1. INTRODUCTION

General Sir John Kotelawala Defence Academy was established under the Sir John Kotelawala Defence Academy Act No. 68 of 1981 and its scope of operation has been enhanced by several subsequent amendments. The Academy was elevated to university status by the Sir John Kotelawala Defence Academy (Amendment) Act No. 27 of 1988 and subsequently renamed as “General Sir John Kotelawala Defence University” in terms of the (Amendment) Act No. 50 of 2007.

This Annual Report covers the activities and performances of the University during the period 01st January 2016 to 31st December 2016. The Annual Report and Annual Accounts of General Sir John Kotelawala Defence University are presented herein in compliance with Section 14 (1) of the Finance Act, No: 38 of 1971.

2. VISION, MISSION AND OBJECTIVES OF THE UNIVERSITY

2.1 Vision

To be a university nationally and internationally known for its unique ability to engage both undergraduate and graduate students in distinctive and interdisciplinary defence-related higher education that best serves the tri-services, the state sector, and society at large.

2.2 Mission

To ensure a high-quality, learner-centred educational experience through undergraduate, graduate and professional programmes along with high quality research across many disciplines in the field of Defence, in both residential and non-residential settings in the campus.

2.3 Objectives

- a. To provide facilities to introduce officer cadets to the profession of arms and guide them to develop their knowledge and skills in the profession of arms, prior to being commissioned in the Armed Forces.
- b. To provide facilities for and instructions in academic studies for officer cadets, officers, public servants and any other persons in preparation for the first degree in such subjects that are relevant to their professions or employment.
- c. To foster a spirit of comradeship and goodwill amongst officer cadets to develop a sense of amity and unity amongst the officer corps of the Armed Forces for the purpose of facilitation of joint operations during the course of their service in the said forces.
- d. To provide courses of study on continuous professional development for officers of the Armed Forces and other persons to make them qualified for the award of postgraduate degrees, diplomas and other certificates offered by the University.
- e. To discharge such other functions including research and development as the University may consider necessary for the achievement of its objectives.

3. VICE-CHANCELLOR'S REVIEW

General Sir John Kotelawala Defence Academy was initially established by the Parliamentary Act No. 68 of 1981 with the key objective of providing facilities for academic education in certain subjects pertinent to training of pre-trained Cadet Officers and providing instructions in such academic activities.

Following its elevation to University status by General Sir John Kotelawala Defence Academy (Amendment) Act No. 27 of 1988, it was renamed General Sir John Kotelawala Defence University by the Amendment Act No. 50 of 2007.

The Defence University, turning into a University with a global approach, has been able at present to acquire the reputation of the only defence University in the South Asian region that awards degrees in defence studies.

The University has secured membership of the Commonwealth Universities Association of the United Kingdom and the international Universities Union and gives the lifeblood to the role of Pioneer to provide the light of wisdom to the defence service and civilian student community who endeavour to achieve the challenging strategies successfully.

Within its very short history, the Defence University has become a full-fledged international-level University consisting of 10 Faculties including the Faculties of Postgraduate Studies, Defence and Strategic Studies, Medicine, Engineering, Law, Management, Social Sciences and Humanities, Allied Health, Built Environment and Spatial Sciences, Research and Development, and Computing.

Upholding its credo - **“FOR THE MOTHERLAND FOREVER”**, the General Sir John Kotelawala Defence University offers Undergraduate Degrees and Postgraduate Degrees of high standard to local and foreign scholars of discipline and quality upbringing.

The University conducted its 9th International Research Conference on the theme “**PROFESSIONAL INTEGRITY FOR A SECURE NATION**” on 8th and 9th September at the University premises. Many experts and academics from defence services and civil society participated in it.

The Convocation of the University was held under the auspices of His Excellency Maithripala Sirisena, President of the Democratic Socialist Republic of Sri Lanka, on 2 November 2016. Under various disciplines 708 undergraduate and Postgraduate Degrees were awarded.

The true social effect of multifarious strategic management methodologies and staff motivational activities implemented by the University having taken into timely international trends in a far-sighted manner will undoubtedly be reflected on the performance of the University.

The academic and physical progress achieved by the University during the year under review was a victory gained collectively by the staff through accurate management approaches and leadership. It laid the strong basis for the perpetual existence of the University.

We shall functions as one in order to reach our Vision by focusing more on teaching and learning activities, research and academic activities, and infrastructure development etc. for enhancing cooperation with external parties who show an interest towards the University.

Rear Admiral J.J. Ranasinghe
Vice Chancellor
General Sir John Kotelawala Defence University

7. FACULTY OF DEFENCE & STRATEGIC STUDIES

INTRODUCTION

The Faculty of Defence & Strategic Studies functions under the purview of the Deputy Vice Chancellor (Defence and Administration).

Defence and Strategic Studies is a key area of education at KDU and the responsibilities therein are entrusted to the Faculty of Defence & Strategic Studies (FDSS) functioning under the purview of the Deputy Vice Chancellor (Defence & Administration) of the University. The FDSS consists of two departments, the department of Defence Studies and the Department of Strategic Studies, which are responsible for carrying out Multifaceted Academic & Military Training activities to ensure high quality military education and training for Officer Cadets as well as for Tri- Service and other relevant personnel in related fields.

Department of Defence Studies

The Department of Defence Studies (DDS) is responsible for discipline, military training and all administrative affairs of Officer Cadets, and in addition, the department is also responsible for administrative activities of Day Scholars regarding for KDU Degrees.

Department of Defence Studies comprises of Six (06) Squadrons namely Gamunu, Gajaba, Perakum, Vijayaba, Mahasen, & Walagamba and each Squadron is formed with Officer Cadets of different intakes and each intake is divided into several troops for command and control. While a Squadron Commander holds the overall responsibility of entire Squadron, Troop Commanders are responsible for the supervision of Troops assigned to them.

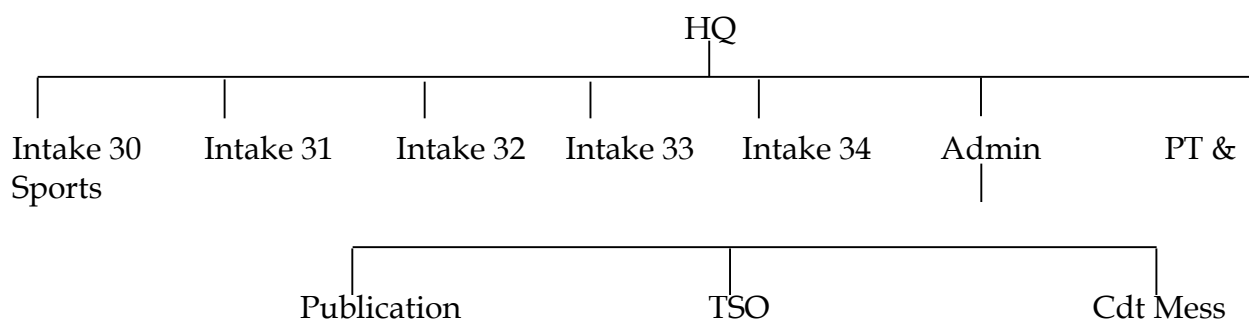

Department of Strategic Studies

Department of Strategic Studies (DSS) is a new wing added to the Faculty of Defence and Strategic Studies. It envisaged developing a Strategic community that will better serve national interests of Sri Lanka. DSS specifically focuses the attention on the field of Strategic Studies as an interdisciplinary academic subject area concerning military strategy, geo-politics and on traditional and non traditional security with their relevant to national and international security. Hence, the Department embarks upon dissemination of knowledge and conducting research on topics related to those subjects areas. Research outcomes are aimed at supporting the policy and strategic decision making process in the country, and in this endeavor, the department will affiliate, associate and interact with numerous other academic and policy making institutions and think tanks at regional as well as global levels.

