History of Development Lotteries Board

The Development Lotteries Board, known as the Development Lottery Centre at the inception, was established on January 19, 1983. The main objective of the Centre was to assist the Government to raise finances.

Subsequently in 1993 the Development Lottery Centre was transformed to a Trust known as the "Development Lottery Trust". On 12th August 1997 the Trust was converted to the "Development Lotteries Board" by the Development Lotteries Board Act.20 of 1997.

The Development Lotteries Board entered into the lottery market by introducing instant lottery tickets in the year 1983 and was the first Lottery Organization to introduce Television lottery draws to the lottery market with the launch of "Shanida Wasanawa" in the year 1987. Initially "Shanida Wasanawa" was drawn only on Saturdays and later on extended to Wednesdays.

The second phase of 'Wasana Chakraya' Television draw commenced on 25th January 1998 drawing every Sunday. This was tailor made for non-wining instant scratch lottery tickets. The response to this programme from the public was very favorable.

The second television draw lottery known as "Sanwardhana Wasanawa" was launched on 9th October 1998. This was drawn on Tuesdays and Fridays. The unique feature of this ticket is the introduction of 'Zodiac' symbols along with numbers to identify winnings.

On 26th January 2004 we were able to launch "Jayoda" to be drawn on Mondays and Thursdays. This ticket offers a Super Jackpot in addition to the standard jackpot and regular cash prizes. The Super Jackpot starts with an initial amount of Rs. 10 million. The regular jackpot winners are entitled to opt for the cash prize of Rs.1 million or a house worth over Rs.1 million, which is the first in the history of lotteries in the Sri Lanka.

On 10th April 2009 the Development Lotteries Board was able to launch "Jana Jaya" to be drawn on Thursdays and Sundays. To win the Super Prize the lucky person should match 04 numbers out of the 64 numbers and super number from among 12 numbers from another machine. The super Jackpot starts with an initial amount of Rs.2.5 million.

The income generated by the Development Lotteries Board is credited to the President's Fund, which in turn utilizes 50% of the fund for the Mahapola Higher Education Scholarship Trust Fund. The balance generates various financial avenues to the poor people by way of uplifting their living standards, catering to their health, providing funds for the maintenance of religious institutions, welfare societies and sports and to the field of arts.

Chairman's Review

It is with pleasure and I am certainly happy to present the Annual Report of the Development Lotteries Board for the year ended 31st December 2011.

THE ORGANIZATION

The Development Lotteries Board was Born in 1983 (19.01.1983) with the sole objective of generating funds for the President's Fund and enriched the Mahapola Higher Education Trust Fund to uplift Education and Health sectors of the country. Throughout a period of over 29 years we have grown as a key government organization by climbing the ladder of growth. The year 2011, was an exultant year as we have been able to contribute the highest value to the President's Fund and the ever biggest winning baskets to our valued customers.

The Board has reported a significant growth in the year 2011 compared with the year 2010. Turnover has increased from 5,667,808,726 to 6,884,267,246, a Twenty-one percent (21%) remarkable growth in the history. The gross contribution and net surplus rose by 25% and 41% respectively during the year.

CUSTOMER FOCUSS

DLB, a fortune creator to the nation had been in a position to give Rs.4,120,098,980 as Prizes. Indeed it is a pleasure to announce that we have created 58 multi-millionaires and 191 millionaires apart from low prizes during this Financial year. Also we make Two (02) Luxury car winners to the nation.

ECONOMIC OUTLOOK

Sri Lanka's economy was at a stable range and its GDP growth rate was reported at 8%. Inflation was at 6% throughout the year and still maintained at single digit level. The country is geared for economic development with many strategic approaches. The peace prevailing in the country has opened many avenues that opens new market especially in the Northern and Eastern provinces.

CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

During the year the DLB has taken on many activities to fulfill its CSR aspects including arranging health campaign specially in North & East Provinces and donated spectacles to the public. School children were provided with gift packages for their education. Other noteworthy steps were taken to repair wards in rural area's hospitals.

LOOKING FORWARD

The Development Lotteries Board is equipped with talent team of Human Resource base and technology to cater to its valued customers and other stakeholders. We have paid more attention specially to serve the Northern and Eastern provinces for their wellbeing and economic development. We are very happy to mention in our Annual Report that we have been able to create over 20,000 indirect employment opportunities to the country throughout retail sales and distribution network system. This has facilitated many thousands of Individuals to be self employed and become self sufficient income earners. A plan has been in progress to develop the reseller's lives secured with the DLB on a long-term relationship.

