Postgraduate Institute of Medicine

Professor Senaka Rajapakse
Director
PGIM

Vision

To be an internationally recognized centre of distinction for producing specialists and other professionals of high caliber to meet health needs of the country, region and contribute to world health.

Professor Chandanie Wanigatunge
Deputy Director
PGIM

Mission

To plan and develop, implement, monitor and evaluate postgraduate academic programmes required to produce specialists and other professionals of the highest quality, competence and dedication who provide optimum and humane health care to the people of Sri Lanka, the region and the world.

S. Anusha
Deputy Registrar
PGIM

Message from the Director

It is a pleasure for me to present the Annual Report of the PGIM for the year 2022.

The PGIM remains the country's sole institute responsible for specialist training of medical and dental practitioners. Our 23 Boards of Study, 33 Specialty Boards and 04 Interim Specialty Boards conduct 141 programmes of study leading to MD and MSc degrees, PG Diplomas, PG Certificates, and Board Certification of specialists. Currently, there are 4271 Postgraduate trainees, including 894 new entrants, enrolled for these programmes. In 2022, we conducted 121 examinations, awarded 482 MD and 116 MSc degrees, 251 PG Diplomas, 60 PG Certificates, and Board Certified 199 specialists.

During 2022, 07 curricula and prospectuses of existing programmes were revised and 07 more are in the process of being revised.

The Academic Centre at Rodney Street was further operationalized, and the laboratories were equipped and made operational. Board meetings, examinations, and teaching sessions are being conducted regularly at the academic centre. Two new senior lecturers were recruited to the PGIM.

The PGIM faced a unique set of challenges as a result of the economic crisis. However, the shift to a paperless office with online functionality, the PGIM was able to continue functioning effectively and efficiently through the crisis period. The PGIM continued to implement health and safety measures in keeping with national guidelines, ensuring the safety of staff, trainers and trainees.

I take this opportunity to thank members of the Board of Management, Boards of Study, Specialty Boards, Examination Boards, Trainers and Examiners for their contributions to the PGIM this year. I wish to especially commend our administrative, academic, clerical and another support staff for their commitment and diligence.

Professor Senaka Rajapakse
Director/PGIM

HISTORICAL BACKGROUND

Medical education in Sri Lanka commenced in 1870 with the establishment of the Ceylon Medical College, which became the Faculty of Medicine in 1942 when the University of Ceylon was established. No postgraduate medical examinations were conducted by the University of Ceylon until 1952 when examinations for the degrees of MD and MOG commenced, followed by the degree of MS the next year.

At that time, there was no structured or organized postgraduate training. Postgraduate medical training was obtained in the United Kingdom and qualifications such as MRCP, FRCS, FFARCS, MRCOG, FRCR, MRCPPath, MRCPsych, FDSRCS etc. awarded by the professional colleges in the UK were recognized for consultant appointments by the Ministry of Health and universities. In 1973, the Advisory Committee on Postgraduate Medical Education recommended to the Government that a supervised in-service training period of 3 years followed by an examination should replace training abroad. Accordingly, the Institute of Postgraduate Medicine (IPGM) was established in 1976 under provisions of the University of Ceylon Act No. 1 of 1972, and was attached to the University of Colombo. It was formally inaugurated on the 2nd of March 1976 by Dr. Halfdan Mahler, Director General of the WHO. Professor K.N. Seneviratne was appointed as its first Director.

However, the newly set-up IPGM was at a disadvantage as examinations of the UK professional Colleges continued to be conducted in Colombo, and local doctors preferred these to IPGM examinations. A review of the work of the institute became necessary. The government decided to stop the UK professional colleges from conducting foreign postgraduate medical examinations in Sri Lanka and to grant full recognition and preference to postgraduate medical degrees of the institute with effect from the 1st of January, 1980.

In order to achieve the objectives of the institute, it was re-established in 1979 under the provisions of the Universities Act No. 16 of 1978, and renamed the Postgraduate Institute of Medicine (PGIM). Dr. S.A. Cabraal was appointed as its first Director. Accordingly, PGIM Ordinance No: 1 of 1980 made under the provisions of the Universities Act referred to above came into force on the 10th of April, 1980. Boards of Study for various specialties were re-organized and courses of instruction and examinations were arranged for different specialties. They were Anaesthesiology, Community Medicine, Dental Surgery, Family Medicine and General Practice, Medicine, Obstetrics & Gynaecology, Ophthalmology, Pathology, Paediatrics, Psychiatry, Radiology and Surgery. In 1985, four more Boards of Study, Forensic Medicine, Microbiology, Otolaryngology, and Clinical Oncology were established. Professor R.G. Panabokke was appointed Director in 1990. Boards of Study in Medical Administration and Dermatology were established in 1994 and the Board of Study in Venereology in 2001. Dr. J.B. Peiris was appointed Director in 1995, followed by Professor Lalitha Mendis in 2002, Professor Rezvi Sheriff in 2006, Professor Jayantha Jayawardana in 2012, Professor H. Janaka de Silva in 2014 and Professor Senaka Rajapakse in 2020. The post of Deputy Director was established in 2011, and this post has been held by Professor Jayantha Jayawardana, followed by Professor Prashantha Wijesinghe, Professor Chrishantha Abeysena, Professor Senaka Rajapakse and Professor Chandanie Wanigatunge. Amendments to the 1980 Ordinance took effect on the 1st of July 2014 and 23rd of February 2018. Several new Boards of Study and Specialty Boards were established under the amended Ordinance.

Goals

- Expand the adoption of information, communication technology (ICT) and simulation in providing postgraduate training
- Diversify the academic programmes to meet the emerging national health care needs
- Play a key role in formulating medical education and related policies of the country and its implementation
- Internationalise the academic programmes in view of gaining regional and global recognition towards becoming a centre of excellence
- Provide leadership in establishing a formal programme for Continuous Professional Development (CPD) among medical/dental doctors in Sri Lanka

Objectives

- Produce human resources for health of high quality and sufficient quantity to meet the national demand.
- Maintain and improve skills and competencies of health personnel through continuing education.
- Innovate and design methodology that will facilitate in continuing education of medical personnel.
- Inculcate constructive attitudes and promote the habit of self-learning among the medical personnel.
- Promote the use of available resources and appropriate technology with regard to postgraduate education.
- Inculcate the concept of using a health care team approach in solving health problems.
- Evaluate medical education programmes in order to obtain information with regard to flaws and pointers for improvement.
- Arrange in-service programmes where preventive and curative care and nursing care are well integrated.
- Develop educational links with foreign institutions for mutual benefit in order to maintain high standards of postgraduate medical education in Sri Lanka. To be a financially and administratively independent institute, internationally recognized centre of excellence, producing specialists of high professional standards to meet the health needs of the country and contribute to regional and world health in a responsive manner.

Organization Structure

1. Board of Management

Board of Management is the chief executive body and governing authority.

