Vice Chancellor's Message

It is with great pleasure that I present the Annual Report of Eastern University, Sri Lanka (EUSL) for the year 2019. The University comprises with six faculties, a Campus at Trincomalee and an Institute for aesthetic studies. EUSL is continuously striving to provide excellent conducive learning environment for students, and have been adopting a policy of providing residential facilities for all undergraduate students.

It is worth noting that a conducive environment prevailed in the University that contributed towards learning, research, dissemination of knowledge and community outreach. Notable significance is that two research articles with EUSL affiliation received the Presidential Awards. Moreover, it is noteworthy that twenty four research articles with EUSL affiliation have been published in the year 2019 in journals indexed by Web of Science (Clarivate Analytics).

In addition to the academic activities, the students were involved in co- and extra-curricular activities such as sports, aesthetic, cultural and religious activities that mould a wholesome graduate. EUSL has a rich blend of multi-ethnic, multi-religious student community which provides a unique opportunity to experiment cultivation of harmony.

I take this opportunity to express my gratitude to the Council, the Senate, the academic community, and the administrative and nonacademic staff of EUSL for making the year 2019 productive.

Professor F. C. Ragel

1 Vice Chancellor's Review

1.1 Overview

In 2019 the Eastern University, Sri Lanka continued to deliver its academic activities through its eight faculties and 37 departments of study.

The Eastern University, Sri Lanka (EUSL), was established on the 01st of October 1986 by a University Order dated 26th September 1986 issued under Section 2 of the Universities Act No: 16 of 1978. The University was preceded by the Batticaloa University College established on 01st August 1981 which was started in the buildings of the Vantharumoolai Madya Maha Vidyalayam. The Batticaloa University College began with two faculties: The Faculty of Science and the Faculty of Agriculture and both these faculties were affiliated to the University of Peradeniya. Two new faculties viz. the Faculty of Commerce and Management and the Faculty of Cultural Studies were established in 1988. The Faculty of Cultural Studies was then expanded and renamed the Faculty of Arts and Culture in 1991. The Faculty of Health-Care Sciences was established by Gazette notification on 23rd November, 2004. The Faculty of Technology is the youngest faculty in EUSL which was established by Gazette notification on 18th January, 2018.

Trincomalee Campus of the Eastern University was originally established as Trincomalee Affiliated University College in April 1993 at Trincomalee which was affiliated to the Eastern University, Sri Lanka. When the University College system was abolished, Trincomalee Affiliated University College was upgraded as Trincomalee Campus of the Eastern University, Sri Lanka which was established with effect from 15th June 2001 by Gazette notification dated 6th June 2001 with the two Faculties, namely Faculty of Communication and Business Studies and Faculty of Applied Science. Subsequently a unit of Siddha Medicine was also established.

Swamy Vipulananda Institute of Aesthetic Studies (SVIAS) was affiliated to Eastern University, Sri Lanka with effect from the 14th of March 2005 through the gazette of the Democratic Socialist Republic of Sri Lanka – Extra ordinary dated Jun 3rd 2005. Before affiliation it was called Swamy Vipulananda College of Music and Dance, established on 29th May 1982 by the Ministry of Regional Affairs and Hindu Culture and then under the Ministry of Cultural Affairs.

Eastern University, Sri Lanka has a strong focus on producing competent graduates to serve socio-economic and cultural needs of the country. It is also striving to enhance its research capacities with specific emplanes in promoting multidisciplinary research to serve the needs of the region and country. It also realizes its role to provide peace and harmony to the region.

1.3 Failure and Justification

- There have been lack of focus on an institutionalized effort on Internal Quality Assurance and orienting the curriculum development / revisions incorporating modern trends such as Outcome Based Education and Student-Centered learning (SCL) as it was not been in the old Corporate Plan / Action Plan.
- There has not been an integrated plan for research development concentrating on local needs and high impact research of international significant, and measure are being taken to rectify the gap.

