the basis of clear and intelligible distinctions or differences which must have a rational relationship to the object to be achieved."*

In the **Finance Bill Determination [Decisions of the Supreme Court on Parliamentary Bills, Volume XVI, page 116 at page 117]**, Court adopted the following statement of the majority in the Parliamentary Pensions Bill (1976):

> *"Classification should never be arbitrary. It must always rest upon some real and substantial distinction bearing a reasonable and just relation to the things in respect of which a classification is made. If a law is made applicable to a class of persons or things and the classification is based upon a differentia having a rational relation to the objects sought to be achieved, there can be no objection to its constitutional validity that its application is bound to affect one person or thing, or a particular class of persons."*

Mr. Egalahewa, P.C., on the other hand, submitted that the mere fact that legislation is confined in its application to a particular subject or object, in the present instance, the national governing body for cricket, does not, by itself, render such legislation discriminatory or violative of the principle of equality before the law. In support of this submission, learned President's Counsel relied upon the decision of this Court in ***Abeywardene v. Inspector General of Police* [1991] 2 Sri L.R. 349, at pages 363–364**, wherein Amerasinghe J. held as follows:

> *"Those who make the law are free to recognize degrees of harm and to confine the restrictions to those cases where the need is deemed to be the greatest. ... It is a generally recognized, basic principle of law that a piece of legislation is not bad merely because the legislature selects one or some evil things for elimination while other evils may, in the opinion of certain persons, be equally in need of similar attention."*

The Cabinet Memorandum dated 08.06.2026 states that the legislative framework contemplated for cricket cannot be accommodated within the Sports Law, which is common to all sports associations in Sri Lanka for the following reasons:

i) *The sheer popularity of cricket across the country and the volume of cricket played at different levels with around 64,000 school children playing cricket, and club cricket played at different levels across the island;*

ii) *The large number of international competitions in which Sri Lanka takes part, including in Test, One Day Internationals and T20 internationals, in addition to other league competitions. This would mean nearly 100 international players with around 15 inbound/outbound tours a year.*

iii) *Sri Lanka has hosted numerous international cricket tournaments, including the ICC Cricket World Cups in 1996, 2011, 2012, 2025 and 2026, and as such is the only sport in respect of which international sporting events have been regularly staged in this country.*

iv) *The extensive finances involved in the game of cricket, with Sri Lanka Cricket's revenue in excess of 12.5 Billion LKR a year and a Balance Sheet in excess of 20 Billion LKR makes Sri Lanka Cricket the richest sporting body by far in Sri Lanka, dwarfing even the combined revenues of other sports.*

v) *The administration of cricket in Sri Lanka includes player managers, professional cricketers playing franchise cricket across the globe, and has evolved into an industry in its own right. In addition, the sport generates very significant foreign exchange earnings on account of the hosting of bilateral tours and ICC tournaments, including the World Cup.*

vi) *The high profile played in this country has made it a target for betting syndicates, corruption and other unethical practices which have made players and administrators fall prey. This is likely to increase exponentially with the growing popularity and profile of the game on the world stage.*

vii) *The necessity to ensure that the two main stakeholders in the game, the players and the vast majority of the Sri Lankan public who are fans of the game, have a legislative environment that is conducive to transparent, corruption- free, efficient and fair administration of the game of cricket, free of interference from powerful interest groups or unnecessary government intervention.*

Mr. Marapana, P.C., submitted that the criteria set out in grounds (i) to (iii) are founded upon considerations of "popularity", those contained in grounds (iv) and (v) are premised upon "wealth", whilst grounds (vi) and (vii) are based upon "unproven allegations". It was contended that none of these considerations constitutes an intelligible or reasonable criterion capable of justifying a valid legislative classification.

Learned President's Counsel further cautioned this Court that the jurisprudential consequences and wider implications of accepting such a basis for legislative classification ought to be carefully considered, having regard to the potential impact of such an approach upon the application of the constitutional guarantee of equality.

In ***Zee Telefilms Ltd. v. Union of India* (2005) 4 SCC 649** it was held that any differentiation dependent upon popularity, finances and public opinion of the body concerned would definitely violate Article 14 of the Indian Constitution.

We are inclined to agree that grounds (i) to (iii), insofar as they are founded upon considerations of "popularity", would, if considered in isolation, be insufficient to constitute a reasonable basis for legislative classification and would thereby give rise to an infringement of Article 12(1) of the Constitution.

Nevertheless, in our considered view, the question of the constitutional validity of the classification cannot be determined by examining each of the grounds in isolation. It is necessary to consider the cumulative effect of grounds (i) to (vii), having regard to the totality of the circumstances and the legislative purpose sought to be achieved. When so considered, we are of the view that the cumulative basis constituted by the said grounds provides a sufficient justification for the enactment of a separate legislative framework governing cricket, and that such classification does not offend the guarantee of equality enshrined in Article 12(1) of the Constitution.

We shall now proceed to set out the reasons which have led us to this conclusion.

Undoubtedly, SLC and the other National Sports Associations registered under the Sports Law may, for the purpose of the present analysis, be regarded as belonging to the same

general class, inasmuch as they are national governing bodies responsible for the administration and development of their respective sports. The fact that they belong to the same general class, however, does not necessarily preclude the Legislature from making a distinction between them for legislative purposes.

The constitutional question is not whether SLC and the other National Sports Associations are identical in their general character or status, but whether there exist relevant distinguishing features which warrant they being treated differently for the purposes of the particular legislation under consideration. The Legislature is entitled to make such a distinction, provided that the classification satisfies the established requirements of reasonable classification.

Accordingly, it is necessary to ascertain, firstly, whether there exists an intelligible differentia which distinguishes SLC from the other National Sports Associations to which the Bill does not apply; and, secondly, whether that differentia bears a rational nexus to the objects sought to be achieved by the Bill. The two requirements are interrelated but distinct. The first concerns the existence of a discernible and rational basis for treating SLC as a separate category, whilst the second requires that the distinction so made must have a reasonable relationship to the legislative purpose sought to be achieved.

It follows that the mere fact that the Bill applies exclusively to SLC does not, in itself, render the legislation discriminatory. Equally, the mere identification of differences between SLC and the other National Sports Associations would not suffice to sustain the classification. Such differences must be relevant to, and rationally connected with, the objects of the Bill. It is only where both these requirements are satisfied that the differential legislative treatment may be regarded as constitutionally permissible under Article 12(1) of the Constitution.

In the **Private Medical Institutions (Registration) Bill Determination [Decisions of the Supreme Court on Parliamentary Bills, Volume VII, page 191]**, where one sector was made subject to a separate regime of regulation, it was held:

> *"We note that equality, as enshrined in Article 12 of the Constitution, permits legislation based on a reasonable classification where the criteria for such classification advances its objectives. The Bill undoubtedly subjects Private Medical Institutions to a different legal regime than the one applicable to State Sector Institutions, as contended by Counsel for Petitioners. But, we are of the view that there is a reasonable basis for such classification."*

The Preamble to the Bill sets out its legislative purposes. It seeks to provide for the establishment of Sri Lanka Cricket for the control, governance, regulation, promotion, development and administration of cricket in Sri Lanka. It further seeks to foster the growth of the sport in accordance with the principles of good governance, integrity, transparency, accountability and inclusivity, whilst ensuring equal opportunities for all. The Preamble also identifies the welfare of all participants and the protection of cricket from corruption and other forms of improper conduct as among the purposes of the proposed legislation. Finally, it provides for the constitution, powers and functions of Sri Lanka Cricket.

It is apposite to observe, at this juncture, that the need for specific regulatory and governance measures in respect of cricket is by no means peculiar to Sri Lanka. A similar recognition of the need for institutional reform in the administration of cricket is evident from the jurisprudence of the Supreme Court of India.

In ***Board of Control for Cricket in India v. Cricket Association of Bihar and Others*, Civil Appeal No. 4235 of 2014** and connected matters, **[AIR 2016 SC (Supp) 277]**, the Supreme Court of India directed a Committee chaired by Mr. Justice R.M. Lodha, former Chief Justice of India, to examine the governance and administration of the Board of Control for Cricket in India (BCCI) and to make recommendations for reforms to its Memorandum of Association, Rules and Regulations. The Committee thereafter submitted what has come to be known as the Lodha Committee Report.

The observations and recommendations contained in the said Report, as referred to and considered by the Supreme Court of India, are of relevance in the present context.

The Report states as follows:

> *"At a time when the nation's highest court has been compelled to find that the game has fallen into disrepute, only extraordinary steps will bring it back from this chasm. We are conscious that some of our proposals may evoke varied responses, but the collective conscience of this Committee is clear that tough measures are called for to restore Indian cricket to its pinnacle of glory. Individual interest will have to be sacrificed for the sake of the institution, and no exigency of convenience or convention shall stand in the way of a whole scale structural overhaul. The current governance structure of the BCCI and its Member Associations is far from satisfactory and it needs to be suitably restructured."*

In examining whether the requirements for a valid legislative classification have been satisfied in the present instance, it is necessary to consider, albeit briefly, the history of SLC and its predecessor, the Board of Control for Cricket in Sri Lanka (hereinafter referred to as the "BCCSL"), with particular reference to developments subsequent to 1996.

The origins of a formal institutional arrangement for the administration of cricket in Sri Lanka may be traced to the formation of the Ceylon Cricketers Association in 1920. In that same year, the Association sought to arrange a tour of Ceylon by the Marylebone Cricket Club (MCC). The MCC, however, stipulated that, prior to undertaking an official tour, there should be in existence a recognised cricket association vested with responsibility for the control and administration of cricket in Ceylon, as it was then known. This requirement led to the formation of the Ceylon Cricket Association.

Following the attainment of independence by Ceylon, a new governing body, namely, the Board of Control for Cricket in Ceylon was established to assume responsibility for the control and administration of cricket in the country. It subsequently became the BCCSL.

Mr. Sumanthiran, P.C., submitted that cricket is regarded as the fifth religion in Sri Lanka. Whatever may be the description employed, there can be little doubt that cricket occupies a place of exceptional significance in the hearts and minds of the people of this country. Perhaps the most compelling illustration of that sentiment was the triumph of the Sri Lankan cricket team at the 1996 Cricket World Cup. That victory brought together a nation comprising diverse communities in a common expression of pride and celebration. It was a moment when the people of this country, transcending their differences, came together as one nation.

It must, however, be recognised that success, whilst bringing recognition, prestige and opportunity, may also give rise to challenges, competing interests and attempts by various interests to secure advantages from the success achieved. The greater the success and the recognition that accompanies it, the greater may be the interests seeking to influence or appropriate the benefits flowing from such success, at times for purposes which may have little, if anything, to do with the legitimate objectives for which that success was attained. This is exemplified by the Report of the Cabinet Sub-Committee on the issues currently faced by Sri Lanka Cricket, December 2023 headed by Mr. Ali Sabry, P.C, (hereinafter referred to as the "Sabry Report") which states (at page 13):

> *"Prior to Sri Lanka winning the World Cup in 1996, SLC was unable to generate sufficient funds to govern and operate the sport, and most of the office bearers worked on an honorary basis with resources provided by the state and well-wishers. However, since 1996, when Sri Lanka won the World Cup, there has been unparalleled interest in SLC. As a result, a diverse spectrum of individuals have expressed an interest in governing cricket and holding public office in Sri Lanka.*
>
> *The information presented to this Committee demonstrates that over time, SLC has been administered by a group of persons who are all connected to one another, and the constitution has been used to perpetuate such control over SLC. As a result, many well-wishers, former cricketers, and respectable administrators have increasingly stayed away from SLC, leaving it to be managed by individuals who can survive the fiercely fought election process.*
>
> *The current system favours a small group of people in cricket administration. Unhindered and uncontrolled powers vested in the Executive Committee in spending the funds meant for SLC and its development and apportionment of the same for the clubs/associations which controlled 147 votes has created a continuing need for this group to compete for high office.*
>
> ...
>
> *We agree with several observations made by individuals who appeared before our committee, and it has come to our attention that many members of the SLC administration have made their employment at SLC their primary source of income. Consequently, they have utilized all available resources at their disposal to prolong their tenure at SLC."*

The administration of a successful sporting institution is, therefore, not necessarily insulated from competing interests and the challenges that may accompany its growth and prominence.

It is perhaps against this historical and institutional background that one must view the repeated interventions in the administration of cricket in Sri Lanka since 1999. From that year to date, more than fifteen (15) Interim Committees, Competent Authorities, Advisory Committees and, more recently, a Transformation Committee have been established to undertake or oversee the administration and governance of cricket in the country. The establishment of these successive administrative arrangements has, in turn, given rise to a number of legal proceedings. The frequency of such interventions and the litigation

which has followed are indicative of the persistent difficulties and controversies surrounding the governance and administration of cricket in Sri Lanka.

It is against this background that the legislative initiative impugned before this Court must be examined, particularly in determining whether the circumstances pertaining to cricket in Sri Lanka disclose distinguishing features capable of justifying a separate legislative framework, and whether such classification bears a rational nexus to the objects sought to be achieved by the Bill.

According to Cabinet Memorandum No. 2026/13 dated 08.06.2026, a group of Petitioners instituted Court of Appeal (Writ) Application No. 460/2020 seeking *inter alia* a mandate in the nature of a Writ of Mandamus, directing the Minister of Sports to duly move and/or to cause urgent legislation to be passed in the form of a dedicated Act of Parliament to govern and administer SLC and/or such other body established by such statute, for the purpose of governing and administering the game of cricket in Sri Lanka.

Pursuant to this application, the then Minister of Sports and Youth Affairs appointed Justice K.T. Chitrasiri (Retired Judge of the Supreme Court) and other eminent governance experts to draft a new constitution for SLC. After extensive consultations, this committee submitted a draft constitution for SLC through an Act of Parliament.

This draft was subsequently considered by a Cabinet Sub-Committee chaired by Mr. Ali Sabry, P.C., then Minister of Foreign Affairs. In the Sabry Report, which was submitted to the Cabinet on 31.12.2023, a recommendation was made for the enactment of a law to give effect to a new constitution for SLC.

Some of the recommendations made by the Sabry Report are:

1. *SLC governing structure must be similar to that of a corporate structure found in many other nations.*
2. *Executive Committee Members should serve on an honorary basis, subject to reasonable compensation for board meetings and travel, among other things.*
3. *The Executive Committee should not have unrestricted discretion or ability to spend funds, and all funds should be channeled through established corporate practices.*
4. *Only policy decisions should be made by the Executive Committee, and policy implementation should be carried out by a Chief Executive Officer, similar to how a Board of Directors and CEO function in a corporate entity. The position of Chairman be filled by one of the 8 selected members from among the full Executive Committee of 18.*
5. *Adopt the Chitrasiri Committee's proposal, in which the Executive Committee will be the policy-making body, similar to a board of directors of a corporate entity. The Executive Committee may form as many subcommittees as necessary to address the various areas specified in the constitution.*
6. *To ensure transparency and good governance, a one-time forensic audit of the previous two fiscal years. Such forensic audits be of SLC, as well as all associations/clubs who have benefited from SLC financing and be performed once in every three years.*

On 19.02.2024, the Cabinet appointed the expert committee headed by Justice K.T. Chitrasiri to draft a new constitution for Sri Lanka Cricket . Accordingly, a draft constitution was submitted by Justice Chitrasiri and his committee on 17.06.2024.

Having considered the draft constitution recommended by Justice Chitrasiri in the context of the role of cricket in Sri Lanka, the Cabinet Memorandum dated 08.06.2026 identified the aforementioned seven (7) reasons why the legislative framework contemplated for cricket cannot be accommodated within the Sports Law.

Accordingly, Cabinet approval was granted on 08.06.2026 to authorize the Legal Draftsman to formulate the new legislation relating to cricket in Sri Lanka, taking into consideration the previous draft legislation and incorporating such amendments and modifications as may be recommended by the Sri Lanka Cricket Transformation Committee, authorize the Sri Lanka Cricket Transformation Committee to liase with the ICC in order to obtain its views in relation to any such proposed draft legislation and upon obtaining the observations of the ICC, to finalise the draft legislation and submit to the Hon. Attorney General and to submit the finalised draft legislation thereafter to the Cabinet of Ministers for approval. These proposals were approved by the Cabinet on 08.06.2026.

The draft legislation so prepared was submitted for Cabinet approval by Cabinet Memorandum No. 2026/14 by the Minister of Sports and Youth Affairs. Approval of the Cabinet of Ministers was granted on 21.09.2026.

The learned ASG submitted that as such, the Bill is the product of a judicial-led review, a Cabinet Sub-Committee, consultation with the ICC and a deliberate decision of the Cabinet of Ministers, after long stakeholder consultation. The features now challenged, the voting structure and the oversight mechanism, lie at the heart of the reform. They are Parliament's answer to two problems: (a) elections captured by bodies with no real stake in the game; and (b) the absence of a measured, lawful way to respond when self-regulation fails.

Mr. Marapana, PC submitted that in the absence of a specific finding in the sense of a criminal conviction of an officer or the institution as a whole for any offence of corruption within the existing statutory framework disentitles the making of a selection based on the issue of corruption as a means of selection.

It was further submitted that in view of the presumption of innocence incorporated in Article 13 (5) of the Constitution, enacting legislation on the basis of corruption will infringe Article 13 (5).

In the **Anti-Corruption Bill Determination [S.C.S.D. 16/2023 to 21/2023, page 21]** Court held that Sovereignty in Article 3 includes the right to a Government free of bribery or corruption. A necessary corollary is the duty on the Government to take all legal steps to eradicate bribery and corruption from society.

Mr. Marapana, P.C., may well be correct in his submission that, to date, no official of Sri Lanka Cricket has been found guilty of bribery or corruption by a court of law. That circumstance, however, does not, in itself, detract from or render unjustified the legislative objectives sought to be achieved by the Bill. The purpose of the proposed legislation is not confined to addressing instances of corruption already established through judicial proceedings. Its broader and more fundamental object is to establish an institutional and regulatory framework capable of preventing and combating corruption within SLC, whilst fostering the development of the sport in accordance with the principles of good governance, integrity, transparency, accountability and inclusivity, and ensuring equal opportunities for all participants.

In this regard, it must be borne in mind that the absence of a criminal conviction against any individual office-bearer of SLC, and the consequent operation of the presumption of innocence in favour of such individual, does not, of itself, preclude the Legislature from enacting legislation to address concerns relating to the governance and administration of a particular institution. The adoption of preventive measures and the establishment of institutional safeguards need not await the conclusion of criminal proceedings or the judicial determination of the guilt of any particular individual.

More importantly, the nature of the concerns underlying the legislative treatment of SLC must be properly understood. They are not confined to allegations of personal corruption on the part of individual office-bearers. Rather, they extend to broader concerns relating to the institutional framework within which the sport is administered and controlled, including matters of governance, accountability, transparency and the adequacy of mechanisms for ensuring proper oversight. The distinction is material. The legislative objective is directed not at attributing criminal culpability to any particular individual, but at addressing institutional deficiencies and vulnerabilities which may facilitate corruption, and at establishing safeguards to prevent their occurrence. The absence of a criminal conviction against an individual office-bearer cannot, therefore, be regarded as conclusive of the question whether legislative intervention of this nature is warranted.

As Wakeham [Institutional corruption in the criminal justice system: The case of Ferguson. Crime, Law and Social Change, 79(3), 283–305] states:

> *"[...] most of the research takes a traditional, individual view of corruption—namely, corruption occurs when an individual uses a public office for personal gain (see Ivkovic, 2005; Newburn, 1999, 2015; Punch, 2013). In the traditional understanding of corruption, the corruption lies in the individual's character, even if organizational or situational influences are taken into account. It is the individual who acts unethically and illegally, violating official duties for personal gain. While this view of corruption covers an array of illegal and unethical behaviors among police officers (and other criminal justice officials), it is limited in scope..."*

Wakeham [ibid.] goes on to state that:

> *"An institution is corrupted insofar as it systematically fails to fulfill that purpose or function. Thompson (1995) originally coined the term institutional corruption, distinguishing it from individual corruption, in his critical analysis of how money influences the workings of the United States Congress. Thompson, along with Lessig, have pushed for the concept of institutional corruption to be applied across a variety of institutional domains (Lessig, 2020; Thompson, 2018).*
>
> *This broader understanding is captured in Lessig's definition: Institutional corruption is manifest when there is a systemic and strategic influence which is legal, or even currently ethical, that undermines the institution's effectiveness by diverting it from its purpose or weakening its ability to achieve its purpose,*

including, to the extent relevant to its purpose, weakening either the public's trust in that institution or the institution's inherent trustworthiness. (2013, p. p. 553)"

Thompson [*Two concepts of corruption*, Edmond J. Safra Working Papers, Harvard University (2013)] makes a similar distinction between individual corruption and institutional corruption as follows:

"The ways of distorting the process suggest two different concepts of corruption. The first and more familiar concept is individual corruption: personal gain or benefit by a public official in exchange for promoting private interests. The second—institutional corruption—is common enough in practice but is often run together with the first, and is therefore often neglected. It involves political gain or benefit by a public official under conditions that in general tend to promote private interests. In both cases, the corruption occurs not simply because private interests are promoted, but because they are promoted without due regard for the rules of a legitimate process. In both cases, private interests influence the public purposes improperly, but what makes the influence improper differs in each case."

As Mitchell [On corrupt institutions. *Critical Review of International Social and Political Philosophy*, 1–22, (2024)] explains:

"Institutions can be, like individuals, abusive in a way which deserves to be called corrupt. This is not just a matter of some or many of the members or officers of an institution acting corruptly. Rather, the institution is itself corrupt; it is corrupt as an institution."

Of particular relevance in this regard is the fact that, on 09.11.2023, the Leader of the Opposition moved a resolution in Parliament entitled "Removal of the Officials Including the Chairman of the Corrupt Sri Lanka Cricket". The resolution, *inter alia*, called for the immediate resignation of the Chairman and office bearers of Sri Lanka Cricket and for the enactment of legislation by Parliament to secure a transparent and corruption-free administration of the sport. Significantly, the resolution received the approval of Parliament and was accordingly unanimously passed.

According to Erskine May [*Parliamentary Practice* (David Natzler and Mark Hutton eds, 25th ed., 2019), para. 20.96]:

"By its 'resolutions', the House declares its own opinions and purposes. ***Such resolutions, therefore, unless deriving force from some other authoritv (for example statute, as with motions to approve statutory instruments), do not have direct legal impact,*** *though they may have varying degrees of political force depending on circumstances."* (emphasis added)

It is noteworthy that the proceedings of Parliament on 09.11.2023, as recorded in the Parliamentary Debates (Hansard), reveal an uncommon degree of bipartisan consensus among Members of Parliament in relation to the resolution moved by the Leader of the Opposition. Such consensus, transcending the usual divisions of party politics, is reflective of the gravity of the concerns entertained by legislators across the political spectrum regarding allegations of corruption and the administration of SLC.

In this context, it is apposite to refer to the report of the Appeal Committee appointed by the Minister in 2017 under Section 30 of the Sports Law (Kumarasinghe Report) and in particular to observations [1] and [5](a) to (d) therein which states:

(a) that SLC had punished players in breach of the rules of natural justice;
(b) that according to the match referee's report and the evidence "the Club Officials, Officials of SLC are also involved in this match fixing"; and
(c) that SLC had neither punished the club officials found guilty by its own panel nor inquired into the conduct of its own officials.

The circumstances set out hereinbefore, when considered cumulatively, clearly disclose the existence of intelligible differentia by reference to which the sport of cricket, and the administration thereof through SLC, may reasonably be distinguished from the other sports governed by the Sports Law. The classification of SLC as a distinct class by itself is founded upon a rational basis and bears a direct and reasonable nexus to the objectives sought to be achieved by the Bill, as set out in its Long Title, namely, to ensure good governance, integrity, transparency and accountability in the administration of the national governing body for the sport of cricket.

Accordingly, we hold that the Bill does not offend Article 12(1) of the Constitution merely by reason of the fact that its provisions are directed specifically at the administration and governance of cricket through SLC.

(2) Extinction of SLC

Mr. Marapana, P.C., contended that Clause 47 of the Bill provides for the cessation of the operations of SLC upon the Bill becoming law, whilst Clause 2 provides for the establishment of a new statutory body under the same name, namely, "Sri Lanka Cricket".

Learned President's Counsel submitted that the Bill makes no provision for transitional arrangements to enable the existing SLC to continue its operations pending the assumption of its functions by the newly established statutory body, nor does it contain provisions for the orderly winding up of the affairs of the existing SLC or for the independent settlement of its existing obligations and interests.

It was further submitted that, upon the Bill becoming law, all existing members of SLC would ipso facto cease to hold membership thereof. Learned President's Counsel contended that the existing affiliations and institutional relationships of SLC with international and regional sporting organisations, including the ICC, ACC and the IOC, would likewise cease to subsist.

On that basis, it was argued that the Bill would, in effect, deprive the existing members of SLC of their property rights without any provision for compensation. Accordingly, it was submitted that the impugned provisions infringe the fundamental rights of the members of SLC guaranteed by Articles 12(1) and 14(1)(c) of the Constitution and are, therefore, inconsistent with Articles 3 and 4 thereof.

Finally, Mr. Marapana, P.C., submitted that the Bill also has the effect of adversely affecting the rights and interests of the officers, employees and other persons employed by SLC, thereby infringing the fundamental rights guaranteed to them under Articles 12(1) and 14(1)(c) of the Constitution and rendering the Bill inconsistent with Articles 3 and 4 thereof.

In considering the aforesaid contentions, it is necessary, at the outset, to examine and appreciate the legal framework established by the Sports Law and, in particular, the legal consequences flowing from its operation. Such an examination is essential to determine the nature and extent of the legal rights, obligations and interests of SLC and its members, and the effect, if any, of the proposed legislation upon them.

Section 28 of the Sports Law empowered the Minister to name any sport for which a National Association may be formed. According to Section 43, a "National Association of Sports" means an association, federation or body which is the controlling or governing body of a sport or group of sports names under Section 28. There is no dispute that cricket was one of the sports named by the Minister by order made under Section 28.

Consequently, the BCCSL was required to apply for registration in accordance with Section 29(a) of the Sports Law. Failure to do so would have attracted the consequences prescribed by Section 34(1), which empowered the Minister to make an order for the dissolution and winding up of the National Association. Furthermore, non-compliance with such an order carried penal consequences for the office-bearers of the National Association. It is not in dispute that the BCCSL did, in fact, apply for registration and was duly registered under the provisions of the Sports Law.

The registration of the BCCSL under the Sports Law necessarily brought about a change in its legal character. What may have initially been a private association thereby became an entity subject to the regulatory framework established by law. It was a course of action voluntarily adopted by the BCCSL.

Indeed, absent such registration, the BCCSL would not have been entitled to exercise the function of selecting teams to represent Sri Lanka in the sport of cricket. In this regard, the Regulations titled "Control of Participants in Sports Representing Sri Lanka, Regulations No. 3 of 1974", published in the Gazette of the Republic of Sri Lanka dated 20.09.1974, expressly required the selection of such teams to be undertaken by the Selection Committee of the National Association representing the particular sport.

As the learned ASG correctly submitted, whatever freedom of association the members of the BCCSL may have enjoyed in their capacity as members of a private association was necessarily subjected to the regulatory framework of the Sports Law upon the decision to seek and obtain registration thereunder.

By way of illustration, in terms of Regulation 4 of The Control of Participants in Sports Representing Sri Lanka, Regulations No. 3 of 1974, a National Association could not invite any individual or team of players to Sri Lanka, or accept an invitation to participate in any sport abroad, without the prior written approval of the Secretary to the Ministry, and the manager and officials of a team representing Sri Lanka abroad were appointed with the prior written approval of the Minister (Regulation 5).

The National Associations of Sports Regulations, No. 01 of 2016, published in Gazette Extraordinary No. 1990/23 of 27.10.2016, required every National Association to have a constitution consisting of the matters specified in Schedule III to those Regulations, registered by the Director-General of Sports (Regulation 3(1)). Every office bearer was to "hold office for a period not exceeding four years and be eligible for re-election, for one more term", and was "prohibited from being re-elected to office on consecutive terms" (Regulation 5(2)(ii)); and Regulation 5(4) disqualified specified classes of persons from holding office.

The 2025 Regulations, made under the Sports Law, apply to every National Association. Under them:

a. every national association must have a constitution containing the prescribed provisions, approved by the Director-General of Sports, and every existing association had to submit an amended constitution for his approval within ninety days (Regulation 3(1) and (2));

b. no person may hold the office of President, Secretary or Treasurer of a national association after eight years in any of those offices, nor sit on an executive committee for more than twelve years in aggregate, periods on an interim committee being counted (Regulation 5(2)); and

c. a professional journalist, a parent or sibling of a current national pool player, an agent or manager of such a player, a supplier of sports goods, and a person who or whose immediate family is engaged in betting or gaming, are among those disqualified from office (Regulation 6).

Accordingly, the rights and interests of SLC, as well as those of its members, are presently governed and circumscribed by the provisions of the Sports Law and the several regulations made thereunder. SLC cannot, therefore, claim an unfettered autonomy or an independent status divorced from the statutory and regulatory framework within which it operates, as contended by the Petitioners. Its powers, functions and the exercise thereof remain subject to the limitations and obligations imposed by law.

Insofar as the assets of SLC are concerned, it is significant that no material whatsoever has been placed before this Court to establish that any part, or the entirety, of such assets constitutes the private property of any one or more of its members. The Sabry Report notes (at page 14):

> *"The officer bearers have not made any financial investments, and all financing is received by the SLC organization only due to the participation of Sri Lankans in cricket. Therefore, it is the property of the general public and those in positions of authority are those entrusted with the responsibility of fulfilling their obligations. Therefore, their role is similar to that of trustees of a public trust, and they have fiduciary obligations to the citizens of Sri Lanka and to the State mechanism responsible for managing public funds and property."*

In any event, Articles 2(a), 2(w) and 2(x) of the Constitution of SLC make it abundantly clear that the income, funds and property of SLC, howsoever acquired, are to be applied towards the furtherance of its objects and the promotion, encouragement, advancement, development and general assistance of the game of cricket in Sri Lanka.

It is therefore evident that, even under its own Constitution, the assets and property of SLC are dedicated to the fulfilment of its institutional objectives and the advancement of the sport of cricket in Sri Lanka. The Constitution does not confer upon its members any proprietary entitlement to such assets or recognise any individual or collective right of ownership therein merely by virtue of their membership.

In this regard, it is apposite to refer to the decision in ***Board of Control for Cricket v. Cricket Association of Bihar*, Civil Appeal No. 4235 of 2014, para. 82**, wherein Thakur, CJI held:

> *"All that we need say is that since BCCI discharges public functions and since those functions are in the nature of a monopoly in the hands of the BCCI with tacit State Government and Central Government approvals, the public at large has a right to know and demand information as to the activities and functions of the BCCI especially when it deals with funds collected in relation to those activities as a trustee of wherein the beneficiary happens to be the people of this country."*

This Court observes that Clauses 4(1)(i) and 4(2) of the Bill expressly recognise Sri Lanka Cricket as the trustee and custodian of the sport of cricket on behalf of the People of Sri Lanka and require the exercise of every power conferred thereunder to be guided by the principle of public trust. Parliament, in the exercise of the legislative power of the People vested in it, is entitled to provide for the accountable and transparent administration of a national sporting institution which performs functions of significant public importance.

It is important to emphasise that the Bill does not, by reason of these provisions, vest the property of Sri Lanka Cricket in the State, nor does it purport to appropriate or transfer the property of any individual to the State. Rather, it gives statutory recognition to the existing legal and factual position concerning the nature, character and purpose for which the assets and resources of SLC are held and utilised. In that sense, the Bill does not result in an expropriation of property, but seeks to place the administration and management of SLC within an express statutory framework founded upon the principle of public trust.

However, this Court acknowledges the merit in the contention that the Bill has the effect of depriving the existing members of SLC of their membership upon its enactment. In ***Damyanti Naranga v. Union of India* (1971) 1 SCC 678 (AIR 1971 SC 966)**, it was held that the right to form an association includes the right to *continue* it with the membership the founders chose. A law that introduces members without the existing members' option to keep them out, or takes away the membership of those who voluntarily joined, violates the right. The Court distinguished laws that merely regulate an association's *administration* from those that alter its *composition*; the Act did the latter.

Accordingly, we hold that the Clause 29 of the Bill infringes Article 14(1)(c) of the Constitution and could be validly passed only with the special majority provided for in Article 84(2) of the Constitution.

The learned ASG submitted that the following Committee Stage Amendment will be moved to Clause 29:

Page 30, Clause 29 *:(1) delete lines 1 to 5 (both inclusive) and substitute the following:-*

> *"the coming into operation of this Act, shall be a general member of Sri Lanka Cricket and such member may within a period of thirty days of coming into operation of this Act, apply for registration under such category of membership as set out in the Schedule hereto in the manner specified by the rules."*

We are of the view that proposed amendment will result in Clause 29 of the Bill ceasing to be inconsistent with Article 14(1)(c) of the Constitution.

(3) Complete removal of democracy in the governance of Sri Lanka Cricket
(4) The Chairman of Sri Lanka Cricket is an Independent Director

These two contentions are considered together, as they substantially overlap in their scope and raise interrelated questions of law and fact.

Part II of the Bill contains the provisions relating to the administration, governance and control of Sri Lanka Cricket.

In terms of Clause 5(1), the administration, governance and control of the affairs of Sri Lanka Cricket shall be vested in a Board of Directors and accordingly, in terms of Clause 5(2), the Board shall, for the purpose of administering the affairs of Sri Lanka Cricket. exercise, perform and discharge the powers, duties and functions conferred on, assigned to or imposed on, Sri Lanka Cricket under the Bill.

The Chief Executive Officer of Sri Lanka Cricket, appointed by the Board in terms of Clause 38(1) of the Bill, shall, subject to the general or special direction and control of the Board be responsible *inter alia* for the administration of the affairs and transactions of Sri Lanka Cricket. Clause 21(1) provides further that for the administration and governance of each aspect of the affairs of Sri Lanka Cricket, the Board shall appoint various committees including the Finance, Audit and Investment Committee, the Related Party Transactions Committee and the Governance and Integrity Committee. Thus, atop the pinnacle of the governance structure of Sri Lanka Cricket stands the Board of Directors.

As set out in Clause 5(3), the Board shall consist of 14 directors of whom seven shall be Independent Directors. This shall include two women Independent Directors. The other seven members of the Board, referred to as Elected Directors, shall be elected by the members of Sri Lanka Cricket in accordance with the mechanism set out in the Bill. Clause 6(1) provides further that while the Chairperson of the Board shall be elected by the majority vote of the members of the Board from among the Independent Directors, the Deputy Chairperson of the Board shall be elected by the majority vote of the members of the Board from among the Elected Directors of the Board.

Clause 13(1) specifies that the quorum for any meeting of the Board shall be seven Directors of whom at least four shall be Independent Directors. In terms of Clause 13(6), all decisions at any meeting of the Board shall be made by the vote of the majority of members present and voting at such meeting and adopted by way of a resolution of the Board in the manner specified in section 17. In the case of an equality of votes, the Chairperson shall, in addition to his vote, have a casting vote. However, where the Chairperson is absent, the Deputy Chairperson shall, in addition to his vote, have a casting vote.

The gravamen of the complaint of Mr. Marapana, P.C., was twofold. The first was that the Chairperson of the Board shall at all times be an Independent Director [Clause 6(1)]. The second was that the Chairperson shall have a casting vote [Clause 13(1)]. He submitted that the Bill thus draws a distinction between Independent Directors and Elected Directors but that there is no reasonable basis to classify them separately and treat them as two distinct categories.

Mr. Marapana, P.C., submitted further that the aforementioned composition of the Board together with the casting vote of the Chairperson ensures that the elected members of the Board can '*never and under no circumstance override*' the independent members of the Board in any decision to be made or any resolution to be adopted, and that the Independent Directors shall always have precedence in the governance of the Board, thereby effectively and essentially depriving the members of Sri Lanka Cricket, any real or meaningful say in the governance of Sri Lanka Cricket.

While we shall elaborate later in this Determination on the issue of the casting vote, it is important that we state at this point that the Chairperson, just like any other Director, has only one vote, and that the Chairperson shall have a casting vote only in those rare instances where there is an equal division of votes.

Thus, the issue that needs to be determined is whether Clauses 6(1) and 13(6) are discriminatory and/or arbitrary and amounts to a violation of Article 12(1) of the Constitution.

The learned ASG submitted that the argument of the Petitioners is not only factually misconceived but misconceived in law as well, for the following reasons:

(a) Independent Directors and Elected Directors are two different offices, in that they enter the Board through different paths, with Independent Directors who possess professional expertise in the areas specified in the Bill being nominated by a specially constituted Nominations Committee as opposed to Elected Directors who are not required to possess any expertise but are elected by clubs that play cricket and Provincial Cricket Associations. He submitted further that the two categories of Directors are intended to serve different purposes since the Elected Directors are elected by members of Sri Lanka Cricket and will protect the interests of those who voted them in. Hence, it was the position of the learned ASG that while one class of Directors is elected by the clubs and the Provincial Associations, the other is chosen for their professional competence by a committee insulated from those who elect the Elected Directors, that there is a clear, discernible, and logical distinction that separates the Independent Directors from the Elected Directors, and therefore Independent Directors and Elected Directors are neither equal nor similarly circumstanced;

(b) The post of Chairperson is a focal point of Sri Lanka Cricket and is not merely a seat at the table. It is the Chairperson who shall *inter alia* summon all meetings of the Board [Clause 13(3)], preside at the meetings of the Board [Clause 13(5)], represent Sri Lanka Cricket at meetings of the International Cricket Council and other international fora [Clause 6(3)] and sign deeds, agreements, bank instruments and other documents [Clauses 19, 20(1) and 37(6)]. He submitted further that the circumstances relating to the finances of Sri Lanka Cricket during the last twenty five years clearly demonstrate that the enormous powers and responsibilities conferred at the moment on the President of Sri Lanka Cricket has served as a motivation for unscrupulous elements to contest elections to secure that post, and therefore it is critical that the Chairperson be an Independent Director in order to achieve the objects of the Bill and ensure that the governance of Sri Lanka Cricket shall be free from corruption;

(c) The legislature only seeks to strike a balance between the independence of the Independent Directors and the representative character of the Elected Directors and does not in any manner seek to confer an undue privilege to one group over the other;

(d) The casting vote is a mechanism used not only across the corporate world to break a deadlock and ensure that affairs of a company can be effectively managed but is a feature that is seen in several legislation enacted by Parliament in the recent past, and hence is not a new phenomenon. He submitted that the twist sought to be given by the Petitioners is completely unwarranted since in the absence of the Chairperson, it is the Deputy Chairperson, being an Elected Director, who shall have a casting vote.

In order to place in context the proposed governance structure including those contained in Clauses 6(1) and 13(6), it is important to understand the issues that currently affect Sri Lanka Cricket.

Under the existing member-based electoral structure, all office bearers are elected through the votes of member clubs and associations. Once elected to office, the office bearers are exposed to competing institutional interests, particularly where decisions relating to the allocation of funds and infrastructure development of clubs, domestic competitions and the promotion or relegation of clubs may directly affect the interests of their respective constituencies. Such competing interests may thereafter influence the electoral support available to an office bearer seeking re-election. The present structure thus exposes a legitimate structural risk of conflicts of interest and institutional influence, which the Legislature is entitled to address through appropriate governance safeguards.

Perhaps, in one voice, the Intervenient-Petitioners have submitted that the current voting system has been manipulated to such an extent that a person who does not belong to the ruling group cannot have any reasonable expectation of winning an election at Sri Lanka Cricket. Mr. Amarasekera, P.C., submitted that one of the causes of the malady that the Bill seeks to address is the corrupt voting system where clubs which does not even have a ground of their own has the ability to participate at the election held to select office bearers, and that the corruption that follows is directly related to the voting system. This is evident by the large number of related party transactions, serious mismanagement and lack of professionalism of Board members that have been highlighted by the Auditor General.

Emphasising the need for the administration of Sri Lanka Cricket to act at all times with integrity and professionalism, Mr. Jayawardena, P.C, submitted that the Independent Directors that are proposed are not merely independent of Sri Lanka Cricket and its members, but are unrelated, and therefore, independent of each other, as well. For this reason, he submitted that the possibility of independent directors voting as a single block will not arise, and thus, permitting the Chairperson to be appointed out of the Independent Directors will ensure the much needed integrity that Sri Lanka Cricket requires at this juncture and accord with modern good governance principles and trends and corporate governance requirements seen in the corporate sector. It was pointed out that cricket governing boards in countries such as England and Wales, Australia, South Africa and Pakistan has similar corporate structures.

It was further submitted by Mr. Jayasundera, P.C., that the introduction of Independent Directors and the requirement that the Chairperson be selected from among them are intended to address the longstanding concentration of power, financial mismanagement and deficiencies in the existing governance structure, minimise the influence of club-based electoral considerations upon the administration of Sri Lanka Cricket and promote decisions made in the best interests of cricket, rather than those of any particular club, association or electoral constituency.

The starting point in considering the first complaint of the Petitioners is the Long Title of the Bill, in terms of which Sri Lanka Cricket is being established *inter alia* (a) for the control, governance, regulation, promotion, development and administration of cricket in Sri Lanka, (b) to foster the growth of the sport of cricket through principles of good governance, integrity, transparency, accountability, and (c) to safeguard the welfare of all participants and protect cricket from corruption and other improper conduct.

The objects of Sri Lanka Cricket are contained in Clause 3, and includes *inter alia* to (a) give effect to and adhere to the membership obligations, governance requirements, and decisions of the International Cricket Council, (b) control, govern, regulate, promote, develop and administer the sport of cricket in Sri Lanka played at all levels including at the international level, and (c) protect, promote and advance the interests, welfare, integrity, professionalism and ethical standards of the sport of cricket and all stakeholders connected therewith, including the prevention of doping, corruption, discrimination, harassment, age fraud and all other unethical or unfair practices.

The powers, duties and functions of Sri Lanka Cricket have been set out in detail in Clause 4 of the Bill. Perhaps the most important duty that Parliament seeks to confer on Sri Lanka Cricket is that it shall hold authority and responsibility as trustee and custodian of the sport of cricket on behalf of the People of Sri Lanka. This duty is further expanded by Clause 4(2) which provides that, "*The powers, duties and functions conferred on, assigned to or imposed on Sri Lanka Cricket shall be exercised, performed and discharged in good faith and in the best interests of the sport of cricket, its participants and the citizens of Sri Lanka and in accordance with the principles of integrity, accountability, transparency, inclusiveness and public trust*."

We are of the view that the proposed governance structure of Sri Lanka Cricket where the Board shall comprise of Independent Directors and Elected Directors in equal number, and the grievance of the Petitioners must be viewed in the light of the aforementioned circumstances and the proposed objects and duties of Sri Lanka Cricket.

In order to appreciate the distinction that is sought to be made between Independent Directors and Elected Directors and place in its proper context the submission of the learned ASG that the two sets of Directors enter the Board through different paths and serve different purposes and hence are not equally circumstanced, we shall first consider the manner in which the seven Independent Directors are selected.

In terms of Clause 22 of the Bill, there shall be a Nominations Committee which shall consist of the following seven members:

(a) The President of the Council of the Institute of Chartered Accountants of Sri Lanka or any member of such Institute nominated by the President of such Council;

(b) The President of the Bar Association of Sri Lanka or any member of such Association nominated by the President such Association;

(c) The Chairman of the Committee of the Chamber of Commerce incorporated under the Chamber of Commerce Ordinance or any member of such Committee nominated by the Chairman of such Committee;

(d) The Secretary to the Ministry of the Minister assigned the subject of Sports or the Director-General of the Department of Sports Development or an officer of such Ministry not below the rank of the Director-General nominated by such Secretary;

(e) The Chairperson of the Sri Lanka Institute of Directors or any member of such Institute nominated by the Chairperson thereof;

(f) The President of the Committee of the Sri Lanka Institute of Marketing incorporated under the Sri Lanka Institute of Marketing (Incorporation) Act, or any member of such institute nominated by the President of such Committee; and

(g) The Chairman of the National Sports Council established under section 4 of the Sports Law or any member of the National Sports Council nominated by the Chairman thereof.

The composition of the Nominations Committee clearly reflects the importance placed by the Legislature on the selection of Independent Directors.

Clause 8(1) of the Bill requires the Nominations Committee to invite applications from eligible persons to be appointed as an Independent Director of the Board within forty five days of the coming into force of the Act, in accordance with rules which shall be published within ten days of the first meeting of the Nominations Committee. The availability of rules to regulate the calling of applications thus ensures transparency in the invitation process.

Clause 7 contains a series of circumstances that would disqualify any person from being appointed as an Independent Director or from being elected as an Elected Director. These include those who have been (a) convicted and sentenced to a term of imprisonment of not less than six months by any court of competent jurisdiction for any offence involving moral turpitude, fraud, dishonesty, corruption or violence, and (b) previously removed from or required to vacate any office held in Sri Lanka Cricket or any category of members of Sri Lanka Cricket, on disciplinary grounds, for misconduct or breach of duty or any other disqualification specified in the Bill.

More importantly for the game of cricket, any person or any member of his or her immediate family (being the spouse, a parent, a sibling, a son, daughter or son-in-law or daughter-in-law) who has an interest in betting, gaming or wagering, or in a betting, gaming or wagering organization or is employed in the day-to-day operations of any such organization, or has been subjected to any penalty, ban, suspension, prohibition or disqualification imposed by the Sri Lanka Anti-Doping Agency established under section 10 of the Convention against Doping in Sport Act, No. 33 of 2013, the World Anti-Doping Agency, or decision making authority of the International Cricket Council in respect of any offence relating to the use of prohibited substances, corruption, betting, match fixing, spot-fixing, or misuse of insider information, is not eligible for selection as an Independent Director or as an Elected Director.

Clause 8(6) provides further that a person who is or has been (a) prior to the date of the coming into operation of this Act, elected as a member of an Executive Committee of the National Association of Sports relating to cricket; (b) elected as an Elected Director of Sri Lanka Cricket; or (iii) an office bearer of a member of Sri Lanka Cricket, shall not be appointed as an Independent Director of the Board.

Thus, Clauses 7 and 8(6) aligns with the stringent governance structure set out in the Bill.

The Nominations Committee shall have the power to select and nominate any person whom it considers fit and proper for appointment as an Independent Director, provided that the Independent Directors shall consist of the following, of whom two shall be women:

(i) A Chartered Accountant who shall be a member of the Institute of Chartered Accountants of Sri Lanka established under the Institute of Chartered Accountants Act, No. 23 of 1959 whose period of membership in such Institute is not less than fifteen years;

(ii) An Attorney-at-Law who has been engaged in active legal practice in Sri Lanka for a minimum of fifteen years;

(iii) A former cricketer of good standing who has played not less than fifteen international cricket matches at any time prior to the period of thirty-six months immediately preceding the date of appointment;

(iv) An Information Technology Professional who shall possess a postgraduate qualification in computer science or information systems, with extensive corporate experience;

(v) A person who possesses a recognized qualification in marketing or global brand management or related disciplines, and has a demonstratable track record in the field of marketing, including experience in the development, management, commercialisation and promotion of brands with significant national or international market presence; and

(vi) Two other persons who possess an unblemished reputation, experience and expertise in the fields of accounting, finance, management, law, information technology, marketing, sports, or governance including persons who have served or are serving in senior executive or leadership positions such as a Chief Executive Officer, a General Manager or an equivalent position, in any public corporation or any company established under the Companies Act, No. 07 of 2007 or any organization established under any written law.

The above provisions ensure two matters. The first is that the selection of Independent Directors shall be carried out by an independent Nominations Committee comprising of eminent persons. The second is that the Independent Directors so selected shall have expertise in multiple areas which are critical to the governance of Sri Lanka Cricket. This, together with the stringent qualifications that must be satisfied in order to be eligible for selection and the events of disqualification that we have already referred to shall ensure that only those with the utmost integrity and professionalism are appointed as Independent Directors.

The other seven members of the Board, known as Elected Directors, shall be elected by the members of Sri Lanka Cricket who are entitled to vote at the general meetings of Sri Lanka Cricket. The Elected Directors are not required to possess any qualifications except that the series of disqualifications set out in Clause 7 would apply to them, as well.

The learned ASG submitted that in terms of the Bill, it is the Board of Directors that shall:

(a) Register the members, they being the cricket playing clubs;

(b) Decide to which tier each club shall belong to, which in turn decides how many votes each club shall be entitled to;

(c) Decide the structure of the tournaments the performance at which would eventually determine the promotion and relegation of the clubs among the two tiers and thus the votes that each club would be entitled to exercise at an election;

(d) Approve the constitutions of the members; and

(e) Enforce governance standards including the suspension or cancellation of the membership of the said members.

(f) Regulate the affairs of those members who voted the Elected Directors.

The learned ASG and the learned President's Counsel who appeared for the Intervenient-Petitioners submitted that the Chairperson being appointed from amongst independent directors is a unique feature that is required by regulators across the corporate world where public funds are involved and integrity and accountability is paramount.

The attention of Court was drawn to Direction No. 5 of 2024 issued by the Central Bank of Sri Lanka on 30.09.2024 on "Regulatory Requirements on Corporate Governance for Licensed Banks". In terms of the said Direction, at least half of the total number of directors shall be independent non-executive directors and the Chairperson shall be appointed from amongst those independent non-executive directors. Furthermore, Section 9 of the Colombo Stock Exchange Listing Rules provides that the Boards of listed companies must mandatorily include Independent Directors and that the Chairperson must be appointed from one of those persons.

Taking into consideration:

(a) the wide powers conferred on the Chairperson to which we have already referred to [vide Clauses 6(3), 13(3), 13(5), 19, 20(1) and 37(6)];

(b) the fact that the Chairperson is in effect the face of Sri Lanka Cricket, both locally and internationally;

(c) the fact that the Chairperson would be presiding over decisions that directly affect the clubs and associations that elected the Elected Directors and on whose vote his or her re-election is dependent;

(d) the stringent procedure put in place in selecting the Independent Directors and ensuring their expertise and professionalism; and

(e) the fact that Sri Lanka Cricket is the custodian of cricket in Sri Lanka and the administration, governance and control of the affairs of Sri Lanka Cricket has been vested in the Board,

we are of the following view:

[A] The composition and the manner of selecting Independent Directors and appointing the Chairperson from those Independent Directors would ensure that Sri Lanka Cricket shall abide by principles of integrity, accountability, transparency and public trust, and that the distinction that is sought to be made between the two categories of directors has a logical and reasonable relationship to the objective that the Bill is seeking to achieve;

[B] The decision to appoint the Chairperson of the Board from amongst the Independent Directors is therefore neither arbitrary nor irrational.

We shall now address the second argument of Mr. Marapana, P.C., that the conferment of a casting vote on the Chairperson is a violation of Article 12(1) of the Constitution. We have already stated that all fourteen Directors of the Board of Sri Lanka Cricket shall only have one vote, and that the Chairperson too, just like any other Director, has only one vote. With the number of Directors being an even number, there may be those rare instances where the Board is equally divided. It is certainly not in the best interests of the game of cricket to allow such a deadlock within the Board. It is only to address those rare instances that the Legislature has thought it fit to confer on the Chairperson of the Board a casting vote.

The fact that the Chairperson is an Independent Director is not a consideration that is relevant to this issue, especially since it is the Deputy Chairperson who shall have a casting vote in the absence of the Chairperson. We must also state that the casting vote is limited in scope in that it has no place where decisions require a two-thirds majority. These decisions include the removal of a director [Clause 12(2)], any amendment, variation or alteration to the Tournament Structure [Clause 35(3)] and the making of rules [Clause 45(1)].

The learned President's Counsel for the Intervenient-Petitioners submitted that the conferment of a casting vote on the Chairperson is the norm in Sri Lankan statutory bodies which combine appointed professionals with nominated or representative members, as clearly borne out by the following Acts of Parliament:

(a) Gambling Regulatory Authority Act, No. 17 of 2025 – Section 12(4)

(b) National Eye Bank Trust of Sri Lanka Act, No. 22 of 2023 – Section 8(4)

(c) Central Bank of Sri Lanka Act, No. 16 of 2023 – Sections 9(5) and 13(6)

(d) Engineering Council of Sri Lanka Act, No. 4 of 2017 – Section 9(2)(b)

(e) National Medicines Regulatory Authority Act, No. 5 of 2015 – Section 10(2)(b)

(f) Sri Lanka Accounting Standards Act, No. 15 of 1995 – Section 18(5)

We have carefully considered the submissions of all learned Counsel and are of the view that the conferment of a casting vote on the Chairperson is not arbitrary and does not infringe the provisions of Article 12(1) of the Constitution.

(6) Denial of voting rights to District Cricket Associations

As the learned ASG correctly submitted, the submissions advanced on behalf of the Petitioners on this ground may be summarised as follows:

(a) District Cricket Associations have been excluded from the franchise of voting, with the Districts within each Province being aggregated and accorded only a single Provincial vote;

(b) Of the 26 clubs presently recognised as Tier "A" and Tier "B" clubs, 21 are situated within the Western Province, thereby conferring upon that Province approximately 69% of the total voting strength;

(c) Since qualification for recognition as a Tier "A" or Tier "B" club is dependent upon participation in tournaments, which, in turn, is substantially influenced by the availability of infrastructure, predominantly concentrated in Colombo, the impugned classification operates in a manner that is geographically discriminatory and consequently violative of Article 12(1) of the Constitution; and

(d) The impugned scheme effectively excludes District-level bodies from participating in the governance of a national sporting institution, thereby offending Articles 3 and 4 of the Constitution and undermining the constitutional framework relating to devolution.

The objects of Sri Lanka Cricket, as set out in Clause 3 of the Bill, are to develop, govern and protect the sport of cricket. The responsibility for formulating and implementing decisions directed towards the attainment of these objects rests with the Board.

Accordingly we agree with the submission of the learned ASG that the composition of the Board must necessarily satisfy two interrelated considerations. First, it must comprise persons possessing the requisite experience, managerial competence and integrity to discharge the responsibilities entrusted to it and to advance the statutory objects of Sri Lanka Cricket. Secondly, its composition must ensure an appropriate and equitable recognition of the legitimate interests of those who have a genuine stake in the development and administration of the sport.

Court notes that one of the principal objectives underlying the proposed voting structure is to ensure that the electoral process is confined to persons and institutions having a genuine interest in cricket and having made a meaningful contribution to its development. The grant of voting rights merely by virtue of the formal existence of an entity, without regard to its actual participation in or contribution to the sport, would create the possibility of the proliferation of clubs established principally, if not exclusively, for the purpose of acquiring voting rights. Such a development would defeat the very purpose of the proposed reforms and perpetuate the type of *"interference from powerful interest groups"* which the reforms seek to eliminate.

In this context, it is apposite to refer to the following observations of Sabry Report (at page 13):

(a) that Sri Lanka Cricket "has been administered by a group of persons who are all connected to one another, and the constitution has been used to perpetuate such control";

(b) that the apportionment of funds to "the clubs/associations which controlled 147 votes has created a continuing need for this group to compete for high office"; and

(c) that there were no restrictions on tenure.

It recorded representations on "'paper clubs' and common office bearers across multiple organizations which appeared to be a concerted plan to influence the voting system" (paragraph 21), and on clubs "with voting rights in SLC despite the fact that they did not even have a ground" (paragraph 44).

In this context it is apposite to refer to Sabry Report "that the current constitutional structure of allowing clubs which controlled 147 votes, which are supported by SLC, to decide the Executive Committee should be discouraged" (at page 15).

The size of the electorate which the Bill replaces was itself exceptional. The Sabry Report (at page 14) set out the number of votes at the general meetings of the national cricket bodies of other Full Members of the International Cricket Council: Australia (population 25.69 Mn.), six; Pakistan (population 231.4 Mn.), seventeen; England and Wales (population 59.59 Mn.), eighteen; India (population 1,408 Mn.), thirty eight. Sri Lanka (population 22.16 Mn.) had one hundred and forty seven. The voting members under the Bill hold some forty nine votes, still more than any of those bodies.

Cricket is, fundamentally, a sport whose development and advancement depend upon the participation of those who play it. Such participation is ordinarily organised through clubs. However, the nature and extent of the contribution made by clubs to the development of the sport are not uniform. At one end of the spectrum are clubs which have little or no meaningful participation in the game and exist merely in a formal or nominal sense. At the other are clubs which make substantial investments in players, coaching, training facilities and infrastructure, and which participate in competitions at the highest levels of domestic cricket.

In those circumstances, there is nothing inherently arbitrary or irrational in the Bill adopting a system whereby clubs constitute the principal electoral units and the entitlement to vote, as well as the number of votes allocated to each club, is determined by reference to the level at which that club actually participates in competitive cricket. Such a criterion bears a rational relationship to the object sought to be achieved, namely, ensuring that voting rights are accorded to institutions which make a genuine and demonstrable contribution to the sport.

(7) Executive Control over Sri Lanka Cricket

The Petitioners contend that the provisions of the Bill, when considered cumulatively, and Clauses 22, 28 and 44 in particular, confer upon the Executive a degree of influence and control over Sri Lanka Cricket that is incompatible with the autonomy contemplated by Clause 4(1)(d). In support of this contention, they point to the designation of the President as Patron ex officio, the participation of two members of the Nominations Committee who are linked to the Executive under Clauses 22(1)(d) and 22(1)(g), and the extensive powers conferred upon the Minister by Clause 44 to investigate and to remove, suspend or

disqualify Directors or the Board as a whole. It is contended that the latter powers extend beyond legitimate regulatory oversight and effectively displace the internal procedure for removal contemplated by Clause 12. The Petitioners accordingly submit that, viewed in their cumulative effect, these provisions undermine the institutional autonomy of Sri Lanka Cricket, are arbitrary in their operation and are therefore inconsistent with Article 12(1) of the Constitution.