ORGANIZATION OF THE FACULTY OF DEFENCE STUDIES

Although the approved organization is catered for six Officer Cadet Intakes, from August to December of each year, the Faculty of Defence Studies has to maintain five

Intakes of Officer Cadets. The actual organization of the Faculty of Defence Studies as at 31 December 2015 was as follows.

Infrastructure Development / New projects

Dept. of Mechanical Engineering

- Lift lab was handover to the Department of Mechanical Engineering from the Faculty of Engineering on 03rd June 2016.

Dept. of E, E & T Engineering

Following test equipment were purchased,

- | | | |
|--|---|--------|
| ➤ Micrologix 1400 programble logic controller system | - | 01No |
| ➤ Digital Multimeters | - | 04 Nos |
| ➤ Wind turbine Generator with accessories | - | 01 No |
| ➤ 16 port Ethernet switch | - | 01 Nos |
| ➤ Stop watch | - | 01 Nos |

Procurement action for some of the urgent electrical electronic equipment was initiated to improve the laboratories practical.

All the laboratories were re-arranged for higher standard for the Open Day programme.

Dept. of Marine Engineering

i. Engineering Training Workshop

Training facilities of engineering training workshop were enhanced by acquiring space and restructuring work space as follows;

1. Procured 02 workman lockers and 05 cupboards to workshop.
2. Workshop was colour washed and displayed safety posters/instruction boards in the workshop.
3. Drew safety demarcation lines in the workshop floor.
4. Introduced locking arrangements for tool lockers.

ii. Marine Engineering Laboratory

Infrastructure facilities of Marine Engineering laboratory were improved with following;

1. A working model of steam engine was obtained from SLN and installed at the laboratory. The model is used for conducting practical/ demonstration for undergraduates.
2. A cut model of Yamaha 40 HP OBM received from SLN and installed at the Laboratory. The model is used for conducting practical/ demonstration for undergraduates.
3. Towing tank model (Length - 5 feet) which was fabricated by Marine Engineering officer cadets of intake 29 as their final year project, was installed in view of using same for practical/ demonstration for undergraduates.
4. A cut model of fuel injection pump L12 180 main engine of onboard FGB, was obtained from SLN. The cut model is used for conducting practical/ demonstration for undergraduates.
5. A cut model of sea water pump of MTU 396 TE 94 main engine onboard FAC was obtained from SLN. The model is used for conducting practical/ demonstration for undergraduates.
6. Laboratory was colour washed.

iii. Administrative Office of the Marine Engineering Department

1. A staff member was recruited to the department office work as Office Assistant.

iv. Ongoing and Proposed New Projects

1. Purchasing action for Full Mission Marine Engine Room Simulator is in progress.
2. Books/manuals in the field of marine engineering, purchased and balance is projected to year 2017 funds.

Dept. of Aeronautical Engineering

- Following lab equipments were purchased for the Aeronautical Engineering Laboratory.
 - i. Air Compressor purchased on 04 March 16.
 - ii. Four Stroke Petrol Engine, Thin Cylinder, Small Engine test Cell and Pneumatic Components kit on 29 April 16
 - iii. Ground Power Unit collected from Sri Lanka Air Force on 28 September 16
 - iv. Proposal submitted to upgrade the condition of the laboratory.

Staff Development Activities

Dept. of Mechanical Engineering

- Mr. Bandara RMPS & Prof. Attalage RA, “Prediction of Indoor Environmental Quality of an Office Building using Computational Fluid Dynamics”, proceedings of the 3rd Asia Conference of the International Building Performance Simulation Association (ASim2016), Jeju, South Korea, 27-29 November, 2016.
- Mr. RMPS Bandara Presented a paper on “Promoting Building Energy Efficiency through Performance-based Standards: Is it a Challenge?” at the 11th Asia Clean Energy Forum, Manila, Philippines, 6-10 June, 2016.

Dept. of Marine Engineering

- Lieutenant Commander (E) WAMI Fernando (Lecturer-Probationary) has completed Certificate in Teaching Higher Education programme conducted by KDU Staff Development Centre.
- Awareness Programme on ISO 9001:2008 Quality Management System for the sailors/ staff members under Marine Engineering department was conducted by Head of Department on 20th January 2016.
- Awareness Programme on ISO 9001:2008 Quality Management System for the sailors/ staff members under Marine Engineering department was conducted by Head of Department on 14th June 2016.
- Staff members attended for guest lecturers arranged by KDU time to time as appropriate.

Dept. of Aeronautical Engineering

- Ms. KADD Kuruppu, Lecturer (Probationary) completed the Certificate of Teaching in Higher Education Course conducted by the Staff Development Centre at KDU.

Dept. of E, E & T Engineering

- Staff members of the department participated for the one day seminar on “Mathematica Scientific Application” on 23rd November 2016.
- In addition, staff members participated in several lectures/ workshops arranged by the Staff Development Center and other faculties.

Involvement in Training matters / Achievements

Dept. of Marine Engineering

- First Advance Diploma in Ship System Maintenance (Marine Engineering) course for 12 Royal Navy of Oman technicians was successfully completed on 22nd July 2016.
- Conducted lectures, practical, demonstrations and individual/ group assignments for Engineering and MTS cadets in relevant subjects.
- Separate set of practical arranged for Inshore Patrol Craft berthed at Kandawala Lake.
- Practical classes were conducted for engineering student at Engineering Training Workshop.
- Prof. Dev Ranmuthugala conducted a guest lecture on “Hydrodynamics of Underwater Vehicles” for 3rd and 4th year Marine Engineering undergraduates on 09th September 2016.
- Mrs. Apsara Abeysiriwardana conducted a guest lecture on “Marine Engineering Researches” for 4th year Marine Engineering undergraduates on 09th September 2016.