Professor Senaka Rajapakse, Director/PGIM

Professor Chandanie Wanigatunge, Deputy Director/PGIM

Professor Lakshman Ratnayake, UGC Appointed Member (**Chairperson**)

Mrs H.M.D.N.K. Wataliyadda, Nominee of the Secretary/Education

Mr. S. Janaka Sri Chandraguptha, Secretary/Health

Ms Hiransa Kaluthantri, Nominee of the Secretary/Finance

Dr Asela Gunawardena, Director General of Health Services

Professor Vajira H.W. Dissanayake, Nominee/Faculty of Medicine, University of Colombo

Professor Vasanthi Pinto, Nominee/Faculty of Medicine, University of Peradeniya

Professor Vasantha Devasiri, Nominee/Faculty of Medicine, University of Ruhuna

Professor M.G. Sathiadass, Nominee/Faculty of Medicine, University of Jaffna

Professor R.C. Fernandopulle, Nominee/Faculty of Medical Sciences, University of Sri Jayawardenapura

Professor S.J. De S. Hewavisenthi, Nominee/Faculty of Medicine, University of Kelaniya

Professor M. Umakanth, Nominee/Faculty of Health Care Sciences, Eastern University of SL

Professor S.H. Siribaddana, Nominee/Faculty of Medical & Allied Sciences, Rajarata University of SL

Professor F.R. Fernando, Nominee/Faculty of Medicine, University of Moratuwa

Professor A.M. Attygalla, Nominee/Faculty of Dental Sciences, University of Peradeniya

Professor S.G. Yasawardene, Nominee/Faculty of Dental Sciences, University of Sri J'pura

Professor S.D. Jayaratne, UGC Appointed Member

Professor Jayantha Jayawardena, UGC Appointed Member

Professor Nandadeva Samarasekera, UGC Appointed Member

Dr. Harsha Cabral, UGC Appointed Member

Professor Arjuna de Silva, UGC Appointed Member

Mr. Rajan Asirwatham, UGC Appointed Member

Council nominee

Professor S. Karunaratne, Council nominee

Dr. Ranjan Dias, Co-opted Member

Subject	Formula	Exp. Per Student (Rs.)
Recurrent Expenditure Per Student (RE)	RE/ No. of Student strength	120,991.61
Capital Expenditure Per Student (CE)	CE/No of Student strength	18,347.39

13. Details of Infrastructure Facilities made in 2022

Infrastructure Details	Expenditure (Rs.)	Physical Progress
1. Preparing and establish steel racks in Academic Branch record room at the North Wing Building	477,600.00	Completed
2. Preparing Stainless steel name board for Academic Center Laboratory	367,500.00	Completed
3. Supply and fixing new wooden canopy at the PGIM Main Building	103,000.00	Completed
4. Fabricating and fixing the gate at the Main Premises of the PGIM	460,000.00	Completed
5. Find the water leak and renovation of washroom 2 nd floor North Wing Building at PGIM	493,878.00	Completed
6. Repairing of the wash basin at the Canteen area of PGIM Main Premises	60,000.00	Completed
7. Replacing of a Door-Glass at the Main Premises	38,900.00	Completed
8. Supply and fixing aluminum wall cupboard in Academic Branch record room at the 2 nd floor North Wing Building	378,200.00	Completed
9. Repairing and stabilizing the dilapidated stairs in the Main Premises	250,000.00	Completed
10. Colour washing of Main Building for PGIM Main Premises	2,028,688.00	Completed
11. Waterproofing & repairing rainwater drainage Line in Main Building	440,150.00	Completed
12. Supplying & fixing polycarbonate roof for the North Wing Building in the Main Premises of PGIM	403,200.00	Completed
13. Renovation of wall cupboard in Board Room 01	245,650.00	Completed
Total	5,746,766.00	

14. Any other details

14.1 Academic Activities

14.1.1. Registration

The PGIM conducted 141 postgraduate courses during the year 2022 leading to MD & Board Certification, Masters, Postgraduate Diploma and Certificates under the direct guidance of 23 Boards of Study, 33 Specialty Boards and 4 Interim Specialty Boards.

A total of 4271 Postgraduate trainees including 894 new entrants were enrolled to undergo training programmes leading to degrees of MD and Board Certification, Masters, Postgraduate Diploma and Certificates of them 3552 trainees were undergoing training programmes locally and while 719 were training in overseas recognized training centres."

14.1.2. Academic Emphasis

The academic emphasis in the year 2022 was also centered on introducing of new training programmes and the revision of curricula and prospectuses to enhance the quality of the exiting training programmes bench marking with the internationally accepted curricula and incorporating the latest techniques.

Series of workshops were held during this year too for trainers and examiners and relevant topics in order to equip them with new techniques, examination formats to enhance the quality, maintain the accepted standards of training programmes and examination from based on the recommendations of the reports of External Examiners of MD Examination from the Centres of Excellence in the United Kingdom, Australia, Singapore, India, USA, Canada, Norway, New Zealand.

14.1.3. General Regulations and Guidelines for postgraduate trainees

The document on General Regulation and Guidelines for postgraduate trainees published in 2021 was amended incorporating the subsequent decisions taken by the Board of Management/Senate during the year 2021 in order to make effective from January 2022.

14.1.4. General Regulations and Guidelines for Trainers/Examiners and Supervisors

The document on General Regulation and Guidelines for Trainers /Examiners and Supervisors published in 2021 was revised incorporating subsequent decisions taken by the Board of Management/Senate during the year 2021 in order to make effect from January 2022.

(b): Those who are in Overseas training as at 31/12/2022 in 3rd year(From those who have left in 2020, 2021 & 2022)

(c): Those who have returned in 2022 and not Board Certified

(d): Board Certified in 2022

14.1.5. Medical Education Resource Centre (MERC)

The year 2022 was another successful year for the Medical Education Resource Center (MERC), where it was in the forefront of many an activity conducted by the PGIM.

ACADEMIC ACTIVITIES

Academic Courses coordinated by MERC2

Board of Study in Multidisciplinary Studies

1. **Pg Certificate in Medical Education, Master of Medical Education and MD in Medical Education:** The Postgraduate Certificate in Medical Education is a ten months part time course which leads to the Master of Medical Education course.

Nineteen candidates joined the PG Certificate in Medical Education Training in 2022. Five Trainees of the 2021 batch passed the Pg Certificate in Medical Education exam in 2022.

Three trainees joined the Master of Medical Education Programme in 2022 under the new prospectus.

One trainee completed her Post MD local training in 2022 and other two trainees continue their Pre MD. Two trainees continue their Post MD foreign training.