We observe that Clause 28 of the Bill is essentially ceremonial in nature. It does not confer upon the President any executive, administrative or decision-making authority in relation to Sri Lanka Cricket. The President is neither a member of the Board nor of any committee, nor does he participate as a member in the General Meeting. Accordingly, the designation of the President under that Clause does not, in itself, confer any institutional authority or decision-making power upon the Executive in the affairs of Sri Lanka Cricket.

In this context, it is apposite to refer to the decision in ***Perera v. District Scout Commissioner and Others*** **[2020] 1 Sri LR 405**, where Court held that the President's position as Chief Scout did not amount to executive control over the organisation because the role was essentially ceremonial and discretionary. The Court found that the President could choose not to accept the position and that the affairs of the organisation remained under the control of its members rather than the State.

Aluwihare, J. (at page 412) held that:

> *"The Petitioner's contention that the President of the Republic being the Chief Scout is an indication of executive control, holds no merit as it is merely a ceremonial position which the President can decide not to accept, at his/her discretion. The President, if he/she so accepts the Title, becomes the Patron of the Scout Association and appoints the Chief Commissioner, Honorary Chief Commissioners and other higher officials merely upon the recommendation forwarded to him/her by the Association, while the other office bearers are elected by the members at the Annual General Meeting of the Council (vide section 2(1) of the Act)."*

Moreover, even under the present constitution of SLC, it is the custom of SLC is to invite the President of Sri Lanka to be its Patron. In that sense, the Bill does not seek to change the status quo, and does not in any manner reflect a shift towards greater Government control.

The mere presence of these two members on the Nominations Committee can hardly be regarded as constituting executive control over the process of nomination.

In the first place, they constitute only two of the seven members of the Committee, the remaining five being drawn from independent professional bodies.

Secondly, in terms of Clause 26, the quorum of the Committee is four members and its decisions are determined by a majority.

The two members representing the Executive are therefore incapable, either by themselves, of constituting a quorum or of determining the outcome of any decision. Furthermore, the Chairperson of the Committee is elected by the members themselves in accordance with Clause 24.

Thirdly, the discretion vested in the Committee is circumscribed by statutory safeguards. The Committee is required to invite applications publicly and to publish its procedure on the website of Sri Lanka Cricket, as stipulated in Clauses 8(1) and 8(4). Its selection is further confined to persons possessing the qualifications prescribed in Clause 5(3)(a) and who are not subject to any of the disqualifications set out in Clause 7, in terms of Clause 8(5). In addition, Clause 22(2) requires every nominee to the Committee to be a person of good moral standing and not subject to any disqualification under Clause 7.

There is, moreover, a rational basis for the inclusion of these two members. The Ministry responsible for the subject of Sports is entrusted with responsibility for national sports policy, whilst the National Sports Council is the statutory body established under the Sports Law in relation to the administration and development of sport. Sri Lanka Cricket, being an institution entrusted with the governance of a sport of national significance, is expressly recognised under Clause 4(1)(i) as the "trustee and custodian of the sport of cricket on behalf of the People of Sri Lanka".

In these circumstances, it is neither unreasonable nor inappropriate that the wider public interest and the national interest in sport should find representation in the process of selecting the independent members of the Board. Such representation, however, does not translate into a power of control over that process. The distinction between participation and control is of particular significance in the present context. In our view, the mere inclusion of these two members, subject to the safeguards and limitations prescribed by the Bill, cannot reasonably be characterised as conferring executive control over Sri Lanka Cricket.

Clause 44 of the Bill must be considered having regard to its structure, the sequence of steps prescribed therein and the safeguards which circumscribe the exercise of the powers conferred upon the Minister. It is not, in our view, an unfettered or arbitrary power of executive intervention, but a carefully structured mechanism operating at distinct stages.

At the first stage, under Clause 44(1), the Minister is empowered to call for returns, accounts and other information, a requirement which is not uncommon in legislation governing statutory bodies.

At the second stage, under Clause 44(2), where credible information of corruption, fraud, financial irregularity or similar impropriety is received, the Minister is confined to directing the Auditor-General to conduct an audit or referring the matter to the relevant law enforcement or other competent authority.

Neither course of action, at this stage, entails any power to remove or suspend a Director or the Board. It is only at the subsequent stage, contemplated by Clauses 44(3) to 44(5), that the possibility of further intervention arises, and even then, the exercise of such power is subject to stringent statutory safeguards.

In particular, the Minister may invoke the latter provisions only upon the existence of a complaint or credible information and where there are reasonable grounds to believe that a matter warranting intervention has arisen. The requirement of reasonable grounds imports an objective standard, the satisfaction of which is amenable to judicial scrutiny.

Further, the circumstances in which such intervention may be contemplated are specifically identified in the Bill and relate to matters affecting the integrity of the sport, corruption, financial mismanagement or irregularity, serious breaches of fiduciary duty, malpractice, or other conduct prejudicial to the proper governance, administration or financial management of Sri Lanka Cricket.

The Bill does not, however, permit the Minister to proceed directly to the exercise of remedial powers upon the formation of his own opinion. Clause 44(3) requires a preliminary investigation to be undertaken by a committee comprising three competent persons, followed, under Clause 44(4), by a formal inquiry conducted by a retired Judge of the Supreme Court. The Minister's power under Clause 44(5) is thereafter confined to taking action "pursuant to or in accordance with the recommendations, findings or determinations" contained in the relevant report.

Thus, the statutory scheme does not contemplate the Minister acting upon his own subjective assessment or independently determining the merits of the allegations. Moreover, where a vacancy arises as a consequence of such action, it must be filled "in accordance with this Act". The Minister is consequently not empowered to appoint persons of his own choosing or to constitute an interim committee outside the procedure prescribed by the Bill. These limitations, when considered cumulatively, substantially circumscribe the scope for arbitrary or capricious exercise of the power.

Nor do we consider that Clause 44 displaces or renders otiose the procedure for removal of an individual Director prescribed by Clause 12. The two provisions address distinct circumstances.

Clause 12 provides an internal disciplinary mechanism for the removal of an individual Director found guilty of misconduct by the Disciplinary and Disputes Committee.

Clause 44, on the other hand, addresses a different and more exceptional situation, namely, one in which the governance and regulatory mechanisms within Sri Lanka Cricket may themselves have failed. It is not difficult to envisage circumstances in which allegations of serious wrongdoing implicate the Board as a whole, or such a substantial part of it, that the expectation that the Board would take effective action against itself would be neither realistic nor reasonable.

In such circumstances, an external mechanism, subject to appropriate procedural and institutional safeguards, may be necessary to protect the integrity of the sport and ensure the proper governance of the institution. The existence of an internal disciplinary procedure cannot, by itself, preclude the legislature from providing for such a safeguard of last resort.

A further matter requiring consideration is the power conferred upon the Minister by Clause 44(5) to take action on the basis of a report of the Auditor-General referred to in Clause 44(2)(a). We do not consider that this provision, in itself, renders the statutory scheme arbitrary.

The Auditor-General is an independent constitutional office established under Article 153 of the Constitution and is entrusted with the audit of Sri Lanka Cricket under Article 154, read with Clause 37(3) of the Bill. An audit report is the product of a formal audit process, undertaken by a constitutionally independent authority, in which the audited institution

would ordinarily have an opportunity to respond to matters arising in the course of the audit.

Significantly, even in such circumstances, the Minister is empowered to act only "pursuant to or in accordance with" the findings and recommendations contained in the report, and not upon an independent or subjective assessment of his own. We must also bear in mind that any decision to remove or suspend a Director is subject to the requirements of natural justice and, like any other exercise of statutory power, remains amenable to judicial review. The existence of these procedural and judicial safeguards is a material consideration in assessing the constitutional validity of the power conferred by Clause 44.

Taken as a whole, Clause 44 establishes a graduated mechanism for intervention, rather than conferring upon the Minister an unrestricted power to assume control of Sri Lanka Cricket. Its provisions prescribe the circumstances in which intervention may be initiated, the investigative and inquiry procedures which must precede such intervention, the basis upon which the Minister may act, and the procedure by which any resulting vacancies are to be filled.

The question, therefore, is not whether the Minister has been conferred a power of intervention, but whether that power, having regard to its statutory limitations and safeguards, is of such a nature as to undermine the institutional autonomy of Sri Lanka Cricket or offend the constitutional guarantee of equality. In our view, the mere existence of the power, without more, does not warrant such a conclusion.

In considering the Petitioners' contention that Clause 44 confers excessive powers upon the Minister and thereby undermines the autonomy of Sri Lanka Cricket, an important aspect of the existing legislative framework appears to have been overlooked.

Under the existing provisions of the Sports Law, the Minister is vested with the power, under Section 32, to suspend the registration of the national sports body and, under Section 33, to appoint a body to assume the management of such body. These powers have been exercised on several occasions, most recently in April 2026.

Significantly, Clause 41 of the Bill expressly provides that, upon the Bill becoming law, the provisions of the Sports Law shall cease to have effect in relation to cricket. Consequently, the Minister would no longer be entitled, in respect of Sri Lanka Cricket, to exercise the broad powers of suspending its registration or appointing an interim body of his own choosing to assume its management.

Those powers under the Sports Law are thereby supplanted by the more confined and procedurally regulated mechanism prescribed by Clause 44. The effect of the proposed legislation must therefore be assessed not merely by reference to the powers conferred by Clause 44 in isolation, but also in the context of the powers which it removes. Viewed in that light, we are of the view that the Bill does not enlarge the scope of executive intervention in the affairs of Sri Lanka Cricket; rather, it substantially circumscribes the powers hitherto exercisable by the Minister and subjects any intervention to a defined statutory procedure and safeguards.

Before parting with this part of our determination, we wish to refer to page 3 of "Regulations related to Independence for Member Boards", issued by the ICC which was emailed to all members on 11.11.2011 which reads as follows:

> *"naturally, a government (or any office thereof) would also not be prevented from investigating the affairs of a Member Board in order to ascertain whether any criminal offense has been committed including fraud, dereliction of directors' duties (including fiduciary duties) or contravention of any relevant legislation. Similarly, there may be circumstances where a government (or any ministry thereof) rightfully seeks to intervene in the event that a Member Board is dysfunctional. The ICC Governance Review Committee believes that this is a question of accountability, and not interference."*

In this context, we wish to refer to the point made by Mr. Jayawardena, P.C., about glaring acts of financial and administrative mismanagement within the SLC as more fully set out in the Special Audit Report made in 2019 by the National Audit Office.

(8) Breach of ICC Regulations

The Petitioners contend that the provisions of the Bill would place Sri Lanka Cricket in breach of the autonomous-governance requirements of the ICC.

We are exercising the constitutional jurisdiction vested on the Court which requires us to consider only whether the Bill or any of its provisions are inconsistent with the Constitution. The requirements of the ICC may, of course, be relevant in considering the nature and extent of the autonomy required to be maintained by Sri Lanka Cricket, but such requirements cannot, without more, constitute an independent test of constitutional validity.

Nevertheless, we observe that none of the Petitioners has identified any specific provision of the Articles of Association, regulations or other governing instruments of the ICC which is alleged to be contravened by the Bill. Nor has reference been made to any decision of the ICC or any communication emanating from it in support of this contention. The allegation, therefore, remains unsubstantiated by reference to any particular obligation binding upon Sri Lanka Cricket, and the precise basis upon which the alleged inconsistency is founded has not been demonstrated.

It is also pertinent to observe that the Bill, far from contemplating a departure from the obligations arising out of SLC's membership of the ICC, expressly incorporates compliance with such obligations among its statutory objectives. Clause 3(a) identifies as an object of Sri Lanka Cricket the giving effect to its membership obligations, governance requirements and decisions of the ICC and the ACC. Clause 4(1)(c) requires the maintenance of its affiliation with the ICC, whilst Clause 4(1)(d) requires Sri Lanka Cricket to maintain its autonomy in a manner that does not prejudice such affiliation. These provisions must be read together and given due effect. It would, therefore, be difficult to attribute to the legislature an intention to bring about a breach of the very obligations which the Bill expressly requires Sri Lanka Cricket to observe.

The Petitioners' objection appears to be founded principally upon the provisions which envisage a measure of State involvement in the affairs of Sri Lanka Cricket, particularly Clauses 22(1)(d), 22(1)(g), 28 and 44. The import of the provisions does not establish State involvement. On the contrary, as pointed out above, Bill substantially circumscribes the powers hitherto exercisable by the Minister and subjects any intervention to a defined statutory procedure and safeguards.

The learned ASG submitted that the experience of Pakistan also provides a relevant comparative perspective in considering the relationship between State involvement in the governance of cricket and continued membership of the ICC. The material placed before Court indicates that the legal and institutional framework governing sports in Pakistan contemplates a considerably greater degree of governmental involvement. In particular:

> (a) Sections 3 and 4 of the Sports (Development and Control) Ordinance, 1962 of Pakistan empower the Central Government to constitute sports boards by notification and to determine their names, constitutions, powers and functions. The Pakistan Cricket Board is constituted under the same Ordinance.
>
> (b) The Constitution of the Pakistan Sports Board (S.R.O. 174(I)/2022), made under the aforesaid Ordinance, provides, inter alia, for the Prime Minister to function as Patron with the power to issue policy directions to the Board (paragraph 4); for the Minister to function as President and the Secretary of the Ministry as Vice President (paragraph 5(1)); and for the Patron, in his exclusive discretion, to direct a special audit, the report of which is submitted to him (paragraph 19(5)). Paragraph 21(2)(iii) further contemplates the withdrawal of affiliation where, in the judgment of the Government of Pakistan or the Board, a federation is not functioning in the best interests of the sport. Although paragraph 7(1)(ii) excludes cricket from the direct application of that instrument, the provisions demonstrate the degree of governmental involvement contemplated within the broader statutory framework under which the Pakistan Cricket Board is constituted.
>
> (c) More particularly, under the Constitution of the Pakistan Cricket Board, the Prime Minister, in his capacity as Patron, is empowered to nominate two members to the Board of Governors. It is also stated that the Chairman of the Pakistan Cricket Board has, on several occasions, been selected from among such nominees. Further, the Constitution confers upon the Prime Minister the power to issue special and general directions to the Board, which the Board is required to comply with.
>
> (d) Notwithstanding the foregoing features of its governance structure, Pakistan continues to enjoy Full Member status of the ICC.

When the provisions of the Bill are considered in their entirety, we are unable to accept the contention that they necessarily place Sri Lanka Cricket in breach of the autonomous-governance requirements of the ICC. Accordingly, this ground of challenge cannot be sustained.

(9) Undue powers and privileges are created for the present Interim Administration in the future governance of Sri Lanka Cricket.

The allegation that the Bill confers, or perpetuates, undue powers in favour of the incumbent interim administration is overstated. The Incumbent Board, namely, the Sri Lanka Cricket Transformation Committee, is not a creation of the Bill. It derives its authority from an appointment made by the Minister under Section 33 of the existing Sports Law. Far from extending the tenure of that administration, the Bill expressly

provides for its cessation upon the constitution of the First Board in accordance with the provisions thereof.

The functions assigned to the Incumbent Board under the Bill are expressly transitional and subject to definite statutory timelines. In particular:

(a) the Nominations Committee is required to call for applications for the appointment of Independent Directors within forty-five days of the Act coming into operation (Clause 9(1)), and to select and nominate such Directors within one hundred and eighty days (Clause 9(2));

(b) the Incumbent Board is required to facilitate the election of the Elected Directors at the first general meeting, which too must take place within the stipulated period of one hundred and eighty days (Clause 9(4));

(c) the Incumbent Board has no discretion in determining the persons to be appointed as Independent Directors, but is bound to appoint the persons nominated by the independent Nominations Committee (Clause 9(3)); and

(d) the authority and powers of the Incumbent Board cease upon the commencement of the term of office of the First Board (Clause 47(3), read with Clause 9(5)).

We therefore find it difficult to discern any basis for the contention that the Bill seeks to perpetuate the authority of the Incumbent Board or to confer upon its members any continuing role in the future governance of Sri Lanka Cricket. Significantly, no provision of the Bill reserves any seat, office or position in the First Board, or in any subsequent governing structure, for a member of the Incumbent Board.

The rules which the Incumbent Board is empowered to make under Clause 47(4) must also be considered in their proper statutory context. They are, by their express terms, transitional in nature, intended to operate only until the First Board of Sri Lanka Cricket is appointed. Subject to the exception relating to the tournament structure, such rules remain amenable to amendment by the First Board in the ordinary exercise of its powers under Clause 45. It would therefore be erroneous to regard the authority to make such transitional rules as conferring upon the Incumbent Board any enduring control over the governance of Sri Lanka Cricket.

The only power conferred upon the Incumbent Board which may have consequences extending beyond the transitional period is the power to determine the initial tournament structure, in terms of Clause 35(2), read with Clause 47(4)(c). Even that power, however, does not warrant the inference that the Incumbent Board is being vested with an unreviewable or perpetual authority in that regard.

First, the tournament structure so determined constitutes a rule made under the authority of the Act by a statutory body and is, accordingly, subject to challenge before the courts in accordance with the law. Secondly, it is pertinent to observe that the tournament structure presently in operation has not been challenged before this Court. Thirdly, and perhaps more importantly, the Bill itself provides a mechanism by which the tournament structure may be amended. Such amendment requires the approval of not less than two-thirds of the Directors, including four Independent Directors and the Chairperson, followed by the approval of a two-thirds majority of the voting members present and voting at a special general meeting (Clause 35(3)).

In these circumstances, the statutory structure does not support the contention that the Bill confers upon the Incumbent Board powers of a permanent or uncontrolled character. On the contrary, the provisions demonstrate that its authority is confined to facilitating the transition to the First Board, subject to prescribed timelines, defined functions and an express cessation of its powers. The limited authority relating to the initial tournament structure is itself subject to judicial scrutiny and a prescribed statutory mechanism for amendment.

(10) Indirectly removing Sri Lanka Cricket from the governance of other laws such as the prevalent Anti-Corruption Act No. 9 of 2023 and the Sports Law.

It was submitted that although one of the objectives of the Bill is to address corruption, Sri Lanka Cricket is not brought within the Anti-Corruption Act No. 9 of 2023.

This contention is misconceived in law. The Anti-Corruption Act applies to both the public and private sector. By way of illustration, Section 106 applies to the private sector.

In any event, we observe that a Committee Stage Amendment has been introduced specifically dealing with this issue.

We shall now address other grounds on which some of the Petitioners have sought to impugn the provisions of the Bill.

Clause 7

This enumerates the disqualifications for being appointed or elected as an Independent Director or Elected Director of the Board. Clause 7(l) includes persons who provided financial services relating to the sport of cricket but does not include persons who provided other professional services to cricket. This is arbitrary and infringes Article 12(1) of the Constitution and could be validly passed only with the special majority provided for in Article 84(2) of the Constitution.

The learned ASG submitted that the following Committee Stage Amendment will be moved to Clause 7:

Page 13, Clause 7 : delete lines 6 and 7 and substitute the following:-

"schools, is involved in providing financial services relating to the sport of cricket, or has provided professional services to Sri Lanka Cricket.".

We are of the view that proposed amendment will result in Clause 7 of the Bill ceasing to be inconsistent with Article 12(1) of the Constitution.

Clause 8(6)

This disqualifies any person who has been elected as a member of an Executive Committee of SLC or its predecessor from being appointed as an Independent Director of Sri Lanka Cricket. Mr. Navaratne, P.C., submitted that this specifically targets members of the predecessor body and therefore infringes Article 12(1).

However, this contention overlooks the fact that the disqualification applies to all persons who held such offices from the time a National Association for cricket was registered under the Sports Law as well as all persons who are in the future elected as an Elected Director of Sri Lanka Cricket.

We hold that there is no infringement of Article 12(1).

The Determination of the Court

The determination of the Court as to the constitutionality of the Bill titled "Sri Lanka Cricket Bill" is as follows:

1. Clause 29 of the Bill infringes Article 14(1)(c) of the Constitution and could be validly passed only with the special majority provided for in Article 84(2) of the Constitution.

   The inconsistency will cease and the Bill may be passed by a simple majority of Parliament upon the following Committee Stage Amendment being made:

   page 30, Clause 29 :(1) delete lines 1 to 5 (both inclusive) and substitute the following:-

   "the coming into operation of this Act, shall be a general member of Sri Lanka Cricket and such member may within a period of thirty days of coming into operation of this Act, apply for registration under such category of membership as set out in the Schedule hereto in the manner specified by the rules."

2. Clause 7(l) of the Bill infringes Article 12(1) of the Constitution and could be validly passed only with the special majority provided for in Article 84(2) of the Constitution.

   The inconsistency will cease and the Bill may be passed by a simple majority of Parliament upon the following Committee Stage Amendment being made:

   Page 13, Clause 7 : delete lines 6 and 7 and substitute the following:-

   "schools, is involved in providing financial services relating to the sport of cricket, or has provided professional services to Sri Lanka Cricket.".

Subject to above, none of the other provisions in the Bill are inconsistent with any provision in the Constitution. Other than the Committee Stage Amendments which are specifically referred to in this Determination, we have not considered the constitutionality of any other Committee Stage Amendment.

We wish to place on record our deep appreciation of the assistance given by all the learned President's Counsel and other Counsel who appeared for the Petitioners and the Intervenient-Petitioners and the learned Additional Solicitor General who represented the Hon. Attorney General in these proceedings.

PROTECTION OF THE STATE FROM TERRORISM BILL: DETERMINATION OF THE SUPREME COURT

ගරු කථානායකතුමා
(மாண்புமிகு சபாநாயகர் அவர்கள்)
(The Hon. Speaker)

I wish to inform Parliament that I have received the Determination of the Supreme Court in respect of the Bill titled "Protection of the State from Terrorism" which was challenged in the Supreme Court in terms of the Article 121(1) of the Constitution.

The Supreme Court has determined that the Bill can be passed by simple majority of Parliament after making the following amendments at the Committee Stage (three of them were already undertaken by the learned Additional Solicitor General) - :

- Clause 26(2) to be amended by inserting the phrase "on the application of such police officer." With the above insertion, Clause 26(2) must read as follows:

  "Upon the production of a suspect before a Magistrate under subsection (1), where the police officer conducting the investigation has reasonable grounds to believe that further extended custody of the suspect is necessary for the purpose of conducting further investigation, the Magistrate may, on the application of such police officer, for reasons to be recorded in writing, authorize such suspect to be held in police custody for a further period not exceeding twenty-four hours.";

- Clause 59(5)(b) to be amended by substituting the phrase "Court of Appeal" with the "Supreme Court" to make the judicial oversight effective;

- Removal of the Clause 60(7) from the Bill on the basis that it is superfluous; and

- Clause 66(1) to be re-framed as follows:

  "An executive Order, directive or direction issued or made under this Act may be questioned in proceedings under Article 126, 140 or 141 of the Constitution."

I order that the full Determination of the Supreme Court be printed in the Official Report of today's Proceedings.

Before: **P. PADMAN SURASENA, CJ.**
ACHALA WENGAPPULI, J.
SAMPATH B. ABAYAKOON, J.

The Bench assembled for hearing the petitions on 20-10-2026 and 21-10-2026.

The Bill titled "Protection of the State from Terrorism" (hereinafter sometimes referred to as the Bill or the PST Bill) was published in the Gazette on 18-09-2026 and was placed on the Order Paper of Parliament on 06-10-2026.

The above-mentioned Petitioners have filed the above numbered Petitions in the Registry of the Supreme Court invoking the jurisdiction vested in this Court by virtue of Article 120 read with Article 121 (1) of the Constitution, in respect of the aforementioned Bill. The Petitioners have prayed for a determination that some of the Clauses of the Bill and the Bill in its totality is inconsistent with the provisions of the Constitution including some of the provisions mentioned in Article 83 and therefore cannot be enacted into law, unless the number of votes cast in favour thereof amounts to not less than two-thirds of the whole number of Members of Parliament (including those not present), and is approved by the People at a Referendum.

The Petitioners have filed the aforementioned Petitions in the Registry of the Supreme Court during the period 06-10-2026 to 19-10-2026. Upon receipt of the said petitions, Court issued notices on the Hon. Attorney General as required by Article 134 (1) of the Constitution. The learned Additional Solicitor General who appeared for the Hon. Attorney General confirmed that the copies of the Petitions of all the above-mentioned cases other than the Petition in SC/SD/170/2026 have been delivered to the Speaker, as per the requirement in Article 121(1).

Court commenced the hearing on 20-10-2026 and concluded it on 21-10-2026.

Failure of the Petitioner in SC/SD/170/2026 to comply with the provisions of Article 121(3)

Article 121(3) requires that a copy of each petition filed in terms of Article 121(3) challenging the Constitutionality of a bill shall at the same time be delivered to the Hon. Speaker. The Hon. Attorney General has tendered the letter dated 21st October 2026 submitted by the Secretary General of Parliament which confirms that the Hon. Speaker of Parliament has not received copies of the Petition in SC/SD/170/2026.

In the **Sri Lanka Telecommunications Bill**,[1] this Court, having considered the submission of the learned Counsel for the petitioner that compliance with the requirements of Article 121(1) is directory and not mandatory, stated as follows:

> "This purpose of the Article cannot be achieved unless the provisions designed to secure such result are regarded as mandatory. The Article also provides for the suspension of the ordinary legislative powers of Parliament for a period of 3 weeks when a Bill is referred to the Supreme Court for its adjudication – Article

[1] Decisions of the Supreme Court on Parliamentary Bills (1991-2003), Volume VII, 23 at page 25.

121(2). The aims of the Article will be defeated unless its scope is wide enough to prevent Parliament from debating or proceeding with the Bill whilst the Supreme Court is engaged in deliberating its constitutionality. This provision which requires Parliament to be informed that the Bill is before the Supreme Court – Article 121(1) must be regarded as mandatory."

This Court has consistently taken this approach in many cases: vide **Homoeopathy Bill**,[2] and in the **Poisons, Opium and Dangerous Drugs (Amendment) Bill**[3] Accordingly, Court decided to reject in limine, the Petition in SC/SD/170/2026 for non-compliance with the mandatory procedure stipulated in Article 121 (1) of the Constitution since the Petitioner in SC/SD/170/2026 has failed to deliver a copy of his Petition to the Hon. Speaker at the same time he has filed the Petition in that case.

Clause 3

All the Petitioners challenged Clause 3 of the Bill which has defined the Offence of Terrorism. Therefore, let us reproduce below Clause 3 of the Bill in its entirety:

(1) Any person who, intentionally or knowingly, commits any act which causes a consequence specified in subsection (2), with the purpose of-

(a) provoking a state of terror in the public or a group of persons; or

(b) unduly compelling a government or an international organisation, to do or to abstain from doing any act,

in order to advance a political or ideological objective, commits the offence of terrorism.

(2) A consequence referred to in subsection (1) shall be

(a) death of a person;

(b) grievous hurt;

(c) hostage taking;

(d) serious damage to any place of public use, any public property, any public or private transportation system or any infrastructure facility, which causes a likelihood of danger to life or substantial economic loss;

(e) serious or long-term damage to the environment, which causes a likelihood of danger to life or substantial economic loss;

(f) serious risk to the health and safety of the public or a section of the public, which causes a likelihood of danger to life or substantial economic loss;

(g) disablement, destruction of, extensive damage to, or interference with any electronic or automated or computerised system or network, including critical information infrastructure or cyber environment of domains assigned to, or websites registered with such domains assigned to Sri Lanka, which causes a likelihood of danger to life or substantial economic loss;

(h) destruction to tangible cultural property, which causes a likelihood of danger to life or substantial economic loss or serious loss of cultural heritage of national or international significance;

(i) extensive obstruction or damage to, or interference with any electronic, analogue, digital or other wire-linked or wireless transmission system, including signal transmission and any other frequency-based transmission system, which causes a likelihood of danger to life or substantial economic loss; or

(j) an act which constitutes an offence under the relevant enactment, within the scope of or within the definition of any of the Treaties specified in the First Schedule.

(3) For the purpose of subsection (2)

"hostage taking" means the seizure or detention of a person, accompanied by a threat to kill, injure, or continue to detain that person; and "place of public use" includes any highway and any other premises or place to which at the material time the public has or is permitted to have access, whether as of right or otherwise.

(4) The fact that a person –

(a) engages in any protest, advocacy or dissent or engages in any strike, lockout or other industrial action; or

(b) engages in the provision of humanitarian and medical activities by humanitarian organisations in accordance with written law,

is not by itself a sufficient basis for inferring that such person-

(i) commits or attempts, abets, conspires, or prepares to commit any act with the intention or knowledge as specified in subsection (1); or

(ii) intends to cause or knowingly causes an outcome specified in subsection (2).

The primary submission made by the Petitioners with regard to Clause 3 of the Bill is the complaint that it is so over broad and vague. The Petitioners sought to argue that it therefore has a cascading effect across the Bill as a whole.

The Petitioners also sought to argue that Clause 3 of the Bill is inconsistent with Article 14(1) of the Constitution which asserts the entitlement of the people of their fundamental right to freedom of speech, assembly, association, occupation, movement etc. It is the submission of the Petitioners that since the Sovereignty of people includes their fundamental rights as per Article 3 of the Constitution and since Article 14(1) of the Constitution is an Article which has set out one of the fundamental rights of the people, Clause 3 of the Bill is inconsistent with Article 3 of the Constitution.

Many Petitioners submitted that any trade union action, strike and protest generally engaged in, by members of various trade unions, political parties or any other group of persons gathered to protest against some action taken or proposed to be taken by the government could be encompassed within the definition of Clause 3 of the Bill. Petitioners sought to argue that such protests could be considered as acts done to 'unduly compel a government or an international organisation, to do or to abstain from doing any act.'

However, we observe that the Petitioners have made this submission because they have read only one or two individual limbs in isolation without reading Clause 3 as a whole (inclusive of all its limbs).

We observe that the following ingredients are necessary to constitute the offence of terrorism as per Clause 3 of the Bill. They are as follows:

(i) Commission of an act (actus reus of the Offence);
   I. The consequences of the act committed must be one of those specified;
   II. The doer must have committed the act for one of the two purposes specified in Clause 3(1) of the Bill;
(ii) the doer must have had the requisite intention or knowledge (mens rea of the Offence);

Thus, a person who merely engages himself in a peaceful protest i.e., a person who does not have any intention or knowledge to commit any act which causes a consequence specified in Section 3 (2), for one of the purposes specified in Clause 3(1) cannot by any yardstick be categorized as a person having committed the offence of terrorism according to the definition in Clause 3 of the Bill.

The definition of terrorism meets international standards

Another submission made before us by the Petitioners is that the definition of the offence of terrorism contained in Clause 3 of the Bill is not in accordance with the international standards.

We observe that the Special Rapporteur of the Human Rights Council of the United Nations General Assembly in its sixty first session on the promotion and protection of human rights and fundamental freedoms while countering terrorism, has recommended the following definition as the Special Rapporteur's revised model definition of terrorism:

> **III. Recommendations**
>
> 68. The Special Rapporteur's revised model definition of terrorism, which should be interpreted in the light of the discussion above, is as follows:
>
> 1. Any person commits a terrorist offence if that person, by any serious criminal act, intentionally causes death, serious bodily injury, or hostage-taking, where:
>
> (a) The purpose of the conduct, by its nature or context, is:
>
> (i) To provoke a state of terror in the public or a group of persons; or
>
> (ii) To unduly compel a Government or an international organization to do or to abstain from doing any act;
>
> (b) The conduct is intended to advance a political or ideological purpose, which must be a substantial purpose; and
>
> (c) The conduct, given its nature or context, intentionally causes serious damage to a country or an international organization.
>
> 2. A terrorist offence does not include:
>
> (a) An act of advocacy, protest, dissent or industrial action that does not intentionally cause death or serious bodily injury;
>
> (b) Conduct committed in armed conflict that does not violate international humanitarian law;
>
> (c) The provision of humanitarian activities by impartial humanitarian organizations in accordance with international humanitarian law;
>
> (d) The activities of State military forces in the exercise of their official duties, inasmuch as they are in accordance with international law; and
>
> (e) An act intended to establish or re-establish democracy, constitutional Government or the rule of law, or to exercise or safeguard human rights
>
> 69. The Special Rapporteur does not recommend including acts endangering life or harm to property in an international definition. However, since these are already included in many national laws, regional instruments and the draft comprehensive convention, if such offences are retained, to prevent their abuse in practice it is recommended to limit them as per the following sample physical conduct elements. The specific intent, motive, and context elements in paragraph 68 (1) (a)–(c) above would also apply.
>
> Any person commits a terrorist offence if that person, by any serious criminal act, intentionally causes
>
> - A high likelihood of danger to life
> - Extensive destruction of public places, public transport, public property, State facilities, or other critical infrastructure, which intentionally causes a high likelihood of danger to life or major economic loss
> - Extensive destruction to tangible cultural property, which intentionally causes a high likelihood of danger to life, major economic loss, or serious loss of cultural heritage of national or international significance
> - Disablement, extensive damage or destruction of, or serious interference with, an electronic system, which intentionally causes a high likelihood of danger to life or major economic loss
> - Severe and widespread, or long-term, damage to the environment, which intentionally causes a high likelihood of danger to life or major economic loss.[4]

Having regard to the above revised model definition of terrorism recommended by the afore-said Special Rapporteur, we are unable to see how the definition of the offence of terrorism contained in Clause 3 of the Bill is not in accordance with the international standards.

Additionally, we would set out below, the definitions to terrorism adopted by New Zealand and Australia.

New Zealand Definition of Terrorism as mentioned in Section 5 of the Terrorism Suppression Act, 2002 is as follows:

> (1) An act is a terrorist act for the purposes of this Act if-
>
> (a) the act falls within subsection (2); or
>
> (b) the act is an act against a specified terrorism convention (as defined in section 4(1); or;
>
> (c) the act is a terrorist act in armed conflict (as defined in section 4(1);
>
> (2) An act falls within this subsection if it is intended to cause, in any 1 or more countries, 1 or more of the outcomes specified in subsection (3), and is carried out for 1 or more purposes that are or include advancing an ideological, political, or religious cause, and with the following intention:
>
> (a) to intimidate a population; or
>
> (b) to coerce or to force a government or an international organisation to do or abstain from doing any act.
>
> (3) The outcomes referred to in subsection (2) are-
>
> (a) the death of, or other serious bodily injury to, 1 or more persons (other than a person carrying out the act):
>
> (b) a serious risk to the health or safety of a population:
>
> (c) a destruction of, or serious damage to, property of great value or importance, or major economic loss, or major environmental damage, if likely to result in 1 or more outcomes specified in paragraphs (a), (b), and (d):
>
> (d) serious interference with, or serious disruption to, critical infrastructure, if likely to endanger human life:
>
> (e) introduction or release of a disease-bearing organism, if likely to cause major damage to the national economy of a country.
>
> (4) However, an act does not fall within subsection (2) if it occurs in a situation of armed conflict and is, at the time and in the place that it occurs, in accordance with rules of international law applicable to the conflict.
>
> (5) To avoid doubt, the fact that a person engages in any protest, advocacy, or dissent, or engages in any strike, lockout, or other industrial action, is not, by itself, a sufficient basis for inferring that the person-
>
> (a) is carrying out an act for a purpose, or with an intention, specified in subsection (2); or

[4] A/HRC/61/52 08 January 2026.

(b) intends to cause an outcome specified in subsection (3).

Australian Definition of Terrorism as mentioned in Criminal Code Act 100.1 is as follows:

(1) Terrorist act means an action or threat of action where:

(a) the action falls within subsection (2) and does not fall within subsection (3); and

(b) the action is done or the threat is made with the intention of advancing a political, religious or ideological cause; and

(c) the action is done or the threat is made with the intention of:

(i) coercing, or influencing by intimidation, the government of the Commonwealth or a State, Territory or foreign country, or of part of a State, Territory or foreign country; or

(ii) intimidating the public or a section of the public.

Elements of the definition of terrorist act

(2) Action falls within this subsection if it:

(a) causes serious harm that is physical harm to a person; or

(b) causes serious damage to property; or

(c) causes a person's death; or

(d) endangers a person's life, other than the life of the person taking the action; or

(e) creates a serious risk to the health or safety of the public or a section of the public; or

(f) seriously interferes with, seriously disrupts, or destroys, an electronic system including, but not limited to:

(i) an information system; or

(ii) a telecommunications system; or

(iii) a financial system; or

(iv) a system used for the delivery of essential government services; or

(v) a system used for, or by, an essential public utility; or

(vi) a system used for, or by, a transport system.

(3) Action falls within this subsection if it:

(a) is advocacy, protest, dissent or industrial action; and

(b) is not intended:

(i) to cause serious harm that is physical harm to a person; or

(ii) to cause a person's death; or

(iii) to endanger the life of a person, other than the person taking the action; or

(iv) to create a serious risk to the health or safety of the public or a section of the public.

The above definitions of terrorism from New Zealand and Australia also show us that the offence of terrorism contained in Clause 3 of the Bill is not a definition that Sri Lanka has arbitrarily adopted for ulterior motives. We further observe that it is the same words and phrases (such as 'serious risk', 'serious damage', 'serious interference') that those countries also have used in defining the terrorism in their respective legislations. Thus, the contentions of the Petitioners that the definition of the offence provided for in Clause 3 is over broad and vague and lacks international standard are contentions without merit. Those contentions do not stand to reason.

Moreover, it was Sri Lanka's own experience that terrorists have many a time attacked State property and infrastructure, to cripple the State economically and financially, rather than focusing on causing death, serious bodily injury or hostage taking. Attacks on Katunayake Airport, Sapugaskanda Oil Refinery Facility, attempt to launch an attack on the harbour are some of them. We cannot disregard those factual positions because the destructions of such magnitude are capable of immediately crippling the government which would directly affect the security and wellbeing of the general citizenry of the country.

This Court proceeded to highlight the effect of economic downturn on the People in the case of Dr. Athulasiri Samarakoon and Others v. Ranil Wickremasinghe, Minister of Finance,[5] in the following terms:

> "In deciding this issue, we are of the view that the respondents ought to have known the factual situation that prevailed when they assumed public office and they should have fashioned their acts and efforts to ensure that the situation is not further aggravated but resolved. On assumption of public office, it was their duty to ensure that the existing issues were addressed and resolved in the best interest of the country and take every possible measure to avoid an aggravation to the detriment of the people.
>
> ...
>
> It is common grounds that the country's economy deteriorated not overnight but over a period of time under consideration in the matters before us. It was evident from the material placed before us that the Gross Official Reserves and the Reserves of the Central Bank were depleted and had reached unprecedented low levels, creating a situation of which the effects were devastating on the entire citizenry without exception. The severe hardships the people had to suffer due to scarcities in essentials such as fuel, gas and medicines coupled with long hours of power shortages brought the lives of people to a standstill and the suffering the public had to undergo was undoubtedly immeasurable.
>
> The respondents holding high public offices bestowed with powers bear a direct Impact on the lives of the people, we presume, were alive to the Direct Principles of State Policy and Fundamental Duties. They were duty bound to discharge in the manner spent out in the directive principles in our Constitution."

The Petitioners submitted many phrases found in clause 3 of the bill as examples of vagueness. These phrases include the following: "Hostage taking", "Provoking a state of terror"; "Unduly compelling"; "A group of persons"; "Intentionally or knowingly"; "In order to advance a political or ideological objective"; "Substantial economic loss".

However, we observe that New Zealand in its definition of terrorism also has used phrases such as "serious risk to the health or safety of a population", "destruction of, or serious damage to, property of great value or importance", "major economic loss" "major environmental damage", "serious disruption to, critical infrastructure".

Australia also has used phrases such as "serious harm, serious damage to property, seriously disrupts or destroy" in its definition of terrorism.

We observe that even routinely used other laws such as the Penal Code have not gone to the extent of itemizing all possible acts that a person would possibly commit. This is because no-one can be certain as to how such person would choose to commit such act in the future. What is criminalized by law generally is a wider act with specific ingredients. The specific particular act that an accused may have committed is only specified in the charge when such person is prosecuted. The offence of terrorism on the other hand involves situations where a person acts in furtherance of his terrorist related objectives the modus operandi of which is difficult to predict. Furthermore, the

[5] SC FR/195 and SC FR 212/2023, SC Minutes of 2023-11-14 at page 115.

Petitioners although criticized Clause 3 of the Bill as being vague, do not propose any alternative way to replace it to remove the complained alleged vagueness.

In the above circumstances we are unable to accept the argument of the Petitioners that the definition of terrorism in Clause 3 of the Bill is vague.

Clause 3(4) of the Bill

The Petitioners further sought to argue that the effect of the carving out in Clause 3(4) of the Bill would render persons who engage in any protests, strikes, lockouts or other industrial actions as well as the persons who engage in the provision of humanitarian and medical activities through lawfully established humanitarian organisations would become liable for prosecutions as such persons too could be taken as having committed an act of terrorism under this definition.

Some of the Petitioners cited below examples as some of such trade union actions:

- a strike by health sector workers seeking to compel the government to increase their salary or withdraw a policy decision which disrupts hospital services could be said to cause "serious risk to the health and safety of the public or section of the public which causes the likelihood of danger to life" and hence could 3(2)(f) as it contains a clause "unduly compelling a government" [Clause 3(1)(b)] in order to advance a political objective.

- workers at a state broadcasting or telecommunications institution who engages themselves in a trade union action in protesting against the government could be said to cause "extensive obstruction… or interference with any … transmission system… which causes …. substantial economic loss" [Clause 3(2)(I)] or "interference with any… computerized system or network" [Clause 3(2)(g)] read with Clause 3(1)(b).

In 2024 the Parliament sought to enact the Bill titled "Anti terrorism" which was challenged by some persons in this Court. In the course of that Determination this Court held that (Para 218 of AG's W/S) the definition in Clause 3 of the 'Anti Terrorism Bill' is inconsistent with Article 12(1) of the Constitution and thus requires a special majority. In the same Determination, this Court also held that the afore-said inconsistency would cease to exist if the amendments suggested therein are adopted (vide 70-71). This suggested amendment includes the carve out which the Government has now adopted in Clause 3(4) of the PST Bill.[6] The above reflects clearly that the carving out in Clause 3(4) of the PST Bill cannot now be said to be inconsistent with the provisions of the Constitution. Therefore, we are unable to agree with the above submission of the Petitioners with regard to Clause 3(4) of the Bill.

Argument that the Bill as a whole is inconsistent with the Constitution

The Petitioners have also challenged some other Clauses in the PST Bill. We think it would be pertinent to mention at this juncture the legislative history and the background in which the Government has now sought to enact this Bill. This is because this Court is obliged to consider the PST Bill in the context of its legislative history. It was the submission of the learned Additional Solicitor General that 'determinations', 'judgments', 'opinions' of the Supreme Court are the same and therefore shall have effect as Court's precedences. He relied on the judgment in Bandaranaike v. Attorney General.[7] Moreover, in Bulathsinhala Arachchige Indrani Mallika vs. Bulathsinhala Arachchige Siriwardane and Others,[8] Samayawardhena J. who considered the binding effect of the previous determinations/judgments/conclusions etc. of this Court in line with the doctrine of stare decisis also has observed as follows:

> "This doctrine is not a rule of statute but a concomitant of judicial comity. The main object of stare decisis is to ensure the uniformity, consistency, certainty and predictability of the law. Let the law be stable rather than perfect is the rationale of this doctrine. It is conceded that one of the hallmarks of any good decision-making process is consistency. If the law is uncertain, people will find it difficult to conduct their day-to-day affairs: they enter into agreements, purchase properties etc. predicting fixed legal consequences. If a decision on identical facts is to change from one division of the Court to another, not only individuals but the whole system will suffer."[9]

The first piece of law enacted with a view to fight terrorist acts by Parliament was the Proscribing of Liberation Tigers of Tamil Eelam and Other Similar Organizations Law No. 16 of 1978 which directly and specifically dealt with terrorism. However, subsequently, Section 30 of the Prevention of Terrorism Act No. 48 of 1979 (PTA) repealed the afore-mentioned Law No. 16 of 1978. We observe that subsequent to the reference to the Supreme Court by the President under Article 122(1)(b) of the Constitution 'for determination whether the Bill or any provision thereof is or are inconsistent with the Constitution' this Court in its determination held that the 'Bill does not require the approval of the People at a referendum nor is it one within the contemplation of Article 83 of the Constitution.' After this Determination, the PTA was passed by a special majority in Parliament. We are aware that the PTA (Bill) was referred by the President with the commitment that it would be passed by a two-thirds majority in Parliament and therefore this Court was not required to consider whether the Bill was required to be passed by a two-thirds majority. The only question before this Court was whether the Bill or any provision thereof required a referendum.

We also observe that the original version of the PTA has gone through several amendments over the period of time and those Amendment Bills were challenged before this Court. Thus, the provisions in the PTA as they appear at present are provisions which do not attract the application of Article 83 of the Constitution.

The next attempt to replace the PTA was with the 'Counter Terrorism Bill'. This too was challenged before this Court. In its Determination, this Court having considered rigours of the PTA went on to hold as follows:[10]

> "Since the Prevention of Terrorism (Temporary provisions) Act No. 48 of 1979 is an existing law Court will have to consider the fact that it is consistent with the Constitution. If the existing law is consistent with the Constitution, relaxation of that law cannot violate the Constitution."

The above principle was also adopted by this Court in 'Anti-Terrorism Bill'.[11]

The following chart which contains a comparison of the contents of PTA would show that the PST Bill is a much more relaxed version of the PTA.

CLAUSE	HOW IT RELAXED THE RELEVANT PROVISION IN PTA
Preamble	The Preamble of PST Bill clearly identifies the need to balance national security with fundamental rights of people.
2	The PSTA provides for the 'application of the Act in accordance with the principles in international law which govern jurisdiction, which is especially important given that the Bill seeks to address international/transnational terrorism in addition to domestic terrorism.
3	The PSTA Bill provides for a comprehensive definition of terrorism in comparison whereas the PTA, does not contain a definition of terrorism. The PTA merely lists a series of offences to section 2(1) of the PTA.
4	The PSTA Bill does not contain a minimum mandatory sentence which is a deviation from Section 2(2) of the PTA. PST Bill has only provided for a maximum sentence which is a salutary provision to preserve judicial discretion in sentencing.
6-16	The PST Bill has defined the offences narrowly excluding those engaged in legitimate exercise of their fundamental rights.

CLAUSE	HOW IT RELAXED THE RELEVANT PROVISION IN PTA
26	A duty to produce the suspect before the Magistrate within 48 hrs of the arrest irrespective of whether a detention order has been issued or not.
52-53	Allows for the deferment and suspension of criminal proceedings.
44(3) & 56	PST Bill has done away with admissibility of confessions made to Police officers a marked deviation from the PTA.

Having regard to the improvements made in the PST Bill (only some of them have been mentioned in the chart above) we are unable to accept the submission of the Petitioners who stated that the PST Bill is in fact a "PTA plus."

The Petitioners sought to argue that the provisions of the Bill lacks the judicial oversight and lacks adequate checks and balances against abuse of the powers it has conferred on the Executive.

In the Determination with regard to the Agrarian Services (Amendment) Bill,[12] this Court held as follows:

> "There is of course the possibility that an attempt might be made to implement the Bill, after enactment, in a manner inconsistent with the Constitution. Our jurisdiction does not exceed, quia timet, to make pronouncements intended to prevent or restrain possible future violations, particularly by person or bodies other than the legislature, our jurisdiction is confined to determining whether the Bill as it stands would constitute an infringement of the Constitution."

This Court took the same approach in its Determination with regard to the Code of Criminal Procedure (Amendment) Bill,[13] and in the Determination regarding the Welfare Relief Benefits Bill.[14]

It is also important to note that this Court by majority in its Determination regarding the Twentieth Amendment to the Constitution Bill,[15] observed that "a decision on the inconsistency or consistency with a Constitutional provision cannot be based on surmise and conjecture."

In the Determination regarding the Bureau of Rehabilitation Bill,[16] this Court held:

> "In considering the application of a bill or its provisions, it is only plausible and real-world possibilities that would be entertained by this Court. The threat of potential abuse should not be based on fanciful hypotheses, and should always be guided by the perspective of the proverbial reasonable person. There should be a realistic possibility that the provisions of the Constitution would be abused through the provisions of the law."

Therefore, we agree with the submission of the learned Additional Solicitor General that the provisions of this Bill must be assessed on the safeguards actually contained in it rather than on hypotheses that the relevant officers charged with the powers under the Bill may disregard those safeguards.

Moreover, the contents of the following chart would show how the PST Bill has specifically provided for safeguards and judicial oversight with a view of preventing the abuse of executive power by those charged with such powers.

CLAUSE (PST)	HOW PST BILL HAS PROVIDED FOR SAFEGUARDS & JUDICIAL OVERSIGHT
Preamble	The Preamble of PST Bill clearly identifies the need to balance national security with fundamental rights of people.
26	A duty to produce the suspect before the Magistrate within 48 hrs of the arrest irrespective of whether a detention order has been issued or not.
27(2)	Even when there is a detention order the suspect must be produced before a Magistrate and a certified copy should be placed before the Magistrate for Inspection.
27(6)	Copy of every detention shall be served on the suspect within 48hrs and the acknowledgement by the suspect shall be filed in the Magistrate's Court.
28	Detention beyond two months only with the approval of the High Court. Therefore, any detention by the Executive is limited to 02 months only.
28(7)	A suspect detained under a detention order shall be produced before a Magistrate every fourteen days.
29	High Court has jurisdiction to release the suspect on bail.
37(3)	After completion of investigation, the Magistrate can discharge the suspect if the report contains no allegation that the suspect committed an offence under the Act.
37(5)	If investigation in respect of a person discharged is to resume, the Magistrate shall be informed of the resumption and completion of further Investigation.
44(1)	Order of the Magistrate required to request suspect to submit an affidavit or tender any document or thing relevant to the investigation.
44(7-8)	Audio-visual recording of the interview can only be dispensed with after obtaining approval of the Magistrate. Copy of audio-visual recording shall be produced before the Magistrate.
46(2)	Taking control of vehicles and vessels must be reported to the Magistrate.
47	Suspension or delaying the taking off or sailing of a vessel or aircraft requires an order of the Magistrate.(Where power is exercised in circumstances of urgency, subsequent approval of the Magistrate within 24 hrs is required).
59(5)(b)	Person aggrieved by a proscription order or decision in reconsideration of a proscription order can apply to the Court of Appeal for judicial review.
60	Restriction orders are issued by the Magistrate and High Court and Court of Appeal have power of revision/judicial review.
61	Orders relating to prohibited places beyond 72 hrs requires authorization of the Magistrate, and the Magistrate exercises power of judicial review.
71	Person aggrieved by any decision, determination, order, directive or direction can seek relief in terms of the Constitution or any other law.
4	The PSTA Bill does not contain a minimum mandatory sentence which is a deviation from Section 2(2) of the PTA. PST Bill has only provided for a maximum sentence which is a salutary provision to preserve judicial discretion in sentencing.
6-16	The PST Bill has defined the offences narrowly excluding those engaged in legitimate exercise of their fundamental rights.
52-53	Allows for the deferment and suspension of criminal proceedings.
44(3) & 56	PST Bill has done away with admissibility of confessions made to Police officers a marked deviation from the PTA.

Having regard to the above provisions in the PST Bill (only some of such provisions have been mentioned in the chart above) we are unable to accept the submission of the Petitioners that the provisions of the Bill lacks the judicial oversight and lacks adequate checks and balances against any possible abuse of powers it has conferred on the Executive.

Proscribed Organizations

For a person to be criminally liable for having committed the offence of terrorism under Clause 3, that person must have committed an act intentionally or with the knowledge that such act would cause a consequence specified in Clause 3(2). The said consequences specified in Clause 3(2) are firstly provoking a state of terror in the public or a group of persons; or secondly, unduly compelling a government or international organization to do or abstain from doing any act in order to advance a political or ideological objective.

This however must be read in conjunction with Clause 3(2) which has specified the aforesaid consequences. The said consequences are things such as: death of a person; grievous hurt; hostage taking; serious damage to public property; serious or long-term

damage to the environment etc. We observe that all the items listed under Clause 3(2) are very serious offences even under the normal law. If the intention of the protesting person is one of those specified under Cause 3(2), then we are unable to accept that such person is a person engaged in peaceful protest. We observe that all the above items that we have listed above would affect other people other than the protesting person and therefore should not be permitted.

In the case of Janath S. Vidanage and Others v. Pujith Jayasundara, Inspector General of Police,[17] a seven-judge bench of this Court examined the linkage between individual liberty and National Security as well as the duties assigned to the Minister of Defence and the President with respect to defence and security as stated as follows:

> "A conjoint reading of the constitutional imperatives such as Articles 4(b), 30(1), 44(2) and 52(2) makes it patently clear that the Minister of Defence is placed under a charter of duties and obligations from which he cannot resile as regards national security and internal security of the country. It is often said that national security and liberty of individuals stand out as two sides of a coin which binds the state to a strong commitment. On the day in question, to wit the 21st of April 2019, the President of the country who was also the Commander-in-Chief of the Armed Forces had undertaken these obligations which our Constitution, domestic laws and regulations, amply declare aloud demanding allegiance to the commitment of maintaining defence and security of the nation."[18]

We observe that one major limb, the sovereignty of the people as per Art 4(b) of the Constitution is "the executive power of the people including the defence of Sri Lanka….." which shall be exercised by the President (the executive).

Furthermore, we also observe that the Constitution has laid down directive principles of state policy in Article 27 of the Constitution. Article 27(3) and Article 27(15) could be relevant for the present discussion.

Article 27(3):

> The State shall safeguard the independence, sovereignty, unity and the territorial integrity of Sri Lanka.

Article 27(15):

> The State shall promote international peace, security and co-operation, and the establishment of a just and equitable international economic and social order and shall endeavour to foster respect for international law and treaty obligations in dealings among nations.

It is also important to note that Article 27(1) has stated that the above directive principles "shall guide Parliament, the President and the Cabinet of Ministers in the enactment of laws and the governance of Sri Lanka for the establishment of a just and free society." We have no reason to hold that the government has not formulated this Bill in keeping with the above directive principles which are principles enshrined in the Constitution.

If the country is ridden with terrorist activities, obviously the primary concern that every citizen of the country would have, is their protection. This is not a country where terrorist activities have never happened. There was a time where the person who leaves home for work was not sure of returning home after work. The indiscriminate bomb explosions that occurred particularly in the city of Colombo was so prevalent during that time. When such incident of explosions happen, most of the time the law enforcement authorities could not trace those who were responsible for such acts of explosions instantly. This is a kind of situation this court adverted to in Kumaranatunge v. Samarasinghe, Additional Secretary, Ministry of Defence and Others[19] as follows:

> "I have already pointed out that the freedom from arbitrary arrest and detention guaranteed by Articles 13(1) and (2) of the Constitution is subject to such restrictions as may be prescribed by law in the interests, inter alia, of national security and public order. Law in this context is defined as including "regulations made under the law for the time being relating to public security". It is well recognised that individual freedom has in times of public danger to be restricted when the community itself is in jeopardy, when the foundations of organised government are threatened and its existence as a constitutional state is imperilled."

Similarly, this court in Joseph Perera alias Bruten Perera v. The Attorney General and Others[20]:

> "Article 14 of the Constitution deals with those great and basic rights which are recognized and guaranteed as the natural rights inherent in the status of a citizen of a free country. Freedom of speech…goes to the heart of the natural right of an organized freedom-loving society to impart and acquire information….This freedom is not absolute. There is no such thing as absolute or unrestricted freedom of speech and expression, wholly free from restraint; for that would amount to uncontrolled license which would tend to disorder and anarchy. Absolute and unrestricted individual rights do not and cannot exist in a modern State. The welfare of the individual, as a member of collective society, lies in a happy compromise between his rights as an individual and the interests of the society to which he belongs… Our Constitution has rightly struck a proper balance between varying competing social interests, and has… set forth the restrictions to which the fundamental right of speech and expression may be subject to…"

Similarly, the Supreme Court in its Special Determination on the Anti-Terrorism Bill,[21] held at 12 as follows:

> "In all these endeavors across the globe to deal with terrorism which has not spared South Asia, the tension between balancing human rights and national security has been acutely felt and an issue of institutionalizing a proper relationship between national security concern and the need to protect and advance fundamental rights and personal freedoms or liberties of the citizenry did indeed occupy the front burner of the majority of the submissions made before this Court in the course of these proceedings. Pivotal to the central theme of the arguments as the all-embracing eternal verity of the Rule of Law which the Petitioners contended the impugned Bill does not seek to satisfy given the fact that the law must afford adequate protection of fundamental human rights subject to their necessary and proportionate derogations. At the very inception this Court would wish to set down these central themes of argument vis-à-vis the contention of the State that this proposed legislation addresses these concerns by putting in place appropriate safeguards in such a manner as to achieve the proper balance between the competing interests. This Court acknowledges the fact that a comprehensive legislation on counter terrorism must seek to balance national security concerns with human rights, while embodying inter alia, international standards and best practices across the globe."

Furthermore, This Court in the Special Determination on the Online Safety Bill,[22] stated in reference to the scourge of cybercrime as follows:

> "In the circumstances, the State has a responsibility to enact legislation to prevent such crimes and protect the people of this country. Such legislation will secure the equal protection of the law enshrined in Article 12(1) of the Constitution. Thus, the determination in Sri Lanka Broadcasting Authority Bill

(SC/SD/1/1997-15/1997) has no application to the instant Bill. In any event, most of the laws are enacted to prevent committing crimes. Hence, Parliament need not wait till a crime is committed to enact laws."