Dept. of Mechanical Engineering

- Mr. RMPS Bandara Won the Best Research Paper Award for the paper, “Making Realistic Predictions on Building Energy Performance through Coupled Energy Simulation and Computational Fluid Dynamics”, presented during the National Energy Symposium 2015, and awarded at the Sri Lanka National Energy Efficiency Awards - 2016 organized by the Sri Lanka Sustainable Energy Authority, Ministry of Power and Renewable Energy, held on 24th November, 2016 at the BMICH, Colombo.

Dept. of Aeronautical Engineering

- Ms. KADD Kuruppu, Lecturer (Probationary) has won a Early Career Academic Grants 2016 offered by the Association of Commonwealth Universities, London, U.K.
- Ms. KADD Kuruppu, Lecturer (Probationary) presented a paper at the 7th International Conference on Mechanical and Aerospace Engineering held in London UK from 18 to 20 July 2016.
- Flt Lt WTS Rodrigo – Internal Lecturer (Probationary) proceeded to Huazhong University of Science and Technology in China on a scholarship awarded to obtain a PhD in Aviation Engineering Management.

- Mr. JLS Jayasir (Day Scholar of Intake 30) was selected as one of the team members to develop the Sri Lanka's first ever Remote Sensing NanoSatellite at Arthur C. Clarke Institute for Modern Technologies.

f. Visits/Tours arranged

Dept. of Mechanical Engineering

- Intake 30 Mechanical Engineering students conducted their **Industrial Training** at the following places (Group wise) from 27th June 2015 to 23th December 2016.
 - Diesel & Motor Engineering PLC
 - Sri Lanka Ports Authority
 - Sri Lanka German Railway Technical Center
- Intake 30 Mechatronics Engineering students conducted their **Industrial Training** at the following places (Group wise) from 27th June 2015 to 23th December 2016.
 - MAS Holding PLC
 - DSI Sportswear Factory
 - Cambo Lord Star
 - Atlas Factory
 - Electro serve Pvt Ltd
- Intake 32 Mechanical and Marine Engineering students visited Lakvijaya coal power plant, Daily life renewable wind power plant and Senok wind power plant at Norochcholei during their **Industrial visit** on 19th August 2016.
- The department organized a stall for the KDU Open day on 01st October 2016.

Dept. of E, E & T Engineering

- Undergraduate students of EE/ET/BM programmes of Intake 31 visited Lakvijaya Nano Electronics laboratory at University of Wayaba as part of their degree programme.

Dept. of Marine Engineering

- Industrial Training for Marine Engineering officer cadets of Intake 31 has been conducted at Colombo Dockyard PLC for 06 month period w.e.f. 27th June 2016.
- Under trainees of 2nd batch of Royal Navy of Oman visited Brandix Casual Wear Ltd, Seeduwa, on 22nd September 2016.
- Intake 32 undergraduates visited Norochcholai Coal power plant, wind power plant and SLNS Wijaya on 19th August 2016.

- Intake 30 undergraduates visited Merchant Vessel LPG/C Gas Challenger berthed at Unity Container Terminal at Port of Colombo on 11th August 2016.
- Intake 30 undergraduates visited SLNS Sayura and SLNS Sagara on 26th & 28th July respectively for collecting data for their final year research projects.
- Intake 31 undergraduates visited M/S Neil Marine (Pvt) Ltd at Negombo on 10th May 2016.
- 12 Nos of under trainees of 3rd batch of Royal Navy of Oman visited Colombo Dockyard PLC on 08th December 2016.

Dept. of Civil Engineering

- The department organized a **Survey camp** from 20th February 2016 to 04th March 2016 for all Intake 31 Civil Engineering students at Southern Campus site, Sooriyawewa.
- Intake 30 Civil Engineering students visited Moragahakanda Kaluganga Development Project during their **Industrial visit** on 01th April 2016.
- Intake 31 Civil Engineering students visited Biyagama Water Treatment Plant during their **Industrial visit** on 26th April 2016.
- Intake 31 Civil Engineering students conducted their **Industrial Training** in the following Companies (Group wise) from 27th June 2016 to 23rd December 2016.
 - i. Central Engineering Consultancy Bureau
 - ii. Sanken Construction (Pvt) Ltd
 - iii. Maga Engineering (Pvt) Ltd
 - iv. Road Development Authority
 - v. Access Engineering (PLC),
 - vi. Star Construction and Engineers (Pvt) Ltd
- Intake 30 Civil Engineering students visited Victoria Dam and Hydropower Station during their **Industrial visit** on 13th July 2016.
- The department organized a stall for the KDU **Open day** on 01st October 2016.

Industrial Training Unit

- Industrial Training of Intake 31 students (and Aeronautical Students of Intake 30) was commenced on June 2016 and successfully completed on December 2016.

Dept. of Aeronautical Engineering

- One day industrial visit was organized at Industrial Technology Institute for Intake 30 Aeronautical Engineering and Aircraft Maintenance Engineering students on 30th March 2016.
- One day visit to Nano Technology Institute at Wayamba University on 05th May 2016. (Intake 31)

- Visited Arthur C. Clarke Institute for Modern Technology (Space Division) on 10th May 2016 and Sri Lankan Airlines (Hangar/ ATC and other related areas) on 11th May 2016. (Intake 30)
- Industrial Training component of Intake 30 Aeronautical Engineering and Aircraft Maintenance Engineering undergraduates, organized at Aircraft Engineering Wing, SLAF, Katunayake from 13th July 2016 to 06th December 2016.
- Two Officer Cadets of Intake 30 has been selected to present two papers produced based on their final year research project, namely, “Mechanism to optimize landing distance in order to minimize tyre wear during braking” and “Minimize wear and tear in Y-12 aircraft tyres” at the 19th International Conference on Aircraft Design and Aviation Engineering scheduled to be held in Singapore on 08th to 09th January 2017.

Welfare Activities

Dept. of Marine Engineering

- The Departmental members of Marine Engineering Participated for all the Welfare activities arranged by KDU such as New Year festival, July Ball etc.

Dept. of E, E & T Engineering

- Staff members of the department participated for the annual get-together organized by the Faculty of Engineering held at Fisherman Villa at Wadduwa on 30th July 2016.

