## **The Message of the Venerable Mahopadyaya Thero**

The Buddhist and Pali University of Sri Lanka had been established by the Act No.74 of 1981, amended by the Buddhist, and Pali University of Sri Lanka (Amendment) Act No. 37 of 1995. The Specific Objectives set out by the University are to conduct Buddhist missionary activities for the task of transmitting the Teachings of the Lord Buddha in Sri Lanka as well as in foreign countries and training Scholars on the Buddhism and on the Rules of Discipline to be adopted by the Priesthood in order to foster the Buddhist missionary activities in relation to the Buddhism. Promoting the education of Pali Language, Buddhist Philosophy and Buddhist Culture and uplifting the studies to meet the current trends of the World is another Objective.

We were able to accomplish the most of the Objectives by identification and adoption of appropriate strategies required in the accomplishment of these Objectives. As a result, residential facilities for 380 students have already been provided and construction activities of the Library, Lecture Halls, Centre for Public Utilities, building for Faculty Administration etc. have been finalized and the expansion of the existing building of the Faculty Administration by constructing a new structure and the reconstruction of the Post Graduate and External Examinations Centre have been initiated. The initiatives have been adopted in the year 2014 for the construction of a Hostel building in the newly acquired land for the provision of residential facilities to 200 foreign students and it has been scheduled to be completed within a period of 10 months. The PABX Telephone and data System that inter-connects the Hostels, Faculty Administration Complex and the Administration Complex located at Moragahahena Road has been installed and the activities of the Project for the disposal of the wastewater collected within the University premises, which prevailed as an environmental issue for a considerable period have already been completed. It has been designed to construct a water tank for the Hostel premises and action is being taken to obtain the approval required for conducting the construction activities in that regard.

Likely, carrying a seedling from the sacred Sri Maha Bodhi located in Anuradhapura and planting it in the Hostel premises is a very significant and a historical event that could have been performed in this year.

Further, a number of Courses such as Certificate Courses in Modern Languages and Buddhist Counselling Course have been commenced and continued along with the process of Education. Two Year Astrology Course designed for the internal students have been commenced in the year 2012 and it has been scheduled to commence the Two Year Course on 'Ayurveda' from the year 2014.

At present, educational facilities for 84 foreign students have been provided and it has been scheduled to provide residential facilities to 200 foreign students in the future and to provide educational facilities for about 600 foreign students.

In conducting trainings for Pupil Monks for make them befitted to the current trends of the World, it is important to introduce novel Courses subsequent to making arrangements to safeguard the identity of the University. For that purpose, the preparatrion of Syllabuses has been started as the initiatives for the introduction of the subjects such as Buddhist Psychology, Ethics and Comparative Philosophy.

Course Unit System has been introduced to the University and educational activities of the University are being conducted accordingly.

A Computer Unit has been initiated with the intention of providing the knowledge in the Communication of Information required for Pupil Monks in order to prevent them being stranded in the World of Technology. It is expected to expand the Programme in the future. The approval of the Ministry is being sought for the introduction of the subject of 'Community Leadership' as an Optional Subject with the objective of providing the theoretical and practical knowledge required for training the Buddhist Monks to bear the responsibilities assigned to Leaders of the Society.

Affiliated Institutions have been established with the objective of contributing towards the expansion of Buddhist Educational Activities in the World in Countries such as Singapore, Malaysia, South Korea, Germany, England, Austria, Scotland, United States of America (Los Angalis), Bangladesh and Nepol and it is expected to establish Affiliated Institutions in more Countries in the future. 4442 external students have been registered in Courses and it has been targeted to increase the No. of students up to Twelve Thousand by the year 2018. Accordingly,

Basic Certificate Courses and Diploma Courses have been newly introduced for Korean and Tamil Languages in the Post Graduate and External Examination Studies Centre.

I would like to mention that the necessary preliminary plans have already been prepared for the construction of academic and non-academic official residences of the University, hostels for foreign students, multi-purpose hall appropriate for the conduct of Lectures and Examinations, Internet Facilities, proposed Audio-Video Language Laboratory, Archaeological Museum on the Buddhist Heritage.

The required preliminary facilities have been provided for following the Courses in the Buddhism and Courses related to the Buddhism for local and foreign scholars under the the Post Graduate and External Examinations Studies Centre apart from studying the internal Courses for the accomplishment of the purposes of the University Act. Opportunities have been made available for the study of the Courses within the range of Certificate Courses up to the Courses which pave the path for achieving 'Doctor of Philosophy'.

Accordingly, the University has to be developed with more and more physical and human resources to produce local and foreign scholars on the Buddhism and the related Subjects for the establishment of the Philosophy of Life, which is perspicuous by the Buddhism for the people through out the World. The outcomes achieved through the efforts made in relation to the accomplishment of the Objectives have been indicated in this Report. We should perform our duties in the future too to make the fundamental Objective of the Institution a reality.

Venerable Professor Ittamaliye Indasara Thero,
