During her career at Coca-Cola Beverages, she has contributed widely towards the development of the corporate governance processes, statutory compliance and sector compliance regimes.

SLIC Group Structure

Chairman's Message

It is with great honour and a sense of responsibility that I present this review for the year ended 31st December 2024. This year marked a defining chapter in the long-standing history of Sri Lanka Insurance Corporation Limited, as we underwent a major transformation in response to evolving regulatory requirements. In accordance with the Regulation of Insurance Industry (Amendment) Act No. 3 of 2011 and the Cabinet decision dated 17th March 2023 (23/0431/604/046), the Corporation has been legally segregated into two distinct entities with effect from 1st February 2024. As a result of this legal segregation, Sri Lanka Insurance Corporation Life Limited and Sri Lanka Insurance Corporation General Limited were established to carry out life and general insurance operations respectively.

This restructuring represents an important step towards enhancing regulatory compliance, streamlining operational governance, and ensuring clearer financial transparency within our insurance business. It also aligns the Corporation with industry best practices, strengthening its long-term position in the national financial landscape. At present, the Articles of Association and the name of the parent company, Sri Lanka Insurance Corporation Limited, remain unchanged, as we await formal guidance from the Ministry regarding the future direction of the company's legal and institutional identity.

Following this transition, the Corporation has shifted its operational focus to the management of its investment portfolio and the leasing of its extensive property assets. These activities, although distinct from the Corporation's traditional insurance role, continue to contribute positively to national development by optimising the use of public assets and delivering consistent financial returns to the Government of Sri Lanka.

The Corporation functions as the holding entity of a broad and diversified group of companies operating in several key sectors of the economy, including insurance, healthcare, energy, leisure, and support services. Through these subsidiaries, SLIC continues to uphold its strategic role in fostering economic progress and serving the public interest, while maintaining strong oversight and governance responsibilities at the group level.

Amidst the changes, the financial performance of the Corporation remained stable. For the year under review, the company reported a profit before taxation of Rs. 3.5 billion and profit attributable to equity holders of Rs. 3.6 billion. This performance, supported primarily by prudent investment management and rental income, reflects the strength and resilience of the Corporation during a period of structural transformation. Total assets stood at Rs. 115.1 billion, while equity reached Rs. 107.7 billion, further

reinforcing the Corporation's robust financial foundation.

As we move forward, our focus will be on enhancing our capabilities as a group-level holding company, continuing to support our subsidiaries in fulfilling their operational goals, and aligning our strategy with national priorities.

In closing, I would like to extend my heartfelt appreciation to the Ministry of Finance, the Insurance Regulatory Commission of Sri Lanka, our Board of Directors, and all employees of the Corporation for their dedication and support throughout this year of significant change. As we navigate the next phase of our journey, we remain committed to upholding the core values of integrity, public service, and national contribution that have long defined Sri Lanka Insurance Corporation Limited.

Nusith Kumaratunga

Chairman

30 May 2025

Group Chief Executive Officer's Review

It is with great honour that I present the Group CEO's Review for Sri Lanka Insurance Corporation Limited for the year ended 31st December 2024. This year marked a defining moment in our corporate evolution, as we undertook a significant restructuring to align with regulatory requirements and future ready our operations. The legal segregation of our Life and General businesses has repositioned SLIC as a group level holding entity, ushering in a new era of strategic oversight, disciplined investment management, and enhanced governance across our subsidiaries.

The year 2024 marked a significant transformation for Sri Lanka Insurance Corporation Limited (SLIC), as we navigated through structural changes and embraced new operational paradigms. The legal segregation of our life and general insurance businesses, effective from 1st February 2024, was a pivotal step in aligning with regulatory mandates and setting the stage for focused growth in each sector.

This restructuring allowed us to streamline our operations, with Sri Lanka Insurance Corporation Life Limited and Sri Lanka Insurance Corporation General Limited now operating as distinct entities. SLIC, has transitioned to a holding company role, concentrating on managing our investment portfolio and property assets. This shift not only ensures compliance but also positions us to optimize our resources and deliver sustained value to our stakeholders.

The year under review marked a period of strategic transition, during which Sri Lanka Insurance Corporation delivered solid financial results. For the year ended 31st December 2024, SLIC reported a profit before taxation of Rs. 3.5 billion, with profit attributable to equity holders amounting to Rs. 3.6 billion. Total assets stood at Rs. 115.1 billion, and total equity reached Rs. 107.7 billion reflecting sound financial stewardship and operational discipline.

Furthermore, as at 31st December 2024, Sri Lanka Insurance Corporation as a Group recorded a profit before taxation of Rs. 14.1 billion and profit attributable to equity holders of Rs. 9.1 billion, with total assets reaching Rs. 435 billion. These results underscore the strength of our investment portfolio and the Group's ability to create enduring value across its diverse business interests.

Our subsidiaries continue to play a vital role in the national economy, operating across key industries including insurance, healthcare, energy, and leisure. Guided by the strategic direction of the Board, each entity remains aligned with our overarching vision and governance standards.

Looking ahead, we are focused on enhancing our capabilities as a group level holding company. This includes optimizing our investment strategies, effectively managing our property portfolio, and providing strategic direction to our subsidiaries. We are also committed to engaging with the Ministry to determine their future course of action regarding SLIC; Articles of Association and corporate structure.

As we reflect on a transformative year, I extend my sincere appreciation to all those who have contributed to Sri Lanka Insurance Corporation's continued progress. I wish to acknowledge the Ministry of Finance, Economic Stabilization, and National Policies, and the Insurance Regulatory Commission of Sri Lanka for their consistent guidance and support throughout this transition. I also acknowledging the unwavering support of our Board of Directors and the dedicated contributions of our employees across the Group. In particular, the continued collaboration and shared expertise of our teams at SLIC Life and SLIC General were instrumental in ensuring a smooth transition for the holding company. Together, we move forward with a clear sense of purpose and a shared commitment to delivering long term value across the SLIC Group and to the nation.

Chandana L. Aluthgama

Group Chief Executive Officer

30 May 2025

Audit & Compliance Committee Report

The Audit and Compliance Committee (ACC) is primarily responsible for overseeing the accuracy of the company's financial statements, ensuring they represent the organization's financial position in an authentic manner. Additionally, the committee ensures the company operates in compliance with ethical standards and regulatory requirements. The ACC is chaired by the Treasury Director, a Non-Executive Director and senior Chartered Accountant, who also serve on the committee. The Company Secretary functions as the secretary for the meetings. While both the compliance and audit functions report to the ACC, their operational independence is preserved through a clear separation of duties.

The ACC is supported by senior professionals with expertise in finance, auditing, and insurance, enabling the committee to effectively fulfill its responsibilities, including overseeing financial reporting, internal controls, compliance, and external audits.

Terms of Reference

The terms of reference for the Audit and Compliance Committee of Sri Lanka Insurance Corporation Limited (Holding) are clearly outlined in the Charter of the Board's Audit and Compliance Committee. This Charter is aligned with guiding principles and best practices for audit committees, including the "Code of Best Practice on Corporate Governance" jointly issued by the Securities and Exchange Commission of Sri Lanka (SEC) and the Institute of Chartered Accountants of Sri Lanka (2023), as well as the "Guideline on Corporate Governance for SOE Companies" issued in 2021. The scope of the Charter includes enhanced oversight of the company's systems of disclosure, controls, and internal controls across areas such as finance, accounting, procurement, legal compliance, and ethics. It also involves monitoring the

management of business risks established by the management and the Board. The committee is accountable to the Board of Directors and provides regular reports on its activities to the Board.

Meetings of the Committee

During the financial year ended 31st December 2024, five meetings of the committee were held. The proceedings of the committee meetings are recorded with adequate details and are reported regularly to the Board of Directors. Representatives from the Auditor General attend the meetings by invitation.

The attendance of the committee members at the meeting in 2024 is stated below:

Name of the Director	No. of Meetings Attended	Dates Attended
Mr. Dushmantha Thotawatte (Served as the Chairman of the Committee- from 19th September 2024 to date)	3	24/04/2024 12/09/2024 19/09/2024
Mr. Ravindra Pathmapriya	2	24/04/2024 19/09/2024
Mr. Nishantha Dayananda	3	24/04/2024 12/09/2024 19/09/2024

As at the reporting date, the following Non-Executive Directors serve the Audit & Compliance Committee: Mr. K. R. Pathmapriya, Mr. D. Thotawatte and Mr. Nishantha Dayananda.

Internal Audit

The organization operates an internal audit department, led by a qualified Chartered Accountant. The audit committee approves the

internal audit strategy and regularly assesses and oversees the internal audit and inspection processes to ensure their independence and adherence to high standards. The committee ensures that the department is provided with the necessary authority and resources to fulfill its duties effectively. During scheduled meetings, the committee reviews reports from the Head of Internal Audit to monitor the progress of the internal audit plan and evaluate key findings.

External Audit

The Auditor General was appointed as the External Auditor in accordance with Article 154 (1) of the Constitution of the Democratic Socialist Republic of Sri Lanka. In line with Article 154 (4) of the Constitution, Messrs BDO Partners were appointed by the Auditor General as a qualified auditor to assist in the annual audit of the company's financial statements for the year ending 31st December 2024. Additionally, the Committee reviewed the management letter along with the management's response to the findings and recommendations provided by the external auditor.

Information Flow to the Audit Committee

The ACC confirms that it has received adequate, trustworthy, and timely information from both the management and external auditors. This enables the ACC to fulfill its responsibilities effectively.

Valuation of Assets & Liabilities and Impairment

Given the growing reliance on fair value accounting and its substantial impact, the Audit Committee ensures that significant assumptions used in determining fair values are transparently disclosed, thoroughly reviewed, and questioned as necessary. Additionally, the Committee confirms that the procedures for assessing impairment are satisfactory.

Adoption of IFRS

The Audit Committee oversees the progress of adopting International Financial Reporting Standards (IFRSs) within the organization. It provides regular updates to the Board of Directors on the status and developments in the

implementation of these standards during periodic board meetings.

Independent External Advice

The Charter of the Audit Committee permits it to obtain independent external advice, where appropriate.

Accessibility of Head of Internal Audit and Head of Compliance & Senior manager Risk to the meeting of ACC

The Heads of Internal Audit, Head of Compliance & Senior Manager Risk have direct access to the ACC, which in turn is directly accountable to the Board.

Non-audit Services

The external auditors provided non-audit services during the year under review.

Compliance Function

The Corporate Compliance function is tasked with overseeing the operations of the compliance program and supporting related policies and procedures. The Head of Compliance, Senior Manager Risk, and the Chief Financial Officer, with the support of compliance coordinators in each department are responsible for implementing the compliance program. The reporting structure between the Compliance Officer and the ACC addresses specific issues and risks that may arise throughout the year. Department heads, designated as responsible officers, are accountable for ensuring compliance with specific obligations.

The Company has adopted a "stand-alone" model for compliance to manage costs efficiently while maintaining a robust, independent compliance function. Compliance coordinators in each department play a crucial role in ensuring effective engagement. During the review period, the compliance function was strengthened to incorporate best practices across key operational areas. The organization has fostered a compliance culture to ensure the compliance function is viewed as an integral part of the company rather than an additional burden. The Compliance Chapter in the Corporate Governance Sections

carries a comprehensive narrative on the resourcing and functioning of the Compliance Function at Sri Lanka Insurance Corporation Limited (Holding).

Risk Management

The Board has assigned the responsibility of monitoring the risk management function to a separate sub-committee, the Risk Management Committee (BRMC). The Head of Internal Audit is a member of the BRMC, and the Enterprise Risk Management Department reviews the company's internal controls framework in line with the "Framework for Internal Control Systems in Banking Organizations" issued in 1998. The objective is to ensure that the internal control systems are aligned with the risk management framework and comply with the principles of the BASEL framework. This framework includes management oversight, risk assessment, control activities, segregation of duties, information and communication, monitoring activities, and the evaluation of internal control systems by supervisory authorities. The BRMC conducts periodic reviews of these controls, and established policies and procedures are in place to ensure their effectiveness.

Conclusion

The Committee is satisfied with the effectiveness and independence of both the internal audit department and the external auditors over the past year. It also approves of the application of the accounting policies and considers the company's financial statements to be reliable. Furthermore, the Committee is content with the company's Compliance Framework, ensuring full adherence to all relevant laws and regulations, as disclosed in the external auditors' report. Corrective and preventive actions have been taken for any instances of non-compliance identified during the review period.

Statement of Director's Responsibility

The Companies Act No. 07 of 2007, in Sections 150, 152, and 153, outlines the duties and responsibilities of the Directors regarding the preparation and presentation of Financial Statements. The Auditors' responsibility for the Financial Statements is explained in the Auditors' Report, which is included in the Annual Report.

As per the Companies Act No. 07 of 2007, the Directors are responsible for ensuring that the Financial Statements of the Company provide a true and fair view of the Company's financial position as at the balance sheet date, including its profit or loss or income and expenditure for the accounting period ending on that date. The Financial Statements must also present a fair representation of the Company's overall state of affairs.

The Directors are required to ensure that the Financial Statements of the Company have been prepared and presented in accordance with the Sri Lanka Accounting Standards (SLFRSs and LKASs), the Companies Act No. 07 of 2007, the Sri Lanka Accounting and Auditing Standard Act No. 15 of 1995, and the Regulation of Insurance Industry Act No. 43 of 2000, as amended.

The Directors affirm that they have consistently applied appropriate accounting policies and exercised sound judgement and estimates in preparing the Financial Statements. Additionally, they have a reasonable expectation that the Company possesses adequate resources to continue in operation for the foreseeable future and have, therefore, adopted the going concern basis in preparing the Financial Statements.

By order of the Board.

Shiromi Kodagoda
Company Secretary
02 June 2025

Chief Financial Officer's Statement of Responsibility

The Financial Statements of Sri Lanka Insurance Corporation Limited (the Company) and the Consolidated Financial Statements of the Company and Subsidiaries (the Group) as at 31 December 2024 were prepared and presented in compliance with the requirements of the following.

- i. Sri Lanka Financial Reporting Standards (SLFRS/LKASs) issued by the ICASL
- ii. The Companies Act No. 07 of 2007
- iii. Insurance Industry Act No. 43 of 2000 as amended.

The formats used in the preparation of the Financial Statements and disclosures made therein comply with the formats prescribed by the relevant regulators, which are also in compliance with the disclosure requirements of the Sri Lanka Accounting Standards. We confirm that to the best of our knowledge, the Financial Statements, Significant Accounting Policies and other financial information included in this Annual Report, fairly represents, in all material respects, the financial condition, and results of the operations and the cash flow of the Company during the year under review. In addition, we confirm that the Company has adequate resources to continue its operations and has applied the going concern basis in preparing these Financial Statements.

The Board of Directors is responsible for ensuring that management fulfils its financial reporting responsibilities. As the Chief Financial Officer, I am responsible for having established and maintaining adequate accounting policies, procedures and internal controls over financial reporting. Management has a system of internal controls designed to provide reasonable assurance that the Financial Statements are accurate and complete in all material respects. Management believes that the internal controls provide reasonable assurance that the financial records are reliable and form a proper basis for preparing the Financial Statements, and that the assets are properly accounted for and safeguarded. The SLIC internal Auditors also conduct periodic Reviews to ensure that the internal controls and procedures are consistently followed.

The Board of Directors have appointed an Audit and Compliance Committee, which is headed by an Independent Director. The Audit and Compliance Committee has reviewed internal audit function, audit follow up committee reports and Financial Statements. The Financial Statements have been audited, on behalf of the shareholders, by the Auditor General, in pursuance of provisions in Article 154 (I) of the constitution of the Democratic Socialist Republic of Sri Lanka. The Independent Auditor has full and free access to the Audit and Compliance Committee and may meet with or without the presence of the Management. We confirm to the best of our knowledge that –

- i. The Company has complied with all applicable laws, rules and regulations and guidelines as otherwise expressed in the Notes to the Financial Statements.
- ii. There is no material non compliances as otherwise expressed in the Notes to the Financial Statements and replace of the Auditor General.

iii. All taxes, duties and all statutory payments by the Company and all contributions and taxes payable on behalf of and in respect of the employees of the Company as at the reporting date have been paid, or where relevant provided for.

iv. Reserving and solvency guidelines have been complied with and total reserves are backed by matching admissible assets.

v. The equity capital meets the set minimum capital requirements in accordance with the applicable regulations.

Sriyani Kulasinghe

Chairman

Sri Lanka Insurance Corporation Limited

Report of the Auditor General on the Financial Statements and Other Legal and Regulatory Requirements of the Sri Lanka Insurance Corporation Limited for the year ended 31 December 2024 in terms of Section 12 of the National Audit Act, No. 19 of 2018.

I. Financial Statements

I.1 Opinion

The audit of the financial statements of the Sri Lanka Insurance Corporation Limited (the “Company”) and the Consolidated Financial Statements of the Company and its Subsidiaries (the “Group”) for the year ended 31 December 2024 comprising the statement of financial position as at 31 December 2024 and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information as set out on pages 09 to 120, was carried out under my direction in pursuance of provisions in Article 154 (1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with provisions of the National Audit Act No. 19 of 2018. My report to Parliament in pursuance of provisions in Article 154 (6) of the Constitution will be tabled in due course. To carry out this audit, I was assisted by a firm of Chartered Accountants in public practice.

