Skills.**

The Message of the Venerable Mahopadyaya Thero

Professor, Venerable Walpola Rahula Maha Thero who enjoyed universal acclaim had founded the Buddhist and Pali University of Sri Lanka with the wisdom of contemplating the three Worlds on the universal applicability of the Theravada Buddhism. The Buddhist and Pali University of Sri Lanka had been established in accordance with the fundamental conceptions of the Venerable Thero in order to accomplish several specific Objectives. Studying of Pali and Buddhist Doctrine, promotion of the related researches and to produce scholars for that purpose and to produce versatile disciplinarians who are appropriate to engage in the local and international missionary service and the production of monks equipped with knowledge, attitudes as well as with subject knowledge and with the knowledge in the Oriental and Western Languages required for the rapidly changing world which applies science and technology are the fundamental objectives of establishing this particular University.

Studying of Pali and Buddhist Doctrine, promotion of the related researches and to produce scholars for that purpose and to produce versatile disciplinarians who are appropriate to engage in the local and international missionary service and the production of monks equipped with knowledge, attitudes as well as with subject knowledge and with the knowledge in the Oriental and Western Languages required for the rapidly changing world which applies science and technology are the fundamental objectives of establishing this particular University.

The internal studentship of the Buddhist and Pali University of Sri Lanka which had been established with the Buddhist and Pali University of Sri Lanka Act No. 74 of 1981 and functions by the Buddhist and Pali University of Sri Lanka Act No. 37 of 1995 was limited only to Bhikkhus and later, the provision of opportunities for lay male students to get enrolled as internal students can be considered as a positive approach. Even though the internal studentship has been restricted to a limited number of persons, the External Examination Unit of the University targets to enrol all the parties including priests and lay students, Bhikkhu, Bhikkhuni, Local, foreign, Buddhist and Non- Buddhists even without considering their ages.

The service rendered by the Buddhist and Pali University for a period of 35 years to Sri Lanka as well as to the world by the conduction of Courses from Certificate Courses, Diploma Examinations and from the First Degrees up to the Doctorate Degrees through English medium and Sinhala medium is highly commendable. The number of local and foreign students registered with the University to follow various courses has been rapidly increasing during the previous years due to the goodwill achieved by the University. 12 Foreign affiliated institutions are being maintained by the University at present. In addition, many oriental and western countries have requested to initiate foreign Affiliated Institutions.

The University has a full potential to become the foremost Buddhist University in the World to study and to do researches on Theravada Buddhism through the development of the physical and human resources as well as expanding studies and researches and achieving the quality in that fields. Attention has been focused to the fields such as development of Infrastructure facilities, uplifting the annual enrolment of students, widening the student welfare and development of subjects and establishment of an environment conducive for studies and researches and many fundamental steps have already been taken in this regard. Accordingly, the fundamental planning for the construction of a four-storied Language Skills Development Centre, construction of a new hostel for the provision of residential facilities to 200 foreign students, construction of a five storied building for Postgraduate and External Examination Unit and establishment of an archaeological museum have already been finalized. Students have been facilitated to study foreign languages. Likely, subjects that are appropriate to a novel world has been newly introduced and the requirements of the Academic Staff to broaden the studies have already been accomplished.

The availability of physical and human resources in the University at present is abundant when compared with the physical and human resources available in the university at its inception. The qualitative development achieved by focussing attention on the utilization of these resources and focussing utmost attention on the field of studies and researches through understanding the modern challenges would be the major factor in the determination of the future of the University. Functioning towards the accomplishment of the fundamental objectives and aims of establishing this University is the utmost duty and responsibility of all of us. The assistance extended by all the parties for the realization of these objectives and aims is highly appreciated.

Introduction

The Buddhist and Pali University of Sri Lanka which had been established by the Parliamentary Act No. 74 of 1981 of the Democratic Socialist Republic of Sri Lanka was inaugurated open at No.214, Bauddhaloka Mawatha, Colombo 07 on the 22nd April 1982. The major Objectives in the establishment of this University are to publicize the Buddhist Doctrine, to promote the Buddhist and Pali Studies in Sri Lanka as well as in foreign countries and to facilitate researches in the respective fields.

The above Act had been amended by the Buddhist and Pali University of Sri Lanka (Amendment) Act No. 37 of 1995. With the enforcement of the said Amendments, the local affiliated Institutions were invalidated and the Buddhist and Pali University of Sri Lanka was undergone the process of restructuring to comply with the structure found in the other National Universities of Sri Lanka and it has been established in Homagama in the Month of June 1997. The Post-graduate and External Examination Unit of the University was established at the premises located at Bauddhaloka Mawatha, Colombo 7. The Academic Premises with hostels were established at Pitipana, Homagama and the Administrative Centre (Head Office) was established at No. 37, Moragahahena Road, Pitipana on 12.08.2010. The required initiatives had been taken to transform the Buddhist and Pali University of Sri Lanka into an internationally recognized University that is well equipped with the necessary resources. The University has obtained the membership of the Association of Commonwealth Universities and it is an Associated Member of the Committee of Vice Chancellors and Directors (C.V.C.D.) of the University System of the Country.

Our Objectives

The Objectives of the University that was restructured in terms of the Buddhist and Pali University of Sri Lanka (Amendment) Act No. 37 of 1995 are mentioned below.

- I. Training of Scholars on the Buddhism and on the rules of discipline for the priesthood for publicizing the Religion of Buddhism in Sri Lanka as well as in foreign countries and for fostering the Buddhist missionary activities;
- II. Promoting the Education of Pali Language, Buddhist Culture and Buddhist Philosophy in Sri Lanka as well as in foreign countries and uplifting such educational activities to suit the current trends in the World;
- III.
 - (a) Training of Pupil Monks and male lay students for teaching the Buddhism and Pali Language in Piriven, Schools and similar Institutions;
 - (b) Provision of facilities required for the maintenance and the improvement of the moral conduct and mental discipline of Pupil Monks and all the male lay students; and
 - (c) Any other matter related to the above matters or incidental thereto.

Buddhist and Pali University of Sri Lanka

Report of the Auditor General on the financial statements of the Buddhist and Pali University of Sri Lanka for the year ended 31 December 2017 in terms of Section 14(2)(c) of the Finance Act, No.38 of 1971

The audit of financial statements of Buddhist and Pali University of Sri Lanka for the year ended 31 December 2017 comprising the statement of financial position as at 31 December 2017 and the statement of financial performance, statement of changes in equity and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information, was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Section 13(1) of the Finance Act, No. 38 of 1971 and Section 38 of the Buddhist and Pali University of Sri Lanka Act, No.74 of 1981. My comments and observations which I consider should be published with the Annual Report of the University in terms of Section 14(2) (c) of the Finance Act, appear in this report.