Special Events / Functions

Dept. of Mechanical Engineering

- The Mechanical department organized a stall for the KDU Open day on 01st October 2016.
- Intake 30 Engineering students organized an Exhibition for their Final Year Research Project on 16th December 2016.
- Workshops organized by the Mechanical Department:
Workshop Topic - Workshop on Arduino & Embedded Systems
Resource person – Mr. Roshan Premaratne
Designation of the Resource Person-Sri Lanka Institute of Robotics
Targeted Audience –Intake 32 and Intake 33 Engineering Students
Date – 26th and 28th July, 2016
- Guest lectures organized by the Mechanical Department:

Guest lecture Topic - Opportunities available for engineering graduates in the fields of Energy Engineering – Motivation speech

Resource person – Prof. Tosten H Fransson

Designation of the Resource Person- Educational director of Inno energy knowledge and innovation center (KIC- Innoenergy) , Senior Professor at the royal Institute of Technology (KTH) Stockholm

Targeted Audience –Intake 30, 32

Date – 09th September 2016

➤ Guest lecture Topic - Modern Aluminium Alloys for Automotive and Aircraft

Applications:

Resource person – Dr. Chandika Wickramatillake

Designation of the Resource Person- General Manager Automation, Mass Intimates (Private) Limited

Targeted Audience – Intake 32, 33 Mechanical and Mechatronics Engineering Streams

Date - 21st September, 2016

Dept. of Marine Engineering

- VC, Dean (FoE) and HoD (MR) visited Australian Maritime College at the University of Tasmania, Australia from 08th May 2016 to 13th May 2016 in order to discuss preliminary matters pertaining to collaboration between General Sir Kotelawala Defence University and Australian Maritime College on the subject area of BSc in Marine Engineering, BSc in Naval Architecture, MSc courses and Research projects. Further actions on this regard are in progress.
- Department assisted for Heat load calculations, TEC evaluations for Air Conditioning requirements at KDU.
- HoD (Marine Engineering) was the Project Manager of the construction project of Club House at Kandawala Lake and 95% of the project has been completed during year 2016.

Refurbishment project of Cadillac 1956 car (1 Sri 1) which belonged to General Sir John Kotelawala was successfully completed on 08th September 2016. The project was completely handled by Marine Engineering Department.

Dept. of Civil Engineering

- The Civil Engineering Department organized a Survey camp from 20th February 2016 to 04th March 2016 for all Intake 31 Civil Engineering students at Southern Campus site, Sooriyawewa.
- The Civil Engineering Department organized a stall for the KDU Open day on 01st October 2016.
- Intake 30 Engineering students organized an Exhibition for their Final Year Research Project on 16th December 2016

B.Sc. Engineering (Civil Engineering) Degree Programme
Intake 30 – Semester 8
Comprehensive Design Project

- Design and Develop Light Rail Transit System between Battaramulla to Kottawa
- Improvement in Pedestrian Facility at Maharagama to Mitigate Traffic Congestion
- Design of a 10 Storey Multi-purpose Building for KDU
- Designing a suitable drainage system around the parade ground at KDU

Dept. of Aeronautical Engineering

1. International Research Conference - 2016

Students and Departmental staff have presented research papers as follows:-

- a. “Evaluate the Potential of Applying a Nano Paint on SLAF Y-12 (II) Aircraft as a Nanotechnology Modification”, 9th International Research Conference – KDU 2016.
ND Hiripitiya, HVH De Soyza, SKK Dilshan, WMSKB Wijayathunga, KADD Kuruppu and DJK Lokupathirage
- b. “Helicopter Main Rotor Aerodynamic Simulation with CFD”, 9th International Research Conference – KDU 2016.
GAPR Perera, HDH Jagathsinghe, SKK Dilshan, MAM Sudaraka and SLMD Rangajeeva.
- c. “Optimized Manpower Capacity Planning Model for Aviation Industry”, 9th International Research Conference – KDU 2016.
WTS Rodrigo, APLM Wijethunga, WTL Boteju, ACS Wijepala and K Wickramasinghe.
- d. “Alert Value Calculation Model for Aircraft Rotor Components”, 9th International Research Conference – KDU 2016.
RD Wijayarathne, CY Kaluthanthri, RMC Asanga, KCK Keeragala and WTS Rodrigo.
- e. “Proactive Maintenance Philosophy for Aging Aircraft through Corrosion Induced Risk Assessment: A case study from Sri Lanka Air Force”, 9th International Research Conference – KDU 2016.
MGPS Senevirathne, JLS Jayasiri, KPWJKB Kaduwela, KM Marasinghe and WTS Rodrigo.
- f. “Analyzing the Northrop Grumman B2 Spirit Aircraft’s Operational and Design Aspects in order to Ascertain the Issues Related to Flying Wing Concept in Implementing as a

Commercial Airliner”, 9th International Research Conference – KDU 2016.

WDT Fernando, NVKL Madushanka, RSRC Rajapaksha and SLMD Rangajeewa.

- g. “Aircraft Structural Integrity Analysis through Fatigue Crack Propagation”, 9th International Research Conference – KDU 2016.

DR Caseer, RMMP Ratnayake, T Sanjeewan, SM Wickramasuriya and WTS Rodrigo.

- h. “Analysis Fatigue Crack initiation of On-condition Aircraft Structural Component”, 9th International Research Conference – KDU 2016.

SLMDS Samarathunga, RM Weerasinghe, KWKA Jayathilaka, AARMW Ampitiyawatta and WTS Rodrigo.

- i. “CFD Analysis of Oneram6 Wing Using Openfoam”, 9th International Research Conference – KDU 2016.

SH Subahan, GDAL Gohumulla, PDKL Shriyathna, WMSKB Wijayathunga, SLMDR Samarathunga and DJK Lokupathirage.

Financial Matters

Total Petty Cash Expenses for the Faculty of Engineering

• Dean’s Office	-	Rs. 27,000.00
• Dept. of E, E & T Engineering	-	Rs. 18,000.00
• Dept. of Civil Engineering	-	Rs. 25,535.00
• Dept. of Marine Engineering	-	Rs. 1,711.00
• Dept. of Mechanical Engineering	-	Rs. 14,018.00
• Dept. of Aeronautical Engineering	-	Rs. 16,300.00
• Dept. of Mathematics	-	Rs. 6,000.00
• Industrial Training Unit	-	<u>Rs. 3,600.00</u>
Total Petty Cash Expenses – FoE	-	<u>Rs. 112,164.00</u>

Visiting Payments for Year 2016 - FoE	– 1st Semester	– Rs. 1,597,812.50
	2nd Semester	– <u>Rs. 2,422,500.00</u>
	Total	– <u>Rs. 4,020,312.50</u>

Dept. of Marine Engineering

- Department purchased equipment worth of nearly Rs. 55,900.00 within the year 2016.

Corporate Social Responsibility Programme (CSR) conducted with details

Dept. of Marine Engineering

The Engineering Training Workshop, Marine Engineering Laboratory and Inshore Petrol Craft (P 129) at Kandawala Lake were prepared/ kept open for the public during 'Open Day' and the department staff was actively contributed to enhance the knowledge of the visitors.

Any key information

Dept. of Mechanical Engineering

- Intake 32 Mechatronics Engineering students have participated for Inter University robot competition organized by the Sri Lanka Institute of Information Technology. (Robofest 2016)
- The Following team of student have applied for patent,
 1. Patent no: LK/P/1/18138 for "Assistive technology for the visually impaired"
Team member - SP Gajanayake (ENG/13/204) - Mechatronics Engineering
 2. Patent no: LK/P/1/18137 for "Smart cane and associated smart phone application for the visually impaired"
Team member: AASS Ariyapperuma (ENG/13/192) - Mechatronics Engineering

Dept. of E, E & T Engineering

Electrical matters of several construction project such as Club House, Engineering Faculty Building, VC's chalet, VC's office and VC's conference hall were undertaken by department staff members.