In my opinion, the accompanying financial statements of the Company and the Group give a true and fair view of the financial position of the Company and Group as at 31 December 2024, and

of its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

I.2 Basis for Opinion

I conducted my audit in accordance with Sri Lanka Auditing Standards (SLAuSs). My responsibilities, under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of my report. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter

Company and Group

I draw attention to Note 46 to the Financial Statements which describes the status of segregation process of the Company to segregate the long-term and general insurance businesses into two separate legal entities as per Section 53 of Regulation of Insurance Industry (Amendment) Act No. 03 of 2011 and the status of the administrative process in respect of Section 30 of Regulation of Insurance Industry Act No. 43 of 2000 as amended, and the employees transfers from Management Services Rakshana (Pvt) Limited to Sri Lanka Insurance Corporation Life Limited and Sri Lanka Insurance Corporation

☎ 398/72, පාර්ලිමේන්තු, කොළඹ 03, ශ්‍රී ලංකාව

www.nao.gov.lk

General Limited, with the implementation of segregation of Sri Lanka Insurance Corporation Limited and the resultant impact to operations of Management Services Rakshana (Pvt) Limited. My opinion is not modified in respect of this matter.

1.3 Other Information included in the Company's 2024 Annual Report

The other information comprises the information included in the 2024 Annual Report but does not include the Financial Statements and my Auditor's Report thereon, which is expected to be made available to me after the date of this auditor's report. Management is responsible for the other information.

My opinion on the Financial Statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the Financial Statements, my responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or my knowledge obtained in the audit or otherwise appears to be materially misstated.

When I read the Annual Report, If I conclude that there are material misstatements therein, I am required to communicate that matter to those charged with governance for correction. If further material uncorrected misstatements are existed those will be included in my report to Parliament in pursuance of provisions in Article 154 (6) of the Constitution that will be tabled in due course.

1.4 Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with Sri Lanka Accounting

Standards, and for such internal control as management determine is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company and Group's financial reporting process.

As per Section 16(1) of the National Audit Act No. 19 of 2018, the Company and Group is required to maintain proper books and records of all its income, expenditure, assets and liabilities, to enable the annual and periodic financial statements to be prepared of the Company and Group.

1.5 Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with Sri Lanka Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Company and Group.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If I conclude that material uncertainty exists, I am required to draw attention in my Auditor's Report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the

audit evidence obtained up to the date of my Auditor's Report. However, future events or conditions may cause the Company and Group to cease to continue as a going concern.

- evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. I am responsible for the direction, supervision and performance of the Group's audit. I remain solely responsible for my audit opinion.

I communicate with those charged with governance regarding, among other matters, significant audit findings, including any significant deficiencies in internal control that I identify during our audit.

2. Report on Other Legal and Regulatory Requirements

2.1 National Audit Act No. 19 of 2018 and Companies Act No. 07 of 2007 include specific provisions for the following requirements.

2.1.1 I have obtained all the information and explanation that were required for the audit and as far as it appears from my examination, proper accounting records have been kept by the Company as per the requirement of Section 163 (2) of the Companies Act No. 07 of 2007 and Section 12 (a) of the National Audit Act No. 19 of 2018.

2.1.2 The Financial Statements of the Company comply with the requirement of Section 151 and 153 of the Companies Act No. 07 of 2007.

2.1.3 The Financial Statements presented is consistent with the preceding year as per the requirements of Sections 6 (1) (d) (iii) of the National Audit Act No. 19 of 2018.

G H D Darmapala
 Auditor General (Acting)

2.1.4 The Financial Statements presented include all the recommendations made by me in the previous year as per the requirement of Section 6 (1) (d) (iv) of the National Audit Act No. 19 of 2018.

2.2 Based on the procedures performed and evidence obtained which were limited to matters that are material, nothing has come to my attention;

2.2.1 to state that any member of the governing body of the Company has any direct or indirect interest in any contract entered into by the Company which are out of the normal course of business as per the requirement of Section 12 (d) of the National Audit Act No. 19 of 2018.

2.2.2 to state that the Company has not complied with any applicable written law, general and special directions issued by the governing body of the Company as per the requirement of Section 12 (f) of the National Audit Act No. 19 of 2018.

2.2.3 to state that the Company has not performed according to its powers, functions and duties as per the requirement of Section 12 (g) of the National Audit Act No. 19 of 2018.

2.2.4 to state that the resources of the Company had not been procured and utilised economically, efficiently and effectively within the time frames and in compliance with the applicable laws as per the requirement of Section 12 (h) of the National Audit Act No. 19 of 2018.

2. BASIS OF PREPARATION

2.1 Statement of Compliance

The Financial Statements have been prepared in accordance with Sri Lanka Accounting Standards (LKASs/SLFRSs) issued by the Institute of Chartered Accountants of Sri Lanka, the requirements of the Companies Act No. 07 of 2007 and the Regulation of Insurance Industry Act No.43 of 2000.

The Financial Statements were authorised for issue by the Board of Directors on 02nd June 2025.

2.2 Basis of Measurement

The Financial Statements of the Company and Group have been prepared on the historical cost basis except for the following material items, which are measured on an alternative basis.

- Land and buildings are measured at fair value
- Financial assets held for sale are measured at fair value
- Financial assets designated at fair value through profit or loss are measured at fair value
- Available for sale financial assets are measured at fair value
- Policyholders' liabilities have been measured at actuarially-determined values
- The liabilities for defined benefit obligation are actuarially valued and recognised as the present value of defined benefit obligation

The Group/Company presents its statement of financial position broadly in the order of liquidity.

2.3 Functional and presentation currency

The Financial Statements have been presented in Sri Lankan Rupees which is the Group's functional currency. All amounts have been rounded to the

nearest thousand unless otherwise indicated.

2.4 Use of Estimates and Judgments

In preparing these Financial Statements, management has made judgments, estimates and assumptions that affect the application of the Group's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Information about assumption and estimation uncertainty that have significant effect on the amounts recognised in the Financial Statements is included under the following notes:

Note 26 – Measurement of defined benefit obligations; key actuarial assumptions

Note 5,8,13,14 and 16 – Provision for impairment of non-financial assets and financial assets; key assumptions

Note 23 – Actuarial valuation of long-term insurance; key actuarial assumptions

Note 24 – Measurement of insurance provision for non-life including IBNR / IBNER and UPR

Note 17 – Measurement of Deferred Acquisition Cost (DAC)

Note 05 – Fair value measurement of unquoted instruments and fair value through profit or loss financial investments

Note 10 – Fair valuation of Investment Properties

Measurement of fair values

A number of the Group/Company's accounting policies and disclosures require measurement of fair values, for both the financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes a valuation team that has the overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the Chief Financial Officer.

Notes to the Financial Statements

Significant valuation issues are reported to the Company and the respective subsidiary's audit committee.

When measuring the fair value of an asset or a liability, the Group/Company uses observable market data as far as possible. Fair values are categorised into different levels in a hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1 – quoted prices (unadjusted) in active markets for identical assets and liabilities
- Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs)

Further information about assumptions made in measuring fair values is included in the respective notes to the Financial Statements.

2.5 Materiality and Aggregation

Each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or function are presented separately unless they are immaterial as permitted by LKAS 1 – “Presentation of Financial Statements”.

2.6 Comparative information

As per IRCSL requirement, the Company segregated its General and Life insurance business with effect from 01st February 2024. Therefore, financial information disclosed under “Company” includes insurance business information until the date of segregation.

The comparative information has been re-classified where necessary to conform to the current year's presentation.

2.7 Going Concern

The Directors have made an assessment of the Group/Company's ability to continue as a going

concern being satisfied that it has the resources to continue in business for a foreseeable future.

Furthermore, Directors are not aware of any material uncertainties that may cast significant doubt upon the Group/Company's ability to continue as a going concern.

The Company has been evaluating the resilience of its businesses, considering a wide range of factors such as profitability, revenue streams, working capital management, capital expenditure, cash reserves and cost management initiatives implemented by the Company in order to be able to continue business under current global and local economic conditions. Based on the analysis and future outlook based on available information, Directors are not aware of any material uncertainties that may cast significant doubt upon the Group's ability to continue as a going concern.

Therefore, the Financial Statements continue to be prepared on the going concern basis.

The additional information is disclosed in note 48 to the Financial Statements.

3. SIGNIFICANT ACCOUNTING POLICIES

The Group and Company have consistently applied the following accounting policies to all periods presented in these Financial Statements.

3.1 Basis of consolidation

3.1.1 Business combinations

The Group accounts for business combinations using the acquisition method when control is transferred to the Group. The consideration transferred in the acquisition is generally measured at fair value, as are the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognised in profit or loss immediately. Any gain on a bargain is recognised in profit or loss immediately. Transaction costs are expensed as incurred, except if related to the issue of debt or equity securities.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

3.1.2 Non-controlling interests

NCI are measured at their proportionate share of the acquiree's identifiable net assets at the date of acquisition.

Changes in the Parent Company's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

3.1.3 Subsidiaries

Subsidiaries are the entities controlled by the Parent. Control exists when the Parent has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing the control, potential voting rights that currently are exercisable are taken into account. The financial statements of subsidiaries are included in the Consolidated Financial Statements from the date on which control commences until the date on which control ceases.

Investments in subsidiaries are carried at cost less impairment in the Company's Financial Statements.

3.1.4 Loss of control

When the Group/Company loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any resulting gain or loss is recognised in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

3.1.5 Interest in equity accounted investees

An associate is an entity in which the Company has significant influence and which is neither a subsidiary nor a joint venture. Significant influence is presumed to exist when the Group/Company holds 20% or more of the voting power of the investee, unless it can be clearly demonstrated that this is not the case.

Interests in associates are accounted for using the equity method. They are initially recognised at cost, which includes transaction costs. Subsequent to initial recognition, the Consolidated Financial Statements include the Group's share of the profit or loss and OCI of equity-accounted investees until the date on which significant influence or joint control ceases.

Investment in associates is carried at cost less impairment in the Company's Financial Statements.

3.1.6 Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity-accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

3.2 Foreign currency transactions

Transactions in foreign currencies are translated to the functional currencies of the Group/Company at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated to the functional currency at the exchange rate at the reporting date.

Non-monetary assets and liabilities that are measured at fair value in foreign currencies are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

Foreign currency differences are generally recognised in profit and loss.

Notes to the Financial Statements

3.3 Insurance contracts

Product classification

SLFRS 4 requires contracts written by insurers to be classified as either “insurance contracts” or “investment contracts” depending on the level of insurance risk transferred.

Insurance contracts are those contracts that the Company (the insurer) has accepted with significant insurance risk from another party (the policyholders) by agreeing to compensate the policyholders if a specified uncertain future event (the insured event) adversely affects the policyholders. As a general guideline, the Company determines whether it has significant insurance risk, by comparing benefits paid with benefits payable if the insured event did not occur. Insurance contracts can also transfer financial risk.

Once a contract has been classified as an insurance contract, it remains an insurance contract for the remainder of its lifetime, even if the insurance risk reduces significantly during this period, unless all rights and obligations are extinguished or expire. Investment contracts can, however, be re-classified as insurance contracts after inception if the insurance risk becomes significant.

All the products sold by the Company are insurance contracts and, therefore, classified as insurance contracts under the SLFRS 4 – ‘Insurance Contracts’. Thus, the Company does not have any investment contracts within its product portfolio as at the reporting date.

3.3.1 Surplus Profit transfer from insurance contract liability to Shareholders

The Company assesses the shareholders’ value by using reserves attributable to shareholders at each reporting period. The difference between the opening and closing balance of the reserves is considered as the surplus profit attributable to shareholders and deduct from the insurance contract liability as at reporting date. The surplus

profit attributable to shareholder comprises two forms as follows:

- Surplus profit attributable to shareholder from the Policyholder Fund
- Profit earned from the shareholder assets

Surplus profit attributable to shareholder from the Policyholder Fund

The surplus is derived from the actuarial valuation on the recommendation of the Independent Consultant Actuary.

Profit earned from the shareholder assets

Profits earned from the shareholders’ assets are based on the recommendation of the in-house actuarial department and approval of the Board of Directors.

3.4 Statement of profit or loss and other comprehensive income

3.4.1 Revenue Recognition

3.4.1.1 Gross Written Premiums (GWP)

(a) Life Insurance Gross Written Premium

Gross recurring premiums on life insurance contracts are recognised as revenue when payable by the policyholder (policies within the 30-day grace period considered as due). Any premiums received in advance are not recorded as revenue and recorded as a liability until the premium is due unless otherwise the relevant policy conditions require such premiums to be recognised as income. Benefits and expenses are provided against such revenue to recognise profits over the estimated life of the policies.

For single premium business, revenue is recognised on the date on which the policy is effective.

(b) Non - Life Insurance Gross Written Premium

Gross written premium comprises the total premiums receivable for the whole period of cover provided by contracts entered into during the accounting period. They are recognised on the date on which the policy commences. Upon inception of the contract, premium is recorded as written and are earned primarily on a pro-rata

basis over the term of the related policy coverage. Rebates that form part of the premium rate, such as no-claim rebates, are deducted from the gross written premium.

Unearned Premium Reserve (UPR)

Unearned premiums are those proportions of premiums written in an year that relate to periods of risk after the reporting date. UPR represents the portion of the premium written in the year but relating to the unexpired term of coverage.

Unearned premiums are calculated on a 365-day basis in accordance with the Regulation of Insurance Industry Act No. 43 of 2000. However, for those contracts for which the period of risk differs significantly from the contract period, premium is earned over the period of risk in proportion to the amount of insurance protection provided. The proportion attributable to subsequent periods is deferred as a provision for unearned premium which is included under liabilities.

3.4.1.2 Reinsurance Premium

Gross reinsurance premiums on insurance contracts are recognised as an expense on the earlier of the date when premiums are payable or when the policy becomes effective. Reinsurance premium is decided based on rates agreed with reinsurers.

(a) Non-Life Insurance Reinsurance Premium

Reinsurance premium written comprises the total premium payable for the whole cover provided by contracts entered into the period and are recognised on the date on which the policy incepts.

Unearned Reinsurance Premium Reserve

Unearned reinsurance premium is those proportions of premium written in a year that relate to periods of risk after the reporting date. Unearned reinsurance premium is deferred over the term of the underlying direct insurance policies for risks-attaching contracts (using 365 bases in accordance with the Regulation of Insurance Industry Act No. 43 of 2000. However, for those contracts for which the period of risk

differs significantly from the contract period, premium is earned over the period of risk in proportion to the amount of insurance protection provided).

(b) Life Insurance Reinsurance Premium

Reinsurance premium on life is recognised as an expense on the earlier of the date when premium is payable or when the policy becomes effective.

3.4.1.3 Fees and Commission Income

(a) Reinsurance Commission Income

Reinsurance commission income on outwards reinsurance contracts is recognised as the revenue when receivable. Subsequent to initial recognition, reinsurance commission income on outwards reinsurance contracts is deferred and amortised on a straight-line basis over the term of the expected premium payable.

(b) Other Fees Income

Insurance contract policyholders are charged for policy administration services and other contract fees. These fees are recognised as revenue upon receipt or becoming due.

3.4.1.4 Investment income

Investment income comprises interest income on funds invested, dividend income, capital gains or losses and foreign currency gains or losses.

(a) Interest income

Interest income is recognised in profit or loss using the effective interest method. The effective interest rate is the rate that exactly discounts the estimated future cash receipts or payments through the expected life of the financial asset (or, where appropriate, a shorter period) to the carrying amount of the financial asset. When calculating the effective interest rate, the Group/Company estimates future cash flows considering all contractual terms of the financial instrument, but not future credit losses.

The calculation of the effective interest rate includes all transaction costs and fees and points paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to

Notes to the Financial Statements

the acquisition or issue of a financial asset.

(b) Dividend Income

Dividend income is recognised when the right to receive income is established.

3.4.1.5 Revenue from Contracts with Customers

Revenue from contracts with customers is recognised when control of the goods or services is transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

3.4.1.6 Hospital Revenue

The Group recognises revenue from hospital services over time, using an input method to measure progress towards complete satisfaction of the service because the customer simultaneously receives and consumes the benefits provided by the Group.

Consultancy fees collected on behalf of the in house and visiting consultants by the Group that do not form part of revenue are excluded from the revenue.

3.4.1.7 Revenue from sale of goods

Revenue from the sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the equipment. The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of goods, the Group estimates the effects of variable consideration and the existence of significant financing components.

(i) Variable consideration

If the consideration in a contract includes a variable amount, the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is

highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Some contracts for the sale of goods provide customers with a right of return. The rights of return give rise to variable consideration.

(ii) Rights of return

Certain contracts provide a customer with a right to return the goods within a specified period. The Group uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the Group will be entitled. The requirements in SLFRS 15 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price. For goods that are expected to be returned, instead of revenue, the Group recognises a refund liability.

(iii) Significant financing component

Generally, the Group receives short-term advances from its customers. Using the practical expedient in SLFRS 15, the Group does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised goods or service to the customer and when the customer pays for that goods or service will be in one year or less.

3.4.1.8 Rental Income from Investment Property

The rental income from investment property is recognised as revenue on a straight-line basis over the term of the lease. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease.

3.4.1.9 Profit/loss on disposal of property, plant and equipment

Profit/loss on disposal of property, plant and equipment is recognised in the period in which the

sale occurs and is classified under other income.