1.2 Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

1.3 Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards consistent with International Auditing Standards of Supreme Audit Institutions (ISSAI 1000-1800). Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

 NATIONAL AUDIT OFFICE

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of financial statements. Sub - sections (3) and (4) of Section 13 of the Finance Act, No. 38 of 1971 give discretionary powers to the Auditor General to determine the scope and extent of the Audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

1.4 **Basis for Qualified Opinion**

My opinion is qualified based on the matters described in paragraph 2.2 of this report.

2. **Financial Statements**

2.1 **Opinion**

In my opinion, except for the effects of the matters described in paragraph 2.2 of this report, the financial statements give a true and fair view of the financial position of the Buddhist and Pali University of Sri Lanka as at 31 December 2017 and its financial performance and cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

2.2 Comments on Financial Statements

2.2.1 Sri Lanka Public Sector Accounting Standards

Sri Lanka Public Sector Accounting Standard – 01

- (a) Even though a fixed deposit of Rs.3,000,000 had been opened from the Mahopadya Fund during the year under review, it had been included in the savings account balance instead of being separately shown under fixed deposits.
- (b) Even though the cash flow statement had been prepared on indirect method, it had not been disclosed by notes in terms of paragraph 132(a) of the Standard.

2.2.3 Accounting Deficiencies

The following observations are made.

- (a) The land valued at Rs.10,000,000 received from the Ministry of Buddhist Affairs as donations before 20 years for the construction of the University building situated at Bouddhaloka Mawatha, Colombo 07 where the external examination unit was operated, equipment valued at Rs.81,122 and timber materials valued at Rs.210,655 received as donations had been brought forward in the year in donations account up to the year under review but action had not been taken to amortize those assets, as compared to depreciation.
- (b) According to the calculations made by audit, the values of depreciation and amortization relevant to the books and periodicals valued at Rs.2,387,930 received since the year 2013 as capital donations up to the end of the year under review should have been Rs.401,707. However, in calculating depreciation on books for the year under review valued at Rs.349,322 received as donations in the year 2014, it had been computed as Rs.70,383 and as such the depreciation and the amortization for the year under review had been under stated by Rs.55,786.
- (c) Donations valued at Rs.1,244,125 received as donations of books and periodicals up to 2011 had not been amortized. Furthermore depreciation and amortization relevant to the assets received as donations from 2012 to 2017 had been under stated by Rs.1,447,274 due to computation errors.

2.3 Accounts Receivable and Payable

The retention money on contracts payable to 26 institutions relating to 32 construction and supplies contract by the end of the year under review amounted to Rs.14,964,281 and it was observed that 72 per cent or Rs.10,837,524 of the above total retention money had existed for more than 2 years due to lapses in follow up action in respect of relevant constructions and supplies. It was further observed that of this sum, retention money of Rs.9,380,019 had to be paid to the Central Engineering and Consultancy Bureau relating to the 2 construction contracts of the University executed in the year 2013 and prior years.

2.4 Non-compliances with laws, rules, regulations and management decisions

The following non-compliances with laws, rules and regulations and management decisions were observed.

<u>Reference to Laws, Rules, Regulations, etc.</u>	<u>Non-compliance</u>
<p>(a) Financial Regulations of the Democratic Socialist Republic of Sri Lanka</p> <p>(i) Financial Regulation 135</p> <p>(ii) Financial Regulation 371(2)(b)</p> <p>(iii) Financial Regulation 371(5)</p>	<p>An imprest of Rs.25,000 had been maintained in the Accounts Division and the responsibility of the relevant imprest had been assigned to the Chief Cashier as well, contrary to the financial Regulation 135.</p> <p>Even though advances can be issued only to staff officers, advances had been issued to non-staff officers as well in 64 occasions.</p> <p>An officer obtains an ad-hoc advance should settle that advance immediately after the completion of purpose for which it is obtained or within 10 days. However, settlement of 33 advances totalling Rs.828,901 had been delayed for periods ranging from 11-56 days and 4</p>

advances totalling Rs.46,165 had been settled without being used for any expenses.

- (b) Public Administration Circular No.30/2016 dated 29 December 2016 in respect of the maintenance of government vehicles

Paragraph 3.1

After a period of 12 months since a fuel test or after running 25,000 Km or after a major repair whichever comes first, fuel consumption should be tested. Nevertheless, after the fuel tests conducted in August 2014, it had not been conducted for 3 years continuously up to the year under review and obtained a report, on fuel consumption.

3. Financial Review

3.1 Financial Results

According to the financial statements presented, the operations of the University for the year under review had resulted in a deficit of Rs.8,665,039 as against a surplus of Rs.1,099,101 for the preceding year thus deteriorating the financial results by Rs.9,764,140 as compared with the preceding year. Even though government grants received for recurrent expenditure had increased by Rs.24,661,000, increase of personal emoluments and other expenses by Rs.26,947,051 and Rs.5,557,419 respectively had mainly attributed to this deterioration.

In analysing the financial results of the year under review and the preceding 4 years, the deficit of Rs.2,300,007 in the year 2013, had increased up to Rs.2,626,061 and Rs.36,960,804 in the years 2014 and 2015 respectively. Even though a surplus of Rs.1,099,101 had indicated in the previous year, it had become a deficit of Rs.8,665,039 again in the year under review. However, in adjusting employees remunerations, government taxes and depreciation to the financial results, the contribution of Rs.149,207,572 in the year 2013 had continuously improved and become Rs.279,062,969 by the end of the year under review.

3.2 Analytical Financial Review

The following observations are made.

- (a) The recurrent expenditure incurred for 438 internal students during the year under review for their academic activities amounted to Rs.282,381,892 and the total recurrent expenditure incurred for 378 internal standants during the preceding year amounted to Rs.248,048,703. Accordingly, the cost per students in the year and the previous year amounted to Rs.644,708 and Rs.656,214 respectively. It was observed that the improvement of number of students in the year under review had mainly contributed to decrease the cost per student by about 2 per cent. As such, attention of the University is needed to increase the number of students further, apart from the pursuance of expenditure control systems.
- (b) The main source of income of the University, apart form the government grants, is conducting external courses and the revenue earned therein in the year under review amounted to Rs.42,975,538 and the surplus arising therefrom amounted to Rs.11,102,664 representing 25.8 per cent of the revenue. However, out of the revenue of Rs.32,091,746 earned during the previous year a surplus of Rs.10,294,831 or 32.1 per cent of the revenue was generated. Therefore it was observed that a sufficient attention was not paid to control the operating expenses in conducting external courses in the year under review.