ACKNOWLEDGEMENT

It is my greatest pleasure to thank all our customers who are with us all the time and I also thank my Board Members for their priceless and untiring efforts and guidance to achieve this excellent performance and the Team of Senior Management and all staff.

I also give noteworthy thanks to all the Draw judges, staff of the President's Fund, Mahapola Higher Education Trust Fund, Ministry of Finance & Planning, Distributors, Dealers, Re-sellers, Media, Banks, Auditors and all suppliers and stakeholders.

Directors' Report

The Directors have pleasure in presenting their Report and the Audited Accounts of the Development Lotteries Board for the year ended 31st December 2011.

The key objective of the Development Lotteries Board is to generate funds for the President's Fund by conducting Lotteries. The Mahapola Trust Fund was established for giving scholarships for Higher Education is also enriched with the funds that are contributed by the Development Lotteries Board through the President Fund. In order to achieve the above purposes and satisfy its valued customers, the DLB has through its marketing promotion activities, introduced new lotteries with attractive prize packages to the market during the year 2011. We did managed to contribute Rs. 1,376 Millions Rupees to President's Fund during the year 2011 through the accurate and timely policy decision taken by the Board members with utmost support of its staff, our distributors and dealers with their efficient strategies and dedication.

The DLB was not in a position to serve in the Northern & Eastern Provinces over the last three decades due to war the conflict environment. With the unveiled peace prevailing and established in the region, we have managed to identify potential dealers in Jaffna and expanded to Vauniya, Kilinochchi and Mannar districts to serve people in the area.

It was a tremendous achievement to introduce new Lottery tickets with the name "Niyatha Jaya" to our product family of "Shanida Wasanawa", "Sanwardhana Wasanawa", "Jayoda" and "Jana-Jaya". We are happy to announce that DLB was the Core sponsor of "Dayata Kirula" National Development Exhibition in 2011 as well.

We have been able to deliver a sound managerial input with closer supervision through Board Meetings and Audit & Management Committee Meetings. As a result an effective managerial philosophy was ensured enabling management of sales promotion, administration and finance activities in an efficient and effective way.

"Shanida Wasanawa"

In order to strengthen the "Shanida Wasanawa" ticket a new scheme was introduced in the name of "Gold Opportunity" "Rathran Warama" with effect from 1st June 2011 for lottery tickets which were not subject to a winning at the time of initial draw. The feed back from our valued customers was at high level for this strategy. We have managed to have a 12% increase in volume of "Shanida Wasana" Ticket sales from 100 million tickets to 112 million tickets in 2011 when compared with year 2010.

"Sanwardhana Wasanawa"

"Second Chance" (Dewena Warama) had continued until 1st November 2011. This was highly honored by the customers. On 4th November re-introduced additional cash prizes for non wining tickets and as a result sales volume grew up in 2011 by 17% compared with year 2010.(113 Million tickets sold in 2011 and 96 million in 2010)

"Jayoda"

The "Jayoda" product was launched to the market with innovative approach in May 2011. As a result sales went up to 96 million tickets in 2011 compared with 81 million tickets in 2010 by on 18% growth rate.

"Jana-Jaya"

"Jana-Jaya" Ticket came with many developments to the market on 26th September 2011. As a result sales increased upto 47 million tickets in 2011 compare with 31 million tickets in 2010 by on 51% growth rate. This product has contributed a lot to DLB's performance in the year.

"Niyatha Jaya"

It was a remarkable event when DLB introduced the newest lottery by the name of "Niyatha Jaya" in November 2011. "Niyatha Jaya" captured the market as it carries a Super Winning cash prize of Rs. 10 Million at the start.

Instant Lottery

Instant Lotteries were introduced to the market with attractive cash prizes as well on luxury motor cars in colour and designs. The speciality in instant lotteries was that it came with Rs. 10/= & Rs. 20/= marked prizes which many people tried and enjoyed.

Incentive Scheme for Distributors, Sales Agents & Retailers

The DLB has introduced a special group incentive scheme under one umbrella for Distributors, Dealers and Retailers during the year. This scheme was specially designed so that every one benefited individually as well as in group context. This has resulted in an immense growth of our performance.

Other Special Marketing Activities

- A new insurance scheme for Sales Agents and retailers was arranged. With this strategy the sales network strengthened and took care of their family aspects. Many agents were given medical assistance and where 28 who passed away their families were given financial assistance. So they are not alone any longer with DLB.
- A scholarship scheme was introduced for Students of Sales Agents who qualify for University entrance.
- The DLB is an entity that provides many self-employment opportunities to the nation and generated 139 sales agencies to the nation's people.