3.4.2 Benefits, Claims and Expenses

3.4.2.1 Gross Benefits and Claims

(a) Life insurance business

Claims by death and maturity are charged against revenue on notification of death or on expiry of the term. The interim payments and surrenders are accounted for only at the time of settlement. Expenses on life insurance relates to the acquisition expenses and expenses for maintenance of life insurance business. Investment related expenses are not treated as a part of the capital cost of investment, etc. which are accounted on accrual basis.

(b) Non-Life insurance business

Non-Life insurance claims include all claims occurring during the year, whether reported or not together with claims handling costs that are directly related to the processing and settlement of claims, a reduction for the value of salvage and other recoveries, and any adjustments to claims outstanding from previous years. Claims outstanding are assessed by review of individual claim files and estimating changes in the ultimate cost of settling claims.

The provision in respect of Claims Incurred But Not Reported (IBNR) and Claims Incurred But Not Enough Reported (IBNER) is actuarially valued to ensure a more realistic estimation of the future liability based on the past experience and trends. Actuarial valuations are performed on a quarterly basis.

Whilst the Directors consider that the provisions for claims are fairly stated on the basis of information currently available, the ultimate liability will vary as a result of subsequent information and events. This may result in adjustments to the amounts provided. Such amounts are reflected in the financial statements for that period.

The methods used to estimate claims and the estimates made are reviewed regularly.

3.4.2.2 Reinsurance claims

Reinsurance claims are recognised when the related gross insurance claim is recognised according to the terms of the relevant contract.

3.4.2.3 Net deferred acquisition expenses

Acquisition expenses, representing commissions, which vary with and are directly related to the production of business. Acquisition expenses applicable to non-life insurance contracts are deferred and amortised over the period in which the related written premium is earned. Reinsurance commission is also treated in the same manner within deferred acquisition costs.

3.4.2.4 Actuarial Valuation of Life Insurance Fund

The Directors agree to the long-term insurance provision for the Company at the year-end on the recommendations of an Independent Consultant Actuary following his annual investigation of the Life Insurance business. The actuarial valuation takes into account all liabilities and expenses are based on assumptions approved by the Independent Consultant Actuary.

3.4.2.5 Expenses

Expenses are recognised on accrual basis. All expenditure incurred in the running of the business and in maintaining the property, plant and equipment has been charged to the statement of profit or loss.

3.4.3 Employee benefits

(a) Short-term benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by an employee and the obligation can be estimated reliably.

(b) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have

Notes to the Financial Statements

no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employment benefit expense in the statement of profit or loss in the periods during which services are rendered by employees.

Employees' Provident Fund

The employees of Sri Lanka Insurance Corporation Life Limited, Sri Lanka Insurance Corporation General Limited, Litro Gas Lanka Limited and Litro Terminal Lanka (Pvt) Limited contribute 15% and 10% respectively on the salary of each employee to the approved provident fund.

Other Group entities and employees of the other group entities contribute 12% and 8% respectively on the salary of each employee to the approved provident fund.

Employees' Trust Fund

The Group contributes 3% of the salary of each employee to the Employees' Trust Fund.

(c) Defined Benefit Plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

The liability recognised in the statement of financial position in respect of defined benefit plans is the present value of the defined benefit obligation as at the reporting date. The calculation of defined benefit obligation is performed annually by a qualified actuary as at the reporting date using the Projected Unit Credit (PUC) method as recommended by LKAS 19 - 'Employee Benefits'. The actuarial valuation involves making assumptions about discount rate, salary increments rate and balance service period of employees. Due to the long-term nature of the plans such estimates are subject to significant uncertainty.

Under the Payment of Gratuity Act No. 12 of 1983, the liability to an employee arises only on completion of 5 years of continuous service. The

liability is not externally funded.

Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss. The Group recognises any gains and losses on the settlement of a defined benefit plan when settlement occurs.

The re-measurement of the net defined benefit obligation, which comprises actuarial gains and losses are recognised immediately in other comprehensive income.

3.4.4 Income tax expense

Income tax expense comprises the current and deferred tax. Current and deferred taxes are recognised in profit and loss except to the extent that it relates to items recognised directly in equity or in OCI.

3.4.4.1 Current tax

The provision for income tax is based on the elements of income and expenditure as reported in the Financial Statements and computed in accordance with the Inland Revenue Act No. 24 of 2017 and subsequent amendments thereto.

Current income tax is the expected tax payable or receivable on the taxable income or loss for the year and any adjustments to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted at the reporting date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions, where appropriate.

3.4.4.2 Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets and liabilities are recognised for all temporary differences, carry-forward of unused tax credits and unused tax losses, to the extent that it is probable that future taxable profits will be available against which they can be utilised.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

Unrecognised deferred tax assets are re-assessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and deferred tax liabilities are offset if the legally enforceable right exists to set off the current tax assets against current tax liabilities and when the deferred taxes relate to the same taxable entity and the same taxation authority.

3.4.4.3 Crop insurance levy (CIL)

The Crop Insurance Levy was introduced under the provisions of Section 14 of the Finance Act No. 12 of 2013, and came into effect from 01st April 2013. It is payable to the National Insurance Trust Fund and liable at 1% of the Profit after Tax.

3.5 Statement of Financial Position

3.5.1 Property, Plant and Equipment

3.5.1.1 Initial Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. The cost of property, plant and equipment is the cost of acquisition or construction together with any expenses incurred in bringing the asset to its working condition for its intended use.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the following:

- the cost of materials and direct labour
- any other costs directly attributable to bringing the assets to a working condition for their intended use
- when the Group has an obligation to remove the asset or restore the site, an estimate of the costs of dismantling and removing the items and restoring the site on which they are located

Any gain or loss on disposal is recognised in other operating income in profit or loss.

3.5.1.2 Subsequent expenditure and replacement

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

3.5.1.3 Revaluation of Fixed Assets

After recognition as an asset, lands and buildings whose fair value can be measured reliably, have been carried at the revalued amount at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Valuations are being performed to ensure that the fair value of a revalued asset does not materially differ from its carrying amount as at the reporting date.

Valuation of land and buildings are undertaken by professionally qualified valuers at a minimum period of three years and any gain or losses arising from change in fair value is included in the other comprehensive income in the year in which they arise.

Notes to the Financial Statements

An increase in the carrying amount as a result of revaluation, is recognised in other comprehensive income and accumulated in equity under the heading of revaluation reserve. However, the increase is recognised in profit or loss to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit and loss.

A decrease in the carrying amount as a result of revaluation, is recognised in profit and loss. However, the decrease is recognised in other comprehensive income to the extent of any credit balance existing in the revaluation surplus in respect of that asset.

Additionally, accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the net amount is re-stated to the revalued amount of the asset. Upon disposal, any revaluation reserve relating to the particular asset being sold is transferred directly to retained earnings.

3.5.1.4 Depreciation

Depreciation is calculated to write off the cost of items of property, plant and equipment less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in profit or loss. This most closely reflects the expected pattern of consumption of future economic benefits embodied in the asset.

The estimated useful lives for the current and comparative periods are as follows:

- Buildings: 20-40 years
- Furniture and Fittings: 5-10 years
- Office and Other Equipment: 5-10 years
- Electrical Generators and Air Conditioning Plant: 5-10 years
- Motor Vehicles: 4-5 years
- Fixtures and Fittings: 6 2/3 years
- Plant and Machinery: 20 years
- Computers and Computer Equipment: 4 - 7 years

- LP Gas Storage Tanks, Pine Lines and Fittings: 25 years
- LP Gas Cylinders: 10 years
- Other Fixed Assets: 3-12 years

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

3.5.1.5 Derecognition

The carrying amount of an item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment is included in profit or loss when the item is derecognised.

3.5.1.6 Impairment

The Board of Directors has assessed the potential impairment loss of PPE as at 31st December 2024 by considering the impact from the economic crisis as well. Based on the assessment, no impairment provision is required to be made in the Financial Statements as at the reporting date in respect of PPE.

3.5.1.7 Capital work-in-progress

Capital work-in-progress is stated at cost. These are the expenses of a capital nature directly incurred in the construction of buildings, awaiting capitalisation.

3.5.2 Intangible Assets

An intangible asset is recognised if it is probable that future economic benefits that are attributable to the asset will flow to the Group and the cost can be measured reliably.

3.5.2.1 Goodwill

Goodwill arising on the acquisition of subsidiaries is measured at cost less accumulated impairment losses.

Impairment of Goodwill

Goodwill acquired in a business combination is tested annually for impairment and when circumstances indicate that the carrying value

may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash generating unit to which the goodwill relates. When the recoverable amount of the cash generating unit is less than their carrying amount, an impairment loss is recognised in profit or loss. Impairment loss on goodwill is not reversed.

3.5.2.2 Software

Other intangible assets that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses. The intangible assets with finite useful life are assessed for impairment whenever there is an indication that intangible assets may be impaired. Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash generating unit (CGU) level.

The Group has software acquired separately as other intangible assets as at reporting date.

Subsequent Expenditure

Subsequent expenditure on software is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in profit or loss as incurred.

Amortisation

Amortisation is calculated to write off the cost of the intangible assets less estimated residual values using the straight-line method over their estimated useful lives and is recognised in profit or loss. The estimated useful life of software is five years.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Derecognition

An intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss from the derecognition of such intangible assets is included in profit or loss when the item is

derecognised.

The Group has assessed potential impairment indicators of intangible assets including impact from economic crisis as at 31st December 2024. Based on the assessment, no impairment indicators were identified.

3.5.3 Right-of-Use-Asset

SLFRS 16 supersedes LKAS 17 Leases, IFRIC 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model. The Group has adopted SLFRS 16 using full retrospective method from 01st January 2019, without re-stating comparatives for the 2018 reporting period, as permitted under the specific transitional provisions in the standard.

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset,
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use-assets of the Group consist of branch premises taken on rent which were previously recognised as operating leases under LKAS 17.

Notes to the Financial Statements

Initial Measurement

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Where a subsidiary company has right-of-use assets and lease liability as result of property rented out by the Company to the subsidiary, such right-of-use assets and lease liability are eliminated in the Consolidated Financial Statements.

Subsequent Measurement

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is measured at amortised cost using the effective interest method. It is re-measured when there is a change in future lease payments arising from a change in an index or

rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

Impairment of Right-of-Use assets

As at the reporting date, no impairment loss has been recognised by the Group in respect of impairment of right-of-use-assets due to the economic crisis since each business unit is operating under the business continuity plans as per the Company risk management strategy, to the extent possible, whilst strictly adhering to and supporting government directives.

3.5.4 Investment Property

Investment property is a property held either to earn rental income or for capital appreciation or for both. Investment properties are initially measured at cost and subsequently at fair value on an annual basis with any change therein recognised in profit or loss.

Investment properties are derecognised when disposed or permanently withdrawn from use because no future economic benefits are expected. Any gain or loss on disposal of investment property (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit or loss. When investment property that was previously classified as property, plant and equipment is sold, any related amount included in the revaluation reserve is transferred to retained earnings.

Transfers are made to the investment properties when there is a change in use. When a company in the Group occupies a significant portion of an investment property of a subsidiary, such investment property is treated as property, plant and equipment in the Consolidated Financial Statements and accounted for as per LKAS 16 – 'Property, Plant and Equipment'.

3.5.5 Impairment of non-financial assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than investment property, inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.5.6 Inventories

Inventories include all consumable items which are stated at lower of cost and net realisable value.

Having evaluated the nature of the inventories held by the Group, the Group has assessed whether there is any impact to net realisable value of the inventories due to implications of the economic crisis and assessed whether it was required to adjust the carrying value of the inventory. The Group has not identified any circumstances where adjustments are required to

reduce the carrying value of the inventories.

3.5.7 Financial Instruments – LKAS 39

The Company classifies non-derivative financial assets into the following categories: available for sale financial assets, loans and receivables, held to maturity financial assets and financial assets at fair value through profit or loss.

The Company classifies non-derivative financial liabilities into other financial liabilities category.

3.5.7.1 Non-derivative financial assets

The Company initially recognises loans and receivables and debt securities issued on the date at which they are originated. All other financial assets (including assets designated at fair value through profit or loss) are initially recognised on the trade date at which the Company becomes a party to the contractual provisions of the instrument.

A financial asset is measured initially at fair value plus, for an asset not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issue.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability.

Financial assets and liabilities are offset and the net amount is presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Subsequent measurement

(a) Available-for-sale financial assets (AFS)

Available-for-sale financial investments are those, which are neither classified as held for

Notes to the Financial Statements

trading nor designated at fair value through profit or loss.

After initial measurement at fair value, available-for-sale financial investments are subsequently measured at fair value and changes therein are recognised in other comprehensive income and accumulated in the available-for-sale reserve. When these assets are derecognised, the gain or loss accumulated in equity is re-classified to profit or loss.

The Company evaluates its available-for-sale financial assets to determine whether the ability and intention to sell them in the near term would still be appropriate. In the case where the Company is unable to trade these financial assets due to inactive markets and management's intention significantly changes to do so in the foreseeable future, the Company may elect to re-classify these financial assets in rare circumstances. Re-classification to loans and receivables is permitted when the financial asset meets the definition of loans and receivables and management has the intention and ability to hold these assets for the foreseeable future or until maturity. The re-classification to held-to-maturity is permitted only when the entity has the ability and intention to hold the financial asset until maturity.

Available for sale financial investments of the Company comprise equity and debt securities, which are neither classified as held for trading nor designated at fair value through profit or loss.

(b) Financial assets at fair value through profit or loss (FVTPL)

A financial asset is classified as at fair value through profit or loss if it is classified as held-for-trading or is designated as such on initial recognition. Directly attributable transaction costs are recognised in profit or loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein, including any interest or dividend income, are

recognised in profit or loss.

The assets and liabilities are part of a Company's financial assets, financial liabilities, or both, which are managed, and their performance evaluated on a fair value basis, in accordance with the Group's investment strategy. Financial assets at fair value through profit or loss of the Company comprise listed equity investments.

(c) Held to maturity financial assets (HTM)

These are non-derivative financial assets with fixed or determinable payments and fixed maturities classified as held to maturity when the Company has both the intention and ability to hold them until maturity. These assets are initially recognised at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at amortised cost using the effective interest method.

Held to maturity financial assets comprise treasury bills and treasury bond investments made by the Company.

(d) Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. These assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method.

Loans and receivables comprise investments in unquoted corporate debt, term deposits, asset backed securities, development bonds, commercial papers, other loans and receivables, cash and cash equivalents.

• Reinsurance Receivable

Company cedes insurance risk in the normal course of business to recognised reinsurers through formal reinsurance arrangements.

Reinsurance assets include the balances due from reinsurance companies for paid and unpaid losses and loss adjustment expenses. Amounts recoverable from reinsurers are estimated in a manner consistent with the outstanding claims provision or settled claims associated with the reinsurer's policies and are in accordance with the related reinsurance contract.

Reinsurance is recorded gross in the Statement of Financial Position unless a right to offset exists.

Reinsurance assets are reviewed for impairment at each reporting date, or more frequently, when an indication of impairment arises during the reporting year. Impairment occurs when there is objective evidence as a result of an event that occurred after initial recognition of the reinsurance asset that the Company may not receive all outstanding amounts due under the terms of the contract and the event has a reliably measurable impact on the amounts that the Group will receive from the reinsurer. The impairment loss, if any is recorded in profit and loss.

Ceded reinsurance arrangements do not relieve the Company from its obligations to policyholders.

Reinsurance assets or liabilities are derecognised when the contractual rights are extinguished or expire or when the contract is transferred to another party.

- **Premium Receivable**

Insurance receivables are recognised when due and measured on initial recognition at the fair value of the consideration receivable. Collectability of premiums is reviewed on an ongoing basis.

According to the Premium Payment Warranty (PPW) directive issued by the Insurance Regulatory Commission of Sri Lanka (IRCSL), Non-Life insurance policies are issued subject to PPW and are cancelled upon the expiry of 60 days if not settled.

The Company accounts for life insurance premiums on accrual basis. Accordingly, Life

Insurance premiums due (only the premiums due in the 30-day grace period) are recognised at each reporting date and will be reversed if the premiums are not settled during the subsequent month, and thus the policies will lapse as per the Company policy.

The Group has assessed the potential impairment loss of Premium Receivables as at 31st December 2024 considering economic implication of economic crisis. Based on the assessment, no impairment provision is required to be made in the Financial Statements as at the reporting date in respect of Premium Receivables.

- **Other Receivables and Dues from Related Parties**

Other receivables and dues from Related Parties are recognised at cost less allowances for bad and doubtful receivables.

- **Cash and cash equivalents**

Cash and cash equivalents comprise reverse repurchase agreements, cash balances and call deposits with maturities of three months or less from the acquisition date that are subject to an insignificant risk of changes in their fair value and are used by the Group in the management of its short-term commitments.

3.5.7.2 Non-derivative financial liabilities

The Company initially recognises debt securities issued and subordinated liabilities on the date that they are originated. All other financial liabilities are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

Other financial liabilities are initially measured at fair value less any directly attributable transaction costs. Subsequent to the initial recognition, these liabilities are measured at amortised cost using the effective interest rate method.

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled or expire.

Notes to the Financial Statements

Other financial liabilities in the Group comprise loans and borrowings, bank overdrafts, and trade and other payables.

3.5.8 Impairment of Financial Assets (Non-Derivatives)

Financial assets not classified as at fair value through profit or loss are assessed at each reporting date to determine whether there is objective evidence of impairment.

