My opinions and observations, which as I think should be published with the annual report of the Corporation, are incorporated in this report. My report will be tabled in Parliament in due course in accordance with Article 154(6) of the Constitution.

It is my opinion that the financial position of the Corporation as at 31st December 2018 and its financial flows and financial performance for the year ended as at that date are correct and justifiable in accordance with Sri Lanka Accounting Standards except for the effects made by the matters explained in the section of "Basis for the Qualified Opinion" in my report.

1.2 Basis for the Qualified Opinion

- (i) The cash and bank balance of 32,987,997 rupees as at 31st December in the year under review had been set off with the over draft balance of 5,434,426 rupees in another account and the net balance of 27,553,571 rupees has been indicated in the Financial Position Statement under cash and cash equivalents. Due to that reason the bank overdraft and the cash and cash equivalents have been revealed 5,434,426 rupees less than the real value.

- (ii) The final raw material stock of the previous year, worth 91,924,671 rupees, has been brought forward as 93,911,088 rupees erroneously in the year under review and due to that reason the net loss of the year under review has been indicated 1,986,416 rupees more than the real net loss.
- (iii) The final stock of spare parts of the previous year, worth 34,351,421 rupees, has been brought forward as 32,856,421 rupees erroneously in the year under review and due to that reason the net loss of the year under review has been indicated 1,495,000 rupees less than the real net loss.

(b) Deviation from Accounting Standards

(i) Sri Lanka Accounting Standard No. 01

Even though revelations should be made in regard to the nature of the reserves in the capital and also the objective of maintaining those reserves etc. as per Accounting Standard No. 79 (b), revelations had not been made about the Capital Reserve of 102,491 rupees, General Reserve of 1,000,000 rupees, Development Reserve of 13,901,142 and the Revaluation Reserve of 808,011,707 rupees that are maintained by the Corporation.

- Even though increase of the current liability was 8,078,063 rupees in the year under review it had been identified 40,133 rupees less than the real value in the financial flow statements.

(iii) Accounting Standard No. 23

Even though the interest paid for the amount of loan obtained for the lottery printing machine purchased in the year under review should have been identified and capitalized in accordance with paragraph No. 9 of the Standard that practice has not been followed.

(c) Unreconciled Balances

- (i) Even though the Department of Government Printing had informed that an amount of 8,325,817 rupees was due to that department according to the confirmation of the balances of that department as at 31st December in the year under review it has been recorded in the accounts of the Corporation that an amount of 4,012,020 rupees only has to be paid to that department.
- (ii) Even though the Department of Census and Statistics did not have any loan balance to be paid to the Corporation according to the confirmation of the balances of that department as at 31st December in the year under review, it has been recorded in the accounts of the Corporation that aforesaid department has to pay an amount of 11,836,011 rupees to the Corporation.

It is the responsibility of the management to decide the internal controls which are required to prepare financial statements in accordance with Sri Lanka Accounting Standards without any quantitatively false statements which may cause defects and errors, and also to submit them in a justifiable manner.

1.4 The Responsibility of the Auditor in regard to the Financial Statements

My objective is to provide a justifiable assurance to the effect that financial statements are devoid of false statements caused by frauds and errors and also to submit the Auditor's report which includes my opinion. Even though the justifiable assurance is of higher standard it will not be confirmed that quantitative misstatements will be revealed through it every time when the audit is carried out in accordance with Sri Lanka Accounting Standards. - My opinion is based on the fact of obtaining sufficient and appropriate audit evidence in order to avoid the risks caused by frauds and errors by planning opportunely appropriate audit procedures in identifying and assessing the risks of quantitatively false statements that may be caused in financial statements due to errors and frauds. The effect made by frauds are more powerful than the effect made by quantitatively false statements and frauds are caused by collusion, preparation forged documents, intentional negligence and evasion of internal controls.
- An understanding of the internal control of the Corporation is obtained in order to plan audit procedures in a timely manner but it is not expected to express an opinion about the effectiveness of the internal control
- The justifiability of the Accounting Policies and Accounting Estimates used and the appropriateness of the revelations made by the Management were evaluated.
- The relevance of using the basis of Going Concern of the Corporation for accounting was decided based on the audit evidence obtained in regard to the fact whether there is a quantitative uncertainty regarding the factor of going concern of the Corporation due to incidents or circumstances. However the going concern may come to an end due to future incidents or circumstances
- It was evaluated whether the transactions and incidents that were the basis of the contents and the structure of the financial statements in which the revelations are included have been incorporated in the financial statements.

3. Other Audit Observations

- (a) Reasons for this are frequent breakdowns in the lottery printing machine and non-receipt of raw material regularly for the printing of lotteries.
- (b) Many problems emerged in importing of papers for printing of school text books and other raw material as no procurement committee was functioning since there was no Chairman and a board of directors for a period of 4 months due to political instability that prevailed in the country.