2. **MSc in Medical Toxicology: No new batch**

No new batch was started for the year 2022. Among the previous batch three candidates passed the MSc in Medical Toxicology Part – II examination in 2022

Workshops for Trainees conducted by MERC in 2022:

The following workshops were conducted in 2022

1. Research Methodology workshops
 - i. 1st, 7th, 8th, 15th, 22nd February, 2nd & 10th March 2022 - 45 Participants
 - ii. 23rd, 25th, 26th, 27th, 28th, 30th & 31st May 2022 - 67 Participants
 - iii. 3rd 10th, 17th, 24th, 31st August & 13th September 2022 - 39 Participants
 - iv. 12th, 13th, 14th, 15th, 16th & 17th December 2022 - 72 Participants
2. Workshop on Professionalism & Ethics in Medical Practice Strand for MD trainees
 - i. 7th, 8th, 13th, 14th, 15th & 28th January 2022 - 69 Participants
 - ii. 13th, 14th, 20th, 21st & 24th May 2022 - 155 Participants
 - iii. 22nd, 23rd, 29th & 30th July 2022 - 198 Participants
 - iv. 18th, 19th, 25th, 26th November & 2nd December 2022 - 192 Participants

3. Monthly Guest lecture for Forensic Medicine trainees & trainers

	Date	Topic	Resource Person
1	18 th January 2022	Framing Correct Opinion in a Clinical or Forensic Poisoning Case	Dr. V. V. Pillay

	Date	Topic	Resource Person
2	28 th February 2022	Better Post Mortem and Clinical Photography	Dr David Sadler
3	28 th March 2022	New trends in Forensic Anthropology	Dr Luis Fondebrider
4	29 th April 2022	Nodding Syndrome in Africa: an Application of Humanitarian Forensic Medicine	Professor Michael S Pollanen
5	23 rd May 2022	The Role of the New Medical Examiner System in the UK: medico-legal implications	Professor Jason Payne-James
6	5 th August 2022	Sudden unexpected natural death: A diagnostic quiz with photos	Professor Stephen Cordner
7	27 th August 2022	Aortic and Mitral Valve Disease	Dr Dimuth Gunawardane
8	29 th September 2022	Forensic Neuropathology - Illustrated Cases	Professor Christopher M Milroy

4. Postgraduate Study Day for Obs & Gyn Trainees

- i. Session I – 17th August 2022 – 21 Participants
- ii. Session II – 31st August 2022 – 21 Participants
- iii. Session III – 29th December 2022 – 53 Participants

5. Zoom lectures for Senior Registrars in Anaesthesiology & Intensive Care

	Date	Topic	Resource Person
1	15 th January 2022	Training Session on Future Consultant's Pathway to Become Ambassadors in Patient Blood Management for Senior Registrars in Anaesthesiology & Intensive Care.	Dr. Ramani Pallemulla
2	17 th January 2022	Training Session on Understanding the Healthcare System in Sri Lanka for Senior Registrars in Anaesthesiology & Intensive Care	Dr S Sridharan

3	6 th August 2022	Training Session on Health Care System in Sri Lanka for Senior Registrars in Anaesthesiology & Intensive Care	Dr. Vihara Dassanayake
4	3 rd September 2022	Training Session on Establishing and Sustaining an Effective Journal Club for Senior Registrars in Anaesthesiology & Intensive Care	Dr Vihara Dassanayake & Dr Rasali Samaliarachchi

6. Short course on Leadership and Management for Medical Specialists - 4th & 11th March 2022 - 35 Participants
7. Communication Workshop for Paediatrics Trainees - 5th January 2022 - 55 Participants
8. Post MD Overseas Training Program in Obstetrics and Gynaecology - How to Prepare and What to Expect – 8th January 2022 - 23 Participants
9. Research Day for the MD Radiology trainees – 24th March 2022 – 32 Participants
10. Study Day on Research Dissertation Writing for Forensic Medicine Trainees – 25th March 2022 – 30 Participants
11. Workshop for Post MD trainees who wish to undergo overseas training in Australia or in the United Kingdom – 27th April 2022 – 233 Participants
12. Grand Research Rounds – Postgraduate Research Forum of Forensic Medicine (PGRF) – 29th April 2022 – 29 Participants
13. Workshop on “Medico-legal examination of Drunkard person including drivers of motor vehicle” – 16th June 2022 – 57 Participants
14. workshop on “Child Protection and Safeguarding” for trainees in Paediatrics – 21st June 2022 – 68 Participants
15. Forensic Anthropology Workshop for Postgraduate Trainees in Forensic Medicine – 23rd & 24th June 2022 – 42 Participants
16. workshop on Grand Clinico-Pathological Rounds (CP) for Forensic Medicine Trainers & Trainees – 31st August 2022 – 42 Participants
17. Forensic Anthropology Workshop for Consultant JMOs – 5th & 6th September 2022 – 36 Participants

18. Child Protection Course, Level 2 for Paediatrics Trainees – 20th September 2022 – 24 Participants
19. Introductory Research workshop for the Orientation Program for Radiology Trainees – 3rd December 2022 – 26 Participants

Workshops for Trainers conducted by MERC in 2022

The following workshops were conducted in 2022. In addition, on the request of the boards of study, extra workshops were arranged.

1. Training of Trainer Programme of the PGIM
 - i. 17th & 24th February 2022 – 62 Participants
 - ii. 15th & 22nd June 2022 – 40 Participants
 - iii. 18th & 25th August 2022 – 72 Participants
 - iv. 16th & 23rd November 2022 – 37 Participants
2. Examiner Training Programme
 - i. 17th & 23rd May 2022 – 63 Participants
 - ii. 12th & 19th July 2022 – 52 Participants
 - iii. 21st & 28th December 2022 – 82 Participants
3. Examiner Training Workshop for MCQ Examiners of the MD (Common Selection) Examination for Surgery Examiners – 1st February 2022 – 26 Participants
4. Examiner Training Workshop for OSCE Examiners of the MD (Common Selection) Examination for Surgery Examiners – 8th February 2022 – 27 Participants
5. Workshop on MCQ formulation for SEM Core Group Members – 11th February 2022 – 15 Participants
6. Training Session for all eligible examiners on examining at the MD (Medicine) Communication stations – 23rd February 2022 – 44 Participants
7. RCS (GLAS) Training Sessions on Training the Examiner and Assessor – 23rd & 24th March 2022 – 27 Participants
8. Workshop on Digital Viva Format for Radiology Trainers – 5th April 2022 – 54 Participants
9. Construction of MCQs and SBAs for the Anaesthesiology examiners – 27th April 2022 – 44 Participants
10. MCQ Writing workshop for Family Medicine Trainers – 7th September 2022 – 16 Participants

11. A Lecture demonstration for Obstetrics & Gynecology Trainers – 4th November 2022 – 20 Participants
12. Workshop on Biomechanics, Treatment Planning for Orthodontics Trainers – 18th November 2022 – 40 Participants
13. Workshop on construction of SBAs for Anaesthesiology Examiners & Trainers – 14th December 2022 – 39 Participants

Journal of Postgraduate Institute of Medicine (JPGIM)

MERC coordinates the administrative and editorial functions for the JPGIM. The 9th volume Issue 1 & Issue 2 of the JPGIM was published.

Career Guidance Unit PGIM

Monthly meetings were held as scheduled.