Objective evidence that financial assets are impaired includes the following:

- default or delinquency by a debtor
- indications that a debtor or issuer will enter bankruptcy
- adverse changes in the payment status of borrowers or issuers
- the disappearance of an active market for a security because of financial difficulties or observable data indicating that there is a measurable decrease in the expected cash flows from a group of financial assets

In the case of equity investments classified as available for sale, objective evidence would also include a “significant” or “prolonged” decline in the fair value of the investment below its cost. The determination of what is “significant” or “prolonged” requires judgment.

3.5.8.1 Financial assets carried at Amortised Cost

The evidence of impairment for these assets is considered at both an individual level and a collective level. All individually significant assets are individually assessed for impairment. Those found not to be impaired are then collectively assessed for any impairment that has been incurred but not yet individually identified. Assets that are not individually significant are collectively assessed for impairment. Collective assessment is carried out by grouping together assets with similar risk characteristics.

An impairment loss is calculated as the difference

between an asset's carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognised in profit or loss and reflected in an allowance account. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

3.5.8.2 Available for Sale Financial Assets (AFS)

Impairment losses on available for sale financial assets are recognised by re-classifying the losses accumulated in the available for sale reserve to profit or loss. The amount re-classified is the difference between acquisition cost (net of any principal repayment and amortisation) and the current fair value, less any impairment loss previously recognised in profit or loss.

If the fair value of an impaired, available for sale debt security subsequently increases and the increase can be related objectively to an event occurring after the impairment loss was recognised, then the impairment loss is reversed through profit or loss. Impairment losses recognised in profit or loss for an investment in an equity instrument classified as available for sale are not reversed through profit or loss.

3.5.9 Financial Instruments – SLFRS 09

SLFRS 09 sets out requirements for recognising and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This standard replaces LKAS 39 Financial Instruments: Recognition and Measurement. Additionally, the Group has adopted consequential amendments to SLFRS 07 Financial Instruments: Disclosures that are applied to disclosures about 2018 but have not been generally applied to comparative information.

SLFRS 09 contains three principal classification categories for financial assets: measured at

amortised cost, FVOCI and FVTPL. The classification of financial assets under SLFRS 09 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. SLFRS 09 eliminates the previous LKAS 39 categories of held to maturity, loans and receivables and available for sale.

Trade and other receivables, cash and cash equivalents and related party receivables which were earlier classified as loans and receivable under LKAS 39, are classified as amortised cost under SLFRS 09.

SLFRS 09 largely retains the existing requirements in LKAS 39 for the classification and measurement of financial liabilities and the adoption of the standard has not had a significant effect on the Group except the Company's accounting policies related to financial liabilities.

3.5.10 Deferred Expenses

Deferred Acquisition Costs (DAC)

The DAC is applicable only to Non-Life Insurance Contracts. No DAC is calculated for life insurance contracts as the acquisition costs are incurred in line with the revenues earned.

Those direct and indirect costs incurred during the financial period arising from the writing or renewing of insurance contracts are deferred and amortised over the period in which the related revenues are earned. All other acquisition costs are recognised as an expense when incurred. In line with the available regulatory guidelines from the Insurance Regulatory Commission of Sri Lanka (IRCSL), the DAC is calculated based on the 365 bases.

DAC is derecognised when the related contracts are either settled or disposed of.

3.5.11 Stated Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

Repurchase of Shares

Under Act No 07 of 2007, a company has the

ability to purchase or acquire its own shares, either in accordance with the provisions of the Act or based on a court order. This provision allows companies flexibility in managing their share capital and ownership structure, subject to legal and regulatory requirements.

3.5.12 Liabilities and Provisions

3.5.12.1 Insurance contract liabilities

Insurance Provision – Life Insurance

Life insurance liabilities are recognised when contracts are entered into and premiums are charged. These liabilities are measured by using the net premium method. The liability is determined as the sum of the discounted value of the expected future benefits, less the discounted value of the expected future premiums that would be required to meet the future cash outflows based on the valuation assumptions used.

Cash flows are discounted based on the rates provided by the IRCSL on quarterly basis and yearly basis. Valuation assumptions are derived based on the best estimate experience with a prescribed risk appetite to allow for adverse deviations. Non-participating Liabilities are discounted using the risk-free yields.

The value of participating policy liabilities is the higher of the value of the guaranteed benefits liability and the total benefits liability, derived at the participating insurance fund level. In calculating the guaranteed benefits liability, only the guaranteed benefits are considered, and the cash flows are discounted using the risk-free interest rate yield curve. Total benefits liability includes all the guaranteed and nonguaranteed benefits and discounts the cash flows using the fund-based yield of the participating insurance fund.

Furthermore, adjustments are performed to capture the likely liabilities that may arise due to currently lapsed contracts reviving in the future.

As required by the SLFRS 4- 'Insurance Contracts', the Company performed a Liability Adequacy Test (LAT) in respect of Life Insurance contract liabilities with the assistance of an external

Notes to the Financial Statements

actuary. In performing the liability adequacy test, current best estimates of future contractual cash flows, including related cash flows such as claims handling and policy administration expenses, policyholder options and guarantees, as well as investment income from assets backing such liabilities, are used.

Insurance Provision – Non-Life Insurance

Non-Life Insurance contract liabilities include the outstanding claims provision including IBNR and IBNER, the provision for unearned premium and the provision for premium deficiency.

The valuation of Unearned Premium Reserve (UPR) is performed in accordance with guidelines of the Regulation of Insurance Industry Act No. 43 of 2000 (i.e. Based on the 365 basis). However, for those contracts for which the period of risk differs significantly from the contract period, premiums are earned over the period of risk in proportion to the amount of insurance coverage provided.

The Incurred but Not Reported (IBNR) and Incurred but Not Enough Reported (IBNER) claims reserve are actuarially computed.

No provision for equalisation or catastrophe reserves is recognised. The liabilities are derecognised when the obligation to pay a claim expires, is discharged or is cancelled. As required by the SLFRS 04 - 'Insurance Contracts', the Company performed a Liability Adequacy Test (LAT) in respect of Non-Life Insurance contract liabilities with the assistance of the external actuary.

3.5.12.2 Title Insurance Reserve

Title insurance reserve is maintained by the Company to pay potential claims arising from the title insurance policies. Title insurance policies are normally issued for a long period such as 5 years or more. Thus, no profit is recognised in the first year of the policy given the higher probability of claims occurring in that year. From the 02nd year onwards, profit is recognised by amortising

the premium received and will be distributed throughout the remaining period of the policy using the straight line method. Profit for the first year will only be recognised in the 02nd year and thereafter it is periodically recognised.

If the corresponding loan of the Title Insurance Policy issued is settled before the maturity, full premium of such policies remaining as at the date of settlement of such loan is recognised in profit or loss upon confirmation of the same by the respective bank.

3.5.12.3 Provisions (except on insurance contracts)

A provision is recognised in the statement of financial position when the Group/Company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation and can be measured reliably. Provisions except on insurance contracts are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and the risks specific to the liability.

3.6 Commitments and contingent liabilities

Contingent liabilities are possible obligations whose existence will be confirmed only by occurrence or non-occurrence of uncertain future events not wholly within the control of the Group/Company or present obligations where the transfer of economic benefits is not probable or cannot be reliably measured.

Capital commitments and contingent liabilities of the Group/Company are disclosed in the respective notes to the Financial Statements.

3.7 Segmental Reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating results are reviewed

regularly by the Chief Executive Officer (CEO) to make decisions regarding resources to be allocated to the segments and to assess its performance, and for which discrete finance information is available.

Segment results that are reported to the CEO include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Accordingly, segmental information of the Group reflects Non-Life Insurance, Life Insurance, Healthcare, Energy and other segments. Inter-segment transfers are based on fair market prices.

3.8 Earnings per share (EPS)

The Group presents basic and diluted earnings per share data for its ordinary shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares determined in accordance with LKAS 33. The diluted effect of shares is considered when calculating diluted earnings per share.

3.9 Proposed Dividends

Dividend proposed by the Board of Directors after the Reporting date is not recognised as a liability and is only disclosed as a Note to the Financial Statements. Provision for dividend is recognised only at the time the dividend proposed by the Board of Directors is approved by the shareholders at the Annual General Meeting.

3.10 Events occurring after the reporting date

Events after the reporting period are those events, favourable and unfavourable, that occur between the reporting date and the date when the Financial Statements are authorised for issue. All material events after the reporting date have been considered and where appropriate, adjustments or disclosures have been made in the respective notes to the Financial Statements. Further notes are included in Note 47.

3.11 Statement of Cash Flows

The Cash Flow Statement has been prepared using the Indirect Method of preparing Cash Flows

in accordance with the Sri Lanka Accounting Standard (LKAS) 7 'Statement of Cash flows.

For cash flow purposes, cash and cash equivalents are presented net of bank overdrafts.

4. ACCOUNTING STANDARDS ISSUED BUT NOT YET EFFECTIVE AS AT THE REPORTING DATE

4.1 Changes in accounting standards

The Company applied certain standards and amendments for the first time, which are effective for annual periods beginning on or after 01st January 2024.

Accounting standard	Description	Effective date
Amendments to LKAS 1 Presentation of Financial Statements	Classification of Liabilities as Current or Non-current, Non-current Liabilities with Covenants	01st January 2024
Amendments to IFRS 16 Leases	Lease Liability in a Sale and Leaseback	01st January 2024
Amendments to LKAS 7 Statement of Cash Flows and SLFRS 7 Financial Instruments: Disclosures	Supplier Finance Arrangements	01st January 2024
Amendments to LKAS 12	International Tax Reform – Pillar Two Model rule	01st January 2024

4.2. Standards issued but not yet effective which may have an Impact

The Institute of Chartered Accountants of Sri Lanka has issued the following new Sri Lanka Accounting Standards which will become applicable for financial periods beginning on or after 01st January 2025 or at a later date.

The new and amended standards that are issued, but not yet effective at the date of issuance of these Financial Statements are disclosed below.

Notes to the Financial Statements

Accounting standard	Description	Effective date
Amendments to LKAS 21 The Effects of Changes in Foreign Exchange Rates	Lack of exchangeability	01st January 2025
SLFRS S1 - General Requirements for Disclosure of Sustainability related Financial Information	To disclose information about its sustainability-related risks and opportunities that are useful to users of general-purpose financial reports in making decisions	01st January 2025
SLFRS S2 Climate-related Disclosures	To disclose information about its climate-related risks and opportunities that are useful to users of general-purpose financial reports in making decisions	01st January 2025
SLFRS 17 – Insurance Contracts	Measure Insurance Contract Liability at a current fulfilment value and provide a more uniform measurement and presentation approach for all insurance contracts	01st January 2026
Amendments to SLFRS 9 and SLFRS 7	Classification and Measurement of financial instruments	01st January 2026
Amendments to SLFRS 18	Presentation and Disclosure in Financial Statements	01st January 2027
Amendments to SLFRS 19	Subsidiaries without Public Accountability: Disclosures	01st January 2027

Temporary Exception from SLFRS 09 SLFRS 09 – “Financial instruments”

This standard replaces the existing guidance in LKAS 39 – ‘Financial Instruments: Recognition and Measurement’ SLFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets and new general hedge accounting requirements. SLFRS 09 is effective for annual reporting periods beginning on or after 01st January 2018, with early adoption permitted.

SLICLL and SLICGL are predominantly based on the proposed amendments to SLFRS 04 ‘Insurance contracts’, and the entities whose predominant activity is issuing insurance contracts are permitted to defer the full application of SLFRS 09 until adopting the revised SLFRS 04, which commenced in 2022. Consequent to the Global deferment of IFRS 17 – Insurance contract effective date from 01st January 2026, SLICLL and SLICGL expect the temporary exemption to be deferred until January 2026.

An insurer may apply the temporary exemption from SLFRS 09 if, and only if:

a) It has not previously applied any version of SLFRS 09, other than only the requirements for the presentation of gains and losses on financial liabilities designated as at fair value through profit or loss.

b) Its activities are predominantly connected with insurance, at its annual reporting date that immediately precedes 01st April 2016, or at a subsequent annual reporting date.

In accordance with the amendments to SLFRS 04 – Insurance Contract, An insurer’s activities are predominantly connected with insurance if, and only if:

a) the carrying amount of its liabilities arise from contracts within the scope of this SLFRS, which includes any deposit components or embedded

derivatives unbundled from insurance contracts, is significant compared to the total carrying amount of all its liabilities; and

b) the percentage of the total carrying amount of its liabilities connected with insurance relative to the total carrying amount of all its liabilities is:

I. greater than 90 per cent; or

II. less than or equal to 90 per cent but greater than 80 per cent, and the insurer does not engage in any significant activity unconnected with insurance.

The temporary exemption from SLFRS 09 will be re-assessed for whether its activities are predominantly connected with insurance at a subsequent annual reporting date if, and only if, there was a change in the entity's activities, during the annual period that ended on that date.

The Company will decide on appropriate classification of its investments under SLFRS 09 closer to the time of adopting the revised SLFRS 04 and so is not able to fully quantify the impact of adopting SLFRS 09 on its Financial Statements as at reporting date. It is anticipated however, that it may not significantly change the Company's total equity.

As per paragraph 20G of SLFRS 4, an entity that previously qualified for the temporary exemption from applying SLFRS 9 is required to reassess whether its activities remain predominantly connected with insurance at each subsequent annual reporting date, if there has been a change in the entity's activities during the year.

As per paragraph 20J of SLFRS 4, if the entity no longer qualifies for the exemption as a result of the reassessment, it is permitted to continue applying the temporary exemption from SLFRS 9 only until the end of the annual period that began immediately after that reassessment. Nevertheless, the entity must apply SLFRS 9 from the beginning of the first annual reporting period following the end of the exemption period recommended by CA Sri Lanka.

SLFRS 17 – Insurance Contracts

SLFRS 17 is effective for annual periods beginning on or after 01st January 2026. Early adoption is permitted along with the adoption of SLFRS 09 and SLFRS 15. SLFRS 17 supersedes SLFRS 04 Insurance contracts. The Company intends to adopt the new standard on its mandatory effective date.

SLFRS 4 permitted insurers to continue to use the statutory basis of accounting for insurance assets and liabilities that existed in their jurisdiction prior to January 2005. SLFRS 17 replaces this with a new measurement model for all insurance contracts.

SLFRS 17 requires liabilities for insurance contracts to be recognised as the present value of future cash flows, incorporating an explicit risk adjustment, which is updated at each reporting date to reflect current conditions, and a contractual service margin (CSM) that is equal and opposite to any day – one gain arising on initial recognition. Losses are recognised directly in the income statement. For the measurement purposes contracts are grouped together into contracts of similar risk profitability profile and issue year, with further divisions for contracts that are managed separately.

Profit for insurance contracts under SLFRS 17 is represented by the recognition of the service provided to policy holders in the period (release of CSM), release from non-economic risk (release of risk adjustment) and investment profit.

The CSM is released as profit over the coverage period of the insurance contract, reflecting the delivery of services to the policyholder. For certain contracts with participating features (where a substantial share of the fair value of the related investments and other underlying items is paid to policyholders) the CSM reflects the variable fee to shareholders. For these contracts, the CSM is adjusted to reflect the changes in economic experience and assumptions. For all other contracts the CSM is only adjusted for non-economic assumptions.

Notes to the Financial Statements

SLFRS 17 introduces a new measure of insurance revenue, based on the delivery of service to policyholders and excluding any premiums related to the investment elements of policies, which will be significantly different from existing premium revenue measures, currently reported in the income statement. In order to transition to SLFRS 17, the amount of deferred profit, being the CSM at transition date, needs to be determined.

SLFRS 17 requires, the CSM to be calculated as if the standards had applied retrospectively. If this is not practical, an entity is required to choose either a simplified retrospective approach or determine the CSM by reference to the fair value of the liabilities at transition date. The approach for determining the CSM will have a significant impact on both shareholders' equity and on the amount of profit on in-force business in future reporting periods.

SLFRS 17 is expected to have a substantial change in the presentation of the Financial Statements and disclosures, as the requirements of the new standard are complex and require a fundamental change to accounting for insurance contracts as well as the application of significant judgment and new estimation techniques. The effect of changes required to the Company's accounting policies as a result of implementing these standards are currently uncertain, but these changes can be expected to, among other things, alter the timing of profit recognition.

With the implementation of SLFRS 17, the shadow accounting to insurance related assets and liabilities will not be applicable.

SLICLL and SLICGL have an implementation programme underway to implement SLFRS 17. The programme is responsible for setting accounting policies and developing application methodologies, establishing appropriate processes and controls, sourcing appropriate data and implementing actuarial and finance system changes.

4.3 Segment Information

A segment is a distinguishable component of the Group that is engaged either in providing related products or services (business segment), or in providing products or services within a particular economic environment, which is subject to risks and returns that are different from those of other segments. The Group's primary format for segment reporting is based on business segments. The business segments are determined based on the Group's management and internal reporting structure.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

For management purposes, the Group is organised into business units based on its products and services and has the following reportable operating segments as given below.

Reportable operating segment	Explanation
Life Insurance	Formed to carry out the Life insurance business post segregation of SLIC
Non-Life Insurance	Formed to carry out the General Insurance business post segregation of SLIC
Healthcare	Formed to providing healthcare and laboratory services
Hospitality	Formed to providing office space on rent for commercial purposes and is also engaged in hospitality trade.
Energy	Formed to importing, processing, storing, distributing and selling of Liquid Petroleum Gas (LPG) and providing other incidental services.