Corporate Social Responsibility - CSR

DLB is a Government Owned Business undertaking which frequently helps the community and community based organizations voluntarily. During the financial year the DLB gets initiatives to enhance the following community based prorammes

- The Principal sponsor to the "Dayata Kirula" Exhibition.
- Financial Donation worth Rs. 2,500,000 to Sri Lanka Army "Gamunu Regiment's Disabled & other soldiers welfare fund and donation of Medical Equipment worth Rs. 400,000 for the use of Soldiers of Gamunu Regiment

 The Development Lotteries Board together with The Ministry of Health has organized a Health camp and Donation of Eye Wear for needy public in remote areas of the country like Medirigiriya, Karuwalagaswewa and Siyambalanduwa.

- Donation of Agricultural Water Pumps for the use of re-located people of Wallawampura village in Wishwamadu town of Kilinochchi District.
- Organising medical clinic and donation of eye wear for the people in the Northers Province in Kodikamam, Nelliadi, Walluwapuram, Wishwamadu, Chawakachcheri, Mulative, Walikanda and Lankapura villages with the help of Sri Lanka Army. 5,350 Spectacles were distributed at all health camps.

Risk Management Report

The DLB has paid attention on the managing of its risks of operation while focusing on maximizing its opportunities. The risk management function lies with the top and senior management. The main risk elements that DLB may face are dealt below

Prize Pay - Out Risk

A standard prize pay-out ratio must be maintained at all levels of Lottery consignments. The risk may be that due to probability of occurrences there would have been increased prize ratio which might affect cash flow. Also there is an Insurance coverage taken from the printers to cover above risk

Economic Risk

The socio economic and political environment has an impact over buying pattern of customers.

Liquidity Risk

Liquidity risk may arise due to early win of high tier prizes. The DLB assures that high liquid assets are been maintained to face such instances.

Operational Risk

Operational risk may arise with technology, human activities and natural incidents. Fraudulent alteration of tickets, staff negligence, Computer system errors or failures, natural disasters like flood, continuous raining, tsunami, droughts etc will have an impact.

Segregation of duties, internal controls, internal checks, sophisticated computer validation processes, internal audits have been in line to cover such risks.

Reputation Risk

Reputation risk is the risk of loosing public confidence. As highly dependent on visual media, public interest and seeking assistance for souvenirs etc there might be a quantum of risk involved. These are also closely monitored and we try to satisfy every request and all concern of media products are ensured with quality, wording and presence before release.

Legal Risk

Legal risk may arises due to un-forcible transactions in a court of law or the failure to successfully defend legal actions instituted against the Board. Necessary precautions have been taken with advice from legal and other professionals and actions are in place to minimize instances that may occur.

Political Risk

The political policies and stability may affect the affaires of the DLB. A proper system and operational procedures and guidelines are in place to face such instances.

The Chairman
Development Lotteries Board

Report of the Auditor General on the Financial Statements of the Development Lotteries Board for the year ended 31 December 2011 in terms of Section 14(2)(c) of the Finance Act, No.38 of 1971

The audit of financial statements of the Development Lotteries Board for the year ended 31 December 2011 comprising the balance sheet as at 31 December 2011 and the income statement, statement of changes in equity and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory notes was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Section 13(1) of the Finance Act, No.38 of 1971 and Section 14(3) of the Development Lotteries Board Act, No. 20 of 1997. My comments and observations which I consider should be published with the Annual Report of the Board in terms of Section 14(2)(c) of the Finance Act appear in this report. A detailed report in terms of Section 13(7)(a) will be furnished to the Chairman of the Board in due course.

1.2 Management's Responsibility for the Financial Statements

The management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements whether due to fraud or error.

1.3 Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgments, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or

error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of financial statements. Sub-sections (3) and (4) of Section 13 of the Finance Act, No.38 of 1971 give discretionary powers to the Auditor General to determine the scope and extent of the audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

1.4 Basis for Qualified Opinion

My opinion is qualified based on the matters described in paragraph 2.2 of this report.

2. Financial Statements

2.1 Qualified Opinion

In my opinion, except for the effects of the matters described in paragraph 2.2 of this report, the financial statements give a true and fair view of the financial position of the Development Lotteries Board as at 31 December 2011 and its financial performance and cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

2.2 Comments on Financial Statements

2.2.1 Sri Lanka Accounting Standards

In making provisions for accrued expenses for expenditure to be incurred in the future in terms of Sri Lanka Accounting Standard 36 the commitment for such expenditure should arise from a reliable estimate. Nevertheless, it was observed that the provision of Rs.111,571,290 made for accrued expenses in the accounts for the year under review by the Board had not been made on such reliable estimates in accordance with the said Accounting Standard. The information on the variance between the provision made for accrued expenses during the 03 preceding years and the actual expenditure is given in the following table.