Annual Research Symposium of the PGIM

The Annual Research Symposium of the PGIM 2022 was held on 1st December 2022 as an online event. The session was attended by around 150 postgraduate trainees and trainers. Out of around 47 abstracts submitted for the sessions, 31 were selected as either oral or poster presentations. Authors of selected abstracts were invited to submit the full papers to the PGIM Journal.

Ethics Review Committee (ERC/PGIM)

ERC/ PGIM evaluated 200 applications from Paediatrics, Cardiology, Oncology, Orthopedic, Radiology, Medical Administration, Rheumatology and Rehabilitation, Respiratory Medicine, Tuberculosis and Test Diseases, Anaesthesiology, Medicine, Biomedical Informatics, Family Medicine, Community Medicine, Obstetrics and Gynecology, Venereology, Health Sector Disaster Management, Sports & Exercise Medicine, Clinical Pharmacology, Pathology trainees in 2022. The secretarial administrative support for the ERC/PGIM is given by MERC.

14.2. Evaluation and Examinations Activities

14.2.1. Examination

PGIM conducted 121 numbers of examinations including 42 MD, 09 MSc, 15 PG Diploma, 02 PG Certificate and 39 selections examinations in year 2022. 1804 numbers of candidates sat for the qualifying examinations held in 2022 and 708 of candidates were successful. In addition to the local examiners all the MD examinations were evaluated by external examiners as well (Table 03).

14.2.2. Foreign Training

PG trainees underwent mandatory overseas training in recognized training centers as detailed in Table 04

14.2.3. Board Certification

PGIM awarded 199 of Board certifications in year 2022 from different specialties. Therefore the total numbers of PGIM Board Certified consultants have increased up to 4735 (Table 05).

Table 03**External Examiners – 2022**

Examination	External Examiner	Country

14.3. Library

14.3.1 Orientation Programme on PGIM Library Resources and Services for PGIM Trainees

Based on the decision made at the University of Colombo, Senate Meeting No. 463rd the concept note on 'Orientation Programme on PGIM Library Resources and Services' by the Library of the PGIM was approved and the Orientation programme on PGIM library resources and services is a mandatory programme for all postgraduate trainees who enter the PGIM training programmes, specially for trainees who undertake research as part of their training.

A total number of 261 PG trainees participated the Orientation programme PGIM library resources and services and an e-certificate was awarded to all participants.

14.3.2 Clinical Key Database

The subscription of ClinicalKey Database for the 3 consecutive years has been completed in May 2022, and the PGIM decided to purchase the ClinicalKey database for the next three consecutive years (2022-2025) since its medical resources and remote access facility were very useful for the academic requirements of PG trainees, trainer,s and examiners. The PGIM annually conducts more than 119 postgraduate degree programmes and 139 postgraduate examinations in medicine, and there is a great need to provide access to medical journals and textbooks through the library of the PGIM. The policy of the PGIM is to purchase only e-resources unless they are not available in digital form. The PGIM purchased the Clinical key from M/S Elsevier at the rate of US \$ 233,449 for the 3 consecutive years from 2022 to 2025 subject to reviewing the performance annually.

- Pricing work file for ClinicalKey package as follows.

Year	List Price (US \$)	Discount Price (US \$)
Year – 1 (2022-2023)	\$ 77,755	\$ 74,052
Year – 2 (2023-2024)	\$ 81,642	\$ 77,755
Year – 3(2024-2025)	\$ 85,724	\$ 81,642
Total	\$ 245,121	\$ 233,449

14.3.5. Free accessibility databases received for research purposes

The library received temporary free accessibility to the UpToDate and BMJ in 2022.

14.3.6. Stock Verification Procedure in the University Libraries – UGC Circular 01/2022

The PGIM library conducted the stock verification under UGC Circular 01/2022 with the main board and two sub-committees.

14.3.7. Workshop conducted by the Library PGIM

Turnitin account facilities for PG trainees

A workshop was conducted to implement the Turnitin account facilities for PG trainees (MSc in Biomedical Informatics, Medical Education, Community Medicine, and Medical Administration) on 18th March 2022, and participated with 43 (Physically: 22; Zoom: 21). Serving as resources persons were Dr. Pandula Siribaddana, Senior Lecturer, PGIM and Mrs. MPP Dilhani, Senior Assistant Librarian, PGIM.

14.3.8. Checking plagiarism by using Turnitin software

14.3.8 (i) Plagiarism Checking (General)

A total number of 3354 Theses, Dissertations, Case books, Research proposals, and Assignments forwarded by PG trainees were checked for plagiarism by using Turnitin Software during the year 2022.

14.3.10. Digitization of Theses and Dissertation

A total number of 29 Dissertations and Theses were digitized .

14.3.11. Reading softcopies of theses and dissertations on the intranet

PGIM library created a URL link for full-text accessibility of theses and dissertations in readable mode through the intranet. (The downloading facility of the dissertation is a violation of copyright.)

14.3.12. Library Online Catalogue

A total number of 523 and 103 e-books (bibliographic data) were entered into Koha online library catalogue.

14.3.13. Past Question Papers of PGIM Examinations

The total number of 65 Past Question Papers of examinations conducted by the PGIM during the year 2022 was added to the PGIM Library Digital Repository. <http://librepository.pgim.cmb.ac.lk/handle/1/2146>

14.3.14. HINARI login request -2022

A total number of 239 PG Trainers and Trainees has been sent login access to HINARI in 2022

14.3.15. Article Request Services

Total number of 690 article requests were made by postgraduate medical trainees, trainers, and consultants during the year 2021. More than 765 articles were forwarded to the recipients.

14.3.16. Binding

A total number of 164 PGIM materials and library materials (Books, Journals, Past Papers, Annual Reports, Finance Reports) were bound during the year 2022.

Binding type	No of completed Books
Full binding	Library Collection = 110 Finance Division = 37
Half binding	Library Collection 17
Total	164

14.3.17. Library Committee Meeting

Two Library committee meetings were held on 30th March 2022 and 15th December 2022. The meetings were chaired by Prof. Chandanie Wanigatunge, Deputy Director / PGIM and Dr. G.A. Rajakaruna, Senior Lecturer, PGIM.

14.3.18. Library Publication (e-publications)

The library is compiled the Annotated Bibliography of Dissertations and Theses for the period from 1982–2012.

14.3.19. Research Work

- Dilhani, M.P.P and Wadasinghe, Chandima.(2022). Barriers to Accessing Medical Information Among Medical Officers in Primary Medical Care Units (PMCU) in Western Province in Sri Lanka: A Survey, 12th International Conference of University Librarians Association

14.5 Finance

Significant Accounting Policies for the Year Ended 31st December 2022

14.5.1 Reporting entity

The PGIM is the only institute in Sri Lanka that is responsible for the specialist training of Medical doctors. It is a national institute that is attached to the University of Colombo. It is internationally recognized and several of its training programmes have 'equivalence' recognition by the Royal Colleges of the UK.

The PGIM works in close collaboration with the Ministry of Higher Education and Training, the Ministry of Health, Faculties of Medicine of the Universities and Professional Colleges. The Secretaries Ministry of Health and Ministry of Higher Education, the Director General / Medical Services, Deans of all Faculties of Medicine and seven nominees by the University Grants Commission from among distinguished professional in the country sit on the Board of Management.