3.3 Legal cases initiated against the University

The following observations are made.

- (a) Twelve cases had been initiated against the University by 12 persons in the Bribery Commission against examination irregularities, recruitment irregularities, payment of salaries and allowances irregularities employees training irregularities change of station transfers, and against the disciplinary action.
- (b) A retired officer had prosecuted against the University on 13 October 2016 in Homagama Magistrates Court asking for gratuities for the period he had served in another University as well.

- (c) The case prosecuted in the Court of Appeal by a female officer whose service was terminated, requesting her to reinstate in the post of clerk had been dismissed on 05 March 2009. She has against filed a case in the Supreme Court, challenging the above court decision and the date fixed for hearing the case will be 01 February 2019.

4. **Operating Review**

4.1 **Performance**

4.1.1 **Operations and Review**

The University had been established under the Act No.74 of 1981, based on the achievement of main objectives, viz, dissemination of Buddhism in Sri Lanka and Foreign Countries, training of scholars in Buddhism and vinaya, to foster Dhamma missionary works, promotion of learning Pali Language, Buddhist Culture and Buddhist Philosophy and develop such studies to suit for the current global situation, training of student Buddhist monks and Laic male students for teaching Buddhism and Pali Language in Pirivena, schools and similar institutions etc.

- (a) External Examination Division of the University had awarded 74 Bachelor of Arts degrees and 87 post graduate degrees in the previous year and 190 Bachelor of Arts degrees and 160 post graduate degrees in the year under review. However, the Internal Examination Division had awarded 90 Bachelor of Arts degrees and Special Bachelor of Arts degrees in the previous year but it had dropped up to 70 in the year under review.
- (b) The University had awarded 1,899 external degrees during the past 5 years and the awarding of internal degrees had Limited to 374 during that period. Accordingly it was observed that the number of internal degrees awarded by using more resources had been at a very low level as compared with the number of external degrees awarded by using lesser resources of the University.

(c) Enrollment of University Students

Information regarding the enrollment of students for 5 years since 2013 is given below.

Academic Year	No. of students applied	No. of students enrolled	No. of students not enrolled
2013/2014	190	93	97
2014/2015	255	108	147
2015/2016	474	110	364
2016/2017	366	130	236
2017/2018	287	140	147
	1,572	581	991

The following observations are made.

- (i) During the past 5 years, 1,572 had been applied for the university entrance but only 581 applicants had been enrolled. Accordingly, enrollments had been only 37 per cent of the number of students applied. Accordingly, sufficient attention of the Management had not been drawn in respect of social and economic benefit by enrolling more students by using the resources of the University with maximum efficiency.
- (ii) Despite there were possibilities to provide hostel accommodation facilities even by rent or lease basis in terms of section 4(xv) of the Buddhist and Pali University of Sri Lanka Act, irrespective of that provision, action had been taken to Limit the number of students enrolled only by considering the accommodation facilities in the hostels of the University.

4.2 Management Activities

The following observations are made.

- (a) At an audit examination carried out in respect of conducting lectures for internal students of the university observed the following matters.
 - (i) Before commencement of the academic year a design of norms should be prepared, indicating the manner how to conduct lecturers, allocating period and lectures for every faculty. Nevertheless, such a design of norms had not been prepared for the Departments of two faculties.

- (ii) In comparing general time table given to the four lectures in the Department of Archaeology of the Faculty of Buddhist Studies with the students signature register, out of 270 lecture hours to be conducted for a biannual by those lectures, they had lectured 59 ½ hours less than the above specific lecture hours. When compared the lecture time table with the attendance register in the Department of Buddhist culture, it was observed that 24 internal lecture hours for 21 subjects and 110 visiting lecture hours for 20 subjects had been delivered less than that of the specific number of lecture hours. Therefore, the Faculty of Buddhist Studies had not made sufficient consideration in respect of effects on the syllabus due to decreasing number of lecture hours.
- (iii) Two visiting lectures appointed to the Department of Sinhala of the Faculty of Languages Studies had delivered lectures less than 41 and 57 lecture hours respectively that of the allocated lecture hours. When compared the lecture time table of the Department of Sanskrit with the students attendance register 109 internal lecture hours of 9 subjects and 215 external lecture hours of 12 subjects had been delivered less than that of the hours to be covered in accordance with the time table. Furthermore, when compared the lecture time table for the first semester of the academic year 2017 in the Department of Pali, with the students attendance register, it was observed that 150 lecture hours of 28 subjects had been conducted less than that of the time table hours. Due to decrease of lecture hours so, syllabuses of subjects had to be limited but the Faculty of Language Studies had not considered that matter.
- (iv) It was observed that the times of lectures delivered had been changed by adding some more time than the time actually spent for lecturing in 11 instances in the Students signature registers of the Department of Pali of the Faculty of Language Studies and 8 instances in the students signature register of the Department of Buddhist Culture, Faculty of Buddhist studies.

- (b) When the boundry fence was built by the District Agriculture Training Centre, Homagama in the land adjacent to the Administration building of the University, undergrand cables of the telephone system between the faculty premises and the administrative building had been damaged and an expenditure of Rs.514,625 had to be spent by the University on 23 March 2017 to repair the system. The management had not taken appropriate action to recover the value of damage from the District Agriculture Centre of Homagama.
- (c) Out of the stock of goods valued at Rs.345,642 recommended for disposal in the year under review due to holding stock without being correctly estimated the expected consumption and to purchase more than the quantity requested by relevant divisions, 98 per cent had consisted of toner and cartridges.

4.3 Personal Administration

 The following observations are made.

- (a) The approved academic cadre of the University as at 31 December of the year under review stood at 204 out of which posts relevant to 43 officers had fallen vacant. Accordingly, out of 59 approved academic staff posts, 10 lecture posts and the post of Librarian and out of 13 approved administrative posts, one vacancy in each post of Deputy Registrar, Senior Assistant Registrar, Senior Assistant Bursar and the Assistant Registrar had existed.
- (b) Despite action was been taken to recruit a suitable person for the post of Librarian of the university which was fallen vacant since 30 March 2015, it was reported that action was being taken to recruite a Senior Assistant Librarian in another university who had gone on sabbatical leave for a period of one year on contract basis. Subsequently, the Audit and Management Committee had recommended at its 106th meeting that it was a fruitless decision and the recruitment to the post of permanent Librarian should be expidised Disregarding that recommendation, an appointment had been given to a Senior Assistant Librarian of the university of Ruhuna on contract basis for the period form 21 April 2017 to 20 March 2018 and a sum of Rs.674,343 had been paid as salaries and allowances. This post had fallen vacant up to July 2018 even after the termination of contract appointment.