- University has faced more student unrests due to various issues and measures are being taken to build stakeholder confidence on the institutional governance.
- Limitation of staff resource and physical facilities are ongoing struggles, which resulted in delay of calendar and our requests for the required resources have been communicated to higher authorities.

		1.4.4	Enhancing Career Guidance and Personality Development of Students		
		1.4.5	Ensuring student-friendly administrative, academic and technical support system.		

GOAL 2: Achieve Standards of Excellence in Research, Innovation and Postgraduate Training

Objectives		Strategies		Key Performance Indicators (KPIs)	
					Baseline†
2.1	Achieve standards of excellence in research	2.1.1	Enhancing infrastructural and policy environment for research	KPI 7: Number of annual publications in journals indexed by Web of Science	14
		2.1.2	Promoting interdisciplinary research for socio-economic development of region and nation.	KPI 8: RG score for EUSL in ResearchGate (<i>based on number of research publications in peer reviewed journals / conference proceedings</i>)	362
		2.1.3	Promoting research for generation of new knowledge of global significance/impact		
		2.1.4	Ensuring quality of research	KPI 9: Number of academics with Google <i>h</i> -index ≥4	11
2.2	Strengthen Research Degree programmes	2.2.1	Establishing Faculty of Graduate Studies	KPI 10: Number of post-graduate studies in the fields of growing demand (<i>No of Masters/MPhil/PhD students</i>)	91 /10 /02
		2.2.2	Encouraging enrolment of research students.		
		2.2.3	Establishing collaborations for research degrees	KPI 11: Number of on-going research collaborations (<i>local/international</i>)	12
2.3	Enhance industrial interaction and commercialization of research and innovation.	2.3.1	Establishing industry-university partnership.	KPI 12: Number of startups/ commercialization / patents.	0 / 0 / 0
		2.3.2	Promoting commercialization of research		

GOAL 3: Enhance Institutional Capacity and Governance

Objectives		Strategies		Key Performance Indicators (KPIs)	
					Baseline†
3.1	Enhance strength and quality of staff	3.1.1	Adopting human resource policies on staff recruitment, career progression, professional development, etc.	KPI 13: Academic staff with PhD in relevant fields (<i>Number & percentage of total academic staff</i>)	58 (30%)
		3.1.2	Promoting a university culture that value quality, commitment, institutional responsibility, selfless service with social responsibility	KPI 14: Level of Graduation (<i>% of cohort graduation</i>)	69.31%

Objectives		Strategies		Key Performance Indicators (KPIs)	
					Baseline†
3.2	Secure, improve and develop infrastructure facilities	3.2.1	Updating Master Plan	KPI 15: Level of availability of required physical infrastructure (<i>hostels, common amenities, access facilities, etc.</i>) - (% of students rating: <i>highly satisfactory/ satisfactory/ above average/ average/ poor</i>)	8/45/26/15/6
		3.2.2	Constructing infrastructure facilities for New Faculties / Departments		
		3.2.3	Improving and maintaining the existing infrastructure facilities		
3.3	Enhance Governance and Management	3.3.1	Enhancing accountability and transparency	KPI 16: Number of Audit Queries	9 (in 2016)
		3.3.2	Managing resources effectively and efficiently		
3.4	Maintain an effective Quality Assurance System	3.4.1	Ensuring alignment with national policy on QA in HE		
		3.4.2	Enhancing internal quality assurance mechanisms.		