Vision

To be an internationally recognized centre of distinction for producing specialists and other professionals of high caliber to meet health needs of the country, region and contribute to world health.

Mission

The mission of the institute is To plan and develop, implement, monitor and evaluate postgraduate academic programmes required to produce specialists and other professionals of the highest quality, competence and dedication who provide optimum and humane health care to the people of Sri Lanka, the region and the world.

14.5.1(i) Date of authorization for issue

The Financial Statements of the Post Graduate Institute of Medicine University of Colombo were authorized for issue by the Bord of Management dated on 11.02.2023

14.5.1(ii) Reporting period

The financial period of the Institute represents from 01st January 2022 to 31st December 2022.

14.5.2 Summary of Significant Accounting Policies

14.5.2 (i) Statement of compliance

The Financial Statements of the Institute have been prepared and presented in accordance with Sri Lanka Public Sector Accounting Standards (SLPSAS's). However, Sri Lanka Accounting Standards also have been used in the areas where no Public Sector Accounting Standards are available. These Financial Statements comprise the statement of Financial Position, Statement of Financial Performance, Statement of Cash flows, Changes in equity and Notes to the Financial Statements.

14.5.2 (ii) Basis of measurement

The Financial Statements of the Institute have been prepared on the accrual basis and apply consistently. No adjustments have been made for inflation factors. The financial transaction are recorded on historical cost convention except subsequent recognition of the Assets on revaluation basis , reported in 2.12 and retirement benefit obligation reported in 3.4 of Summary of significant accounting policies to the financial statements.

14.5.2 (iii) Comparative information

All accounting policies adopted by the Institute are applied consistently with those of the previous year, where necessary comparative figures have been adjusted to conform to the changes, in presentation of current year figures.

14.5.2 (iv) Materiality and aggregation

Each material class of similar items have presented separately in the financial statements. Items of dissimilar nature or function have presented separately unless they are immaterial.

14.5.2 (v) Offsetting

Assets and liabilities, revenue and expenses have not been offset unless required or permitted by SLPSAS

14.5.2 (vi) Going concern

The PGIM has assessed the ability to continue as a going concern. The Board of Management of the Institute has a reasonable expectation that the Institute has adequate resources to continue in operational existence for the foreseeable future. University does not foresee a need for liquidation or cessation of operations, considering all available information about future. Accordingly, the PGIM continues to adopt the going concern basis in preparing the financial statements.

14.5.2 (vii) Events after the reporting period

Event After the reporting date are those events, both favorable and unfavorable, that occur between the reporting date and the date when the Financial Statement are authorized for issue. Two types of events can be identified.

- a. Those events provide evidence of conditions that existed at the reporting (adjusting events after reporting date)
- b. Those are indicative of the condition that arose after the reporting date (non adjusting events after reporting date)

All material events after reporting date have been considered and where appropriate adjustments or disclosures have been made in the Financial Statements.

14.5.2 (viii) Functional & presentation currency

Items included in the financial statements of the PGIM are measured using the currency of the primary economic environment in which the PGIM operates (the functional currency). These financial statements are prepared and presented in 'Sri Lankan Rupees' (Rs.), which is the PGIM's functional and presentation currency.

14.5.2 (ix) Transaction of foreign currencies and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where item are measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement.

14.5.2 (x) Rounding

The amounts in financial statements have been rounded-off to the nearest rupee, except otherwise indicated as permitted by the Sri Lanka Public Sector Accounting Standards.

14.5.2 (xi) Budgetary Controls

The annual budget of the PGIM has been prepared in line with the financial regulations and guideline issued by the Treasury and University Grants Commission (UGC). Since the actual budgetary allocation from the General Treasury has not been received during the year of 2022 PGIM had to restrict its expenses through an internally generated fund

Budgets cover the fiscal period of 1st of January 2022 to 31st December 2022. Statements of compression of budgets and actual amounts has been attached in the schedule.

14.5.2 (xii) Property, Plant & Equipment (PPE)

The PGIM's Property Plant & Equipment (PPE) includes Land, Buildings, Laboratory and Teaching Equipment, Office Equipment, Furniture & Fittings, Library Books and Periodicals, Motor Vehicles, Cloaks,

14.5.2 (xii) (a) Basis of recognition

Property, Plant and Equipment are recognized if it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be reliably measured.

- **Initial recognition**

Property, Plant & Equipment are initially recognized at cost including the cost of purchase with any incidental expenses incurred in bringing the assets to its working conditions, for its intend use, Subsequent to initial Recognition and PPE are measured at cost less accumulated depreciation and accumulated impairment losses.

- **Subsequent expenditure on existing Property, Plant & Equipment**

Expenditure incurred on tangible PPE is charged to the Statement of Financial Performance in the period it is incurred, unless it meets one of the following criteria, in which case it is capitalized and depreciated over the relevant useful life time.

- Increase in the capacity of the asset.
- Substantial improvement in the quality of output or reduction in operating cost.
- Significant extension of the life of the asset beyond that confirmed by repair and maintenance.
- Market value of PPE has subsequently increased.
- Expenditure incurred on repairs or maintenance of property, plant and equipment in order to restore or maintain the future economic benefits expected from originally assessed standard of performance, is recognized as an expense when incurred.

- **Measurement after recognition**

Cost model

After recognition all the PPE except the classes of Land, Buildings, Motor Vehicles, Laboratory and Teaching Equipment, Sports Goods, Other Equipment and Furniture & Fittings are carried at its cost less accumulated Depreciation.

Revaluation model

After initial recognition below classes of PPE whose fair value can be measured reliably has been carried at revalued amounts, which is fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. The PGIM policy is to revalue the below assets through Committee appointed by the board of management of PGIM including technically qualified members from the University of Colombo.

Land & Buildings,
Motor Vehicles,
Furniture and Fittings
Office Equipment
Lab & Teaching Equipment,
Library Books and Periodicals
Cloaks
Electrical Distributions

Carrying value of PPE and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment if any such indications exist, then the assets recoverable amount is estimated. An impairment loss is recognized if the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in the statement of financial performances.

- **Library Books & Cloaks**

Cost of Library books and Cloaks are depreciated on the straight line basis over a period of 5 years.

- **Intangible assets**

Computer software and online journals and E- books have been recognized as intangible assets when it is probable that future economic benefits that are attributable to the assets will flow the enterprise and the cost of the asset can be measured reliably. Intangible assets acquired are stated at cost less accumulated amortization and accumulated impairment losses. These costs are amortized over their estimated useful lives. Useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

- **Buildings rented out for outside parties.**

The Postgraduate Institute of Medicine, University of Colombo has leased out spaces located at the Academic Centre, a newly constructed building to professional colleges viz Sri Lanka College of Internal Medicine (SLCIM), Sri Lanka Society of Gastroenterology (SLCGE) and College of Pathologists (COP). Since this arrangement enabled the PGIM and the relevant professional bodies to mutually benefit and additionally the PGIM had cut down the cost spent on utilities. These properties are not classified as investment properties since these properties are not held either to earn rentals or capital appreciation. Accordingly, these properties are also classified as PPE in the statements of financial position.