It is an accepted fact that all civilized countries in the world unequivocally condemn terrorism. Thus, Sri Lanka also has an international obligation to enact laws to combat terrorism. This is why this court in its determination in the Anti-Terrorism Bill,[23] referring to United Nations Security Council resolutions held as follows:

"Thus, it is imperative that the exhortation of the UN Security Council to enact laws criminalizing terrorist acts binds member states and it is in accord with such an international obligation the countries have been placed under an obligation to enact its own domestic counter terrorism laws and Sri Lanka cannot lay claim to any exception to this onerous duty."

We observe that the United Nations Security Council has time and again accepted and reaffirmed the fact that terrorism is one of the most serious threats to international peace and security. This was re-iterated in UNSCS/RES/2178 (2014):

"Reaffirming that terrorism in all forms and manifestations constitutes one of the most serious threats to international peace and security and that any acts of terrorism are criminal and unjustifiable regardless of their motivations, whenever and by whomsoever committed, and remaining determined to contribute further to enhancing the effectiveness of the overall effort to fight this scourge on a global level. Noting with concern that terrorism threat has become more diffuse, with an increase, in various regions of the world, of terrorist acts including those motivated by intolerance or extremism, and expressing its determination to combat this threat."

We observe that this court in the case of Janath S. Vidanage and Others v. Pujith Jayasundara, Inspector General of Police,[24] quoted another UNSC resolution UNSC Resolution S/RES/2253 (2015). It is worthwhile to reproduce the relevant part from the said UNSC Resolution below:

"Reaffirming that terrorism in all forms and manifestations constitutes one of the most serious threats to peace and security and that any acts of terrorism are criminal and unjustifiable regardless of their motivations, whenever, wherever, and by whomsoever committed, and reiterating its unequivocal condemnation of the Islamic State in Iraq and the Levant (ISIS, also known as Da'esh), Al-Qaida and associated individuals, groups, undertakings and entities for ongoing and multiple criminal terrorist acts aimed at causing the deaths of innocent civilians and other victims, destruction of property, and greatly undermining stability, Recognizing that terrorism poses a threat to international peace and security and that countering this threat requires collective efforts on national, regional and international levels on the basis of respect for international law and the Charter of the United Nations."

The Petitioners contended that if this Bill becomes law, Clause 59 would make it possible for the President to proscribe a political party or organization or trade union if such organization engages in any activity to oppose the government on some political ideology. It is on that basis that the Petitioners sought to argue that Clause 59 would be inconsistent with the provisions of the Constitution.

We have already adverted to the need and the obligation on the government to counter terrorism. This is an international obligation. We know that a terrorist act is committed by and on behalf of a terrorist organization. On the other hand, if such organization is allowed free operation within the country the government would fail in its obligation both locally and internationally. Furthermore, there is no justification to allow such organization to operate freely. We have already adverted to above that the task of ensuring the security of the country is vested with the executive. This is an integral part of the sovereignty of the people.

We observe that there are number of safeguards put in place to balance the fundamental rights of the people, before the President could decide to proscribe any such organization. As per Clause 59(1) it is only when the President has reasonable grounds to believe that any organization is engaged in any act amounting to an offence under this act that the President can proceed to proscribe such organization. Thus the power conferred on the President by Clause 59(1) is not unfettered.

Clause 59(5) has provided another safeguard by making a provision for any person or organization aggrieved by such proscription order to apply to the President for reconsideration or cancelation of such proscription order. This is in addition to the jurisdiction conferred on the Supreme Court for judicially reviewing such proscription order made by the President. This is specifically provided for in Clause 59(5)(b).

In view of such safeguards we are unable to accept the argument advanced by the Petitioners that Clause 59(6) which states that a proscription order made under this section will remain valid until rescinded, would lead to indefinite period of proscription. This is because there are remedies provided for a person or any organization aggrieved by such order made by the president.

Clause 6

The Petitioners sought to argue that the Bill through this Clause has taken away right of persons to join, engage in organizational work and participate in the activities of an Association of their choice. They further sought to argue that this Clause has conferred an unbridled power on the Executive to prosecute such persons. Let us reproduce below Clause 6 for convenience.

Any person who, within Sri Lanka or outside Sri Lanka, intentionally-

(a) joins a proscribed organisation;

(b) recruits any person for a proscribed organisation;

(c) provides funds, financial services, properties, equipment, training, logistical assistance or other material support or resources to a proscribed organisation; or

(d) organises, facilitates, participates in any activity of, or directs a proscribed organisation,

commits an offence under this Act:

Provided that-

(i) mere expression of opinion, belief or sympathy or the peaceful exercise of rights to freedom of expression, association or assembly, without the provision of material support or active participation shall not constitute an offence; and

(ii) nothing in this subsection shall be construed as restricting an Attorney-at-Law from discharging his professional duties in accordance with law.

The proviso makes it clear that such persons who merely exercise their rights to express opinions exercising their freedom of expression, association or assembly cannot be held liable for prosecution under this Clause. The Proviso is very specific and straight forward in that regard.

We have already adverted to the above that the power conferred on the President is only to proscribe an organization which engages in any act amounting to an offence under this act. We also have already stated above the necessity and obligation on the part of the government to counter terrorism. Clause 6 would apply only to such organization which is proscribed by the President when he has reasons to believe that such organization has engaged in acts amounting to offences under this Act. This order

[23] supra.

[24] SC FR 163, 165, 166, 184, 188, 191, 193, 195-198, 293/2019, SC Minutes 12-01-2023.

of prescription by the President can be challenged in the appropriate court. A party or organization aggrieved by such order of prescription can also apply to the President for reconsideration of such decision. Therefore, if any organization continues to be under such proscription, it stands to reason that any person should not be allowed to join or engage in activities of such proscribed organizations.

We observe that the application of Clause 6 of the Bill has been further narrowed down by the proviso, which has carved out the rights of the citizens such as their freedom of expression, association or assembly. Furthermore, the engagement in professional duties by Attorneys-at-Law has also been specifically carved out from the application of Clause 6 of the Bill.

Thus, we are unable to accept that Clause 6 of the Bill would render persons who engage in any protests, strikes, lockouts or other industrial actions as well as the persons who engage in the provision of humanitarian and medical activities by lawfully established humanitarian organisations liable for prosecution as such persons too could be taken as having committed an act of terrorism under this definition. We hold that Clause 6 of the Bill is not inconsistent with the provisions of the Constitution.

Clause 9

The Petitioners referring to Clause 9 raised the concern that any person who makes a publication against the Government would be caught up as a person who directly or indirectly has induced the public and thereby committed or attempted to commit or abetted or conspired to commit or as a person who has prepared to commit, the offence of terrorism. Clause 9 is reproduced below:

> (1) Any person who, with the intention of directly or indirectly inducing the public or any section of the public, to commit, attempt, abet, conspire to commit or prepare to commit, the offence of terrorism, publishes or causes to be published any statement, or speaks any word or words, or makes any sign or visible representation, commits an offence under this Act.
>
> (2) Any person who, with the knowledge of directly or indirectly inducing the public or any section of the public, to commit, attempt, abet, conspire to commit or prepare to commit, an offence of terrorism, publishes or causes to be published any statement, or speaks any word or words, or makes any sign or visible representation, commits an offence under this Act.

A closer look at the above provision shows clearly that the Petitioners' above argument is not factually or legally correct. This Clause has criminalized a publication made by persons who would induce the public or any section of the public, to commit, attempt, abet, conspire to commit, the offence of terrorism. The Clause will apply to those who would engage in such publication with the intention of directly or indirectly inducing the public. Furthermore, the inducement offered by such person has to be an inducement to commit the offence of terrorism. The offence of terrorism has been clearly defined in Clause 3.

On the other hand, if a person has induced the public to commit the offence of terrorism having such intention of directly or indirectly inducing the public to commit the offence of terrorism then why should any Government spare such person without subjecting such person to the criminal law of the country. Here the offences are not Penal Code offence but the offence of terrorism.

The petitioners sought to argue that Clause 9 is inconsistent with Article 3 read with Article 4(d), 4(e), 10 and 14 of the Constitution as this tends to prevent citizens from expressing their freedom of thought, freedom of expression, assembly and association against the government.

Article 15(2) of the Constitution has provided that "the exercise and operation of the fundamental rights declared and recognized by Article 14(1)(a) shall be subject to such restrictions as may be prescribed by law in the interest of … or in relation to… incitement to an offence."

We have already adverted to above, the fact that the definition of the offence of terrorism set out in Clause 3 of the Bill is not inconsistent with any provision of the Constitution. If that is so, no one can be allowed to commit, attempt, abet, conspire or prepare to commit the offence of terrorism. It is settled law that what cannot be done directly cannot also be done indirectly.

Thus, we do not see any merit in this argument advanced by the Petitioners. Therefore, we are not prepared to accept that Clause 9 is inconsistent with any provision of the Constitution.

Clause 10

Petitioners sought to argue that the offence of "disseminating terrorist publications" set out in Clause 10 would prevent citizens from exercising their fundamental rights guaranteed to them under Article 14 of the Constitution. Clause 10 is as follows:

> (1) Any person who, with the intention or knowledge of directly or indirectly inducing the public, a section of the public, or any person to commit, attempt, abet, conspire to commit, or prepare to commit, the offence of terrorism-
>
> (a) distributes or circulates a terrorist publication;
>
> (b) gives, sells or lends a terrorist publication;
>
> (c) offers for sale a terrorist publication;
>
> (d) provides a service to others that enables them to obtain, read, listen to or look at a terrorist publication or to acquire it;
>
> (e) transmits the contents of a terrorist publication; or
>
> (f) keeps a terrorist publication in his possession,
>
> commits an offence under this Act.
>
> (2) For the purposes of subsection (1), a "terrorist publication" means a publication which is-
>
> (a) a direct or indirect inducement to commit, attempt, abet, conspire to commit or prepare to commit the offence of terrorism; or
>
> (b) useful in the commission of, or attempt, abetment, conspiracy to commit or preparation to commit, the offence of terrorism.
>
> (3) Nothing in this section shall apply to the collection, possession, access, or dissemination of any publication in good faith and for a lawful purpose, including journalism, academic or scientific research, education, artistic expression, legal proceedings, or the dissemination of information in the public interest.

Again the argument advanced by the Petitioners in relation to this Clause is also that it would be possible for the Executive to prosecute even a journalist who collects material and publishes something with regard to some activities committed by a terrorist group. However, we observe that the clear answer to this concern is in Clause 10(3) which specifically has taken away the application of this Clause to persons such as journalists who in good faith and for any lawful purpose disseminate such information in the public interest. We further observe that journalism is specifically included in Clause 10(3).

Furthermore, Clause 11 has specifically excluded list of items mentioned therein from the application of Clauses 9 and 10.

We have already adverted to above that the definition of terrorism in Clause 3 is not vague and therefore is consistent with the provisions of the Constitution. We have also

adverted to above that no person must be allowed to do something indirectly which such person is not allowed to do directly. We are of the view that the Constitution has never contemplated to guarantee any right to a citizen to engage in terrorist activities.

Furthermore, Clause 10(3) of the Bill has proceeded to protect the rights of any citizen who exercises such right in good faith. This is specifically provided for in the carving out section which is Clause 10(3) of the Bill.

Clause 15

Some of the Petitioners made submissions challenging this Clause as well. We will first re-produce this Clause which reads as follows:

> (1) Any person who
>
> (a) knowing or having reasons to believe that any other person-
>
> (i) is making preparation, attempting, abetting or conspiring to commit an offence under this Act; or
>
> (ii) has committed an offence under this Act,
>
> fails to provide such information, or provides false or misleading information to a police officer; or
>
> (b) having in his possession any information relating to the whereabouts of any person whom he knows has committed an offence of terrorism or an offence associated with terrorism, fails to provide such information or provides false or misleading information to a police officer,
>
> commits an offence under this Act and shall, on conviction by the High Court, be liable to imprisonment of either description for a term not exceeding seven years or to a fine not exceeding rupees seven million or to both such imprisonment and fine.
>
> (2) It shall be a defence for a person charged with an offence under subsection (1) to prove that he had a reasonable excuse for the failure to provide information as required under that subsection, and such "reasonable excuse" includes failure to provide-
>
> (1) legally protected information;
>
> (2) information covered by professional secrecy; and
>
> (3) information which amounts to self-incriminating evidence.

The section corresponding to Clause 15 in the PTA is Section 5. Offences under the said Section in the PTA are commonly known as Section 5 Offences or offences pertaining to 'failure to give information.' It was imperative for Courts to sentence Persons convicted under Section 5 of the PTA to a jail sentence for a period not exceeding seven years. There were no defences set out for such offence under PTA. Thus, such persons necessarily became liable for that offence if the ingredients set out therein were fulfilled.

We however observe that Clause 15 of the Bill has given the discretion for Courts even to punish such offender only with a fine. This has opened a new avenue as regards the sentence to be imposed on the accused person. Thus, when Court thinks it should only impose a fine on such accused person in a given circumstances of a case, it can do so after this Clause becomes law.

Moreover, there is also a most striking feature in Clause 15. That is the fact that it has specifically set out the possible defences that a person who faces such prosecution could take up. This is salutary. We have no doubt that these defences have been set out in Clause 15 of the Bill to safeguard persons who would have a reasonable excuse for not divulging such information to Police.

Furthermore, some of the petitioners contended that Clause 15 would operate against Attorneys-at-Law as it would prevent them from discharging their duties when they receive instructions from persons suspected to have been concerned or have committed the offence of terrorism. It was their submission that in such circumstances an Attorney-at-Law would be under an obligation in terms of this Clause to provide the information they receive by way of instruction from their clients, to Police.

This submission has been made because the petitioners who advanced this argument have read Clause 15(1) disjunctively and independent of Clause 15(2) of the Bill. We are of the view that Clause 15 must be read conjunctively with Clauses 15(1) and 15(2). One will get the correct interpretation only when the above Clauses read together.

Further, we observe that Section 126(1) of the Evidence Ordinance has provided as follows:

> No Attorney-at-Law, or notary shall at any time be permitted, unless with his client's express consent, to disclose any communication made to him in the course and for the purpose of his employment as such Attorney-at-law, or notary by or on behalf of his client, or to state the contents or conditions of any document with which he has become acquainted in the course and for the purpose of his professional employment, or to disclose any advice given by him to his client in the course of and for the purpose of such employment:
>
> Provided that nothing in this section shall protect from disclosure-
>
> (a) Any such communication made in furtherance of any illegal purpose;
>
> (b) Any fact observed by any Attorney-at-Law, or notary in the course of his employment as such, showing that any crime or fraud has been committed since the commencement of his employment.

In view of the above, we are unable to accept the submission that Clause 15 is inconsistent with the provisions of the Constitution.

Clauses 20 and 24

The Petitioners sought to argue that conferring the powers to arrest on the member of the armed forces or a coast guard officers is violative of the relevant provisions in the Constitution.

Clause 20(1) reads as follows:

> (1) Where there is a reasonable suspicion of the commission of an offence under this Act, a police officer, a member of the armed forces or a coast guard officer (in this Part referred to as the "arresting officer") may, subject to the provisions of subsection (1) of section 24-
>
> (a) stop and search any suspect, vehicle, vessel, train, unmanned vehicle, or aircraft;
>
> (b) question such suspect;
>
> (c) enter and search any premises or land;
>
> (d) and take into custody any document, thing or article, used, derived out of, connected with or concerned in committing or reasonably suspected of being used, derived out of, connected with, or concerned in committing an offence under this Act.

This Court in Joseph Perera Alias Bruten Perera v. The Attorney General,[25] held as follows:

> "Just as the Chief Justice has stated that over-breadth in the restriction of the freedom of speech and expression has a peculiar evil, the evil of creating chilling effects which deter the exercise of that freedom, any restriction on the powers of the Police in this area of action will also have a peculiar evil, the evil of creating a chilling effect which will inhibit law-enforcement officers from the due performance of their duties which ensure the protection and safety of the citizens

[25] [1992] 1 Sri LR 199.

and their property. No police officer can predict the final outcome of a case or how a legal provision would be interpreted by the court. If they are placed in peril and heavy damages awarded in respect of their acts where prosecution were to fail, no police officer would be inclined to perform his functions and may henceforth decide to leave well alone not only doubtful cases but practically all cases, thereby bringing the administration of justice to a standstill. In my view such a construction of the powers of arrest was furthest from the minds of the legislators."

We also observe that this power given to the member of the armed forces or a coast guard officers is a power that such officers can only use in exceptional circumstances. This is clear when one looks at Clause 24 of the Bill which is reproduced below:

Clause 24:

(1) A member of the armed forces or a coast guard officer may exercise the powers of search and arrest in exceptional circumstances where-

(a) a police officer is not present at the location, and it is not reasonably practicable to secure the immediate presence of a police officer;

(b) the situation requires immediate action to prevent an imminent terrorist act; or

(c) the armed forces are deployed in an area for the purpose of maintaining public order or conducting counter-terrorism operations under lawful authority.

(2) A member of the armed forces or a coast guard officer who makes an arrest under this Act shall, forthwith and in any event within a period not exceeding twenty-four hours, hand over the suspect so arrested to the officer-in-charge of the nearest police station or a police officer designated, from time to time, in that behalf by the Inspector General of Police:

Provided that, where handing over the suspect so arrested to the officer in charge of the nearest police station is not practicable due to reasons beyond the control of the person who made the arrest, such suspect shall be handed over to the officer-in-charge of the next nearest police station.

(3) (a) A member of the armed forces who made the arrest shall, forthwith, notify the arrest to the relevant commanding officer or any other commissioned officer authorised in that behalf by the commanding officer.

(b) A coast guard officer who made the arrest shall, forthwith notify the arrest to the Director General of Coast Guard or any officer authorised in that behalf by the Director General of Coast Guard.

(4) The commanding officer or the Director General of Coast Guard or any officer authorised by the commanding officer or Director General of Coast Guard, as the case may be, shall forthwith inform of such arrest to the officer in charge of the police station to whom the suspect is to be handed over or a police officer designated by the Inspector General of Police in that behalf.

(5) At the time of handing over the suspect so arrested to the officer-in-charge of the police station as provided for in this section, the member of the armed forces or the coast guard officer who made the arrest shall make a statement to such officer-in-charge of the police station, setting out the circumstances relating to such arrest.

The Petitioners have claimed that the instant provisions are violative of Articles 12, 13 and 4(c) read with 3 of the Constitution. However, we observe that the extension of the 24 hour time limitation was considered by this Court in the Anti-Terrorism Bill.[26] In the said Determination, this Court justified the extension on the basis of Article 15(7) of the Constitution.[27] (vide 46).

This is reasonable and proportionate in view of the threat to national security posed by terrorism, as there is a need to balance the powers of investigative authorities in the interest of national security, while ensuring the rights of the suspects are safeguarded.

We also further observe that provisions in Clause 26(1)(b) would apply where the power of arrest is exercised in the exceptional circumstances by the member of the armed forces or a coast guard officers.

Thus, we are of the view that the extension of the time period as above, is consistent with Article 15(7) of the Constitution and is not violative of any of the rights under Article 13 of the Constitution.

Power given to members of the armed forces or to coast guard officers under clause 24(1) is a power which could be used only in exceptional circumstances. There is no doubt that armed forces particularly Sri Lankan Navy and officers of Coast Guard engaged in their duties to protect the country by patrolling in territorial sea of the country. The vessels in which they sail do not carry Policemen. The question arises, as to what action they could take if they come across a suspected terrorist in the sea. There is no doubt that they have to apprehend such suspected person while engaging in their duties at mid sea. Then, is it reasonable to hold that they should spare such person whom they have reason to believe to be a person who has engaged in committing the offence of terrorism, merely because there is no policemen present in their vessel. This would be the necessary result in a situation where the power to arrest is given only to the members of Sri Lanka police.

We have already adverted to above, local and international obligation of the government to protect the country from terrorism. Therefore, it does not stand to reason to exclude this power from the members of armed forces and coast guard officers.

In Anti-terrorism Bill this Court held as follows:

> "It is not unusual to find powers conferred on persons other than the police. Section 35 of the Code of Criminal Procedure Act empowers even private citizens to effect arrest in cognizable offences and produce such arrested persons to the nearest peace officer or police officer. In similar circumstances, the conferment of police powers of arrest on members of the armed forces or coast guards is not unfettered and carries with it the requirement to produce at the nearest police station as far as practicable. The language contained in clauses 19, 20 and 21 are mirrored in the Code of Criminal Procedure Act and as such is not inconsistent with any provision of the Constitution."

Furthermore, we also observe that Clause 24 has provided safeguards which are found in Clauses 24(2), 24(3), 24(4), 24(5), 26(1)(b) and 26(2).

However, we are of the view that the provision in Clause 26(2) must be further improved in view of Clause 41(2) which has removed the application of Sections 115 and 116 of the Code of Criminal Procedure Act in relation to a suspect under the PST Bill. This is because the Petitioners sought to argue that the said removal of the said application of Sections 115 and 116 would lead to deprivation of the suspects, rights to make any suitable application to the Magistrate.

In view of the above we are of the view that the phrase "on the application of such police officer" be inserted immediately after the phrase "the Magistrate may" which is found in the body of Clause 26(2).

[26] supra.

[27] Page 46.

With the above insertion, Clause 26(2) must read as follows:

> (2) Upon the production of a suspect before a Magistrate under subsection (1), where the police officer conducting the investigation has reasonable grounds to believe that further extended custody of the suspect is necessary for the purpose of conducting further investigation, the Magistrate may, **on the application of such police officer,** for reasons to be recorded in writing, authorise such suspect to be held in police custody for a further period not exceeding twenty-four hours.

With the above insertion we are of the view that any vagueness found in Clause 26(2) can be cured ensuring the judicial oversight.

In our view these are sufficient safeguards which would prevent any possible abuse of this power by the members of the armed force and coast guard officer. We hold that the conferring this power on them by Clause 24(1) is not inconsistent with the provisions of the Constitution.

Clauses 27 and 28

Petitioners sought to argue that issuing Detention Orders by the Executive would amount to taking away the Judicial Power of the people and hence would be inconsistent with the provisions of the Constitution.

However, we observe that by virtue of Section 9 of the PTA, the Minister has been empowered to issue a Detention Order for a period not exceeding 03 months in the first instance and thereafter extend it for an aggregate period not exceeding 12 months. We also observe that it is this period of 12 months that Clause 27 of the PST Bill proposes to bring down to 02 months. When the Executive intends to detain a person for a period longer than 02 months, then it can only do so with an order from the High Court to that effect. This is clearly a step taken to reduce the rigour of the PTA. As held in the Counter Terrorism Bill Determination,[28] we observe that if the existing law is consistent with the Constitution, relaxation of that law cannot violate the Constitution. Moreover, as opposed to the possibility of 12 month detention period by the Executive, Clause 27 of the PST Bill has brought the detention of a person after the 02 month initial period of Executive Detention, under the Judicial Power of the people.

Furthermore, even the Anti terrorism Bill had the provision to issue detention orders by the Executive. When this provision was challenged, this Court in its Determination accepted the constitutionality of detention orders and stated as follows:[29]

> "Though the right to liberty (freedom of movement) is guaranteed by the Constitution it can be curtailed in terms of Article 15(7) of the Constitution in the interest of national security and public order. The right could be subordinated to the exigencies of investigation where there are a reasonable (objective) grounds for suspicion."

We also observe that the power to issue detention orders is subject to safeguards. Further, the power to issue a detention order under Clause 27 is stringently regulated and subject to judicial oversight. The application for a detention order must be made in writing to the Secretary of the Ministry of Defence, by the IGP or any officer not below the rank of DIG authorised by the IGP (vide Clause 27(1)). The circumstances in which it could be issued are explicitly provided for in Clause 27(4). Detention orders can thus only be issued for one or more of the following purposes:

(a) to facilitate the conduct of the investigation in respect of the suspect

(b) to obtain material for an investigation and potential evidence relating to the commission of an offence under this Act; or

(c) to question the suspect in detention.

Further, in terms of Clause 27(2), the Secretary must be satisfied that reasonable grounds exist to believe that the suspect has to be detained for the above purposes and is bound to record reasons. Such reasons must be stated in the detention order itself (Clause 27(4)).

The detention order is then placed before the Magistrate for inspection in terms of Clause 27(5), when the suspect is produced before the Magistrate under Clause 26. Under Clause 27(6), a copy of every detention order must be served on the suspect being detained within 48 hrs, and an acknowledgment by the suspect shall be obtained and filed in the Magistrate's Court. Under Clause 27(7), a copy of the detention order shall also be served on the next of kin of the suspect within 48 hrs.

Moreover, during detention, the following safeguards ensure that the suspect is not subject to torture or cruel, inhuman or degrading treatment or punishment:

(i) Under Clause 28(7) a suspect detained under a detention order shall be produced before a Magistrate at least once in every fourteen days.

(ii) Under clause 31(1), where the Magistrate has at any time reasonable suspicion to believe that the suspect may have been subjected to torture or cruel, inhuman or degrading treatment or punishment, the Magistrate shall (a) direct the suspect for medical treatment (b) direct that the suspect be produced before a JMO and (c) make an order to change the place of detention.

(iii) Under Clause 31(2) if the report of the JMO reveals a probability of torture or cruel, inhuman or degrading treatment or punishment, the Magistrate can make an order to change the place of detention. Where such order is made clause 31(3) provides that any police officer who previously had access to the suspect shall not have access.

(iv) Under Clause 31(4) the investigation of such suspect shall be continued by other police officers as directed by the IGP.

(v) Under Clause 31(5) the Magistrate is empowered to direct the IGP to commence an investigation into the alleged torture to enable the Attorney General to institute criminal proceedings against the person who committed torture.

(vi) Under clause 33(1) the Magistrate within whose jurisdiction an approved place of detention is located shall without giving advance notice visit the approved place of detention once a month and interview suspects and look into their well-being; and call for and inspect detention registers, detention orders and other documents.

(vii) Under Clause 33(2), the Magistrate before whom a suspect was first produced is also entitled to visit an approved place of detention.

(viii) Under Clause 33(4) if the Magistrate observes that the suspect has been subject to torture or cruel, inhuman or degrading treatment or punishment or the suspect alleges the same, the Magistrate can order for the suspect to be produced for examination by a JMO. Under Clause 33(5) if the Magistrate is satisfied there are reasonable grounds to believe the suspect has been subject to torture or cruel, inhuman or degrading treatment or punishment, the Magistrate can act in terms of clause 31.

(ix) Under Clause 34(1) the suspect must be treated humanely, which includes that the suspect shall under necessary supervision, be accessible to the next of kin and to his Attorney-at-Law. Under Clause 34(2) the Magistrate or the HRCSL can report noncompliance with (1) to the IGP.

(x) Under Clause 36 authorised officers of the HRCSL are empowered to visit detention centres and perform certain functions.

Additionally, the initial detention order is subject to review by the Independent Review Committee under Clause 30 of the Bill. Any person aggrieved by a detention order can

[28] Supra.

[29] Pages 54-55 of SC SD 01, 07, 10,12,13,18-38/2024.

make an application to the Committee to review the order (vide Clause 30(4), and the Committee is required to review the necessity, legality and proportionality of such order and make its determination within thirty days of the reference (vide Clause 30(5)).

Clause 28(2) requires the High Court to record submissions made both supporting and objecting to the extension. Under Clause 28(4), the High Court after considering the submissions may either give effect to the detention order or refuse to give effect to the extended detention order, and thereafter upon inquiry remand or release the suspect on bail.

Clauses 29(1) and 37

The Petitioners sought to argue that the jurisdiction to grant bail must be with the Magistrate's Court and not with the High Court.

This Court in its Determination with regard to re the Foreign Exchange Bill,[30] held as follows:

> "The Policy making power is left to the authorities in whom it is vested by law. This Court has been reluctant to intervene in matters of policy unless such policy is found to be manifestly unreasonable."

Further, this Court in the Nation Building Tax (Amendment) Bill,[31] adopted the observation of Warrington LJ. in Short v. Poole Corporation that "with the question whether a particular policy is wise or foolish the Court is not concerned; it can only interfere if to pursue it is beyond the powers of the authority."

The Policy of the Government is to vest the power to grant bail in High Court and not in the Magistrate's Courts. We also agree with that policy as learned Judges of the High Court are more matured than the learned judges sitting in Magistrates' Courts. There is nothing wrong in this policy. We do not see that this policy is in any way inconsistent with the provisions of the Constitution.

Further, the presence of exceptional circumstances is only necessary when the suspect is concerned in committing or having committed an offence punishable with life imprisonment. This is understandable. Even the Bail Act has a similar provision.

Moreover, this Court in its Determination regarding the Prohibition of Ragging and other Forms of Violence in Educational Institutions Bill held as follows:

> "This determination does not lay down a rule that bail must always be decided by the Magistrate before whom an arrested person is first produced. Parliament may determine which court is to exercise jurisdiction over bail and may prescribe conditions subject to which bail may be granted."[32]

Judges of the High Court are judges exercising the appellate power over the judgments and orders pronounced by the Magistrates. Thus, it is the Judges of the High Court who are expected by law to correct any errors of facts and law committed by the Magistrates. However, both the Magistrates and the Judges of the High Court are exercising the judicial power of the people. Therefore, the issue as to what Court must be conferred with the jurisdiction to grant bail in a given category of cases would be a matter of policy. We need not interfere with the government's policy making power unless such policy is found to be manifestly unreasonable.

Clause 41(2)

The Petitioners sought to argue that taking away the effect of Sections 115 and 116 of the Code of Criminal Procedure Act has amounted to taking away the judicial supervision of the investigation. This is not so.

[30] SC SD 1-4/2017.

[31] SC SD 34/2016.

[32] SC SD 6 and 7/1998 at page 61-62.

Clause 41(2) must be viewed with Clause 41(2) should be viewed in the context of the other provisions in the Bill. The exclusion of the application of Sections 115 and 116 of the Code of Criminal Procedure Act cannot be considered as authorizing police officers to dispense with the requirement of producing an arrested suspect before a Magistrate as the Bill has brought in a new provision to the same effect in Clause 28(7). The said Clause reads as follows:

> "A suspect detained pursuant to a Detention Order issued under this Act shall, subject to the provisions of the Code of Criminal Procedure Act, be produced before a Magistrate at least once in every fourteen days."

We have already adverted to the above about the effect of the exclusion of the applications of Sections 115 and 116 of the Code of Criminal Procedure Act when we discussed under the heading "Clauses 20 and 24."

We have already decided that the improvement we suggested to Clause 26(2) must be effected. We made that decision in the backdrop of the concerns of the Petitioners raised in respect of the removal of the aforesaid application (removal of application of Sections 115 and 116 of the Code of Criminal Procedure Act). Therefore, once a suspect is produced before a Magistrate, the Magistrate has a discretion to decide whether he should grant the application made by the police officer under Clause 26(2) of the Bill.

We also observe that the requirement to report facts fortnightly to the Magistrate during the continuation of the investigation which is found in Section 120 of the Code of Criminal Procedure Act still applies. Therefore, we are unable to accept the arguments of the petitioners that a person produced before a Magistrate as a suspect under the provisions of this Bill would not have any recourse with regard to his rights because of the removal of the effect of Sections 115 and 116 of the Code of Criminal Procedure Act.

Thus, it is wrong to state that the government has brought Clause 41(2) to permit and justify further detention or arrest of a suspect or concealing facts from the Courts to deprive people of their judicial power.

Moreover, we observe that since there is a requirement to forward the suspect to the Magistrate within 24 hours. Further, as per Section 116 of the Code of Criminal Procedure Act, we observe that there is a requirement in terms of Section 115(2) to either detain the suspect in custody, pending further investigation by warrant addressed to the superintendent of any prison or to discharge the suspect after 15 days if the proceedings are not instituted against him.

We have considered the provisions in Sections 115 and 116 of the Code of Criminal Procedure Act. We observe that these provisions cannot practically co-exist with the provisions in the PST Bill with regard to the procedure with regard to the investigations set out in the PST Bill. Earlier in this Bill we have already adverted to the necessity and the obligation of the government to protect the state from terrorism. Therefore, in those circumstances we are of the view that the removal of the application of Sections 115 and 116 of the Code of Criminal Procedure Act is something which cannot be avoided.

We further observe that the principle adopted in the Bill is to allow the continuous application of the application of the provisions of the Code of Code of Criminal Procedure Act which are not inconsistent with the provisions of the instant Bill. This principle is specifically mentioned in Clause 41(1) of the Bill.

Clauses 47 and 51

Petitioners have stated that conferring power on a police officer to make a direction under Clause 47 is an abdication of the judicial power of the people.

Firstly Clause 47 has conferred that power on the Magistrate and not on a police officer. It is only a police officer not below the rank of a Deputy Inspector General of Police who can give directions in a situation of urgency and in the interest of national security. This is also subject to the necessary subsequent approval of such direction by a Magistrate within twenty-four hours from the issuance of such direction. Thus we observe that judicial oversight is present even when a police officer not below the rank of a Deputy Inspector General of Police exercises such powers.

The power conferred on a police officer under Clause 51 is merely a power to make an application to a Magistrate for a directive in order to protect persons from harm or further harm associated with an offence under PST Bill. This power does not extend to any other offence under any other law. The Magistrate will issue such directive only when he is satisfied that such danger exists. We observe that it is only in a situation of urgent circumstances that this power can be exercised by police. In such situations only an officer in charge of a police station can issue such directives. This is also subject to the necessary subsequent approval of such direction by the Magistrate within twenty-four hours from the issuance of such direction. Therefore, as in the case of Clause 47, when an officer in charge of a police station exercises the powers under the proviso to Clause 51(2), the judicial oversight is present.

Clauses 52 and 53

It was the submission of the Petitioners that Clauses 52 and 53 have given an undue power to the Attorney General. They sought to a argue that it would be open for the Attorney General to use this power to blackmail a suspect arrested in connection with an offence under this Bill by compelling such suspect to abandon his political ideology or activities against the government by giving him assurance that he would not be prosecuted. Having gone through the above provisions carefully, we observe that this submission is factually incorrect. This is because these provisions do not give such power to the Attorney General to decide on his own to exercise either to differ or suspend the prosecution without consulting and obtaining the consent of such suspect. We also observe that even the consent of such suspect is not enough. The whole exercise must be sanctioned by the High Court. Therefore any deferment or suspension of the prosecutions against such suspect can happen only with tripartite agreement i.e., the Attorney General, the suspect, the High Court. Thus, this is indeed a power given to Court rather than to the Attorney General for without the sanction of High Court the Attorney General can take no such step.

The following phrase: where-

(a) death or grievous hurt has not been caused to any person; or

(b) the security of the State or the people of Sri Lanka has not been seriously compromised or affected,

shows clearly that the Attorney General can only use this provision in respect of persons who have been concerned with such offences with a lesser degree of culpability rather than those who have really got involved in committing acts of serous nature.

Moreover, we are of the view that this step is salutary as it gives an opportunity for a wrong doer to volunteer to reform himself without undergoing any prosecution or any punishment that may ensue subsequent to such prosecution. Therefore, we are unable to agree with the above submission of the Petitioners.

Clause 54

With regard to this Clause, it is the submission of the Petitioners that Clause 54 has sought to take away the judicial power of the people, and therefore is inconsistent with the Svasti and Articles 3, 4, 11, 12(1), 13, 14, 28 and 83 of the Constitution.

Clause 54 only allows the Secretary to the Ministry of Defence in the circumstances specified in the Clause to make an order detaining a person till the conclusion of the trial in the interest of national security or public order or where there is a threat or an apprehension of serious harm to the life of the accused. However, We observe that the sanction of the High Court is required to give effect to such detention order. It is open for the High Court to subject such sanction to directions it may give to ensure fair trial. Restrictions of this nature are legitimate under Article 15(7) of the Constitution in the interest of national security and public order. The judicial oversight is also maintained in these circumstances.

Clauses 56, 57 and 58

The Petitioners have challenged the effect of these Clauses on the basis that they confer power on police to obtain statements from suspects with undue influence or under duress. However, we observe that a similar provision exists even in the Code of Criminal Procedure Act. i.e., Section 127. Furthermore, the Clause has mandated taking of all the possible safeguards against any abuse of this power by police.

Clause 59

We have already set out above some aspects of Clause 59 under the heading Proscribed Organizations. Nevertheless, we propose to mention here the following facts also. The Petitioners contended that the power conferred on the President to make Proscription Orders could be used to subjugate those opposing the government. The Petitioners submitted that such persons could include a political party/organization/trade union which legitimately opposes the government. It is on that basis that the Petitioners sought to argue that Clause 59 is inconsistent with the provisions of the Constitution.

However, this Clause has only empowered the President to issue a Proscription Order only when he has reasonable grounds to believe that any organisation is engaged in any act amounting to an offence under this Bill. We have already adverted to above that the Bill has defined the offences without vagueness. Therefore, we are unable to accept the argument that the President has an 'unfettered discretion' which would enable him to issue a Proscription Orders against those opposing the government.
Although the Petitioners also sought to argue that no time period has been stipulated for the validity of the proscription order, we observe that it is open for a person or organisation aggrieved by such proscription order to seek reconsideration or cancellation of such order under Clause 59(5).

Although the judicial review is possible by the Court of Appeal the Petitioners raised the concern that the provisions in Article 35 would not permit such review by the Court of Appeal. In the course of the submissions the learned Additional Solicitor General informed us that it is possible to amend Clause 59(5)(b) to confer that jurisdiction on the Supreme Court. If Clause 59(5)(b) is amended at the Committee Stage by substituting the phrase "Court of Appeal" with the "Supreme Court" then the judicial oversight becomes effective. In those circumstances, we hold with such amendment that Clause 59 would not be inconsistent with the provisions of the Constitution.

Clause 60

This Clause empowers the Magistrate to impose restriction orders. This is through the exercise of judicial power. Police can only apply for such orders. That is also when the requirements enumerated in the clause are fulfilled and the application has to be made by an officer not below the rank of a Deputy Inspector General of Police. Furthermore, the Magistrate also has to be guided by the requirements mentioned in the Clause.

Although Clause 60(7) has provided specifically for revision or judicial review of such restriction order imposed by the Magistrate we are of the view that Clause 60(7) is superfluous as it would any way be possible for an aggrieved person to apply for the next appropriate Court exercising appellate powers over the orders of a Magistrate. We are of the view that the removal of Clause 60(7) would make the provision regarding the judicial oversight by higher Court unambiguous. Once that is done Clause 60 would not be inconsistent with the Constitution.

Clause 61

This Clause empowers the Secretary to make order restricting access to a place which he has reasons to believe is used, or is likely to be used, for the commission or preparation for the commission of an offence under this Bill. We observe that there are safeguards in place against the abuse of such power by the Secretary as he can only restrict the access to such place to the extent it is proportionate for the purpose of preventing such offence and that when less restrictive measures are not effective. The Secretary's order would be for a period not exceeding seventy-two hours.

Clause 61(3) states:

> (3) Any extension beyond the period of seventy-two hours shall be made only upon application to a Magistrate, who shall grant such extension only if satisfied that such extension is necessary and proportionate.

Therefore, we are satisfied that judicial oversight is in place at such situation also.

Clause 66

Clause 66 is reproduced below:

> (1) A directive, direction or Order issued or made under this Act may be questioned in proceedings under Article 126, 140 or 141 of the Constitution.
>
> (2) Subject to the provisions of subsection (1), no suit, prosecution or other proceeding, civil or criminal, shall lie against any officer or person for any act or thing done in good faith in pursuance of any directive, direction or Order issued or made under this Act.

The argument of the Petitioners was that the word 'order' in Clause 66(1) is vague.
We suggest that Clause 66(1) be re-framed as follows:

> (1) An executive Order, directive or direction issued or made under this Act may be questioned in proceedings under Article 126, 140 or 141 of the Constitution.

The learned Additional Solicitor General agreed to effect that amendment at the Committee Stage. With such amendment Clause 66 would be free of any vagueness and hence would be consistent with the Constitution.

Conclusion

For the foregoing reasons, we determine that the Clauses in Bill (L. D. O. No. 37/2026) titled "Protection of the State from Terrorism" can be passed by simple majority of Parliament after making the following amendments (Three of them already undertaken by the learned Additional Solicitor General) at the Committee Stage:

(i) Clause 26(2) to be amended at the committee stage by inserting the phrase "on the application of such police officer", with the above insertion, Clause 26(2) must read as follows:

> Upon the production of a suspect before a Magistrate under subsection (1), where the police officer conducting the investigation has reasonable grounds to believe that further extended custody of the suspect is necessary for the purpose of conducting further investigation, the Magistrate may, **on the application of such police officer,** for reasons to be recorded in writing, authorise such suspect to be held in police custody for a further period not exceeding twenty-four hours.

(ii) Clause 59(5)(b) to be amended at the Committee Stage by substituting the phrase "Court of Appeal" with the "Supreme Court" to make the judicial oversight effective.

(iii) Removal of the Clause 60(7) from the Bill on the. Basis that it is superfluous; and

(iv) Clause 66(1) to be re-framed as follows:

> (1) An executive Order, directive or direction issued or made under this Act may be questioned in proceedings under Article 126, 140 or 141 of the Constitution.

We place on record, our appreciation of the assistance given by the learned President's Counsel and learned Counsel who appeared for the Petitioners and also the learned Additional Solicitor General who represented the Hon. Attorney-General.

IMMIGRATION BILL: DETERMINATION OF THE SUPREME COURT

ගරු කථානායකතුමා
(மாண்புமிகு சபாநாயகர் அவர்கள்)
(The Hon. Speaker)

I wish to inform Parliament that I have received the Determination of the Supreme Court in respect of the Bill titled "Immigration", which was challenged in the Supreme Court in terms of Article 121(1) of the Constitution.

The Supreme Court has determined that,

- Clause 43(3), in its present form, is inconsistent with Articles 12(1) and 14(1)(i) of the Constitution. However, this inconsistency would cease if Clause 43(3) is replaced and a new Clause 43(4) is inserted in the terms set out in the Determination of the Supreme Court.

- Clause 169, in its present form, is inconsistent with Article 12(1) of the Constitution, having regard also to Article 76. However, this inconsistency would cease if Clauses 169(1) and 169(3) are amended in the manner specified in the Determination of the Supreme Court.

- Clauses 45 and 65, in their present form, are inconsistent with Article 12(1) of the Constitution. However, these inconsistencies would cease if Clause 45(1) is amended and the proposed provision concerning the costs of immigration facilities is inserted with appropriate numbering, as set out in the Determination of the Supreme Court.

- There is no other inconsistency with the Constitution on the grounds considered. Also, the Supreme Court records the undertaking to amend Clause 174 by deleting the word "written".

- Where the amendments necessary to remove the identified inconsistencies are not effected, the relevant provisions would require the special majority prescribed by Article 84(2) of the Constitution.

I order that the Determination of the Supreme Court be printed in the Official Report of today's proceedings.

Introduction

The Bill titled "Immigration" was published in the Gazette on 25.09.2026 and placed on the Order Paper of Parliament on 07.10.2026 in terms of Article 78(1) of the Constitution. The Petitioner invoked the jurisdiction of this Court under Article 121(1) of the Constitution on 20.10.2026, challenging the constitutionality of several clauses of the Bill. The matter was heard and concluded on 26.10.2026. Both parties filed written submissions on 29.10.2026.

A Bill on the same subject had previously been placed on the Order Paper of Parliament in 2024, and its constitutionality was considered by this Court in SC/SD/82/2024 upon a petition filed by the present Petitioner. Learned Deputy Solicitor General raised a preliminary objection to the maintainability of the present petition on that ground. We are unable to uphold this objection. The earlier Bill did not become law before the dissolution of Parliament. The jurisdiction conferred by Article 121 of the Constitution relates to a Bill placed on the Order Paper of Parliament as part of a particular legislative process. Where that process terminates without the Bill being enacted, the placing of a fresh Bill on the Order Paper of Parliament gives rise to a fresh opportunity to invoke the jurisdiction of this Court, subject to the time limit prescribed by Article 121(1) of the Constitution. A previous determination concerning a Bill which was not enacted does not, by itself, preclude a constitutional challenge to a subsequently introduced Bill.

Although the Petitioner challenged specific clauses in his petition, learned counsel for the Petitioner raised additional objections during oral argument and in his written submissions. The Court permitted him to advance those objections. Learned counsel clarified that his principal concern was the protection of the constitutional rights of Sri Lankan citizens rather than those of non-citizens.

For convenience, we shall consider the objections under four heads: (i) the right of citizens to return to Sri Lanka; (ii) ministerial powers, detention and criminal liability, including the power to make regulations; (iii) immigration zones at approved ports; and (iv) identifying information, data sharing and automated decision-making.

The Right of Citizens to Return to Sri Lanka

The Petitioner challenges clauses 43(3), 54(1), 67(3), 72(3), 73(3), 74(2), 80(c) and 80(k) as being inconsistent with Articles 12(1) and 14(1)(i) of the Constitution. Clause 42(1) recognises the right of a Sri Lankan citizen to enter Sri Lanka without a visa, while clause 42(2) places the burden of proving citizenship upon the person claiming to be a citizen. Clause 43(1) requires a citizen to produce a Sri Lankan travel document at the port of entry as evidence of citizenship. Where such a document cannot be produced, clause 43(2) requires the Controller General to conduct an investigation to ascertain the person's citizenship status.

Clause 43(3) provides:

"If the Controller General is satisfied with the person's citizenship status in Sri Lanka after an investigation conducted under subsection (2), the Controller General may permit the person to enter Sri Lanka, by issuing a temporary travel document as the Controller General thinks fit."

Article 14(1)(i) of the Constitution guarantees to every citizen the freedom to return to Sri Lanka. Clauses 42 and 43 must be read together. While clause 42 recognises the right of a citizen to enter Sri Lanka, clause 43 provides a mechanism for establishing citizenship where a travel document cannot be produced. However, the words "may permit" in clause 43(3) appear to confer upon the Controller General a discretion to refuse entry even after being satisfied that the person concerned is a Sri Lankan citizen. Once citizenship has been established, the exercise of the constitutional right to return to Sri Lanka cannot be left to the discretion of an executive officer. Accordingly, we determine that clause 43(3), in its present form, is inconsistent with Articles 12(1) and 14(1)(i) of the Constitution.

In paragraphs 104 and 105 of his post-hearing written submissions, learned Deputy Solicitor General undertook to replace clause 43(3) with the following provision:

"(3) If the Controller General is satisfied with the person's citizenship status in Sri Lanka after an investigation conducted under subsection (2), the Controller General shall permit the person to enter Sri Lanka."

He further undertook to introduce a new clause 43(4) as follows:

"(4) Such permission may be given by issuing a temporary travel document as the Controller General thinks fit."

These amendments make it clear that, once citizenship has been established, the Controller General is under a mandatory duty to permit the person concerned to enter Sri Lanka, while retaining discretion regarding the issue of a temporary travel document. If these amendments are effected, the inconsistency with the Constitution will cease.

The remaining clauses challenged under this head must be read subject to clauses 42 and 43, as proposed to be amended. None of those provisions can be construed as authorising the refusal of entry into Sri Lanka to a person whose Sri Lankan citizenship has been established.

Ministerial Powers, Detention, Offences and Regulations

The Petitioner also challenges clauses 45(1), 47(4), 65(4), 79, 80(h), 96(1)(f), 134, 142, 144, 146(2) and 169, relying on Articles 3, 4, 12(1), 13 and 76 of the Constitution. Clauses 45 and 65 will be considered separately under the heading "Immigration areas or zones at approved ports".

As already stated, learned counsel for the Petitioner made it clear at the hearing that his principal concern was the protection of the rights of citizens rather than those of non-citizens. Several of the impugned provisions relate primarily to the entry, stay, removal or detention of non-citizens. In this connection, it is relevant that Article 13(7) of the Constitution expressly recognises an exception in respect of arrest or detention pursuant to removal or deportation orders made under immigration legislation. The constitutional implications of other forms of detention may require separate consideration, which is unnecessary for the determination of the grounds advanced in the present application. In particular, clause 79 is expressly made subject to clauses 42 and 43, which recognise the right of citizens to enter Sri Lanka, while clause 94 excludes citizens from the application of Part VI, which includes clause 96(1)(f). These provisions cannot be construed as authorising the denial of a citizen's constitutional freedom to return to Sri Lanka once citizenship has been established. We therefore find no inconsistency on the grounds advanced, except in relation to clause 169, which requires separate consideration.

Clause 169(1) empowers the Minister to make regulations in respect of matters required or authorised to be prescribed under the Act and matters necessary for carrying out its provisions or "giving effect to the principles of this Act". Subsection (2) specifies particular matters in respect of which regulations may be made, including identifying information, temporary travel documents and facilities for the detention of non-citizens. Under subsection (3), regulations published in the Gazette shall be brought before Parliament for approval "as soon as convenient". Any disapproval operates prospectively, without prejudice to anything previously done under such regulations.

Learned counsel for the Petitioner submits that the reference to the undefined "principles" of the Act does not adequately circumscribe the Minister's regulation-making power. He further submits that the expression "as soon as convenient" prescribes no definite time limit for parliamentary scrutiny, unlike the forty-day period prescribed for certain Orders elsewhere in the Bill. This concern assumes particular significance in view of clause 134, under which contravention of a regulation or Order may attract criminal liability where no other penalty is specified.

The power to make subordinate legislation shall remain confined to the purposes and provisions of the parent Act. The words "giving effect to the principles of this Act", without further qualification, create uncertainty as to the scope of the Minister's regulation-making power. Further, although clause 169(3) requires parliamentary approval, it prescribes no definite period within which regulations shall be submitted to Parliament, unlike clauses 45(4) and 56(2), which prescribe a period of forty days for submitting the relevant Orders to Parliament for approval. This is particularly significant because regulations may operate before receiving parliamentary approval and their contravention may attract criminal liability under clause 134. In these circumstances, the scope and exercise of the delegated power, as well as the parliamentary supervision thereof, are insufficiently circumscribed. We accordingly determine that clause 169, in its present form, is inconsistent with Article 12(1) of the Constitution, having regard also to the limitations on the delegation of legislative power under Article 76.

The inconsistency in clause 169(1) may be removed by deleting the words "or giving effect to the principles of this Act", thereby confining the regulation-making power to matters required or authorised to be prescribed and matters necessary for carrying out the provisions of the Act.

The inconsistency in clause 169(3) may be removed by substituting the words "as soon as practicable and in any event not later than forty days after its publication in the Gazette" for the words "as soon as convenient after its publication in the Gazette". Clause 169(3) would then read:

"(3) Every such regulation shall, as soon as practicable and in any event not later than forty days after its publication in the Gazette, be brought before Parliament for approval. Any such regulation that is not so approved shall be deemed to be rescinded as from the date of disapproval, without prejudice to anything previously done thereunder."

If these amendments are effected, the inconsistencies identified above will cease. Subject to these amendments, we find no inconsistency on the grounds considered. In their absence, clause 169 will require the special majority prescribed by Article 84(2) of the Constitution.

Immigration Areas or Zones at Approved Ports

The Petitioner has challenged clauses 45 and 65, which principally relate to the designation of approved ports on private land and the responsibility for providing and maintaining immigration facilities. The Bill does not clearly distinguish between a port designated to meet a governmental requirement and a privately operated commercial port. The resulting uncertainty in the exercise of statutory powers renders these clauses, in their present form, inconsistent with Article 12(1) of the Constitution.

Learned Deputy Solicitor General explained that where a private party operates an approved port for profit, the owner or occupier may properly be required to provide and maintain the necessary immigration facilities. However, where a port is designated to meet a specific governmental requirement and is not privately operated for profit, the Government should bear such costs. Accordingly, in paragraph 110 of his written submissions, he undertook to add the words "subject to the law relating to land acquisition, where applicable" at the end of clause 45(1).

In paragraph 111 of his written submissions, he further undertook to introduce a provision allocating the costs of providing and maintaining immigration facilities. The proposed provision reads:

"The cost of providing and maintaining the immigration facilities and resources provided for in paragraph (b) of subsection (1) shall be borne by the owner or occupier of such approved port: Provided that where the approved port is declared by the Minister for a specific requirement of the Government, and is not operated by a private party for profit, the Government shall bear the cost of providing and maintaining the said immigration facilities and resources."

Since the Bill already contains a clause 65(4), which creates an offence and prescribes a penalty, the proposed provision shall be inserted with appropriate numbering and any necessary consequential renumbering.

If clause 45(1) is amended and the proposed provision concerning the costs of immigration facilities is inserted as set out above, the inconsistencies with Article 12(1) of the Constitution will cease.

Identifying information, data sharing and automated decision-making

The Petitioner challenges clauses 80(e), 81(1)(b), 172(1)(o), 173, 174 and 175 as being inconsistent with Articles 12(1), 13(1), 13(2) and 14(1)(i) of the Constitution. Similar

concerns were considered in the previous Special Determination, and safeguards have since been incorporated into the present Bill. Having considered these provisions in their statutory context, we find no inconsistency on the grounds advanced, subject to the clarification concerning clause 174 set out below.

Clause 174 authorises the Controller General to share identifying or other information with local or international law enforcement agencies, subject to an agreement governing the use, method of sharing and protection of such information, and compliance with the law relating to personal data protection in Sri Lanka. Learned counsel for the Petitioner expressed concern that the reference to "written law" might create uncertainty regarding the applicable data protection safeguards. In paragraph 116 of his written submissions, learned Deputy Solicitor General undertook to delete the word "written". Accordingly, the concluding words of clause 174 would read "in accordance with such law relating to personal data protection in Sri Lanka". We record this undertaking. The proposed deletion shall not dispense with compliance with the applicable legislation relating to personal data protection.

Summary

For the foregoing reasons, we determine as follows:

(1) Clause 43(3), in its present form, is inconsistent with Articles 12(1) and 14(1)(i) of the Constitution. These inconsistencies will cease if clause 43(3) is replaced and a new clause 43(4) is inserted in the terms set out above.

(2) Clause 169, in its present form, is inconsistent with Article 12(1) of the Constitution, having regard also to Article 76. This inconsistency will cease if clauses 169(1) and 169(3) are amended in the manner specified above.

(3) Clauses 45 and 65, in their present form, are inconsistent with Article 12(1) of the Constitution. These inconsistencies will cease if clause 45(1) is amended and the proposed provision concerning the costs of immigration facilities is inserted with appropriate numbering, as set out above.

(4) We find no other inconsistency with the Constitution on the grounds considered. We also record the undertaking to amend clause 174 by deleting the word "written".

Where the amendments necessary to remove the identified inconsistencies are not effected, the relevant provisions will require the special majority prescribed by Article 84(2) of the Constitution.

We place on record our appreciation of the assistance rendered by Mr Manohara Jayasinghe, learned Deputy Solicitor General, appearing for the Attorney-General, and Mr Pulasthi Hewamanna, learned counsel for the Petitioner.

අපගේ ලක්ෂ සංඛ්‍යාත ජනතාවගේ හදවත් තුළ බලාපොරොත්තුවේ නොනිමෙන අරුණාලෝකය දල්වන්නට අප සමත් වුණා. මීට දෙවසරකට පෙර අපේ රටේ සමස්ත ජනතාව අප වෙත තැබූ උදාර විශ්වාසයේ අපේක්ෂාවන් කොන්දේසි විරහිතව අප සඵල කරමින් සිටින බව සිහිපත් කරනවා.

දුප්පත්කම තුරන් කිරීම, සාධාරණ සමාජයක් ගොඩනැඟීම, අල්ලස හා දූෂණය මුලිනුපුටා දැමීම, ආර්ථික සංවර්ධනය වේගවත් කිරීම, ජනතාවගේ විශ්වාසය යළි තහවුරු කිරීම සහ සෑම පුරවැසියෙකුටම යහපත් ජීවිතයක් ගොඩනඟා ගැනීමට අවස්ථාව සැලසීම අපගේ මූලික අරමුණු අතර වෙනවා. එහෙත් ඒ සියල්ලටම පදනම විය යුත්තේ අධ්‍යාපනය තුළින් දැනුමෙන් සන්නද්ධ වූ, ගුණධර්මවලින් පිරිපුන්, විචාරශීලීව සිතන, නිර්මාණශීලීව කටයුතු කරන පුරවැසියන් සහ දූරදර්ශී නායකයන් බිහි කිරීමයි. අපට අවශ්‍ය වන්නේ දැනුමෙන් සහ බුද්ධියෙන් පොහොසත් වූ, නව අදහස් හා නව නිර්මාණ තුළින් ලෝකයට දායක වන, ජාත්‍යන්තර තලයේ ඕනෑම අභියෝගයකට මුහුණ දිය හැකි ප්‍රබුද්ධ ශ්‍රී ලාංකික පරම්පරාවක් ගොඩනැඟීමයි. ලෝකයේ කොතැනකදී හෝ ශ්‍රී ලාංකිකයෙකු හඳුනා ගන්නා විට, ඔහු හෝ ඇය දැනුමෙන්, බුද්ධියෙන් නිර්මාණශීලිත්වයෙන් සහ යහපත් ගුණධර්මවලින් හෙබි පුද්ගලයෙකු ලෙස පිළිගැනෙන තත්ත්වයක් නිර්මාණය කිරීමයි.

ශ්‍රී ලාංකික අනන්‍යතාව යනු බුද්ධිමත්භාවයේත්, ගුණවත්භාවයේත්, විශිෂ්ටත්වයේත් සංකේතයක් බවට පත් කිරීමයි. ඒ සියල්ල තුළින් සැබෑ පුනරුදයක් නිර්මාණය කිරීම අපගේ අය වැයේ මූලික අරමුණයි. මන්ද, පුනරුද යුගයක් ඇති කිරීම යනු හුදු ආර්ථික දර්ශකවල හෝ සංඛ්‍යා ලේඛනවල වෙනසක් පමණක් නොවෙයි. එය මිනිසාගේ චින්තනයේ, දැනුමේ, ආකල්පවල සහ හැසිරීමේ වෙනසක් ඇති කරන, රටේ සංස්කෘතික, බුද්ධිමය සහ කලාත්මක ජීවිතයට නව පණක් ලබා දෙන පුළුල් සමාජ පරිවර්තනයක්.