GOAL 4: Enhance Community Engagement, Consultancy and Outreach

Objectives		Strategies		Key Performance Indicators (KPIs)	
					Baseline†
4.1	Widen participation and equitable access to higher education	4.1.1	Developing and operational procedure.	KPI 17: Percentage/number of study opportunities for distance learning - (% out of total qualified applicants)	65%
			Widening the access to external study programmes	KPI 18: Completion rate of distance learning and offcampus courses - (% of completion out of registered)	37%
		4.1.3	Recognizing exceptional skills and facilitate required training		
4.2	Enhance community services and outreach programmes	4.2.1	Developing co- and extra-curricular activities to engage students and staff with the community	KPI 19: Level of engagement in social, cultural and extra-curricular activities (<i>students & staff</i>) - (% rating: <i>highly satisfactory/satisfactory/above average/ average/ poor</i>)	8/45/26/15/6
		4.2.2	Promoting laboratory services and outreach activities		
4.3	Provide advisory and consultancy services	4.3.1	Promoting appropriate mechanisms and procedures to engage academia to take on consultancies.	KPI 20: Number of events / programmes completed	40
		4.3.2	Providing opportunities to communities for getting consultancy, advisory services and training.	KPI 21: Number of consultancies	
4.4	Promote entrepreneurship and partnership	4.4.1	Strengthening a strong University Business Linkage (UBL) between industry-university-community.	KPI 22: Number of successful businesses/ commercialized indigenous and new practices supported by EUSL	0
		4.4.2	Promoting commercialization linking with industry		

The University is in the process of implementing the activities under the Accelerating Higher Education Expansion and Development (AHEAD) Project that would additionally contribute to the above stated strategy. ELTA-ELSE Faculty Development Grants won by Faculty of Science and Faculty of Agriculture (Rs. 100 Mn each), and ELTA-ELSE Department Development Grants won by three departments, namely Department of Animal Science, Department of Commerce and Department of Language & Communications Studies (15 Mn each) will enhance Learner Centered Teaching (LCT), and enable to implement Outcome Based Education (OBE) and blend socio-emotional skills into the curriculum, and also enhance English Language as second language to achieve UTEL benchmarks. The above stated AHEAD project activities are directly related to strategies 1.1.2, 1.2.1, 1.2.2, 1.4.2, 1.4.3 and 1.4.4. Consolidated funds will be utilized for entities do not benefit from the AHEAD programme.

The Goal-2 of the Strategic Plan shows that research is promoted in two fronts: (1) for socio-economic development of the region and nation; and (2) for generation of new knowledge of global significance/impact.

Under the 1st research strategy, we have started a coordinated effort with key external public and private organizations, to address community and environmental issues in the region through **Honours degree** research projects and disseminate the findings through **Annual Research Sessions** conducted by individual faculty by inviting key stakeholders. A separate window of funding is being introduced through University Research Grant to take exceptional work to the next stage. To promote the 2nd research strategy, Output Based Research Award scheme is introduced for Publications in Journals indexed by Web of Science and Scopus. Each award is based on impact factor and the number of affiliations with a ceiling of Rs. 250,000 per academic for a publication and the accumulated funds for each researcher can be used for Research related activities (e.g. overseas visits for research and conferences, journal processing fee, payment for research assistants, etc.).

More funds are reserved to develop a vibrant research culture, and two Development Oriented Research (DOR) grants (Rs. 40 Mn each) under AHEAD project will add value for this goal. Encouraging and facilitating overseas collaborations (e.g. inviting visiting scholars) to study local issues is a future strategy to enhance quality research output, particularly in the field of social sciences and humanities.

The University is in the process of establishing a Consciousness Based Education Unit integrating ancient wisdom (meditation/yoga) with insights in modern science (quantum physics, unified field and neuroscience) to stimulate a realization of fundamentals how nature behaves connecting to values of spirituality, thereby stimulate a self-realized transformation, that would possibly be solutions for drug addiction, ragging, stress, self-centeredness, desperateness, etc.

2.5 Performance Indicators of Resources and Services

a. Graduates' Satisfaction survey

The survey was conducted for the graduates from each faculty in the year 2019, and the compiled information on “graduates’ satisfaction” are given below.

b. Graduate Employability

A measure on the employability of EUSL graduates were obtained by a survey conducted among the graduates at the Special General Convocation – 2019, which were held on 6th of April, 2019. The census of the graduates included four faculties from main center, EUSL and two faculties from Trincomalee campus, EUSL. The employment status

of graduates was decided based on their responses to questions on the questionnaire. If an employed graduate's salary was less than Rs. 10,000, then they were considered to be under employed.

