## NOTES TO FINANCIAL STATEMENTS (CONTD.)

## NOTE 3.4 - PROPERTY, PLANT AND EQUIPMENT

Property, Plant and Equipment is stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is charged so as to allocate the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The following useful lives are used for the depreciation of Property, Plant & Equipment :

	Years
Office Equipment	4

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of an asset, the depreciation of that asset is revised prospectively to reflect the new expectations.

## NOTE 3.5 - IMPAIRMENT TESTING OF PROPERTY, PLANT AND EQUIPMENT AND INVESTMENTS IN ASSOCIATES

For the purpose of assessing impairment, assets are grouped at the lowest level for which there are largely independent cash-inflows (cash-generating units – CGUs). As a result, some assets are tested individually for impairment and some are tested at the CGU level. Goodwill is allocated to those CGUs that are expected to benefit from the synergies of the related business combination.

Individual assets or CGUs are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised in profit or loss for the amount by which the asset or CGU's carrying amount exceeds its recoverable amount

Impairment losses for CGUs reduce first the carrying amount of any goodwill allocated to that CGU. Any remaining impairment loss is charged pro-rata to the other assets in the CGU. With the exception of goodwill, all assets are subsequently assessed for indications that an impairment loss previously recognised may no longer exist. In that case the previous impairment loss is reversed through Profit or Loss.

## NOTE 3.6 - FINANCIAL INSTRUMENTS

## Financial Assets

## Cash and Cash Equivalents

These financial assets are recognised initially at the transaction price.