21 වන සියවසේ ශ්‍රී ලංකාව ලෙස අපි අත්පත් කර ගත යුතුව තිබූ සංවර්ධනය කරා, අප සැම එකතු වී සාමූහික ජනතා මැදිහත්වීමකින් මේ රට ඉදිරියට රැගෙන යා යුතුව තිබෙනවා.

මෙම ගමනේ දී අපට පළමුවෙන්ම කරන්නට සිදු වූයේ දේශපාලන සංස්කෘතියේ මූලික පරිවර්තනයක් ඇති කිරීමයි. නිදහසින් පසු ඉතිහාසයේ පළමු වතාවට, දූෂිත ප්‍රභූ පවුල් කීපයක් අත තිබූ රාජ්‍ය පාලනය වෙනුවට සැබෑ ජනතා පාලනයක් බිහි කිරීමට මෙරට ජනතාව අපට වරමක් ලබා දුන්නා.

අපට අවශ්‍ය වන්නේ හුදෙක් ආදායම් රැස්කරන රාජ්‍යයක්ම නොවෙයි. එකතු කරන සෑම බදු රුපියලකටම ජනතාවට වටිනාකමක් ලබා දෙන රාජ්‍යයක්. අපට අවශ්‍ය වන්නේ විශාල රාජ්‍ය යාන්ත්‍රණයක් නොවෙයි; කාර්යක්ෂම, විනිවිදභාවයෙන් යුත්, ජනතාවට වග කියන රාජ්‍ය යාන්ත්‍රණයක්. ජනතාවගේ මුදල්වල සැබෑ අයිතිකරුවන් මේ රටේ පුරවැසියන් බව රාජ්‍ය පාලනයේ සෑම මට්ටමකදීම පිළිගැනීම අපේ ප්‍රතිපත්තියයි.

ගරු කථානායකතුමනි, අපේ රටේ ආර්ථිකය පරිවර්තනීය යුගයකට ගෙන යාමට අවශ්‍ය විශ්වාසය, අත්දැකීම්, ආර්ථික පදනම සහ ස්ථාවරත්වය අද අපට තිබෙනවා. 2027 වර්ෂය සඳහා අප ඉදිරිපත් කරන අය වැය, එම පදනම් මත ගොඩනැඟෙන ඉදිරි පියවරයි. ඒ නිෂ්පාදන ආර්ථිකය ශක්තිමත් කරන, සුළු හා මධ්‍ය පරිමාණ කර්මාන්තකරුවන් ආරක්ෂා කරන, ආයෝජන සඳහා ඉඩ සලසන, ඩිජිටල් ආර්ථික කටයුතු මඟින් දැනුම හා තාක්ෂණය ආර්ථිකයට සම්බන්ධ කරන, පරිසරය ආරක්ෂා කරන සහ සමාජ සාධාරණත්වය තහවුරු කරන අය වැයක් බවට පත් කිරීම අපේ අපේක්ෂාවයි.

අප ඉදිරිපත් කරන සෑම අය වැය යෝජනාවක්ම එකිනෙකට සම්බන්ධ වූ පොදු අරමුණක් කරා ගමන් කරන අඛණ්ඩ වැඩ පිළිවෙළක කොටස්. එමෙන්ම මේ අය වැය එක් පුද්ගලයෙකුගේ හෝ එක් පාර්ශ්වයක අදහස් මත පමණක් සකස්වූවක් නොවෙයි. එය විවිධ පාර්ශ්වයන්ගේ අදහස්, යෝජනා සහ අත්දැකීම් එක් කර ගනිමින්, සාමූහිකව සකස් කළ වැඩ පිළිවෙළක්. අප වෙත ඉදිරිපත් වූ සෑම යෝජනාවක් කෙරෙහිම නිසි අවධානය යොමු කර තිබෙනවා. අපගේ ප්‍රතිපත්තිමය ප්‍රමුඛතා, පවතින සම්පත්, මූල්‍ය අවකාශය හා ක්‍රියාත්මක කිරීමේ හැකියාව මත පදනම්ව සකස් කර තිබෙනවා.

ගරු කථානායකතුමනි, අප රටේ මේ ආර්ථික ස්ථාවරත්වය ගොඩනඟා ගනු ලැබුවේ වඩාත් අසීරුතම අවධියක දී බව පැවසීම අතිශයෝක්තියක් නොවෙයි. මැද පෙරදිග ඇවිළෙමින් පවතින යුද්ධය වෙන කවරදාකටත් වඩා දිග්ගැස්සෙමින් ලෝකයේ විශාල අවිනිශ්චිතතාවක් නිර්මාණය කරමින් පවතිනවා. හෝර්මුස් සමුද්‍ර සන්ධිය වැසීම නිසා ලෝකය පුරා සිදු වන බනිජ තෙල් ප්‍රවාහනයෙන් සියයට 20කට ආසන්න ප්‍රමාණයකට බලපෑම් සිදුව තිබෙනවා. ඒ අනුව ඉන්ධන මිල, ප්‍රිමියම් අගය, නැව් හා රක්ෂණ ගාස්තු ඉහළ යාම, අපගේ බලශක්ති වෙළෙඳ පොළට ඉතාමත් අහිතකර බලපෑමක් ඇති කළා. එමඟින් අපේ ආර්ථිකයටත්, ජන

ජීවිතයටත් ඇති වූ පීඩනයෙන් තවමත් අපට මිදීමට නොහැකි වී තිබෙනවා. මේ හේතුවෙන් ජනතාවට හා ආර්ථික ස්ථාවරභාවයට සිදු වන බලපෑම අවම කිරීමට රුපියල් බිලියන 147කට වැඩි මුදලක් අපි වැය කළා.

ජනතාවට සහනාධාර වෙනුවෙන්, කර්මාන්තකරුවන්ට සහනාධාර වෙනුවෙන්, ධීවර, කෘෂි ක්ෂේත්‍රවලට සහනාධාර වෙනුවෙන් අපි රුපියල් බිලියන 147ක් වැය කළා, මේ ඉන්ධනවලින් ඇති වන බලපෑම අවම කරන්න.

එමෙන්ම, පශ්චාත් ආපදා අවශ්‍යතා තක්සේරු - PDNA - වාර්තාව අනුව, දිටිවා සුළි කුණාටුවෙන් නිවාස, කර්මාන්ත, දුම්රිය, මාර්ග පද්ධති, කෘෂි කර්මාන්තය, අධ්‍යාපනය හා සෞඛ්‍ය පද්ධතියට වූ හානිය, ඩොලර් බිලියන 2ක් සහ ආර්ථික අලාභය ඩොලර් බිලියන 1.4ක් සමඟ එකතුව ඩොලර් බිලියන 3.4ක් - රුපියල් ට්‍රිලියන 1.022ක් - පමණ බවට ඇස්තමේන්තු කර තිබෙනවා.

මේ සියලු අහිතකර තත්ත්වයන්ට මුහුණ දෙමින් ආර්ථික ස්ථාවරත්වය ගොඩනඟා ගැනීමට අපට හැකියාව ලැබී තිබෙනවා.

ගරු කථානායකතුමනි, ලෝක කාලගුණ විද්‍යා සංවිධානය පුරෝකථනය කර ඇති පරිදි මේ වන විට ඇති වී තිබෙන එල් නිනෝ කාලගුණික තත්ත්වය 2027 පෙබරවාරි මාසයේ දී උච්චතම තත්ත්වය දක්වා ළඟා වීමේ සම්භාවිතාව සියයට 100ක් බව තහවුරුකොට තිබෙනවා. මේ එල් නිනෝ කාලගුණික තත්ත්වය කෘෂි කර්මාන්තයට, ආහාර මිල ගණන්වලට, ජල සම්පත්වලට සහ ජල විදුලියට අහිතකර බලපෑම් ඇති කිරීමේ අවදානමක් පවතිනවා. මෙවැනි, ගෝලීය මට්ටමින් මෙන්ම දේශීයව ඇති විය හැකි අවදානම් කල්තියා හඳුනාගෙන, ඒවාට මුහුණ දීමට සමත් ලෙස ආර්ථිකය තවදුරටත් ස්ථාවර කිරීම අපගේ ප්‍රමුඛතම වගකීමක් ලෙස සලකනවා.

අපගේ ඉලක්කය වන්නේ අද තිබෙන ආර්ථික අභියෝග කළමනාකරණය කිරීම මෙන්ම අනාගත පරම්පරාවට නැවතත් පෙර පැවති ආර්ථික අර්බුදයකට මුහුණ දීමට සිදු නොවන රටක් බවට පරිවර්තනය කිරීමයි. "පොහොසත් රටක් - ලස්සන ජීවිතයක්" යන අපේ ප්‍රතිපත්ති ප්‍රකාශයේ හරය වන්නේ ආර්ථික දර්ශකයන්හි කාර්යසාධනය ඉහළ නැංවීම පමණක් නොව ගෞරවයෙන් හා අභිමානයෙන් ජීවත්වීමට හැකි සමාජයක් හා අනාගතය පිළිබඳව විශ්වාසයකින් යුතු රටක් නිර්මාණය කිරීමයි.

මෙවර අය වැයේ මූලික අරමුණ වන්නේ ආර්ථික ස්ථාවරත්වයේ සිට පරිවර්තනය කරා යොමු කිරීමයි. ආයෝජන, අපනයන, ඵලදායී රැකියා, සමාජ සුබසාධනය සහ තිරසාරත්වය යනාදී සෑම ක්ෂේත්‍රයකම ප්‍රගතිගාමී පරිවර්තනයක් අත්පත් කර ගැනීමයි.

ගරු කථානායකතුමනි, පසුගිය දෙවසර තුළ සාර්ව ආර්ථිකයේ කැපී පෙනෙන ස්ථාවරත්වයක් අත්පත් කර ගැනීමට අපගේ රජය සමත් වී තිබෙනවා. ඒ අනුව;

[ගරු අනුර කුමාර දිසානායක මහතා]

ගරු කථානායකතුමනි, එහෙත් අපට ඉතාම ඛේදනීය ඉතිහාස කථාවක් තිබෙනවා, SriLankan Airlines පිළිබඳව. ශ්‍රීලන්කන් ගුවන් සමාගම 2008 වසරේදී ආපසු පවරා ගත් දින සිට 2025 දක්වා සමුච්චිත අලාභය රුපියල් බිලියන 528කි. හොඳට තේරුම් ගන්න. 2008දී එම්රේට්ස් ආයතනයෙන් මේ ශ්‍රීලන්කන් ආයතනය ආණ්ඩුවට පවරා ගත්තේ ඇයි? එක් නායකයෙකුගේ තිබුණු උද්ධච්චකම නිසා බව මතක තබාගන්න. වෙන මොකවත් නිසා නොවෙයි. තමන්ට හදිසියේ, තමන්ගේ ආරක්ෂකයන්ට ගුවන් යානයේ seat ලබා නොදීම නිසා තීරණය කළා, එම්රේට්ස් ආයතනය පවරාගන්න. පවරාගත්තාට පසුව අද අලාභය කීයද? මේ වන විට අලාභය රුපියල් බිලියන 528ක් වෙනවා.

ඒ අනුව, ශ්‍රීලන්කන් ගුවන් සමාගම මහා භාණ්ඩාගාරයට බරක් වී තිබෙනවා. ඒ සඳහා අවශ්‍ය වන විසඳුම් සෙවීමට මේ වන විට අමාත්‍ය මණ්ඩලය විසින් විශේෂඥ කමිටුවක් පත් කර තිබෙනවා. මා දන්නවා කබීර් හෂීම්, ඔබ අමාත්‍යවරයා හැටියට ඉන්නකොට එයාර්බස් මිලදී ගැනීම පිළිබඳ ගනුදෙනුව cancel කරන එක ඇමතිවරයා වූ ඔබ දන්නේ නැහැ කියා. ඔබ නොදැන ඒක වුණේ. එයාර්බස් මිලදී ගන්නකොටත් ගනුදෙනුව සිද්ධ වුණා, එයාර්බස් cancel කරනකොටත් ගනුදෙනුව සිද්ධ වුණා. එහෙමයි මේ රටට හානිය ගෙනැත් දුන්නේ, මේ පාලකයන්.

ඒ නිසා අදත් අපේ රටේ මහජනයාගේ බදු මුදල්වලින් බිලියන ගණනක් අපට වැය කරන්න සිද්ධ වෙලා තිබෙනවා, SriLankan Airlines එක නඩත්තු කිරීම වෙනුවෙන්. මුළු අවුරුදු 17ටම, 2025ට ගත්තොත් අවුරුදු 18ටම SriLankan Airlines එකේ බිලියන 528ක පාඩුවක් ඇති වී තිබෙනවා. ඒ නිසා මේ පාර්ලිමේන්තුවේ සිටින අපි හැමදෙනාම SriLankan Airlines එකට කරන්නේ කුමක්ද කියන එක පිළිබඳව සාකච්ඡා කළ යුතුයි. අපි ඒ සඳහා කමිටුවක් පත් කරලා තිබෙනවා. අපි ඔබතුමන්ලාට කමිටුවේ වාර්තාව ඉදිරිපත් කරන්නම්. තවදුරටත් අපේ රටේ භාණ්ඩාගාරයට මේ බර ඔරොත්තු දිය හැකි ද කියන එක පිළිබඳව අපි කල්පනා කරන්න ඕනෑ.

- ලෝක බැංකුව විසින් ශ්‍රී ලංකාව, 2020 වසරේදී ඉහළ මැදි ආදායම් ලබන රටක තත්ත්වයේ සිට පහළ මැදි ආදායම් ලබන රටක් ලෙස වර්ගීකරණය කරනු ලැබුවා.

ආර්ථිකය යළි ප්‍රකෘතිමත් කිරීම පිළිබිඹු කරමින්, 2026 වසරේදී යළි ඉහළ මැදි ආදායම් ලබන රටක් ලෙස ශ්‍රී ලංකාව වර්ගීකරණය ඉහළ දැමුවා.

එයින් කියවෙන්නේ, අපේ ආර්ථිකය ඉහළට යන බවයි. ඒ නිසා ජාත්‍යන්තර දත්ත සියල්ල විසින් අපේ රට පිළිබඳ ඉතාමත් හොඳ ප්‍රතිරූපයක් නිර්මාණය කරමින් තිබෙනවා. එහි ප්‍රතිඵලයක් විධියට තමයි, මරණ දණ්ඩනයට නියම වූ තරුණයා නිදහස් කර ගැනීමට අපට හැකියාව ලැබුණේ. ඒ සඳහා ජාත්‍යන්තර ප්‍රතිරූපය වැදගත්. මෑත පෙරදිග ඇති වූ යුද ගැටුම් මේ කලාපය ආසන්නයටත් ආවා. ඒ ගැටුම් හමුවේ අපි කිසිදු බලවත් රාජ්‍යයකට යටත් නොවී, අපේ ස්වෛරීත්වය ආරක්ෂා කර ගනිමින් තීන්දු ගත්තා. ඒක ලෝකයේ විශාල බලවත් රාජ්‍යයන්ගේ පැසසුමට සහ ඇගැයීමට භාජන වී තිබෙනවා. එහෙමයි අපේ රට ලෝකය ඉස්සරහ කටයුතු කරන්නේ.

අපට පොහොර ආනයනයේදී තිබුණු බාධා ඉවත් කරලා දෙන්න සමහර රාජ්‍යයන් කටයුතු කරලා තිබෙනවා. ඒ කියන්නේ මොකක්ද? අවුරුදු දෙකක් ඇතුළත ශ්‍රී ලංකාව ජාතික සහ ජාත්‍යන්තර වශයෙන් ඉතාම ඉහළ ස්ථානයකට ඔසවා තබන්න අපේ පාලනය සමත් වී තිබෙන බවයි.

ගරු කථානායකතුමනි, අපගේ රාජ්‍ය මූල්‍ය ප්‍රතිපත්තියේ සාර්ථකත්වය මනින නිර්ණායකයන් ඉහත කරුණු පමණක් නොවෙයි. පීඩාවට පත් වූ දරුවන්, වැඩිහිටියන්, ආබාධ සහිත පුද්ගලයන්, දිගු කාලීන රෝගාබාධයන්ට ගොදුරු වූ පිරිස්, අඩු ආදායම්ලාභී කුටුම්භ සහ ආපදාවලින් ජීවනෝපාය අහිමි වූ පවුල් වෙත රජය සහාය දැක්වීම හා රැකබලා ගැනීම ඒ තරමටම වැදගත් වෙනවා.

2025 අය වැයෙන් අප ආර්ථික ස්ථාවරත්වය හා සමාජ සාධාරණත්වය සඳහා අඩිතාලමක් දමනු ලැබුවා. 2026 අය වැයෙන් නිෂ්පාදනය, ආයෝජනය, ඩිජිටල්කරණය හා ආයතනික ප්‍රතිසංස්කරණ සඳහා වැඩි අවධානයක් යොමු කළා. 2027 අය වැයෙන් අප යෝජනා කරන්නේ, මෙතෙක් අප අත්පත් කරගෙන ඇති ආර්ථික ස්ථාවරභාවය මත පදනම්ව නිෂ්පාදනය ඉහළ නැංවීම, ආර්ථිකයේ කොටස්කරුවන් ලෙස ජනතාව සහභාගි කරවා ගැනීම, ආර්ථිකයේ අත්පත් කරගන්නා ජයග්‍රහණ ජනතාවට සාධාරණ ලෙස බෙදී යාම හා ජාතික ආර්ථිකයේ ස්වෛරීත්වය අත්පත් කර ගැනීම සඳහා අවශ්‍ය නව ආර්ථික පරිවර්තනයක් වෙනුවෙන් වූ, ප්‍රතිසංස්කරණ හා යෝජනා ක්‍රියාවට නැංවීමයි. එයයි 2027 අපේ අය වැය ලේඛනයේ අපේක්ෂාව.

ආර්ථික පරිවර්තනය යනු තවත් වියදම් ලැයිස්තුවක් ඉදිරිපත් කිරීම නොවෙයි. මතක තබාගන්න, රජය විසින් සිදු කරන ලද සියලු ආයෝජනයක්ම, ලබා දෙනු ලබන සෑම බදු සහනයක්ම, ලබා ගනු ලබන සෑම ණය ගැනීමක්ම සහ යෝජනා කරනු ලබන සියලු සමාජ ආරක්ෂණ වැඩසටහනක්ම ඒ තුළින් ඇති වන ආර්ථික හා සමාජ ප්‍රතිලාභ මත තක්සේරු කරනු ලැබීමයි.

ආයෝජනයට, ආර්ථික සාධාරණත්වයට, ආර්ථික ස්ථාවරභාවයට ණය ගැනීම, ආයෝජන, බදු සහන ඒ මත තබලා තමයි අපි මේවා ලබා දෙන්නේ. ඉතිහාසයේ එහෙම වුණේ නැහැ. මිතුරන්ට බදු සහන ලබා දෙනවා. තමන්ට වුවමනා විධියට එක එක යෝජනා ගෙනාවා. මම පසුව කියන්නම්, මොනවාද වෙලා තිබෙන්නේ කියලා. අපි ආයෝජනය කරන සෑම රුපියලක්ම අපේ රටේ ආර්ථිකයට, සමාජ ජීවිතයට ඉදිරියට යන්න මොන තරම් බලපෑමක් කරනවාද කියලා කල්පනා කරලා තමයි අපි ආයෝජනය කරන්නේ.

ගරු කථානායකතුමනි, ජනතාව ආර්ථික අර්බුදය සමයේ දරා ගත්, මේ මොහොතේදීත් දරා ගනු ලබන සියලු කැපවීම් සදාකාලික කැපවීම් බවට පත් කිරීම අපේ අරමුණ නොවේ. මා දන්නවා, මේ ව්‍යායාමය දරනකොට ජනතාව විශාල කැපකිරීම් කරලා තිබෙන බව. අපේ අරමුණ මේක ඔවුන්ගේ සදාකාලික කැපකිරීම් බවට පරිවර්තනය කිරීම නොවෙයි. ආර්ථික ස්ථාවරත්වය, වඩා හොඳ රැකියා, සාධාරණ ආදායම්, ගුණාත්මක රාජ්‍ය සේවාවක්, ආරක්ෂිත සමාජ පරිසරයක් සහ අනාගත පරම්පරාවට තිරසර අනාගතයක් ගොඩනැංවීම අපගේ යුතුකම වෙනවා. ජනතාවගේ කැපකිරීම්වලට අපි අපේ සාධාරණය ඉටු කළ යුතු වෙනවා, ගරු කථානායකතුමනි.

2. 2027 අය වැයෙහි උපායමාර්ගික අරමුණු 7ක්.

ගරු කථානායකතුමනි, 2026 වසර සඳහා වූ අය වැය මෙම ගරු සභාවට ඉදිරිපත් කළ අවස්ථාවේදී, අභ්‍යන්තර හා බාහිර අභියෝග හමුවේ නොසැලී ඉදිරියට යා හැකි ආර්ථිකයක් ගොඩනැඟීමේ අවශ්‍යතාවය අප අවධාරණය කළා. 2025 වසර අවසානයේදී දිට්වා සුළි කුණාටුව අපගේ ජන ජීවිතයට, නිෂ්පාදන කටයුතුවලට සහ යටිතල පහසුකම්වලට දැඩි බලපෑමක් එල්ල කළා. 2026 වසරේ මුල් භාගයේ උත්සන්න වූ මැද පෙරදිග ගැටුම් හේතුවෙන් බලශක්ති මිල, ආනයන වියදම් සහ සැපයුම් දාම මත නව පීඩනයක් ඇති වුණා.

දිට්වා සුළි කුණාටුව වැනි ආපදාවකට මුහුණ දීමේදී රජයකට වැදගත් වූයේ රාජ්‍ය මූල්‍ය අවකාශය අප කල්තියා ගොඩනඟා තිබීමයි.

සමහර අය ඇහුවා, ඇයි භාණ්ඩාගාරයේ සල්ලි තියාගෙන ඉන්නේ කියලා. එහෙම තමයි. හදිසියකදී උපයෝගී කරගන්න මුදල් සංචිතයක් භාණ්ඩාගාරය සතුව තිබිය යුතුයි. එමඟින්, ආපදාවෙන් විපතට පත් ජනතාවට සහන සැලසීමටත්, අත්‍යවශ්‍ය සේවා පවත්වාගෙන යාමටත්, ප්‍රතිසංස්කරණ කටයුතු සඳහා ප්‍රමුඛතා අනුව සම්පත් යෙදවීමටත් අවශ්‍ය මූල්‍ය හැකියාව ශක්තිමත් කරගැනීමට අපට හැකි වුණා. අපි දිට්වා සඳහා රුපියල් බිලියන 500ක පරිපූරක ඇස්තමේන්තුවක් ඉදිරිපත් කළා, ශතයක් අලුතෙන් ණය ගැනීමට යෝජනා කරන්නේ නැතුව. ඒක තමයි, මූල්‍ය අවකාශයට තිබුණු බලය.

ශ්‍රී ලංකාව දිගු කාලයක් තිස්සේ මුහුණ දුන් මූලික ව්‍යුහාත්මක සාර්ව ආර්ථික ගැටලුව වූයේ අය වැය හිඟය, ගෙවුම් ශේෂය හා ජංගම ගිණුම තුළ පැවති හිඟයයි. නිවැරදි ආදායම් හා වියදම් ප්‍රතිපත්ති මඟින් අය වැය හිඟය සැලකිය යුතු ලෙස අඩු කර ගැනීමට අපිට හැකි වුණත්, විදේශීය අංශය තවමත් අවශ්‍ය පරිදි ශක්තිමත් වී නැහැ. අපි පිළිගන්නවා, විදේශ අංශය තවමත් අවශ්‍ය පරිදි ශක්තිමත් වී නැහැ කියලා.

[ගරු අනුර කුමාර දිසානායක මහතා]

2025 වසරේ පළමු මාස නවය තුළ ජංගම ගිණුමේ ඩොලර් මිලියන 1,853ක අතිරික්තයක් වාර්තා වූ නමුත්, 2026 වසරේ අදාළ කාලයේ දී ඩොලර් මිලියන 420ක හිඟයක් වාර්තා වුණා. රාජ්‍ය මූල්‍ය අංශයේ අත්පත් කර ගත් ප්‍රගතිය, විදේශ අංශය ශක්තිමත් කරන ව්‍යුහාත්මක පරිවර්තනයකට පදනම කර ගත යුතුයි.

අපි රට තුළ ආර්ථිකය ශක්තිමත් කරගෙන තිබුණත් අපිට විදේශීය ආර්ථිකයට, විදේශීය අංශයට බලපෑමක් ඇවිල්ලා තිබෙනවා. ඒ නිසා අපි රට ඇතුළේ අත්පත් කර ගන්නා මූල්‍ය ස්ථාවරත්වය උපයෝගී කර ගන්න ඕනෑ කොහොමද, අපේ විදේශ සංචිත ශක්තිමත් කර ගැනීම වෙනුවෙන්. ඒ පිළිබඳ මේ අය වැය ලේඛනයෙන් අපි අවධානය යොමු කරලා තිබෙනවා.

වර්තමානයේ දී ලෝක ආර්ථිකය පවතින තත්ත්වය දෙස බැලීමේදී ද මේ අවශ්‍යතාවය තවදුරටත් පැහැදිලි වෙනවා. ජාත්‍යන්තර මූල්‍ය අරමුදල මඟින් 2026 වසරේ ඔක්තෝබර් මාසයේ නිකුත් කළ ලෝක ආර්ථික ඉදිරි දැක්ම අනුව ගෝලීය ආර්ථික වර්ධනය 2026 වසරේ දී සියයට 3.1ක් දක්වා මන්දගාමී වනු ඇතැයි අපේක්ෂා කරනවා. යුද ගැටුම් උත්සන්න වීම, බලශක්ති හා ආහාර මිල ඉහළ යාම සහ ජාත්‍යන්තර වෙළෙඳාමේ අවිනිශ්චිතතාව වැනි අවදානම තවමත් පවතිනවා. මෙම තත්ත්වයට ඔරොත්තු දීමට සමත් දිගු කාලීන සැලැස්මක් අපට අවශ්‍යව තිබෙනවා.

2.1 සාර්ව ආර්ථික ස්ථාවරත්වය ආරක්ෂා කිරීම සහ ආර්ථිකයේ ඔරොත්තු දීමේ හැකියාව ශක්තිමත් කිරීම

සාර්ව ආර්ථික සහ රාජ්‍ය මූල්‍ය ස්ථාවරත්වය ආරක්ෂා කරමින්, ණය තිරසරභාවය තහවුරු කිරීම සහ අනාගත අභ්‍යන්තර හා බාහිර කම්පනවලට මුහුණ දීම සඳහා ශ්‍රී ලංකාව සූදානම් කිරීම අපගේ ප්‍රධාන අරමුණක්. ඒ සඳහා තිරසර රාජ්‍ය ආදායමක්, විචක්ෂණශීලි වියදම් කළමනාකරණයක්, සැලසුම් සහගත ණය ගෙවීම්, ප්‍රමාණවත් රාජ්‍ය මූල්‍ය අවකාශයක් සහ ශක්තිමත් විදේශ සංචිත අත්‍යවශ්‍ය වෙනවා. මිල ස්ථාවරත්වය ආරක්ෂා කිරීමේ දී ශ්‍රී ලංකා මහ බැංකුවේ නීතිමය වගකීම්වලට ගරු කරමින්, රාජ්‍ය මූල්‍ය හා මුදල් ප්‍රතිපත්ති අතර ප්‍රමාණවත් සම්බන්ධීකරණයක් පවත්වා ගැනීම ද වැදගත් වෙනවා.

මධ්‍යම රජයේ ණය, ආර්ථිකය අර්බුදයට ඇද දැමූ 2022 වසරේ දී සියයට 114ක් විය. ණය තිරසරභාවයේ දී සැලකිල්ලට භාජනය වනුයේ දළ දේශීය නිෂ්පාදිතයේ හා රජයේ ආදායම් ප්‍රමාණයට සාපේක්ෂව ණය ආපසු ගෙවීමට ඇති හැකියාව හා ආසන්නයේම ඇති ණය සේවා පියවීමට ප්‍රමාණවත් ද්‍රවශීලතාවක් තිබේද යන්නයි. අපට අපේ ජාතික නිෂ්පාදිතයේ ප්‍රතිශතයක් හැටියට ණය ප්‍රමාණය අඩු වුණාට වැඩක් නැහැ. ආසන්නම ණය ගෙවීම සඳහා අපිට ශක්තිමත් ද්‍රවශීලතාවක් තිබෙනවාද? ආර්ථිකයේදී ඒක වැදගත් වනවා.

ජාත්‍යන්තර මූල්‍ය අරමුදලත් එක්ක අපේ පළමු එකඟතාවයේ දී, රාජ්‍ය ණය 2032 වන විට සියයට 95 දක්වා මට්ටමට ළඟා කර ගැනීම විස්තීර්ණ ණය පහසුකම් වැඩසටහනේ ඉලක්කයයි. ජාත්‍යන්තර මූල්‍ය අරමුදල සහ අපි අතර බැඳුණු ඉලක්කය තමයි, 2032 වන විට අපේ රාජ්‍ය ණය ප්‍රමාණය සියයට 95 දක්වා අඩු කර ගැනීම.

රාජ්‍ය මූල්‍ය කළමනාකරණයේ ප්‍රගතියට අනුව මෙය සියයට 87ක් දක්වා අඩු වේ යැයි ජාත්‍යන්තර මූල්‍ය අරමුදලේ - IMF - හය වන සමාලෝචනයෙන් පුරෝකථනය කර තිබෙනවා. 2032දී සියයට 95ක ඉලක්කය දැන් පුරෝකථනය කරනවා, සියයට 87කට අඩු කර ගත හැකිවේවි කියලා.

රාජ්‍ය ණය කළමනාකරණ කාර්යාලයේ මූලිකත්වයෙන් ණය තිරසරභාවය පවත්වා ගැනීම සඳහා වාර්ෂික ණය ගැනීමේ සැලසුම් හා උපාය මාර්ග ක්‍රියාත්මක කරමින් තිබෙනවා. 2025 වසරේ දී මධ්‍යම රජයේ ණය ප්‍රතිශතය සියයට 95ට ළඟා වී තිබුණා. සමස්ත විදේශීය ණය සේවාකරණය 2025 වසරේ දී ඩොලර් මිලියන 3,707ක් වූ අතර, - 2025දී අපි ඩොලර් මිලියන 3,707ක ණය ගෙව්වා - 2026 වසරේ දී ඩොලර් මිලියන 3,591ක අගයක් විය. - ණය ගෙව්වා - ඉදිරියේදී 2027 වසරේ දී සහ 2028 වසරේ දී පිළිවෙළින් ඩොලර් මිලියන 2,986ක් සහ ඩොලර් මිලියන 3,574ක් වේ. මෙම ණය සේවාකරණය සඳහා අවශ්‍ය ස්ථාවරත්වයක් අප සතුව පවතිනවා.

2025 සහ 2026 අපි ණය ගෙව්වාට වඩා අඩුවෙන් තමයි අපිට 2027දී සහ 2028දී ණය ගෙවන්න සිදු වෙන්නේ. මෙතැන මා දැක්කා, 2028දී අපිට ණය ගෙවා ගන්න බැරි අර්බුදයක් මතු වෙනවා කියලා නිරන්තරයෙන් සාකච්ඡා කරනවා. හැබැයි, අපි 2025 සහ 2026 ණය ගෙව්වාට වඩා අඩුවෙන් තමයි 2027 දී සහ 2028දී ණය ගෙවන්න සිදු වෙන්නේ. ඒ නිසා 2025දී සහ 2026දී ණය ගෙවීමේ හැකියාව තිබුණා නම් අපිට ඉදිරි වසරවලටත් ණය ගෙවීමට සමත් වෙන ද්‍රවශීලතාවක් අපි සතුව තිබෙනවා.

2.2 ආයෝජන, නිෂ්පාදනය සහ අපනයන මූලික කරගත් ආර්ථික වර්ධනය වේගවත් කිරීම

ගරු කථානායකතුමනි, අපගේ ඉලක්කය වන්නේ ඉහළ ඵලදායීතාවකින් යුතු, අපනයන තරඟකාරිත්වයක් සහිත නිෂ්පාදන ආර්ථිකයක් කරා ව්‍යුහාත්මක පරිවර්තනය වේගවත් කිරීමයි.

දේශීය හා විදේශීය පෞද්ගලික ආයෝජන පුළුල් කිරීම, අපනයන භාණ්ඩ සහ වෙළෙඳපොළ විවිධාංගීකරණය කිරීම, ජාත්‍යන්තර වශයෙන් අගය දාම සමඟ සම්බන්ධ වීම සහ වැඩි අගය එකතු කිරීමක් සහිත කර්මාන්ත හා සේවා ප්‍රවර්ධනය කිරීම මෙහි මූලික අංශ වෙනවා. සුළු හා මධ්‍ය පරිමාණ ව්‍යාපාරයන්ට මූල්‍ය ප්‍රවේශය පුළුල් කිරීම, ආයෝජකයන්ට පැහැදිලි, විනිවිදභාවයෙන් යුතු ආයෝජන පරිසරයක් නිර්මාණය කිරීම අපේ අපේක්ෂාව වෙනවා.

2.3 තාක්ෂණය, නවෝත්පාදනය සහ මානව ප්‍රාග්ධනය තුළින් ඵලදායීතාව ඉහළ නැංවීම

අධ්‍යාපන, නිපුණතා සංවර්ධනය, පර්යේෂණ, නවෝත්පාදනය සහ ඩිජිටල් පරිවර්තනය ශක්තිමත් කරමින් ජාතික ඵලදායීතාව ඉහළ නැංවීම, රාජ්‍ය සේවා නවීකරණය, ඩිජිටල් යටිතල පහසුකම් පුළුල් කිරීම, නව තාක්ෂණ භාවිතය දිරිගැන්වීම සහ අධ්‍යාපන ආයතන, පර්යේෂණ ආයතන සහ කර්මාන්ත අතර සහයෝගිතාව ශක්තිමත් කිරීම සඳහා අප ප්‍රමුඛතාවය ලබා දෙනවා.

විශේෂයෙන් අපේ තරුණ පරපුරට වෙනස් වන දේශීය හා ගෝලීය රැකියා වෙළෙඳපොළට අවශ්‍ය නිපුණතා ලබාදීමත්, දැනුම හා නවෝත්පාදන, ආදායම් ජනිත කරන නව ව්‍යවසායකයන් බවට පරිවර්තනය කිරීමත් අත්‍යවශ්‍ය වෙනවා. තාක්ෂණික හැකියාවෙන් යුතු ශ්‍රම බලකායක් සහ වැඩි ඵලදායීතාවකින් යුතු භාණ්ඩ හා සේවා නිෂ්පාදනයත්, අපනයන තරඟකාරිත්වය සහ විදේශ විනිමය ඉපැයීමේ ධාරිතාව ඉහළ නංවනවා.

2.4 ග්‍රාමීය ආර්ථිකය සවිබල ගැන්වීම සහ සැමට ප්‍රතිලාභ ලැබෙන වර්ධනයක් තහවුරු කිරීම

අපනයන හා ග්‍රාමීය ආදායම් වර්ධනය සඳහා කෘෂි ආහාර ක්ෂේත්‍රය සතු හැකියාව ඉතා ඉහළයි. ඵලදායීතාව ඉහළ නැංවීමට දායකත්වයක් නොදක්වන පුළුල් සහ ඉලක්කගත නොවූ

සහනාධාර මත අධික ලෙස රඳාපැවතීම වෙනුවට, ඵලදායී නොවන ඉඩම් ඵලදායී වගාවන් සඳහා යොමු කිරීම, කෘෂිකාර්මික පර්යේෂණ, දේශගුණයට ගැළපෙන තාක්ෂණය, ජල කළමනාකරණය, ගබඩා හා ශීතාගාර පහසුකම්, නිෂ්පාදන තත්ත්ව සහතික සහ ඩිජිටල් පද්ධති සඳහා ඉහළ ප්‍රමුඛතාවයක් ලබා දිය යුතු වෙනවා. ඉඩම් භාවිතය, ග්‍රාමීය මූල්‍ය ප්‍රවේශය සහ නිෂ්පාදකයන් වෙළඳපොළට සම්බන්ධ කිරීම සඳහා පවතින බාධා නිසි අධ්‍යයනයකින් අනතුරුව විසඳීමත් අත්‍යවශ්‍ය වෙනවා. එවිට ග්‍රාමීය ජනතාවගේ ජීවනෝපාය සවිබලගැන්වීම, ආහාර සුරක්ෂිතතාව සහ විදේශ විනිමය ඉපැයීම එකම සංවර්ධන ක්‍රියාවලියක ප්‍රතිඵල බවට පත් කිරීමට හැකියාවක් තිබෙනවා.

සුළු හා මධ්‍ය පරිමාණ ව්‍යවසායකයන් දිරි ගැන්වීම, ග්‍රාමීය ජනතාව වෙත නව ආර්ථික අවස්ථා නිර්මාණය කිරීම, නූතන රැකියා වෙළෙඳපොළට අවශ්‍ය තාක්ෂණික, වෘත්තීය හා භාෂා කුසලතා වර්ධනය කිරීම තුළින් ග්‍රාමීය මට්ටමින් නව ආර්ථික පරිවර්තනය ඇති කළ හැකි වෙනවා. ගරු කථානායකතුමනි, වැදගත්ම දේ, අපි කවර ආර්ථික සැලසුම් හැදුවත් වැඩක් නැහැ, අපේ රටේ බලශක්ති ස්ථාවරභාවය පිළිබඳව, එහි අඛණ්ඩතාවය සහ එහි සාධාරණ මිල පිළිබඳ සැලැස්මක් අපට නැත්නම්.

2.5 බලශක්ති වෙළෙඳපොළ ස්ථාවරත්වය හා අඛණ්ඩතාව

ජාත්‍යන්තර වශයෙන් ඉන්ධන මිල ගණන් ඉහළ යාම, සැපයුම් දාම බිඳ වැටීම, කාලගුණික විපර්යාසයන් අප රට තුළ බලශක්ති ක්ෂේත්‍රයේ අස්ථාවරත්වයේ පදනම වෙනවා. අපගේ අරමුණ බලශක්තිය කෙරෙහි අප මුහුණ දෙන මෙම පදනම් වෙනස් කිරීමයි. ඒ සඳහා පුනර්ජනනීය බලශක්තිය පුළුල් කිරීම, විදුලි සම්ප්‍රේෂණ ජාල, බලශක්ති ගබඩාකරණය සහ බලශක්ති කාර්යක්ෂමතාව වැඩිදියුණු කිරීම ද අවශ්‍ය වෙනවා. විවිධ සැපයුම් මාර්ග හා බලශක්ති ප්‍රභව භාවිතයෙන් අත්‍යවශ්‍ය බලශක්ති සැපයුමේ අඛණ්ඩතාව ආරක්ෂා කරන අතරම, ආනයනික ඉන්ධන සඳහා වැය වන විදෙස් විනිමය මත පවතින දිගුකාලීන පීඩනය අවම කිරීම අපගේ ඉලක්කයයි.

2.6 දේශගුණික විපත්වලට ඔරොත්තු දීමේ හැකියාව ශක්තිමත් කිරීම

ඉදිරි ආපදාවලට ඔරොත්තු දිය හැකි ප්‍රමිතීන්, පූර්ව අනතුරු ඇඟවීම් සහ නිසි නඩත්තු සැලසුම් අනුගමනය කිරීම වැදගත් වෙනවා. ඒ සමඟ ආහාර සැපයුම් දාම, ගබඩාකරණය, පොදු ප්‍රවාහනය සහ අත්‍යවශ්‍ය භාණ්ඩ බෙදාහැරීමේ ක්‍රමවේදයන් ශක්තිමත් කළ යුතුයි. අත්‍යවශ්‍ය වූ සන්නිවේදන පහසුකම්, විදුලිය වැනි සේවාවන්හි අඛණ්ඩතාව තහවුරු කළ යුතුයි.

අපි දැක්කා, දිට්වා අවස්ථාවේදී සමහර ප්‍රදේශ සම්බන්ධීකරණය කර ගැනීම සඳහා කාලයක් ගියා. සමහර ප්‍රදේශවලට සේවා සපයා ගැනීම සඳහා යම් කාලයක් ගියා. ඒ නිසා පූර්ව සූදානමක් අවශ්‍යයි. මෙවැනි දේශගුණික විපත් අපට වළක්වන්න බැරි වේවි. එය අවම කර ගැනීම සඳහා සහ ඒ ප්‍රදේශ සංවර්ධනය කරන්නත්, ඒ ජනතාවගේ ජීවිතය ගත්තාම අන්තර් සබඳතාවයක් ගොඩනඟා ගැනීම සඳහාත් මේ පහසුකම් අපි නිර්මාණය කළ යුතුයි. අනාගතයේ දී ඇතිවිය හැකි ස්වාභාවික විපත්වලින් සිදුවන අවදානම් සම්පූර්ණයෙන්ම බැහැර කළ නොහැකි වුවත්, ඒවා හේතුවෙන් ආර්ථික ක්‍රියාකාරකම් අඩපණ වීමත් ජන ජීවිතයට එල්ල වන පීඩනයත් සැලකිය යුතු ලෙස අවම කිරීම අපගේ අරමුණයි. ගරු කථානායකතුමනි, ඒ අරමුණ අනුව සැලසුම් හදලා තිබෙනවා.

2.7 රාජ්‍ය යාන්ත්‍රණය නවීකරණය කිරීම

ජනතාවට ගුණාත්මක සේවාවක් ලබාදෙන, ආයෝජන සහ නිෂ්පාදන කටයුතු පහසු කරන, නීතියට වගකියන සහ විනිවිදභාවයෙන් යුතු කාර්යක්ෂම රාජ්‍ය යාන්ත්‍රණයක් ගොඩනැඟීම අත්‍යවශ්‍යයි. රාජ්‍ය මූල්‍ය කළමනාකරණය, රාජ්‍ය ව්‍යවසාය හා වත්කම් කළමනාකරණය, බදු පරිපාලනය සහ ප්‍රසම්පාදන ක්‍රියාවලිය නවීකරණය කිරීම මෙහි අත්‍යවශ්‍ය අංග වෙනවා. දූෂණය සහ අනවශ්‍ය පරිපාලන ප්‍රමාද අවම කරමින්, නීතියේ ආධිපත්‍යය හා වගවීම ශක්තිමත් කිරීම ජනතා විශ්වාසය ඉහළ නැංවීමටත්, රාජ්‍ය සම්පත් රැක ගැනීමටත් එක සේ වැදගත් වෙනවා.

ගරු කථානායකතුමනි, අපේ මේ පරිවර්තනය අත්පත් කරගන්න බැහැ, මේ තිබෙන රාජ්‍ය යාන්ත්‍රණයෙන්. ඒ නිසා මේ රාජ්‍ය යාන්ත්‍රණය සක්‍රිය කිරීමත්, කාර්යක්ෂම කිරීමත්, රාජ්‍ය යාන්ත්‍රණයේ බඳවා ගැනීමේ පටිපාටිය, උසස්වීමේ පටිපාටිය, වගකීම් භාරදීමේ පටිපාටිය අපි වෙනස් කළ යුතුයි. අපේ වගකීම් භාර දීමේ පටිපාටිය මොකක්ද? ඒ මත පහළ පුටුවේ වැඩි කාලයක් රැඳී සිටීම ඉහළ පුටුවට යන්න සුදුසුකමක් බවට පත්වෙනවා. පහළ පුටුවේ කාර්යභාරයන් ඇගැයීමට භාජනය නොවෙනවා කියන ප්‍රශ්නය අපට තිබෙනවා. ඒ නිසා සාම්ප්‍රදායික ගති ලක්ෂණවලින් අපේ රාජ්‍ය යාන්ත්‍රණය පිරිලා තිබෙනවා. අපට එවැනි රාජ්‍ය යාන්ත්‍රණයක් සමඟ මේ පරිවර්තනය අත්පත් කරගන්න බැහැ. ඒ නිසා මූලික වශයෙන් අපි ශක්තිමත්, කාර්යක්ෂම, විනිවිදභාවයෙන් යුතු රාජ්‍ය යාන්ත්‍රණයක් ගොඩනැඟීම පිළිබඳව අවධානය යොමු කර තිබෙනවා.

3. මධ්‍යකාලීන සාර්ව ආර්ථික සහ රාජ්‍ය මූල්‍ය ඉදිරි ගමන් මඟ

ගරු කථානායකතුමනි, අපගේ මධ්‍යකාලීන ආර්ථික ඉලක්කය වන්නේ සියයට 7ක් හෝ ඊට ඉහළ තිරසර ආර්ථික වර්ධන වේගයක් කරා ගමන් කිරීමයි. අපේක්ෂා කරන ආර්ථික පරිවර්තනය වෙනුවෙන් ශක්තිමත් සහ විශ්වසනීය රාජ්‍ය මූල්‍ය පදනමක් අත්‍යවශ්‍යයි. ඒ අනුව, "2027-2031 මධ්‍යකාලීන රාජ්‍ය මූල්‍ය රාමුව" - අපි 2027-2031ට සකස් කර තිබෙනවා, මධ්‍යකාලීන රාජ්‍ය මූල්‍ය රාමුවක්. අපි ඒ රාමුවෙන් එළියට එන්නේ නැහැ - සහ "රාජ්‍ය මූල්‍ය කළමනාකරණ පනත" මඟින් ස්ථාපිත කර ඇති වගකීම් රාමුවට අනුකූලව රාජ්‍ය මූල්‍ය ඒකාග්‍රතාව අඛණ්ඩව පවත්වා ගෙන යාමට අපි අපේක්ෂා කරනවා. දළ දේශීය නිෂ්පාදිතයෙන් සියයට 2.3ක ප්‍රාථමික අතිරික්තයක් පවත්වා ගැනීමත්, අය වැය හිඟය සියයට 5ට අඩු මට්ටමක පවත්වා ගැනීමත්, රාජ්‍ය ණය තිරසර මාවතකට යොමු කිරීමත් අපගේ මූලික රාජ්‍ය මූල්‍ය ඉලක්ක වෙනවා.

මධ්‍යකාලීනව රජයේ ආදායම දළ දේශීය නිෂ්පාදිතයෙන් සියයට 16 කට නොඅඩු මට්ටමක පවත්වා ගනිමින්, දිගුකාලීනව සියයට 20ක් පමණ දක්වා ක්‍රමානුකූලව ඉහළ නැංවීම අපගේ අරමුණයි. මෙම ඉලක්ක සපුරා ගැනීම සඳහා බදු පදනම පුළුල් කිරීම, බදු නිදහස් කිරීම් සහ දිරි ගැන්වීම් තාර්කික කිරීම, බදු පරිපාලනය ඩිජිටල්කරණය කිරීම සහ බදු අනුකූලතාව ශක්තිමත් කිරීම සඳහා අවශ්‍ය ප්‍රතිසංස්කරණ ක්‍රියාත්මක කරනවා.

රාජ්‍ය මූල්‍ය කළමනාකරණ පනත අනුව, ප්‍රාථමික වියදම් සීමාවට අනුකූලව මධ්‍යකාලීන වියදම් පවත්වා ගැනීමට අපි අපේක්ෂා කරනවා. කෙසේ වෙතත්, දිට්වා සුළි කුණාටුවෙන් හානියට පත් යටිතල පහසුකම් සහ ජන ජීවිතය යථා තත්ත්වයට පත් කිරීම සඳහා අවශ්‍ය අතිරේක ප්‍රතිපාදන හේතුවෙන් 2027 වසරේ ප්‍රාථමික වියදම දළ දේශීය නිෂ්පාදිතයෙන් සියයට 13.6ක් දක්වා තාවකාලිකව ඉහළ යනු ඇතැයි අපේක්ෂා කරනවා.

[ගරු අනුර කුමාර දිසානායක මහතා]

රාජ්‍ය මූල්‍ය කළමනාකරණ පනත අනුව අපි සියයට 13ක් රඳවා ගත යුතුයි. නමුත් අපි පරිපූරක ඇස්තමේන්තුවක් මේ හා සමාන ලෙසම ඉදිරිපත් කරනවා. එතකොට සියයට 13.6ක වියදම් ප්‍රමාණයකට අපට යන්න සිද්ධ වෙනවා. මෙම විශේෂ වියදම් අවශ්‍යතා නීතිමය රාජ්‍ය මූල්‍ය රාමුව තුළ කළමනාකරණය කරමින්, 2028 වසරේ සිට ප්‍රාථමික වියදම දළ දේශීය නිෂ්පාදිතයෙන් සියයට 13ක් දක්වා නැවත ගෙන ඒමටත් අපේක්ෂා කරනවා.

මේ තාවකාලික අවස්ථාවක්. අපි 2027 දී දිවිවා වෙනුවෙන් රුපියල් බිලියන 260ක පරිපූරකයක් අලුතෙන් ඉදිරිපත් කරනවා. එතකොට අපේ මූල්‍ය අවකාශය සියයට 13.6 දක්වා ඉහළ යනවා. ගරු කථානායකතුමනි, 2027 වසරේ සිට රාජ්‍ය ආයෝජන දළ දේශීය නිෂ්පාදිතයෙන් සියයට 4 ඉක්ම වූ මට්ටමක පවත්වා ගැනීමට අප අපේක්ෂා කරනවා. අපේ මේ සියයට 13 සංයුතිය හොඳ නැහැ. සාමාන්‍යයෙන් ගත්තොත් අපේ සංයුතිය තිබුණේ සියයට 9ක් පුනරාවර්තන වියදම්, සියයට 4ක් ප්‍රාග්ධන වියදම් ලෙස. මෙහෙම තමයි අපේ මේ සියයට 13 සකස් වෙලා තිබෙන්නේ. අපේ අපේක්ෂාව වෙන්නේ කුමක්ද? ක්‍රමානුකූලව පුනරාවර්තන වියදම් අඩු කර ගනිමින් ප්‍රාග්ධන වියදම් ප්‍රතිශතය වැඩි කිරීම තමයි අපේ අපේක්ෂාව.

2027 වසරේ දී ප්‍රාග්ධන වියදම් දළ දේශීය නිෂ්පාදිතයේ ප්‍රතිශතයක් ලෙස, අය වැය ලේඛනය තුළින් සියයට 4.48ක් ද, දිවිවා සඳහා පරිපූරක ඇස්තමේන්තුවෙන් සියයට 0.64ක් ද ලෙස සමස්ත රාජ්‍ය ආයෝජනය සියයට 5.12 ලෙස රුපියල් බිලියන 2,000ක් වෙන් කර තිබෙනවා.

මේ, ලංකාවේ පළමු වතාවට. හැමදාම තිබුණේ කුමක්ද? අපි මේ රාජ්‍ය වියදම් සම්බන්ධයෙන් ඉතාමත් හොඳ තාර්කිකරණයකට එන්න ඕනෑ. අපේ හැමවිටම සිද්ධ වෙන දේ මොකක්ද? වාර්ෂිකව අපි හොයලා බැලුවොත් හැමදාමත් අපේ පුනරාවර්තන වියදම් ප්‍රතිශතාත්මකව වැඩි වෙනවා. ඒ ප්‍රතිශතයට සාපේක්ෂව ප්‍රාග්ධන වියදම් වැඩි වෙන්නේ නැහැ. නමුත් අපි අපේක්ෂා කරනවා, 2027 දී අපේ ප්‍රාග්ධන වියදම් සියයට 5.1 දක්වා වර්ධනය කරන්න. ඒ සඳහා රුපියල් බිලියන 2,000ක් අපි ලබන වසරේ ප්‍රාග්ධන වියදම් විධියට වෙන් කරලා තිබෙනවා.

ජාත්‍යන්තර මූල්‍ය අරමුදල - IMF - සමඟ එළඹුණු විස්තීර්ණ ණය පහසුකම් වැඩසටහන ලබන වසරේ මාර්තු මාසයේ දී අවසන් කිරීමට නියමිතයි. 17 වන IMF වැඩසටහන සාර්ථකව නිම කිරීමට අප බලාපොරොත්තු වෙනවා. දේශීය වශයෙන් ආර්ථිකය ස්ථායීකරණය කිරීමේ වැඩ පිළිවෙළ සාර්ථකව සිදුවෙමින් පවතින අතරම වර්ධනය සඳහා ආර්ථික පරිවර්තනයකට සූදානම් වන අවස්ථාවේදී ගෝලීය සහ ස්වාභාවික ආපදාවන්ගෙන් සිදුවන බලපෑම් පිළිබඳ පුරෝකථනය කිරීම අපහසුයි. එවැනි අවස්ථාවන්ට සාර්ථකව මුහුණ දීමට අපගේ සංචිත තවත් ශක්තිමත් විය යුතු යැයි අප විශ්වාස කරනවා.

එබැවින්, වත්මන් IMF වැඩසටහන සාර්ථකව අවසන් කළ පසු නැවත වැඩසටහනකට එළඹීමේ යෝග්‍යතාවයන් හා කුමන ආකාරයේ වැඩසටහනකට ද යන්න පිළිබඳව සොයා බලා වාර්තාවක් ඉදිරිපත් කිරීමට අමාත්‍ය මණ්ඩලය විසින් නියෝජ්‍ය මුදල් හා ක්‍රමසම්පදන අමාත්‍යවරයාගේ ප්‍රධානත්වයෙන් කමිටුවක් පත් කරලා තිබෙනවා.

මහ බැංකු අධිපතිවරයා, මුදල් අමාත්‍යාංශයේ ලේකම්තුමා, ආර්ථික විශේෂඥයන් ඇතුළත් කමිටුවක් පත් කරලා තිබෙනවා, මාර්තු මාසයෙන් පසුව අපි වැඩසටහනට යා යුතුද, යනවා නම් මොන වාගේ වැඩසටහනක්ද කියන එක පිළිබඳ සොයා බලන්න.

සමාජ සාධාරණත්වය සහ ජනතාවගේ ආරක්ෂාව වෙනුවෙන් ආර්ථික හා ස්වාභාවික ආපදා හමුවේ වැඩිම අවදානමකට මුහුණ දෙන අඩු ආදායම්ලාභී සහ අවදානමට ලක් විය හැකි කුටුම්භ ආරක්ෂා කිරීම සඳහා ඉලක්කගත සමාජ ආරක්ෂණ වැඩසටහන් තවදුරටත් ක්‍රියාත්මක කරනවා.

ගරු කථානායකතුමනි, අපගේ ජනතාව මෙම ආර්ථික ස්ථායීකරණය වෙනුවෙන් සුවිශේෂී දරාගැනීම් සහ කැපකිරීම් සිදු කරනු ලැබුවා. අප සියලුදෙනාම ඔවුන් වෙනුවෙන් අපේ ගෞරවය පුද කළ යුතුයි. මෙම දරාගැනීම්වලට සාධාරණත්වය ඉටු කිරීම යනු ආර්ථික ස්ථායීකරණයේ සිට පරිවර්තනය කරා වේගවත් හැරවුමක් ලබා ගැනීමයි. ඒ වෙනුවෙන් 2027 වර්ෂය සඳහා වූ අය වැය යෝජනා මෙම ගරු සභාවට ඉදිරිපත් කරනවා, ගරු කථානායකතුමනි.

අපේ ඉලක්කය වන්නේ මෙයයි. ආර්ථික පරිවර්තනයක් අත්පත් කරගන්න නම්, අපි ක්ෂේත්‍ර ගණනාවක පරිවර්තනයක් අත්පත් කරගන්න ඕනෑ. එහෙම නැතිව මේ තිබෙන රාමු, මේ තිබෙන නීති, මේ තිබෙන ව්‍යුහයන්, මිනිසුන් හිතන විධිය - මේ ඔක්කොගෙන්ම - මේ පරිවර්තනය අත්පත් කරගන්න බැහැ. අලුත් දිශාවකට අපේ පරිවර්තනය ලක් කරන්න නම් අපි අලුත් විධියට මේ දේවල් වෙනස් කළ යුතුයි. ඒ අනුව අපි පළමුකොටම අපේ රටේ නීතිමය රාමුව වෙනස් කරනවා.

ආර්ථික පරිවර්තනය සඳහා වූ අත්‍යවශ්‍ය පදනම් ගොඩනැංවීම

4. නීතිමය රාමුව ශක්තිමත් කිරීම

අපේක්ෂා කරනු ලබන ආර්ථික පරිවර්තනය ළඟාකර ගැනීම හා කාර්යක්ෂමතාව ඉහළ නැංවීම සඳහා නව ශක්තිමත් නීති රාමුවක් හා ආයතන ව්‍යුහයක් අවශ්‍ය වෙනවා. අපේ සමහර නීති අවුරුදු 100කට වඩා පැරණියි. අපේ සමහර ආයතනවල කාර්යභාරය අවසන් වී තිබෙනවා. එම නීති සහ ආයතන අපේක්ෂා කරන ආර්ථික පරිවර්තනයන් කරා ළඟාවීමට දෙපා බැඳ තබන විලංගු බවට පත්ව තිබෙනවා. එබැවින් නව ආර්ථික පරිවර්තනය ළඟා කර ගැනීම සඳහා පැරණි, යල්පිනු නීති හා ආයතනයන් වර්තමාන අභියෝගයන්ට මුහුණ දිය හැකි පරිදි යළි සකස් කිරීමත්, ඇති වී තිබෙන නව තත්ත්වයන්ට අනුරූප වන පරිදි නව නීති හා ආයතන ගොඩ නැංවීමත් අවශ්‍ය වෙනවා. මෙම විලංගු ඉවත් කිරීමකින් තොරව අපට ඉදිරියට යාමට හැකියාවක් තිබෙනවා කියලා අපි විශ්වාස කරන්නේ නැහැ. - ඒ නිසා අපි අණ පනත්, නීතිවල විශාල වෙනසක් අපේක්ෂා කරනවා - ඒ වෙනුවෙන්;

- වසංගත, ස්වාභාවික ආපදා, ත්‍රස්තවාදී ක්‍රියාවන් වැනි විවිධ අර්බුදයන් හේතුකොටගෙන කඩා වැටුණු ව්‍යාපාර නැවතත් ගොඩ නැංවීමට, ආර්ථිකයට දායකවීමට සහ ණය හිමියන්ගේ මුදල් ගෙවීමට අවස්ථාවක් උදා කිරීම සඳහා "2026 අංක 12 දරන බේරා ගැනීම්, පුනරුත්ථාපන සහ වස්තු භංගත්ව (ආයතනික සහ පුද්ගලික) පනත" සම්මත කරලා තිබෙනවා. ඒක වැදගත්. අර්බුදයකදී අපි කොහොමද ව්‍යවසායකයන් ආරක්ෂා කරන්නේ කියන එක.