The summary of the analysis is given in figures 14, 15, and 16. In future, the survey will be extended to find the employability after two years since graduation.

1.2. Principal Activities and Nature of Operations

The principal activities of the Eastern University, Sri Lanka are promotion of higher learning and research activities in keeping with National Policy by providing higher learning facilities to the students.

1.3. Trincomalee Campus

The Trincomalee Affiliated University College (AUC) which was established in April 1993 under Ordinance No: 1 of 1993 by the Universities Act No: 16 of 1978 was amalgamated with the Eastern University with effect from 15.06.2001 by Gazette Notification dated 06.06.2001. The Financial Management of the Trincomalee Campus is under the purview of the Eastern University. The Trincomalee Campus is obtained release of fund for Recurrent and Capital Expenditure directly from the General Treasury. The financial transactions of the Trincomalee Campus are incorporated into the accounts of the Eastern University, Sri Lanka.

1.4. Consolidated Financial Statements

Consolidated Financial Statements of the Eastern University, Sri Lanka, as at and for the year ended 31st December 2019 encompass the Main University and the Trincomalee Campus.

1.5. Date of authorization for issue

The Consolidated Financial Statements were authorized for issue to the Auditor General Department by the Council at its 305th meeting held on 09th June 2020.

1.6. Financial Period

The financial period of the University represents twelve months period from 1st January 2019 to 31st December 2019.

2. Summary of Significant accounting policies

2.1. General accounting policies

The Financial statements of the University have been prepared in accordance with Sri Lanka Public Sector Accounting Standards (SLPSAS) promulgated by the Institute of Chartered Accountants of Sri Lanka.

Whereas there is no standard stipulated in the SLPSAS, The Sri Lanka Accounting Standards (LKAS/SLFRSs) and International Public Sector Accounting Standards (IPSASs) had been followed. The Financial Statements for the year ended 31st December 2018 are presented in the formats that were introduced by the

Department of Public Enterprises by Circular No: PED/19 of 19th December 2003 and adopted by the University Grants Commission by the Finance Circular No: 2/2004 of 23rd January 2004 with suitable modifications where necessary.

The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied to all periods presented in the financial statements unless otherwise stated.

2.2. Basis of preparation of Financial Statements

These financial statements comprise the Statements of Financial Position, Statement of Financial Performance, Statement of Changes of Equity and Net Assets, Statement of Cash flows and Notes to the Financial Statements. These financial statements have been prepared in accordance with the Sri Lanka Public Sector Accounting Standards (SLPSAS).

2.2.1. Basis of Measurement

The financial statements have been prepared on historical cost basis.

2.2.2. Comparative Information

Comparative information including quantitative, narrative and descriptive information is disclosed in respect of the previous period for all amounts reported in the financial statements in order to enhance the understanding of the financial statements of the current period and to improve comparability.

Where necessary, comparative figures have been re-arranged to conform to the current year's presentation.

2.2.3. Functional and presentation currency

The financial statements are presented in Sri Lankan Rupees (Rs), functional and presentation currency of the University, which is the primary economic environment in which the University operates.

All financial information presented in Sri Lankan Rupees has been rounded to the nearest rupee, unless stated otherwise.

2.2.4. Translation of foreign currency transaction

Transactions in currencies other than Sri Lanka Rupees are converted into Sri Lanka Rupees at rates which approximate the actual rates at the transaction date. At the reporting date, monetary assets (including securities) and liabilities denominated in foreign currency are converted into Sri Lanka Rupees at the rate of exchange at that date. Non-monetary assets and liabilities in foreign currencies that are stated at historical cost are translated at the foreign exchange rate at the date of the transaction. Realized and unrealized exchange differences are reported in the statement of financial performance.

2.2.5. Materiality and Aggregation

Each material class of similar items is presented separately in the financial statements. Items of a dissimilar nature or function or are presented separately unless they are immaterial.

2.3. Assets and the bases of their valuation

2.3.1. Property, plant and equipment (PPE)

a. Recognition and measurement

All Property, plant and equipment are initially recorded at cost less accumulated depreciation and any impairment losses.