5 FINANCIAL INVESTMENT

		Group				Company

Notes to the Financial Statements

8 PROPERTY, PLANT AND EQUIPMENT (CONTD...)

8.1.6 Asset Requalification

Litro Gas Lanka Limited

Certain types of assets: Storage tanks, pipelines, pumping stations, instrumentation equipment, tanks on bowlers and plant and machinery require periodically to be inspected, assessed and requalified to ensure that the said assets meet the required safety standards, to be used in the LPG industry. When such an asset is to be requalified for use, the cost and accumulated depreciation relating to the asset is derecognised. Subsequent to requalification, the previous written down value of the asset and the additional cost incurred to requalify the asset is capitalised, as it is expected that future economic benefits associated with the asset will flow to the entity.

Litro Gas Terminal Lanka (Private) Limited

Certain types of assets: Storage tanks, Pipelines, Pumping stations, Instrumentation equipment and plant and machinery require periodically to be inspected, assessed and requalified to ensure that the said assets meet the required safety standards, to be used in the LPG industry. When such an asset is to be requalified for use, the cost and accumulated depreciation relating to the asset is derecognised. Subsequent to requalification, the previous written down value of the asset and the additional cost incurred to requalify the asset is capitalised, as it is expected that future economic benefits associated with the asset will flow to the entity.

8.1.7 Revaluation of Property, Plant and Equipment

Litro Gas Lanka Limited

The increase in an asset's carrying amount as a result of revaluation, has been recognised in other comprehensive income and accumulated in equity under the heading of revaluation surplus. Any decrease is recognised in other comprehensive income to the extent of any credit balance existing in the revaluation surplus in respect of that asset. However, any excess revaluation decrease, if any, relating to an asset's carrying amount is recognised in profit or loss.

Revaluation of Property, Plant and Equipment.

All assets under property, plant and equipment, except Lands, building, and Motor Vehicle have been revalued in the year 2016. The fair value of property, plant and equipment was determined by Sunil Fernando & Associates (Private) Limited, an external independent chartered valuation surveyor, who had relevant experience in the category of assets being revalued.

Lands, building, and Motor Vehicle have been revalued as at 31st December 2021 by JVR Consultancy (Pvt) Ltd an external independent chartered valuation surveyor, who had relevant experience in the category of the assets being revalued.

Asset category	Date of revaluation	Cost Rs '000	Net book value under cost model Rs. '000

Sri Lanka Insurance Corporation Ltd

The Company has entered into a 99 year agreement with the government of Sri Lanka and leasehold properties previously recognised under LKAS 17 were reclassified as Right of Use Assets - leasehold with adoption of SLFRS 16 -Lease, with effect from 01st January 2019. Prior period amount has not been restated.

Sri Lanka Insurance Corporation Ltd obtained leasehold rights to lands situated in Pettalam, Hambanthota, Matule, Nawara-Eliya and Monaragala for 99 and 30 years from the Government of Sri Lanka. Based on the ruling 11 of Urgent Issues Task Force (UITF) of The Institute of Chartered Accountants of Sri Lanka, the lands are stated at revalued amounts. As a result of a revision to said ruling, the Company now carries such leasehold rights to land, at the values recorded in the statement of financial position as at the effective date of SLFRS 16 - "Leases".

As at 31st December 2024, Right-of-Use Assets amounting to Rs. 465 million were re-classified to Investment Property.

The Lanka Hospitals Corporation PLC

The company as a lessee entered into 99 years lease agreement with the Urban Development Authority in 1999. In terms of this agreement a sum of Rs. 18,546,548/- per annum should be paid by the Company till 2025, and the final premium payment of Rs. 9,273,274/- should be paid in 2026. There are other lease facilities entered by the company for corporate office and hostels. In addition, The Lanka Hospitals Diagnostic Pvt Ltd, the subsidiary of The Lanka Hospitals Corporation PLC has entered into lease agreements for the purpose of Laboratory services and company sample collection centers.

Litro Gas Terminal Lanka (Private)Limited

The Lease rental of Hambanthota lease agreement in 2020/21 and 2021/22 years have been held due to service dispute. The Company has one lease arrangement signed with Sri Lanka Ports Authority and from 2019 it was novated with Hambanthota International Port Group (HIPG) for the balance period for Hambanthota terminal, where the lease term is 10 years from 2013 to November 2023 and the rental is increased by different rates annually. Renewal of lease has not been implemented after end of novation period of 10 Years. However, owing to a breakdown in the LPG pipeline, it remained non-functional starting from the year 2021. Consequently, due to this dispute, the company withheld the annual rent payment of Rs.233.84 million (Rs.114.07 million in 2021/22 and Rs.119.77 million in 2022/23), with the entire sum being recognised under accrued expenses against the respective years. Furthermore, the company has formally communicated with HIPG, seeking their response regarding the withheld payments.

Sri Lanka Insurance Corporation Limited

Investment property held by Sri Lanka Insurance Corporation Limited is located at No.6, Sir Baron Jayathilake Marwatha, Colombo 1. Extent of land is A0 R0 P38.88 and extent of the building is 40,000 sq. ft. Property located at No 267, Union Place, Colombo, extent of land is A0 R0 P37.62 and the extent of building is 49,646 sq. ft & the bare land located at Gorkadeniya Rd, Yatnuwara, Extent of A0 R0 P118.47 & Land located in Walalagoda, Aluthgama is A17 R0 P13.47 and property under the name of "Club benthota", depicted as lot No. 1 in P. Plan No Ga 1789 and Lot Nos. 1,2,3,4,5,6 in P. Plan No. K. 1902 located at Kaluwamodara and Walalagoda, Aluthgama.

During the year ended 31st December 2024, Sri Lanka Insurance Corporation Limited transferred Land and Buildings amounting to Rs. 15,047.8 million from Property, Plant and Equipment (PPE) to Investment Property. This transfer was due to the segregation of the company into two legal entities, whereby certain properties were rented to the newly formed entities, thus meeting the criteria for classification as investment property in line with applicable accounting standards.

As at 31st December 2024, Right-of-Use Assets amounting to Rs. 465 million were re-classified to Investment Properties.

Notes to the Financial Statements

10 INVESTMENT PROPERTIES (CONTD...)

10.1 Measurement of Fair Values

Fair Value Hierarchy

The fair value of investment property was determined by an external, independent property valuer, having appropriate recognized professional qualifications and recent experience in the location and category of the property being valued.

During the year, investment properties were valued by Mr. A. A. M. Fathima (MRICS).

The fair value measurement of investment property has been categorized as a Level 2 based on the SLFRS 13 - Fair Value Measurement.

Group

Sri Lanka Insurance Corporation Life Limited

The Company granted policy loans at market price. The fair value of the policyholder loans are equal to its carrying value as those are given at competitive market rates. If the total receivable of the loan including interest due and accrued exceeds the surrender value the policy terminates and becomes void. The Company has the first lien on all policies which are subject to policy loans and this mitigates the Company's credit exposure on policy loans.

The Company has issued loans to policyholders considering the surrender value of the policy as collateral. As at the reporting date, the carrying value of the policy loans granted amounted to Rs.1,978 Mn and the related surrender value is Rs. 3,731 Mn.

The Board of Directors has assessed the potential impairment loss of loans where total receivable exceeds the surrender value and charged(reversed) in the Financial Statements as at the reporting date in respect of loans to life policyholders.

Balance as at 31st December	3,260,696	1,868,737	-	1,868,737

Impairment of reinsurance receivables

The Group has assessed the potential impairment loss on reinsurance receivables as at the reporting date, considering objective evidence of impairment such as financial standing, default or delinquency in payments, observable data indicating a measurable decrease in the estimated future cash flows and regular reviews on creditworthiness of the reinsurance. Based on this assessment, adequate provisions have been recognised in the Financial Statements to ensure compliance with regulatory requirements and to uphold the integrity and reliability of the Company's financial reporting.

The carrying value of reinsurance receivables approximates the fair value at the reporting date.

Reinsurance receivables on outstanding claims

Reinsurance receivables on outstanding claims represent amounts recoverable from reinsurers in accordance with the terms of reinsurance contracts.

The Group evaluates the recoverability of these amounts based on the financial standing of reinsurers, claims settlement patterns, and contractual obligations. This includes reinsurance reserves on claims that have not been paid and the reinsurance receivables that have not been received.

14. PREMIUM RECEIVABLE

	Group		Company	
	2024 Rs. 000'	2023 Rs. 000'	2024 Rs. 000'	2023 Rs. 000'

	6,730,271	8,826,466	337,236	548,607

Canowin Hotels & Spas (Pvt) Ltd

Management has carried out an impairment provision based on simplified approach of ECL method. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward looking factors specific to the debtors and economic environment. Before 2022, the Company made general provisions for all the debtors without compiling specific provisions. Therefore, from 2022 onwards, management considered to establish 100% ECL for debtors aged more than 360 days and for non operating tenants in determining the provision matrix for ECL. The following ECL provisions are allotted as general provisions. For tenants aging 1 to 90 days; 0%. For tenants aging 91 to 180 days; 5% - 10%. For tenants aging 181 to 270 days; 15% - 30%. For tenants aging 271 to 360 days; 40% - 100%. 100% provision has been made for Advances Paid for Suppliers aged more than 360 days.

Litro Gas Lanka (Private) Limited

The Company applies the SLFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, trade and other receivables have been grouped based on shared credit risk characteristics and the days past due. The Company has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets. The expected loss rates are based on the payment profiles of sales over a period of 36 months before 31st December 2021 or 01st January 2021 respectively and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables and accordingly adjust the historical loss rates based on expected changes.

Trade receivables are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the Company and a failure to make contractual payments for a period greater than 60 days from the due date.

16. OTHER ASSETS (CONTD...)

16.3 Investment receivable from Secretary to Treasury

Investment receivable from the Secretary to the Treasury represents the amount due to the company in relation to the disposal of its subsidiary, Camvill Holdings (Pvt) Ltd. Please refer note No. 06 for more details.

Notes to the Financial Statements

23 INSURANCE CONTRACT LIABILITIES -LIFE (CONTD...)

Group

Sri Lanka Insurance Corporation Life Ltd

Long duration contract liabilities included in the Life Insurance Fund, result primarily from traditional participating and non-participating life insurance products. The insurance provision has been established based upon the following:

* Investment return: Risk Free Rate structure proposed by IRCSL as at 31.12.2024

* Mortality: Factored A67/70 for non-annuity business to allow best estimate experience rate and for annuity business, weighted a(90)m and a(90)f with one year age setback to allow approximated 1% mortality improvement of annuitants

* Lapse rate: Based on the experience as per study conducted for 31st December 2024 valuation, covering the experience for the last 3 investigation years

* Expense assumptions: Based on the company 2024 internal expenses studies and expenses split into Participating and Non-participating business. Expense inflation is based on the long term expectation of the Company and is 10% per annum.

*Morbidity: Based on the company internal experience and actual vs expected analysis. Expected rates are based on the reinsurance rate tables

*Reinsurance assumptions: Based on the company internal experience studies with respect to reinsurance

The amount of policyholder's reversionary bonus to be paid is determined annually by the Company. The bonus includes life policyholders share of net income that is required to be allocated by the insurance contract or, by insurance regulations.

From 01.01.2016 onwards SLICL fully implemented the Risk Based Capital (RBC) solvency framework as such adopted the "Gross Premium Valuation" basis (GPV) which is required under RBC regime for liability valuation purpose. SLICL has adopted a more prudent valuation basis for its surplus computation with compared to minimum regulatory basis (RBC). SLICL followed the "Net Premium Valuation" basis (NPV) for the valuation of liabilities as at 31.12.2015. This change in valuation basis has resulted an one-off surplus in life insurance policy liabilities as at 01.01.2016.

IRC SL submitted the guideline to compute One-off surplus and transferring mechanism to Shareholder fund from Life-Non Participating Fund under the direction called "Identification and Treatment of One-Off Surplus: Direction # 16 - Section 964 of the Regulation of Insurance Industry Act No. 43 of 2000" dated 20.03.2018 where minimum One-off Surplus computation is recommended. Accordingly, SLICL has quantified the one-off surplus as at 01.01.2016, and it stands out that the amounts are Rs: 6,281 million and Rs: 98 million with in Participating Fund and Non-Participating Fund respectively. The One-off surplus pertaining to Participating Fund will remain in the Life Fund under "Surplus created due to change in valuation method from NPV to GPV (Participating)". As per the directions given by IRC SL, SLICL transferred the one-off surplus arising from Non-Participating Fund to Shareholder Fund and accounted in the statement of financial position as at 31.12.2017, under new line item called "Restricted Regulatory Reserve". The "Restricted Regulatory Reserve" is a part of Shareholder Equity, but distribution of the same to Shareholders as dividend is subject to meeting Governance requirements stipulated by the IRC SL and can only be released upon receiving approval from the IRC SL. SLICL maintains the same amounts in one-off surplus in Participating fund and Restricted Regulatory Reserve in Shareholders fund as at 31.12.2023. The One-off Surplus in the Shareholder Fund will remain invest in Repo at Commercial Bank PLC (Fitch Ratings A(Ika)) as per the direction of the IRC SL.

	Rs: Mn
Long-term Insurance Fund excluding one-off surplus	206,947
Surplus created due to change in valuation method from NPV to GPV (Participating)	6,281
Long-term Insurance Fund as at 31.12.2024	213,228

	Rs: Mn
Restricted Regulatory Reserve (One-off surplus Non-Participating Fund)	98

The valuation of the Insurance Provision - Life Insurance Business, as at 31st December 2024 was made by Kanj Behari Maheshwari, Fellow of the Institute and Faculty of Actuaries UK, of Willis Towers Watson, for and on behalf of Sri Lanka Insurance Corporation Life Limited. In accordance with the consultant Actuary's report, the sum of provision, Rs: 3,008 million (In 2023 Rs: 2,359 million), is included as the liability in respect of policyholders' Bonus. In the opinion of the appointed actuary, the admissible assets of the life insurance fund as at 31st December 2024 is adequate to cover the liabilities of the fund and the solvency margin requirement prescribed under Section 26 of the regulation of Insurance Industry Act No. 43 of 2000. The life fund also carried forward surplus for future growth and safeguard against the adverse deviation of the assumptions set out in the valuation.

The Life Insurance Fund assets inclusive of Shareholders' Transfer as at 31st December 2024 is Rs: 215,870 million (2023 - Rs: 184,314 million). The Board of Directors decided to transfer Rs: 2,642 million (2023: Rs: 3,444 million) to the Shareholders' Fund in the statement of financial position in life insurance. Subsequent to this transfer, the life insurance fund stands at Rs: 213,228 million (2023 - Rs: 180,870 million).

23. INSURANCE CONTRACT LIABILITIES - LIFE (CONTD....)

Liability Adequacy Test (LAT)

A Liability Adequacy Test ("LAT") for life insurance contract liability was carried out by Kunj Behari Maheshwari, Fellow of the Institute and Faculty of Actuaries UK, of Willis Towers Watson, as at 31st December 2024 as required by SLFRS 4 - Insurance Contracts. When performing the LAT, the Company has compared the provisions held as per audited accounts with the actuarial liability. For this purpose, the value of the actuarial liability is computed following the principles laid out within Risk Based Capital framework as prescribed by the IRCSL, whereby liabilities are valued using a discounted cash-flow approach covering the full lifetime of all cash in- and out-flows required to settle the obligations related to existing in-force life insurance contracts. The projections are based on in-force policies and riders as at 31st December 2024.

According to the actuary's report, assets are adequate as compared to the discounted cash flow reserves and in contrast to the reserves as at 31st December 2024 no additional provision is required against the LAT as at 31st December 2024.

24. INSURANCE CONTRACT LIABILITIES - NON-LIFE

Insurance Contract Liabilities - Non-Life

The Non-Life Insurance Reserves as shown in the Statement of Financial Position represent the following:

Notes to the Financial Statements

24 INSURANCE CONTRACT LIABILITIES - NON-LIFE (CONTD.,...)

24.3 Reserves for Gross Outstanding Claims (Contd.,...)

Significant delays occur in the notification of claims and a substantial measure of experience and judgment is involved in assessing outstanding liabilities, the ultimate cost of which cannot be known with certainty as of the reporting date. The reserves are determined based on the information currently available. However, it is inherent to the nature of the business written that the ultimate liability may vary as a result of subsequent developments.

As at 31st December	Group		Company	
	2024 Rs. '000'	2023 Rs. '000'	2024 Rs. '000'	2023 Rs. '000'
Reconciliation between insurance contract liabilities non-life and technical reserves

24.4 Claims Development Information

The table below presents changes in the historical non-life reserves, net of reinsurance. The top line of the table shows the estimated gross reserves for unpaid losses and loss adjustment expenses as of each balance sheet date, which represents the estimated amount of future payments for losses incurred in that year and in prior years. The cumulative paid portion of the table presents the cumulative amounts paid through each subsequent year in respect of the reserves established at each year end. Similarly, the cumulative reported losses section details the sum of the cumulative paid amounts shown in the triangle above and the net outstanding position at the end of the financial year.