- "2026 අංක 16 දරන මුදල් විශුද්ධිකරණය වැළැක්වීමේ (සංශෝධන) පනත" තුළින් මුදල් විශුද්ධිකරණය වැළැක්වීම ශක්තිමත් කිරීම සඳහා අවශ්‍ය වන නීති සම්මත කර තිබෙනවා. එය අපේ ආර්ථිකයේ පරිවර්තනයට අවශ්‍යයි.

- "2026 අංක 17 දරන මුදල් ගනුදෙනු වාර්තා කිරීමේ (සංශෝධන) පනත" මඟින් මූල්‍ය පද්ධතියට වාර්තා නොවීම නිසා තිබූ අවදානම අවම කිරීමට හා අනුගත නොවෙන්නන්ට නීතිය ක්‍රියාත්මක කිරීමට ප්‍රතිපාදන සලසා තිබෙනවා.

මේක වැදගත් වන්නේ ඇයි? මුදල් ගනුදෙනු වාර්තාවක් තිබෙනවා, රාජ්‍යයකට. ඔබතුමන්ලා දන්නවා, මට මතකයි, 2016දී මේ පාර්ලිමේන්තුවේදී හිටපු අගමැතිතුමා කියපු දෙයක්. කබීර් හෂීම් හිටපු ඇමතිතුමා වාඩි වෙලා ඉන්න තැන මම වාඩි වෙලා හිටියේ. මෙතැන වාඩි වෙලා අගමැතිතුමා කිව්වා, අපේ රට කොච්චර ණයද කියලා අපි දන්නේ නැහැ කියලා. ජාත්‍යන්තර මූල්‍ය අරමුදලෙන් සහාය පතලා තිබෙනවා කිව්වා, අපේ ණය කොච්චරද කියලා අපට සොයාගන්න. එහෙමයි මේ රට තිබුණේ. ණය කොච්චරද කියලා දන්නේ නැති රටක්. හැන්සාඩ් වාර්තා බලන්න. ගරු කථානායකතුමනි, හැන්සාඩ් වාර්තාවල සඳහන් වෙලා තිබෙනවා, මේ වාර්තාව. ඒ නිසා මොකක්ද කරන්නේ? අපි ත්‍රෛ මාසිකව පාර්ලිමේන්තුවට ඉදිරිපත් කරනවා, වාර්තාව. මෙන්න ආයෝජන, මෙන්න ණය ගැනීම්, මෙන්න වියදම්. මේවා මේ රටේ ජනතාව දැනගන්න ඕනෑ. මේ, ජනතාවගේ ධනය. හැබැයි, රටේ ජනතාවගේ ධනය වියදම් කළා, කිසිදු සාක්ෂියක්, තොරතුරක්, වාර්තාවක් නැතිව. අද අපි නීති සම්පාදනය කරලා තිබෙනවා, අද එහෙම කරන්න බැහැ.

- "2026 අංක 18 දරන ත්‍රස්තවාදීන්ට මුදල් සැපයීම මැඩපැවැත්වීමේ සම්මුති (සංශෝධන) පනතින්" මූල්‍ය පද්ධති ශක්තිමත් කිරීම තුළින් ජාතික ආරක්ෂාවට තර්ජනයක් වන හා ශ්‍රී ලංකාව භාවිත කරමින් ගෝලීය ත්‍රස්තවාදයට මූල්‍යනය කිරීම වළක්වා තිබෙනවා. ඒ පනත කලින් ගෙනාවා. ඒක අපි සංශෝධනය කරලා තිබෙනවා.

- ක්ෂුද්‍ර මූල්‍ය ණය ලබා ගත් බොහෝ පිරිස් මේ වන විටත් විශාල ණය උගුලක හිරවී ඇත. ඔවුන්ගේ ආරක්ෂාව වෙනුවෙන් මේ වනවිටත් "2026 අංක 9 දරන ක්ෂුද්‍ර මූල්‍ය සහ ණය නියාමන අධිකාරිය පනත" සම්මත කර තිබෙනවා.

ඒ අනුව ක්ෂුද්‍ර මූල්‍ය සහ ණය නියාමන අධිකාරිය 2027 වසරේ පිහිටුවා, ව්‍යාපාර ගනුදෙනුකරුවන්ට ආරක්ෂාව සැලසීමට කටයුතු කරනවා. මොකද, ක්ෂුද්‍ර මූල්‍ය ණය හරහා අපේ ග්‍රාමීය ජනතාව විශාල අසීරුතාවකට පත් වුණා. හැබැයි, අපට නීතියක් නැහැ; අපට ආයතනයක් නැහැ. අපි මේ වසරේදී පාර්ලිමේන්තුවේදී ඒ නීතිය සම්මත කළා. අපි ලබන වසර ආරම්භයත් එක්කම ඒකට අවශ්‍ය වන ආයතනය ස්ථාපිත කරනවා.

- රාජ්‍ය පෞද්ගලික හවුල්කාරිත්ව ව්‍යාපෘති ආරම්භ කිරීම, සංවර්ධනය, කළමනාකරණය හා අධීක්ෂණය සඳහා මේ වනවිටත් "රාජ්‍ය පෞද්ගලික හවුල් ව්‍යාපාර පනත" - PPP - ගැසට් පත්‍රයේ පළකර තිබෙනවා. එය 2027 වසර මුලදී පාර්ලිමේන්තුවට ඉදිරිපත් කිරීමට බලාපොරොත්තු වෙනවා.

- රජයට කොටස් හිමි සමාගම් කාර්යක්ෂමව කළමනාකරණය කිරීම සඳහා පරිපාලක සමාගමක් - holding company - සංස්ථාපනය කිරීමට "රජය සතු වාණිජ ව්‍යාපාර කළමනාකරණය කිරීමේ පනත් කෙටුම්පත" මේ වනවිට නීතිපතිගේ නිෂ්කාසනය සඳහා යොමුකර තිබෙනවා. මේ වනවිටත් රජය සතු සමාගම් 34ක් මෙම holding සමාගමට ඇතුළත් කිරීමට අපි තෝරාගෙන තිබෙනවා. ඉතා ඉක්මනින් අපට එම පනත පාර්ලිමේන්තුවට ඉදිරිපත් කරන්න පුළුවන් වේවි. දැන් අපි නීතිපතිතුමාගේ නිෂ්කාසනය සඳහා එම පනත ඉදිරිපත් කර තිබෙනවා.

7. ඩිජිටල් යුගයක් කරා වූ ඩිජිටල් පරිවර්තනය සහ සංවර්ධනය

ගරු කථානායකතුමනි, ඩිජිටල් පරිවර්තනය යනු තවදුරටත් හුදෙක් තාක්ෂණ මූලාරම්භයක් පමණක් නොව, රාජ්‍ය අංශයේ කාර්යක්ෂමතාව වැඩිදියුණු කිරීම, පාලනය ශක්තිමත් කිරීම, ආර්ථික වර්ධනය සඳහා පහසුකම් සැලසීම සහ සෑම පුරවැසියෙකුටම රජයේ සේවා වෙත ප්‍රවේශ විය හැකි බව තහවුරු කිරීම සඳහා වන මූලික අවශ්‍යතාවකි. රාජ්‍ය පරිපාලනයේ නව්‍යකරණය, රජයේ කටයුතුවල කාර්යක්ෂමතාව සහ පාරදෘශ්‍යභාවය වැඩිදියුණු කිරීම හා ආයතනික ධාරිතාව ශක්තිමත් කිරීම සඳහා වන මූලික මෙවලමක් ලෙස ඩිජිටල්කරණය අපි හඳුනාගෙන තිබෙනවා.

මෙම ක්ෂේත්‍රය වර්තමාන ලෝකයේ වර්ධනය වී ඇති තත්ත්වයන්ට ළඟා වීම අභියෝගාත්මක මෙන්ම බහුවිධ ක්‍රියාවලියකි. එමෙන්ම මෙම ක්ෂේත්‍රය නිරන්තරයෙන්ම යාවත්කාලීන වෙමින් පවතින බැවින්, මෙහි සැබෑ ප්‍රතිලාභ අත්පත් කර ගැනීමට නම් ප්‍රථමයෙන්ම ඒ සඳහා අවශ්‍ය නීතිමය සහ ආයතනික ව්‍යුහය ගොඩනැඟිය යුතු වේ.

මොකද, ඩිජිටල්කරණය ස්ථායීව පවතින්නේ නැහැ. අද හොයා ගන්නා දේ හෙට වෙනස් වෙනවා; නැවත වෙනස් වෙනවා. ඒ නිසා වේගයෙන් අපි ඒ ක්ෂේත්‍රයට අවතීර්ණ වෙන්න ඕනෑ.

- ඒ සඳහා රාජ්‍ය භාණ්ඩාගාරයේ සියයට සියයක හිමිකාරිත්වය යටතේ රාජ්‍ය සේවාවන් ඩිජිටල්කරණය කිරීම සඳහා වූ මාර්ගෝපදේශනය හා ක්‍රියාවට නැංවීම සඳහා GovTech ආයතනය ස්ථාපිත කර දැනටමත් එහි මෙහෙයුම් කටයුතු ආරම්භ කර තිබෙනවා.

ඒක වැදගත් පියවරක්. GovTech ආයතනය, අද අපේ මුළු රාජ්‍යයටම අවශ්‍ය වන ඩිජිටල්කරණය කිරීම සඳහා අවශ්‍ය වන පහසුකම් ලබා දෙනවා. ඒ වාගේම අපි රාජ්‍ය අංශයට චක්‍රලේඛ හරහා දැනුම් දෙන්න බලාපොරොත්තු වෙනවා, ඔබගේ පළමු ඩිජිටල් මිලදී ගැනීම GovTech ආයතනයට එන්න ඕනෑ කියලා. පරිබාහිරව වෙන වෙන vendorsලා අරගෙන ගිහිල්ලා, vendorsලාත් එක්ක lock වෙලා තිබෙන්නේ, මේ රාජ්‍ය සේවය. එයා දෙනවා system එක. එයාත් එක්කම ගැටගැහිලා තිබෙනවා. අපට system එකෙන් එළියට එන්නත් බැහැ; System එකේ අයිතියත් නැහැ. ඒ නිසා vendorsලාත් එක්ක අපේ මුළු රාජ්‍යයේම system ගැටගහලා කාලාන්තරයක් තිස්සේ ගිහින් තිබෙනවා; ඒක බිඳින්න ඕනෑ. ඒක බිඳින්න අපි සැලසුම හදලා තිබෙනවා.

- රජයේ ප්‍රසම්පාදන ක්‍රියාවලිය - ඊළඟ වැදගත් දේ - ඩිජිටල් විසඳුම් සහ පහසුකම් මිලදී ගැනීමේදී ගැටලු සහගත තත්ත්වයක් තිබෙනවා. එහෙයින්, ඩිජිටල් විසඳුම් සහ පහසුකම් සඳහා විශේෂිත වූ රජයේ ප්‍රසම්පාදන මාර්ගෝපදේශ සකස් කොට මේ වන විටත් ප්‍රසම්පාදන කොමිෂන් සභාව සමඟ සාකච්ඡා ආරම්භ කර තිබෙනවා. ඒ අනුව, 2027 මුල් භාගයේදී මෙම ප්‍රසම්පාදන මාර්ගෝපදේශ හඳුන්වා දීමට අපි කටයුතු කරනවා.

ඒ මොකද? අපේ මුළු ප්‍රසම්පාදන ක්‍රියාවලියම සකස් වී තිබෙන්නේ, එක්කෝ කොන්ත්‍රාත් ලබා දෙන්න; එක්කෝ භාණ්ඩ මිලදී ගන්න. අපේ ප්‍රසම්පාදන ක්‍රියාවලිය නැහැ, විසඳුමක් මිලදී ගන්න. අපි කොහොමද, විසඳුමක් මිලදී ගන්නේ? ඩිජිටල්කරණය කියන්නේ, අපේ ආයතනයකට ගැටලුවක් තිබෙනවා, ඒ ගැටලුවට අපි විසඳුම් පද්ධතියක් - system එකක් - මිලදී ගන්න එක. හැබැයි, අපේ මිලදී ගැනීම් ක්‍රියාවලියේ විසඳුමක් මිලදී ගැනීමට ප්‍රසම්පාදන ක්‍රියාවලියක් නැහැ. ඒ නිසා ප්‍රසම්පාදන කොමිසමත් එක්ක සාකච්ඡා කරලා, ඩිජිටල් මිලදී ගැනීම් කිරීම සඳහා නව ප්‍රසම්පාදන ක්‍රියාවලියක් අපි දැනටමත් ආරම්භ කර තිබෙනවා. ඉතා ඉක්මනින්ම අපි ඒ ප්‍රසම්පාදන ක්‍රියාවලිය මේ පාර්ලිමේන්තුවට ඉදිරිපත් කරන්න බලාපොරොත්තු වෙනවා.

8.3 වෘත්තීය අධ්‍යාපනය

වෘත්තීය අධ්‍යාපනය විවිධ දෙපාර්තමේන්තු, ආයතන තුළින් විවිධ මට්ටමින් රට පුරා විසිරුණු, මධ්‍යස්ථාන 550කට අධික ප්‍රමාණයක් තුළින් ක්‍රියාත්මක වෙමින් පවතිනවා.

වෘත්තීය අධ්‍යාපනය ගත්තොත්, ඒ කාලයේ ඒ ඒ අමාත්‍යාවරයා ඒ ඒ අමාත්‍යාවරයාට කැමැති විධියට වෘත්තීය අධ්‍යාපන ආයතන පිහිටෙව්වා. ධීවර ඇමති වෙනකොට එකක් හදනවා. ඔහු වෘත්තීය ඇමති වෙනකොට තව එකක් හදනවා, අධ්‍යාපන ඇමති වෙනකොට තව එකක් හදනවා, කම්කරු ඇමති වෙනකොට තවත් එකක් හදනවා. මෙහෙම වෘත්තීය අධ්‍යාපනයක් තබාගෙන යන්න පුළුවන්ද? ඒ නිසා අද ලංකාවේ විවිධ මට්ටමින් රට පුරා විසිරුණු මධ්‍යස්ථාන 550කට අධික ප්‍රමාණයක් ක්‍රියාත්මක වෙමින් පවතිනවා.

ඒවායේ ගුණාත්මක වෘත්තීය අධ්‍යාපනයක් ලබා දීම වෙනුවෙනුත්, අවශ්‍ය යටිතල පහසුකම් ලබා දීම වෙනුවෙනුත්, රටට අවශ්‍ය ඉලක්ක සහගත ශ්‍රම සම්පත බිහි කිරීම වෙනුවෙන් හා සම්පත් ඵලදායිව යොදා ගැනීමේ අරමුණෙන් යුතුව, මෙහෙයවීම හා නියාමනය සඳහා එක් ආයතනයක් තුළ මධ්‍යගත කිරීමට අධ්‍යයනයක් කිරීම වෙනුවෙන් රුපියල් මිලියන 50ක් වෙන් කර තිබෙනවා.

මේක එක ආයතනයක් බවට පත් කරන්න ඕනෑ. එක ආයතනයකින් මේක නියාමනය කරන්න ඕනෑ, එක ආයතනයකින් මේක අධීක්ෂණය කරන්න ඕනෑ; වෘත්තීය පුහුණු තල කිහිපයකට ගෙනෙන්න ඕනෑ. ඒ සඳහා අධ්‍යයනයක් කිරීම වෙනුවෙන් රුපියල් මිලියන 50ක් වෙන් කරලා තිබෙනවා.

- දිස්ත්‍රික්ක 25ක තෝරාගත් තාක්ෂණික විද්‍යාල 25ක් නවීකරණය කිරීම සඳහා රුපියල් මිලියන 6,000ක් පිරිවැය දරන ව්‍යාපෘතිය වෙනුවෙන් 2027 වසර සඳහා රුපියල් මිලියන 1,500ක් වෙන් කර තිබෙනවා.

මොකද අපි හිතනවා, වෘත්තීය අධ්‍යාපනය ඉහළ තලයකට ගෙනෙන්න ඕනෑ කියලා. ඒ සඳහා දෙක බැගින් දිස්ත්‍රික්ක මට්ටමින් තෝරාගෙන ඒවා ඉදිරියට ගැනීම සඳහා අපි ව්‍යාපෘතියක් හදලා තිබෙනවා. 2032 වසර වනකොට නව අධ්‍යාපන ප්‍රතිසංස්කරණවලට ලක්වූ දරුවන් A/L කරලා එළියට එන අවස්ථාවේදී අපි ඒ වෘත්තීය විශ්වවිද්‍යාල මධ්‍යස්ථාන ටික ඉහළ මට්ටමට ගෙනෙනවා. ඒ සඳහා 2032 දක්වා වූ වැඩසටහනක් හදලා තිබෙනවා. ඒක ආරම්භ කිරීම සඳහා අපි ලබන වසරට මිලියන 1,500ක් වෙන් කරලා තිබෙනවා.

යටිතල පහසුකම් නවීකරණය කිරීම, විෂයමාලා යාවත්කාලීන කිරීම, නව තාක්ෂණයන් ඒකාබද්ධ කිරීම සහ රාජ්‍ය, පෞද්ගලික අංශ අතර සහයෝගිතාව ශක්තිමත් කිරීම සඳහා වෘත්තීය අධ්‍යාපන හා පුහුණු ක්ෂේත්‍රයේ සංවර්ධනය වෙනුවෙන් රුපියල් බිලියන 11ක ප්‍රාග්ධන ආයෝජනයක් සිදු කිරීමට අපේක්ෂා කරනවා.

මේ අවුරුද්දේ වෘත්තීය අධ්‍යාපන ප්‍රාග්ධනය වෙනුවෙන් රුපියල් බිලියන 11ක් යොදවා තිබෙනවා. පසුගිය අවුරුද්දේ බිලියන 8ක් යෙදවුවා. බිලියන 8 යොදවන වෙලාවේදී එක

[ගරු අනුර කුමාර දිසානායක මහතා]

නිලධාරි මහත්මයෙක් මට කිව්වා, -අගමැතිතුමියත් එහි සිටියා- "අපේ වෘත්තීය අධ්‍යාපන ක්ෂේත්‍රයට වියදම් කරලා පුරුදු නැහැ" කියලා. ඔබතුමාත් හිටියා. වියදම් කරලා පුරුදු නැහැ කිව්වා. මිලියන 8,000ක් දෙනකොටත් ඒක විශාල දුෂ්කරතාවයක් ලෙස සැලකුවා. අපි මේ අවුරුද්දේ මිලියන 11,000ක් ලබා දීලා තිබෙනවා, වෘත්තීය පුහුණු ක්ෂේත්‍රයට. ඒ ආයතනවලට බොහෝ විට වියදම් කරලා පුරුදු නැහැ කිව්වා, බයයි කිව්වා. මොකද, එහෙම පුරුදු ඉතිහාසයක් නැහැ; වෘත්තීය අධ්‍යාපනය අත් හැරලා තිබුණේ.

9. පර්යේෂණ, සංවර්ධන හා නවෝත්පාදන ආර්ථික පරිවර්තනයක් කරා

විද්‍යා හා තාක්ෂණ ක්ෂේත්‍රයේ ප්‍රතිපත්තිමය මඟ පෙන්වීම, පර්යේෂණ කටයුතු මෙහෙයවීම සම්බන්ධීකරණ සඳහා ජාතික පර්යේෂණ හා සංවර්ධන කවුන්සිලය පිහිටුවා තිබෙනවා. එමඟින්, සියලු ජාතික පර්යේෂණ හඳුනාගෙන -විද්‍යා, තාක්ෂණ, ඉංජිනේරු, කෘෂිකර්ම, වෛද්‍ය- නිෂ්පාදන ආර්ථිකයට දායක වන පර්යේෂණ සඳහා ප්‍රමුඛතාව ලබා දෙමින් කටයුතු කිරීම ප්‍රධාන කාර්යය වෙනවා. මෙය විද්‍යා හා තාක්ෂණ කටයුතුවලට පමණක් සීමා නොවී ආරක්ෂක හා සමාජ සුභසාධන කටයුතුවලට අදාළ පර්යේෂණ කිරීම සඳහා කටයුතු කරනවා.

මෙමඟින්,

- රාජ්‍ය මෙන්ම පෞද්ගලික අංශය මඟින් සිදු කරන පර්යේෂණ හා සංවර්ධන කටයුතු අධීක්ෂණය කිරීම සහ නියාමනය කිරීම.
- ජාතික සංවර්ධන ඉලක්ක සහ ආර්ථික වර්ධනයට දායක වන අයුරින් පර්යේෂණ මෙහෙයවීම.
- දේශීය පර්යේෂකයන්ගේ හැකියාවන් වර්ධනය කිරීම සහ ජාත්‍යන්තර මට්ටමේ උසස් පර්යේෂණ සඳහා අනුග්‍රහය දැක්වීම.
- රසායනාගාර හා විශ්වවිද්‍යාල තුළ කෙරෙන පර්යේෂණවල ප්‍රතිඵල සමාජයට සහ කර්මාන්ත ක්ෂේත්‍රයට ප්‍රයෝජනවත් වන නිෂ්පාදන හෝ සේවාවන් බවට පත් කිරීම.
- රටේ අනාගත අවශ්‍යතාවලට ගැළපෙන පරිදි ජාතික පර්යේෂණ හා සංවර්ධන ප්‍රතිපත්ති සූදානම් කිරීම.
- පර්යේෂණ මඟින් සොයා ගන්නා නව තාක්ෂණයන් වාණිජකරණය දක්වා ගෙන යමින් රටේ ආර්ථිකයට බද්ධ කිරීම.

මෙම ජාතික පර්යේෂණ හා සංවර්ධන කවුන්සිලයට විද්‍යා හා තාක්ෂණ අමාත්‍යාංශය යටතේ තිබෙන ජාතික නවෝත්පාදන ආයතනය, නව නිපැයුම්කරුවන්ගේ කොමිසම, ජාතික විද්‍යා පදනම හා ජාතික පර්යේෂණ සභාව, ජාතික විද්‍යා තාක්ෂණ කොමිෂන් සභාව, ශ්‍රී ලංකා කෘෂිකාර්මික ප්‍රතිපත්ති පර්යේෂණ සභාව - SLCARP - එක් කිරීමට නියමිතයි.

විවිධ අමාත්‍යාංශ යටතේ පවතින පර්යේෂණ ආයතන සහ අනෙකුත් රාජ්‍ය ආයතන හරහා විවිධ විෂය ක්ෂේත්‍ර ආවරණය වන පරිදි පර්යේෂණ සිදු කිරීම සඳහා අවශ්‍ය ආයතනික, තාක්ෂණික හා යටිතල පහසුකම්ද සැපයීමට කටයුතු කරනවා.

අද වනකොට පර්යේෂණ විශාල ප්‍රමාණයක් විසිරිලා තිබෙනවා. එක එක ආයතනයන්, ඒ ඒ ආයතනයට ආවේණික පර්යේෂණ සිදු කරනවා. ඒවා ජාතික වශයෙන් කොච්චර වැදගත්කමක් තිබෙනවාද, ඒ පර්යේෂණවලින් උපයා ගන්නා දේ අපේ වෙළෙඳ පොළට බද්ධ කරලාද කියන ප්‍රශ්නය මතු වෙලා තිබෙනවා. දීර්ඝ කාලයක් ඒ පර්යේෂණ ආයතන එහෙම තිබෙනවා; මේ අවුරුද්දේත්.

රජයේ ආයෝජන හරහා 2027 වසරේදී පර්යේෂණ හා සංවර්ධන වැඩසටහන්වලට රුපියල් මිලියන 23,800ක් වෙන් කර තිබෙනවා.

හැබැයි, විවිධ ආයතනවලිනුයි ඒ කටයුතු සිද්ධ වෙන්නේ. අපි ඒක මධ්‍යගත කරන්න ඕනෑ. මේ පර්යේෂණවල සැබෑ ප්‍රතිඵල ගන්න නම් එය කළ යුතුයි.

13. වරාය සංවර්ධනය

අපේ රට සංවර්ධනයේදී ඊළඟ වැදගත්ම දේ මෙයයි.

පෙරදිග-අපරදිග ගෝලීය මුහුදු මාර්ගයේ අතිශය උපායමාර්ගික පිහිටීමක පවතින, කොළඹ වරාය ලෝකයේ වරායන් අතර 20වන ස්ථානය හොබවනවා.

ගිය අවුරුද්දේ අපට 20වන ස්ථානය ලැබුණා, බහලුම් මෙහෙයවීමට අදාළව. ඒක ඉතාම හොඳ ඉහළ ප්‍රගතියක්. රටවල් ගොඩක් තිබුණාට, විශාල වෙළෙඳ පොළවල් තිබුණාට කොළඹ වරාය තමයි ලෝකයේ බහලුම් මෙහෙයවීමේදී අද 20වන ස්ථානය උසුලන්නේ. රටවල් හැටියට ගත්තොත්, ඊටත් වඩා අපි ඉස්සරහට එනවා. වරායවල් අතරින් තමයි 20වන ස්ථානය. රටවල් හැටියට ගත්තොත්, අපි ඊටත් වඩා ගොඩක් ඉස්සරහට ඇවිල්ලා තිබෙනවා. ඒ නිසා අපේ වරාය ගත්තොත්, අපේ රටේ පිහිටීමත් එක්ක සංවර්ධනයේ මූලෝපාය වැදගත්කමක් උසුලනවා. ඒ නිසා වරායේ අලුත් සංවර්ධන මාවතක් ගැන අපි කල්පනා කරන්න ඕනෑ.

වරාය හා ඒ ආශ්‍රිත සේවාවන් සංවර්ධනය කිරීම රටේ ආර්ථිකයට ඉහළ වැදගත්කමක් ගෙන දෙනවා. 2040 වර්ෂය වන විට එහි නැව්ගත කිරීමේ සමස්ත ධාරිතාවය අඩි 20 බහලුම් ඒකක - TEUs - මිලියන 30 ඉක්මවා ඉහළ නැංවීම, ප්‍රතිඅපනයන නැව්ගත කිරීම හා සේවා සැපයුම් මධ්‍යස්ථානයක් ලෙස සංවර්ධනය කිරීම අපගේ ඉලක්කයයි.

- ආසියානු සංවර්ධන බැංකුව හා ලෝක බැංකු මූල්‍යානයෙන්, බටහිර පර්යන්තය II කිලෝමීටර 3.2කින් යුත් දියකඩනය ඉදි කර බහලුම් මිලියන 3.2ක් මෙහෙයවීම සඳහා අවශ්‍ය සංවර්ධනය සිදු කරනවා.

  ඒ කියන්නේ, බටහිර පර්යන්තයේ II පියවර. අපි ඒක ආරම්භ කරනවා.

14. ගුවන් සේවා ක්ෂේත්‍රයේ යටිතල පහසුකම් සංවර්ධනය

මෙය වැදගත් කටයුත්තක්. මම කලිනුත් කිව්වා, අපේ ගුවන් තොටුපොළ පිළිබඳව.

14.1 ජාත්‍යන්තර ගුවන් තොටුපොළ සංවර්ධනය

වර්තමානය වන විට බණ්ඩාරනායක ජාත්‍යන්තර ගුවන් තොටුපොළේ පළමු පර්යන්තයේ මගී ධාරිතාව මිලියන 6ක් පමණ වුවත් ඊට වඩා වැඩි මගීන් ප්‍රමාණයක් හැසිරවීම කරනු ලබනවා. දැන් අපේ තිබෙන පළමු පර්යන්තයේ අපට මිලියන හයක වාගේ ධාරිතාවක් තිබෙනවා. හැබැයි, අපි මිලියන නවයක් වාගේ හසුරවනවා. මිලියන හයක ධාරිතාවෙන්, මිලියන නවයක් හසුරවන්න ගියාම මොකක්ද සිද්ධ වෙන්නේ? එයින් ඉතා හොඳ පහසුකම් ලබා දෙන්න විධියක් නැහැ. ප්‍රමාදවීම්, අනෙකුත් පහසුකම් පිළිබඳ විශාල ප්‍රශ්නයක් මතු වෙලා තිබෙනවා. මගීන් වැඩි කරන්න අපේ සැලසුම් තිබුණාට, මේවායේ ධාරිතාව වැඩි කරන්න අපට සැලසුමක් තිබුණේ නැහැ. 2032 වනවිට මිලියන 16ක ධාරිතාවක් අවශ්‍ය බවට පුරෝකථනය කරලා තිබෙනවා. ඒ කියන්නේ, 2032 වෙනකොට මගීන් මිලියන 16ක් හසුරවන්න ඕනෑ. නමුත් අපට 2032 වෙනකම් ඉන්න බැහැ, දැන් ඒ සැලසුම් හදන්න ඕනෑ. ඒ අනුව, ගුවන් තොටුපොළේ මගී ධාරිතාව වැඩි කිරීම දැනටමත් ප්‍රමාද වී තිබෙනවා. එබැවින්, එය සංවර්ධනය කිරීම අපේ ප්‍රමුඛතාවක් ලෙස සලකනවා. ඒ අනුව;

- ගුවන් තොටුපොළ හා ගුවන් සේවා සමාගමේ රුපියල් මිලියන 15,000ක ආයෝජනයෙන් පළමු පර්යන්තයේ ධාරිතාව මිලියන 6 සිට මිලියන 9 දක්වා වර්ධනය කිරීමේ කටයුතු මේ වනවිටත් ආරම්භ කරලා තිබෙනවා. අපේ ගුවන් තොටුපොළ හා ගුවන් සමාගමේ මුදල්වලින් දැන් පළමු පර්යන්තය ප්‍රතිසංස්කරණය කරනවා. ඒකේ නියමිත ධාරිතාව මිලියන හයයි. ඒක මිලියන නවය දක්වා වැඩි කරන්න කටයුතු කරනවා.

- ප්‍රමාද වී තිබෙන දෙවන පර්යන්තයේ ඉදිකිරීම් කටයුතු සඳහා ජපාන ජාත්‍යන්තර සහයෝගිතා නියෝජිතායතනයේ - JICA - සහාය දැක්වීම ඇතිව ඉදිකිරීමේ කටයුතු ඉතා ඉක්මනින් ආරම්භ කිරීමට නියමිතව තිබෙනවා. ඒ, දිලා ගිය තව පටලැවිල්ලක්, අපේ කටුනායක බණ්ඩාරනායක ගුවන් තොටුපොළේ II පර්යන්තය. මේකත් අර වාගේම දිලා ගිය අවුල් ජාලයක්. විසඳන්න තවම උත්සාහ කරමින් තිබෙනවා. දැන් අපි අවසන් අදියරට ඇවිල්ලා තිබෙනවා නේද? මේ දෙසැම්බර් මාසය වෙනකොට අපට අවසන් agreement එක අවසන් කරන්න පුළුවන්. මෙය විශාල පටලැවිල්ලක්. කොහොමද, අපි දෙන්නේ, කාටද දෙන්නේ? ඔයගොල්ලන් දන්නවා, මේකේ ඉතිහාසය. ඒක නැවත නිරවුල් කරලා ඉතා ඉක්මනින් අපි දෙවැනි පර්යන්තයේ වැඩ කටයුතු ආරම්භ කරනවා, JICA මූල්‍ය ආධාර සහිතව. සියයට 0.1 පොලී අනුපාතයට තමයි අපට ඒ ණය ලැබෙන්නේ. මේක ඉතාම හොඳ ප්‍රගතිශීලි ණයක්. ඒ නිසා මේක ප්‍රතිසංස්කරණය කරන්න අපි මේ ණය මුදලක් එක්ක යන්න ඕනෑ. ඒ පිළිබඳව අපි ජපන් රජයට ස්තුතිවන්ත වෙන්න ඕනෑ.

- ජාත්‍යන්තර ගුවන් මගීන්ට දේශීය කර්මාන්ත වෙත වඩාත් පහසුවෙන් ගමන් කළ හැකි වන පරිදි ශ්‍රී ලංකා ගුවන් සමාගම - AASL - විසින් රුපියල් මිලියන 800ක ආයෝජයෙන් ගුවන් තොටුපොළ පරිශ්‍රය තුළ දේශීය ගුවන් පර්යන්තයක් - Domestic Air Terminal - ඉදිකිරීම් කටයුතු ලබන වසරේ ආරම්භ කරනවා.

ඒ, ඇයි? ඈත අය එනවා. යාපනයේ පුරවැසියන් එනවා. මට සමහර අය කියනවා, එයා ඒ රටේ ඉඳන් කටුනායකට එන්න ගිය වෙලාවට වැඩිය එයාට කටුනායක සිට යාපනයට යන්න ගත වෙනවා කියා. ඒ නිසා කටුනායක ගුවන් තොටුපොළට දේශීය මගීන් හසුරවන පර්යන්තයක් අවශ්‍යයි. ඒ පර්යන්තය අපි ලබන අවුරුද්දේ ආරම්භ කරමු. ඉතා ඉක්මනින් වැඩ අවසන් කරන්න පුළුවන් වෙයි.

- ගුවන් තොටුපොළ ඉදිරිපිට මාර්ගය පුළුල් කිරීමට සහ ගුවන් තොටුපොළ සහ ඒ අවට පවතින රථවාහන තදබදය අවම කිරීම සඳහා ගුවන් පාලමක් - flyover - ඉදිකිරීමට අවශ්‍ය ශක්‍යතා අධ්‍යයනය සිදු කරනවා. ඒ සඳහා රු. මිලියන 200ක් වෙන් කිරීමට යෝජනා කරනවා.

ඒ වාගේම දැන් මේ ප්‍රශ්නය ගැන හොඳට බලන්න. දැන් මොකද වෙන්නේ? අපි ගුවන් තොටුපොළේ ධාරිතාව වැඩි කරනවා. දේශීය ගුවන් මෙහෙයුම් සඳහා වැඩ කරමින් යනවා. හැබැයි, අපි අනිවාර්යයෙන් දන්නවා, එතකොට මොකක්ද වෙන්නේ කියලා. අනිවාර්යයෙන් මෙතැන මාර්ගවල තදබදයක් ඇති වෙනවා. ඒක කල් තියා අපි දකිනවා. Car parksවල තදබදයක් ඇති වෙනවා. ප්‍රශ්නය බලන්න ඕනෑ, කලින්. ගුවන් තොටුපොළ හදලා ඉවර වෙලා මගීන් ගැන සොයනවා. ගුවන් තොටුපොළ හදලා ඉවර වෙලා පාලම ගැන හොයනවා. එහෙම නොවෙයි. අපි මේවාට අන්තර් සැලැස්මක් එක්ක එනවා.

- ගුවන් තොටුපොළ තුළ හා අවට වාහන තදබදය අවම කිරීම සඳහා රුපියල් බිලියන 400ක වියදමින් ගුවන් තොටුපොළ සහ ගුවන් සේවා සමාගමේ වියදමින් තට්ටු පහක නව රථගාලක් ඉදි කරනවා.

- පුද්ගලික අංශයේ දායකත්වය ඇතිව බණ්ඩාරනායක ජාත්‍යන්තර ගුවන් තොටුපොළ ගුවන් භාණ්ඩ හැසිරවීමේ මධ්‍යස්ථානයක් බවට පරිවර්තනය කිරීම සඳහා ඉදිකිරීම්-මෙහෙයුම්-පවරාදීමේ - BOT - පදනම මත ගුවන් තොටුපොළ තුළ ප්‍රතිඅපනයනය කිරීමේ මධ්‍යස්ථානයක් හදන්න අපි සැලසුම් කරනවා.

එතැන අපේ නිල නිවාස පහක් තිබෙනවා නේද? ඒ නිල නිවාස අපි අනෙක් පැත්තට ඉවත් කරලා ඒ ඉඩම නිදහස් කරගෙන එතැන අපට පුළුවන්, නව භාණ්ඩ හුවමාරු terminal එකක් හදන්න. ඒකත් පටන් ගන්නවා.

- ගුවන් නියමු පුහුණුව. මේක වැදගත්. දේශීය, ව්‍යාපාරික හා කලාපීය ගුවන් සේවා සඳහා රත්මලාන ජාත්‍යන්තර ගුවන් තොටුපොළ සංවර්ධනය කරනවා. ගුවන් සේවා සුරක්ෂිතතාව තහවුරු කිරීම සඳහා දැනට පවතින ධාවන පථය ප්‍රතිසංස්කරණය කිරීමට හා මීටර 1,400 සිට මීටර 1,771 දක්වා දීර්ඝ කිරීම වෙනුවෙන් රුපියල් මිලියන 6,000ක ව්‍යාපෘතියක් ගුවන් තොටුපොළ සහ ගුවන් සේවා සමාගමේ - AASL - අරමුදල්වලින් කිරීමට 2027 වසරේ ආරම්භ කරනවා.

- දැඩි තර්ජනයට ලක්ව තිබෙන මධ්‍යම කඳුකරයේ ආරක්ෂාව යනු අපේ ජාතියේ අනාගතයේ ආරක්ෂාවයි.

මේක ඉතා වැදගත්. මධ්‍යම කඳුකරයට අපේ මුළු භූමි ප්‍රමාණයෙන් සියයට 13ක භූමි ප්‍රදේශයක් තිබෙනවා. මේ සියයට 13ක භූමි ප්‍රදේශය තමයි අපේ වර්ෂාපතනයෙන් සියයට 77ක් දෙන්නේ. නමුත් පසුගිය දිවිවා සුළි කුණාටුවේදී ස්ථාන 1,200කට වඩා ස්ථාන ගණනාවක් නායයෑම්වලට ලක් වෙලා තිබෙනවා. ඒ නිසා අද අපේ මධ්‍යම කඳුකරය තිබෙන්නේ ඉතාම අවදානම් තැනකයි. මධ්‍යම කඳුකරයේ විනාශය යනු අපේ ජාතියේ විනාශයයි. ඒ නිසා මේ මධ්‍යම කඳුකරය ආරක්ෂා කර ගන්න අපි ශක්තිමත් නීතියක් හදන්න ඕනෑ.

ඒ වෙනුවෙන් ඒකාබද්ධ ජලපෝෂක කළමනාකරණ ප්‍රවේශයක් ස්ථාපිත කිරීම සහ ප්‍රතිස්ථාපන කටයුතු සඳහා "ඉහළ ජලපෝෂක ප්‍රදේශ කළමනාකරණ අධිකාරියක්" පිහිටුවීමට යෝජනා කරනවා. ඒ සඳහා වූ පනත ඉතා ඉක්මනින් පාර්ලිමේන්තුවට ඉදිරිපත් කිරීමට බලාපොරොත්තු වෙනවා. එම අධිකාරියට පැවරෙන කාර්යයන් වෙනුවෙන් ඩොලර් මිලියන 100ක ණය ආධාරයක් ලබා ගැනීමට දැනටමත් සාකච්ඡා ආරම්භ කර තිබෙනවා.

මධ්‍ය කඳුකරයේ ආරක්ෂාව වෙනුවෙන් එය එක ආයතනයකින් පරිපාලනය කරන්න ඕනෑ; මෙහෙයවන්න ඕනෑ. ඒ සඳහා පනතක් හදලා, අධිකාරියක් හදලා, ඩොලර් මිලියන 100ක් යොදවන්න බලාපොරොත්තු වෙනවා. මොකද, මධ්‍ය කඳුකරය අද විශාල තර්ජනයකට මුහුණ දී තිබෙනවා. කුඩා වර්ෂාවටත් කඩා වැටෙන තත්ත්වයකට පත් වී තිබෙනවා. සමහර ප්‍රවෘත්ති, සමහර සිදුවීම් ගැන අපේ විශේෂඥයන්ගෙන් ඇහුවාම අපට ඇහ කිලිපොළා යන තත්ත්වයක් මධ්‍ය කඳුකරයේ ඇති වී තිබෙනවා. ඒ නිසා දීර්ඝ කාලයක් අපේ අසංවිධිත, සැලසුමක් නැති සංවර්ධනයේ ප්‍රතිඵලයක් හැටියට අද මධ්‍යම කඳුකරය තමන්ගේ ජීවය අහිමි කර ගනිමින් තිබෙනවා. ඒ නිසා අනාගත පරම්පරාව වෙනුවෙන් මේ මධ්‍ය කඳුකරය යළි යථාවත් කිරීම අපේ ආණ්ඩුවේ වගකීමක්. අපි එය යළි ස්ථාපිත කිරීමට සැලසුම් හදනවා.

අනිවාර්යයෙන්ම. පරිසරය බිඳ වැටුණොත් ජනතාවගේ ජීවිත කොහොමත් බිඳ වැටෙනවා. ඒ නිසා පරිසරය ආරක්ෂා කර ගැනීම එම ජනතාවගේ ජීවිත ආරක්ෂා කර ගැනීමේ පළමු පියවර කියලා මා හිතනවා. මොකද, පරිසරය ආරක්ෂා කර ගැනීමෙන් තොරව මධ්‍ය කඳුකරයේ ජීවත් වන ජනතාවගේ ජීවිත ආරක්ෂා වෙන්නේ නැහැ. ඒ නිසා මධ්‍ය කඳුකරයේ ජනතාවගේ ජීවිත ආරක්ෂා කර ගැනීමේ පළමු පදනම එම මධ්‍ය කඳුකරය ආරක්ෂා කර ගැනීමයි කියලා අපි විශ්වාස කරනවා. 25. ප්‍රවාහනය

කාර්යක්ෂම, සුවපහසු, පොදු ප්‍රවාහන සේවාවක් සහතික කිරීම සඳහා, ප්‍රවාහන ක්ෂේත්‍රයේ නව යුගයක් ආරම්භ කිරීම අපගේ රජයේ අපේක්ෂාවයි. ඒ අනුව, දුම්රිය හා මගී බස්රථ සේවා නවීකරණය කිරීම, ප්‍රවාහන ජාල අතර සම්බන්ධතාව ශක්තිමත් කිරීම සහ තිරසර මහජන ප්‍රවාහනය ප්‍රවර්ධනය කිරීම සඳහා වාර්තාගත රුපියල් මිලියන 95,000ක් යොදවනවා.

ප්‍රවාහනයේදී විශේෂයෙන්ම දුම්රිය විද්‍යුත්කරණය කෙරෙහි අපි අවධානය යොමු කරලා තිබෙනවා. මගී ප්‍රවාහනයේ කොඳු නාරටිය ලෙස සැලකෙන දුම්රිය සේවයේ සංවර්ධනය රජයේ ප්‍රමුඛතාවක් ලෙස හඳුනාගෙන තිබෙනවා. ඒ අනුව ප්‍රධාන දුම්රිය මාර්ග 3ක් විද්‍යුත්කරණය කිරීම සඳහා රුපියල් බිලියන 1,200කට අධික ආයෝජනයක් සිදු කිරීමට නියමිතයි. මෙම වැඩසටහනේ පළමු අදියර ක්‍රියාත්මක කිරීම සඳහා අපි සැලසුම් කරලා තිබෙනවා. අපේ දුම්රිය විද්‍යුත්කරණය පිළිබඳව ද කොච්චර සිහිනයක් තිබෙනවාද? මෙතැන මන්ත්‍රීවරු කොච්චර නම් විදේශගත වෙලා ඇත්ද? විද්‍යුත්කරණය කරන ලද දුම්රියවල මොන තරම් වාරයක් ඔබ ගිහින් තිබෙනවා ඇත්ද? ඒ දුම්රියවල යන හැම විටම, "අනේ! මෙහෙම එකක් ශ්‍රී ලංකාවට නැහැනේ" කියලා ඔබ කල්පනා කරලා නැද්ද? අපේ දුම්රිය විද්‍යුත්කරණය පිළිබඳ සිහිනයක් අපට හැම විටම තිබුණා. හැබැයි දීර්ඝ කාලයක් මේ පිළිබඳව අවධානය යොමු කළේ නැහැ. නමුත් අපි මේ සඳහා කැලණිවැලි දුම්රිය මාර්ගයේ මරදාන සිට හෝමාගම දක්වා විද්‍යුත්කරණය කිරීම සඳහා 2027 වසරට රුපියල් මිලියන 45,000ක් වෙන් කරනවා. ප්‍රධාන දුම්රිය මාර්ගයේ මරදාන සිට රාගම දක්වා විද්‍යුත්කරණය කිරීම සඳහා 2027 වසරට රුපියල්

මම නැවත කියනවා, අප මේ සඳහා වියදම් කරන්නේ එක ඩොලරයක්වත් ණයට ගන්නේ නැතුව අපේ භාණ්ඩාගාරය සතු මුදල්වලින්ය කියන එක. මේ ව්‍යාපෘති ක්‍රියාත්මක කිරීම සඳහා විදේශීය විශේෂඥ ඥානය තිබෙන කණ්ඩායම් අපි කැඳවා ගන්න ඕනෑ. ඒ සඳහා වන නියමිත ටෙන්ඩර් දැන්වීමකින් හොඳ විශේෂඥ කණ්ඩායමක් අපි කැඳවා ගන්න ඕනෑ. එහෙම වුණොත් තමයි මේක සාර්ථක කර ගන්න පුළුවන් වන්නේ. අපි ඒ පිළිබඳවත් අවධානය යොමු කර තිබෙනවා.

මා දන්නවා, ජල සම්පාදන අමාත්‍යවරයා හැටියට අපේ රවුම් හකීම් මැතිතුමා වැඩ කළ බව. ගරු මන්ත්‍රීතුමනි, ඒ කාලයේ මේ තරම් මුදල් ආවේ නැහැ නේද, කවදාවත්? ඔබතුමාටත් මේ තරම් මුදල් වෙන් වුණා නම්, අපේ රටේ පානීය ජල අවශ්‍යතාව කොච්චර නම් සපුරන්න තිබුණාද? අපි භාණ්ඩාගාරයේ මුදල් එක් රැස් කරන්නේ මේ වෙනුවෙන්. ජනතාවගේ ප්‍රශ්න ප්‍රමුඛතාවෙන් බලලා ඒ ප්‍රශ්න විසඳීම තමයි අපේ ආණ්ඩුවේ කාර්ය භාරය.

27. නිවාස සහ නාගරික සංවර්ධනය

ජාතියක ප්‍රගතිය සහ මානව සම්පතේ මූලිකම පදනම වන්නේ සුරක්ෂිත නිවසක් සහ සෞඛ්‍ය සම්පන්න නාගරික වටපිටාවක්. ඒ සඳහා ආර්ථික, සමාජ හා භෞතික සංවර්ධනය ඒකාබද්ධව සැලසුම් කරමින්, ස්වාභාවික හා ගොඩනගන ලද පරිසරය ආරක්ෂා කරමින් ජනතාවගේ ජීවන තත්ත්වය නංවාලීම අපගේ අපේක්ෂාව වනවා.

- අඩු ආදායම්ලාභීන්ගේ නිවාස ගැටලුව විසඳීම සඳහා "තමන්ගෙම තැනක් - ලස්සන ජීවිතයක්" වැඩසටහන යටතේ නිවාස 70,000ක් ඉදි කිරීමට බලාපොරොත්තු වෙනවා. දැනට ආරම්භ කර ඇති මෙම වැඩසටහන තුළ 2027 වසරේ නව නිවාස 10,000ක් ඉදි කිරීමට අපේක්ෂා කරනවා. මෙම වැඩසටහන යටතේ එක් නිවසක් වෙනුවෙන් ලබා දුන් ආධාරය රුපියල් ලක්ෂ 10 සිට රුපියල් ලක්ෂ 15 දක්වා වැඩි කිරීමට යෝජනා කරනවා. ඒ වෙනුවෙන් දැනට වෙන් කර තිබෙන ප්‍රතිපාදනය රුපියල් මිලියන 15,000 දක්වා වැඩි කිරීමට යෝජනා කරනවා. ශ්‍රම දායකත්වයෙන් කෙරෙන මේ ව්‍යාපෘතියට රුපියල් ලක්ෂ 10ක් තමයි ලබා දුන්නේ. ලබන වසරේ සිට ඒ සඳහා ලක්ෂ 15ක් ලබා දෙන්න අපි තීරණය කරලා තිබෙනවා.

- උතුරු-නැගෙනහිර පැවැති යුධමය තත්ත්වය හේතුවෙන්, - 2009 වසරේයි යුද්ධය අවසන් වුණේ- අවතැන් වූ පවුල් 13,000ක් නැවත පදිංචි කිරීමේ කටයුතු තවමත් සිදු කර නැහැ.

තවමත් පවුල් 13,000ක් - යුද්ධය අවසන් වෙලා අවුරුදු 16කට වඩා වැඩි කාලයක් ගත වෙලා තිබෙනවා - ඉන්නේ අවතැන් කඳවුරුවල, නැත්නම් අවතැන් වූ නිවාසවල. එම පවුල් වසර 2ක් තුළ නැවත පදිංචි කර අවසන් කිරීම අපේ රජයේ ඉලක්කයයි.

2027, 2028 වසර දෙක ඇතුළත ඒ පවුල් 13,000ම නැවත පදිංචි කරවනවා. ඒ සඳහා රුපියල් මිලියන 6,000ක් වෙන් කර ඇති අතර, තවත් රුපියල් මිලියන 4,000කින් වැඩි කරලා මිලියන 10,000ක් වෙන් කරනවා උතුරු, නැඟෙනහිර යුද්ධයෙන් අවතැන් වූ ජනතාව පදිංචි කරවීම සඳහා.

- වතු ප්‍රජාවගේ නිවාස ගැටලුවට විසඳුම් ලබා දීම වෙනුවෙන් ඉන්දියානු රජයේ සහයෝගීත්වය ඇතිව ආරම්භ කළ නිවාස 10,000ක **ව්‍යාපෘතිය තවදුරටත්** වේගවත්ව ඉදිරියට යනවා.

- අඹරන්විමුල්ල, සේරක්කුලිය, මංගලපුර, වවුනියාවේ කන්දසාමි හා නිත්‍ය නගර්, පිඩියාෆාම්, පොළොන්නරුව, මුලතිව්, තිස්සමහාරාමය, දිවුලපිටිය, දිඹුලාගල හා හෙන්නානිගල-දකුණ වැනි ප්‍රදේශවල දිවිවා ආපදාවට ලක් වූ, එහෙත් පවතින නිර්ණායක හේතුවෙන් නිවසක් හිමි නොවූ අයට - ඒ කියන්නේ, "දිවිවා" ආපදාවට ලක් වුණා. අපි හදලා තිබෙන ගැසට් නිවේදන අනුව ඒගොල්ලන්ට නිවසක හිමිකම නැතිව ගියා. අන්න ඒ අයට - නිවසක් ලබා දීම වෙනුවෙන් රුපියල් මිලියන 1,000ක් වෙන් කිරීමට යෝජනා කරනවා.

මොකද, දිවිවා නිර්ණායකයට ඒගොල්ලන් ඇතුළත්වුණේ නැති නිසා ඒගොල්ලන්ට නිවාසයක් නැති වෙලා තිබුණා.

- 2015 -19 වසරවල දී ආරම්භ කරන ලද රුපියල් 20,000, රුපියල් 40,000 වැනි කුඩා මූල්‍ය ආධාර මත ආරම්භ කරන ලද නව නිවාස ව්‍යාපෘති විශාල ප්‍රමාණයක් තිබෙනවා.

රුපියල් 20,000ක් දීලා ගෙයක් හදාගන්න කිව්වා, 2015-2019දී. රුපියල් 40,000ක් දීලා ගෙයක් හදාගන්න කිව්වා. ගෙයක් හදාගන්න පුළුවන්ද රුපියල් 20,000ට? ගෙයක් හදාගන්න පුළුවන්ද 40,000ට? සෙල්ලම් ගෙවල්ද? කෝම්පිට්ටු හදන්න පුළුවන්. මොකක්ද සිද්ධ වුණේ

30. ජාතික ආරක්ෂාව

- ආරක්ෂක අංශ මඟින් පවත්වාගෙන යනු ලබන පර්යේෂණ,-

මේක වැදගත්. අපේ රාජ්‍යය, යුධමය පර්යේෂණ ගොඩක් වර්ධනය වුණු රාජ්‍යයක් නොවෙයි. අපේ රටේ එය ඉතාම පහළ මට්ටමකයි තිබෙන්නේ. හැබැයි, අපේ ත්‍රිවිධ හමුදාව තුළ ඒ ඥානය සහ ශක්තිමත්භාවය තිබෙන ඉතා හොඳ තාක්ෂණික හමුදා නිලධාරීන් ඉන්නවා.

- ආරක්ෂක අංශ මඟින් පවත්වාගෙන යනු ලබන පර්යේෂණ, ආරක්ෂක අමාත්‍යාංශයට අනුබද්ධ, "ආරක්ෂක සංවර්ධන පර්යේෂණ මධ්‍යස්ථානය" පිහිටුවීම සඳහා ප්‍රතිපාදන රුපියල් මිලියන 250ක් වෙන්කර තිබෙනවා.

එක් centre එකකට ගෙනල්ලා අපි ආරක්ෂක උපකරණ පිළිබඳ පර්යේෂණ පටන් ගන්න ඕනෑ. දැනටමත් කුඩා පරිමාණයේ පර්යේෂණ සිද්ධ වෙනවා. නමුත්, එය ජාතික වශයෙන් ක්‍රියාත්මක කිරීම සඳහා අපි අවධානය යොමු කරනවා. ඒ අනුව, අපි අලුත් ආරක්ෂක උපක්‍රම සහ අවි ආයුධ පිළිබඳ පර්යේෂණවලට යන්න ඕනෑ. ඒ පිළිබඳව අපි අවධානය යොමු කර තිබෙනවා.

- ආරක්ෂක හමුදාවන් වෙත ඉදිකිරීම් කටයුතු සඳහා බඳවා ගත් කණ්ඩායම් සිටිනවා. මෙම පිරිස රජයේ විවිධ සංවර්ධන වැඩසටහන්වලට යොදා ගන්නා විට ඒ සඳහා විශේෂ දීමනාවක් ලබා දීමට යෝජනා කරනවා.

මොකද, හිටපු ගමන් අමාත්‍යාංශ ගොඩනැඟිල්ලක් හදන්න ආරක්ෂක හමුදා සාමාජිකයන් ඉල්ලනවා. හැබැයි, ඒ ගොඩනැඟිල්ල හැදීමේ කාර්යය වෙනුවෙන් ඒ හමුදා සාමාජිකයන් සඳහා යම් දීමනාවක් ලබා දෙන්න ඕනෑ. එහෙම නැතුව තමතමන්ට ඕනෑ ඕනෑ පරිදි ආරක්ෂක හමුදාව අරගෙන ගිහිල්ලා එක් එක් buildingsවල ඔහේ වැඩ කරන්න යොදවන්න බැහැ. ඒගොල්ලන්ට දීමනාවක් ලබාදිය යුතුයි කියලා අපි යෝජනා කරනවා.

- 2009ට පෙර හමුදාවට බැඳුණු රණවිරුවන්ගේ දෙමාපියන්ට දක්වන ගෞරවයක් වශයෙන්, දැනට මවට හා පියාට ගෙවන රුපියල් 750ක මාසික දීමනාව ඉහළ දැමීම සඳහා සහ එය 2027 ජූලි මස සිට ක්‍රියාත්මක කිරීම සඳහා වැඩ පිළිවෙළක් කඩිනමින් සකස් කරන ලෙස ආරක්ෂක අමාත්‍යාංශයට යෝජනා කරනවා.

මොකක්ද, මේ දීමනාව? 2009 වසරෙන් පසු යුද්ධයට බැඳුණු රණවිරුවන්ගේ අම්මාට හෝ තාත්තාට රුපියල් 750ක් දෙනවා. ඒ ප්‍රමාණය සාධාරණ නැහැ. ඉතින්, හොඳ අධ්‍යයනයක් කරලා ඒ මුදල වැඩි කරන්න කියලා අපි යෝජනා කර තිබෙනවා.

- රාජ්‍ය අංශයේ ඉදිකිරීම් සඳහා උපදේශන සේවා ලබා දීමේ ආයතනයක් ත්‍රිවිධ හමුදාව තුළ සිටින ඉංජිනේරුවරු ඇතුළු ව්‍යෘත්තිකයන් අනුයුක්ත කර පිහිටුවනවා. රජයේ ව්‍යාපෘති සැලසුම් කිරීම, අධීක්ෂණය හා සුපරීක්ෂණ කාර්යයන්වල දී උපදේශන ආයතනයක් ලෙස මෙම ආයතනය කටයුතු කරනවා.