Significant components of an asset are identified and depreciated separately. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity derecognizes the replaced part and recognizes the new part with its own associated useful life and depreciation.

All other repair and maintenance costs are recognized in the Statement of Financial Performance as incurred.

b. Cost

The cost of property, plant and equipment comprises its purchase price and any directly attributable cost of bringing the asset to working condition for its intended use.

Property, plant and equipment is stated at cost, excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Such cost includes the cost of replacing part of the property, plant and equipment when that cost is incurred, if the recognition criteria are met.

c. Additions

The cost of an item of Property, plant and equipment is recognized as an asset if it is probable that future economic benefits or service potential associated with the item will flow to the University and the cost of the item can be measured reliably. In most instances, an item of Property, plant and equipment is recognized at its cost. When an asset is donated, it is recognized at fair value as at the date of acquisition.

d. Disposals

Gains and losses on disposal are determined by comparing the proceeds with the carrying amount of the assets, and are included in the Statement of Financial Performance.

e. Subsequent costs

Costs incurred subsequent to initial acquisition are capitalized only when it is probable that future economic benefits or service potential associated with the item will flow to the University and the cost of the item can be measured reliably.

Expenditure incurred to replace a component of an item of property, plant and equipment that is accounted for separately, including major inspection and overhaul expenditure, is capitalized. Other subsequent expenditure is capitalized only if it is probable that the future economic benefits or service potential embodied within the part will flow to the University and its cost can be measured reliably.

f. Depreciation

Depreciation is provided on a straight –line basis on all property, plant and equipment other than land, at rate that will write off the cost of the asset over their useful lives.

Depreciation is provided at the following rates on their cost as per the UGC Circular No: 649 of 5th October 1995.

Buildings	5%
Office Furniture	10%
Plant and Machinery	10%
Office Equipment	20%
Books and Periodicals	20%
Vehicles	20%
Cloaks	20%
Telephone	20%

According to the Accounting Policies of the University, Depreciation of an asset begins when it is available for use. *i.e.*, when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Depreciation of an asset ceases when the asset is derecognized”.

g. De recognition

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de recognition of the asset calculated as the difference between the net disposal proceeds and the carrying amount and included in the Statement of Financial Performance in the year when the asset are derecognized.

2.3.2. Work in Progress

Capital work-in-progress is stated at cost, less any impairment losses. These are expenses of a capital nature directly incurred in the construction of property, plant and equipment awaiting capitalization. Capital work-in-progress would be transferred to the relevant asset category in property plant and equipment, when it is available for use. *i.e.* when it is in the location and condition necessary for it to be capable of operating in the manner intended by the university.

2.3.3. Intangible Assets

a. Recognition and measurement

An intangible asset is recognized if it is probable that future economic benefits associated with the assets will flow to the Institute and the cost of the asset can be reliably measured.

Intangible assets acquired separately are measured on initial recognition at cost. Following the initial recognition, where the cost model is applied, assets are carried at cost less any accumulated amortization and accumulated impairment losses.

b. Amortization

Amortization is provided on a straight-line basis on all intangible assets of finite life, at rates that will write off the cost or value of the assets over their useful lives.

Intangible assets are amortized on the following bases:

- Fixed Assets Register software is amortized over a period of five (05) years on straight line method.
- Computer software and other intangible assets are amortized over a period of five (05) years on the straight line method.

c. De recognition

Gains and losses arising from de recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Financial Performance when the assets are derecognized.

2.3.4. Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions, the cost of the inventory is its fair value at the date of acquisition.

After initial recognition, inventories are measured at cost based on the First in First out (FIFO) basis and the value of the stock held by the Academic/ Administrative departments has been excluded from the expenditure.

2.3.5. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at bank, deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amount of cash and are subject to insignificant risk of changes in value.

Bank overdraft is included as a component of cash and cash equivalents for the purpose of the statement of cash flows, which has been prepared using the 'indirect method'.