11. FACULTY OF LAW (FOL)

Summary

The Faculty of Law was established in 2011 with the objective of providing legal education to the Officer Cadets enabling them to become legal officers in the Tri-Forces of Sri Lanka. Presently, the Faculty accommodates over 450 students. There are Officer Cadets and Day-Scholars.

The Faculty confers the Bachelor of Laws degree and other postgraduate degrees. The objective of the programme is to train Officer Cadets and non-military students to be academically and professionally qualified in the legal fields.

The Faculty of Law consists of two departments, namely; Department of Civil Law and Department of Military Law. Furthermore, the Faculty of Law conducts the following annual workshops; Workshop on International Law with the Moragoda International Law Trust and Workshop on International Humanitarian Law with the International Committee and the Red Cross (ICRC). The Faculty also conducts Moot Courts for its undergraduates, enabling them to gain experience in presenting their stance on a legal issue against an opposing party.

Apart from teaching, the Faculty provides the following Services; Legal Aid Centre: It Centre provides assistance to disadvantaged, underprivileged, and marginalized people to seek access to justice by providing free legal advice and counselling, facilitating mediation and providing legal representation to resolve their legal problems. Legal Consultancy Service provides individuals and corporate entities with a variety of legal services, from consultation, advice for finding creative solutions, to litigation for complex legal questions. It also provides efficient, innovative, practical and cost effective solutions to its clients with the aim of ensuring the receipt of consistently high quality legal advice specifically catered to the environment in which the clients operate.

Changes of Key Appointments (Military / Academic)

- Mr. WS Wijesinghe was appointed as the Dean of the Faculty of Law, KDU w.e.f. 21.01.2016.
- Dr. TB Abeysekera was appointed as the Head of the Department of Civil Law on 01.02.2016.

Staff Development Activities

- **Ms. MPC Wijesooriya**, Lecturer successfully completed Certificate in teaching in higher education CTHE programme, conducted by Staff Development Centre, KDU.

- **Ms. AA Edirisinghe**, Lecturer (Probationary) and **Ms. KNT Dayarahna**, Lecturer (Probationary) successfully completed CTHE programme IV 2015/2016, conducted by Staff Development Centre/KDU.
- Ms. US Gamage, Management Assistant participated for the Workshop of “Capacity Building for Clerical Staff” and awarded with a certificate.

Involvement in Training Matters / Achievements

5.1 Mr. WS Wijesinghe - Senior Lecturer (Grade I)

Functioned as:

- Consultant - National Ocean affairs Committee, Presidential Secretariat
National IHL Committee, Ministry of Foreign Affairs
- Chairman - Legal and Medico-Legal Affairs Committee, UHKDU
Editorial Committee, KDU Law Journal
Committee on Sessions in Law, KDU-IRC 2016
- Member - Board of Directors, National Transport Medical Institute
Standing Committee on Legal Studies, UGC
Ethical Review Committee, FoM, KDU
Committee to Evaluate Research Grants, KDU
Committee on Formulating Academic Norms, KDU
Quality Assurance and Accreditation Committee, KDU
Leave and Awards Committee, KDU
Conference Proceedings, KDU-IRC 2016

Organized:

- Review of LL.B. Degree Programme of KDU by UGC with regard to the granting of exemptions to the LLB Graduates from Preliminary and Intermediate Examinations of the Sri Lanka Law College. It resulted in UGC making a positive recommendation to the Council of Legal Education.

Coordinated:

- Advanced Seminar on International Humanitarian Law in collaboration with ICRC in June and November, 2016
- Workshop on International Space Law in collaboration with Moragoda International Law Trust in September, 2016

5.2 Ms. MRIK Munasinghe - Senior Lecturer (Grade II)

- Reading for Masters of Human Rights, Faculty of Graduate Studies, University of Colombo.
- Presented a paper on “A Legal Analysis of the Institution of Slavery in Kandyan Law”, 9th Annual RASSL Research Conference on Humanities and Social sciences, March 24th -26th 2016.

- Presented a paper on “A critical legal review on the influence of establishing an Ad Hoc hybrid court as a post war justice seeking mechanism; Lessons for Sri Lanka”, 02nd International Conference of the Humanities and Social Sciences: Peace, Reconciliation and Development Challenges University of Ruhuna.
- Secretary - Internal Quality Assurance Cell, Faculty of Law, KDU.
- Editorial Board member and Secretary of Editorial Committee of KDU Law Journal.
- Coordinated Workshop on International Space Law in collaboration with Moragoda International Law Trust in September, 2016.

5.3 Ms. RBWMH Rathnamalala - Senior Lecturer (Grade II)

- Presented a research paper at KDU Research Symposium on the theme: “Substantive Equality as a Universal Remedy to Eliminate Gender Stereotypes: Snakes and Ladders”.
- Participated in the National Level Forum Discussion on “Trafficking in Women” organized by the Ministry of Women and Child Affairs.
- Visiting Lecturer-Faculty of Graduate Studies, KDU.
- Visiting Lecturer in Human Rights Law, Open University of Sri Lanka.
- Visiting Lecturer in B.Sc. in Aviation Studies, Sri Lanka Air Force Academy, China bay.
- Visiting Lecturer in Defence Services Command and Staff College, Batalanda.
- Research Supervisor, Masters in Human Rights Programme, Faculty of Graduate Studies, University of Colombo.
- Research Coordinator for Undergraduate Research Dissertations, Faculty of Law, KDU (Day-Scholars).
- Editor: Law Newsletter, KDU.

2. Infrastructure Developments

2.1 Library for FAHS

In order to maintain the proper security for the Library collection of FAHS, CCTV camera system was installed.

2.2 Library for Southern campus

Southern Campus Library was initially established in 2015 by using a class room of the Faculty of Build Environment and Special Sciences. In order to cater for the growing student enrollment, the library was shifted to a separate building including reading room with 50 seating capacity, Lending area, Reference area and Newspaper area with other important library facilities.

2.3 Library for FOM

FOM Library started functioning since 04th January 2016. Medical related subjects are covered by the Library collection. FOM Library has total collection of 1725 books and seating capacity for 80 students. During the mid of year 2016, new internet terminals also were set up for library users with Online Library Catalogue (OPAC) searching and e-resources searching facility.

3. New Projects

3.1 New Library Management System (LMS)

With the establishment of faculty libraries, a web based new Library Management System (LMS) using KOHA open source software has been installed for KDU library network successfully. Further, data migration and editing from previous Library system is being done effectively.

3.2 Security System for the Main Library

As planned by last year the new security system using RFID technology, was installed. Initially security gate and 10000 tattle tapes were fixed for the main library.

3.3 Digital Library

KDU library has taken steps to build a digital archive by using D-space software for KDU collection including past question papers, abstracts of theses/ dissertations compiled by KDU students, IRC proceedings and photos of special KDU events.