5. Sustainable Development

Every Public entity should act in accordance with the 2030 Agenda of the United Nations on Sustainable Development and the university was aware about how to act in respect of functions coming under the purview of the scope of the university. The following observations are made in the regard.

- (a) On the awareness of the 2030 agenda as stated above, “increase of students by improving communication with affiliated entities for the propagation of Buddhism” had been identified as objectives to be reached as per its scope. The other objectives coming under the purview of its scope include, promotion of foreign affiliated entities, procreation of graduates for employment under the poverty alleviation program, procreation of job opportunities through capital projects executed by the University, contributing to uplift employments through external degree courses and action had been taken to identify those objectives.
- (b) Even though it was stated that parties such as public entities, private entities and civil organizations had been identified as an interested party in respect of functions of the University under the execution of sustainable development the University had not specifically identified them and as such it was further observed that the University had not depicted a participatory approach in setting targets related to the University.
- (c) Even though it is essential that a correct data base should exist for the measurement of the performance of a certain task, it was observed that the University had not taken action to create an accurate data base in order to measure the achievement of sustainable development goals. The University had stated that “non-availability of sufficient staff” and “falling short of financial provisions” had attributed there to.
- (d) As a proper coordination had not been maintained with other entities in preparing to reach sustainable development targets, planning and preparedness process to reach targeted goals had been at a slow position.

6. Accountability and Good Governance

6.1 Procurements

Certain instances of deviating from procurement plan of the university were observed.

- (a) Even though the procurement plan had been prepared to spend a sum of Rs.1,325,250 for the purchase of 38 units of capital goods relating to 8 items of office equipment, instead of 38 units of goods, 251 units had been purchased and a sum of Rs.8,244,910 had been spent thereof. Accordingly, it was observed that a sum of Rs.6,919,660 or 522 per cent had been spent, in excess of the estimated value.
- (b) 393 capital goods relating to 25 items of office equipment and other equipment which had not been included in the procurement plan for the year under review, had been purchased and a sum of Rs.4,508,101 had been spent therefor.
- (c) Action had not been taken to procure 68 items of office equipment and other equipment relating to 68 units of goods, the estimated value of which amounted to Rs.6,370,750, included in the procurement plan for the year under review.

6.2 Budgetary Control

The following observations are made.

- (a) Even though the estimated operating expenses of the year under review amounted to Rs.259.3 million, the actual expenses amounted to Rs.334.4 million and as such the actual expenditure had exceeded the estimates by 28.9 per cent.
- (b) Even though the actual expenditure of the previous year for 5 expenditure items amounted to Rs.29.7 million, the expenditure for the year under review had been estimated at Rs.21.8 million, but the actual expenditure was Rs.37.9 million. Accordingly, a variance of 73.8 per cent was observed between the estimated and the actual expenditure.

- (c) The actual expenditure of the previous year relating to 5 internal revenue items amounted to Rs.34.9 million. Even though the revenue of the year under review had been estimated as Rs.30.9 million the actual revenue of the year under review amounted to Rs.47.7 million. Accordingly, a variance of 54.4 percent between the estimate and the actuals was observed.
- (d) Due to the above matters, the budget had not been made use of as an effective instrument of management control.

7. **Systems and Controls**

Weakness in systems and control observed in audit were brought to the attention of the Mahopadya of the University from time to time. Special attention is needed in respect of the following areas of systems and controls.

Areas of Systems and Control	Observations
-----	-----
(a) Stock Control	Weaknesses in maintaining systematic stock books and weaknesses in supervision.
(d) Procurement Process	Instances existed, not taking action in compliance with the procurement guidelines of 25 January 2006.

The Report of the Auditor General on the Financial Statements of the Buddhist and Pali University of Sri Lanka for the Year Ended 31st December 2017 in terms of Section 14 (2) (c) of the Financial Act No. 38 of 1971.

Audit Para	Answer
2.2.2 Sri Lanka Public Sector Accounting Standards	
Sri Lanka Public Sector Accounting Standards 01 -----	
(a) Even though a Fixed Deposit of Rs. 3,000,000 had been opened using the Fund of Mahopadyaya Thero during the year under review, it had been mentioned in the balance of the Savings Account rather than mentioning it separately as Fixed Deposits.	Even though the investments performed during the year had been submitted by notes, this Fixed deposit had been mentioned as a Savings Account. This error will be rectified in the forthcoming year.
(b) Even though the Cash Flow Statement had been prepared in the indirect basis it had not been discovered by notes in terms of Para 132 (a) of the Standard.	I agree to disclose this by a note in the future.
2.2.3 Accounting Deficiencies -----	
The following observations are made.	
(a) Land to the value of Rs. 10,000,000 received from the Ministry of Buddha Sasana as donations prior to 20 years and Equipment to the value of Rs.81,122 and timber to the value of Rs. 210,655 received as miscellaneous donations had been brought forward up to the year under review in donations Account for the construction of the University Building of the Post Graduate and External Examination Unit situated in Bauddhaloka Mawatha in Colombo 07 and arrangements had not been made to amortize them in comparison to the depreciations of the relevant assets.	Adjustment for amortization was started from the year 2012 and adjustment for amortization had not been performed for years prior to the year 2012.