2.4. Liabilities and Provisions

2.4.1. Liabilities

Liabilities classified as current liabilities on the statement of financial position are those which fall due for payment on demand or within one year from the reporting date. Non-current liabilities are those balances that fall due for payment after one year from the reporting date. All known liabilities have been accounted for in preparing these financial statements.

2.4.2. Provisions

A provision is recognized in the statement of financial position when the University has a legal or constructive obligation as a result of a past event, it is probable that an outflow of assets will be required to settle the obligation and the obligation can be measured reliably. Provisions

are not made for future operating losses. For certain operational claims reported as provisions, it is not practical to disclose detailed information on their corresponding nature and uncertainties.

a. Employee benefits

i. Provision for Gratuity

Provision for Gratuity is made in terms of Payment of Gratuity Act No: 12 of 1983 for all eligible employees. The provision for grant is not represented by the investment since the Treasury does not provide financial allocation to make investment externally.

Defined benefit plans estimate the amount of benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation.

ii. Defined contribution plans

A defined contribution plan is a post-employment plan under which an entity pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay a further amount.

Obligations for contributions to defined contribution plans are recognized as an expense in the Statement of Financial Performance as and when they are due.

- **University Provident Fund (UPF)**

University employees are required to contribute 10% of their monthly salary to the Universities Provident Fund, the University in turn contributes a sum equivalent to 08% to the Universities Pension Fund, 07% to the University Provident Fund (UPF).

Vice-Chancellor,
Eastern University, Sri Lanka

Report of the Auditor General on the Financial Statements of the Eastern University, Sri Lanka for the year ended 31 December 2019 in terms of Section 12 of the National Audit Act, No. 19 of 2018.

1. Financial Statements

1.1 Qualified Opinion

The audit of the Financial Statements of the Eastern University , Sri Lanka (“University”) for the year ended 31 December 2019 comprising the statement of financial positions as at 31 December 2019 and the statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Section 107(5) of the Universities Act, No. 16 of 1978 and provisions of the National Audit Act No. 19 of 2018. My comments and observations which I consider should be published with the Annual Report of the University in terms of Section 108 (1) of the Universities Act appear in this report. My report to Parliament in pursuance of provisions in Article 154 (6) of the Constitution will be tabled in due course.

In my opinion, except for the effects of the matters described in the basis for Qualified Opinion section of my report, the accompanying financial statements give a true and fair view of the financial position of the University as at 31 December 2019, and of its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

1.2 Basis for Qualified Opinion

- (a) The disclosure relating to the fully depreciated Property, Plant and Equipment of the university as at 31 December of the year under review cost of Rs. 468,015,255 and belonging to 20 items, had not been made in the financial statements as per section 42 (b) of the Sri Lanka Public Sector Accounting Standard (SLPSAS) - 7. As well, the estimated error of the useful life of those assets had not been corrected according to the requirement of the SLPSAS – 3 with respect to show the fair value of those assets in the financial statements.
- (b) According to section 72 of the SLPSAS, the land and building are accounted for separately even when they acquired together. However, the value of the lands and buildings of the University as at end of the year under review had been shown together as Rs. 1,707 million without being shown their values separately in the financial statements.
- (c) Even though depreciation expenditure for part of the Property, Plant and Equipment of the University for the Year under review amounted to Rs. 14,704,390, the depreciation expenditure charged to the statement of financial performance for those assets amounted to Rs. 64,735,341. As a result, the deficit for the year under review had been overstated by Rs. 50,030,095
- (d) Out of the total cash and cash equivalent balance shown in the cash flow statement amounting to Rs 526,283,741, evidence relating to cash and cash equivalents amounting to Rs 3,048,236 had not been made available for audit.
- (e) Even though thirteen legal cases had been filed at the courts by the various parties against the university claiming compensation amounting to Rs. 504,574,803, the details relating to the contingent liabilities thereon had not been disclosed in the financial statements of the year under review as per SLPSAS – 8.