Vice Chancellor
General Sir John Kotalawala Defence University

Report of the Auditor General on the Financial Statements of the General Sir John Kotalawala Defence University for the Year Ended 31st December 2016 in terms of Subsection (1) of Section 108 of the Universities Act No. 16 of 1978

The Financial Statements of the General Sir John Kotalawala Defence University for the year that ended on 31st December 2016, which consists of the Statement of Financial Position as at 31st December 2016 and the Comprehensive Income Statement, Statement of Equity Changes and Cash Flow Statement for the year then ended and significant accounting policies and a summary of other explanatory information, were audited under my direction in terms of the provisions of Article 154 (1) of the Constitution read with section 13 (1) of the Finance Act No. 38 of 1971 and with Section 10 (a) (2) of the General Sir John Kotalawala Defence University Act No. 68 of 1981. My comments and observations, which I deem should be published together with the Annual Report in terms of Section 14 (2) (c), are given in this Report.

1.2 Responsibility of the Management Regarding the Financial Statements

The responsibility of the management is to prepare these Financial Statements in accordance with the Sri Lanka Public Sector Accounting Standards, present them in a fair manner and deciding on the internal controls which necessary to make it possible to prepare Financial Statements free of quantitative falsehoods that may be resulted in by frauds or mistakes.

1.3 Responsibility of the Auditor

My responsibility is to express an opinion based on my audit on these Financial Statements. I have conducted my audit according to the Sri Lanka Accounting Standards which are consistent with the international auditing standards of hallowed auditing institutions. These standards expect that the audit will be planned to get a fair ascertainment as to whether I will abide by the requirements of the ethics and the Financial Statements are free of false statements.

The audit includes implementation of procedures for obtaining of evidence relevant to the values and revelations depicted in the Financial Statements. Selected procedures are based on the judgement of the auditor including the risk assessments on the quantitative false statements that could surface in the Financial Statements due to frauds or errors. Although during the risk assessments, the auditor takes into account the internal controls relevant to preparation and reasonable presentation of the Financial Statements of the University for the purpose of planning audit procedures which are appropriate to the context, it does not intend to express an opinion about the effectiveness of the internal control of the University. The audit includes the evaluation of the appropriateness of the accounting policies and the reasonability of the accounting estimates followed by the management as well as the evaluation of the overall presentation of the Financial Statements. The Auditor General is vested with discretionary powers to decide the scope and extent of the audit in terms of Subsections (3) and (4) of Section 13 of the Finance Act No. 38 of 1971. My belief is that the audit evidence I have obtained is adequate to provide a basis for my audit opinion.

1.4 Basis for the Qualified Opinion

My opinion is qualified, based on the facts cited in paragraph 2.2 of this Report.

(e) Although a biogas unit worth Rs. 1,163,536 constructed in 2011 and put to use had been depicted under Tangible Assets in Financial Statements, depreciation had not been allocated for it since 2011.

(f) Instead of crediting a sum of Rs. 7,000,223 receivable to the University for breach of agreements and bonds by Cadet Officers to the income of the University, it had been credited to the Self-Financing Fund Account but reasons for it had not been given.

2.2.2 Lack of Evidence for Audit

The following observations are made:

- (a) Evidence was not submitted for audit in respect of advance not settled amounting to Rs. 1,454,321 which had existed in the balance that had been shown since 2014 as 'purchasing advance not settled' in the Self-Financing Fund.
- (b) Although other assets amounting to Rs. 1,491,625 contained in the Fixed Assets of the University and land development cost of Rs. 48,803,874 were shown in the Financial Statements continuously since 2008, the assets represented by it were not presented for physical verification.
- (c) Although a value of Rs. 13,847,542 was brought forward since 2011 as other assets and buildings under Work in Progress in Financial Statements, the assets represented by it were not presented for physical verification.

2.3 Accounts Payable

In the Financial Statements as at 31 December 2016, Rs. 1,511,181,993 had been shown as Creditor Balance and that value included creditor balances of Rs. 14,403,186 which had remained for over 2 years without being settled and Rs. 27,703,433 of payable expenses which had remained for over 2 years without being settled.

2.4 Non-Compliance with Laws, Rules, Regulations and Management Decisions

The following instances of non-compliance were observed:

- (a) Financial Regulation 237 (b) of the Financial Regulation Code of the Democratic Socialist Republic of Sri Lanka Although it should be certified that the relevant goods have been received and have been entered on the relevant stocks registers before making payments, Rs. 122,803,287 had been paid as advances in 670 instances contrary to it. Advances amounting to Rs. 92,112,669 that had been paid over the past 05 years as aforesaid had not been settled even by 31 December 2016.
- (b) Section 8.9.1 (b) of the Government Procurement Although a formal written agreement should be entered into for purchasing goods exceeding Rs.

Guidelines 2006	500,000 in value, no written agreements had been entered into in a proper manner with regard to 04 contracts worth Rs. 19,712,855.
(c) Employees' Provident Fund Act No. 15 of 1958 and Employees' Trust Fund Act No. 46 of 1980	The contributions amounting to Rs. 8,210,785 payable to the Employees' Provident Fund and Employees' Trust Fund for the period from 1 st January 2006 to 11 th May 2011 had not been remitted even by 31 December 2016.

2.5 Transactions not Supported by Adequate Authority

Grants amounting to Rs. 4,554,308,836 had been released by the Treasury from the year 2014 to the year 2016 for paying the interest on the loan obtained from the National Savings Bank for the construction of the University Teaching Hospital and only Rs. 4,486,387,102 had been utilized out of it as at 31 December 2016. The additional provision totalling Rs. 67,921,734 received during the 02 previous years had been spent for other purposes of the University without Cabinet Approval.

3. Financial Review

3.1 Financial Outcome

According to the Financial Statements submitted, the financial outcome for the year which ended on 31 December 2016 was a deficit of Rs. 955,434,499 and compared to the previous year's deficit of Rs. 676,191,883, the financial outcome of the year under review was a decline of Rs. 279,242,616. The increase of exchange disadvantage of the cost on construction of the University Teaching Hospital by Rs. 1,310,332,348 and operational cost of the University by Rs. 1,607,426,436 has been the main cause for the decline in the financial outcome.

When analyzing the financial outcomes of the year under review and the 04 previous years, although surpluses of Rs. 36,566,608 and Rs. 250,842,194 had been generated in years 2012 and 2014 respectively, a deficit had been experienced in the financial outcome in the years 2013, 2015 and 2016. However, once the employee gratuities and depreciation for non-current assets are re-adjusted to the financial outcome, the contribution of the University had grown uninterruptedly from the year 2012 to the year 2014. Nevertheless, a decline of Rs. 168,521,705 was experienced during the year under review compared to the previous year.