Audit Para	Answer
<p>(b) Even though the depreciation and amortization related to books and periodicals to the value of Rs. 2,387,930 received as capital donations from the year 2013 up to the end of the year under review in accordance with the computation made at the Audit should be Rs. 401,707, the depreciation and amortization for the year under review had been under stated by Rs. 55,786 due to the consideration of the depreciation as Rs. 70,383 in the computation of the depreciation for books worth Rs. 349,322 received as donations in the year 2014.</p>	<p>The matter pointed out is accepted and I do agree to adjust from the accounts in the year 2018.</p>
<p>(c) Donations to the value of Rs. 1,244,125 received as books and periodicals up to the year 2011 had not been amortized. Further, the depreciation and amortization related to assets received from the year 2012 to 2017 as donations had been understated by Rs. 1,447,274 due to defects in computing.</p>	<p>Adjustment for amortization was started from the year 2012 and adjustment for amortization had not been performed for years prior to the year 2012. It is scheduled to adjust the amortization that is under-stated from the year 2012 to 2017 after it is re-computed in the future.</p>
<p>2.3 Receivable and Payable Accounts -----</p>	
<p>A sum of Rs.14,964,281 has been retained from 32 construction and supply contracts that should be paid to 26 institutions at the end of the year under review. It could be observed that a sum of Rs. 10,837,524 or 72 percent out of the total retained amount had been kept for more than two years due to shortcomings made in following up activities pertaining to the relevant constructions and supplies. It was further observed that Rs. 9,380,019 out of that amount was two sums retained on contracts that should be paid to the Central Engineering Consultancy Bureau in relation to the contracts awarded for construction activities of the University in the year 2013 and previous years.</p>	<p>It is informed that retained money obtained from the Central Engineering Consultancy Bureau in the year 2018 had been adjusted by accounts. A sum of Rs. 1,103,069.00 were kept as a retained amount without paying the amount to Electro Metal Presings as the final bills of the Yoga Meditation Project and academic and Non-academic official quarters Project had not yet been settled. Settling of money is being carried out in this regard. Only a sum of Rs. 14,768.00 of one institution has not yet been settled and steps are being taken to expedite the releasement of the amount.</p>
<p>2.4 Non-compliance with Laws, Rules and Regulations and Management Decisions ----- Instances of non-compliance to the following laws, rules, regulations and Management Decisions could be observed.</p>	

Audit Para		Answer
Reference to the Laws, Rules and Regulations -----	Non- Compliance -----	
(a) Code of Financial Regulations of the Democratic Socialist Republic of Sri Lanka -----		
(i) Financial Regulation 135	An imprest to the value of Rs. 25,000 had been maintained at the Accounts Division and the responsibility of the relevant imprest had been assigned to the Chief Shroff in contrary to the provisions stipulated in the Financial Regulation 135.	This is the petty cash imprest related to the entire University and the imprest is not only relevant to the Accounts Division and it is in the safe under the custody of the Chief Shroff. In the payment and receiving petty cash, petty cash is received and paid only after the certification is made by an Officer. Likely, Heads of Divisions were made aware to obtain petty cash imprest on the requirement of each Division.
(ii) Financial Regulation 371 (2) (b)	Even though advances can be issued only to the Staff Officers, 64 occasions where advances are issued to non-staff grade officers were detected.	Advances are issued under the supervision of the Officers to Subject clerks who perform duties of the relevant subject as there is a limited number of officers.
(iii) Financial Regulation 371 (5)	Even though an officer who has taken adhoc advance should settle the advance immediately after finalizing the relevant task or within 10 days, resettlement of 33 advances to the value of Rs. 828,901 had been delayed for a period of 11-56 days and 4 advances to the total of Rs. 46,165 had been resettled without using such advances to incur any expenses.	The Staff has been made aware that the adhoc advances should be settled within ten days immediately after carrying out the relevant function and arrangements will be taken to minimize this delay further. Committee meetings had been adjourned when the quorum is not present in an instance when it is close to conduct a meeting of the Committee. In such instances, the total amount obtained as advances would be resettled.

Audit Para		Answer
(ආ) (b) Public Administration Circular No.30/2016 dated 29 th December 2016 issued on the maintenance of state vehicles.		
Section 3.1	Even though the level of fuel combustion has to be tested after the first occurrence out of the instances such as passing a period of 12 months subsequent to testing fuel combustion or after covering the mileage of 25,000 km or after performing a major repair for the engine of the vehicle, a report on the fuel combustion had not been taken for a continuous period of three years after testing the fuel combustion in August 2014 up to the year under review.	The vehicles of the university have been referred to conduct the relevant fuel test and it is scheduled to conduct relevant tests appropriately in compliance with the Circulars.
3. Financial Review		
3.1 Financial Results		
(a) As per the Financial Statements submitted, the financial result of the year under review is a deficit of Rs. 8,665,039 and the financial result of the previous year was a surplus of Rs. 1,099,101 in contrary to this financial result, the financial result of the year under review when it is compared with the previous year was a decline of Rs.9,764,140. When analysing the financial result of the year under review and the financial results of the four previous years, it could be observed that the deficit of Rs. 2,300,007 prevailed in the year 2013 had further grown up to Rs. 2,626,061 in 2014 and up to Rs. 36,960,804 in 2015. Even though a surplus of Rs. 1,099,101 had been achieved in the previous year, again a deficit of Rs. 8,665,039 was reported in the year under review. However, when employee emoluments, government taxes and depreciations are readjusted to the financial result, the contribution of Rs. 149,207,572 in the year 2013 has continuously grown and it has become a sum of Rs. 279,062,969 at the end of the year under review.	Agreed.

3.2 Analytical Financial Review	
<p>The following observations are made.</p> <p>(a) The total recurrent expenditure incurred for 438 internal students for the studies during the year under review was Rs. 282,381,892 and the total recurrent expenditure incurred for 378 students for their studies during the previous year was Rs. 248,048,703. Accordingly, the cost per one student were Rs. 644,708 and Rs. 656,214 in the year under review and in the previous year respectively and thereby, it could be observed that growth in the number of students in the year under review had majorly resulted in the decrease of the cost per student approximately by 2%. Thereby, the attention of the University has to be focused on the improvement of the number of students enrolled to the University in addition to following measures for controlling the expenditure.</p>	<p>Arrangements are being made to further increase the number of students enrolled.</p> <p>E.g. – Arrangements are being made to obtain hostels outside the University as the hostels available in the University are not adequate to increase further the enrolment of students to the University.</p>
<p>(a) In addition to the government grants, income of Rs. 42,975,538 has been received by the University in the year under review by conducting external courses, which is the major income source of the University and the surplus obtained was Rs. 11,102,664 which was 25.8 percent of the income. However, a surplus of Rs. 10,294,831, 32.1 percent out of the income of Rs. 32,091,746 received in the previous year and as a result, it could be observed that an adequate attention had not been focused on the control of expenditure of conducting external courses during the year under review.</p>	<p>Estimates had been prepared and payments had been made from the year 2017 in compliance with the Circulars bearing No.s 1/2016 and 4/2016 of the University Grants Commission.</p>
<p>3.3 Legal proceedings commenced against the University The following observations are made.</p>	
<p>(a) 12 cases had been filed against the University by 12 persons at the Commission to Investigate Allegations of Bribery or Corruption in relation to irregularities in examinations, irregularities in recruitments, irregularities in the provision of training to employees, irregularities in transferring of employees, irregularities in paying salaries and allowances to employees and disciplinary procedures.</p>	<p>Any report pertaining to these cases had not been received by the University. A letter has been sent to get information on the current status of the cases and as to whether the cases have been finalized / not finalized.</p>