14.5.2 (xii) (b) Depreciation

Depreciation is recognized in the statement of Financial Performance on the straight line basis on each component of an item of PPE other than freehold land.

Depreciation of an asset begins when it is available for use and ceases at the earlier of the date that the asset is classified as held for sale and the date that the asset is de-recognized.

The estimated useful life periods are as follows.

<u>Assets Category</u>	<u>Estimated useful life</u>
Buildings	20 years
Furniture & Fittings	10 years
Laboratory and Teaching Equipment	05 years
Office Equipment	05 years
Motor Vehicles	05 years
Computer & Accessories	05 years
Electrical Distribution	
Partitions and interior works	05 years
Land Scape	05 years
Online Journals	01 Year
Computer Software	05 years
Library Books	05 years
Cloaks	05 years
E-Books	Validity of the Key

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period, assets carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and gain / (Loss) is recognized in the statements of comprehensive income.

14.5.2 (xii) (c) Derecognition

The carrying amount of PPE is derecognized at the disposal or when no future economic benefits or service potential is expected from its use or disposal. The gain or loss arising from the derecognition shall be included in surplus or deficit when the item is derecognized.

14.5.3 Current assets

Current Assets classified in Statement of Financial Position are those which are expected to be realized in, or consumption in, in the Institute's normal operating cycle, expected to be realized within twelve months after the reporting date or cash or a cash equivalent.

14.5.3 (i) Inventories

Inventories which are for consumption and not for resale are stated at cost and determined on First in First out (FIFO) basis.

14.5.3 (ii) Advances to staff and receivables

Advances to staff and receivable comprise, Salary advance, festival advance and book allowances.

14.5.3 (iii) Cash & cash equivalents

Cash and cash equivalents are defined as cash in hand, demand deposits, fixed deposit, Treasury bill and short term highly liquid investments readily convertible to known amounts of cash and subject to insignificant risk of change in value. For the purpose of cash flow statement, cash & cash equivalent includes cash in hand and deposits in banks. The cash flow statement is prepared based on the indirect method.

14.5.4 Revenue Recognition – Treasury and Other Grants

The Government grant for recurrent expenditure, income of research grant and projects, grants received for acquisition of assets and Donations have been recognized as revenue when they are received and other revenue are recognized on accrual basis.

14.5.4 (i) Accounting for government grants

Grant Received from the treasury and the other agencies have been recorded and accounted in accordance with Sri Lanka Public Sector Accounting Standards (SLIPSAS11) Revenue from Non exchange transaction (Taxes and Transfers)

- **Recurrent grant**

Recurrent grants are recognized in the Statement of Financial Performance on cash basis. In addition to that grants received and spent for rehabilitation of PPE, research and human capital development also recognize as recurrent grant in the statement of financial performance.

- **Capital grants and Donations**

Capital Grants and Donations received by the way of treasury and other lending agencies to purchase Property Plant and Equipment have presented in the Financial Statements in accordance with the Sri Lanka Public Sector Accounting Standards (SLPSAS 11) Revenue from non-exchange transactions (Taxes and Transfers) .Fair value of the assets received as donation has been accounted as revenue in the year of received.

14.5.4 (ii) Internally Generated Revenue

Income from fee levying courses such as tuition fee examination fee work shop fee registration fee and revenue from other activities are recognized on accrual basis over the period of the course and degree programmers

14.5.4 (iii) Finance income

Interest income is recognized on accrual basis using effective interest rate method.

14.5.4 (iv) Cancelled Cheques

Cancelled cheques which were not presented for payments over the period of last three years will be recognized as the income of the current period.

14.5.4 (v) Supervision and evaluation fee

Cash received as Supervision fee will be recognized as income on cash basis and respective expenses will be recognized when the payments has been made.

14.5.5 Restricted Fund

14.5.5 (i) Endowment fund

Endowment funds include restricted donations received by the PGIM. Investment returns generated from endowment funds are used in accordance with the various purpose established by the donors.

14.5.5 (ii) Development Fund

Development fund of the PGIM has been established to address the general capacity building requirements of the staff. Funds have been allocated from a generated income of the institute and utilization of the funds are based on the Board of Management approval for the purpose.

14.5.5 (iii) Research and publication fund

Research and publication fund of the PGIM established for the purpose of inculcate and promote research among PGIM trainees and academic staff of the Institute. Funds are utilized with the agreement of the donor agencies and the Board of Management approval.

14.5.6 Employee benefits

14.5.6 (i) Defined contribution plans

Employees are eligible for University Provident Fund (UPF) Contributions, Employees' Trust Fund (ETF) and University Pension Fund. Contributions is in line with the respective statutes and regulations. The University pays fixed contributions on basic emoluments plus Cost of Living allowances, academic allowances and monthly compensation allowances of employees to the University Provident Fund and Employees' Trust Fund, University Pension Fund and will have no legal or constructive obligation to pay further amounts. This obligation falls within the scope of the defined contribution plan SLPSA 19 on employment benefit. Obligation for contribution to define contribution plan are recognized in the Statement of Financial Performances as the related service is provided.

14.5.6 (ii) Defined benefit plans

Defined benefit plans are post-employment plans other than defined contribution plans. The is liable to pay gratuity in terms of the Payment of Gratuity Act No. 12 of 1983.

14.5.7 Liabilities and provisions

14.5.7 (i) Current liabilities

Current Liabilities are stated at their book value.

14.5.7 (ii) Provisions

Provisions are recognized when the Instituted has present obligations (legal and constructive) as a result of a past event, where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

14.5.7 (iii) Define benefit obligations

In accordance with the Gratuity Act No. 12 of 1983, a liability arises for a defined benefit obligation to employees. Such defined benefit obligation is a post-employment benefit obligation falling within the scope of Sri Lanka Public Sector Accounting SLPSAS 19 Employee Benefit. The liability recognized in the Statement of Financial Position is the present value of the defined benefit obligation at the reporting date. The calculation is performed annually by a qualified actuary using the projected unit credit method (PUC). Remeasurement of the defined benefit liability, which comprises actuarial gains and losses are recognized immediately in the statement of financial performances. The University recognizes the increase in defined benefit liability attribute to the services provided by employees during the year (current service cost) in profit or loss together with interest expenses. The discount rate has been derived considering the yield of government bonds.

14.5.8. Accounting Estimate

The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increase and mortality rates, due to the long term nature of the obligation, such estimates are subject to significant uncertainty.

14.5.8 (i) Contingent liabilities and contingent assets

Contingent assets and liabilities have been accounted in accordance with SLPSAS8. Accordingly, a contingent liability is a possible obligation that arises from past events whose existence will be continued by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the program or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation.