I conducted my audit in accordance with Sri Lanka Auditing Standards (SLAuSs). My responsibilities, under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

1.3 Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Public Sector Accounting Standards, and for such internal control as management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the University ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the University or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the University financial reporting process.

As per Section 16(1) of the National Audit Act, No. 19 of 2018, the University is required to maintain proper books and records of all its income, expenditure, assets and liabilities, to enable annual and periodic financial statements to be prepared by the University.

1.4 Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with

Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Sri Lanka Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the University ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the University to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

2. Report on Other Legal and Regulatory Requirements

National Audit Act, No. 19 of 2018 includes specific provisions for following requirements.

- Except for the effect of the matters described in the Basis for Qualified Opinion paragraph, I have obtained all the information and explanation that required for the audit and as far as appears from my examination, proper accounting records have been kept by the University as per the requirement of section 12 (a) of the National Audit Act, No. 19 of 2018.
- The financial statements presented is consistent with the preceding year as per the requirement of section 6 (1) (d) (iii) of the National Audit Act, No. 19 of 2018.
- The financial statements presented includes all the recommendations made by me in the previous year as per the requirement of section 6 (1) (d) (iv) of the National Audit Act, No. 19 of 2018, except for the para Nos. in basis for qualified opinion.
- To state that any member of the governing body of the University has any direct or indirect interest in any contract entered into by the University which are out of the normal cause of business as per the requirement of section 12 (d) of the National Audit Act, No. 19 of 2018;

- To state that the University has complied with any applicable written law, general and special directions issued by the governing body of the University as per the requirement of section 12 (f) of the National Audit Act, No. 19 of 2018 except for;

Reference to law/ direction	Description

Ref. No.	Audit Paragraph	Management Response
		There were eleven bank accounts operated for various activities at several locations and in order to have more control and transparency Competent Authority (in lieu of council) requested that all accounts should be transferred to one account. Hence a memo was submitted to finance committee in the year 2011 (14th FC held on 06-04-2011) and the decision was made to transfer funds in all bank account, to 227-1-001-9-0000-390 with people's bank Chenkalady with the Council approval. Since Cash books have not been updated properly the decision was to transfer the balances as per the bank statements as at 31.03. 2011. Even though the decision was taken to update the cash books it was impossible to update the cash book due to the documents were untraceable. Therefore, the differences between the cash books and bank statements as at 31.03.2011 are brought forward in the financial statements since 2011. Action will be taken to rectify this deficiencies in consultation with the committee appointed by Registrar to look into the matter related to prolonged accounting deficiencies.
e)	Even though thirteen legal cases had been filed at the courts by the various parties against the university claiming compensation amounting to Rs. 504,574,803, the details relating to the contingent liabilities thereon had not been disclosed in the financial statements of the year under review as per SLPSAS - 8.	Admitted. It will be disclosed as a narrative description in the Financial Statements in the future as per the above Standard.

2.		Reference to law / direction	Description
	(a)	Financial Regulations of the Democratic Socialist Republic of Sri Lanka	
		Financial Regulation 757 (2)	The Report on Boards of Survey for the year under review had not been presented to the Auditor General even by 30 June 2020. Admitted. Most of the work has already been completed in time, however, the finalization was delayed due to the COVID pandemic and It will be submitted by forth-coming week.
	(b)	Establishments Code of the University Grants Commission and the Higher Educational Institutions	
		Section 3(1) of Chapter XX and Circular Letters of the University Grants Commission No.10/2017 dated 10 July 2017	Partially Admitted. By tradition the academic staff do not record their attendance in many other Universities. However, all most all departments signed the presence in the attendance book in their respective departments.
	(c)	Establishments Circular letter No. 15/2015 dated 17 November 2015 of the University Grants Commission	Results of the examinations conducted for the internal students should be released within 03 months. However, the results for the examinations conducted for the academic years from 2014/2015 to 2017/2018 had been released after delaying 01 to 10 months. This practice had affected the students' employment opportunities. Programme Review Manual and Quality Assurance encourage external examiners doing the second marking. Striving to adopt this requirement has mainly contributed to the delay. Apart from this, reasons such as Trade Union Actions and closure of university for various reasons during this period has contributed to the delay.
	(d)	Treasury Circular No.842 dated 19 December 1978	A fixed assets register had not been maintained relating to fixed assets amounting to Rs. 4,309,751,059. Not Admitted. Now the EUSL has a Fixed Asset Register Software and it will produce the required information by the filtering system.