<p>(a) 74 Bachelor of Arts (General) Degrees and 87 Post Graduate Degrees were conferred in the previous year by the Post Graduate and External Examinations Unit of the University and 190 Bachelor of Arts (General) Degrees and 160 Post Graduate Degrees were conferred in the year under review. However, 90 Bachelor of Arts (General) Degrees and Bachelor of Arts (Special) Degrees were conferred by the Internal Examination Division during the previous year and the conferment of General and Special Degrees in the Year under review was declined up to 70 Bachelor of Arts (General /Special) Degrees.</p>	<p>The number of Bachelor of Arts (General) Degrees and the number of Bachelor of Arts (Special) Degrees conferred in the previous year was 145 (2016). The number of Bachelor of Arts (General) Degrees and the number of Bachelor of Arts (Special) Degrees conferred in the year under review has decreased up to 89 (2017).</p>																												
<p>(b) Even though the University had conferred 1,899 External Degrees during the past five years, the internal Degrees conferred during the period had confined to 374 Degrees. Accordingly, It was observed that the number of internal degrees which utilize the majority of resources owned by the University was very low when it is compared with the award of external degrees which utilize a low level of resources owned by the University.</p>	<p>The internal degrees conferred by the University during the past five years (2013-2017) had been limited to 401.</p>

<p>(i) Even though 1,572 have applied for the University entrance during the past five years, only 581 have been enrolled out of the number applied for entrance. Accordingly, only 37 percent out of the students applied for enrolment to the University were given the opportunity. Thereby, the adequate attention of the Management had not been focussed on the socio- economic advantages that can be derived from enrolling a higher number of students to the University for the Maximum Utilization of the resources of the University.</p>	<p>Students are selected for enrolment by considering the qualifications mentioned in the applications received and the University takes necessary action to increase the number of students that are enrolled annually. Accordingly, enrolments were made as per the capacity of the lecture halls and hostels for students and necessary arrangements are being made to improve the infrastructure facilities.</p> <p>Arrangements are being made to increase the number of students.</p>
<p>(ii) Even though there is the opportunity to obtain hostel facilities under hire and rental basis in terms of the Section 4 (XV) of the Buddhist and Pali University of Sri Lanka, the opportunity had not been taken in to consideration and action had been taken to limit the number of students enrolled merely considering the space facilities that were available only in the Hostels of the University.</p>	<p>Paper advertisements and documents have already been prepared to obtain a hostel on rental basis and they have been submitted for the approval of the Departmental Procurement Committee.</p>
<p>4.2 Management Activities ----- The following observations are made.</p> <p>(a) The following matters were observed in the Audit carried out on the conduct of lectures for internal students of the University.</p>	
<p>(i) Even though a Lecture Plan has to be prepared regarding the way of conducting lectures, allocation of time and the relevant lecturers before the beginning of the academic year for every Department of Study, such Lecture Plans had not been prepared in relation to the Departments of Study of the Two Faculties of the University.</p>	<p>Dean of the Faculty of Buddhist Studies A lecture plan covering dates of the Semester in relation to the Subject Unit of each Lecturer from the Second Semester of the Academic Year 2018 and the number of lectures conducted by internal and visiting lecturers in relation to the Semester were prepared and all the Heads of the Departments of Study were informed to implement the</p>

<p>(ii) When the common time table and student Signature sheets provided by the Faculty are compared in relation to 04 Lecturers in the Department of Archaeology in the Faculty of Buddhist Studies, lectures were conducted by the four lecturers without covering 59 ½ lecture hours out of 270 lecture hours that should be covered for a half year. It was further observed when the common time table and student Signature sheets of the Department of Buddhist Culture are compared, it was found that lectures had been conducted without covering 24 internal lecture hours out of the scheduled number of lectures for 21 subjects and lectures had been conducted without covering 110 visiting lecture hours out of the scheduled number of lectures for 20 subjects. The Faculty of Buddhist Studies had not paid satisfactory attention on the effect that occurs to the syllabus due to the decrease in the number of lectures.</p>	<p>As informed by the Head of the Department of Archaeology, the undergraduates had participated in field study tours and training sessions instead of having lectures covering 59 ½ lecture hours. She has informed that undergraduates have to participate in practical programmes out of the University as Archaeology is a practical subject.</p> <p>The service of visiting lecturers has to be obtained as the number of lecturers serving in the Departments of Study in the Faculty of Buddhist Studies is not adequate and the same lecturers are holding the Posts of Mahopadyaya, Dean, Heads of Department of Study and as certain lecturers are on sabbatical leave. 02 internal lecturers have been recruited for the subject of Buddhist Philosophy in the Department of Buddhist Philosophy and 01 internal lecturer for the Subject of Buddhist Psychology and Counselling and 01 internal lecturer for the subject of Community Leadership in the Department of Buddhist Culture have been recruited as new recruitments from the Second Semester in the year 2018. It is informed that obtaining the services of visiting lecturers can be minimized in this year as an academic staff adequate for conducting academic activities of the University is present in this year.</p>

<p>(ii) Visiting lecturers recruited to conduct lectures in the Department of Sinhala in the Faculty of Language Studies had conducted lectures without covering 41 lecture hours and 57 lecture hours respectively out of the scheduled number of lecture hours. When the common time table and student Signature sheets provided by the Department of Sanskrit were compared, it could be found that lectures were conducted without covering 109 internal lecture hours out of the scheduled number of lecture hours for 09 subjects and lectures had been conducted without covering 215 external lecture hours out of the scheduled number of lectures for 12 subjects. Further, when the common time table of conducting lectures and students' Signature sheets during the first semester of the academic year 2017 of the Department of Pali are compared, lectures had been conducted without covering 150 lecture hours out of the scheduled number of lectures for 28 subjects. The Faculty of Language Studies had not paid satisfactory attention to the limitation of the syllabus that had to be done due to the decrease in the number of lectures.</p>	<p>Department of Sinhala The audit observations made through the computation to the effect that two visiting lecturers in the Department of Sinhala had done lectures in short of 41 lecture hours and 57 lecture hours respectively are erroneous. Therefore, I do not accept the audit observations are true. The Head of the Department has been instructed to avoid the occurrence of such shortcomings in the future.</p> <p>Department of Pali The computation done in relation to the conduct of lectures in the Department of Pali is erroneous. Therefore, I do not accept the audit observations are totally true. The Head of the Department has been instructed to avoid the occurrence of such shortcomings in the future.</p>
<p>(iii) It could be observed that alterations were made to the duration of conducting lectures to add more lecture hours to the actual time of conducting lectures in 11 instances for the Student Signature sheets of the Department of Pali of the Faculty of Language Studies and in 8 instances for the Student Signature sheets of the Department of Buddhist Culture of the Faculty of Buddhist Studies.</p>	<p>Dean of the Faculty of Buddhist Studies The Head of the Department of Buddhist Culture has informed that he could find that the lecturers had functioned inattentively in mentioning the relevant time of conducting lectures and they had not done it intentionally. The Head has further mentioned that arrangements would be taken to make visiting lecturers aware of the way of filling lecture reports at the occasion of recruiting such visiting lecturers in the future.</p> <p>Dean of the Faculty of Buddhist Studies Even though all the numerical data stated in this relation are not accurate, the relevant Departments of Study have been instructed to avoid shortcomings in this relation in the future.</p>