26.1 Description of the Valuation Method Used and the Information About the Valuer

LKAS 19 "Employee Benefits" require the use of actuarial techniques to make a reliable estimate of the amount of retirement benefits that the employees have earned in return for their service in the current and prior periods and discount that benefit using the Projected Unit Credit Method in order to determine the present value of the retirement benefits obligations and the current service cost. This requires an entity to determine how much benefit is attributable to the current and prior periods and to make estimates about demographic and financial variables that will influence the cost of the benefit.

Sri Lanka Insurance Corporation General Ltd

The defined benefit obligation liability of the Company is based on an actuarial valuation carried out by M/S Actuarial and Management Consultants (Pvt) Ltd, an Independent Actuary. The actuarial valuation involves making assumptions about discount rates and future salary increases. Due to the complexity of the valuation and the underlying assumptions and its long-term nature, the defined benefits obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The Company has considered the impact on the defined benefit obligations due to changes in economic factors as a result of the prevailing macroeconomic conditions, with the support of the independent actuarial expert.

Due to the discount rate and salary increment rate assumptions used, nature of non-financial assumptions and experience of the assumptions of the Company, there is no significant impact to employment benefit liability as a result of prevailing macro economic conditions.

Sri Lanka Insurance Corporation Life Ltd

As at 31st December 2024 the Gratuity Liability was actuarially valued under the Projected Unit Credit (PUC) method by M/S Actuarial & Management Consultants (Pvt) Ltd, 1st Floor, 434, R.A.De Mel Mawatha, Colombo 3 for Rs.898.42 mn. The actuarial valuation is performed annually.

Litro Gas Lanka Ltd

The provision for retirement benefits obligation for the year is based on the actuarial valuation carried out by professionally qualified actuaries, Messrs. 38 PROFIT BEFORE TAX (CONTD....)

Litro Gas Lanka (Private) Limited and Litro Gas Terminal Lanka (Private) Limited

Common Cost Sharing

In 2017, the Board signed a Memorandum of Understanding (MOU) with Litro Gas Lanka Limited (LGLL) to share common costs incurred by both companies, ensuring a fair representation of their financial performances. However, starting from 2024, only staff-related costs were considered as the common costs due to challenges in determining a reasonable cost-sharing basis. Consequently, 10% of LGLL's staff-related costs were allocated for transfer to Litro Gas Terminal Lanka (Pvt) Limited (LGTL). This arrangement was approved in the Corporate Plan and Annual Budget for 2024. The administrative costs of LGTL, including the common costs transferred from LGLL, amounted to Rs. 107.8 million in 2023 and Rs. 92.1 million in 2024.

39 INCOME TAX EXPENSE

The Company is liable for income tax at a rate of 30% for the years 2023 and 2024.

The Lanka Hospitals Corporation PLC

The Lanka Hospitals Corporation PLC is liable to income tax at 30% for the year ended 31st December 2024.

Notes to the Financial Statements

39 INCOME TAX EXPENSE (CONTD...)

39.3 Analysis of Brought Forward Tax loss (Contd...)

Sri Lanka Insurance Corporation General Limited

The Crop Insurance Levy was introduced under the provisions of Section 14 of the Finance Act No. 12 of 2013, and came into effect from 1st April 2013. It is payable to the National Insurance Trust Fund and liable at 1% of the Profit after Tax.

Litro Gas Lanka Ltd

Provision for income tax for the year ended 31st December 2024 in respect of Litro Gas Lanka Limited has been made in the Financial Statements, in terms of the provisions of the Inland Revenue Act No. 24 of 2017, as amended. The Company is liable for income tax at a rate of 30% (2023 - 30%).

40 BASIC/DILUTED EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit for the year attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the year. There were no potential dilutive shares on standing at any time during the year. Therefore, the diluted earnings per share are equal to the basic earnings per share.

	Group		Company	
For the year ended 31st December	2024	2023	2024	2023
Amounts used as the numerators				
Net Profit Attributable to Ordinary Shareholders (Rs. 000')	8,466,020	13,064,845	3,635,639	7,778,571
Number of ordinary shares used as denominators

42.2 Fair value hierarchy for assets carried at fair value

The Group uses the fair value hierarchy in determining and disclosing the fair value of financial instruments. The following note shows an analysis of financial investments recorded at fair value by level of the fair value hierarchy.

Level	Fair Value Measurement Method
Level 1	Quoted (unadjusted) prices in active markets for identical assets or liabilities
Level 2	Techniques for which, all inputs that have a significant effect on the recorded fair value, are observable, either directly or indirectly
Level 3	Techniques, which use inputs that have a significant effect on the recorded fair value, are not based on observable market data

As at 31st December 2024	Group				Company			
	Level 1 Rs. 000'	Level 2 Rs. 000'	Level 3 Rs. 000'	Total fair value Rs. 000'	Level 1 Rs. 000'	Level 2 Rs. 000'	Level 3 Rs. 000'	Total fair value Rs. 000'

42.3 Valuation Techniques used in determining fair values

1. The fair values of Listed Shares, Treasury Bills and Treasury Bonds are based on their market prices as they are traded in active markets.
2. The fair values of Unlisted Floating Rate Debentures and Development Bonds are estimated to be equal to their amortised cost.
3. The fair values of Term Deposits are estimated to be equal to their amortised cost as maturities do not exceed one year.
4. The fair values of Unlisted Fixed Rate Debentures are arrived at discounting the future cash flows at market yields of comparable newly issued Corporate Debt instruments carrying similar maturities and credit ratings.
5. The fair values of Listed Debentures, which are traded in active markets, are based on their market prices.
6. The fair values of Listed Debentures, which are not traded in active markets, are arrived at discounting the future cash flows at market yields of comparable newly issued Corporate Debt instruments carrying similar maturities and credit ratings.
7. The fair values of Unit Trusts are based on their bid prices as quoted by the Unit Trust management companies.
8. The fair values of Unlisted Shares, where the company pays regular Dividends, are derived using the Discounted Cash Flow method. Otherwise, the fair value will be based on the Net Asset Value.

Notes to the Financial Statements

42 FINANCIAL ASSETS AND LIABILITIES (CONTD,...)

The direct holding of 99.97% of the voting rights of the SLIC is owned by Secretary to the Treasury and the rest is owned by the employees and ex-employees of the Company. Therefore, the Secretary to Treasury has the controlling power over the financial and operating policies of the Company.

The Company has considered the Secretary to the Treasury and other entities which are controlled, jointly controlled or significantly influenced by the Government of Sri Lanka (Government related entities) as Related Parties according to LKAS 24 - "Related Party Disclosures".

In accordance with the LKAS 24 - "Related Party Disclosures", transactions in relation to insurance premiums and claims are not being disclosed due to the impracticability of capturing and disclosure of the same.

43 RELATED PARTY DISCLOSURES

43.1 Transactions with Key Management Personnel

According to Sri Lanka Accounting Standard 24 (LKAS) - "Related Party Disclosures", key management personnel are those having the authority and responsibility for planning, directing and controlling the activities of the entity. Accordingly, the Chairman and the Board of Directors have been classified as key management personnel of the Group.

Following directors are also directors of the related entities.

Insurance claims paid during the year and claims outstanding as at the reporting date arising in the normal course of business in SLICLI and SLICGL have not been eliminated in consolidated Financial Statements due to differences arising from reinsurance components attributable to claims and the claims outstanding estimates which are assessed from the individual Company's point of view and need not be the same as provision determined by the insurer.

Overview

The Group has exposure to the following risks arising from insurance business and from financial instruments:

- Insurance risk
- Market risk
- Credit risk
- Liquidity risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risks as required by the SLFRS 4 and SLFRS 7 together with the quantitative disclosures relating to the same.

Risk Management Framework

The Group's Board of directors has the overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group activities.

44.1 Insurance Risk

Insurance risk is likelihood that an insured event will occur, requiring the insurer to pay a claim. This risk is transferred to the Group through the underwriting process. The principal risk the Group faces under insurance contracts is that the actual claims and benefit payments or the timing thereof, differ from expectations. This is influenced by the frequency of claims, severity of claims, actual benefits paid and subsequent development of long term claims. Therefore, the objective of the Group is to ensure that sufficient reserves are available to cover these liabilities.

44.1.1 Life Insurance Contracts

The following paragraph describes the concentration of life insurance based on the nature of the contract:

Concentration of Insurance Risk

Concentration risk is defined as the risk of exposure to increased losses associated with inadequately diversified portfolios of assets or obligations. Concentration risk for a life insurer may arise with respect to investments in a geographical area, economic sector or individual issuers or due to a concentration of business written within a geographical area of a policy type, or of underlying risks covered.

1. From a market risk perspective, although we have invested significantly in the financial sector, our portfolio is diversified and contains huge margins.
2. From an insurance risk perspective, the main factors that would affect concentration risk include mortality risk, morbidity risk, longevity risk, policyholder behavior risk (lapse, anti-selection) and expense risk. There is diversification across geographical regions, lines of business and even across the different insurance risk factors such that SLIC is not exposed to significant concentrations of insurance risk.

The risks associated with life insurance include:

- Mortality risk is the risk that actual policyholder death experience on life insurance policies is higher than expected.
- Longevity risk is the risk that annuitants live longer than expected.
- Morbidity risk is the risk that policy's holder health-related claims are higher than expected.
- Policyholder behavior risk is the risk that policyholders' behavior in discontinuing and reducing contributions or withdrawing benefits prior to the maturity of the contract is worse than expected. Poor persistency rates may lead to fewer policies remaining on the books to defray future fixed expenses and reduce the future positive cash flows from the business written, potentially impacting its ability to recover deferred acquisition expenses.
- Expense risk is the risk that expenses incurred in acquiring and administering policies are higher than expected.
- Market risk is the risk associated with the Company's balance sheet positions where the value or cash flow depends on financial markets, which is analyzed in the "Market Risk" section in the Risk Review.
- Credit risk is the risk associated with a loss or potential loss from counterparties failing to fulfill their financial obligations, which is analyzed in the "Credit Risk" section in the Risk Review.

The Group has established procedures and processes to evaluate the above risks which, if not properly controlled and managed, can impact its operations. The procedures are in place to cover all critical stages from product development to benefit administration. In addition to that, all life financial streams are modeled and profit testing is produced by the Actuary thus mitigating product design and pricing risk. Also SLICL uses matching instruments to back liabilities (ALM), if available.

Under the Risk Based Capital (RBC) framework, Group has adopted "Gross Premium Valuation" mechanism (GPV). This is required for liability valuation purpose where liability is calculated in market consistent manner for the solvency requirements. SLICL has adopted a more prudent valuation basis for its surplus computation which compared to minimum regulatory basis (RBC).

Notes to the Financial Statements

44.1 Insurance Risk (Contd...)

44.1.1 Life Insurance Contracts (Contd...)

Sensitivity analysis for life insurance risk

The main assumptions used in determining life insurance contract liability are below tabulated

Assumption	Description
Mortality	- Weighted average of a(90)m and a(90)l with one year age set back to allow approximated 1% mortality improvement of annuitants approximated 1% mortality improvement of annuitants - Weighted average of a(90)m and a(90)l with one year age set back to allow approximated 1% mortality improvement of annuitants approximated 1% mortality improvement of annuitants
Expenses	Based on the company 2024 internal expenses studies and expenses split into Participating and Non-participating business
Lapses/Surrenders	Based on internal experience studies and exercising actuarial judgement as appropriate; when exercising judgement, for instance where credible data is not available or one-off events, the company has taken into account the knowledge of the general market expectations and practice relevant to the underlying product types and target market where
Morbidity	Based on the Group internal experience and actual vs expected analysis. Expected rates are based on the reinsurance rate tables
Reinsurance	Based on the Group internal experience studies with respect to reinsurance
Investment return	Risk Free Rate structure proposed by IRCSL as at 31.12.2024

Group maintained steady and strong solvency ratio over the year 2024 for its Life Insurance business and as at 31st December 2024, the Risk-based Capital Adequacy Ratio, CAR, stands at 568% and it was 422% as at 31st December 2023 under the Life segment in SLIC. This is well above the regulatory minimum requirement which is 120%.

Assumption	Change in Assumption	Impact on Liability
Mortality	+10%	886 million
	-10%	(886) million
Expense	+10%	2,638 million
Persistence	+20%	(2,265) million
	-20%	2,265 million
Discount Rate	Up shock scenario under RBC	(21,023) million
	Down shock scenario under RBC	27,595 million

Life

In accordance with the RBC Rules, negative policy liability for long-term insurance contracts are deemed acceptable and value of the liabilities with respect to individual contracts with negative policy liability have not been floored at zero. However, for the purpose of distribution basis (i.e. for SLFRS purpose) liabilities, Group has adopted a more prudent approach and the negative liabilities have been floored to zero at policy level.

Non Life

In accordance with the RBC Rules, discounted policy liability can be held however for the purpose of SLFRS reporting, Group has adopted a more prudent approach where un-discounted liabilities are held where un-discounted liabilities are higher than the discounted liabilities.

Segregation of Policy Liability based on Product Category

31st December	2024			2023		
	Insurance Liabilities (with profits) Rs. 000'	Insurance Liabilities (without profits) Rs. 000'	Total Gross Insurance Liabilities Rs. 000'	Insurance Liabilities (with profits) Rs. 000'	Insurance Liabilities (without profits) Rs. 000'	Total Gross Insurance Liabilities Rs. 000'

Percentage	91.16%	8.84%	

44 INSURANCE AND FINANCIAL RISK MANAGEMENT (CONTD....)

44.1 Insurance Risk (Contd...)

44.1.2 Non - Life Insurance Contracts

General Insurance Risk

General insurance risk includes the reasonable possibility of significant loss due to uncertainty in the frequency of the occurrence of the insured events as well as in the severity of the resulting claims.

The following provides an overview of the Group's main lines of business:

- Motor includes automobile physical damage, loss of the insured vehicle and automobile third party liability insurance.
- Property includes fire risks (for example fire, explosion and business interruption), natural perils (for example earthquake, windstorm and flood), engineering lines (for example, boiler explosion, machinery break down and construction) and marine (cargo and hull).
- Liability includes general/public and product liability, excess and umbrella liability, professional liability including medical malpractice, and errors and omissions liability.
- Special lines include directors and officers, credit and surety crime and fidelity, accident and health, and crop.
- Worker injury includes worker's compensation and employers liability.

The Group's underwriting strategy is to take advantage of the diversification of general insurance risks across industries and geographic regions in which the General insurance business operates. The Group seeks to optimise shareholder value by achieving its mid-term return on equity goals. Doing so necessitates a prudent, stable underwriting philosophy that aims to take advantage of its competitive strengths while avoiding risks with disruptive volatility. At the core of the Group's underwriting is a robust governance process.

The table below shows the Group's concentration of risk within the general insurance business by line of business based on direct written premiums before reinsurance and after reinsurance.

2024 Class	GWP Rs. 000'	Amounts ceded to NITF Rs. 000'	Reinsurance Rs. 000'	NWP Rs. 000'	%
Motor	13,189,328	(1,975,623)	(150,618)	11,063,087	66.76%

	23,145,056	-	(5,700,815)	17,444,242	100.00%

Notes to the Financial Statements

44 INSURANCE AND FINANCIAL RISK MANAGEMENT (CONTD...)

44.1 Insurance Risk (Contd...)

Reinsurance Risk

Group purchases reinsurance as a part of its risks mitigation programme. Reinsurance ceded is placed on both proportional and non-proportional basis. Proportional reinsurance arrangement includes both quota Share and surplus Treaty programmes which are taken out to reduce the overall exposure of Group to certain classes of business. Non-proportional reinsurance programmes, which are primarily excess-of-loss reinsurance arrangements, are designed to mitigate Group net exposure to large single and catastrophic losses. Retention limits on the excess-of-loss reinsurance programmes vary by product line.

The following table shows the credit ratings of the reinsurance companies with whom the Group has arrangements.

Overview

The Company is mainly exposed to the Financial Risks, Insurance Risks and Regulatory Risks. These notes provide the Company's policies and procedures in measuring, managing and mitigating such risks. The Company has implemented a risk management framework and Board of Directors has the overall responsibility for establishment and oversight of the Company's risk management functions.

Financial Risks

The Investment activities of the Company are exposed to the financial risks which include the credit risks, liquidity risks and market risks. The Investment Committee is responsible in mitigating those risks and optimizing the investment returns.

Investment risk management is of paramount importance in current turbulent markets characterised by high volatility of asset returns, reduced diversification benefits due to high correlations, and wider dispersion in market sentiments & views.

The aim of Investment Risks Management is to promptly identify, measure, manage, report and monitor risks that affect the achievement of investment objectives. This includes taking, avoiding, mitigating and adjusting the risk profile to maintain the appropriate balance among asset growth as well as income to meet the obligations of the Fund, based on prudent risk management principles within the context of applicable (IRCSL) insurance regulations.

44.2 Market Risk

Market risk is the risk of changes in market prices such as foreign exchange rates and interest rates, which will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control the market risk exposures within acceptable parameters, while optimising the return.

The Group maintains the maximum exposure limit for the equity in managing the investment portfolio. Further, the Group has diversified the investment portfolio into different sectors to mitigate unsystematic risks.

Equity Market Sensitivity

	2,143,437	3,910,157	(2,143,437)	(3,910,157)

44.2.1 Interest Rate Risk

Interest rate risk is the risk of loss resulting from changes in interest rates, including the changes in the shape of the yield curve while credit spread risk describes the sensitivity of the values of assets and liabilities due to changes in the level or the volatility of credit spreads over the risk-free interest rate yield curve.