අපේ ත්‍රිවිධ හමුදාව තුළ ඉතා හොඳ ශක්‍යතාවක් තිබෙන ඉංජිනේරුවන් ඉන්නවා. හැබැයි, අපේ රාජ්‍ය ඉදිකිරීම්වලදී අපට හොඳ උපදේශන සේවාවන් නැහැ. අපට තිබෙන උපදේශන සේවා සමාගම් ප්‍රමාණවත් නැහැ. එම නිසා, ත්‍රිවිධ හමුදාව සතුව තිබෙන

ඉංජිනේරු හැකියාවන් එකතු කරලා අපි අපේ ඉදිකිරීම්වලට සැලසුම් හදන්න උපදේශන සේවාවක් හැටියට කටයුතු කරන ආයතනයක් පිහිටුවන්න බලාපොරොත්තු වෙනවා.

- ආරක්ෂක අමාත්‍යාංශයේ ඩිජිටල් හා සයිබර් ආරක්ෂක පද්ධති නවීකරණය කිරීම, ඩිජිටල් විෝහාරික පරීක්ෂණාගාරයක් ස්ථාපිත කිරීම සහ දේශසීමා ආරක්ෂක තාක්ෂණික පහසුකම් සංවර්ධනය කිරීමට කටයුතු කරනවා. ශ්‍රී ලංකා යුද්ධ හමුදාවේ සන්නිවේදන හා තාක්ෂණික පහසුකම් වැඩිදියුණු කිරීමටත්, ශ්‍රී ලංකා නාවික හමුදාවේ සමුද්‍රීය ආරක්ෂාව සහ නිරීක්ෂණ හැකියාවන් ශක්තිමත් කිරීම සඳහා නව මුර යාත්‍රා, ටග් යාත්‍රා, නවීන රේඩාර් පද්ධති ලබා දීමටත් අපේක්ෂා කරනවා.

සමහර ඒවා සඳහා අපි දැනටමත් ටෙන්ඩර් කැඳවලා තිබෙනවා. නවීන ටග් යාත්‍රා සහ නවීන පරීක්ෂණ යාත්‍රා අපි ලංකාවට කැඳවන්න ඕනෑ. විශේෂයෙන්ම අපේ නාවික හමුදාව සහ ගුවන් හමුදාව අපි ඉතාම දියුණු තාක්ෂණික උපකරණවලින් ශක්තිමත් කරන්න ඕනෑ. ඉදිරියේ ඇති විය හැකි තර්ජනවලදී නාවික හමුදාවට සහ ගුවන් හමුදාවට විශාල කාර්යභාරයක් පැවරෙනවා.

31. සංස්කෘතික හා ජාතික උරුමයන්

සියලු ජාතීන් හා ආගම් එක් පවුලක් සේ සහජීවනයෙන් ජීවත් වීම තුළින් අපගේ ජාතික අනන්‍යතාවය තහවුරු කොට තිබෙනවා. එම උරුමයන් අනාගත පරපුරට දායාද කිරීම උදෙසා විධිමත් ලෙස සංරක්ෂණය කිරීම අපගේ ප්‍රමුඛ වගකීමක්.

මේ සඳහා ජාත්‍යන්තරයේ මෙන්ම දේශීයව භාවිත වන ත්‍රිමාණ ස්කෑනින් - 3D Laser Scanning - වැනි ඩිජිටල් තාක්ෂණික නව්‍යතා ඔස්සේ පූජනීය සිද්ධස්ථාන, ඓතිහාසික කෞතුක වස්තු හා සංස්කෘතික අනන්‍යතා ඩිජිටල්කරණය කර සංරක්ෂණයට පියවර ගන්නවා. මෙමඟින් ස්වභාවික ආපදා හෝ කාලගුණික බලපෑම් හමුවේ වුවද ජාතික උරුමයන්ගේ නිවැරදි ත්‍රිමාණ ආකෘති සදාකාලිකව පවත්වා ගැනීමට හැකියාව ලැබෙනවා.

විවිධ ජාතීන් හා ආගම් සමඟ බැඳුණු කලා කටයුතු ප්‍රවර්ධනය කිරීම සහ සංවර්ධන කටයුතු වෙනුවෙන් මෙවර අය වැයෙන් රුපියල් මිලියන 7,000ක් වෙන්කර තිබෙනවා.

ඒකෙන් කියන්නේ මේකයි. අපේ පැරණි උරුමයන් තිබෙනවා. ඒ උරුමයන් එක්කෝ මොකක් හෝ ආපදාවකදී විශාල ලෙස විනාශයට පත් වෙනවා. එතකොට, එම උරුමයන් මොන විධියටද තිබුණේ කියලා අපට සොයාගන්න බැහැ. එම නිසා, අපි ඒවා ත්‍රිමාණ විධියට ඩිජිටල්කරණය කරලා නැවත පිහිටුවනවා. එතකොට, මොකක් හෝ උරුමයක් විනාශ වුණාම එය පැරණි තිබුණු තත්වයට අනුරූපී වන පරිදිම පිහිටුවීමේ හැකියාව අපට තිබෙනවා. අපි ඒ සඳහා ව්‍යාපෘතියක් ආරම්භ කරනවා.

ඊළඟට, මේ වෙලාවේ සංවාදයට බඳුන්වෙලා තිබෙන තවත් වැදගත් කාරණයක් තිබෙනවා.

- අනුරාධපුරය ශ්‍රී ලංකාවේ අද්විතීය ඓතිහාසික පුරාවිද්‍යාත්මක ආගමික හා සංස්කෘතික උරුමයන් රැසක් ඒක රාශි වූ ජාතික හා ජාත්‍යන්තර වැදගත්කමකින් යුත් පූජා භූමියකි. එය බෞද්ධ ශිෂ්ටාචාරයේ ඓතිහාසික උරුමය නියෝජනය කරනවා. එබැවින් එහි පුරාවිද්‍යාත්මක හා පූජනීයත්වය අනාගත පරම්පරාව වෙනුවෙන් ආරක්ෂා කර ගැනීම, බැතිමතුන්ට අවශ්‍ය පහසුකම් වැඩි දියුණු කිරීම, මාර්ග ප්‍රතිසංස්කරණය, කසළ කළමනාකරණය ඇතුළු සංවර්ධන කටයුතු රැසක් ක්‍රියාත්මක කිරීමට අපි බලාපොරොත්තු වෙනවා. මෙම වැඩසටහන අධීක්ෂණය හා මහපෙන්වීම සඳහා මේ වනවිටත් වැඩබලන අටමස්ථාන නායක ස්වාමීන් වහන්සේගේ සම සභාපතිත්වයෙන් උපදේශන සභාවක් පිහිටුවා තිබෙනවා.

පූජා නගර සංවර්ධනය පිළිබඳව දැනට වැඩ බලන අටමස්ථානාධිපති ස්වාමීන් වහන්සේගේ සම සභාපතිත්වයෙන් උපදේශන සභාවක් පිහිටුවලා තිබෙනවා. ථූපාරාමය ඇතුළු පන්සල් කිහිපයක නායක ස්වාමීන් වහන්සේලා හතර නමක් එම සභාව නියෝජනය කරනවා. මේ අනුරාධපුර පූජා භූමි සැලැස්ම හිටපු අටමස්ථානාධිපති නායක ස්වාමීන් වහන්සේ, මගෙන් ඉල්ලපු දේ. ඒ ඉල්ලපු දේ තමයි මේ කරන්න යන්නේ. අටමස්ථාන නායක ස්වාමීන් වහන්සේට නොදැනෙන දෙයක්, ඒ පැත්තේ ඉන්න අපේ අනෙකුත් නායක ස්වාමීන් වහන්සේලා හතර නමට නොදැනෙන දෙයක් ගැන කියමින් මේ කවුදෝ ගිහිල්ලා, එළියෙන් වාඩි වෙලා ඉන්නවා. මොනවාද මේ විකාර? මේක තමයි, අපේ රටේ ඓතිහාසික උරුමය, අපේ රටේ ජාතිය ගොඩනැංවීමේ ප්‍රමුඛ මධ්‍යස්ථානය. මේක රැක බලාගෙන ආරක්ෂා කරලා අනාගත පරම්පරාවට සුරක්ෂිත කිරීම, වර්තමාන පාලකයින්ගේ වගකීම නොවෙයිද? ඒක තමයි අපි කරන්නේ.

ඒ සඳහා මධ්‍යම සංස්කෘතික අරමුදල මඟින් 2027 වර්ෂය සඳහා රුපියල් මිලියන 1,076ක් දැනටමත් වෙන් කර තිබෙනවා. නාගරික සංවර්ධන අධිකාරිය මඟින් රුපියල් මිලියන 8,200ක ඇස්තමේන්තුවක් සකස් ඇති අතර 2027 වසර සඳහා රුපියල් මිලියන 500ක් වෙන් කිරීමට යෝජනා කරනවා.

මේ වැඩ කිහිපය අපි කරනවා. මධ්‍යම සංස්කෘතික අරමුදල, පුරාවිද්‍යා දෙපාර්තමේන්තුව, ඒ වාගේම නාගරික සංවර්ධන අධිකාරිය, අනුරාධපුර නගර සභාව කියන මේ ඔක්කෝම ඒකාබද්ධව තමයි මේ ව්‍යාපෘතිය කරන්නේ. මම කල්පනා කරලා තිබෙනවා, මේ ව්‍යාපෘතිය අවසන් වෙන්න කිට්ටු වෙන කොට අනුරාධපුර නගර සභාවට විදුලි බස් රථ ප්‍රමාණයක් ලබා දෙන්න. ඒවා විතරක් පූජා භූමිය තුළ දුවන්න පුළුවන් විධියට සංවර්ධනය කරනවා. නගර සභාවට ඒ බස් රථ පාලනය කරන්න අයිතිය තිබෙනවා. ඒ විධියට තමයි, සැලසුම් සකස් කරන්නේ. අපේ ඓතිහාසික උරුමයන් රැක ගැනීම, අපේ වගකීමක්. ඒ වෙනුවෙන් වැඩ කරනකොට කොහේවත් නැති දේශපාලන වුවමනාවකට මේවා බද්ධ කර ගැනීම පිළිබඳ අපට තිබෙන්නේ, ඉතාම පිළිකුල් සහගත හැඟීමක්.

පූජා භූමියේ වර්ග ප්‍රමාණය වර්ග කිලෝමීටර 28 සිට 35 දක්වා වර්ධනය වෙනවා. එමඟින් පූජා භූමියේ වර්ග ප්‍රමාණය වැඩි කරනවා. මම ගියා, අලුත්නුවරට. එහි එක තැනක් කැනීම් කරනවා. ඒ වාගේ ස්ථාන 14ක් තිබෙනවා කිව්වා. එක ස්ථානයක් කැනීම් කරන්න මිලියන 40ක් යනවා කිව්වා. හැබැයි, අවුරුද්දට එකයි කරන්නේ. මම ඇහුවා, 14ම එකපාර කරන්න බැරිද කියලා. ඒ සඳහා මිලියන 480යි වැය වෙන්නේ. අවුරුද්දට එක ගණනේ කරන්න ගියාම අවුරුදු 14ක් යනවා කැනීම් කරලා ඉවර වෙන්න. අවුරුදු 14ක් යනකොට, ඒවා තවත් විනාශ වෙනවා. මම පුරාවිද්‍යා දෙපාර්තමේන්තුවෙන් ඇහුවා, "අපි මුදල් දෙන්නම්, ඒ 14ම වැඩ පටන් ගන්න ලැහැස්ති වෙන්න" කියලා. මේ ඓතිහාසික උරුමය අපි රැක ගන්න ඕනෑ. ඒක ගැන මම හිතන්නේ, පාර්ලිමේන්තුවේ නම් තාම කවුරුවත් කථා කරනවා ඇහුණේ නැහැ. නේද? දයාසිරි, කථා කළේ නැහැ නේ ඒ ගැන මුකුත්ම, නේ. *[බාධා කිරීම්]* නැහැ, මේ වාගේ ඒවාට සාමාන්‍යයෙන්,- *[බාධා කිරීම්]*

35. රාජ්‍ය අංශයේ වැටුප් සහ විශ්‍රාම වැටුප්

ගරු කථානායකතුමනි, 2025 අපගේ පළමු අය වැයෙන් රාජ්‍ය අංශයේ අවම මාසික මූලික වැටුප රුපියල් 15,750කින් වැඩි කිරීමෙන් සහ වාර්ෂික වැටුප් වර්ධක අගය සියයට 80 දක්වා වැඩි කිරීමෙන් මූලික වැටුප වැඩි කිරීම සඳහා කටයුතු කරනු ලැබුවා. මෙම වැටුප් වැඩි කිරීම සඳහා රුපියල් බිලියන 330ක් වැය වෙනවා. මෙම වැටුප් සංශෝධනය අදියර 3කින් ක්‍රියාත්මක කරන ලද අතර, එහි අවසාන අදියර 2027 වසරේදී ක්‍රියාත්මක වන අතර, ඒ සඳහා අය වැයෙන් රුපියල් බිලියන 110ක් වෙන් කර තිබෙනවා. මේ මුදල අපි වෙන් කර තිබෙන්නේ රාජ්‍ය සේවයන්ගේ තුන්වැනි වැටුප් වර්ධකය ලබා දෙන්න.

මේ අතර විවිධ ක්ෂේත්‍රවල රාජ්‍ය සේවකයන් විසින් සිය රාජකාරි ඉටු කිරීමේදී දැරීමට සිදුවන ඒ ආශ්‍රිත වියදම් ඉහළ යාම සැලකිල්ලට ගනිමින්, තම දීමනා සංශෝධනය කරන ලෙස ඉල්ලීම් ඉදිරිපත් කර තිබෙනවා. එම ඉල්ලීම් මෙන්ම රජයේ පවතින මූල්‍ය අවකාශය ද සැලකිල්ලට ගනිමින් මෙම අය වැය මඟින් ප්‍රමුඛතාව ලබා දෙමින් දීමනා කිහිපයක් ඉහළ නැංවීමට අපේක්ෂා කරනවා. අනෙකුත් දීමනා සංශෝධනය කිරීමේ ඉල්ලීම් රාජ්‍ය මූල්‍ය හැකියාව සැලකිල්ලට ගනිමින් ඉදිරි අය වැයවලදී අදියර වශයෙන් සලකා බැලීමට කටයුතු කරනු ලබනවා.

මා මේ ගැන කියන්නම්, ගරු කථානායකතුමනි. අපේ රාජ්‍ය සේවකයන්ගේ වැටුප් වැඩිවීම වෙනුවෙන් අපට රුපියල් බිලියන 330ක් වැය වුණා. 2027 අය වැය ලේඛනයට මේ රුපියල් බිලියන 330ම වැය බර එනවා. අපි බොහෝ විට රාජ්‍ය සේවකයින්ට කිව්වා, 2027 වැටුප් වර්ධකයෙන් පසුව තමයි දීමනා ගැන කල්පනා කරන්නේ කියලා. මොකද, 2027 වැටුප් වර්ධකයක් ලැබෙන්න තිබියදී නැවත නැවත දීමනා ඉල්ලීම ඒ තරම් යුක්තිසහගත නැහැ. ඒ තුන්වැනි වැටුප් වර්ධකය කොච්චර ප්‍රමාණයකින් අපට දරාගන්න පුළුවන්ද කියලා අපි බලන්න ඕනෑ. එහෙමයි අපි රටක් ගැන කල්පනා කරන්න ඕනෑ. නමුත්, සමහර ක්ෂේත්‍රවලට දීමනා වැඩිවීමක් අත්‍යවශ්‍යයි කියලා මා දන්නවා. ඒ

හැම කෙනාම කල්පනා කරලා බලන්න ඕනෑ, 2027 ජනවාරි මාසයට මුළුමනින්ම රුපියල් බිලියන 330කුත්, ඒ රුපියල් බිලියන 330 ඇතුළේ අලුතෙන් රුපියල් බිලියන 110කුත් ඇතුළු වෙනවා කියන එක. ඒක අපේ අය වැය ලේඛනයේ සීමාවට දරාගන්න පුළුවන්. එහෙත්, සමහර දීමනා වැඩි කළ යුතුයි කියලා මම දන්නවා. මා මෙවර දීමනාවන් ගැන කල්පනා කරලා බැලුවා.

දැන් අපි මේ අවුරුද්දේ ප්‍රාග්ධන ව්‍යයදම්වලට රුපියල් බිලියන 2,000ක් වෙන් කරලා තිබෙනවා. අපේ රාජ්‍ය සමත් වෙන්න ඕනෑ, ඒ රුපියල් බිලියන 2,000 වැය කරන්න. අපි මේ දරන වැය බරට සාධාරණය ඉටු වෙන්න නම්, මේ රුපියල් බිලියන 2,000 වැය කරන්න සමත් වෙන්න ඕනෑ. නමුත් එහෙම සමත් වුණේ නැති අවස්ථා අපි දැක තිබෙනවා. ඒ නිසා රාජ්‍ය සේවය තමන්ගේ වැටුප් හා දීමනා ගැන හඬ නඟන ගමන්ම තමන්ගේ යුතුකම් සහ වගකීම් පිළිබඳව මීට වඩා වැඩියෙන් කල්පනා කරන්න ඕනෑ. මේ රටේ පුරවැසියන් මේ තරම් වැය බරක් අපේ රාජ්‍ය සේවය වෙනුවෙන් දරනවා. විශ්‍රාම වැටුප් වෙනුවෙන් විතරක් රුපියල් බිලියන 600ක් දරනවා. 2027දී වැටුප් වැඩිවීමට විතරක් රුපියල් බිලියන 330ක් දරනවා. ඒත් මේ තිබෙන දුෂ්කරතා පිළිබඳව කල්පනා කරලා යම් දීමනාවක් ලබා දීමට මා තීරණය කළා.

ඒ අනුව, පහත පරිදි දීමනා සංශෝධනය කිරීමට යෝජනා කරනවා.

(The Hon. Anura Kumara Dissanayake)
පාසිකුඩා පළාත් පාලන ආයතනයට ගෙවන්න ඕනෑ. අපි දැන් ඒ ගැන බලමු.

අපි හෝටල් හිමියන්ට කිව්වා, ශ්‍රී ලංකා සංචාරක සංවර්ධන අධිකාරියට බද්ද ගෙවන්න එපා කියලා. පළාත් පාලන ආයතනවලට ප්‍රශ්නයක් පැනනඟිනවා, පිරිවැටුම හොයාගන්නේ කොහොමද කියලා. හැබැයි ඔවුන්ට තවදුරටත් තමන්ගේ turnover එක හංගන්න බැහැ. අද වනකොට දේශීය ආදායම් දෙපාර්තමේන්තුව ශක්තිමත්. කවුරුහරි කෙනෙක් තමන්ගේ පිරිවැටුම හංගලා බොරුවක් පළාත් පාලන ආයතනවලට කියනවා නම්, පළාත් පාලන ආයතනවලට ගෙවන්න තිබුණාට වඩා වැඩියෙන් දේශීය ආදායම් දෙපාර්තමේන්තුවට ගෙවන්න වෙනවා. මම දැන් කියන්නම්. බිස්නස් නම් සාධාරණයි. ඔවුන් අපට ඉදිරිපත් කළා, දෙපැත්තකින්ම සියයට එකක බද්දක් ගහන එක සාධාරණ නැහැ කියලා. අපි පිළිගත්තා. අපි ශ්‍රී ලංකා සංචාරක සංවර්ධන අධිකාරිය විසින් අය කරන සියයට එකක සංචාරක සංවර්ධන බද්ද ඉවත් කරනවා. හැබැයි පළාත් පාලන ආයතනවලට නිසි පරිදි ගෙවන්න ඕනෑ. ඒක තමයි යුක්තිය. සාමාන්‍ය ගෙදරකට සේවාවන් සපයනවාට වඩා හෝටලයකට සේවාවන් සැපයීමට අධික වියදමක් දරනවා. ඒ වියදම වෙනුවෙන් සාධාරණ බද්දක් ගෙවිය යුතුයි. එතකොට තමයි හෝටලයක් ගමකට ගියාම, ඒ හෝටලයේ ආදායමක් පළාත් පාලන ආයතනයට ලැබෙන්නේ. පළාත් පාලන ආයතනය යම් සංවර්ධන වැඩක් කරනවා. මෙහෙමයි රටක් ඉස්සරහට යන්නේ.

ඒ නිසා මේ බද්ද ඉවත් කරනවා නම් හෝටල් හිමියන් අනිවාර්යය ලෙස පළාත් පාලන ආයතනවලට turnover එකට බද්ද ගෙවන්න බැඳී සිටිනවා. එහෙම කටයුතු කරන්නත් ඒගොල්ලන් ලැහැස්ති වෙන්න ඕනෑ. එතැන අපිට රුපියල් මිලියන 2,500ක් යනවා. ඒ කියන්නේ, මෙහෙමයි තිබෙන්නේ. Turnover එක රුපියල් මිලියන 12ට වඩා වැඩි එකට සියයට 1ක් තිබෙනවා. Turnover එක මිලියන 12ට වඩා අඩු නම් 0.5යි තිබෙන්නේ. 0.5 ආවේ භාණ්ඩාගාරයට. ඒක තමයි පොඩි ගණන. භාණ්ඩාගාරයට ආවේ ඒක. හැබැයි, මේක ගියේ කෙළින්ම සංචාරක අධිකාරියට. දැන් එතකොට මේ මිලියන 2,500 සංචාරක අධිකාරියට අහිමි වෙනවා. අපි සංචාරක අධිකාරියට පොරොන්දුවක් දෙනවා, ඒගොල්ලන් ඉදිරිපත් කරන යෝජනාවලට අනුව අර ලැබිය යුතු බද්දට සමාන මුදලක් භාණ්ඩාගාරයෙන් අපි සංචාරක අධිකාරියට ලබා දෙන බවට. එතකොට බද්ද ඉවත් වෙනවා. භාණ්ඩාගාරයෙන් අපි මුදල් ලබා දෙනවා. ද්විත්ව බදු නැති වෙනවා; දෙපැත්තෙන්ම ගත්ත බදු නැති වෙනවා. ඒක තමයි අපේ සැලැස්ම. භාණ්ඩාගාරයට කෙළින්ම 0.5ට වඩා අඩු එකක් තිබුණා. මිලියන 12ට වඩා අඩු turnover එකක් තිබුණේ.

සංචාරක ප්‍රවර්ධනය සහ සංවර්ධනය සඳහා අඛණ්ඩව අරමුදල් සැපයීම සහතික කිරීම පිණිස සුදුසු මූල්‍යන ක්‍රමයක් සකස් කිරීමට ඉදිරියේදී කටයුතු කරනවා. ඒ වන තෙක් අවශ්‍ය අරමුදල් ශ්‍රී ලංකා සංචාරක සංවර්ධන මණ්ඩලය විසින් කරන ඉල්ලීම් මත භාණ්ඩාගාරය විසින් සපයනු ලබනවා.

36.14 සුරාබදු ආඥා පනතට සංශෝධන

ආදායම් කළමනාකරණය වැඩිදියුණු කිරීම අරමුණු කර ගනිමින් සියවස් ගණනාවක් පැරණි සුරාබදු ආඥා පනත වෙනුවට නව සුරාබදු පනතක් හඳුන්වා දීමට 2025 අය වැය පනත මඟින් යෝජනා කළා.

කෙසේ වුවද, නව පනතක් හඳුන්වා දෙනතුරු, මෙම සංකීර්ණ ක්‍රියාවලිය තවදුරටත් සරල කර දැනට පවතින ආඥා පනතට සංශෝධන ඇතුළත් කිරීම මඟින් සුරාබදු ආඥා පනත සංශෝධන ගෙන ඒමට යෝජනා කරනවා.

37. ණය ගැනීමේ සීමාව

2027 මූල්‍ය වසර සඳහා ණය ගැනීමේ සීමාව ඇමුණුම IV හි ඉදිරිපත් කර තිබෙනවා. අදාළ වියදම් යෝජනා සාරාංශය ඇමුණුම IIහි දක්වා තිබෙනවා. තවද, 2024 අංක 44 දරන රාජ්‍ය මූල්‍ය කළමනාකරණ පනත යටතේ අය වැය දෙවැනි වර කියවීම සමඟ ඉදිරිපත් කළ යුතු ලේඛන ද සභාගත කර තිබෙනවා.

ඉතා වැදගත් ලේඛන ගණනාවක් සභාගත කර තිබෙනවා. මම හිතනවා, පාර්ලිමේන්තු මන්ත්‍රීවරු සියලු දෙනාම ඒ ලේඛන අධ්‍යයනය කළොත් අපේ ආර්ථිකය තිබුණු තැන, අපේ ආර්ථිකය පරිවර්තනය වෙමින් තිබෙන්නේ කොහොමද කියලා අධ්‍යයනය කරන්න පුළුවන් වෙයි කියලා . මම හිතන්නේ මුදල් අමාත්‍යාංශය අපේ සිද්ධ වෙන හැම සිදුවීමක්ම මේ පාර්ලිමේන්තුවට වාර්තා කරන්න බැඳිලා ඉන්නවා. නීතිමය වශයෙනුත් බඳිලා ඉන්නවා; සදාචාරමය වශයෙනුත් අපි බඳිලා ඉන්නවා. ඔබ ඒ වාර්තා සියල්ල අධ්‍යයනය කරන්න, අපේ ආර්ථිකයේ ස්වභාවය, පරිවර්තනයේ වෙනස ඔබට තේරුම් ගන්න පුළුවන්.

ඊළඟට, මෙන්න මේ කාරණය වැදගත්, ගරු කථානායකතුමනි.

38. 2027 දිට්වා හානි ප්‍රතිසංස්කරණ සඳහා වන පරිපූරක ඇස්තමේන්තුව

දිට්වා හානි ප්‍රතිසංස්කරණය සඳහා පාර්ලිමේන්තුව අනුමත කළ රුපියල් බිලියන 500ක පරිපූරක ඇස්තමේන්තුවෙන් මැදපෙරදිග යුධමය වාතාවරණය ඇතුළු හේතූන් මත මේ වන විට උපයෝජනය නොවූ ප්‍රමාණය 2027 වසරට ප්‍රතිපාදන ලෙස වෙන් කිරීමට යෝජනා කරනවා. දිට්වා ප්‍රතිසංස්කරණ කටයුතු නිසි පරිදි නිම කිරීමට 2027 වසර සඳහා යළිත් රුපියල් බිලියන 260ක අය වැය ප්‍රතිපාදන සලසා ගත යුතුව තිබෙනවා.

ඒ අනුව, මා ඉදිරිපත් කළ 2027 අයවැයට අමතරව දිට්වා ප්‍රතිසංස්කරණ ව්‍යදම් සඳහා පරිපූරක ඇස්තමේන්තුවක් රාජ්‍ය මූල්‍ය කළමනාකරණ පනතේ, 16 වන වගන්තියෙහි විධිවිධාන ප්‍රකාරව පාර්ලිමේන්තුව වෙත ඉදිරිපත් කිරීමට යෝජනා කරනවා.

එම පරිපූරක ඇස්තමේන්තුව අද දින අය වැය කථාවෙන් අනතුරුව සභාගත කිරීමට යෝජනා කරනවා.

මා කලිනුත් කිව්වා, අපි අය වැය ලේඛනයෙන් බිලියන 1,750ක ප්‍රාග්ධන ව්‍යදම් වෙන් කරලා තිබෙන බව. අපිට ඒක ප්‍රමාණවත් නැහැ දිට්වා සඳහා. රාජ්‍ය මූල්‍ය කළමනාකරණ පනත අනුව අපිට දිට්වා සඳහා මුදලක් වෙන් කර ගත හැකියි. ඒ අනුව බිලියන 260ක පරිපූරක ඇස්තමේන්තුවක් අපි ඉදිරිපත් කරනවා. එයින් බිලියන 250ක් ප්‍රාග්ධන ව්‍යදම් සඳහාත්, බිලියන 10ක් පුනරාවර්තන ව්‍යදම් සඳහාත් අපි ඉදිරිපත් කරනවා. ඒ නිසා මෙම අය වැය සීමාව තුළ එම පරිපූරක ඇස්තමේන්තුවත් විවාදයට ගන්න පුළුවන්. *[බාධා කිරීමක්] ඔව්. දෙක එකටම ගන්න පුළුවන්. එතකොට ලෙහෙසියි.* නැත්නම් මුදල් අමාත්‍යාංශයේ වැය ශීර්ෂය දවසේ ඉදිරිපත් කරන්න ගියා නම් එදා දවසේ විතරයි විවාදය තිබෙන්නේ. දැන් මේ අය වැය විවාදය පුරාම ඒ පිළිබඳවත් කථා කරන්න පුළුවන්.

39. සමාප්තිය

ගරු කථානායකතුමනි, අපගේ අය වැය යෝජනා කඩදාසියකට පමණක් සීමා වන්නේ නැහැ. ඒවා ප්‍රායෝගිකව මහ පොළොව මත ක්‍රියාත්මක කරන ඒවායි. එබැවින් සෑම අලුත් යෝජනාවකට පැහැදිලි, වගකිවයුතු ආයතනයක්, ප්‍රතිඵල දර්ශක, ජාතික ප්‍රමුඛතා, මුදල් ප්‍රවාහ සැලැස්මක් සහ මහජනතාවට පහසුවෙන් දැක බලාගත හැකි විනිවිදභාවයකින් යුක්ත වෙනවා.

අප ගොඩනැඟීමට උත්සාහ කරන්නේ පුරවැසියන්ගේ ගෞරවය රකින, දරුවාගේ ආරක්ෂාව තහවුරු කරන, ශ්‍රමයට නිසි වටිනාකමක් දෙන, දැනුමට අවස්ථාව සලසන, ස්වභාවික සම්පත් අනාගත පරපුර උදෙසා රැකදෙන රටක්.

පැවැති, අභියෝග ජයගනිමින්, ආර්ථික ස්ථාවරත්වයක් ගොඩනඟාගත් අපේ මීළඟ ඉලක්කය වන්නේ, 2027 වසරේ ඉදිරිගාමී පරිවර්තනීය කාලපරිච්ඡේදයක් ආරම්භ කිරීමයි. ඒ සඳහා ඔබ සැමගේ සාමූහික ශක්තිය සහ දායකත්වය අපට අත්‍යවශ්‍යයි.

ගරු කථානායකතුමනි, නූතන ලෝකයේ ආණ්ඩු පෙරළන්නේ ප්‍රගතිශීලී මතවාදී විප්ලවයන්ගෙන්, ජනතාවගේ බුද්ධිමත් තීරණවලින් සහ අනාගතයට ගැළපෙන දියුණු ප්‍රතිපත්ති සහ වැඩ පිළිවෙළවලින්. හැබැයි, අපේ ප්‍රතිපක්ෂය තවමත් මිථ්‍යා මතවාදවල එල්බ ගෙන, පසුගාමී චින්තනයෙන් මිදෙන්න නොහැකිව සිටිනවා. දේශපාලනය කරන්න ඕනෑ මහ පොළොවේ ජනතාව අතරට ගිහින් මිසක්, රාත්‍රියට සොහොන් පිටිටනිවල නූල් බැඳලා නොවෙයි. පාර්ලිමේන්තුවේ වස් කවි කිය කියා කාලය නාස්ති කරලා නොවෙයි.

හොඳට තේරුම් ගන්න, දේශපාලනය කරන තැන කොතැනද කියලා.

ඒ වාගේම බුදුරජාණන් වහන්සේ කාලාමයන්ට (කෙසපුත්ත නියමගම් වැසියන්ට) වදාළ, කිසිවක් අන්ධ ලෙස පිළිනොගෙන නුවණින් විමසිය යුතු බවට පෙන්වා දුන් කාලාම සූත්‍රය කියවලා, අන්ධ විශ්වාසයට එරෙහිව බුදුරජාණන් වහන්සේ කළ විප්ලවය තේරුම් ගන්න. මිථ්‍යාවට එරෙහිව බුදුහිමි දේශනා කළ අග්ගඤ්ඤ සූත්‍රය හා බොරු මන්ත්‍රවලට එරෙහිව දේශනා කළ කේවට්ට සූත්‍රය කියවලා බුදුහිමි කළ මතවාදී විප්ලවය තේරුම් ගන්න.

ගහක අනික් කෙළවරට යන්න මේ කෙළවරේ සිටින මිනිසෙක්, පිහිනන්නේ නැතුව හෝ ඔරුවක් පාවිච්චි කරන්නේ නැතුව, "අනික් කෙළවර මෙහාට වරෙන්, මෙහාට වරෙන්" කියා කිව්වාට එන්නේ නැහැ. ගඟේ අනික් ඉවුරට ප්‍රාර්ථනා කළොත් ඉවුර මෙහාට එයිද කියලා තේවිජ්ජ සූත්‍රයේ බුදුහිමි විමසනවා. ඒවා තේරුම් ගන්න.

ගරු කථානායකතුමනි, අපේ මෘතෘභූමිය සම්බන්ධයෙන් අපට තිබෙන්නේ ඉතා පැහැදිලි, ප්‍රගතිශීලී සහ අභිමානවත් සිහිනයක්. අපේ බලාපොරොත්තුව මේ රට නිකම්ම නිකම් දූපතක් නෙවෙයි, දැනුමෙන්, කුසලතාවයෙන් සහ නූතන තාක්ෂණයෙන් පිරිපුන්, ආසියාවේ විතරක් නොවෙයි, ලෝකයේම දියුණුතම රටක් බවට පරිවර්තනය කිරීමයි.

අද අපි ඒ වෙනුවෙන් ශක්තිමත් වැඩ පිළිවෙළක් ක්‍රියාත්මක කරමින් ඉන්නවා. රට පුරා ඉන්න අපේ තරුණ පරපුරට, අපේ දරුවන්ට නූතන තාක්ෂණය, විද්‍යාව සහ ගෝලීය දැනුම ලබා දෙමින් ඔවුන්ව පූර්ණ කුසලතාවයෙන් පිරි දියුණු පුරවැසියන් බවට පත් කිරීමේ පරිවර්තනය අපි ආරම්භ කරලා තිබෙනවා.

ගරු කථානායකතුමනි, අපට අවශ්‍ය වන්නේ ආර්ථික වශයෙන් දියුණු රටක් ගොඩනැගීම පමණක් නොවෙයි. ලෝකය හමුවේ ශ්‍රී ලාංකිකයා පිළිබඳව අලුත් ප්‍රතිරූපයක් ගොඩනැගීමයි. අප සිහින දකින්නේ ශ්‍රී ලාංකිකයා කියන්නේ උගත්, බුද්ධිමත්, ශිෂ්ටසම්පන්න, ගෞරවනීය සහ විශ්වාසය තැබිය හැකිය පුරවැසියෙකු ලෙස ලෝකය තුළ ශ්‍රී ලංකාව සන්නාමගත කිරීමටයි. අප අපේක්ෂා කරන්නේ පුංචි රටක් වුවත් අපේ රටේ මානව සම්පත අද්විතීය බුද්ධියකින් යුක්ත බව ලෝකය තුළ සලකුණු කිරීමයි. අපට අවශ්‍ය තමන් භාරගත් වගකීම ඉටු කරන, කැපවීමෙන් වැඩ කරන, නව අදහස් නිර්මාණය කරන, අභියෝග හමුවේ විසඳුම් සොයන සහ ලෝකය සමඟ උරෙනුර ගැටී ඉදිරියට යා හැකි පුරවැසි පරපුරක් අපට සිටින බව ලෝකයටම ඔප්පු කිරීමටයි. අපෙ ගොඩනඟන්නට උත්සාහ කරන්නේ ශ්‍රී ලංකාවට

[ගරු අනුර කුමාර දිසානායක මහතා]

අලුත් ආර්ථිකයක් පමණක් නොවෙයි. ලෝකය හමුවේ ශ්‍රී ලාංකිකයාට අලුත් පිළිගැනීමක්, අලුත් ගෞරවයක් සහ අලුත් අභිමානයක්.

ගරු කථානායකතුමනි, ආණ්ඩුව විවේචනය කරන්න. අපේ ප්‍රතිපත්ති ප්‍රශ්න කරන්න. අපේ වැඩ පිළිවෙළට වඩා හොඳ විකල්ප වැඩ පිළිවෙළක් ඉදිරිපත් කරන්න. ඒ සඳහා විපක්ෂයට තිබෙන ප්‍රජාතන්ත්‍රවාදී අයිතියට අපි සම්පූර්ණයෙන්ම ගරු කරනවා.

නමුත් වස් කවි වෙනුවට විකල්ප ප්‍රතිපත්තිත්, කොඩිවින වෙනුවට නිර්මාණශීලී විසඳුම් ද, යාග හෝම වෙනුවට බුද්ධිමත් සංවාදත් මේ රටේ දේශපාලනයට ගේන්න.

එහෙම ගේන්න ඕනෑ නැද්ද, දේශපාලනයට? අලුත් දෙයක් අපේ රටේ දේශපාලනයට ගේන්න ඕනෑකම තිබෙනවා.

අපේ රටේ ජනතාව තාක්ෂණයෙන් සහ බුද්ධියෙන් ඉදිරියට යන විට, අපේ රටේ විපක්ෂයේ දේශපාලනය විතරක් කණපිට හැරී පසුපසට යා යුතු නැහැ නේද? *[බාධා කිරීම්]* යාග හෝම.

[බාධා කිරීම්] යන්න ඕනෑ නැහැ නේ. ඒවා යන්න ඕනෑ නැහැ නේ. [බාධා කිරීම්]

ලෝකය හමුවේ අපි ගොඩනඟන්නට උත්සාහ කරන ශිෂ්ටසම්පන්න, ප්‍රබුද්ධ සහ අභිමානවත් ශ්‍රී ලාංකික අනන්‍යතාවයට ගැළපෙන දේශපාලන සංස්කෘතියක් ගොඩනැඟීම ආණ්ඩුවට පමණක් නොව, විපක්ෂයටත් පැවරුණු මූලික වගකීමක් බව මේ අවස්ථාවේ මතක් කරන්න කැමැතියි. මේ රටේ බුද්ධිමත් ජනතාව නැවත කිසිසේත්ම ඒ පැරණි අන්ධකාරයට පා තබන්නේ නැහැ.

යන්නේ නැහැ. ඒකෙන් එළියට එන්න. ඒක අන්ධකාරයක්ම විතරයි. කවදාවත් තමුන්ට අවශ්‍ය වන සූර්යාලෝකය ලැබෙන්නේ නැහැ, ඒ අන්ධකාරයේ ජීවත් වෙනකම්. තමුන්නාන්සේලා අන්ධකාරයෙන් එළියට එන්න.

ගරු කථානායකතුමනි, අනාගත පරම්පරාවට අපි ඉතිරි කර යා යුත්තේ අපේ පක්ෂ වාද විවාද නොවෙයි; ඔවුන්ට විශ්වාසයෙන් අනාගතය භාරගත හැකි, සමෘද්ධිමත් සහ සාධාරණ රටක්.

එම නිසා, "ශ්‍රී ලාංකිකයා" කියන නම අපි ආඩම්බරයෙන් උච්චාරණය කරන නමක් පමණක් නොව, ලෝකයම ගෞරවයෙන් පිළිගන්නා අභිමානවත් නමක් බවට පත් කරන්නෙමු.

ඒකට අපි එන්න ඕනෑ. ඒ සඳහා වන අපේ පොරොන්දුව අපි හුදෙක් වචනවලින් නොව, ක්‍රියාවෙන් ඔප්පු කරමු.

අද අපි මේ රටේ සියලු දේශපාලන පක්ෂවලටත්, සියලු පාර්ශ්වයන්ටත්, ලෝකයේ කොතැනක හෝ ජීවත් වන සෑම ශ්‍රී ලාංකිකයෙකුටමත් විවෘත හදවතින් ආරාධනා කරනවා. එන්න, මේ රටේ අනාගතය ගොඩනැඟීමේ කොටස්කරුවන් වෙමු! අපි හැමෝම එකම විධියට හිතන්න අවශ්‍ය නැහැ. එකම මතයක් දරන්න අවශ්‍යත් නැහැ. නමුත් අපේ වෙනස්කම්වලට වඩා අපේ රට විශාලයි. අපේ තනි තනි අරමුණුවලට වඩා අපේ දරුවන්ගේ අනාගතය වටිනවා. ඒ නිසා අපේ දැනුම, අපේ හැකියාවන්, අපේ ශක්තිය එකතු කරමු. අපට එකඟ විය හැකි තැනින් අපි පටන් ගනිමු. එකිනෙකාට වඩා ඉදිරියෙන් යන්න නොවෙයි, අප මාතෘභූමිය අපි හැමෝටම වඩා ඉදිරියට ගෙන යන්න එකතු වෙමු!

අවසානයේ අපේ දරුවන්ට අපි ඉතිරි කර යා යුත්තේ අපි එකිනෙකාට වඩා කොතරම් ඉහළින් සිටියාද කියන කථාව නොවෙයි. අපි සියලුදෙනා එකතු වී මේ රට කොතරම් ඉහළට ඔසවා තැබුවාද කියන කථාවයි.

ඒ කථාවේ ජයග්‍රහණය එක් පුද්ගලයෙකුට අයිති නොවේවි. එක් පක්ෂයකට අයිති නොවේවි. එක් පරම්පරාවකට පමණක් අයිති නොවේවි.

ඒ ජයග්‍රහණය මේ රටේ සෑම පුරවැසියෙකුටම අයිති වේවි.

ඒ ජයග්‍රහණයට තිබිය යුත්තේ එකම නමයි - ඒ, ශ්‍රී ලංකාවයි!

ඒක තමයි ජයග්‍රහණය. වෙන නම් මොකුත් නැහැ. පාට මොකුත් නැහැ. ඒ ජයග්‍රහණය ශ්‍රී ලංකාවයි.

අවසාන වශයෙන්, මෙම අයවැය සකස් කිරීමේ දී නොසැලෙන කැපවීමෙන් සහ නොපසුබට උත්සාහයෙන් කටයුතු කළ මුදල් අමාත්‍යාංශයේ සියලුම නිලධාරීන්ට සහ භාණ්ඩාගාර ලේකම් ආචාර්ය හර්ෂණ සූරියප්පෙරුම මහතාට මගේ අවංක කෘතඥතාව පළ කරනවා. ඔවුන්ගේ වෘත්තියභාවය, කැපවීම සහ යුතුකම පිළිබඳ හැඟීම පුළුල් හා ඉදිරි දැක්මක් සහිත මෙම අයවැය සකස් කිරීමේ දී බෙහෙවින් උපකාරී වුණා. රජයේ ආර්ථික ප්‍රතිසංස්කරණ න්‍යාය පත්‍රය සහ ජාතික සංවර්ධන ඉලක්ක සාමූහිකව ඉදිරියට ගෙන යන විට මෙම යෝජනා කාලෝචිත හා ඵලදායී ලෙස ක්‍රියාත්මක කිරීම හා සහතික කිරීම සඳහා මුදල් අමාත්‍යාංශයේ නිලධාරීන් ලෙස ඔබගේ අඛණ්ඩ සහයෝගය සහ කැපවීම අපි නිරතුරුවම බලාපොරොත්තු වෙනවා.

බොහොම ස්තුතියි, ගරු කථානායකතුමනි.

TAMIL TEXT OF THE BUDGET SPEECH - 2027

1. முன்னுரை

கௌரவ சபாநாயகர் அவர்களே, சிறந்ததொரு நாட்டைக் கட்டியெழுப்புவதற்காகத் தலைமுறை தலைமுறைகளாகச் செவிமடுத்துவரும் கதையை யதார்த்தமானதாக ஆக்கிக்கொள்ளும் நேர்மையான மற்றும் உண்மையான உறுதியுடன் எமது அரசாங்கம் அதன் மூன்றாவது வரவு செலவுத்திட்டத்தினைச் சமர்ப்பிக்கின்றது. அவ்வாறு சமர்ப்பிக்கப்பட்ட ஒவ்வொரு வரவு செலவுத்திட்டமும் நாம் ஒன்றிணைந்து மீள்திறன் ஆற்றல் பற்றிய சான்றினைப் பறைசாற்றுகின்ற அதேவேளையில், ஒரு நாடு என்ற வகையில் நாம் மிக மோசமான வீழ்ச்சியிலிருந்து மீண்டு வருகின்றோம் என்பதையும், சரியான மற்றும் திட்டமிடப்பட்ட பயணத்தில் செல்கின்றோம் என்பதையும் உறுதியான நம்பிக்கையுடன் உறுதிப்படுத்தியிருக்கின்றோம்.

இலட்சக் கணக்கான எமது மக்களின் இதயத்திற்குள் எதிர்பார்ப்பின் மங்காத ஒளியை எம்மால் ஏற்றக்கூடியதாக இருந்தது. இற்றைக்கு இரண்டு ஆண்டுகளுக்கு முன்னர் இந்நாட்டு மக்கள் அனைவரும் எம்மீது வைத்திருந்த உன்னத நம்பிக்கையின் எதிர்பார்ப்புகளை எவ்வித நிபந்தனையுமின்றி நாம் நிறைவேற்றி வருகின்றோம் என்பதை நினைவுகூர்தல் வேண்டும்.

வறுமையை ஒழித்தல், நீதமான சமூகம் ஒன்றைக் கட்டியெழுப்புதல், இலஞ்சம் மற்றும் ஊழலை முற்றாக ஒழித்தல், பொருளாதார அபிவிருத்தியைத் துரிதப்படுத்துதல், மக்களின் நம்பிக்கையை மீண்டும் உறுதிப்படுத்துதல் மற்றும் ஒவ்வொரு பிரசைக்கும் சிறந்ததொரு வாழ்க்கையை அமைத்துக் கொள்வதற்கான வாய்ப்பை வழங்குதல் என்பன எங்களின் முதன்மையான நோக்கங்களாக இருக்கின்றன. இருப்பினும், இவை அனைத்தினதும் அடிப்படையாக இருக்கவேண்டியது கல்வியின் மூலம் அறிவை ஆயுதமாகக் கொண்ட, நற்பண்புகள் நிரம்பிய, தர்க்கரீதியாக சிந்திக்கின்ற, படைப்பாற்றலுடன் நடவடிக்கைகளை மேற்கொள்கின்ற பிரசைகளையும் தூரநோக்குடைய தலைவர்களையும் உருவாக்குவதாகும். எமக்குத் தேவையானது அறிவும் விவேகமும் செறிந்த, புதிய சிந்தனைகள் மற்றும் புதிய படைப்புகளின் மூலம் உலகிற்குப் பங்களிப்புச் செய்கின்ற, சர்வதேச அரங்கில் எந்தவொரு சவாலையும் எதிர்கொள்ளக்கூடிய, அறிவார்ந்த இலங்கையர் என்ற தலைமுறையை உருவாக்குவதாகும். உலகில் எங்கிருந்தாலும் இலங்கையர் என்ற அடையாளம் காணப்படும்போது, அவர் அறிவு, விவேகம், படைப்பாற்றல் மற்றும் சிறந்த நற்குணங்கள் கொண்ட ஒருவராக அங்கீகரிக்கப்படும் சூழலை நாங்கள் உருவாக்க விரும்புகிறோம்.

இலங்கையர் என்ற அடையாளம் என்பது அறிவு, நற்பண்பு மற்றும் சிறப்பியல்பு ஆகியவற்றின் சின்னமாக உருவெடுப்ப தாகும். இவை அனைத்தின் ஊடாகவும், உண்மையான மறுமலர்ச்சி ஒன்றினை உருவாக்குவதே எமது வரவு செலவுத்திட்டத்தின் முதன்மை நோக்கமாகும். ஏனெனில், ஒரு மறுமலர்ச்சிக் காலத்தை உருவாக்குவது என்பது பொருளாதாரக் குறிகாட்டிகளிலோ அல்லது புள்ளி விவரங்களிலோ ஏற்படும் மாற்றம் மட்டுமல்ல. அது மனிதனின் சிந்தனை, அறிவு, மனப்பாங்கு மற்றும் நடத்தை ஆகியவற்றில் மாற்றத்தை ஏற்படுத்தி, நாட்டின் பண்பாட்டு, அறிவுசார் மற்றும் கலைசார் வாழ்விற்குப் புத்துயிரளிக்கும் ஒரு பரந்த சமூகப் புரட்சியாகும்.

21ஆம் நூற்றாண்டில் இலங்கை என்ற வகையில் நாம் அடைந்துகொள்ள வேண்டிய ஓர் அபிவிருத்தியை நோக்கி, நாம் அனைவரும் ஒன்றிணைந்து, கூட்டாக பொதுமக்களின் பங்குபற்றுதலுடனும் அர்ப்பணிப்புடனும் இந்த நாட்டை முன்னோக்கி கொண்டுசெல்ல வேண்டியிருக்கின்றது. இந்தப் பயணத்தில் நாம் செய்ய வேண்டிய முதலாவது பணி, அரசியல் கலாசாரத்தில் ஓர் அடிப்படை மாற்றத்தை உருவாக்குவதேயாகும். சுதந்திரத்திற்குப் பின்னர் வரலாற்றில் முதன்முறையாக, ஊழல் நிறைந்த ஒருசில மேட்டுக்குடிக் குடும்பங்களுக்கிடையே கைமாறி வந்த அரச அதிகாரத்திற்குப் பதிலாக, உண்மையான மக்களாட்சியை உருவாக்கும் அதிகாரத்தை நீங்கள் எங்களுக்கு வழங்கியுள்ளீர்கள்.

வருவாயை மட்டும் திரட்டும் அரசாங்கம் நமக்குத் தேவையில்லை. திரட்டப்படும் ஒவ்வொரு ரூபாய் வரிக்கும் மக்களுக்குப் பயன்தரும் அரசாங்கமே நமக்குத் தேவை. நமக்கு ஒரு பெரிய அரசாங்கம் தேவையில்லை. வினைத்திறன்மிக்க, வெளிப்படையான, மக்களுக்குப் பொறுப்புக்கூறுகின்ற ஓர் அரசாங்கமே எமக்குத் தேவை. மக்களின் பணத்தின் உண்மையான உரிமையாளர்கள் இந்த நாட்டின் குடிமக்களே என்பதை அங்கீகரிப்பது, அரசாங்கத்தின் அனைத்து மட்டங்களிலும் உள்ள எமது கொள்கையாகும்.

கௌரவ சபாநாயகர் அவர்களே, எமது நாட்டின் பொருளாதாரத்தை மாற்றம் பெறுகின்ற சகாப்தத்தை நோக்கி தேவையான நம்பிக்கை, அனுபவம், பொருளாதார அடித்தளம் மற்றும் நிலைபேற்றுத்தன்மை என்பன இன்று எம்மிடம் உள்ளன. 2027ஆம் ஆண்டிற்காக நாங்கள் முன்வைக்கும் இந்த வரவு செலவுத்திட்டமானது, அந்த அடித்தளத்தின் மீது கட்டியெழுப்பப்படும் ஒரு முன்னேற்றப் படிமுறையாகும். உற்பத்திப் பொருளாதாரத்தை வலுப்படுத்தி, சிறிய மற்றும் நடுத்தர அளவிலான கைத்தொழில்களைப் பாதுகாத்து, முதலீட்டிற்கு வழிவகுத்து, டிஜிட்டல் பொருளாதார நடவடிக்கைகள் மூலம் அறிவையும் தொழில்நுட்பத்தையும் பொருளாதாரத்துடன் இணைத்து, சுற்றுச்சூழலைப் பாதுகாத்து, சமூக நீதியை உறுதிசெய்யும் ஒரு வரவு செலவுத்திட்டமாக இதை உருவாக்குவதே எங்களின் எதிர்பார்ப்பாகும்.

நாங்கள் சமர்ப்பிக்கும் ஒவ்வொரு வரவு செலவுத்திட்ட முன்மொழிவும், பொதுவான ஓர் இலக்கை நோக்கி நகரும் தொடர்ச்சியான ஒரு வேலைத்திட்டத்தின் ஒரு பகுதியாகும். மேலும், இந்த வரவு செலவுத்திட்டமானது ஒரு தனிநபரின் அல்லது ஒரு தரப்பினரின் சிந்தனைகளின் அடிப்படையில் மட்டும் தயாரிக்கப்படவில்லை. இது பல்வேறு தரப்பினர்களினதும் யோசனைகள், முன்மொழிவுகள் மற்றும் அனுபவங்களை ஒன்றிணைத்து, கூட்டாகத் தயாரிக்கப்பட்ட ஒரு வேலைத்திட்டமாகும். எங்களுக்குச் சமர்ப்பிக்கப்பட்ட ஒவ்வொரு முன்மொழிவுக்கும் நாங்கள் உரிய கவனம் செலுத்தியுள்ளோம். அது எமது கொள்கை முன்னுரிமைகள், கிடைக்கக்கூடிய வளங்கள், நிதி வசதி மற்றும் செயற்படுத்தும் ஆற்றல் ஆகியவற்றின் அடிப்படையில் தயாரிக்கப்பட்டுள்ளது.

கௌரவ சபாநாயகர் அவர்களே, நம் நாட்டில் இந்த பொருளாதார நிலைபேற்றுத்தன்மை மிகவும் கடினமான காலத்தில் கட்டயெழுப்பப்பட்டது என்று கூறுவது மிகையல்ல. மத்திய கிழக்கில் நடந்து வரும் யுத்தம் முன்னெப் போதையும்விட தொடர்ந்து செல்வதால், உலகில் பாரிய

நிச்சயமற்ற தன்மை உருவாகி வருகின்றது. ஹோர்முஸ் நீரிணை மூடப்பட்டதால், உலகம் பூராவும் மசகு எண்ணெய்ப் போக்குவரத்தில் கிட்டத்தட்ட 20% பாதிக்கப்பட்டுள்ளது. அதன் பிரகாரம், எரிபொருள் விலைகள், மேலதிகச் செலவுப் பெறுமதி, கப்பல் மற்றும் காப்புறுதிக் கட்டணங்களின் அதிகரிப்பு என்பன எமது எரிசக்தி சந்தைகளில் மிகவும் பாதகமான தாக்கத்தை ஏற்படுத்தியுள்ளது. எமது பொருளாதாரம் மற்றும் மக்களின் வாழ்வின்மீது ஏற்பட்டுள்ள அழுத்தத்தை எம்மால் இன்னும் மீண்டுவர முடியவில்லை. அதன் விளைவாக, மக்களுக்கும் பொருளாதார நிலைபேற்றுத் தன்மைக்கும் ஏற்படுகின்ற பாதிப்பைக் குறைப்பதற்கு ரூபாய் 147 பில்லியனுக்கும் அதிகமான தொகை செலவிடப்பட்டது.

அதேபோன்று, அனர்த்தத்திற்குப் பின்னரான தேவைகள் மதிப்பீட்டு (PDNA) அறிக்கையின் பிரகாரம், தித்வா புயலினால் வீடமைப்பு, கைத்தொழில், புகையிரதப் பாதை முறைமை சேவைகள், விவசாயம், கல்வி மற்றும் சுகாதாரக் கட்டமைப் புகளுக்கு ஏற்பட்ட மொத்த நட்டம் ஐ.அ. டொலர் 2 பில்லியன் மற்றும் பொருளாதார நட்டம் ஐ.அ. டொலர் 1.4 பில்லியனுடன் சேர்த்து மொத்தமாக சுமார் ஐ.அ. டொலர் 3.4 பில்லியன் (ரூ. 1.022 டிரில்லியன்) என மதிப்பீடு செய்யப் பட்டிருந்தது. இந்த அனைத்து பாதகமான பொருளாதார நிலைமைகளையும் எதிர்கொண்டு பொருளாதார நிலை பேற்றுத் தன்மையைக் கட்டியெழுப்புவதற்கு எமக்கு வாய்ப்புக் கிடைத்துள்ளது.

கௌரவ சபாநாயகர் அவர்களே, உலக காலநிலை அமைப்பு எதிர்வுகூறியுள்ளவாறு இதுவரையில் ஏற்பட்டிருக் கின்ற எல்நினோ காலநிலை மாற்றம் 2027 பெப்ருவரி மாதத்தில் உச்சநிலையினை அடையும் சாத்தியம் 100% என உறுதி செய்யப்பட்டுள்ளது. இந்த எல்நினோ காலநிலை மாற்றம் விவசாயத்திற்கும், உணவு விலைகளுக்கும் நீர் வழங்கல்களுக்கும் நீர் மின்சாரத்திற்கும் பாதகமான தாக்கத்தை ஏற்படுத்தும் அபாயம் நிலவுகின்றது. இவ்வாறு, உலக மட்டத்திலும் அதேபோன்று உள்நாட்டிலும் ஏற்படக்கூடிய அபாயத்தை முன்கூட்டியே அடையாளம் கண்டு அவற்றிற்கு முகம்கொடுக்க முடியும் என்ற வகையில் பொருளாதாரத்தைத் தொடர்ந்தும் நிலைப்படுத்துவது எமது முதன்மைப் பொறுப்பாகும் எனக் கருதுகின்றோம்.

இன்று காணப்படுகின்ற பொருளாதார சவால்களை முகாமைசெய்தல், அதேபோன்று எதிர்காலச் சந்ததியினருக்கு முன்னர் காணப்பட்ட பொருளாதார நெருக்கடிகளுக்கு மீண்டும் முகங்கொடுக்க வேண்டி ஏற்படாத நாடாக மாற்றுவது எமது இலக்காகும். "வளமான நாடு-அழகான வாழ்க்கை" எனும் எமது கொள்கைப் பிரகடனத்தின் சாரம்சம் பொருளாதாரக் குறிகாட்டிகளில் செயலாற்றுகையை அதிகரிப்பது மாத்திர மல்ல, கௌரவத்துடனும் அபிமானத்துடனும் வாழ்வதற்கு முடியுமான சமூகம் மற்றும் எதிர்காலம் பற்றிய நம்பிக்கையைக் கொண்ட ஒரு நாட்டை உருவாக்குவதாகும்.