Year	Provision for Accrued Expenses	Actual Expenses	Over provision made
	Rs.	Rs.	Rs.
2008	137,122,097	83,252,520	53,869,577
2009	164,948,648	148,566,745	16,381,903
2010	50,672,602	49,348,882	1,323,720

2.2.2 Accounting Deficiencies

The following observations are made.

- (a) The Board had purchased a land with a building for Rs.421,199,000 on 23 September 2005 and that amount had been brought to account as lands and buildings and had not made provision for depreciation instead of computing the value of the building and providing for depreciation for the building. Subsequently, provision of 10 per cent had been made only on the capital expenditure of Rs.184,306,554 incurred on carrying out repairs to the building.
- (b) The interest received annually from the fixed deposit of Rs.44,951,587 maintained by the Board utilizing the security deposits made by the Lottery Sales Agents amounting to Rs.23,934,881 and the interest on that amounting to Rs.21,016,706 received by the Board had not been taken to income by the Board.
- (c) Four motor vehicles purchased by the Board in February 2012 at a cost of Rs.16,000,000 had been debited to the assets of the year under review and credited to the Expenditure Payable Account. As such the assets and liabilities of the year under review had been overstated by that amount.
- (d) The studio constructed by the Board in the year 2009 at a cost of Rs.42,965,051 and the sum of Rs.33,491,297 payable on the construction to the contractors as at 31 December 2010 had not been disclosed in the accounts as assets and liabilities respectively.
- (e) Even though 332 sets of plates and 1,789 sets of tea cups valued at Rs.12,553,360 purchased for awarding prizes for the Deyata Kirula Exhibition 2008 were physically available in the stores that value had not been disclosed in the accounts.

2.2.3 Accounts Receivable and Payable

The following observations are made.

- (a) Two debtors balances amounting to Rs.7,496,220 older than 05 years had been carried forward in the accounts without taking action for recovery or any other suitable course of action.
- (b) Even though 06 balances of accounts amounting to Rs.1,539,985 shown as payments made in advance in the financial statements for the year under review, had been brought forward from the year 2007, adequate action had not been taken either to get work relating to the payments carried out to or to recover the payments made in advance.

2.2.4 Lack of Evidence for Audit

The evidence indicated against the following items of account had not been furnished to audit.

	Item	Value Rs.	Evidence not made available
(a) B	Branded Stalls	43,826,514	i. Register of Fixed Assets ii. Physical Verification Reports
(b) L	ottery Printing Expenses	175,754,473	Evidence in support of action taken in terms of Procurement Guidelines
	Expenditure Introduction of Second Chance	1,942,080	Evidence in support of action taken in terms of Procurement Guidelines

2.2.5 Non-compliance with Laws, Rules, Regulations and Management Decisions

The following non-compliances were observed during the course of audit.

Reference to Laws, Rules, Regulations and
Management Deficiencies

Non-compliance

- (a) Development Lotteries Board Act, No. 20 of 1997
 - i. Section 18(1) and (2)

ii. Section 19(1),(2) and (3)

- (b) Cabinet Memorandum No. MF2/2/DLB/TEND/02 dated 17 December 2008 and the Cabinet Paper No. 08/2356/306/145/TBR
- (c) Establishments Code of the Democratic Socialist Republic of Sri Lanka: Sections 12:2:5 and 12:2:6 of Chapter vii
- (d) Management Service Circular No. 28 of 10 April 2006 Paragraph (d)
- (e) Procurement Guidelines of the Democratic Socialist Republic of Sri Lanka Section 9.3.1

According to the Section of the Act, all income from each lottery other than the expenditure relating to the lottery draw and any other expenditure as may be specified by the Minister, should be remitted to the President's Fund. Contrary to such provisions, the Board retained a sum of Rs.35,218,000 in the Buildings Establishment Fund in addition to the depreciation on buildings.

Powers have been conferred by the Act to make rules on all matters stated as specified in the Act or on all matters authorized under the Act and such rules made and approved by the Minister should be published in the Gazette. Nevertheless, the Board had not made rules relating to the Lotteries conducted under the relevant section and published in the Gazette.

Even though the tender for printing of the Instant Lottery had been awarded for one year in the year 2009 in accordance with the Cabinet Paper, Lottery ticket had been purchased from that company up to the year under review.

Acting allowance amounting to Rs.90,000 had been paid in the year under review alone to an officer who had not been appointed formally without obtaining the appropriate approval.