<p>(b) The underground cables of the telephone system connecting the Faculty premises with the Administrative building of the University were damaged owing to the construction of the boundary fence by the District Agriculture Training Centre of Homagama which is situated on the land adjacent to the Administrative Building of the University. The University had to incur a cost of Rs. 514,625 to repair the cables on 23rd of march 2017.</p> <p>The Management had not taken adequate action to recover the damages from the District Agriculture Training Centre of Homagama, which is responsible for this damage.</p>	<p>The University had informed the Chief Secretary of the Western Provincial Council by a letter dated 29.01.2018 regarding the damage occurred to the cables of the internal telephone system of the University. As per the letter, the Deputy Chief Secretary (Administration) of the Western Provincial Council had recommended on 04.06.2018 to pay the University for the damages subsequent to charging the damages from Sevana Constructions, which was the relevant contractor and the Deputy Chief Secretary (Administration) of the Western Provincial Council had informed this matter to the Secretary of the Ministry of Agriculture in the Western Province. Accordingly, a letter has been forwarded to the Assistant Provincial Director of Agriculture informing him to take forward action required to charge the relevant damages from Sevana Constructions and to pay it to the University.</p>

<p>(c) 98 percent of the stock of goods to the value of Rs. 345,642 recommended to be disposed without further usage in the year under review were Toners and Cartridges as stocks were maintained without accurate estimation of the anticipated quantity for consumption and as a quantity higher than the requested quantity by the relevant Divisions was purchased.</p>	<p>10 toners to the value of Rs. 250,000.00 out of the stock of goods recommended to remove from the consumption were purchased under National Shopping Procedure and it was found that damages were occurred to photocopy machines by using such toners and when this matter was inquired from the institutions where we purchased photocopy machines, they informed us that machines would be damaged by using the toners and they were not appropriate to be used for the photocopy machines. Accordingly, arrangements were made to purchase toners and cartridges for all the printers and photocopy machines etc only from the Agents.</p> <p>Since a large cost has to be incurred in purchasing items from the Agents at present and hence, a minimum stock is being maintained on demand.</p>

4.3 Administration of Staffs ----- The following observations were made.																												
(a) The approved Academic Cadre of the University as at 31 st of December in the year under review was 204 and posts related to 43 officers out of the approved cadre remained vacant. Accordingly, 10 Posts of lecturer and 1 Post of Librarian out of the 59 approved Academic Cadre remained vacant. 01 Post each of Deputy Registrar, Senior Assistant Registrar, Senior Assistant Registrar, Senior Asssitant Bursar and Asssitant Registrar out of 13 approved Administrative Cader remained vacant.	The approved Academic and Non-academic Subordinate Staffs as at 31.12.2017 are as follows. <table border="1" data-bbox="1192 381 1967 532"> <thead> <tr> <th></th> <th>Approved</th> <th>Actual</th> <th>Vacanc</th> </tr> </thead> <tbody> <tr> <td>Academic</td> <td>59</td> <td>44</td> <td>15</td> </tr> <tr> <td>Academic Subordinate</td> <td>02</td> <td>02</td> <td>00</td> </tr> </tbody> </table> <p>Present Situation</p> <table border="1" data-bbox="1192 703 1967 854"> <thead> <tr> <th></th> <th>Approved</th> <th>Actual</th> <th>Vacancies</th> </tr> </thead> <tbody> <tr> <td>Academic</td> <td>59</td> <td>48</td> <td>11</td> </tr> <tr> <td>Academic Subordinate</td> <td>02</td> <td>02</td> <td>00</td> </tr> </tbody> </table> Appointment letters have been issued for the Posts remained vacant out of the 13 approved Administrative Posts such as the Post of Deputy Registrar on 11.04.2018 and for the Post of Assitant Registrar (Legal and Documentation) on 15.03.2018 and for the Post of Senior Assistant Bursar on 25.06.2018. <p>(b) Even though the Audit and Management Committee recommended in its 106th Meeting that arrangements that were being taken to appoint a Senior Asssitant Librarian of another University who was on his/her sabbatical leave to the Post of Librarian for a period of one year on contract basis while action was being taken to recruit a qualified person to the Post of Librarian of the University which remained vacant from the 30th of March 2015 was a useless action and to expedite the recruitment of a Librarian on permanenet basis, a Senior Asssitant Librarian of the University of Ruhuna was appointed on contract basis for the period of 27 of April 2017 up to 26th March 2018 and an amount of Rs. 674,343 had been paid to him/ her as salaries and allowances without considering the recommendation granted by the Audit and Management Committee. The relevant Post remained vacant even by July 2018 subsequent to terminating the Contractual appointment.</p>	<p>Applications were invited for the Post of Librarian in March 2015 and candidates were incapable of scoring sufficient marks as per the Circular No. 921 of the University Grants Commission.</p> <p>Therefore, advertisements were again published in Newspapers in February 2016. However, candidates were incapable of scoring sufficient marks as per the Circular No. 921 of the University Grants Commission.</p> <p>Therefore, applications were invited using a paper advertisement in April 2018. Arrangements have been taken to evaluate the applications of the eligible canddiates in terms of the provisions stipulated in the Circulars.</p> <p>It is notified by the paper advertisement published in December 2016 that applications of persons who are on sabbatical leave or serving in contract basis would be considered. Accordingly, one officer who was on sabbatical leave was selected for the Post of Librarian by evaluating applications received with effect from 27.04.2017 and this officer served as the Librarian until his sabbatical leave were terminated and reported for duty at his permanent place of work at the end of his sabbatical leave.</p> <p>The Post of Librarian is similar to the Post of Professor and an adequate time is required for the recruitment to the Post in terms of the Circular No. 921 of the University Grants Commission and until a permanenet recruitment is made, an officer who was on the sabbatical leave was recruited for the relevant Post as stated in the paper advertisement.</p>