3.2 Analytical Financial Review

Several ratios pertaining to short-term and long-term solvency in respect of the financial status as at 31st December in the years 2016 and 2015 are given below:

	2016	2015
	%	%
Long-term Loan Capital to Equity	389	367

Capital

	2016	2015
	(Rs.)	(Rs.)
Income Per Student	604,536	747

The long-term loan capital to equity capital and total capital ratio had escalated from the previous year due to obtaining of loans for constructing the teaching hospital by the University. Further, per-student income in the year under review had decreased by Rs. 143,043, or by 19.13% in other words, compared to the previous year.

4. Operational Review

4.1 Performance

The following observations are made:

- (a) This University, which had been established under the Sir John Kotalawala Defence Academy Act No. 68 of 1981, had been limited in its function to conduct degree courses associated with defence affairs for officers employed in the defence services until the year 2011. It was elevated to the status of a University in terms of Amendment Act No. 27 of 1988 and the Amendment Act No. 50 of 2007. However, the said Acts did not contain clauses conferring it the power to award degrees to scholars who are not employed in defence services. However, Degree certificates had been awarded to 2,845 external students including 199 foreign students enrolled on fee-levying basis from the year 2011 to 31st December 2016.
- (b) As at 31st December 2016, 3,073 local students were engaged in educational activities out of whom 1,728 students were on paying basis and 1,345 were Cadet Officers employed in the three forces on free-of-charge basis. During the year under review, 829 local students had been enrolled for 22 courses of study conducted by the University and compared to the 850 students enrolled in the previous year it was a decline of 2.47 %. Only foreign students had been enrolled to the Faculty of Medicine on fee-levying basis and as against the 54 students enrolled during the previous year, only 23 students had been recruited in the year under review.
- (c) It was revealed during the audit that the University needs to take quick steps to overcome the dual challenges of financial needs and market competition and to enhance incomes adequately. As such, it was observed that the enrolment of local and foreign students on fee-levying basis should be regularized and the need for a competitive course of action to attract foreign students further exists. In order to cater to this need, action had been taken to enter into a Memorandum of Understanding only with the government of Bhutan and the government of Rwanda.
- (d) Although 340 students were engaged in educational activities in the Southern Campus of the University as at 31 December 2016, it was observed during the audit that the 08 lecture halls allotted for academic activities are not adequate for lectures. Although 166 students had been enrolled to the Faculty of Computing belonging to the Southern Campus by the end of the year under review, adequate computer study facilities had not been provided for them. As a result, the students of the Faculty of

Computing were seen to be using a computer laboratory belonging to the Faculty of Built Environment and Spatial Sciences for their studies. As a result of not constructing a permanent library building for the Southern Campus, the Library available for undergraduates was found to be maintained in a pre-cast building with a floor area of 1,152 square feet finished with roofing sheets.

4.2 Management Activities

The following observations are made:

- (a) Although 13 lighting systems worth Rs. 26,928,000 had been supplied by 02 private firms by 13th August 2015 for the Operating Theatre of the Teaching Hospital constructed in Werahera area for the Faculty of Medicine of the University, the equipment had been sent back to the firm which supplied it for lack of warehouse facilities.

In addition, a sum of Rs. 19,272,584 equivalent to 80 % of the value was paid for purchasing 06 operating theatre lighting systems with cameras, which are worth Rs. 24,090,730, for the University. Although the goods concerned had been supplied on 10 November 2015, they were sent back to the firm concerned due to lack of stores facilities. As the functions of the teaching hospital were commenced in May 2017, the assets concerned had been purchased before the necessity and left to lie idle at the premises belonging to an external party for over 18 months.

- (b) For the purpose of constructing the University Teaching Hospital building, a foreign loan of 177 million US dollars and a local loan of Rs. 3,165,123,000 had been obtained on a Treasury guarantee from the National Savings Bank on 28 March 2013. According to the loan agreement, the University has to pay back fully the money obtained in local currency by the year 2032. However, it was observed that there is a risk to paying back loans due to losses incurred continuously from the operational activities of the University and non-implementation of a course of action to increase the number of students enrolled on fee-levying basis, but the management's attention has not been focused on it.
- (c) During the physical inspection carried out on 18th April 2017, it was observed that 08 vehicles of running condition had not been functioning for over one milometer year. As such, the accuracy of the running charts submitted in respect of the vehicles concerned were questionable at the audit while the management's attention had not been given to bringing milometers back to normal state.

4.3 Transactions Leading to Contention

A building constructed in the Southern Campus at a cost of Rs. 10,948,998 for coconut precursor products and research activities under the Advanced Research and Studies Integration project has been adapted as a students' physical fitness centre. As a result, it was observed during the audit that the coconut precursor production and research activities scheduled to be conducted by the Southern Campus had not been implemented even by 31st December 2016.

4.4 Procurement and Contract Process

The following observations are made:

- (a) Although Procurement Plans had been prepared by the University, it contained only the capital expenditure expected to be financed by Treasury grants for the purpose and did not contain the Capital Expenditure borne by the Self-Financing Fund of the University during the year under review.
- (b) The work of the contract amounting to Rs. 2,871,570 awarded to a private party on 9th March 2015 for the purpose of establishing a water supply system and purchasing water tanks had not been completed even by 31 December 2016. A written agreement had not been entered into for this purpose and a performance security had not been obtained for the movement advances released for this.
- (c) The Southern Campus premises have 143 acres. Out of it, 18 acres is located in the Sooriyawewa Divisional Secretariat Division of the Hambantota District while 125 acres is located in the Sevanagala Divisional Secretariat Division in the Monaragala District.
- (d) The portion of land located within the Sooriyawewa Divisional Secretariat Division belongs to the Board of Investment of Sri Lanka and the activities pertaining to the acquisition for the University had not been completed even by 31st December 2016. The physical inspections revealed that although the construction work of the Southern Campus, which was established in the year 2011, should be completed by the year 2018, construction of buildings of the second and third phases occurs slowly due to non-availability of adequate funds. Although environmental recommendations were sought from the Central Environmental Authority in respect of the construction work of the Southern Campus, the Authority had informed that an environmental recommendation could not be given because at the time when the Central Environmental Authority came for the field inspection on 23rd April 2015, part of the proposed constructions had been done.

4.5 Staff Administration

The following observations are made:

- (a) The details of the officers of the three forces seconded for the affairs of the University are given below:

Service	Number of Staff Officers Seconded	Number of Non-Staff Officers Seconded	Total
Sri Lanka Army	72	456	528
Sri Lanka Navy	30	351	381
Sri Lanka Air Force	<u>15</u>	<u>122</u>	<u>137</u>
Total	<u>117</u>	<u>929</u>	<u>1,046</u>

Although the Committee on Public Enterprises had directed at its Meeting held on 5th March 2013 that the formal approval of the Department of Management Services be obtained for the military personnel attached in addition to the approved cadre of the University, no steps had been taken in that direction even by 31st December 2016.