இம்முறை வரவு செலவுத்திட்டத்தின் அடிப்படை நோக்கம் பொருளாதார நிலைத் தன்மையிலிருந்து மாற்றத்தை நோக்கி நகர்வதாகும். உற்பத்தி, முதலீடு, ஏற்றுமதி, பயன்மிக்க வேலைவாய்ப்பு, சமூக நலன்புரி மற்றும் நிலைபேற்றுத் தன்மை போன்ற சகல துறைகளுக்கும் முன்னேற்றகரமான மாற்ற மொன்றை அடைந்துகொள்வதாகும்.

கௌரவ சபாநாயகர் அவர்களே, கடந்த இரண்டு வருடங்களுக்குள் எமது அரசாங்கத்தினால் பேரண்டப் பொருளாதாரத்தில் குறிப்பிடத்தக்க நிலைபேற்றுத் தன்மையை அடைந்துகொள்ளக்கூடியதாக இருந்தது. அதன் பிரகாரம்;

- 2025ஆம் ஆண்டில் அடையப்பெற்ற 5% பொருளாதார வளர்ச்சி வேகத்தைத் தொடர்ச்சியாகப் பேணியதுடன், தித்வா புயலின் தாக்கத்திற்கு மத்தியிலும் 2026ஆம் ஆண்டின் முதலாவது காலாண்டில் 5.1% பொருளாதார வளர்ச்சியை அடைந்துகொண்டோம். இரண்டாவது காலாண்டில் மத்திய கிழக்குப் பிராந்தியத்தில் ஏற்பட்டுள்ள யுத்த நிலைமைக்கு மத்தியிலும், 4.2% வளர்ச்சியை எட்டியுள்ளோம்.

- நீண்ட காலமாகப் பதிவாகிய ஆரம்பக் கணக்கின் எதிர்மறை மீதி, 2025ஆம் ஆண்டில் 5.4%ஆக வரலாற்றிலேயே அதிகூடிய நேர்கணிய மீதியொன் றைப் பதிவுசெய்துள்ளது. 2026 வரவு செலவுத் திட்டத்துக்கு அமைய ரூபாய் 360 பில்லியனாக எதிர்பார்க்கப்படும் ஆரம்பக் கணக்கின் நேர்க்கணிய மீதி, செப்ரெம்பர் மாத இறுதியில் ரூபாய் 1,844 பில்லியன் நேர்க்கணிய மீதியொன்றைப் பதிவு செய்தது.

- 2025ஆம் ஆண்டில் வரவு செலவுப் பற்றாக்குறை 2.3% ஆக, 68 வருடங்களுக்குப் பின்னர் குறைந்த பெறுமதியைப் பதிவு செய்துள்ளது.

- 2022ஆம் ஆண்டில் மொத்த உள்நாட்டு உற்பத்தியில் 8.2% ஆகக் காணப்பட்ட வரலாற்றிலேயே அதிகுறைந்த பெறுமதியாகிய அரசாங்க வருமானம் 2025ஆம் ஆண்டில் 16.6%ஆக 23 வருடங்களுக்கு பின்னர் பதிவாகிய அதிகூடிய அரசாங்க வருமானமாகக் காணப்பட்டது. இது எதிர்பார்க்கப்பட்ட வருமானத்தில் சுமார் 110% ஆகும்.

- 2025ஆம் ஆண்டில் நடைமுறைக் கணக்கு, 1,719 மில்லியன் டொலராக வரலாற்றின் அதிகூடிய மிகையொன்றைப் பதிவுசெய்ய எமக்கு முடியுமாக இருந்தது.

- 2025ஆம் ஆண்டில் வெளிநாட்டு பணவனுப்பல் வருவாய் ஐ.அ. டொலர் 8.1 பில்லியனாக வரலாற்றிலேயே அதிகூடிய பெறுமதியைப் பதிவு செய்தது. அதேபோன்று இந்த ஆண்டின் ஒக்ரோபர் மாதமளவில் அது ஐ.அ. டொலர் 7.6 பில்லியனாகக் காணப்பட்டது. அதன் பிரகாரம், இம்முறை 9 பில்லியன் டொலரை மிகைத்துச் செல்கின்ற வெளிநாட்டு பணவனுப்பல் எதிர்பார்க்கப்படுகின்றது.

- 2022ஆம் ஆண்டின் இறுதியில் மொத்த உள்நாட்டு உற்பத்தியில் 114%ஆக காணப்பட்ட மத்திய அரசாங்கத்தின் கடன் தொகையை, 2025ஆம் ஆண்டின் இறுதியில் படுகடன் முகாமைத்துவ அலுவலகம் குறிப்பிடுவதற்கமைய 95% இற்கு குறைக்க முடியுமாக இருந்தது.

- 2022ஆம் ஆண்டில் அரசாங்கத்தின் வருமானத்தில் 79.1% வட்டிக் கொடுப்பனவுகளுக்காகச் செலவிடப் பட்ட அதேவேளையில், 2025ஆம் ஆண்டில் 45.9% சதவீதம் வரையிலும், 2026 செப்ரெம்பர் அளவில் 39.6% வரையிலும், மேலும் குறைவடைந்தது.

- 2022ஆம் ஆண்டில் பிரதான 52 அரச தொழில் முயற்சிகள் பதிவு செய்துள்ள ரூபாய் 774.6 பில்லியன் ஒட்டுமொத்த வரிக்கு முன்னரான தேறிய நட்டம், 2025ஆம் ஆண்டு ரூபாய் 444.4 பில்லியன் இலாபமாக மாறியுள்ளது. அதன்மூலம், திறைசேரிக்கு இருந்த

2. 2027ஆம் ஆண்டின் வரவு செலவுத்திட்டத்தின் 7 மூலோபாய நோக்கங்கள்

கௌரவ சபாநாயகர் அவர்களே, 2026ஆம் ஆண்டுக்கான வரவு செலவுத்திட்டத்தை இந்த உயரிய சபைக்குச் சமர்ப்பித்த சந்தர்ப்பத்தில், உள்நாட்டு அல்லது வெளிநாட்டு சவால்களுக்கு மத்தியில் அசையாமல் முன் செல்லக்கூடிய பொருளாதார மொன்றைக் கட்டியெழுப்புவதன் தேவையை நாம் வலியுறுத்தினோம். 2025ஆம் ஆண்டு இறுதியில் தித்வா சூறாவளி எமது மக்கள் வாழ்க்கைக்கு, உற்பத்தி நடவடிக்கை களுக்கு மற்றும் உட்கட்டமைப்பு வசதிகளுக்குக் கடுமையான தாக்கத்தை ஏற்படுத்தியது. 2026ஆம் ஆண்டின் ஆரம்பப் பகுதியில் தீவிரமடைந்த மத்திய கிழக்கு யுத்தத்தின் காரணமாக வலுசக்தியின் விலை, இறக்குமதிச் செலவுகள் மற்றும் வழங்கல் சங்கிலி என்பவற்றின் மீது புதிய அழுத்தம் ஏற்பட்டது.

தித்வா சூறாவளி போன்ற அனர்த்தத்திற்கு முகங் கொடுக்கும்போது அரசிறை வாய்ப்புகளை நேரகாலத்துடன் கட்டியெழுப்புவது அரசாங்கத்திற்கு முக்கியமானதாகக் காணப் பட்டது. அதன்மூலம் அனர்த்தத்திற்கு உள்ளான மக்களுக்கு நிவாரணம் வழங்குவதற்கும் அத்தியாவசிய சேவைகளை நடாத்திச் செல்வதற்கும் மறுசீரமைப்பு நடவடிக்கைகளுக்கு முன்னுரிமைக்கு அமைவாக வளங்களைப் பயன்படுத்து வதற்கும் தேவையான நிதியாற்றலை வலுப்படுத்திக் கொள்வதற்கு எங்களால் முடிந்தது.

இலங்கை நீண்டகாலமாக முகங்கொடுத்த அடிப்படைக் கட்டமைப்பு ரீதியான பேரண்டப் பொருளாதாரப் பிரச்சினையாக, வரவு செலவுப் பற்றாக்குறை, சென்மதி நிலுவை மற்றும் நடைமுறைக் கணக்கில் காணப்பட்ட பற்றாக்குறை என்பன காணப்பட்டன. சரியான வருமானம் மற்றும் செலவினக்கொள்கையின் மூலம் வரவு செலவுப் பற்றாக்குறையைக் குறிப்பிடத்தக்க அளவில் எம்மால் குறைத்துக் கொள்ளக்கூடியதாக இருந்தபோதிலும், வெளி நாட்டுத்துறை இன்னும் தேவையானவாறு வலுவடைய வில்லை. 2025ஆம் ஆண்டின் முதல் ஒன்பது மாதங்களில் நடைமுறைக்கணக்கில் 1,853 மில்லியன் ஐ.அ.டொலர் மிகையொன்று பதிவாகியுள்ளபோதிலும், 2026ஆம் ஆண்டின் அதே காலப்பகுதியில் சுமார் 420 மில்லியன் ஐ.அ.டொலர் பற்றாக்குறை பதிவாகியது. அரசிறைத் துறையில் அடைந்து கொண்ட முன்னேற்றத்தை வெளிநாட்டுத் துறையை வலுவூட்டுகின்ற கட்டமைப்பு ரீதியான மாற்றத்திற்கு அடிப்படையாகக் கொள்ளல் வேண்டும்.

தற்காலத்தில் உலகப் பொருளாதாரத்தில் காணப்படுகின்ற நிலைமையைப் பார்க்கும்போது இந்தத் தேவைப்பாடு மேலும் தெளிவாகின்றது. சர்வதேச நாணய நிதியத்தின் மூலம் 2026ஆம் ஆண்டின் ஒக்ரோபர் மாதத்தில் வெளியிடப்பட்ட உலக பொருளாதார எதிர்கால நோக்கிற்கு அமைவாக உலகளாவிய பொருளாதார வளர்ச்சி 2026ஆம் ஆண்டில் 3.1% வரை மந்தமடையுமென எதிர்பார்க்கப்படுகின்றது. யுத்தம் தீவிரமடைதல், வலுசக்தி மற்றும் உணவு வகைகளின் விலை அதிகரித்தல் மற்றும் சர்வதேச வர்த்தகத்தின் நிச்சயமற்ற தன்மை போன்ற இடர் நிலைமை இப்போதும் காணப் படுகின்றது. இந்த நிலைமைகளுக்கு ஈடுகொடுக்கக் கூடிய நீண்டகாலத் திட்டமொன்று எமக்குக் தேவைப்படுகின்றது.

2.1 பேரண்டப் பொருளாதார ஸ்திரத்தன்மையைப் பாதுகாத்தலும் பொருளாதாரத்தில் நிலைத்துநிற்கும் ஆற்றலை வலுப்படுத்துதலும்

பேரண்டப் பொருளாதாரம் மற்றும் அரசிறை ஸ்திரத் தன்மையைப் பாதுகாத்த வண்ணம், கடன் நிலைபேறான தன்மையை உறுதி செய்வதும், எதிர்கால உள்நாட்டு மற்றும் வெளிநாட்டு அதிர்வுகளை எதிர்கொள்வதற்கு இலங்கையைத் தயார்படுத்துவதும் எமது பிரதான நோக்கமாகும். இதற்கு நிலைபேறான அரச வருமானம், விவேகமான செலவின முகாமைத்துவம், திட்டமிட்ட கடன் மீள்செலுத்தல், போதுமான அரசிறை வாய்ப்புகள் மற்றும் வலுவான வெளிநாட்டு கையிருப்புகள் தேவைப்படுகின்றன. விலை நிலைபேற்றுத் தன்மையைப் பேணுவதில் இலங்கை மத்திய வங்கியின் சட்டரீதியான பொறுப்புகளை மதித்து, அரசிறை மற்றும் நிதிக் கொள்கைகளுக்கு இடையில் போதுமான ஒருங்கிணைப்பைப் பேணுவதும் முக்கியமானதாகும்.

பொருளாதாரத்தை நெருக்கடிக்குள் தள்ளிய 2022 ஆம் ஆண்டில் மத்திய அரசாங்கத்தின் கடன் 114% ஆக இருந்தது. கடன் நிலைபேற்றுத் தன்மையின்போது கவனத்தில் கொள்ளப்படுவது யாதெனில், மொத்த உள்நாட்டு உற்பத்திற்கும் அரசாங்கத்தின் வருமானத்திற்கும் ஏற்ப கடனைத் திருப்பிச் செலுத்துவதற்குள்ள ஆற்றல் மற்றும் உடனடிக் கடன் சேவைகளைத் தீர்ப்பதற்குப் போதுமான திரவநிலை காணப்படுகின்றதா என்பதாகும்.

2032ஆம் ஆண்டாகும்போது அரசாங்கத்தின் கடனை 95% என்ற மட்டத்திற்குக் கொண்டு வருவதே எமது இலக்காகும். அரசிறை முகாமைத்துவ முன்னேற்றத்தைப் பொறுத்து, இது 87% ஆகக் குறையும் என்று சர்வதேச நாணய நிதியத்தின் 6ஆவது பகுப்பாய்வு எதிர்வு கூறியுள்ளது. அரசாங்கப் படுகடன் முகாமைத்துவ அலுவலகத்தின் தலைமையில் கடன் நிலைபேற்றுத்தன்மையைப் பேணுவதற்காக, வருடாந்த கடன்களைப் பெற்றுக்கொள்ளும் திட்டங்களும் உபாயங்களும் செயற்படுத்தப்பட்டு வருகின்றன. 2025ஆம் ஆண்டில், மத்திய அரசின் கடன் வீதம் 95% இனை எட்டியிருந்தது. ஒட்டு மொத்த வெளிநாட்டுக் கடன் தீர்ப்பனவு 2025 இல் 3,707 மில்லியன் ஐ.அ. டொலர் ஆகவும், 2026இல் 3,591 மில்லியன் ஐ.அ. டொலர் ஆகவும் இருந்தது. இது 2027 மற்றும் 2028இல் முறையே 2,986 மில்லியன் ஐ.அ.டொ. மற்றும் 3,574 மில்லியன் ஐ.அ. டொ. ஆக இருக்கும். இந்தக் கடனைச் செலுத்துவதற்குத் தேவையான நிலையுறுதியை நாம் கொண்டுள்ளோம்.

2.2 முதலீடு, உற்பத்தி மற்றும் ஏற்றுமதிகளை அடிப்படையாகக்கொண்ட பொருளாதார வளர்ச்சியைத் துரிதப்படுத்துதல்

உயர் உற்பத்தித்திறன்கொண்ட, ஏற்றுமதி போட்டித் தன்மைவாய்ந்த, உற்பத்திப் பொருளாதாரத்தை நோக்கிய கட்டமைப்பு ரீதியான மாற்றத்தைத் துரிதப்படுத்துவதே எமது இலக்காகும். உள்நாட்டு மற்றும் வெளிநாட்டுத் தனியார் முதலீடுகளை விரிவுபடுத்துதல், ஏற்றுமதிப் பொருட்கள் மற்றும் சந்தைகளைப் பன்முகப்படுத்துதல், சர்வதேச அளவில் பெறுமதிச் சங்கிலிகளுடன் இணைதல் மற்றும் அதிக பெறுமதி சேர்க்கப்பட்ட கைத்தொழில்கள் மற்றும் சேவைகளை ஊக்குவித்தல் ஆகியவை இதன் முக்கிய அம்சங்களாகும்.

சிறிய மற்றும் நடுத்தர அளவிலான தொழில்முயற்சியாளர்களுக்கான நிதி பிரவேசங்களை விஸ்தரிப்பதற்கும், முதலீட்டாளர்களுக்குத் தெளிவானதும் வெளிப்படையானதுமான முதலீட்டுச் சூழலொன்றை உருவாக்கவும் நாம் செயற்பட்டு வருகிறோம்.

2.3 தொழில்நுட்பம், புத்தாக்கம் மற்றும் மானிட மூலதனம் என்பவற்றினூடாக உற்பத்தி விளைவுப்பெருக்கத்தை அதிகரித்தல்

கல்வி, திறன் விருத்தி, ஆராய்ச்சி, புத்தாக்கம் மற்றும் டிஜிட்டல் பரிவர்த்தனை ஆகியவற்றைப் பலப்படுத்துவதன் மூலம் தேசிய உற்பத்தி விளைவுப் பெருக்கத்தை அதிகரித்தல், அரச சேவைகளை நவீனமயப்படுத்தல், டிஜிட்டல் உட்கட்டமைப்பு வசதிகளை விஸ்தரித்தல், புதிய தொழில்நுட்பங்களின் பயன்பாட்டை ஊக்குவித்தல் மற்றும் கல்வி நிறுவனங்கள், ஆராய்ச்சி நிறுவனங்கள், கைத்தொழில் ஆகியவற்றுக்கு இடையேயான ஒத்துழைப்பை வலுப்படுத்துதல் என்பன வற்றின் மீது நாம் முன்னுரிமை அளிக்கிறோம். குறிப்பாக, மாற்றமுறும் உள்நாட்டு மற்றும் உலக தொழிற் சந்தைக்குத் தேவையான நிபுணத்துவங்களை எமது இளைஞர் சமுதாயத்திற்கு வழங்குவதும், அறிவு மற்றும் புத்தாக்கங்களை வருமானங்களாக மாற்றுவதும் இன்றியமையாதது. தொழில்நுட்பத்திறன் வாய்ந்த பணியாளர்களும், அதிக உற்பத்தித்திறனுடன்கூடிய பொருட்கள் மற்றும் சேவைகளின் உற்பத்தியும், ஏற்றுமதிப் போட்டித்திறனையும் அந்நியச் செலாவணி ஈட்டும் திறனையும் அதிகரிக்கும்.

2.4 கிராமியப் பொருளாதாரத்தை வலுவூட்டலும், அனைவருக்கும் பயனளிக்கும் வளர்ச்சியை உறுதிப்படுத்தலும்

ஏற்றுமதி மற்றும் கிராமிய வருமான வளர்ச்சிக்கு விவசாய உணவுத் துறையில் காணப்படுகின்ற ஆற்றல் மிக உயர்வானது. உற்பத்தி விளைவுப் பெருக்கத்தை அதிகரிப்பதற்குப் பங்களிப்புச் செய்யாத, பரந்த மற்றும் இலக்கற்ற மானியங்கள்மீது பெரிதும் சார்ந்திருப்பதற்குப் பதிலாக, பயனற்ற காணிகளை உற்பத்தித்திறன்கொண்ட பயிர்செய்கைகளுக்குப் பயன்படுத்துதல், விவசாய ஆராய்ச்சி, காலநிலைக்கு ஏற்ற தொழில்நுட்பங்கள், நீர் முகாமைத்துவம், களஞ்சிய மற்றும் குளிர் களஞ்சிய வசதிகள், உற்பத்தித் தரச் சான்றிதழ் மற்றும் டிஜிட்டல் முறைமைகள் என்பனமீது அதிக முன்னுரிமை அளிக்கப்படுதல் வேண்டும். காணிப் பயன்பாடு, கிராமிய நிதி அணுகல் மற்றும் உற்பத்தியாளர்களைச் சந்தைகளுடன் இணைத்தல் என்பன சம்பந்தமாகக் காணப்படுகின்ற தடைகளை முறையான ஆய்வின் பின் தீர்த்து வைப்பதும் கட்டாயமாகும். இதன்மூலம், கிராமிய மக்களின் வாழ்வாதாரத்தை வலுவூட்டல், உணவுப் பாதுகாப்பு மற்றும் அந்நியச் செலாவணி வருவாய் ஆகியவற்றை ஒரே அபிவிருத்தித் தொழிற்பாட்டின் விளைவுகளாக மாற்ற முடிகின்றது.

சிறிய மற்றும் நடுத்தர அளவிலான தொழில்முயற்சியாளர்களை ஊக்குவித்தல், கிராமிய மக்களுக்குப் புதிய பொருளாதார வாய்ப்புகளை உருவாக்குதல், நவீனதொழிற் சந்தைக்குத் தேவையான தொழில்நுட்ப, தொழில்சார் மற்றும் மொழி ஆற்றல்களை விருத்திசெய்வதனூடாக கிராமிய மட்டத்தில் புதிய பொருளாதார மாற்றமொன்றை ஏற்படுத்த முடிகின்றது.

2.5 வலுச்சக்தி சந்தை ஸ்திரத்தன்மையும் தொடர்ந்து முன்னெடுத்தலும்

சர்வதேச ரீதியில் எரிபொருள் விலை அதிகரித்தல், விநியோகச் சங்கிலி தடைப்படுதல் மற்றும் காலநிலை மாற்றங்கள் என்பன எமது நாட்டின் வலுசக்தித் துறையில் உறுதி இன்மைக்கு அடிப்படையாக அமைந்துள்ளன. எமது நோக்கம் வலுசக்தித் துறையில் நாம் எதிர்கொள்கின்ற இந்த அடிப்படையை மாற்றியமைப்பதாகும். இதற்காக, புதுப்பிக்கத்தக்க வலுசக்தியை விஸ்தரித்தல், மின்சார வழங்கல் வலையமைப்பு, வலுசக்தி சேமிப்பு, வலுசக்தி வினைத்திறனை மேம்படுத்துதல் என்பன முக்கியம் பெறுகின்றன. பல்வேறு விநியோக வழிகள் மற்றும் வலுசக்தி மூலங்களைப் பயன்படுத்துவதன் மூலம், அத்தியாவசிய வலுசக்தி விநியோகத்தின் இடையறாத் தன்மையைப் பாதுகாக்கும் அதேவேளை, இறக்குமதி செய்யப்படுகின்ற எரிபொருளுக்காகச் செலவாகும் அந்நியச் செலாவணியின் மீது காணப்படுகின்ற நீண்டகால அழுத்தத்தைக் குறைப்பதும் எமது இலக்காகும்.

2.6 காலநிலை அனர்த்தங்களைத் தாங்கக்கூடிய ஆற்றலை வலுப்படுத்துதல்

எதிர்கால அனர்த்தங்களைத் தாங்கக்கூடிய தரநிர்ணயங்கள், பூர்வாங்க எச்சரிக்கை மற்றும் முறையான பராமரிப்புத் திட்டங்களைக் கடைப்பிடித்தல் என்பன முக்கியமானதாகும். அத்துடன், உணவு விநியோகச் சங்கிலி, களஞ்சியப்படுத்தல், பொதுப் போக்குவரத்து மற்றும் அத்தியாவசியப் பொருள் விநியோக முறைகள் என்பவை வலுப்படுத்தப்பட வேண்டும். அத்தியாவசிய தொடர்பாடல் வசதிகள், மின்சாரம் போன்ற சேவைகளின் இடையறாத் தன்மை உறுதி செய்யப்படுதல் வேண்டும். எதிர்காலத்தில் இயற்கை அனர்த்தங்களினால் ஏற்படக்கூடிய அபாயங்களை முழுமையாகத் தவிர்க்க முடியாதபோதிலும், அவற்றால் பொருளாதாரச் செயற்பாடுகள் மந்தமடைவதையும் மக்களின் வாழ்வுக்கு ஏற்படுத்தும் அழுத்தங்களையும் குறிப்பிடத்தக்க அளவில் மட்டுப்படுத்துவதே எமது நோக்கமாகும்.

2.7 அரச பொறிமுறையை நவீனமயப்படுத்துதல்

மக்களுக்குத் தரமான சேவைகளை வழங்குகின்ற, முதலீடு மற்றும் உற்பத்தி நடவடிக்கைகளை இலகுபடுத்துகின்ற, சட்டத்திற்குப் பொறுப்புக் கூறுகின்ற மற்றும் வெளிப்படைத் தன்மையைக் கொண்ட வினைத்திறன்மிக்க அரச பொறிமுறையொன்றைக் கட்டியெழுப்புவது இன்றியமையாதது. அரசிறை முகாமைத்துவம், அரச தொழில்முயற்சியும்

சொத்து முகாமைத்துவமும், வரி நிர்வாகம், மற்றும் பெறுகைத் தொழிற்பாடுகளை நவீனமயப்படுத்தல் இங்கு இன்றியமையாத அம்சங்களாகக் காணப்படுகின்றன. ஊழலையும் தேவையற்ற நிர்வாகத் தாமதங்களையும் மட்டுப்படுத்திய வண்ணம் சட்ட ஆதிக்கத்தையும் பொறுப்புக் கூறுதலையும் வலுப்படுத்துவது, மக்கள் நம்பிக்கையை அதிகரிப்பதற்கும் அரச வளங்களைப் பாதுகாப்பதற்கும் சம அளவில் முக்கியமானதாகும்.

3. நடுத்தரக்கால பேரண்டப் பொருளாதாரமும் அரசிறை முன்னோக்கிய பயணப்பாதையும்

கௌரவ சபாநாயகர் அவர்களே, எமது நடுத்தரக் கால பொருளாதார இலக்கு 7% அல்லது அதிலும் கூடிய நிலைபேறான பொருளாதார அபிவிருத்தி வேகத்தை நோக்கிப் பயணிப்பதாகும். நாங்கள் எதிர்பார்க்கும் பொருளாதார மாற்றத்திற்குப் பலமானதும் நம்பகமானதுமான அரசிறை அடித்தளமொன்று காணப்படுவது அத்தியவசியமாகும். அதற்கமைய, 2027-2031 நடுத்தர கால அரசிறை பணிச்சட்டம் மற்றும் அரசிறை முகாமைத்துவச் சட்டத்தினூடாக ஸ்தாபிக்கப்பட்டுள்ள பொறுப்புசார் பணிச் சட்டத்திற்கு ஏற்ப அரசிறை ஒருமைப்பாட்டைத் தொடர்ந்தும் பேணிச் செல்வதற்கு நாங்கள் எதிர்பார்க்கின்றோம். மொத்தத் தேசிய உற்பத்தியில் 2.3% ஆரம்ப மிகையைப் பேணிச்செல்வதும் வரவு செலவுப் பற்றாக்குறையை 5% இலும் குறைந்த மட்டத்தில் பேணிச்செல்வதும், அரச கடன்களை நிலைபேறான பாதையின் பக்கம் செலுத்துவதும் எமது அடிப்டை அரசிறை இலக்காகக் காணப்படுகின்றது.

நடுத்தர கால அரச வருமானங்களை மொத்தத் தேசிய உற்பத்தியில் 16% இற்கும் குறைந்த மட்டத்தில் பேணிச்சென்று, நீண்ட கால அடிப்படையில் சுமார் 20% வரை படிப்படியாக அதிகரிப்பதே எமது நோக்கமாகும். இந்த இலக்கை அடைவதற்காக வரி அடித்தளத்தை விஸ்தரித்தல், வரி விலக்கு மற்றும் ஊக்குவிப்பைத் தர்க்கரீதியானதாக்குதல், வரி நிருவாகத்தை டிஜிட்டல் மயப்படுத்தல் மற்றும் வரி இசைவினைப் பலப்படுத்தல் போன்றவற்றுக்குத் தேவையான மறுசீரமைப்புகள் முன்னெடுக்கப்படும்.

அரசிறை முகாமைத்துவச் சட்டத்தின் பிரகாரம், ஆரம்ப செலவின எல்லைக்கு ஏற்ப நடுத்தர கால செலவினங்களைப் பேணிச் செல்வதற்கு நாங்கள் நடவடிக்கை எடுத்துள்ளோம். எவ்வாறாயினும், தித்வா சூறாவளியால் சேதத்திற்குள்ளான உட்கட்டமைப்பு வசதிகளைப் புனரமைப்பதற்கும் மக்களின் வாழ்வை சுமுக நிலைக்குக் கொண்டுவருவதற்கும் தேவையான மேலதிக நிதி ஒதுக்கீடுகள் காரணமாக 2027ஆம் வருடத்திற்கான ஆரம்ப செலவினம் மொத்தத் தேசிய உற்பத்தியில் 13.6% வரை தற்காலிகமாக உயரும் என எதிர்பார்க்கப்படுகின்றது. இந்த விஷேட செலவினத் தேவைகளைச் சட்டரீதியான அரசிறைப் பணிச்சட்டத்தினுள் இருந்துகொண்டு முகாமை செய்த வண்ணம், 2028ஆம் வருடத்திலிருந்து ஆரம்ப செலவினத்தை மொத்த தேசிய உற்பத்தியில் 13% வரை மீண்டும் கொண்டுவருவதற்கு நாம் எதிர்பார்க்கின்றோம்.

கௌரவ சபாநாயகர் அவர்களே, 2027ஆம் வருடத்திலிருந்து, அரச முதலீடுகளை மொத்த தேசிய உற்பத்தியில் 4% ஐத் தாண்டிய மட்டத்தில் பேணிச்செல்வதற்கு நாங்கள் எதிர்பார்க்கின்றோம். 2027ஆம் வருடத்தில் மூலதன செலவுகள் மொத்த தேசிய உற்பத்தியில் வீதமொன்றாக, வரவு செலவுத்திட்டத்தின் ஊடாக 4.48%உம் தித்வா அனர்த்தத்திற்கான குறைநிரப்பு மதிப்பீட்டில் 0.64% ஆக ஒட்டுமொத்த அரச முதலீடு 5.12% என்றவாறு ரூ. 2,000 பில்லியன் நிதி ஒதுக்கப்பட்டுள்ளது.

சர்வதேச நாணய நிதியத்துடன் (IMF) செய்து கொள்ளப்பட்ட விரிவாக்கப்பட்ட கடன் வசதி நிகழ்ச்சித்திட்டம் அடுத்த வருடம் மார்ச் மாதம் நிறைவு செய்யப்படவுள்ளது. அதற்கமைய, 17ஆவது IMF நிகழ்ச்சித்திட்டத்தை வெற்றிகரமாக நிறைவு செய்வதற்கு நாம் எதிர்பார்க்கின்றோம். உள்நாட்டுப் பொருளாதாரத்தை ஸ்திரநிலைப்படுத்தும் வேலைத்திட்டம் வெற்றிகரமாக முன்னெடுக்கப்பட்டுவரும் அதேவேளை, பொருளாதார மாற்றலுக்கு ஆயத்தமாகும் இச்சந்தர்ப்பத்தில், உலகலாவிய மற்றும் இயற்கை அனர்த்தங்களினால் ஏற்படக்கூடிய பாதிப்புகளை எதிர்வுகூறுவது சிரமமாகும். இவ்வாறான நிலைமைகளுக்கு வெற்றிகரமாக முகங்கொடுப்பதற்கு எமது இருப்புகள் மென்மேலும் பலமாக இருக்க வேண்டுமென்றே நாம் நம்புகின்றோம்.

எனவே, தற்போதைய IMF நிகழ்ச்சித்திட்டத்தை வெற்றிகரமாக நிறைவு செய்ததன் பின் மீண்டும் நிகழ்ச்சித்திட்டமொன்றிற்குச் செல்வதற்கான சாத்தியக்கூறு தொடர்பாகவும் அந்நிகழ்ச்சித்திட்டம் எவ்வாறான நிகழச்சித் திட்டமாக இருக்க வேண்டும் என்பது தொடர்பாகவும் தேடிப்பார்த்து அறிக்கை சமர்ப்பிக்கும் பொருட்டு அமைச்சரவையினால் நிதி, திட்டமிடல் பிரதி அமைச்சரின் தலைமையில் குழுவொன்று நியமிக்கப்பட்டுள்ளது.

சமூக நீதிக்காகவும் மக்களின் பாதுகாப்பிற்காகவும் பொருளாதார மற்றும் இயற்கை அனர்த்தங்களின் முன்னே அதிகூடிய அவதானத்திற்கு முகம் கொடுக்கின்ற குறைந்த வருமானமுடையவர்களையும் ஆபத்திற்கு உட்படக்கூடிய குடும்பங்களையும் பாதுகாக்கும் பொருட்டு இலக்கு வைக்கப்பட்ட சமூக பாதுகாப்பு நிகழ்ச்சித் திட்டங்கள் தொடர்ந்தும் பலப்படுத்தப்படும்.

கௌரவ சபாநாயகர் அவர்களே, எமது மக்கள், இந்த பொருளாதார ஸ்திரத்தன்மைக்காக அர்ப்பணிப்புகளையும் தியாகங்களையும் மேற்கொண்டிருந்தார்கள் என்பதுடன், அவற்றைத் தாங்கிக்கொண்டார்கள். நாம் எல்லோரும் அவர்களுக்கு எமது கௌரவத்தை அளித்தல் வேண்டும். அவர்களுடைய இந்த தாங்கிக்கொள்ளும் சக்திக்கு நியாயத்தை நிறைவேற்றுவது என்பது, பொருளாதார ஸ்திரத்தன்மையிலிருந்து மாற்றத்தை நோக்கி வேகமான திருப்பமொன்றை அடைவதாகும். இதற்காக 2027ஆம் வருடத்திற்கான வரவு செலவுத்திட்ட முன்மொழிவுகளை இந்த உயரிய சபைக்குச் சமர்ப்பிக்கின்றேன்.

பொருளாதார மாற்றத்திற்கான அத்தியாவசிய அடித்தளத்தைக் கட்டியெழுப்புதல்

4. சட்டக் கட்டமைப்பை வலுப்படுத்தல்

எதிர்பார்க்கப்படுகின்ற பொருளாதார மாற்றத்தை அடைவதற்கும் வினைத்திறனை அதிகரிப்பதற்கும் புதிய பலமான சட்டக் கட்டமைப்பொன்றும் நிறுவனக் கட்டமைப்பொன்றும் இருப்பது இன்றியமையாதது. எமது ஒருசில சட்டங்களை நோக்கும்போது அவை 100 வருடங்களுக்கும் மேல் பழைமை வாய்ந்தவையாகக் காணப்படுகின்றன. எமது சில நிறுவனங்களின் பணிகள் நிறைவடைந்துவிட்டன. அத்தகைய சட்டங்களும் நிறுவனங்களும் நாங்கள் எதிர்பார்க்கும் பொருளாதார மாற்றத்தை அடைவதற்குத்

சூரியசக்தி மற்றும் காற்று போன்ற வானிலை மற்றும் காலநிலை நிலவரங்களின் அடிப்படையில் மாற்றமடைகின்ற வலுசக்தி வகைகள் கூடுதலாகச் சேரும்போது மின்சாரக் கட்டமைப்பின் திடநிலை கட்டுப்பாடு தொடர்பில் நாங்கள் மிகவும் கூடுதல் கவனம் செலுத்துதல் வேண்டும். 2025 பெப்ருவரி மற்றும் ஒக்ரோபர் மாதங்களில் தேசிய மின்சாரக் கட்டமைப்பில் ஏற்பட்ட வீழ்ச்சியானது முறைமைப் பாதுகாப்பு, மீடிறன் கட்டுப்பாடு மற்றும் மின்சார வழங்கல் முகாமை தொடர்பாகவும் வலையமைப்பின் பாதுகாப்பு முறை தொடர்பாகவும் சிந்தித்துப் பார்ப்பதற்கு ஒரு முக்கிய பாடமாக விளங்கியது. அவ்வாறான சம்பவங்கள் மீண்டும் ஏற்படாதிருப்பதற்கு எமது மின்சாரக் கட்டமைப்பை தொழில்நுட்ப ரீதியாக பலப்படுத்தும் பொருட்டு ரூ. 26.5 பில்லியன் நிதியை முதலீடு செய்வதற்கு எதிர்பார்க்கப் படுகிறது.

- கட்டமைப்பில் ஏற்படுகின்ற நிலையற்ற தன்மைகளை நேரகாலத்துடன் இனங்காண்பதற்கும் அவசர நிலைமைகளின்போது துரித மற்றும் விளைவுப் பெருக்கமுடைய தீர்மானங்களை எடுப்பதற்கும் விரிவான பிராந்திய கண்காணிப்பு முறைமை யொன்றை (Wide Area Monitoring System) ஏற்படுத்தல். 7. டிஜிட்டல் யுகத்தை நோக்கிய டிஜிட்டல் மாற்றமும் அபிவிருத்தியும்

கௌரவ சபாநாயகர் அவர்களே, டிஜிட்டல் பரிவர்த்தனை என்பது இனியும் வெறுமனே தொழில்நுட்ப ஆரம்பமொன்று மட்டுமல்லாது, அரச துறையின் வினைத்திறனை விருத்தி செய்தல், நிர்வாகத்தைப் பலப்படுத்தல், பொருளாதார விருத்திக்குத் தேவையான வசதிகளை வழங்கல் மற்றும் ஒவ்வொரு பிரஜைக்கும் அரச சேவையின் பக்கம் பிரவேசிக்கக்கூடிய வாய்ப்பை உறுதிப்படுத்துவதற்கான அடிப்படைத் தேவையொன்றாகும். அரச நிருவாகத்தின் நவீனமயம், அரச நடவடிக்கைகளில் வினைத்திறனையும் வெளிப்படைத் தன்மையையும் மேம்படுத்தல் மற்றும் நிறுவனக் கொள்ளளவைப் பலப்படுத்தல் என்பவற்றிற்கான அடிப்படைக் கருவியாக டிஜிட்டல் மயமாக்கல் இனங்காணப்பட்டுள்ளது.

இத்துறை தற்போதைய உலகில் விருத்தியடைந்த நிலைமையினை அடைவது என்பது சவால் மிகுந்த பல்நோக்குத் தொழிற்பாடொன்றாகும். அதேபோன்று இத்துறையானது, எப்போதுமே நாளதுவரைப்படுத்தப்பட்டு வருவதால், இதன்மூலம் உண்மையான நன்மைகளை அடைய வேண்டுமெனில், முதலாவதாக இதற்குத் தேவையான சட்ட மற்றும் நிறுவனக் கட்டமைப்பைக் கட்டியெழுப்புதல் வேண்டும்.

- பொதுத் திறைசேரியின் 100% உரிமையின் கீழ், அரச சேவைகளை டிஜிட்டல் மயப்படுத்துவதற்கான வழிகாட்டல்கள் மற்றும் நடைமுறைப்படுத்தல்கள் என்பவற்றிற்காக GovTech நிறுவனம் நிறுவப்பட்டு, தற்பொழுது அதன் செயற்பாடுகள் ஆரம்பிக்கப் பட்டுள்ளன.

- பிரதான உபாயவழி துறைகளில் டிஜிட்டல் மயப்படுத்தலை தேசிய டிஜிட்டல் பொருளாதாரத் திட்டத்துடன் ஒன்றிணைக்கும் பொருட்டு துறைசார் டிஜிட்டல் திட்டங்களைத் தயாரித்தலும் நிறுவன டிஜிட்டல் பரிவர்த்தனை அலகுகள் (DTU) ஊடாக செயற்பாட்டு நடவடிக்கைகளை மேற்கொள்ளலும்.

- தரவு நிலையங்களை நிறுவுவதற்கான முதலீடுகளை ஊக்குவிக்கும் எதிர்பார்ப்புடன், முறையான அளவு கோள்களின்கீழ் தெரிவு செய்யப்பட்ட முதலீட் டாளர்களை ஊக்குவிக்கும் பொருட்டு சக்திவலுக் கட்டண சலுகைகளையும் ஏனைய ஊக்குவிப்பு களையும் பெற்றுக்கொடுத்தல்.

- **கப்பல் எரிபொருள் வழங்கும் கொள்ளளவு (Bunkering)**

இலங்கைத் துறைமுகங்களுக்கு வரும் கப்பல்களின் எண்ணிக்கை நாளுக்கு நாள் அதிகரித்து வருவதால், எரிபொருள் நிரப்பும் கொள்ளளவை (Bunkering) விரிவுபடுத்தி வலுப்படுத்தவும், இலங்கையை ஒரு போட்டித்தன்மைவாய்ந்த பிராந்திய எரிபொருள் நிரப்பும் மையமாக நிலைநிறுத்தவும் பாரிய வாய்ப்புக் காணப்படுகின்றது. அதற்கமைய, இலங்கை பெற்றோலியக் கூட்டுத்தாபனத்தின் (CPC) ஆதரவுடன், கொழும்புத் துறைமுகத்தில் தனியார் துறையின் பங்கேற்புடன், "கட்டுவித்தல் - தொழிற்படுத்தல் - கைமாற்றுதல்" (Build-Operate-Transfer - BOT) அடிப்படையில் எரிபொருள் நிரப்பும் கொள்ளளவை 50,000 மெட்ரிக் தொன்னாக அதிகரிப்பதற்கு எதிர்பார்க்கப்படுகின்றது.

  - காலி துறைமுகத்தை மையப்படுத்தி கப்பல் எரிபொருள் வழங்கும் சேவைகளுக்குத் தேவையான களஞ்சியங்கள் மற்றும் குழாய்த் தொகுதியை அபிவிருத்தி செய்வதற்கு இலங்கை பெற்றோலியக் கூட்டுத்தாபனமும் தனியார் துறையும் இணைந்து செயற்படும்.

  - திருகோணமலைத் துறைமுகத்தை எரிபொருள் களஞ்சியப்படுத்தும் மையமாக மாத்திரமன்றி, தெற்காசியப் பிராந்தியத்தின் எரிபொருள் விநியோக வலையமைப்புடன் இணைக்கப்படக்கூடிய உபாய ரீதியான மையமாக அபிவிருத்தி செய்வதற் கான சாத்தியக்கூறுகள் காணப்படுகின்றன. அரச மற்றும் சர்வதேச பங்குடமைகளுடன் இணைந்து இதனை அபிவிருத்தி செய்வதற்கு நடவடிக்கை எடுக்கப்படும்.

  - திருகோணமலை மேல் தாங்கி முனையத்தில் தெரிவுசெய்யப்பட்ட 5 தாங்கிகளில் 2இன் திருத்தப் பணிகள் தற்போது நிறைவடைந்துள்ளன. தாங்கி முனையத்திலிருந்து துறைமுகம் வரை புதிய குழாய் அமைப்பொன்றை நிர்மாணிக்கத் திட்டமிடப் பட்டுள்ளது. இதற்காக இலங்கை பெற்றோலியக் கூட்டுத்தாபனம் ரூபாய் 7,375 மில்லியனை செலவு செய்ய எதிர்பார்க்கிறது.

  - இலங்கை பெற்றோலியக் கூட்டுத்தாபனமும் லங்கா ஐ.ஓ.சி. (IOC) கம்பனியுடன் இணைந்து தாபித்துள்ள, திருகோணமலைத் துறைமுகத்திலுள்ள "டிரின்கோ பெற்றோலிய டேர்மினல்" பிரைவேட் லிமிடெட் நிறுவனத்திற்குச் சொந்தமான 61 தாங்கிகளில் 29 தாங்கிகளை அரச-தனியார் பங்குடமையின்கீழ் அபிவிருத்தி செய்வதற்கான முதலீட்டு முன்மொழிவை (RFP) 2027ஆம் ஆண்டில் அழைப்பதற்கு எதிர்பார்க்கப்படுகின்றது.

இந்த அபிவிருத்திப் பணிகள் நடைமுறைப்படுத்தப் பட்டதன் பின்னர் இலங்கையின் கடல்சார் போட்டித்தன்மை குறிப்பிடத்தக்களவு வலுவடையும் என்பதுடன், உலகளாவிய கப்பல் போக்குவரத்து மற்றும் கடல்சார் கைத்தொழிலில் இந்நாட்டு கரைகடந்த கப்பல் எரிபொருள் வழங்குதல் (Offshore Bunkering) உள்ளடங்கலாக பிரதான எரிசக்தி மையமாக தோற்றம் பெறும் என நாம் நம்புகின்றோம்.

14. விமானச் சேவைகள் துறையில் உட்கட்டமைப்பு வசதிகளை அபிவிருத்தி செய்தல்

14.1 சர்வதேச விமான நிலைய அபிவிருத்தி

தற்பொழுது பண்டாரநாயக்க சர்வதேச விமான நிலையத்தின் முதலாவது முனையத்தின் விமானப் பயணிகள் கொள்ளளவு சுமார் 6 மில்லியனாக இருக்கின்ற போதிலும், அதிலும் கூடிய விமானப் பயணிகள் கையாளப்படுகின்றனர். 2032ஆம் ஆண்டாகும்போது சுமார் 16 மில்லியன் விமானப் பயணிகளை கையாளக்கூடிய கொள்ளளவு தேவைப்படுமென எதிர்வு கூறப்பட்டுள்ளது. அதற்கமைய, விமான நிலையத்தின் விமானப் பயணிகள் கொள்ளளவை அதிகரிக்கும் பணிகள் ஏற்கனவே தாமதமடைந்துள்ளது. எனவே, அதனை அபிவிருத்தி செய்வதை நாம் முன்னுரிமையாகக் கருதுகிறோம். அதற்கமைய;

- விமான நிலையங்கள் மற்றும் விமான சேவைகள் கம்பனியின் ரூபாய் 15,000 மில்லியன் முதலீட்டின் மூலம் முதலாவது முனையத்தின் கொள்ளளவை 6 மில்லியனில் இருந்து 9 மில்லியனாக அதிகரிக்கும் பணிகள் ஏற்கனவே ஆரம்பிக்கப்பட்டுள்ளன.

- தாமதமடைந்துள்ள இரண்டாவது முனையத்தின் நிர்மாணப் பணிகளுக்காக, சர்வதேச ஒத்துழைப்புக் கான ஜப்பான் முகவராண்மையின் (JICA) ஆதரவுடன் நிர்மாணப் பணிகள் மிக விரைவில் ஆரம்பிப்பதற்கு திட்டமிடப்பட்டுள்ளது.

- சர்வதேச விமானப் பயணிகளுக்கு உள்நாட்டு பயண முடிவிடங்களுக்கு மிகவும் எளிதாகப் பயணிக்கக் கூடியவாறு, இலங்கை விமான சேவைகள் கம்பனி யினால் (AASL) ரூபாய் 800 மில்லியன் முதலீட்டில் விமான நிலைய வளாகத்தில் உள்நாட்டு விமான முனையமொன்றை அமைக்கும் பணிகள் (Domestic Air Terminal) அடுத்த வருடம் ஆரம்பிக்கப்படும்.

- விமான நிலையத்திற்கு முன்னால் உள்ள வீதியை அகலமாக்குவதற்கும் விமான நிலையத்திலும் அதனைச் சுற்றியும் காணப்படுகின்ற வாகன நெரிசலைக் குறைப்பதற்கும் மேம்பாலமொன்றை (Flyover) அமைப்பதற்குத் தேவையான சாத்தியவள ஆய்வுகள் முன்னெடுக்கப்படும். இதற்கு ரூபாய் 200 மில்லியன் நிதியை ஒதுக்கீடு செய்ய முன்மொழியப்படுகின்றது.

- விமான நிலையத்திற்கு உள்ளேயும் அதனைச் சூழவும் வாகன நெரிசலைக் குறைப்பதற்காக, ரூபாய் 400 மில்லியன் செலவிடப்பட்டு, விமான நிலைய மற்றும் விமான சேவைகள் கம்பனியினால் புதிய வாகனத் தரிப்பிடமொன்று நிர்மாணிக்கப்படும்.

- தனியார் துறையின் பங்களிப்புடனும், பண்டாரநாயக்க சர்வதேச விமான நிலையத்தை விமான சரக்குகளைக் கையாளும் மையமொன்றாக மாற்றியமைப்பதற்காக, "கட்டுவித்தல்-தொழிற்படுத்துதல்-கைமாற்றுதல்" (BOT) அடிப்படையில் விமான நிலையத்திற்குள்ளேயே மீள்ஏற்றுமதி மையமொன்று அபிவிருத்தி செய்யப்படும்.

- விமான ஓட்டுநர் பயிற்சி, உள்நாட்டு, வர்த்தக மற்றும் பிராந்திய விமான சேவைகளுக்காக ரத்மலானை சர்வதேச விமான நிலையம் அபிவிருத்தி செய்யப்படும்.

36.7 சர்வதேச போக்குவரத்துக் கப்பல்களுக்கு வழங்கப்படும் நீர்க்கல எரிபொருளுக்கு (Bunker Fuel) சமூகப் பாதுகாப்பு பங்களிப்பு அறவீட்டினை விலக்களித்தல் (SSCL)

கௌரவ சபாநாயகர் அவர்களே, சர்வதேச போக்குவரத்தில் ஈடுபட்டுள்ள கப்பல்களுக்கு நீர்க்கல எரிபொருள் வழங்குதல் இலங்கையின் கடல்சார் சேவை வழங்கலில் முக்கிய கூறாகும். இத்தொழிற்றுறை மிகக் குறைந்த இலாப எல்லையுடன் கூடிய அதிக போட்டிமிக்க சர்வதேச சந்தையில் தொழிற்படுகின்றது.

தொழிற்றுறையின் போட்டித் தன்மையைப் பாதுகாத்து, பிராந்திய கடல்சார் மையமொன்றாக இலங்கையின் நிலையை வலுப்படுத்தும் நோக்குடன் சர்வதேச போக்குவரத்தில் ஈடுபட்டுள்ள கப்பல்களுக்கு வழங்கப்படும் நீர்க்கல எரிபொருள் மீதான சமூகப் பாதுகாப்பு பங்களிப்பு அறவீட்டை விலக்களிப்பதற்கு முன்மொழிகின்றோம்.

36.8 பந்தயம் மற்றும் சூதாட்ட தொழிற்றுறைக்கு ஏற்புடைய வரிக்கட்டமைப்பை மீளாய்தல் மற்றும் சீரமைத்தல்

கௌரவ சபாநாயகர் அவர்களே, அரசாங்கமானது பந்தயம் மற்றும் சூதாட்ட தொழிற்றுறைக்கான செயல்திறன் மிக்க ஒழுங்குபடுத்தல் கட்டமைப்பொன்றுக்கான நீண்டகால தேவையினை நிறைவுசெய்து பந்தய ஒழுங்குபடுத்தல் அதிகார சபையினைத் தாபித்து அதன் நடவடிக்கைகளை ஆரம்பித்துள்ளது.

தற்போது செயற்பாட்டிலுள்ள ஒழுங்குபடுத்தல் கட்டமைப் பின்மூலம் இரட்டை அறவீடுகளையும் ஒத்திசைவின்மை களையும் இல்லாதொழித்து, சர்வதேசத்திற்கு ஒத்திசைவான வரிக்கட்டமைப்பை அணிசேர்த்து மற்றும் அரசாங்க வருவாயைப் பாதுகாக்கின்ற அதேவேளை தொழிற் றுறையின் நிலைபேறான அபிவிருத்திக்கு ஆதரவளிக்கின்ற நியாயமான மற்றும் சமநிலையான அணுகுமுறையினை உறுதிசெய்யும் நோக்குடன் தொழிற்றுறைக்கு ஏற்புடைய வரிகள், கட்டணங்கள் மற்றும் அறவீடுகள் பற்றிய அனைத்தையும் உள்ளடக்கிய மீளாய்வொன்றினை மேற்கொள்வதற்கு முன்மொழிகின்றோம்.

முன்மொழியப்பட்ட மீளாய்வானது நிர்வகிப்பதற்கும் இணங்கியொழுகுவதற்கும் எளிதாகவிருக்கின்ற, எளிமைப் படுத்தப்பட்ட, வெளிப்படையான மற்றும் ஒத்தியங்குகின்ற வரிக்கட்டமைப்பொன்றினைத் தாபித்தல்மீது கவனம் செலுத்தும்.

36.9 வரி நிருவாகத்தை வலுப்படுத்தலும் வரி செலுத்துநர் இணக்கப்பாட்டினை வசதிப் படுத்தலும்

கௌரவ சபாநாயகர் அவர்களே, வரி நிருவாகத்தை வலுப்படுத்தல், சட்ட ரீதியான நம்பகத் தன்மையை மேம்படுத்துதல், மற்றும் வரிசெலுத்துநர் சட்டங்களுக்கு அமைவாக இணங்கிச் செயற்படுவதை வசதிப்படுத்தல் நோக்குடன் தற்போது வரிச்சட்டத்தின் சில பிரிவுகளில் காணப்படும் தெளிவின்மையை நீக்குவதற்கும் மாறி வருகின்ற வியாபார நடைமுறைகளுக்கும் புதிய நடைமுறை இயல்புகளுக்கும் பொருந்தும் வகையில் அப்பிரிவுகளை திருத்துவதற்கும் முன்மொழிகின்றேன்.

மேலும், தொழில்நுட்ப அல்லது நடைமுறைசார் தேவைப்பாடுகளுக்கு இணங்காமை காரணமாக சட்டபூர்வமான வரி மீளளிப்புகள் அல்லது உள்ளீட்டு வரி வரவுகள் வரி செலுத்துநர்களுக்கு மறுக்கப்படுதலை விளைவிக்கக்கூடிய சில கண்டிப்பான நடைமுறைகளை சீர்செய்கின்ற அதேவேளை, அரசாங்க வருவாயினைப் பாதுகாப்பதற்குப் போதுமான பாதுகாப்புகளைப் பேணுவதற்கும் நாம் முன்மொழிகின்றோம்.

தன்னார்வ இணங்குவித்தலை ஊக்குவிக்கின்ற, வரி செலுத்துநர்களின் சட்டபூர்வ உரித்துக்களைப் பாதுகாக்கின்ற அத்துடன் அரசாங்க வருவாயைப் பாதுகாக்கின்ற நியாயமான, வெளிப்படையான மற்றும் வினைத்திறன்மிக்க வரி நிருவாக முறைமையொன்றினைத் தாபிப்பதற்கு இவ்வழிமுறைகள்மூலம் எதிர்பார்க்கப்படுகின்றது.

36.10 அத்தியாவசிய உணவுப் பொருளுக்கான விசேட வியாபாரப் பண்ட அறவீட்டினைத் திருத்துதல்

கௌரவ சபாநாயகர் அவர்களே, அத்தியாவசிய உணவுப் பொருட்களின் அதிகரிக்கின்ற விலைகளினால் ஏற்படும் வாழ்க்கைச் செலவு அழுத்தத்தை தளர்த்தும் நோக்குடன் இறக்குமதி செய்யப்படும் நெத்தலி மீது கிலோ கிராம் ஒன்றுக்கு ரூ. 100 இலிருந்து ரூ. 10 ஆகவும் மாசி மீது கிலோ கிராம் ஒன்றுக்கு ரூ. 302 இலிருந்து ரூ. 10 வரையும், அரைத்த மற்றும் அரைக்கப்படாத செத்தல் மிளகாய்கள் மீது கிலோ கிராம் ஒன்றுக்கு ரூ. 50 இனால் விசேட வியாபாரப் பண்ட அறவீட்டினை குறைப்பதற்கு நாம் முன்மொழிகின்றோம்.

இந்த வரித் திருத்தங்கள் 2026 நவம்பர் 13 ஆந் திகதி தொடக்கம் நடைமுறைக்கு வருவதற்குத் திட்டமிடப் பட்டுள்ளது.

36.11 இறக்குமதித் தீர்வையினைப் படிப்படியாகக் குறைத்தல்

கௌரவ சபாநாயகர் அவர்களே, இறக்குமதி வரிக்கட்டமைப்பை எளிமைப்படுத்தி, வர்த்தகம் தொடர்புபட்ட செலவுகளைக் குறைத்து பொருளாதாரத்தின் போட்டித் தன்மையை மேம்படுத்தும் நோக்குடன் அரசாங்கத்தின் நிகழ்ச்சித்திட்டங்களின்கீழ் 800 தெரிவுசெய்யப்பட்ட இயைபுமுறைக் குறியீட்டு (HS) தொடர்கள் முழுவதும் ஏற்கனவே காணப்படுகின்ற செஸ் வீதத்தினை 25%இனால் குறைப்பதற்கு இறக்குமதித் தீர்வைகளைக் கட்டம் கட்டமாகக் குறைப்பதற்கு நான் முன்மொழிகின்றேன்.

குறித்துரைக்கப்பட்ட இயைபுமுறைக் குறியீட்டின்கீழ் வகைப்படுத்தப்பட்ட செய்தித்தாள் அச்சிடல் கடதாசி இறக்குமதிகள் மீதான ஏற்கனவேயுள்ள 10% துறைமுகங்கள் மற்றும் விமான நிலைய அபிவிருத்தி அறவீட்டை (PAL) 2027 சனவரி 01 ஆம் திகதி தொடக்கம் நீக்குவதற்கு முன்மொழிகின்றேன்.

36.12 உள்நாட்டு சீனிக் கைத்தொழிலுக்கு சந்தையில் போட்டியிடுவதற்கு ஆதரவளித்தல்.

உள்நாட்டு சீனிக் கைத்தொழிலைப் பாதுகாக்கும் பொருட்டு உள்நாட்டில் உற்பத்தி செய்யப்படும் சீனிக்கும் இறக்குமதி செய்யப்படும் சீனிக்கும் இடையில் காணப்படுகின்ற வரி முரண்பாடுகளைக் குறைத்து இரு தரப்பினர்களுக்கும் சமமான போட்டி வாய்ப்புகளையும் நியாயமான போட்டிக்குரிய சூழலையும் ஏற்படுத்துவதற்கும்

கௌரவ சபாநாயகர் அவர்களே, எமது தாய்நாட்டிற்காக எமக்கு மிகவும் தெளிவான, முன்னேற்றகரமான மற்றும் அபிமானமிக்க ஒரு கனவு உள்ளது. இந்நாட்டை வெறும் ஒரு தீவாக மட்டும் வைத்திருக்காமல், அறிவும், திறன்களும் நவீன தொழில்நுட்பமும் நிறைந்த, ஆசியாவில் மட்டுமல்ல, உலகிலேயே மிகவும் முன்னேறிய நாடுகளில் ஒன்றாக மாற்றுவதே எமது எதிர்பார்ப்பாகும்.

இன்று, அதற்காக நாம் வலுவானதொரு வேலை திட்டத்தைச் செயற்படுத்தி வருகிறோம். நாடு முழுவதும் உள்ள எமது இளைஞர்களுக்கும் பிள்ளைகளுக்கும் நவீன தொழில்நுட்பம், விஞ்ஞானம் மற்றும் உலகளாவிய அறிவு என்பவற்றை வழங்கி, அவர்களை முழுத் திறன்கொண்ட, முன்னேற்றமடைந்த பிரசைகளாக மாற்றும் பணியைத் தொடங்கியுள்ளோம்.