<p>5. Sustainable Development -----</p> <p>5.1 Accomplishment of Sustainable Developmental Goals -----</p>	
<p>Every State Institution is required to follow the 2030 Agenda of the United Nations for Sustainable Development and the Sustainable Developmental Goals (SDGs) The University was made aware on the way of performing activities under the 2030 Agenda that come under the purview of the University in the year under review.</p>	<p>It is scheduled to implement the forward plans by taking in to consideration the state policies on the sustainable development.</p>
<p>Audit Para</p>	<p>Answer</p>
<p>(a) Subsequent to making the University aware of the the 2030 Agenda of the United Nations for Sustainable Development and the Sustainable Developmental Goals (SDGs) as mentioned above, the University had identified its Goal as “Improving communication activities with the Affiliated institutions for the publicizing the Buddhist Doctrine and increasing the number of students” that should be accomplished as per its purview. Likely, the university has identified the promotion of foreign affiliated institutions, producing Graduates seeking employment opportunities under the Programme of eradicating poverty, creating employment opportunities through capital projects that are being implemented within the University and contributing towards increasing employment opportunities thorough the conduct of external degree courses as the other objectives that come under its purview.</p>	

<p>(b) Even though it has been notified that the University has identified the public institutions, private institutions and civil organizations as its stakeholders that pay interest towards the the performance of the role of the University in relation to the implementation of sustainable developmental goals, it was further observed that a participatory approach is not represented in setting goals related to the University as the University has not identified its stakeholders conclusively.</p>	
<p>(c) Even though it is essential the maintenance of an accurate data base for evaluating the accurate performace of a certain task, the University had not taken appropriate action to prepare an accurate data base for evaluating the accomplishment of sustainable developmental goals by the University. The University has stated that reason for not preparing an accurate data base is due to “nonavailability of an adequate Staff” and “Lack of Financial provisons”.</p>	
<p>(d) It could be observed that the process of planning and pre-preparing for the accomplishment of the targeted goals was very slow as coordination with the other institutions is very poor in accomplishing the Sustainable Developmental Goals.</p>	
<p>Audit Para</p>	<p>Answer</p>
<p>6. Accountability and Good Governance ----- 6.1 Procurement ----- Several occasions where the University had functioned excluding the Procurement Plan could be observed.</p>	
<p>(a) Even though procurement plans to incur a sum of Rs. 1,325,250 for the purchase of 38 units of capital goods related to 8 Office equipment items, 251 units of goods had been purchased instead of purchasing 38 units of goods and the amount incurred was Rs. 8,244,910. Accordingly, it could be observed that an amount of Rs. 6,919,660 or 522 percent was over spent exceeding the estimated value.</p>	<p>Steps had been taken to establish 02 langauge laboratories in the year 2017 with the objective of broadening the Language laboratories to meet the learning requirements of students and an amount of Rs.6,926,870.00 has to be incurred for that purpose. This was not presented at the moment of preparing the Procurement Plan for the year</p>

	<p>2017 and as a result some items included in the Procurement Plan had to be limited and the aforementioned procurement was done as per the requirement. I accept that the Procurement Plan could not be revised at this instance.</p>
<p>(b) 393 Units of Capital goods related to 25 items of office equipment and the other equipment which were not included in the Procurement Plan in the year under review had been purchased and an amount of Rs. 4,508,101 had been spent.</p>	<p>Furniture and other equipment required from their official residence of Venerable Mahopadyaya were not included in the Procurement Plan 2107 due to the delay in the construction of the official residence. However, essential goods to the value of Rs.1,379,789.00 have to be purchased for residing in the official residence after construction activities had been completed in November 2017. I accept that the Procurement Plan has to be revised before purchasing such items that were purchased on such an requirement.</p>
<p>(c) Arrangements had not been taken during the year under review for procuring 68 units of goods with the estimated value is Rs. 6,370,750 related to 36 items of Office equipment and the other equipment included in the Procurement Plan.</p>	<p>Certain purchases had to be made on the priority of the requirements even though such items had not been included in the Procurement Plan prepared for the year 2017 and the purchase of certain items included in the Plan has to be delayed and purchase of them in the current year had to be stopped. Likely, even though some goods have been ordered, suppliers had delayed the supply of such goods and payments were delayed as the provisions related to the year were not released by the General Treasury to settle the bills.</p> <p>Even though the amount was allocated for purchasing Network equipment and Computer Tables etc., an amount of Rs. 3,55,000.00 has saved as the Ministry had donated Wifi Equipment and Computer Network equipment to the University in the year 2017.</p>

Audit Para	Answer
6.2 Budgetary Control The following observations are made.	
(a) As the actual expenditure of Rs. 334.4 Million exceeded the estimated operational expenditure of Rs. 259.3 Million in the year under review, the actual expenditure had increased by 28.9 percent.	The estimated operational expenditure without external Projects is Rs. 259.3 Million and it should be Rs. Million 279.3 with external Projects. Accordingly, I wish to inform you that the actual expenditure of Rs. 334.4 Million has increased by 19.7% exceeding the estimate.
(b) Even though the estimated expenditure for the year under review was Rs. 21.8 Million, the actual expenditure in the previous year for 05 objects was Rs. 29.7 Million. The Actual Expenditure in the year under review was Rs. 37.9 Million. Accordingly, a variation of 73.8 percent could be observed between the relevant estimate and the actual expenditure.	The expenditure of the items mentioned have been increased due to the increase in salaries and increase in the market prices as per the Circulars of the University Grants Commission.
(c) Even though the actual income of the University in the previous year in relation to 5 internal income sources of the University was Rs. 34.9 Million, the income of the year under review was estimated to be Rs. 30.9 Million. However, the actual income for the year under review was Rs. 47.7 Million. Accordingly, a variation of 54.4 percent could be observed between the relevant estimate and the actual income.	Increase in the Course fee has caused majorly for the reported variation in the External Project Income out of the Internal Income Subjects mentioned. (45%)
(d) Owing to the above reasons, it was further observed that the Budget for the year under review had not been used as an effective controlling agent.	Even though a variation has occurred due to unavoidable circumstances such as the increase in salaries and increase in the market prices (including Taxes) in the year under review, it is informed that the budget had been utilized as an effective controlling agent.
7. Systems and Controls ----- The shortcomings in the systems and controls that were observed in the Audit were brought to the attention of the Venerable Mahopadyaya Thero of the University. The special attention should be focused to the fields mentioned below.