A post of Information Technology Executive not included in the approved cadre of the Board had been created on 01 July 2010 and a sum of Rs.300,000 at the rate of Rs.25,000 per month had been paid in that connection in the year under review.

Action in terms of the Procurement Guidelines had not been taken in connection with the repairs costing Rs.971,238 carried out to motor vehicles in the under review.

2.2.6 Transactions of Contentious Nature

A sum of Rs.1,504,500 had been paid in the year under review for carrying out improvements to the Lottery Software System of the Board. Action in terms of the Procurement Guidelines had not been taken in connection with this payments while a written agreement had not been signed.

3. Financial Review

3.1 Financial Results

(a) According to the financial statements presented the operations of the Board for the year under review had resulted in a surplus in the provision for the President's Fund amounting to Rs.1,489.93 million as compared with the corresponding surplus of the provision for the President's Fund for the preceding year amounting to Rs.1,081.98 millions, thus indicating an increase of the provision for the President's Fund, as compared with the preceding year by a sum of Rs.407.95 million or 37.70 per cent. In addition a sum of Rs.144.07 million had been added for the profit in the preceding year due to the winners of lotteries not presenting claims while the corresponding sum for the year under review amounted to Rs.174.30 million indicating an increase of Rs.30.23 million or 20.98 per cent.

An analysis of the improvement in the financial results is given below.

	Favorable	Adverse	Variance
	Rs.(Millions)	Rs.(Millions)	Rs.(Millions)

(III)	Liq	uid Assets			
	i.	Current Assets Ratios	0.49	0.61	
	ii.	Quick (Liquid) Assets Ratio	0.39	0.55	

Even though the profitability ratios of the Board had indicated an improvement as compared with the preceding year, the current assets ratio and the quick ratio continue to be below the expected levels. Thus a considerable weakness in the assets management was observed.

4. Operating Review

4.1 Management Inefficiencies

According to Section 18(1) of the Development Lotteries Board Act the money remaining after, the deduction of the approved expenditure of the Board and the expenditure approved by the Minister should be credited to the President's Fund. Nevertheless, since the inception of the Fund up to date, sums less than the sums to be so credited had been credited to that Fund. The particulars of the sums so under-credited during the year under review and 03 preceding years had been as follows.

Year		Amount to be credited to the Fund according to the Act Rs.(Millions)	Amount credited to the Fund Rs.(Millions)	Further amount due to be credited Rs.(Millions)
2008	20	720	656	84
2009	84	715	735	64
2010	64	973	889	148
2011	148	1"468	1"446	170

4.2 Idle and Underutilised Assets

The following observations are made.

- (a) A studio constructed in the year 2010 at a cost of Rs.42,965,051 had not been used. Attention had not been paid for the utilization of the studio to earn an income by any other means.
- (b) A Security camera system costing Rs.4,718,504 purchased in April and November 2009 and March 2010, had not been used during the period 15 November 2010 to 26 March 2012.

(c) A stock of 2,411,750 instant lottery tickets purchased at a cost of Rs.3,222,094 in December 2009 remained in the stores even up to the end of the year under review and those had been issued to the agents at a very slow pace.

4.3 Identified Losses

The following observations are made.

- (a) A sum of 56 cents per ticket had been paid for the printing of the lottery tickets for the Saturday Fortune, Development Fortune, Janajaya and Deyata Kirula lotteries carried out through a private company without calling for quotations while a sum of 48 cents per ticket had been paid for printing of the Jayoda Lottery tickets for which the cost had been dicided by calling for quotations. As such the Board had incurred a loss of Rs.24,385,865 in the year under review due to getting the tickets printed without calling for quotations.
- (b) Due to the failure to take action in terms of the instructions in the Cabinet Memorandum No. MF2/2/DLB/TEND 02 submitted to the Cabinet of Ministers on 17 December 2008 to get the Instant Lottery Tickets printed through a local company, the Board had incurred a loss of Rs.40,697,200. In addition incurred an expenditure amounting to Rs.38,466,600 as cess and Rs.14,483,186 as Customs Duty in the year under review.

5. Accountability and Good Governance

5.1 Budgetary Control

Significant variances were observed between the budgeted expenditure and the actual expenditure, thus indicating that the budget had not been made use of as an effective instrument of financial management control.

6. Systems and Controls

Deficiencies in systems and controls observed during the course of audit were bought to the notice of the Chairman of the Board from time to time. Special attention is needed in the following areas of control.

- (a) Accounting
- (b) Human Resources Management
- (c) Assets Management
- (d) Expenditure Management