கௌரவ சபாநாயகர் அவர்களே, நாங்கள் பொருளாதார ரீதியாக முன்னேறிய ஒரு நாட்டை மாத்திரமின்றி, உலகின் முன்னே இலங்கையர்களுக்கு ஒரு புதிய பிரதிவிம்பத்தையும் உருவாக்க விரும்புகிறோம். இலங்கையரை உலகில் கல்வியறிவு பெற்ற, அறிவார்ந்த, நாகரிகமான, மரியாதைக் குரிய மற்றும் நம்பகமான குடிமக்களாகத் திகழச்செய்வதற்கே நாம் கனவு காண்கிறோம். நாம் சிறிய நாடாக இருந்த போதிலும், எமது மனிதவளம் தனித்துவமான அறிவுத்திறன் கொண்டது என்பதை உலகிற்குப் பறைசாற்ற விரும்புகிறோம். தங்கள் பொறுப்புகளை நிறைவேற்றும், அர்ப்பணிப்புடன் உழைக்கும், புதிய சிந்தனைகளை உருவாக்கும், சவால் களுக்குத் தீர்வுகாணும், மேலும் உலகத்துடன் தோளோடு தோள் சேர்த்து முன்னேறக்கூடிய மக்கள் தலைமுறை எங்களிடம் உள்ளது என்பதை உலகிற்கு நிரூபிக்க விரும்புகிறோம். நாங்கள் கட்டியெழுப்ப முயற்சிப்பது இலங்கைக்கான புதிய ஒரு பொருளாதாரத்தை மட்டுமல்லாமல், உலக அரங்கில் இலங்கையர்களுக்குப் புதிய அங்கீகாரத்தையும், புதிய கௌரவத்தையும், புதிய அபிமானத் தையும் உருவாக்குவதற்காகும்.

கௌரவ சபாநாயகர் அவர்களே, அரசாங்கத்தை விமர்சியுங்கள். எமது கொள்கைகளைக் கேள்விக்குள் ளாக்குங்கள். எங்களுடையதை விடச் சிறந்த மாற்றுத் திட்டத்தை முன்வையுங்கள். அவ்வாறு செய்வதற்கான உங்கள் சனநாயக உரிமையை நாம் முழுமையாக அங்கீகரிக்கிறோம்.

ஆனால், வசைபாடல்களுக்குப் பதிலாக மாற்று கொள்கை களையும், சூனியத்துக்குப் பதிலாக ஆக்கப்பூர்வமான தீர்வுகளையும், யாகக் கிரியைகளுக்குப் பதிலாக அறிவு பூர்வமான விவாதங்களையும் இந்நாட்டின் அரசியலுக்குக் கொண்டு வாருங்கள்!

எமது நாட்டு மக்கள் தொழில்நுட்பத்திலும் அறிவாற்ற லிலும் முன்னேறிச் செல்லும்போது, எமது நாட்டின் எதிர்க்கட்சி அரசியல் மாத்திரம் அவற்றைப் புறக்கணித்துப் பின்னோக்கிச் செல்லக் கூடாதல்லவா? உலகில் நாம் கட்டியெழுப்ப முயற்சிக்கும் நாகரிகமான, அறிவொளிபெற்ற மற்றும் அபிமானம் மிக்க இலங்கையர் என்ற அடையாளத்திற்கு இசைவான ஓர் அரசியல் கலாசாரத்தைக் கட்டியெழுப்புவது என்பது அரசாங்கத்திற்கு மட்டுமல்ல, எதிர்க்கட்சியினதும் அடிப்படைப் பொறுப்பாகும் என்பதை இத்தருணத்தில் நான் உங்களுக்கு நினைவூட்ட விரும்புகிறேன்.

இந்நாட்டின் அறிவார்ந்த குடிமக்களைப் போல நீங்களும் ஞானம் பெறுங்கள்! அரசாங்கத்தை மாற்ற உங்களுக்கு உரிமை உண்டு. ஆனால், நீங்கள் எங்களைவிடச் சிறந்தவர்களாக இருந்தால் மட்டுமே இந்நாட்டு மக்கள் அந்தத் தீர்மானத்தை எடுப்பார்கள். அதுவரை, உங்கள் கனவுகள் வெறும் கனவுகளாகவே இருக்கும். இந்நாட்டின் புத்திசாலித்தனமான மக்கள் மீண்டும் ஒருபோதும் அந்த இருளில் கால்பதிக்க மாட்டார்கள்.

கௌரவ சபாநாயகர் அவர்களே, வருங்கால சந்ததியினருக்கு நாம் விட்டுச்செல்ல வேண்டியது எமது கட்சிவாத விவாதங்கள் அல்ல. மாறாக, அவர்கள் நம்பிக்கையுடன் எதிர்காலத்தை பொறுப்பேற்கக்கூடிய ஒரு சுபிட்சம்மிக்க நீதியான நாடுதான்.

எனவே, "இலங்கையர்" என்பதை நாம் பெருமையுடன் உச்சரிக்கும் ஒரு பெயராக மட்டுமல்லாமல், உலகம் முழுவதும் கௌரவத்துடன் ஏற்றுக்கொள்கின்ற ஒரு பெருமிதமான பெயராகவும் ஆக்குவோம். அந்த நோக்கத்திற்கான எமது வாக்குறுதியை வெறும் வார்த்தைகளால் மட்டுமல்லாமல், செயல்களாலும் நிரூபிப்போம். இன்று, அனைத்து அரசியல் கட்சிகளையும், அனைத்துத் தரப்பினரையும், உலகில் எங்கெல்லாம் வாழும் ஒவ்வொரு இலங்கையரையும் திறந்த மனதுடன் அழைக்கிறோம். வாருங்கள், இந்த நாட்டின் எதிர்காலத்தைக் கட்டமைப்பதில் நாமும் பங்கெடுப்போம்! நாம் அனைவரும் ஒரே மாதிரியாகச் சிந்திக்க வேண்டியதில்லை. நாம் அனைவரும் ஒரே கருத்தைக் கொண்டிருக்க வேண்டியதில்லை. ஆனால், நமது வேறுபாடுகளை விட நமது நாடு பெரியது. நமது தனிப்பட்ட இலக்குகளைவிட எமது பிள்ளைகளின் எதிர்காலம் மிகவும் பெறுமதிமிக்கது.

எனவே, எமது அறிவையும், திறமைகளையும், வலிமையையும் ஒன்றிணைப்போம். நாம் உடன்படக்கூடிய இடத்திலிருந்து ஆரம்பிப்போம். ஒருவரையொருவர் முந்திச் செல்வதற்கல்லாது, நம் தாய்நாட்டை எம் அனைவருக்கும் மேலாகக் கொண்டு செல்ல ஒன்றிணைவோம்! இறுதியில், நாம் எம் பிள்ளைகளுக்கு விட்டுச்செல்ல வேண்டியது, ஒருவருக்கொருவர் எவ்வளவு மேலானவர்களாக இருந்தோம் என்ற கதையை அல்ல. நாம் அனைவரும் ஒன்றுசேர்ந்து இந்த நாட்டை எவ்வளவு உயரத்துக்கு உயர்த்தினோம் என்ற கதையை ஆகும். அந்தக் கதையின் வெற்றி ஒரு நபருக்கு மட்டும் சொந்தமானதாக இருக்காது. அது ஒரு கட்சிக்கு மட்டும் சொந்தமானதாக இருக்காது. அது ஒரு தலைமுறைக்கு மாத்திரம் சொந்தமானதாக இருக்காது. அத்தகைய வெற்றி இந்நாட்டின் ஒவ்வொரு குடிமகனுக்கும் சொந்தமானது. அந்த வெற்றிக்கு ஒரேயொரு பெயர்தான் இருக்க வேண்டும் - அது இலங்கை என்பதாகும்!

இறுதியாக, இந்த வரவு செலவுத்திட்டத்தைத் தயாரிப்பதில் தளராத அர்ப்பணிப்புடனும் விடாமுயற்சியுடனும் பணி யாற்றிய நிதி அமைச்சின் அனைத்து உத்தியோகத்தர்களுக்கும், திறைசேரியின் செயலாளர் கலாநிதி ஹர்ஷன சூரியப்பெரும அவர்களுக்கும் எனது மனமார்ந்த நன்றியைத் தெரிவித்துக் கொள்கின்றேன். அவர்களின் தொழில்வாண்மையும், அர்ப்பணிப்பும், கடமையுணர்வும் இந்த விரிவான மற்றும் தொலைநோக்குடைய வரவுசெலவுத் திட்டத்தைத் தயாரிப்பதற்கு ஏதுவாக அமைந்தன. அரசாங்கத்தின் பொருளாதார மறுசீரமைப்பு நிகழ்ச்சிநிரல்களையும் தேசிய அபிவிருத்தி இலக்குகளையும் நாம் கூட்டாக முன்னெடுத்துச் செல்லும் இவ்வேளையில், இந்த முன்மொழிவுகளைச் சரியான நேரத்திலும் திறம்படவும் நடைமுறைப்படுத்துவதற்கும், உறுதிசெய்வதற்கும் நிதி அமைச்சின் அலுவலர்கள் என்ற வகையில், உங்களின் தொடர்ச்சியான ஆதரவையும் அர்ப்பணிப்பையும் நாங்கள் எதிர்பார்க்கிறோம்.

நன்றி!

ENGLISH TEXT OF THE BUDGET SPEECH - 2027

1. Preamble

Hon. Speaker, our Government presents its third Budget with the honest and genuine determination of making the story, cherished over many generations, of building a thriving nation to a reality. Every Budget we have presented bears witness to our collective resilience, and has established a firm conviction that, as a nation, we are emerging from the deepest crisis and are on a correct and well-planned trajectory.

We have been able to kindle an unfading dawn of hope in the hearts of hundreds of thousands of our people. I wish to recall that we are unconditionally fulfilling the expectations of the noble trust that the entire people of this country placed in us two years ago.

Eradicating poverty, building a just society, uprooting bribery and corruption, accelerating economic development, restoring the trust of the people and providing every citizen with the opportunity to build a decent life are among our key objectives. However, the foundation for all of these must be the creation, through education, of citizens who are equipped with knowledge, endowed with virtue, think critically and act creatively, as well as visionary leaders. What we need is to build an educated Sri Lankan generation that is rich in knowledge and intellect, contributes to the world through new ideas and new inventions, and is capable of facing any challenge at the international level. Our aim is to create a situation where, wherever in the world, a Sri Lankan is recognized, he or she is accepted as a person endowed with knowledge, intellect, creativity and good virtues.

It is to make the Sri Lankan identity a symbol of intelligence, virtue and excellence. Creating a true renaissance through all of these is the core objective of our Budget. This is because ushering in a renaissance era is not merely a change in economic indicators or statistics, but it is a broad social transformation that brings about a change in people's thinking, knowledge, attitudes and behaviour, and breathes new life into the cultural, intellectual and artistic life of the country.

We must all come together and, through a collective people's intervention, take this country forward towards the development that we, as Sri Lanka in the 21st Century, should have already achieved.

On this journey, the first thing we had to do was to bring about a fundamental transformation in the political culture. For the first time in history since Independence, the people of this country gave us the mandate to establish a genuine people's governance in place of a government administration that had been in the hands of a few corrupt elite families.

What we need is not merely a Government that collects revenue, but a Government that delivers value to the people for every tax rupee it collects. What we need is not a large Government machinery, but an efficient and transparent Government machinery that is accountable to the people.

Our policy is to recognize, at every level of governance, that the true owners of public money are the citizens of this country.

Hon. Speaker, today, we have the confidence, experience, economic foundation and stability required to take our country's economy into a transformative era. The Budget we present for the year 2027 is the next step built on those foundations. Our expectation is to make it a Budget that strengthens the production economy, protects small and medium-scale industrialists, makes room for investment, connects knowledge and technology to the economy through digital economic activities, protects the environment and ensures social justice.

Every Budget Proposal we present is a part of a continuous programme moving towards an interconnected common goal. Moreover, this Budget has not been prepared based solely on the views of one individual or one party, but it is a programme prepared collectively, incorporating the views, proposals and experiences of various stakeholders. Due attention has been paid to every proposal submitted to us. This Budget has been prepared based on our policy priorities, available resources, fiscal space and implementation capacity.

Hon. Speaker, it is no exaggeration to say that this economic stability of our country was built during a most difficult period. The war raging in the Middle East is becoming more prolonged than ever before, creating great uncertainty in the world. The closure of the Strait of Hormuz has affected nearly 20 per cent of global petroleum shipments. Accordingly, the increase in fuel prices, premiums and shipping and insurance charges had a very adverse impact on our energy market. We have still not been able to free ourselves from the pressure this created on our economy and on people's lives. As a result, more than Rs. 147 billion was spent to minimize the impact on the people and on economic stability.

Further, according to the Post-Disaster Needs Assessment - PDNA - Report, the damage caused by Cyclone Ditwah to housing, industries, railway systems, agriculture, education and the health system has been estimated at US Dollars 2 billion, which, together with economic losses of US Dollars 1.4 billion, amounts to a total of about US Dollars 3.4 billion - Rs. 1.022 trillion.

We have been able to build economic stability while facing all these adverse circumstances.

Hon. Speaker, as forecast by the World Meteorological Organization, it has been confirmed that there is a 100 per cent probability that the El Niño weather condition that has now developed will reach its peak in February, 2027. This El Niño weather condition

[ගරු අනුර කුමාර දිසානායක මහතා]

poses a risk of adverse impacts on agriculture, food prices, water resources and hydropower. We consider it one of our foremost responsibilities to identify such risks that may arise both globally and domestically in advance, and to further stabilize the economy so that it is capable of facing them.

Our target is not only to manage today's economic challenges, but also to transform the country into one where future generations will never again have to face an economic crisis such as the one that prevailed before. The essence of our policy statement, "A Thriving Nation – A Beautiful Life", is not merely to improve the performance of economic indicators, but to create a society in which people can live with dignity and pride, and a country that has confidence in its future.

The main objective of this Budget is to move from economic stability towards transformation. It is to achieve a progressive transformation in every sphere, including investment, exports, productive employment, social welfare and sustainability.

Hon. Speaker, during the past two years, our Government has succeeded in achieving remarkable macroeconomic stability. Accordingly,

- Sustaining the economic growth of 5 per cent achieved in 2025, an economic growth of 5.1 per cent was achieved in the first quarter of 2026, even amidst the impact of Cyclone Ditwah. In the second quarter, a growth of 4.2 per cent was achieved, despite the war situation in the Middle East region.

- The negative primary balance, which had recorded over a long period, reported the highest positive balance of 5.4 per cent in 2025 in its history. Against the positive primary balance target of Rs. 360 billion for end-2026, a positive primary balance of Rs. 1,844 billion was recorded by end-September.

- In 2025, the budget deficit recorded its lowest value in 68 years at 2.3 per cent.

- Government revenue, which was at a historic low of 8.2 per cent of GDP in 2022, reached 16.6 per cent in 2025, the highest value recorded in 23 years, amounting to about 110 per cent of the expected revenue.

- In 2025, we were able to record the highest-ever Current Account surplus in history of US Dollars 1,719 million.

- In 2025, workers' remittances recorded the highest value in history at US Dollars 8.1 billion. Further, by October this year, it amounted to US Dollars 7.6 billion. Accordingly, remittances exceeding US Dollars 9 billion are expected this year.

- Central Government debt, which was 114 per cent of GDP at the end of 2022, was reduced to 95 per cent by the end of 2025 as per the records of Public Debt Management Office – PDMO.

- In 2022, 79.1 per cent of Government revenue was spent on interest payments, which declined further to 45.9 per cent by 2025 and to 39.6 per cent by September 2026.

- The total net loss before tax of Rs. 774.6 billion recorded by 52 key State-Owned Enterprises in 2022 was turned into a profit of Rs. 444.4 billion in 2025. This reduced the pressure on the Treasury. We turned loss-making institutions into profit-making institutions. By the end of August, 2026, a profit before tax of Rs. 367 billion was recorded. The accumulated loss of SriLankan Airlines from the date it was taken back in 2008 up to 2025 amounts to Rs. 528 billion. Accordingly, SriLankan Airlines has become a burden on the General Treasury. The Cabinet of Ministers has already appointed an expert committee to find the necessary solutions in this regard.

- Even though total fuel import expenditure increased to US Dollars 4,487 million by September, 2026 compared to US Dollars 4,042 million in 2025 due to the increase in world market fuel prices, and amidst the opening of the vehicle import market, foreign reserves were recorded at over US Dollars 7 billion by October, 2026.

- Nevertheless, the annual inflation, which was recorded at 2.1 per cent in December 2025, increased to 8.3 per cent by October, 2026 due to the rise in fuel prices in the face of the Middle East conflict and other related factors.

- Credit extended by commercial banks to the private sector increased by 25.2 per cent, from Rs. 8,156 billion in 2024 to Rs. 10,212 billion in 2025.

Hon. Speaker, during the past two years, Sri Lanka has been able to achieve significant progress in global rankings, including economic and social rankings.

- According to the 2026 Fitch Ratings, Sri Lanka has been upgraded from 'CCC+' to 'B-'.

- According to the Corruption Perceptions Index (2025/2026) issued by Transparency International, Sri Lanka has advanced 14 places in the global rankings to 107th place.

- According to the Global Peace Index (2026), Sri Lanka advanced 14 places to be ranked 67th globally.

- According to GlobeTrotter & Flash Pack, in 2025, Sri Lanka was ranked first in the world index under the solo travellers category.

- The World Economic Forum has named Sri Lanka 10th in the world among the countries that have shown the fastest progress among tourism economies.

- The international magazine “Condé Nast” has named Sri Lanka the best destination in the world for the whole family to travel together.

- According to the assessment carried out by the Institute of International Finance - IIF -, among 57 emerging market and developing economies, Sri Lanka secured fourth place for progress in improving investor relations and fifth place for progress in improving transparency on public debt.
- The World Bank had classified Sri Lanka as a lower middle-income country in 2020, down from the status of an upper middle-income country. Reflecting the recovery of the economy, the classification was upgraded again in 2026 to an upper middle-income country.

Hon. Speaker, the above facts are not the only criteria that measure the success of our fiscal policy. The Government's support for and care of distressed children, the elderly, persons with disabilities, those suffering from chronic illnesses, low-income households and families who have lost their livelihoods due to disasters are equally important.

Through the 2025 Budget, we laid the foundation for economic stability and social justice. Through the 2026 Budget, greater attention was paid to production, investment, digitalization and institutional reforms. What we propose through the 2027 Budget is to implement the reforms and proposals for a new economic transformation required, based on the economic stability we have achieved so far, to increase production, to involve the people as stakeholders engaged in the economy, to ensure that the gains achieved in the economy are distributed fairly among the people, and to achieve the sovereignty of the national economy.

Economic transformation does not mean presenting yet another list of expenditures. It means that every investment made by the Government, every tax concession granted, every borrowing undertaken and every social protection programme proposed will be assessed on the basis of the economic and social benefits generated through them.

It is not our objective to make all the sacrifices that the people bore during the economic crisis, and continue to bear even at this moment, into permanent sacrifices. It is our duty to build economic stability, better jobs, fair incomes, a quality Public Service, a safe social environment and a sustainable future for future generations.

2. Seven Strategic Objectives of the 2027 Budget

Hon. Speaker, when the Budget for 2026 was presented to this House, we emphasized the need to build an economy that can move forward unshaken in the face of internal and external challenges. At the end of 2025, Cyclone Ditwah severely affected the lives of our people, production activities and infrastructure. Due to the Middle East conflict that escalated in the first half of 2026, new pressure exerted on energy prices, import costs and supply chains.

In facing a disaster such as Cyclone Ditwah, what was important for the Government was that we had built fiscal space in advance. Through this, we were able to strengthen the financial capacity required to provide relief to the people affected by the disaster, to maintain essential services and to deploy resources for reconstruction activities according to priorities.

The fundamental structural macroeconomic problem that Sri Lanka has faced for a long time has been the deficits in the budget, the balance of payments and the Current Account. Although we were able to reduce the budget deficit significantly through correct revenue and expenditure policies, the external sector has not yet been strengthened as required. While a Current Account surplus of US Dollars 1,853 million was recorded in the first nine months of 2025, a deficit of US Dollars 420 million was recorded in the corresponding period of 2026. The progress achieved in the fiscal sector must be made the foundation for a structural transformation that strengthens the external sector.

This need becomes even clearer when we look at the current state of the world economy. According to the World Economic Outlook issued by the International Monetary Fund in October, 2026, global economic growth is expected to slow down to 3.1 per cent in 2026. Risks such as the escalation of conflicts, rising energy and food prices and uncertainty in international trade still persist.

We need a long-term plan capable of withstanding these conditions.

2.1 Safeguarding Macroeconomic Stability and Strengthening the Resilience of the Economy

While safeguarding macroeconomic and fiscal stability, our main objective is to ensure debt sustainability and to prepare Sri Lanka to face future internal and external shocks. For this, sustainable Government revenue, prudent expenditure management, planned debt repayments, adequate fiscal space and strong foreign reserves are essential. It is also important to maintain adequate coordination between fiscal and monetary policies, while respecting the legal mandate of the Central Bank of Sri Lanka in maintaining price stability.

The Central Government debt stood at 114 per cent in 2022, the year in which the economy was plunged into crisis. What is taken into consideration in debt sustainability is the capacity to repay debt relative to GDP and Government revenue, and whether there is adequate liquidity to settle the debt servicing obligations falling due in the near term.

The target of the IMF-Extended Fund Facility programme is to bring public debt down to a level of 95 per cent by 2032. Based on the progress in public financial management, the IMF 6th Review has forecast that this will decline to 87 per cent. Annual borrowing plans and strategies are being implemented under the leadership of the Public Debt Management Office to

maintain debt sustainability. In 2025, the Central Government debt ratio had reached 95 per cent. Total foreign debt service amounted to US Dollars 3,707 million in 2025 and US Dollars 3,591 million in 2026. Going forward, it will be US Dollars 2,986 million and US Dollars 3,574 million in 2027 and 2028, respectively. We have the stability required for this debt servicing.

2.2 Accelerating Economic Growth Driven by Investment, Production and Exports

Our target is to accelerate the structural transformation towards a high-productivity, export-competitive production economy. Expanding domestic and foreign private investment, diversifying export products and markets, integrating with international value chains and promoting industries and services with higher value addition are the main areas of this.

We are taking steps to broaden access to finance for small and medium-scale enterprises and to establish a clear and transparent investment environment for investors.

2.3 Enhancing Productivity through Technology, Innovation and Human Capital

We give priority to enhancing national productivity by strengthening education, competency development, research, innovation and digital transformation, modernizing public services, expanding digital infrastructure, encouraging the use of new technologies and strengthening collaboration among educational institutions, research institutions and industries.

In particular, it is essential to equip our younger generation with the competencies required for the changing domestic and global job market, and to transform knowledge and innovation into income-generating enterprises and services. Creating a technologically capable workforce and a more productive economy will also enhance export competitiveness and the capacity to earn foreign exchange.

2.4 Empowering the Rural Economy and Ensuring Inclusive Growth

The agri-food sector has very high potential for export and rural income growth. Instead of excessive reliance on broad-based and untargeted subsidies that do not contribute to raising productivity, high priority should be given to directing unproductive lands to productive cultivation, agricultural research, climate-smart technology, water management, storage and cold storage facilities, product quality certification and digital systems. It is also essential to resolve, after proper study, the existing barriers to land use, rural access to finance and connecting producers to markets. Then, it will be possible to make the empowerment of the livelihoods of rural people, food security and foreign exchange earnings the outcomes of a single development process.

A new economic transformation at the rural level can be brought about by encouraging small and medium-scale entrepreneurs, creating new economic opportunities for rural people, and developing the technical, vocational and linguistic skills required for the modern job market.

2.5 Stability and Continuity of the Energy Markets

Rising international fuel prices, supply chain disruptions and climatic changes form the basis of instability in the energy sector in our country. Our objective is to change these underlying conditions that we face with regard to energy. For this, it is also necessary to expand renewable energy, and to improve electricity transmission networks, energy storage and energy efficiency. Our target is to minimize the long-term pressure on foreign exchange spent on imported fuel, while safeguarding the continuity of essential energy supply through the use of diverse supply routes and energy sources.

2.6 Strengthening Resilience to Climate Disasters

It is important to follow standards capable of withstanding future disasters, early warnings and proper maintenance plans. Along with this, food supply chains, storage, public transport and the mechanisms for distributing essential goods must be strengthened. The continuity of services such as essential communication facilities and electricity must be ensured. Although the risks arising from natural disasters that may occur in the future cannot be completely eliminated, our objective is to significantly minimize the resulting paralysis of economic activities and the pressure on people's lives.

2.7 Modernizing the Government Machinery

It is essential to build an efficient Government machinery that provides a quality service to the people, facilitates investment and production activities, and is accountable to the law and transparent. Modernizing public financial management, State-owned Enterprise and asset management, tax administration and the procurement process are essential elements of this. Minimizing corruption and unnecessary administrative delays, while strengthening the rule of law and accountability, is equally important to enhance public trust and to safeguard public resources.

3. Medium-Term Macroeconomic and Fiscal Path

Hon. Speaker, our medium-term economic target is to move towards a sustainable economic growth of 7 per cent or higher. A strong and credible fiscal foundation is essential for the economic transformation we envisage. Accordingly, we expect to continue fiscal consolidation in line with the responsibility framework established by the "Medium-Term Fiscal Framework 2027–2031" and the Public Financial Management Act. Maintaining a primary surplus of 2.3 per cent of GDP, maintaining the budget deficit at a level below 5 per cent, and placing public debt on a sustainable path are our core fiscal targets.

Our objective is to maintain Government revenue at a level not less than 16 per cent of GDP in the medium term, and to gradually increase it to about 20 per cent in the long term. To achieve these targets, the necessary reforms will be implemented to broaden the tax base, rationalize tax exemptions and incentives, digitalize tax administration and strengthen tax compliance.

In accordance with the Public Financial Management Act, we will take steps to maintain medium-term expenditure in line with the primary expenditure ceiling. However, due to the additional allocations required to restore the infrastructure and people's livelihood damaged by Cyclone Ditwah, primary expenditure in 2027 is expected to increase temporarily to 13.6 per cent of GDP. While managing these special expenditure requirements within the statutory fiscal framework, we also expect to bring primary expenditure back to 13 per cent of GDP from 2028 onwards.

Hon. Speaker, we expect to maintain public investment at a level exceeding 4 per cent of GDP from 2027 onwards. In 2027, a Capital Expenditure of Rs. 2,000 billion has been allocated, amounting to total public investment of 5.12 per cent of GDP, comprising 4.48 per cent through the Budget and 0.64 per cent through the Supplementary Estimate for Ditwah.

The Extended Fund Facility programme entered into with the International Monetary Fund - IMF - is scheduled to conclude in March next year. We expect to successfully complete the 17th IMF programme. While the programme to stabilize the economy domestically is proceeding successfully, it is difficult to forecast the impacts arising from global and natural disasters at a time when we are preparing for an economic transformation for growth. We believe that our reserves must be further strengthened to successfully face such situations.

Therefore, the Cabinet of Ministers has appointed a committee headed by the Deputy Minister of Finance and Planning to examine and submit a report on the suitability of entering into another programme after the successful completion of the current IMF programme, and on what type of programme it should be.

For social justice and the protection of the people, targeted social protection programmes will be further strengthened to protect low-income and vulnerable households who face the highest risk in the face of economic and natural disasters.

Hon. Speaker, our people made exceptional sacrifices and endured great hardships for this economic stabilization. We must all pay our respect to them. Doing justice to these sacrifices means achieving a rapid turn from economic stabilization towards transformation. To that end, I present to this honourable House the Budget Proposals for the year 2027.

Building the Essential Foundations for Economic Transformation

4. Strengthening the Legal Framework

A new and strong legal framework and an institutional structure are required to achieve the economic transformation we envisage and to enhance efficiency. Some of our laws are more than 100 years old. The historical role of some of our institutions has come to an end. Those laws and institutions have become shackles that bind our feet from reaching the economic transformation we envisage. Therefore, in order to achieve the new economic transformation, it is necessary to reformulate old and outdated laws and institutions so that they can face present-day challenges, and to build new laws and institutions that correspond to the new circumstances that have arisen. Hence, we cannot move forward without removing these shackles. Accordingly,

- The Rescue, Rehabilitation and Insolvency (Corporate and Personal) Act, No. 12 of 2026 has been passed to provide an opportunity for businesses that collapsed due to various crises such as pandemics, natural disasters and terrorist acts to rebuild, contribute to the economy and repay their creditors.

- Many people who have obtained microfinance loans are still stranded in a severe debt trap. For their protection, the Microfinance and Credit Regulatory Authority Act, No. 9 of 2026 had already been passed. Accordingly, the Microfinance and Credit Regulatory Authority will be established in 2027 and steps will be taken to provide protection to business customers.

- The Public Asset Management Act will be introduced to meet the requirements of public asset management.

- The Cabinet of Ministers has appointed an expert committee to reform labour laws that have been in place for decades, so as to align them with current social and economic needs. This initiative aims to create a conducive working environment required for investment and production processes to be carried out in an effective and efficient manner and to promote employer-employee relations, in which professional responsibility and accountability are clearly defined. This committee is in the process of formulating recommendations, taking into account the views and proposals of relevant stakeholders, including the National Labour Advisory Council.

Essential Structural Changes to be Made

- An officials' committee has been appointed by the Cabinet of Ministers to look into minimizing delays in providing Government lands to investors, and to submit recommendations on the concessions to be granted according to the national importance of the project, the number of jobs generated and the area in which the investment is made.

- It is expected to establish a company, 100 per cent owned by the Treasury, comprising professionals with private sector and international experience, for the promotion of investment. It is expected to provide this company too with market-competitive salaries and allowances, as was considered in the establishment of the GovTech institution.

- The Gambling Regulatory Authority has already been established to regulate casinos, online gambling and other games that fall into the category of gambling. The necessary regulations have already been finalized with expert assistance.

- The National Single Window for Trade, which has been launched as a pilot project from the fifth of this month for the export of several selected goods, is expected to connect exporters as the first phase in the first half of 2027, and importers and re-exports in the second half of 2027. Rs. 1,990 million has been allocated for this purpose.

- Bids have been called to obtain a consultancy firm for the creation of the National Single Window for Investment, and these bids are currently being evaluated. Rs. 100 million has been allocated for its establishment.

- It is proposed to allocate Rs. 1,000 million for the procurement of body scanners and container scanners, aimed at expanding the scanning system to strengthen the border protection process of Sri Lanka Customs.

- It is proposed to modernize the existing Temporary Importation for Export Processing - TIEP - process, under which goods imported for export are cleared with tax concessions, in order to introduce "inter-port trading" mechanisms and to direct small and medium-scale industrialists towards exports.

5. Free Trade Agreements

We expect to update the existing Free Trade Agreements and enter into new trade agreements with more countries in order to connect Sri Lanka to the global trade network.

- An officials' committee has already been appointed by the Cabinet of Ministers to expand the existing Free Trade Agreement with India.

- Attention has been paid to a new Free Trade Agreement with China.

- An application has been made to accede to the Regional Comprehensive Economic Partnership - RCEP.

- The Sri Lanka–European Union Sustainable Trade and Economic Integration Project will be implemented under a European Union grant of Rs. 3,430 million during the period 2027-2030 to promote export competitiveness, export diversification and sustainable production.

Further, we will work to enter into new Free Trade Agreements with other countries following a feasibility study.

6. Energy

A transformative change in the energy sector is required for the future economic transformation, national security and the improvement of the living standards of the people. The plans required for a new transformation in the energy sector, aimed at ensuring a stable and uninterrupted energy supply and reducing production costs, have been included in this Budget.

6.1 Electricity

Today, around 62 per cent of our installed capacity comes from renewable energy. Plans have been prepared to increase this to 69 per cent by 2029.

As energy sources that vary with weather and seasonal conditions, such as solar and wind power, are increasingly added, we must pay greater attention to the stability control of the system. The national power system failures that occurred in February, 2025 and October, 2026 were an important lesson for us to reflect on our system protection, frequency control, power flow management and network protection mechanisms. We expect to make an investment of Rs. 26.5 billion to technically strengthen our grid system so that such incidents do not recur.

- The installation of two synchronous condensers of 75 MVA (megavolt-amperes) each at the new Habarana and Mannar locations, which will help maintain grid stability when renewable energy is added to the national system at a high percentage, and the installation of STATCOM facilities with a capacity of 300 MVAr at the Padukka 220 kV grid substation are expected to commence in 2027 and be completed in 2029 with the financial assistance of the World Bank.

- A Wide Area Monitoring System will be established under the World Bank Technical Assistance Project to identify unstable conditions in the system in advance and to make prompt and effective decisions in emergencies.

- We have already introduced Battery Energy Storage Systems – BESS - to store the surplus electricity we receive during the daytime. In 2026, 160 MW is received by the system through BESS. Plans have been made for this quantity to be 560 MW in 2027 and for the total quantity to be 1,245 MW by 2029.

- The price selected in the first phase (160 MW) of calling bids for the BESS system in 2026 was Rs. 2.033 million per megawatt per month. In the second phase in 2026, when bids were called for 250 megawatts, the bid received had decreased to Rs. 1.808 million per megawatt per month. Accordingly, through competitive bidding, it has been possible to reduce the price by around 11 per cent within this year itself.

- With the aim of promoting renewable energy generation, enhancing energy security, and ensuring stability by minimizing imbalances in the national power system, it is proposed to provide a subsidy for the purchase of the batteries required for energy storage to domestic consumers who install rooftop solar power systems equipped with battery storage facilities under the Net Plus scheme.

- Domestic consumers who newly install rooftop solar power systems will be provided a subsidy of Rs. 25,000 per kilowatt of battery storage capacity. It is proposed to provide this subsidy for up to 10 kilowatts, subject to a maximum of Rs. 250,000. It is proposed to provide Rs. 3,500 million for this purpose. It is also proposed to remove the Ports and Airports Development Levy - PAL - charged on the importation of batteries used for the storage of solar energy.

- Although the need for supplementary power supply in the event of an emergency at the Norochcholai Lakvijaya Power Plant has been discussed for a long time, no appropriate steps have been taken to address it. Measures are now being taken to establish a BESS with a capacity of 30 MW to provide this supplementary power.

- Rs. 500 million has been allocated for the preliminary work of the 400 kV northern main transmission network from Kilinochchi to New Habarana, with the aim of completing it by 2030. We expect to obtain financial assistance of US Dollars 150 million from the Asian Infrastructure Investment Bank – AIIB - to construct the transmission line.

- It is expected to invite private investments for the construction of two transmission lines of 220 kV from Norochcholai to Wariyapola and from Monaragala to Hambantota, and the New Habarana–Kirindiwela 400 kV transmission line.

- In 2027, smart meters will be provided free of charge to 300,000 electricity consumers who use more than 180 units on a grant of US Dollars 12 million from the Asian Development Bank - ADB. Smart meters will be provided to all electricity consumers who use more than 120 units in the areas served by Lanka Electricity Company - LECO.

- A new capacity of 370 MW generated from wind power will be added to the system by 2029. Of this, steps will be taken to add 50 MW in 2027. By the end of 2029, the installed capacity generated from wind power will increase to 674 MW.

[ගරු අනුර කුමාර දිසානායක මහතා]

- Ten reservoirs, including Randenigala, Deduru Oya, Ridiyagama, Ambalan Oya, Castlereigh, Chandrika Wewa and Kiri Ibban Ara, have been selected for the installation of floating solar panels. We expect to generate around 500 MW of electricity by installing solar panels using 10 per cent or less of the water surface of these reservoirs. These projects will be carried out by the Government and the private sector. Steps will be taken in January, 2027 to call for investment proposals from the private sector.
- Four Distribution Control Centres will be established in Kuliyapitiya, Peradeniya, Battaramulla and Dehiwala to manage power failures, optimize the power grid, manage electricity demand, integrate and manage solar energy resources and other distributed energy resources into the power system and strengthen data-driven planning of electricity distribution systems.

6.2 Petroleum

- The Petroleum Development Authority of Sri Lanka - PDASL - has called for bids for oil and natural gas exploration and production (Sri Lanka Licencing Round 2026) in four blocks in the Mannar Basin, located off the western coast. The bids are expected to be opened on February 2, 2027.
- To increase fuel storage capacity, six tanks with a capacity of 64,000 m3 are being constructed at the Kolonnawa Petroleum Complex with an investment of Rs. 3,746 million in 2025, two tanks with a capacity of 22,000 m^3 with an investment of Rs. 1,446 million at the end of this year, and 3 tanks with a capacity of 40,000 m3 at the Muthurajawela Storage Terminal with an investment of Rs. 3,786 million in September, 2026. Accordingly, our storage capacity will increase by 126,000 m3, up to the requirement for 45 days.
- Bids have been called for the construction of a pipeline system from Kolonnawa to the Port with an investment of Rs. 16,332 million, with the aim of reducing the time taken to unload oil from ships from 96 hours to 48 hours. This is expected to be completed within 18 months.
- In line with the proposal to develop the Bandaranaike International Airport, Katunayake as a hub serving the international aviation sector, construction work has already commenced on a tank complex with a capacity of 92,000 m3 for Jet A1 fuel at the Muthurajawela Petroleum Terminal and a pipeline to carry aviation fuel from Muthurajawela to the Bandaranaike International Airport, Katunayake, with an investment of Rs. 22,340 million.
- The Sapugaskanda Oil Refinery will be upgraded from its current limit of 50,000 barrels per day to a capacity of 100,000 barrels under a public-private partnership. For this, Requests for Proposals – RFP - will be called in 2027 based on the Expressions of Interest – EoIs - already called.

7. Digital Transformation and Development towards a Digital Era

Hon. Speaker, digital transformation is no longer merely a technological initiative, but a fundamental requirement for improving the efficiency of the public sector, strengthening governance, facilitating economic growth and ensuring that every citizen can access Government services. Digitalization has been identified as a fundamental tool for modernizing public administration, improving the efficiency and transparency of Government activities and strengthening institutional capacity.

Reaching the level of development this sector has attained in today's world is a challenging and multifaceted process. At the same time, this sector is constantly evolving. Therefore, in order to reap its true benefits, the necessary legal and institutional structure must first be built.

- The GovTech institution has been established under 100 per cent ownership of the Treasury to guide and implement the digitalization of public services, and has already commenced its operations.
- The Personal Data Protection Act has been amended and the Data Protection Authority has already been established and made operational.
- The Bill for the establishment of the Digital Economy Authority and the National Digital Economy Council - Digital Economy Bill - is expected to be passed in the first quarter of 2027.
- The Cyber Security Bill, which is essential for protection with the growth of the digital sector, has been submitted to the Attorney-General for clearance. Accordingly, it is expected to establish a Cyber Security Authority under it in 2027.
- There is a problematic situation in the Government procurement process when purchasing digital solutions and facilities. Therefore, Government P rocurement Guidelines specific to digital solutions and facilities have been prepared, and discussions have already commenced with the Procurement Commission. Accordingly, it will be possible to introduce these procurement guidelines in the first half of 2027.

For a new transformation in the digital economy sector;

- Establishing a National Artificial Intelligence Centre of Excellence at Wijerama Mawatha, bringing the Government, the expert community and industry under one roof to build national AI capabilities and promote the responsible use of AI;
- Establishing the "Shared Platform First and Buy Before Build Policy", which, in parallel with the standard for integrating public institutions through digital public infrastructure, gives priority to purchasing standardized solutions and to shared use, before developing new software in software procurement;

- Expanding the Lanka Government Cloud – LGC - system from LGC 2.0 to LGC 3.0 and establishing the core foundation of sovereign infrastructure for Artificial Intelligence;
- Digitalizing the services provided by Divisional Secretariats and Grama Niladharis so that citizens can easily access Government services;
- Launching the "Presidential Digital Excellence Awards" programme to appriase high-performing public institutions with the aim of rapidly promoting digitalization;

Revision of Allowances in the Judicial Sector

Allowances of High Court Judges and Judicial Officers

- Considering the professional responsibilities, the nature of service and the role of officers in the judicial sector, it is proposed to increase by Rs. 25,000 the monthly professional allowance currently paid to High Court Judges, Special Grade Judicial Officers and Judicial Officers of other grades. Steps will be taken to pay 50 per cent of this increase from July 2027, and the remaining 50 per cent in 2028.

- With effect from July, 2027, it is proposed to increase by Rs. 50,000 the monthly transport allowance currently paid to officers entitled to official vehicles, to increase the monthly driver allowance paid to entitled officers from Rs. 25,000 to Rs. 50,000 and considering the increase in the expenses that have to be borne to meet their residential needs in instances where the Government has not provided an official residence, whether owned or obtained on a lease basis, to increase by 100 per cent the monthly housing allowance currently paid to High Court Judges and other Judges.

Allowances of the Attorney-General's Department

- It is proposed to increase the monthly non-practising allowance by Rs. 25,000 for the posts of Attorney-General, Solicitor General and Senior State Counsel, and by Rs. 20,000 for officers in the posts of Senior State Attorney and State Attorney of the Attorney-General's Department. - As the monthly allowances of the Chairpersons and members of Independent Commissions and other Commissions have not been revised since 2018, and the monthly allowances of the Chairpersons, Executive Directors and Working Directors of State Corporations, Statutory Institutions and Government-owned companies have not been increased since 2015, it is proposed to increase their monthly allowances with effect from July, 2027, taking into account the responsibilities they hold.

- The monthly allowances paid to the Chairpersons and members of other Commissions will be revised as per Annexure VI.

Hon. Speaker, Further details on the revision of the above allowances are included in the Technical Note.

Revision of Public Service Pensions

Hon. Speaker,

Pension Revision and Relief to Pensioners

- The Government is implementing a phased pension revision programme with the objective of ensuring a fair and structured pension system for all pensioners by systematically eliminating the disparities that exist among the pensions of retired public servants.

- Through the first Budget in 2025, steps were taken to convert, in three phases, the pensions of public servants who retired prior to 2020 to the 2020 basic salary scale, and its first and second phases have already been completed. Its final phase is scheduled to be implemented in 2027.

- It is also the objective of the Government to minimize and eliminate in phases, taking into account sustainable public financial management, the disparity that has arisen, due to the new basic salary revision implemented in 2025, between the pensions of public servants who retired before 2025 and those retiring in or after 2025.

- It is proposed to provide a monthly interim allowance of Rs. 2,500, with effect from 01, July 2027, as a relief to pensioners who retired during the period from 2020 to 2024, until the pension revision scheduled to be carried out under the new 2025 basic salary structure is implemented.

- The forthcoming pension revision based on the new 2025 basic salary structure is planned to commence with the 2028 Budget and to be implemented in several phases. Once this

revision is applied to the relevant pensioners and the payment of the revised pension commences, the payment of the above-mentioned monthly interim allowance of Rs. 2,500 proposed for those who retired during the period 2020–2024 will cease.

- These provisions will also apply to public sector pensioners whose salaries were determined under Department of Management Services Circulars 02/2025, 03/2025, 04/2025 and 05/2025.
- The overall objective of all these measures is to provide fair relief to public servants who retired at different times by systematically narrowing the pension disparities among them, and to establish a sustainable pension system in the long term.

36. Tax Policy Proposals

36.1 Increasing the Personal Income Tax Relief and Revising the Progressive Tax Slabs

Hon. Speaker, Our Government increased the annual Personal Income Tax free threshold from Rs. 1.2 million to Rs. 1.8 million in 2025. Through this measure, individual taxpayers gained a monthly tax relief ranging from a minimum of Rs. 3,500 to a maximum of Rs. 20,500.

To provide further relief to personal income taxpayers, it is proposed to further increase the annual Personal Income Tax free threshold and to revise the Personal Income Tax structure by expanding the taxable income brackets.

We were able to increase the tax-free threshold from Rs. 100,000 per month to Rs. 150,000. Through the proposed revisions, it will be further increased to Rs. 162,500. Accordingly, a person receiving a monthly salary and allowances of up to Rs. 162,500 will not be required to pay tax on his or her salary.

The tax slab to which the 6 per cent tax rate applies will be Rs. 70,833 per month, and thereafter the tax slabs will be widened from Rs. 41,667 per month to Rs. 50,000 per month. The tax rates will be set at 6 per cent, 12 per cent, 18 percent, 24 per cent, 30 per cent and 36 per cent, applying a rate of 12 per cent instead of 18 per cent after the 6 percent rate.

These revisions will raise the monthly income threshold at which the maximum Personal Income Tax rate applies from Rs. 358,000 to Rs. 433,000. Consequently, each individual taxpayer will receive an additional monthly tax relief ranging from a minimum of Rs. 750 to a maximum of Rs. 15,750.

Accordingly, as a combined result of the tax reforms introduced in 2025 and the revisions proposed for 2027, the total monthly tax relief provided by our Government to each individual taxpayer will increase ranging from a minimum of Rs. 4,250 to a maximum of Rs. 36,250.

36.2 Enhanced Capital Allowances for Export-Oriented Manufacturing and Tourism Businesses Approved by the Board of Investment (BOI)

Hon. Speaker, with the aim of encouraging private sector investment, promoting export-oriented manufacturing and strengthening the tourism sector, it is proposed to introduce enhanced capital allowances as an investment incentive for enterprises operating under agreements with the Board of Investment of Sri Lanka.

Accordingly, BOI-approved enterprises engaged in export-oriented manufacturing or tourism development activities with a minimum qualifying investment of US Dollars 3 million will be permitted subject to meeting the relevant requirements to opt for an enhanced capital allowance equivalent to 200 per cent of qualifying capital expenditure in place of the existing allowance regime.

36.3 Exemption of Exercise Books and Printed Books from Value Added Tax –VAT

Hon. Speaker, printed books and other printed materials became subject to Value Added Tax – VAT - effective from January 2024, while exercise books had been subject to VAT even before that date.

Recognizing the importance of education and the necessity of ensuring that essential educational materials are available at an affordable price, and with the objective of promoting access to education, knowledge and reading, we propose to exempt textbooks, dictionaries, encyclopaedias, children's drawing and colouring books, educational publications and other printed books, as well as exercise books, from Value Added Tax -VAT.

36.4 Revising the Basis for Calculating VAT Liability on Cinema Ticket Revenue

With the aim of ensuring the fair and equitable application of Value Added Tax within the film industry, we propose to revise the basis for calculating the VAT liability arising from the sale of cinema tickets.

Accordingly, the VAT liability of film producers, distributors, the National Film Corporation and cinema hall operators will be determined on the basis of the share of cinema ticket revenue received by or allocated to each party at each stage, rather than calculating VAT on the full ticket value.

36.5 Facilitating Earlier Qualification of Newly VAT Registered Exporters as “Eligible Exporters”

Hon. Speaker, with the aim of facilitating export-oriented businesses, I propose to revise the criteria under which newly VAT registered exporters are recognized as Eligible Exporters.

Accordingly, newly VAT registered persons will be recognized as Eligible Exporters where more than 80 per cent of their turnover during the preceding six months has

been derived from exports, without having to satisfy the existing requirement relating to the preceding calendar year.

36.6 Use of the Indicative Exchange Rate of the Central Bank of Sri Lanka for Value Added Tax on Foreign Currency Supplies

Hon. Speaker, in order to ensure greater transparency, consistency and fairness in valuing taxable supplies denominated in foreign currencies, it is proposed to use the Indicative Exchange Rate published by the Central Bank of Sri Lanka for the conversion of foreign currencies into Sri Lanka Rupees for VAT purposes. The Commissioner General of Inland Revenue –CGIR- will specify by way of a circular the manner in which such exchange rate is to be applied.

36.7 Social Security Contribution Levy –SSCL - Exemption for Bunker Fuel, Supplied to Ships Engaged in International Transportation

Hon. Speaker, the supply of bunker fuel to ships engaged in international transport is an important component of Sri Lanka's maritime services sector. This industry operates in a highly competitive international market.

With the aim of safeguarding the competitiveness of the industry and strengthening Sri Lanka's position as a regional maritime hub, we propose to exempt the supply of fuel to ships engaged in international transport from the Social Security Contribution Levy.

36.8 Review and Rationalization of the Tax Structure applicable to the Betting and Gaming Industry

Hon. Speaker, addressing the long-standing need for an effective regulatory framework for the betting and gaming industry, the Government has established the Gambling Regulatory Authority – GRA - and commenced its operations.

Given that a regulatory framework is now in place, it is proposed to conduct a comprehensive review of the taxes, fees, and charges applicable to this industry with the view to eliminate instances of double taxation and inconsistencies, align the tax structure with international best practices, and ensure a fair and balanced approach that supports the sustainable development of the industry while safeguarding government revenue.

This review aims to establish a simple, transparent, and integrated tax structure that is easy to administer and facilitates compliance.

36.9 Strengthening Tax Administration and Facilitating Taxpayer Compliance

Hon. Speaker, with the objective of strengthening tax administration, enhancing legal certainty, and facilitating tax compliance for taxpayers, we propose to remove ambiguities present in certain provisions of existing tax laws. Furthermore, we propose to review and amend these provisions to align them with evolving business practices and new forms of transactions.

Additionally, we propose to review certain stringent procedural requirements which could lead to taxpayers denied legitimate tax refunds or input tax credits due technical or procedural noncompliance while ensuring that adequate safeguards remain in place to protect government revenue.

These measures aim to establish a fair, transparent, and efficient tax administration system that encourages voluntary tax compliance, safeguards the taxpayers' legitimate entitlements, and protects Government revenue.

36.10 Revision of the Special Commodity Levy (SCL) on Several Essential Food Items

Hon. Speaker, with the aim of minimizing the cost-of-living pressure on consumers caused by rising prices of essential food items, it is proposed to reduce the Special Commodity Levy on imported sprats from Rs. 100 to Rs. 10 per kilogram, on Maldive fish from Rs. 302 to Rs. 10 per kilogram, and on powdered and unpowdered dried chillies by Rs. 50 per kilogram.

These tax revisions are scheduled to be implemented with effect from November 13, 2026.

36.11 Phased Reduction of Import Tariffs

Hon. Speaker, it is proposed to reduce by 25 per cent, the existing CESS rates applicable to 800 selected Harmonized System (HS) code lines, under the Government's programme of phased reduction of import tariffs with the aim of simplifying the Import Tax structure, reducing trade-related costs and enhancing the competitiveness of the economy.

It is proposed to remove the 10 per cent Ports and Airports Development Levy –PAL- currently charged on the importation of newsprint classified under specified HS codes, with effect from January 1, 2027.

36.12 Supporting the Domestic Sugar Industry to Compete in the Market

To protect the domestic sugar industry, it is also proposed to increase the Special Commodity Levy imposed on imported sugar by Rs. 10 per kilogram, in order to minimize the tax disparity between domestically produced sugar and imported sugar, create equal competitive opportunities and a fair competitive environment for both parties, and ensure a more neutral and equitable tax treatment.

36.13 Abolition of the Tourism Development Levy

Hon. Speaker, with the aim of reducing the tax burden on the tourism industry, enhancing its competitiveness and ensuring sustainable financing for tourism development, it is proposed to abolish the Tourism

[ගරු අනුර කුමාර දිසානායක මහතා]

Development Levy currently charged on the turnover of tourism establishments.

In order to ensure continued funding for tourism promotion and development, steps will be taken in the future to formulate a suitable financing mechanism. Until then, the required funds will be provided by the Treasury on requests made by the Sri Lanka Tourism Development Authority.

36.14 Amendments to the Excise Ordinance

The 2025 Budget proposed to introduce a new Excise Act in place of the century-old Excise Ordinance with the aim of improving revenue management.

However, until a new Act is introduced, we propose to bring amendments to the Excise Ordinance by further simplifying this complex process and incorporating amendments into the existing Ordinance itself.

37. Borrowing Limit

The borrowing limit of the Appropriation Bill for the financial year 2027 is presented in Annexure IV. Summary of New Expenditure Proposals Presented in the 2027 Budget is given in Annexure II. Further, the documents to be presented with the Second Reading of the Budget under the Public Financial Management Act, No. 44 of 2024 have also been tabled.

38. Supplementary Estimate for Ditwah Reconstruction – 2027

It is proposed to allocate as provisions for 2027 the amount that has not been utilized so far, due to reasons including the war situation in the Middle East, out of the Supplementary Estimate of Rs. 500 billion approved by Parliament for the reconstruction of Ditwah damage. Budgetary provisions of Rs. 260 billion have to be secured again for 2027 to properly complete the Ditwah reconstruction activities.

Accordingly, in addition to the 2027 Budget I have presented, it is proposed to present to Parliament a Supplementary Estimate for Ditwah reconstruction expenditure in accordance with the provisions of Section 16 of the Public Financial Management Act.

It is proposed to table that Supplementary Estimate today, following the Budget Speech.

Conclusion

Hon. Speaker, our Budget Proposals are not confined to paper alone. They are Proposals that are implemented in practice on the ground. Therefore, every new proposal will have a clearly accountable institution, outcome indicators, national priorities, a cash flow plan and transparency that can be easily observed by the public.

What we are striving to build is a country that safeguards the dignity of the citizen, ensures the safety of the child, gives due value to labour, creates opportunities for knowledge and protects natural resources for future generations.

Having overcome the challenges that prevailed and built stability in the economy, our next target is to commence a forward-looking and transformative era in 2027. For this, the collective strength and contribution of all of you is essential to us.

Hon. Speaker, in the modern world, governments are changed through progressive ideological revolutions, through the intelligent decisions of the people and through advanced policies and programmes suited to the future. However, our Opposition is still clinging to superstitious beliefs and has been unable to free itself from regressive thinking.

Politics must be done by going among the people on the ground, not by tying threads in cemeteries at night, nor by wasting the time of Parliament reciting curse verses.

Likewise, read the *Kalama Sutta*, which the Lord Buddha preached to the Kalamas -the residents of the town of Kesaputta-, pointing out that nothing should be accepted blindly but should be examined with wisdom, and understand the revolution the Lord Buddha made against blind faith. Read the *Aggañña Sutta*, which the Lord Buddha preached against superstition, and the *Kevatta Sutta*, preached against false incantations, and understand the ideological revolution brought about by the Lord Buddha.

In the *Tevijja Sutta*, the Lord Buddha asks whether, if a man standing on this bank of a river, wishing to go to the other bank, neither swims nor uses a boat but prays to the far bank, saying "Come here, far bank, come here", the far bank would come to this side.

Hon. Speaker, we have a very clear, progressive and proud dream for our Motherland. Our hope is to make this country not merely an island, but one of the most advanced countries, not only in Asia but in the whole world, rich in knowledge, skills and modern technology.

Today, we are implementing a strong programme towards that end. We have commenced the transformation of making our younger generation and our children across the country fully skilled, advanced citizens by providing them with modern technology, science and global knowledge.

Hon. Speaker, what we need is not only to build an economically developed country, but also to build a new image of the Sri Lankan before the world. Our dream is to brand Sri Lanka in the world in such a way that a Sri Lankan is recognized as an educated, intelligent, civilized, respectable and trustworthy citizen. Our expectation is to mark before the world that, though we are a small country, our human resources are endowed

with a unique intelligence. We want to prove to the whole world that we have a generation of citizens who fulfil the responsibilities they have undertaken, work with dedication, create new ideas, find solutions in the face of challenges and can move forward shoulder to shoulder with the world. What we are trying to build is not only a new economy for Sri Lanka, but also a new recognition, a new respect and a new pride for the Sri Lankan before the world.

Hon. Speaker, criticize the Government. Question our policies. Present a better alternative programme than ours. We fully accept your democratic right to do so. But bring alternative policies instead of curse verses, creative solutions instead of sorcery, and intelligent dialogue instead of yaga and homa rituals into the politics of this country. When the people of our country are moving forward with technology and intelligence, should the politics of the Opposition alone turn upside down and go backwards? I would like to remind at this moment that building a political culture that befits the civilized, enlightened and proud Sri Lankan identity we are trying to build before the world is a fundamental responsibility entrusted not only to the Government, but also to the Opposition. The intelligent people of this country will never again set foot in that old darkness.

Hon. Speaker, what we must leave behind for future generations is not our party disputes, but a prosperous and just country the future of which they can take over with confidence. Therefore, let us make the name "Sri Lankan" not merely a name we pronounce with pride, but a proud name that the whole world accepts with respect.

Let us prove our pledge towards that, not merely in words, but through action.

Today, we extend an invitation with an open heart to all political parties in this country, to all stakeholders, and to every Sri Lankan living anywhere in the world. Come, let us become partners in building the future of this country! We do not need to think along the same lines; we do not need to hold the same opinion. But our country is greater than our differences. The future of our children is more valuable than our individual goals. Therefore, let us bring together our knowledge, our abilities and our strengths. Let us begin from where we can agree. Let us unite, not to get ahead of one another, but to take our Motherland ahead of us all!

In the end, what we must leave behind for our children is not the story of how far above one another we stood, but the story of how high we all, together, raised this country.

The victory of that story will not belong to one individual; it will not belong to one party; it will not belong to one generation alone.

That victory will belong to every citizen of this country. That victory must have only one name – Sri Lanka!

Finally, I express my sincere gratitude to all the officials of the Ministry of Finance and the Secretary to the Treasury, Dr. Harshana Suriyapperuma, who worked with unwavering dedication and perseverance in preparing this Budget. Their professionalism, dedication and sense of duty have been instrumental in the preparation of this comprehensive and forward-looking Budget.

As we collectively advance the Government's economic reform agenda and national development goals, we always look forward to your continued support and commitment as officials of the Ministry of Finance to ensure and implement these Proposals in a timely and effective manner.

Thank you.