- (b) Although the approved number of members on the teaching staff for 05 courses conducted under three Faculties of the Southern Campus is 76, only a staff of 33 members served on the teaching staff. In addition, when analyzing the teaching staff of the Campus, it was found that no Professor had been recruited even as at 31 December 2016 although the approved number is 12 Professors. Although 42 posts of Senior Lecturers had been approved for the Southern Campus, action had been taken to recruit only 12 Senior Lecturers by 31st December 2016.

5. Accountability and Good Governance

5.1 Presentation of Financial Statements

According to Section 6.5 of the Public Administration Circular No. PED/12 dated 2nd June 2003, annual Financial Statements should be presented for audit within 60 days from the end of the Financial Year. However, although the draft Financial Statements of the University had been presented for audit on 28th February 2017, after making adjustments for the accounting deficiencies unveiled at the audit, the amended Financial Statements were presented for audit on 29th June 2017.

5.2 Budgetary Control

The Budget had not been used as an effective management control, as variations of 10 % to 201 % could be observed between the budgeted expenditure and the actual expenditure in transport expenses, contractual services expenses, other expenses and Capital Expenditure during the year under review.

5.3 Unresolved Audit Paragraphs

Although the University Teaching Hospital has been constructed on a land that is 47 acres and 37.9 roods in extent belonging to the Sri Lanka Transport Board, the ownership of land had not been acquired even as at 31 December 2016.

5.4 Composition of the Board of Management

Even during the year under review, the Vice Chancellor of the University, the Secretary to the Board of Management and the Additional Secretary to the Ministry of Defence not cited in the Sir John Kotalawala Defence Academy Act No. 68 of 1981 functioned as the Members of the Board of Management.

6. Systems and Controls

The System and Control deficiencies noticed during the audit were brought to the attention of the Vice Chancellor from time to time. Special attention should be given to the following system and control areas:

System/ Control Area	Observations
(a) Contract Administration	Awarding contracts without entering into written agreements
(b) Purchasing Control	i. Purchasing of goods bypassing the Government Financial Regulations and Procurement Guidelines ii. Paying advances before receipt of goods.

H.M. Gamini Wijesinghe
Auditor General

Detailed Report of the Auditor General submitted to the Vice Chancellor as per section 13 (7) (j) of the Finance Act No. 38 of 1971 on the Financial Statements of the General Sir John Kotalawala Defence University for the Year Which Ended on 31 December 2016

1. Non-Compliance with Sri Lanka Accounting Standards / Sri Lanka Public Sector Accounting Standards (as Appropriate)

Non-Compliance with Reference to the Relevant Standard	Measures to be Taken and Present Status	Officer who should Take Action
a. Non Revaluation of Expenditure Air-conditioning and ventilation system worth Rs. 87,414,822 for the Faculty of Medicine of the University	Steps have been taken to correct the account entries. Capitalization has been done and adjustment of depreciation has been made in the year 2017.	Acting Bursar
b. The fact that Rs. 8,201,784 is to be paid as Employees' Provident Fund and Employees' Trust Fund contributions and fines pertaining to the contributions concerned had not been revealed in the Financial Statements.	Revealing in the Financial Statements for the year 2017. This amount had been paid on 14 June 2017 and depicted in the Financial Statements for the year 2017 as an expense.	Acting Bursar
Not identifying correctly among years the income from degree courses. A difference of Rs. 1,629,503 between the Schedule and the values in the accounts had existed.	Identification of incomes relevant to the respective years. Action has been taken to identify the income pertaining to the year correctly commencing from the year 2017.	Acting Bursar

2. Accounting Deficiencies

Audit Observation	Measures to be Taken and Present Status	Officer who should Take Action
Numerical Errors		
1) Although a sum of Rs. 2,606,394 is shown as value of advances in the Self Governed Fund, it has been shown as Rs. 2,577,393 in the ledger.	Taking steps to rectify and confirming the accuracy of the figures.	Acting Bursar
2) Although had shown Rs. 4,845,148 as advances the Southern Campus for the year 2014 in the Financial Statements, it was observed that its value according to the Schedule was Rs. 4,825,148.	Relevant corrections have been made.	
b. Calculation Errors The depreciation for buildings has been shown less by Rs. 22,676,208.	Taking steps to rectify and regularizing the control mechanism pertaining to calculations. The depreciation on buildings which had been understated by Rs. 22,676,208/= has been adjusted and shown in the comparative values of the year 2016 under the 2016 column of the Financial Statements for the year 2017.	Acting Bursar
The depreciation for motor vehicles has been shown less Rs. 1,196,178.	In depreciating the motor vehicles, motorbike bearing Registration No. BBW - 1276 has been depreciated by showing under assets of the Faculty of Postgraduate Studies and the motorbike bearing Registration No. BCE - 6980 has been depreciated under	

Self-Financing Fund. In addition, Vehicles bearing Registration No. PC 5497 and NB - 2048 belong to the Ministry of Defence and the Sri Lanka Army respectively. Therefore, these assets have not been recognized as an asset in the financial accounts as they do not belong to the General Sir John Kotalawala Defence University.

5. Continuity of the Organization

Audit Observations	Measures to be Taken and Present Status	Officer who should Take Action
a. The General Treasury had agreed to pay the loan obtained for the construction of the Hospital Building of the University together with the interest. The University had to pay back the loan concerned in full in the year 2018 after a five-year repayment holiday. At the same time, the loans obtained in local currency has to be paid fully by the year 2023. It was observed that a risk is present in respect of <u>repayment of loan instalments as agreed</u> by the University due to continual losses incurred by operational activities and non-adoption of an adequate course of action to increase the number of students enrolled on fee-levying basis.	The Cabinet Office has appointed a Committee to inquire into the methodology of repayment of these loans and submit a report to the Cabinet.	Director - University Hospital Chief accounting officer - University Hospital Acting Bursar
b. It is the view of the audit that there is a risk of an uncertainty occurring in respect of <u>carrying out the future activities of the University without</u> financial assistance from the Treasury or other financial support as the operational losses in the previous years had adversely affected the net assets of the University.	This loss has been caused due to the loss of foreign exchange. Steps should be taken to take account of the future challenges of the University and enhance its sources of income.	

6. Lack of Written Evidence for Audit

Repair work had been carried out. Running charts are updated daily.

4) The prices presented **during the process of disposing vehicles** that had become unsuitable to use were 204% and 172% higher than assessed values. Similarly, an expenditure of Rs. 66,064 had been borne to publish the notice inviting quotations. Action had been taken to repair two vehicles and put to use.

Controls should be strengthened and the disposal should be conducted so that more benefits are accrued to the institution.

Motor Traffic Engineering Officer in-charge-of transport

A panel comprising 04 members is shown to have prepared the valuation report and it was observed that this has occurred because bidders have submitted bids on their own discretion.

At present the process of disposal is carried out with a proper procedure through an Evaluation Committee comprising an RMV representative officer and a professional officer associated with the field.

At the same time, it has been possible to repair two vehicles and put back to use because a vehicle repair engineering workshop was established later within the University.