Interest rate risk is managed over each major maturity bucket with adherence to the aggregated positions with risk limits. The Investment Committee proactively managed the fixed income portfolio by strategically shifting from low-yielding investments to relatively high-yielding ones, mitigating the pressure on interest income while closely monitoring the duration of mismatches.

Further, the Group has adopted the following policies to mitigate the interest rate risk:

1. A considerable portion of the investments is made in risk-free investments of government securities with adherence to the rules and regulations issued by the IRCSL in maintaining risk-free investments.
2. The major part of the investment portfolio is made in rated financial institutions or in rated instruments.
3. The Investment Committee makes the investment decisions and approval from the Board of Directors is sought wherever necessary.

Exposure to Interest Rate Risk

The interest rate profile of the Group's interest bearing financial instruments as reported to the management of the Group is as follows.

31st December	Group		Company	
	2024 Rs. 000'	2023 Rs. 000'	2024 Rs. 000'	2023 Rs. 000'

31st December 2023	100bps Upward Parallel Shift of Yield Curve		100bps Downward Parallel Shift of Yield Curve	
Group/Company	Impact on Interest Income Rs. 000'	Impact on Equity Rs. 000'	Impact on Interest Income Rs. 000'	Impact on Equity Rs. 000'
Financial Investments				
Loans and Receivable (L&R)	892,978	-	(892,978)	-
Available For Sale (AFS)	-	32,275,861	-	37,413,811
Fair Value Through Profit or Loss (FVTPL)	-	-	-	-
	892,978	32,275,861	(892,978)	37,413,811

* In case of a shift in yield curve, there is:

No impact to the Interest Income or to the Equity for the fixed rate debt instruments classified under HTM and L&R

An impact to the Interest Income but no impact to the Equity for the floating rate debt instruments classified under HTM and L&R

No impact to the Interest Income but there is an impact to the Equity for the fixed rate debt instruments classified under AFS

An impact to the Interest Income but no impact to the Equity for the floating rate debt instruments classified under AFS

44.2.2 Foreign Currency Risk

The Group is exposed to currency risk on investments in financial assets that are denominated in a currency other than Sri Lankan Rupees (LKR). The foreign currencies in which these transactions are primarily denominated are United States Dollars (USD).

Exposure to currency risk

The Group's exposure to foreign currency risk was as follows based on notional amounts:

	Group		Company	
	Carrying Value		Carrying Value	
	2024 Rs. 000'	2023 Rs. 000'	2024 Rs. 000'	2023 Rs. 000'
Fixed Deposits:				
USD	4,316,170	3,376,092	-	3,376,092
	4,316,170	3,376,092	-	3,376,092

44 INSURANCE AND FINANCIAL RISK MANAGEMENT (CONTD....)

44.2 Market Risk(Contd...)

44.2.2 Foreign Currency Risk (Contd...)

The following significant exchange rates were applicable during the year;

	Average Rate		Reporting date spot rate	
	2024 Rs.	2023 Rs.	2024 Rs.	2023 Rs.
USD	304.88	341.36	288.75	321.00
GBP	-	350.08	-	433.49
AUD	-	192.28	-	242.26
EUR	-	305.57	-	385.79

Sensitivity Analysis

A strengthening of the LKR, as indicated below, against the USD at 31st December 2024 would have increased/(decreased) the forex gain/loss and interest income by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

44.3 Credit Risk

The credit risk is the risk of investee companies, reinsurers and other debtors defaulting payments due. Accordingly it refers to the risk that a borrower will default on any type of debt by failing to make payments which is obligated to do. The risk is primarily that of the lender and includes loss of principal and interest, disruption to cash flows and increased collection costs.

The Group has established its own limits on concentration of investments by single issuers and certain asset classes and also limits investments in illiquid instruments.

No investment has been made in term deposits other than in Licensed Commercial Banks and Licensed Specialized Banks.

Investment grade credit rating for both the entity and the instrument by a recognised credit rating agency is expected for all investments in corporate debentures and commercial papers.

No debt investment has been made in any of the related companies.

A comprehensive credit analysis is carried out internally prior to making any investment in a debt security.

The Maximum Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

As at 31st December	Note	Group		Company	
		2024 Rs. 000'	2023 Rs. 000'	2024 Rs. 000'	2023 Rs. 000'
Held To Maturity (HTM)	5	82,805,116	72,571,731	-	72,571,731
Loans and Receivable (L&R)	5	52,926,445	27,884,412	-	27,884,412
Available For Sale (AFS)	5	160,387,039	28,354,385	25,900,124	28,354,385
Loans to policyholders	12	2,288,853	2,095,884	-	2,095,884
Reinsurance receivable	13	3,260,696	1,868,737	-	1,868,737
Premium receivable	14	5,933,582	6,290,934	-	6,290,934
Other assets	16	18,422,206	13,623,084	10,966,118	4,825,689
Cash and cash equivalents	18	33,130,712	18,520,139	555,913	5,885,171
		359,154,649	170,709,306	37,422,155	149,276,943

Government Securities

Government securities consist of investments in treasury bills, treasury bonds, development bonds and reverse repurchase agreements which are referred to as risk free instruments by nature.

Corporate Debt Securities

The corporate debt securities consist of corporate debentures which are listed in the Colombo Stock Exchange and are guaranteed by local and foreign credit rating agencies. An analysis of credit ratings of the issuers of debt securities are given in this note.

Loans to policyholders

Credit risk related to the policyholder loans is the financial losses which could arise due to non-settlement of loans by policyholders.

The Group has issued loans to policyholders, considering the surrender value of the policy as collateral. As at the reporting date, the carrying value of the policy loans granted amounted to Rs. 2,289 mn (2023 - Rs. 2,096 mn), and the related surrender value is Rs. 3,731 mn (2023 - Rs. 3,417 mn).

Reinsurance receivable

This is the risk of reinsurers failing to fulfil their financial obligations towards the Group.

Management assesses the creditworthiness of reinsurers on a regular basis and ascertains the suitable allowance for impairment of reinsurance assets.

The Board of Directors of the Group has assessed the potential impairment loss of reinsurance receivables of the financial statements as at the reporting date in respect to the reinsurance receivable.

Premium receivable

This consists of premium receivable from policyholders and intermediaries that create the risk of financial losses due to non-settlement of dues or taking substantial time to settle dues.

In life insurance, credit risk is minimal since premium is collected before the policy is issued. In General Insurance Business, the premium warranty clause which states that a claim is not payable if the premium is not settled within 60 days, has reduced the credit risk to a greater extent.

The Board of Directors of the Group has assessed the potential impairment loss on premium receivables as at the reporting date and adequate provisions have been made in the financial statements.

Other Receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables.

Notes to the Financial Statements

44 INSURANCE AND FINANCIAL RISK MANAGEMENT (CONTD....)

44.3 Credit Risk (Contd...)

The Maximum Exposure to credit risk (Contd...)

Cash and cash equivalents

This consists of short-term investments, cash at bank and cash in hand as at reporting date. Short-term deposits include fixed deposits and call deposits placed in both banks and financial institutions. Further, the cash at bank mainly consists of favourable balances in savings and current accounts of private and government commercial banks.

The Group has selected its bankers by considering the credit ratings of the rating agencies and the efficiency of transaction processing by them. The Group held cash and cash equivalents of Rs. 33,131 mn as at 31st December 2024 (Rs. 18,520 mn as at 31st December 2023) which represent its maximum credit exposure on these assets.

45 COMMITMENTS, CONTINGENCIES AND GUARANTEES

45.1 Commitments

The Group does not have significant capital commitments as at the reporting date other than that are described below:

The Lanka Hospitals Corporation PLC

Capital commitments of the Group and Company in respect of the on going projects but not incurred as at the financial year end 31st December 2024 amounted to Rs.232 Mn (2023 : Rs.168 Mn).

Litro Gas Lanka Limited

Capital expenditure approved by the Board as at 31 December 2024 is Rs. 623 million (2023- Rs.2018 million). There is an ongoing legal matter for the advance payment of Rs.20 million paid for purchase of oxygen cylinders.

Litro Gas Terminal Lanka Limited

As at 31st December 2024, the Board of Directors has authorised significant capital expenditure commitments, including Rs. 792 million (Committed Capital & Operational Expenses) for the requalification of storage spheres (tanks) and Rest. 2.3 billion for the lease of land at Kerawalapitiya.

Notes to the Financial Statements

45 COMMITMENTS, CONTINGENCIES AND GUARANTEES (CONTD...)

45.2 Contingent Liabilities & Guarantees

There were no significant Contingent Liabilities & Guarantees for which no provision has been made in the accounts or approved by the Board but not contracted as at the reporting date that would require adjustments to, or disclosure in the Financial Statements, other than which is described below.

Sri Lanka Insurance Corporation Ltd.

Value Added Tax and Nation Building Tax Assessments issued by the Commissioner General of Inland Revenue

The Inland Revenue Department has taken a view that Reinsurance claims received from foreign reinsurers for the General Insurance is liable for the Value Added Tax. Accordingly, the Company received a Value added Tax (VAT) Assessment on the Reinsurance Claims outstanding to Rs. 318,099,913/- and Rs.26,903,739 years of assessments 2004/2005 and 2005/2006, respectively.

This is a common assessment issued by the Department of Inland Revenue to most insurance companies in the General Insurance business. However, as a General Insurance Industry views that, they are not liable for the VAT on Reinsurance Claim.

The company has filed valid appeals against these assessments with the consultation of tax consultants. The Board of Review by letter dated 21st July 2010 determined that the assessments are valid. The Company is making an appeal to the Court of Appeal contesting the determination made by the Board of Review. The Company has provided the Liability of Rs. 345Mn pending the decision of the Court of Appeal.

The Company has received an official communication from the Inland Revenue Department stating that the company is liable for Value Added Tax and Nation Building Tax on the Financial Service based on the section 25C of the VAT Act, No 14 of 2002. Accordingly, the Company received assessment on the VAT on Financial Service and NBT on the Financial Service for the period ending 31st December 2012, 2013, 2017 and 2019 amounting to Rs.192 million, Rs. 232 million, Rs. 509 million, and Rs. 665 million respectively.

The Company has duly appealed against these assessments with the consultation of the company tax consultants. Tax Appeal Commission has determined that the assessment issued for VAT on Financial Services for the period 2012 and 2013 are valid from their letter dated 27th August 2020 and 27th January 2023 respectively. Company has appealed against the said decisions in the Court of Appeal and further, the Company has applied for a Writ order to cease the decision of Tax Appeal Commission to encashment of Bank guarantee in the Court of Appeal. States of each Case and assessments are as follows.

Year of Assessment	Status of Assessment	Nature of Contingent Liability	Measurement of contingent impact to the company
2012/2013	Pending decision from Court of Appeal	VAT on financial Services	An additional Tax Liability of Rs. 192Mn
2013/2014	Pending decision from Court of Appeal	VAT on financial Services	An additional Tax Liability of Rs. 232Mn
2017/2018	Pending decision from Tax Appeal Commission	VAT and NBT on financial Services	An additional Tax Liability of Rs 449 Mn
2019/2020	Made intention to prefer an appeal to the TAC	VAT on financial Services	An additional Tax Liability of Rs 665 Mn
2020/2021	Pending the appeal inquiry by the CGIR	VAT on financial Services	An additional Tax Liability of Rs 920 Mn

However, the same matters regarding VAT on financial services that were assessed for the years 2010 and 2011 were determined by the Court of Appeal in favor of the Company. Subsequently, three assessments relating to the years 2014, 2015, and 2016 were resolved in favor of the company by the Tax Appeal Commission, and one assessment for the year 2018 was ruled in favor of the company by the Inland Revenue Department, amounting to Rs 4.4 billion. Consequently, no additional provision has been made in the financial statements for these pending matters.

Income Tax

The Company received Income Tax Assessment for the year of assessment from 2011/2012 to 2019/2020 with respect to taxation of Life Insurance and assessment amounts of the said periods are shown in the following table. This assessment was issued by the Inland Revenue Department in contrary to the Section 92 of the Inland Revenue Act, No 10 of 2016. Further, this is a common Income Tax assessment that has been issued by the Inland Revenue Department for the Life Insurance companies in the insurance industry. The view of the industry, Company and company's tax consultants are that those assessment will not materialise. Therefore, no additional provision has been made in the financial statements.

The Company has duly appealed against these assessments with the consultation of company's tax consultants. The Tax Appeal Commission has determined that the assessments issued for Income Tax for the periods 2011/2012, 2012/2013, and 2013/2014 are valid, as per their letters dated 18th August 2020, 14th December 2021, and 27th January 2023 respectively. The Company has appealed against the said decision in the Court of Appeal. Additionally, the Tax Appeal Commission has determined the assessment issued for Income Tax for the period 2014/2015 by their letter dated 27th February 2024, partly allowing the appeal, and the company is in the process of appealing to the Court of Appeal. Furthermore, the Tax Appeal Commission has determined the assessment issued for Income Tax for the period 2016/2017 in favour of the company by their letter dated 12th September 2023. The Inland Revenue Department has appealed against the said decision in the Court of Appeal, and further, the bank guarantee has been released to the Company by the Tax Appeal Commission by their letter dated 22nd November 2023 and 25th June 2024, respectively. States of each assessment are provided in the table below.

Year of Assessment	Status of Assessment	Nature of Contingent Liability	Measurement of contingent impact to the company
2011/2012	Pending decision from Court of Appeal	Income Tax	An additional Tax Liability of Rs. 524 Mn
2012/2013	Pending decision from Court of Appeal	Income Tax	An additional Tax Liability of Rs. 296 Mn
2013/2014	Pending decision from Court of Appeal	Income Tax	An additional Tax Liability of Rs. 768 Mn
2014/2015	Pending decision from Court of Appeal	Income Tax	An additional Tax Liability of Rs 1,036 Mn
2015/2016	Pending decision from Tax Appeal Commission	Income Tax	An additional Tax Liability of Rs. 1,374 Mn
2016/2017	Pending decision from Court of Appeal	Income Tax	An additional Tax Liability of Rs. 1,823 Mn
2017/2018	Pending decision from Commission General Inland Revenue	Income Tax	An additional Tax Liability of Rs 2,170 Mn
2018/2019	Pending decision from Tax Appeal Commission	Income Tax	An additional Tax Liability of Rs 626 Mn
2019/2020	Pending decision from Tax Appeal Commission	Income Tax	An additional Tax Liability of Rs 493 Mn
2020/2021	Pending the appeal inquiry	Income Tax	An additional Tax Liability of Rs 48 Mn

45 COMMITMENTS, CONTINGENCIES AND GUARANTEES (CONTD.)

45.2 Contingent Liabilities & Guarantees (Contd.)

Ongoing Supreme Court Cases

SLIC has filed a civil case against Ceycece Brokers under case number SC/HCCA/LA 14/2023 to recover Rs. 1,981,883/-, representing insurance premiums collected but not remitted by the broker for policies issued between 1994 and 2003. The District Court and the Civil Appellate High Court have both ruled in favor of SLIC. The broker has appealed to the Supreme Court, and the case is fixed for support on 10.09.2025.

In case number SC Appeal 107/2014, a tenancy dispute has arisen between SLIC and the plaintiff concerning the Weligama Branch premises. The plaintiff has filed a civil case to recover alleged lease rental arrears, while SLIC argues that the plaintiff violated the terms of the lease agreement. Judgments from both the District Court and the Civil Appellate Court were unfavorable to SLIC. A leave to appeal application has been granted by the Supreme Court, and the case is ongoing.

Case number SC/APL/0036/24 was filed by an Insurance Organizer seeking EPF, ETF, and gratuity entitlements. The Supreme Court has granted leave to proceed, and arguments are scheduled for 21.11.2025.

Under case number SC/SPL/LA/173/24, a SLIC employee union has filed a petition challenging the Company's segregation order. The case is scheduled for support on 09.07.2025 at the Supreme Court.

The Lanka Hospitals Corporation PLC

Liabilities

Pending litigations against The Lanka Hospitals Corporation PLC with a maximum liability of Rs. 918.7 M exist as at the reporting date. Based on the information currently available company has been advised by its legal council that it is not probable the ultimate resolution of such legal procedures would not likely have a material adverse effect on the result of the operations, financial position or liquidity of the company. Accordingly, no provision for any liability has been made in these financial statements in this respect.

Assets

There were no material contingent assets as at the reporting date which would require adjustments to, or disclosure in the financial statements.

Management Services Rakshana (Pvt) Limited

There are ongoing legal cases as at 31st December 2024 as follows.

Case No	Court	Status
01/50/2022	Labour Tribunal	Cross Examination
HCA/LT/68/2024	High Court	Argument
HCA/LT/60/2024	High Court	Order
HCA/LT/0004/25	High Court	Written Submission

46 SEGREGATION PROCESS OF SRI LANKA INSURANCE CORPORATION LIMITED

46.1 Legal Background for the Segregation (IRCSL Requirement)

In accordance with Section 53 of Regulation of Insurance Industry (Amendment) Act No.03 of 2011, Segregation guidelines issued by the Insurance Regulatory Commission of Sri Lanka (ref: IIRSL/DG/LEG/14/02/089 and IIRSL/DG/LEG/13/09/468), and following the Cabinet decision No. 23/0431/604/046 dated on 17th March 2023, as well as the approved segregation model under Cabinet Decision No. 23/2397/604/239 dated on 18th December 2023, Sri Lanka Insurance Corporation Ltd was restructured into two separate legal entities.