A contingent liability also arises in extremely rare cases where there is a liability that cannot be measured reliably. The uncertainty does not recognize a contingent liability but disclose its existence in the financial statement.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the University. The University does not recognize contingent asset but discloses its existence where inflow of economic benefits are probable but not virtually certain.

14.5.9 Taxes

14.5.9 (i) Income Tax

PGIM is not liable to pay income tax on its income of the ordinary course of the business as Universities are considered as an exempt organization as per the Inland Revenue act no.24 of 2017 and amendments there to.

14.5.9 (ii) Advance Personal Income Tax (APIT)/Advance Income Tax

The University deduct Advance Personal Income Tax (APIT) as per the consent of the employee on primary income and secondary income and remit the deducted amount to the Department of Inland Revenue.

14.5.9 (iii) Stamp Duty

Stamp Duty is deducted on payments as per the Stamp Duty act and remit the deducted values to the Department of Inland Revenue.

The PGIM adhere to the changes in tax laws in the country and tax is charged accordingly.

14.5.10 Statement of cash flows

The cash flow statement has been prepared by using The Indirect Method in accordance with the SLPSAS 2 whereby gross cash receipts and gross cash payments of operating activities, finance activities and investing activities have been recognized. Cash and cash equivalents comprise short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

15 Report on Future expectations based on Sustainable Development

The Postgraduate Institute of Medicine endeavours at developing the Specialist Doctor's Service, to pave the way for Sri Lanka towards Sustainable Development through the generation of a society that is in good health.

The PGIM uses the opportunity given by making use of the resources provided in the most effective and efficient manner and working in collaboration with its stakeholders to improve quality education. Further the PGIM has taken appropriate steps to do the best to preserve and maintain the available resources, minimise the wear-and-tear, and eliminate wastage, so that the available resources would be used by its clients/state holders in the future.

Accordingly, our major objectives are set at improving the Specialist Doctor's Service in a qualitative manner and providing quality Specialist Doctor's services in a convenient and effective manner to every Citizen of the country (Rural and Urban both).

In this connection, the University Grants Commission, the Ministry of Higher Education, Technology and Innovation and the Ministry of Health work hand in hand with our Institution. There are two landmarks that our Institution regulates in order to reach Sustainable Development Goals.

One landmark is the increase of the number of Specialist Doctors through provision of a quality Medical Education. To achieve this landmark, the PGIM has created certain standards to ensure quality education. In this regard, the PGIM has established different committees to scrutinize postgraduate programmes and curricula to match national and global health demands.

The second landmark is to increase the health and life expectancy of the people of this country by prioritizing the improvement of the specialist Doctor's Service and accordingly introducing new Medical programs that are recognized as necessary, for example, Elderly Medicine programs, Human Nutrition programs, Child health programs. Additionally, the PGIM has revised curricula of different postgraduate programmes to include many health and life expectancy aspects.

The Country would easily reach its goal of Sustainable Development through the provision of facilities for every citizen of the country to obtain the services of specialized Doctors and the provision of a qualitative Post Graduate Medical Education to doctors with the aim of increasing the level of health of all the citizens and upgrading the health facilities of children as well as men and women of all ages in order to increase their healthy lifespan. Postgraduate medical education in which doctors develop competencies under supervision after completion of their basic medical qualification, and it is the final preparation step for certification and/or licensure of doctors.

The Postgraduate Institute of Medicine is the only institution currently responsible for conducting postgraduate Diploma, Masters and MD programs. The subject boards include relevant experts from all the universities. The MD program includes a minimum of one year of foreign training in a recognized centre in the UK, Australia, New Zealand, Singapore or India. The PGIM offers specialization in all major disciplines and most subspecialties. The Ministry of Health is responsible for providing cadre positions in all specialties. The number of specialists

in most disciplines is inadequate to fill even the existing vacancies. To fill all the vacancies, the PGIM offers courses to medical doctors and thereby produce specialist doctors in the country.

Necessary steps have been taken to collect data that required to fulfill the need for specialist Doctors of the country through the following methods.

1. Obtain details regarding the number of doctors who serve as Specialist Doctors in Urban as well as Rural Hospitals.
2. Obtain information from the Medical faculties of all the State Universities.
3. Further, taking steps to identify particular diseases based on the gender and other health related requirements of the general public and train Specialist Doctors accordingly. For example: - Gynecology, Elderly Medicine.
4. Obtaining information through Military Hospitals and Police Hospitals.
5. Obtaining information via Private Hospitals.
6. Gathering information from Ministry of Health and Directors of Hospitals

To achieve the above, infra structure of all hospitals including rural areas also to be equally enhanced, so that the specialist doctors could provide excellent services to all citizen of the country

Further this institution has been rendering an excellent service under the prime goals of Sustainable Development i.e. health and wellbeing, green concept etc. In this connection the PGIM has established a Health Centre and a day care centre for the staff of the PGIM to improve the health and wellbeing of the PGIM community. The Health Centre provide services for the staff and their family members to receive treatment. If employees don't get preventative care and yearly check-ups, more employees will be out for long periods of time with serious illnesses. The state of being comfortable, healthy, or happy will improve the quality of the work. PGIM has taken steps to achieve access to adequate and equitable sanitation and hygiene for all and paying special attention to the needs of women who need extra assistance to maintain their work life balance. A day care centre was established at the PGIM to care children under 12 years during the working hours of female staff without the hassle of finding day care homes for children outside. This arrangement is made for working mothers to obtain care of their children for free of charge and in return this increase the efficiency of staff.

Additionally, awareness programs have been conducted to inculcate the PGIM community on energy conservation, new technological applications such as Microsoft Teams, environmentally friendly behavioural changes, and healthy eating practices.

The PGIM has taken green initiatives to make a Green PGIM. These green sustainable initiatives will promote to conserve water and energy and a clean environment. Introduction of the green concept within the institute was established in 2020 in order to make it fully sustainable by formulating the notion in written form. A green committee was also established to execute the plan. The committee has been functioning on different environmental aspects since last year. The PGIM's green concept, comprises a defined purpose, vision, mission, and a set of principles. The PGIM has replaced CFL bulbs of the main campus with LED bulbs and only LED bulbs were installed in the recently built Academic Center at Rodney Street, which could be considered a smart building. Moreover, the PGIM has shifted to inverter A/Cs, master switches, and low-power energy-efficient equipment. Also, the shared usage of office equipment such as copiers and scanners is encouraged. The most progressive step among the

green initiatives is becoming a paperless institute. It is compulsory to do all correspondence and submissions via electronic mails except for theses, fulfill all internal transactions through Microsoft Teams, and conduct every board meeting and lecture online. This approach has reduced ~65%-70% of the paper usage. Hand dryers have been installed in the smart building, eliminating paper waste generated due to single-use paper towels. Double-sided printing has been encouraged. Also, since about two years ago, the PGIM community has utilized glass utensils and biodegradable cups. The lunch sheets are not allowed in the cafeteria; instead, everyone had been requested to bring a container. Waste segregation is done into separate bins as per the CMC standards.