In future action will be taken to submit the draft Annual Report with the Annual Financial Statement to the Auditor General as per the Public Enterprise Circular No. PED /12 dated June 2003.
3.	Other Audit Observations		
	a)	A sum of Rs. 4,500,000 received from the University Grant Commission for the purpose of automation of the Library had not been utilized to the intended purpose for over 5 years.	Not Admitted. As per the recognition criteria of the accounting standard, it was recognized as a grant and shown as deferred income. Even though they have been utilized, the accounting treatment for amortization of the grant had not been done. Hence the balance in the books of account. Once the expenditure from the grant is separately identified as all grants have been pooled, action will be taken to amortize the grant.
	b)	A Hatchery machine, a printing machine, a two-wheel tractor and a mobile laboratory vehicle valued at Rs. 20 million, that had been given to the Faculty of Agriculture, had not been properly used for the intended purpose and they had been kept in idle.	The Hatchery Unit was used for intended purpose more than ten years and the useful life time of the equipment had laps and part of the equipment have been damaged due to floods in the area. Action being taken to dispose the equipment. The Printing Machine could not be used due to damage during the flood in 2010 and 2011 which is beyond repair due to non-availability of spare parts. Now the above printing machine is outdated in the market and action will be taken to dispose through public auction. Mobile Laboratory due to be refurbished by the faculty of Science under the grant of AHEAD project and to be utilized for research and community outreach.

	d) Without considering expected objectives of payment of academic allowances to the Lecturers a sum of Rs 8,640,688 had been paid since the year 2004 to July 2020 to the dependent of demised Lecturer in 2004 due to the terrorist violence, based on the public administration circular No 21/88 dated 13 July 1988.	According to the Public Administration Circular No. 21/88 dated 13.07.1988 as subsequently amended, the dependent of demised employee should be paid the Salary and other allowances receivable by him till such time of his age of retirement. According to the above provisions we paid the salary and allowances to the dependent of the employee who demised in 2004.
	e) Out of 204 Academic staff only 24 Academic staff had involved including the collaborated research activities. Although, 11 researches had been approved by the Research Committee and approved to pay the grants. However, only two research projects had been completed during the scheduled period. As well only 58 percent grants or a sum of Rs. 6,851,466 had been utilized out of the total allocated grant of Rs. 11,244,372.	Progress of Research Grants are being monitored at the Research & Publication Committee (RPC) and the grant period has been extended considering justifiable reasons on the spirit of research. Some research grants are given for more than one year as per to the provision. New Research Policy has been submitted to Senate to rectify the weaknesses in the existing Grant providing criteria, progress monitoring and final output evaluation. There are many academics publishing annually in reputed international index journals without obtaining Research Grants from EUSL. Measures are being taken to place researchers in tiers based on <i>h</i>-index as per to Circular 05/2018. Promotion of innovation and commercialization are done through University Business Linkage (UBL).
	f) There were 284 approved cadres for academic staff as at the end of the year under review while the actual number of academic staff was 217. Thus number of vacancies were 67 and out of that, 14 vacancies were belong to Senior Professor posts. The number of vacancies in the non-academic staff were 93. Even though, this situation had affected the academic activities of the students, the University had not filled the vacancies even up to 27 July 2020.	Not admitted. The University has taken actions to advertise the academic posts periodically in many occasions. Limitation in suitable applicants has been a major issue (particularly faculty of Healthcare Sciences). Moreover, Chair Professor cadres are also vacant as there has been no applications. But we were able to make appointments where suitable candidates were present. We are managing the created vacuum by appointing visiting lecturers.