On 22nd December 2023, a case was filed in the District Court and obtained a court order for segregation with effect from 02nd January 2024. Subsequently on 19th January 2024 SLIC petitioned the Commercial High Court of Colombo as per Section 256 of the Companies Act No. 7 of 2007 and obtained approval for the Scheme Arrangements. Wide powers are conferred upon the Commercial High Court in terms of a S. 256 application, including as regards the transfer of assets and liabilities. S. 257(1)(a) of the Companies Act specifically provides for the Court to make the orders; "the transfer or vesting of movable or immovable property, assets, rights, powers, interests, liabilities, contracts and engagements;"

An Extraordinary General Meeting was held on 16th January 2024 on order to approve the major transaction arising from segregation. With the requisite Cabinet, court and shareholder's approvals obtained, SLIC has complied with the regulatory requirement mandating the separation of its insurance businesses of Life and General. Consequently, the Insurance Regulatory Commission of Sri Lanka (IRCSL) granted insurance licenses effective from 01st February 2024 to Sri Lanka Insurance Corporation Life Limited and Sri Lanka Insurance Corporation General Limited, respectively.

The license for carrying out insurance business was terminated for Sri Lanka Insurance Corporation Ltd with effect from 01st February 2024 with the segregation. Furthermore, the Insurance Regulatory Commission of Sri Lanka granted an insurance license to Sri Lanka Insurance Corporation Life Ltd to conduct life insurance business and to Sri Lanka Insurance General Ltd to conduct non-life insurance business, both with effect from 01st February 2024. SLIC received an extension to use the name 'Sri Lanka Insurance Corporation Limited' until the conclusion of the case bearing No. SC SPL/LA 173/24, subject to obtaining the legal opinion/advice of the Honourable Attorney General on the matter, as determined by the IRCSL.

Employees who were seconded to Sri Lanka Insurance Corporation Limited (SLIC) by Management Services Rakshana (Pvt) Limited have been transferred to Sri Lanka Insurance Corporation Life Limited and Sri Lanka Insurance Corporation General Limited with the implementation of the segregation of Sri Lanka Insurance Corporation Limited effective from 01st February 2024.

Due to the above employee transfers as a result of segregation process, the management is in the process of evaluating the business operation of MSRPL upon settlement of employee related legal cases to make a decision regarding the potential winding up of the MSRPL as stated in Note 48.1.

46.2 Exclusion of SLFRS 3 requirements for the segregation

In accordance with SLFRS 3 – Business Combinations, transactions between the entities under common control are specifically scoped out of the standard. Therefore, the transfer of assets and liabilities between the entities that are ultimately controlled by the same party or parties before and after the transaction does not constitute a business combination under SLFRS 03.

Accordingly, such transactions are accounted using alternative accounting policies that reflect the underlying substance of the transaction. In this context, the subsidiaries have recognised the transferred assets and liabilities in line with the terms set out in the Scheme of Arrangement and the guidelines on presentation and disclosures issued by the Institute of Chartered Accountants Sri Lanka in terms of Section 53 of Regulation of Insurance Industry (Amendment) Act No.03 of 2011. No goodwill or gain on acquisition is recognised, ensuring continuity of book values and comparability of financial information across reporting periods.

Notes to the Financial Statements

46 SEGREGATION PROCESS OF SRI LANKA INSURANCE CORPORATION LIMITED (CONTD.)

46.3 Application of SLFRS 5 -Non-current assets held for sale and Discontinued operations

Segregation of insurance businesses under the above requirement would not meet the definition of assets held for sale because the carrying amount of the transferred assets will not be recovered principally through a sales transaction, but rather through continuing use. Although the entity receives value for the assets in the form of an investment in a subsidiary, that investment will only be realised through continuing use, if a sale is not planned by the Company.

Therefore, in substance, this segregation is only a change in the mode of operation or restructuring the insurance business. Under such restructuring, it should be noted that the entity has not lost the control of the assets, and therefore, the assets cannot be considered to have been disposed of. Therefore, segregation of insurance business is considered as out of scope for the application of SLFRS 5 "Noncurrent Assets Held for Sale and Discontinued Operations".

46.4 Transfer of Business Assets and Liabilities in to the new two legal entities

Prior to this formal segregation, the Company had been operating its Life and General insurance divisions as separate business segments, each with its own profit and loss statements, financial operations, and strategic focuses. This independent management ensured that the assets and liabilities of each business segments were already distinctly allocated.

The allocation of assets and liabilities between the life and general insurance businesses was conducted in accordance with the approved scheme of arrangement, ensuring that each Company received the appropriate assets and liabilities corresponding to their respective lines of business.

Furthermore, SLICLL and SLICGL followed all applicable laws, regulations, directions of the IRCSL, and accounting standards requirements for this segregation and the allocation of assets and liabilities. It should be noted that all unrealized reserves corresponding to the assets, as well as all liabilities related to retained earnings, were not transferred and were retained with the Company as per the Scheme of Arrangement approved by the High Court.

The legal ownership of the assets transferred has been passed from the Company to SLICLL and SLICGL as sanctioned by high court order on the scheme of arrangement approved by relevant authorities. However, that recording such transfers in the records maintained by certain relevant authorities requires certain further practical steps to be affected. These would include certain other formalities including administrative name changes where required, for which the Court Order would have to be submitted to the relevant authorities, along with other formalities required by such authorities.

These administrative transitions of SLICLL and SLICGL including name changes with third parties is ongoing to ensure all records reflect the new legal ownership as per the Scheme of Arrangement approved by the High Court as per Sec. 30 of Regulation of Insurance Industry Act No. 43 of 2000 in respect of assets being kept in the name of insurer.

Accordingly, due to these ongoing operational and administrative challenges, a potential non-compliance related to administrative procedures under Section 30 of Regulation of Insurance Industry Act No. 43 of 2000 has been noted. Further, SLICLL and SLICGL requested for an extension from the Insurance Regulatory Commission of Sri Lanka (IRCSL), as certain administrative matters including administrative name change related to the segregation are still ongoing and being addressed as part of the broader post-segregation implementation and in the process of receiving a written response from IRCSL.

47 EVENTS AFTER THE REPORTING DATE

There were no significant events after reporting date other than what is disclosed below, which require adjustments or disclosure in the financial statements.

Group

47.1 Litro Gas Lanka Limited

No circumstances have arisen since the reporting date, which would require adjustments to, or disclosure, in the financial statements.

47.2 Litro Gas Terminal Lanka Limited

There were no other material events that occurred after the reporting date that require adjustment to or disclosure in the Financial Statement.

47.3 Lanka Hospitals Corporation PLC

There were no other material events that occurred after the reporting date that require adjustment to or disclosure in the financial Statement.

47.4 Sri Lanka Insurance Corporation Life Limited

Subsequent to 31st December 2024, the following changes took place in the Board composition of Sri Lanka Insurance Corporation Life Limited:

1. Mr. Nishantha Dayamanda resigned with effect from 01st January 2025
2. Mr. Anil Kosowatte resigned with effect from 02nd January 2025.

Further, with effect from 1st January 2025, the following individuals were appointed to the respective Boards in terms of the Article of Association and the Companies Act No. 7 of 2007, in addition to the existing directors:

1. Mr. R. P. Buultjens
2. Mr. R. Dharmendra
3. Mr. N. D. B. Unamboowe, PC

The following Board of Directors shall hold office until the next Annual General Meeting and shall then be eligible for re-election in terms of the Articles of Association.

Name of Director	Date of Appointment
Mr. Nishantha Kumaratunga	23.10.2024

Mr. N. D. B. Unamboowe, PC	Non Executive	01.01.2025
Resignations		
Mr. Nishantha Dayananda	Non Executive	01.01.2025
Mr. Anil Koswate	Non Executive	02.01.2025

47.6 Company - Sri Lanka Insurance Corporation Limited

Subsequent to 31st December 2024, the following changes took place in the Board composition of Sri Lanka Insurance Corporation Life Limited:

1. Mr. Nishantha Dayananda resigned with effect from 1st January 2025
2. Mr. Anil Koswate resigned with effect from 2nd January 2025.

Further, with effect from 1st January 2025, the following individuals were appointed to the respective Boards in terms of the Article of Association and the Companies Act No. 7 of 2007, in addition to the existing directors:

1. Mr. R. P. Baulijem
2. Mr. R. Dharmendra
3. Mr. N. D. B. Unamboowe, PC

The following Board of Directors shall hold office until the next Annual General Meeting and shall then be eligible for re-election in terms of the Articles of Association.

Name of Director	Date of Appointment
Mr. Nirodh Kumaratunga	23.10.2024
Mr. Dushantha Thotawane	06.10.2023
Mr. K. Ravindra Pathmapriya	06.10.2023
Mr. R. P. Baulijem	01.01.2025
Mr. R. Dharmendra	01.01.2025
Mr. N. D. B. Unamboowe, PC	01.01.2025

These changes are not expected to have a material impact on the financial position of the Company as of the balance sheet date. However, they will be considered in the company's future strategic decisions.

48 GOING CONCERN

The Directors have made an assessment of the Group's ability to continue as a going concern, being satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, Directors are not aware of any material uncertainties that may cast significant doubt upon the Group's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

In preparing these financial statements, the management has assessed the existing effects of the economic conditions, divestiture and possible impact due to segregation of Life & General business and the use of going concern basis of preparation. The Company has been evaluating the resilience of its businesses, considering a wide range of factors such as profitability, revenue streams, working capital management, capital expenditure, cash reserves, travel restrictions, ESG considerations, and cost management initiatives implemented by the Company in order to be able to continue business under current global & local economic conditions. Based on the analysis and future outlook based on available information, Directors are not aware of any material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern.

48.1 Management Services Rakshana (Pvt) Ltd

Due to the pending legal matters involving employees, the board has decided to continue the operations of Management Services Rakshana (Pvt) Ltd until these issues are fully resolved. Once all outstanding legal cases have been settled, the management will evaluate the situation and make a decision regarding the potential winding up of the Company. Accordingly, the financial statements have been prepared based on the assumption of the principle of the articles of a going concern.

Legal Form

Sri Lanka Insurance Corporation Limited. was established under the provisions of Insurance Corporation Act No. 2 of 1961 as a State-Owned Corporation. In 1993, the Corporation was converted to a fully government owned limited liability company of which the sole shareholder of 100 per cent shares was the Secretary to the Treasury, under the Conversion of Public Corporations or Government owned Business Under-takings into Public Companies Act, No. 23 of 1987. Under the privatization programme of the Government, the Company was privatized in 2003 and was under the private management for a brief period of six years. The Corporation was re-registered under the companies Act No. 7 of 2007. Pursuant to the Supreme Court Judgment on 04 June 2009, annulling the privatization, 99.98 per cent shares are vested with the Secretary to the Treasury on behalf of the Government of Sri Lanka.

Notice of Annual General Meeting

Notice is hereby given that the Fifty First (51st) Annual General Meeting (AGM) of Sri Lanka Insurance Corporation Limited (Company) will be held on Monday 30th June 2025, at 10.00 a.m. at its registered office (the Auditorium – 07th Floor), No. 21, Vauxhall Street, Colombo 02 for the following purposes:

1. Ordinary Resolution – 01

To receive and consider the Report of the Board of Directors and the Financial Statements for the year ended 31st December 2024, together with the Auditors' Report thereon.

2. To elect Directors:

(i) Ordinary Resolution – 02

To re-elect Mr. Kandegamage Ravindra Pathmapriya, a Director who retires by rotation in terms of Article 92 read with Article 93 of the Articles of Association of the Company.

Pursuant to the Companies Act, No. 7 of 2007 and Article 92 read with Article 93 of the Articles of Association of the Company, Mr. Kandegamage Ravindra Pathmapriya shall be eligible for re-election at the Fifty First (51st) Annual General Meeting and being eligible, has offered himself for re-election as a Director of the company.

The Board approved the following resolution and recommended the same to the Shareholders for their consideration and approval as an Ordinary Resolution:

“RESOLVED THAT pursuant to Article 92 read with Article 93 of the Articles of Association of the company, Mr. Kandegamage Ravindra Pathmapriya (NIC No.711021116V), who is liable to retire by rotation at the Fifty First (51st) Annual General Meeting of the company, be and is hereby re-elected as a Director of the company”.

(ii) Ordinary Resolution – 03

To re-elect Mr. Palawinnage Nusith Samarasee Kumaratunga, a Director who retires by rotation in terms of Article 92 read with Article 93 of the Articles of Association of the Company.

Pursuant to the Companies Act, No. 7 of 2007 and Article 92 read with Article 93 of the Articles of Association of the Company, Mr. Palawinnage Nusith Samarasee Kumaratunga shall be eligible for re-election at the Fifty First (51st) Annual General Meeting and being eligible, has offered himself for re-election as a Director of the company.

The Board approved the following resolution and recommended the same to the Shareholders for their consideration and approval as an Ordinary Resolution:

“RESOLVED THAT pursuant to Article 92 read with Article 93 of the Articles of Association of the company, Mr. Palawinnage Nusith Samarasee Kumaratunga (NIC No. 693431514V), who is liable to retire by rotation at the Fifty First (51st) Annual General Meeting of the company, be and is hereby re-elected as a Director of the company”.

3. To re-appoint the Auditor General as the External Auditor for the year 2025

Ordinary Resolution – 04

To re-appoint the Auditor General as the External Auditor in terms of article 154 (1) of the Constitution of the Democratic Socialist Republic of Sri Lanka.

The Board of Directors at its meeting, had recommended the re-appointment of the Auditor General of Sri Lanka for the year ended 31st of December 2025, if reappointed.

The Board approved the following resolution and recommended the same to the Shareholders for

their consideration and approval as an Ordinary Resolution.

“RESOLVED THAT the Auditor General of the Democratic Socialist Republic of Sri Lanka, be and hereby re-appointed as the External Auditor, to hold the office from the conclusion this Fifty First (51st) Annual General Meeting until the conclusion of the next Annual General Meeting of the Company and the Board of Directors of the Company be and is hereby authorized to fix their remuneration as per the applicable process & procedures”.

4. Ordinary Resolution – 05

To authorize the Directors to determine donations for the year 2025 and up to the date of the next Annual General Meeting.

5. Special Business of which is due notice has been given

Special Resolution – 01

To appoint Mr. Somadasa Palihawardena, (who is over seventy (70) years of age), to the Board of Sri Lanka Insurance Corporation Limited.

The Board of Directors has received a request from the Secretary to the Treasury Ministry of Finance, Economic Stabilization, and National Policies to appoint Mr. Somadasa Palihawardena, (who is over seventy (70) years of age), to the Board of Sri Lanka Insurance Corporation Limited and its sole subsidiaries, namely Sri Lanka Insurance Corporation Life Limited and Sri Lanka Insurance Corporation General Limited.

The Company received a formal notice under Section 212 of the Companies Act No. 7 of 2007 from Mr. Somadasa Palihawadana informing that he is 71 years old and will turn 72 on June 7, 2025. A true copy of the aforementioned letters and his CV are attached to this notice.

Accordingly, the Board of Sri Lanka Insurance Corporation Limited resolved to appoint him to the Board of Sri Lanka Insurance Corporation Limited, subject to the approval of its shareholders.

Therefore, the Board of Directors recommends the following resolution to be passed, if thought fit, by the shareholders as a “Special Resolution”, with or without any modification:

“RESOLVED THAT, the age limit stipulated in sections 210 of the Companies Act, No. 7 of 2007 shall not apply to Mr. Somadasa Palihawadana (NIC No. 195315901011) who attained the age of 72 years on 7th June 2025, and Mr. Somadasa Palihawadana is hereby appointed as a non- executive Director of Sri Lanka Insurance Corporation Limited to hold office until the conclusion of the next Annual General Meeting and, being eligible, has offered himself for reelection subject to the approval of the shareholders”.

6. Any other business of which is due notice has been given.

By order of the Board of Directors,

Shiromi Kodagoda
Company Secretary

02 June 2025

Instructions for completing the Form of Proxy are on the below or reverse side hereof.

INSTRUCTIONS FOR COMPLETING THE FORM OF PROXY

(1) A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE INSTEAD OF A MEMBER.

(2) A PROXY NEED NOT BE A MEMBER OF THE COMPANY.

(3) IF THE APPOINTER IS A COMPANY OR CORPORATION, THE FORM OF PROXY SHOULD BE EXECUTED UNDER ITS COMMON SEAL OR BY A DULY AUTHORIZED OFFICER OF THE COMPANY OR CORPORATION IN ACCORDANCE WITH ITS ARTICLES OF ASSOCIATION.

(4) IF THE FORM OF PROXY IS SIGNED BY AN ATTORNEY, THE RELEVANT POWER OF ATTORNEY SHOULD ACCOMPANY THE COMPLETED FORM OF PROXY FOR REGISTRATION, IF SUCH POWER OF ATTORNEY HAS NOT ALREADY BEEN REGISTERED WITH THE COMPANY.

(5) THE COMPLETED FORM OF PROXY MUST BE DEPOSITED AT THE REGISTERED OFFICE OF THE COMPANY AT THE COMPANY SECRETARIAT, SRI LANKA INSURANCE CORPORATION LIMITED, 08TH FLOOR, NO. 21, VAUXHALL STREET, COLOMBO 02, NOT LESS THAN 48 HOURS BEFORE THE TIME FIXED FOR THE MEETING.