Although, we faced unique set of challenges as a result of the economic crisis during the year, we were able to continue the practice of implementing certain green concepts as we have shifted to a paperless office with online functionality. As such the PGIM was able to continue functioning effectively implementing green concepts.

The green initiatives were further expanded in 2022 and the PGIM has strictly monitored the implementation of the above green approaches in 2022. We have distributed pedestal fans to staff in view of using the fans when staff number is less in a branch instead of using Air conditioners to reduce the electricity usage. Further, we have provided statistics to the University of Colombo on carbon footprint usage (i.e., total greenhouse gas emissions) in order to obtain UI Green Metric award.

17. Audit Report

My No. : HED/B/PDIM/2022/FA/02

Date : 23rd June 2023

Director

Post Graduate Institute of Medicine

Report of the Auditor General on the Financial Statements and other legal and regulatory requirements of the Post Graduate Institute Of Medicine of the University of Colombo for the year ended on 31st December 2022 in terms of Section 12 of the National Audit Act No 19 of 2018.

The report above mentioned is sent herewith.

W.M.P.A Fonseka

Deputy Auditor General

For the Auditor General

- Copies to :-
01. Secretary - Ministry of Education
 02. Secretary - Ministry of Finance Economic Stabilization and National Policies
 03. Chairman - University Grants Commission
 04. Vice Chancellor - University of Colombo

1.2 Basis for the Qualified Audit Opinion

I have conducted the audit following the Sri Lanka Auditing Standards (SLAS) and my responsibility under these Auditing Standards has been further explained under the section the responsibility of the auditor. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

1.3 Other details in the Annual Report 2022 of the institution.

Other details, here, means the details included in the Annual Report 2022 of the institution I have obtained prior to the date of this audit report but not included in the financial statements and my audit report on this. The management is responsible for other details mentioned here.

My opinions on the financial reports do not cover the other details and I do not express any assurance of any type or an opinion with regard to this.

In respect of my audit on financial statements, my responsibility is to consider whether the details obtained when available or obtained otherwise tallies with the financial statements in quantity according to my knowledge.

I am required to report a matter if I decide that these other details are stated quantitatively in an erroneous manner depending on the other details obtained by me prior to the date of this audit report and the tasks performed by me. I have nothing to report in this regard.

1.4 Responsibility of the Management and Authorities of Administration on the Financial Statements

Management is responsible for the preparation and fair presentation of these Financial Statements in accordance with Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

It is the responsibility of the Management to decide upon the ability of the Institute to operate continuously, and the Management is also responsible for accounting on the basis of continuous operation of the Institution and to disclose matters that relate to the continuous operation of the Institute, in every instance other than when the Management decides to liquidate the Institution or to stop operating where no other option is available.

The responsibility of checking over the financial reporting process of the Institution is borne by the authorities of management.

The Institute has to properly maintain ledgers and reports on its own Income, Expenditure, Assets and liabilities in a manner that the annual and timely financial statements can be prepared in accordance with sub section 16 (1) of the National Audit Act No 19 of 2018.

1.5 Auditor's Responsibility over the audit of financial statements

My objective is to provide a fair confirmation that the financial statements are free from material misstatements arising due to, fraud and error and to issue the auditor's report which includes my opinion. Although reasonable assurance is an assurance of high standard, it will not be an assurance that it will always disclose material misstatements when conducting an Audit as per the Sri Lanka Auditing Standards. Material misstatements may occur due to the individual and collective effects of fraud and error, and it is expected that it may affect the economic decisions taken by the users based on these financial statements.

The Audit conducted by me was done with a professional judgment and skepticism in accordance with the Sri Lanka auditing standards, and further

- For the identification and assessment of quantitative misstatements possible in financial statements due to fraud or error, appropriate audit procedures have been planned and implemented for the finding of a base for the audit opinion expressed. The effect caused by a fraud is powerful comparable to effect of a misstatement causing from error because fraud is usually committed by reasons like collusion, preparation of false documents, intentional avoidance, misstatement or avoidance of internal controls.
- Although an understanding of the internal control of the Institution was procured in order to design audit procedures that are appropriate in the circumstances, it was not intended for making an opinion on the effectiveness of the Institute's internal control.
- The appropriateness of the accounting policies and the fairness of the accounting estimates used and the appropriateness of related disclosures made by the management were evaluated.
- The relevance of using the basis of continuous operation of the Institute for accounting was decided based upon the audit evidence obtained regarding the existence of a quantitative indecision regarding the continuous operation of the Institution, due to instances or circumstances. If I deduce that there is adequate indecision, the attention of my audit report is to be directed at the related disclosures in the financial statements and if the said disclosures are insufficient my opinion has to be modified. However, continuous operation might end upon future incidents or situations.
- The presentation, structure and the content of the financial statements that include the disclosures were evaluated and it was agreed that the transactions and instances that provided a base for that were entered in a suitable and a fair manner in the financial statements.

I will notify the administrating authorities regarding the important audit findings, major internal administrative weaknesses and other such information identified in my Audit.

2. Report on other legal and regulatory requirements

2.1 The National Audit Act No 19 of 2018 includes special provisions with regard to the requirements mentioned below.

2.1.1 As per the requirement mentioned in Section 12 (a) of the National Audit Act No. 19 of 2018, I have obtained all the information and explanations required for the audit, and the Institute had kept proper financial reports as evidenced by my review.

2.1.2 As per the requirement mentioned in Section 6 (i) (d) (iii) of the National Audit Act No. 19 of 2018 the financial statements of the Institute are consistent with the preceding year.

2.1.3 As per the requirement mentioned in Section 6 (i) (d) (iv) of the National Audit Act No. 19 of 2018 the financial statements produced include the recommendations made by me in the previous year .

2.2 Upon the procedure followed and evidences obtained and upon limitation to quantitative facts, nothing worthy of making the following statements came under my attention.

2.2.1 As per the requirement mentioned in Section 12 (d) of the National Audit Act No. 19 of 2018, that any member of the Institution has any direct or indirect connection that is outside of a general business condition regarding any contract entered in to by the Institution.

2.2.2 As per the requirement mentioned in Section 12 (f) of the National Audit Act No. 19 of 2018, that the Institute has acted in non compliance with any relevant written law or to any other general or special provisions issued by the administrative board of the Institute.

2.2.3 As per the requirement mentioned in Section 12 (h) of the National Audit Act No. 19 of 2018, that the Institute has acted in non - compliance with the powers, functions and duties of the Institute.

2.2.4 As per the requirement mentioned in Section 12 (i) of the National Audit Act No. 19 of 2018, that the Institute has not utilized upon procurement the resources of the institution economically, effectively and productively.

3. Other Facts

(a) Creditor balances older than from one year to Seven years to the total of Rs. 14,988,019, payable balances older than one year to the total of Rs. 741, 703 and accumulated expenses to the total of 1, 131,929 have not been settled even during the year under review.

(b) No action has been done to recover the receivable of Rs. 2,597,375 from the Ministry of Health Pertaining to years 2015, 2016 and 2017
