Guiding principles

Vision

Creating the handicraft sector in a more productive economic field by introducing creative and innovative designs.

Mission:-

Introducing market-based creative designs through the promotion, development, capacity building, promotion and mainstreaming.

Objectives of the Institutional

- Developing handicrafts that is currently being manufactured by traders and introducing new designs to the present and future markets of both domestic and export markets.
- Introducing techniques to develop appropriate techniques and raw materials to increase the production capacity and produce high quality handicrafts.
- Provide advanced training, technical and design development assistance to the craftsmen with a view to achieving a better growth in the handicraft sector through the increase of income.
- Provide facilities for craftsmen to use new techniques and provide common facilities and provide common facilities.
- Introduce more efficient, innovative methods for handicrafts.
- Conduct publications, seminars, workshops and library facilities to handicraftsmen, traders and handicraftsmen involved in the field of handicrafts.
- Provide design consultancy services at the request of government and non government organizations.
- Develop creative skills and conduct professional education programs.

Core Values

- ✓ We are bound by responsibility.
- ✓ To be honest and transparent.
- ✓ Trust in the skills and unity efforts.
- ✓ We're moving to use new technology and preference.
- ✓ We believe that good customer service is provided

Institutions Act and Regitrations

National Design Center, which was established in 1983 under the National Crafts Councils Act No 35 of 1982, beyond the local handicrafts industry, was established beyond the tradition and was based on the progress of the handicraft industry.

Organization

The National Design Center, the National Design Center, is always in the process of achieving its objectives for the progress of the entire handicraft industry**.** Here is a craftsman working in collaboration with the branch established in Nanthambapotha in Kandy, Central Province, headed by the head office located at 10, De Mel Road, Moratuwa, Katubadda, Moratuwa and Central Province.

In addition, the National Comprehensive School, which is the center for invention creation through the Diploma Courses, has been established at the Head Office premises. The youth of this country have created creative talents from the national level to the international level.

The Nattarampotha branch office also provides an uninterrupted service to the sassy industry by the established Brass, Leather, Leather and General Service Centers.

The National Design Center focuses mainly on the implementation of its mission through its head office with the head office and the support of the branch office with the support of the Action Plan.

In addition, the guidance of the Ministry of Traditional Industries and Small Enterprise Development, other sister institutions as well as volunteer organizations volunteers from various state and non-governmental organizations related to the provincial and industrial sectors.

All functions related to administration of all financial, marketing, marketing, design, fashion, education, technical development, research and development, common facilities and library services.

Chairman's message.

The National Design Center, which was established in 1983 by the National Craft Council Act No 35 of 1982 and established since 1983, established a national handicraft center in Sri Lanka, which can be used to raise the traditional handler from grassroots level to the international arena.

The service rendered by the National Design Center in 2016 will be commendable with vision and mission.

The year 2016 marks the 33-year existence of the National Design Center, and is a service provider and is funded through funds allocated from the Treasury.

Significantly, the Center's income earned through the conduct of consultancy services, conducting conduction training programs and conducting courses through other services required to promote Small and Medium Scale Industries has increased relative to the previous year.

I am gratefully recalling the support and commitment provided by the Board of Directors for the achievement of the organizational targets during the year under review, the support and commitment provided by the stakeholders, management, staff and other stakeholders.

It is not an exaggeration to say that the rural crafts sector has gained great awakening today through the guidance of Hon. Rishad Bathiudeen, Minister of Industry and Commerce.

Milhan Lathif
Chaiman
National Design Centre.

Director's message.

I am delighted to be here to review the work of the National Design Center in 2016 and issue a message for the annual report. Comparing to other years, there has been a notable increase in financial and material progress this year. This year, it has been able to implement several development programs in line with its original objectives and national development plans.

I am delighted to receive a favorable audit opinion from the Institute for several years and I will sincerely thank the employees of all the Accounts and all the other segments that have dedicated themselves to this endeavor.

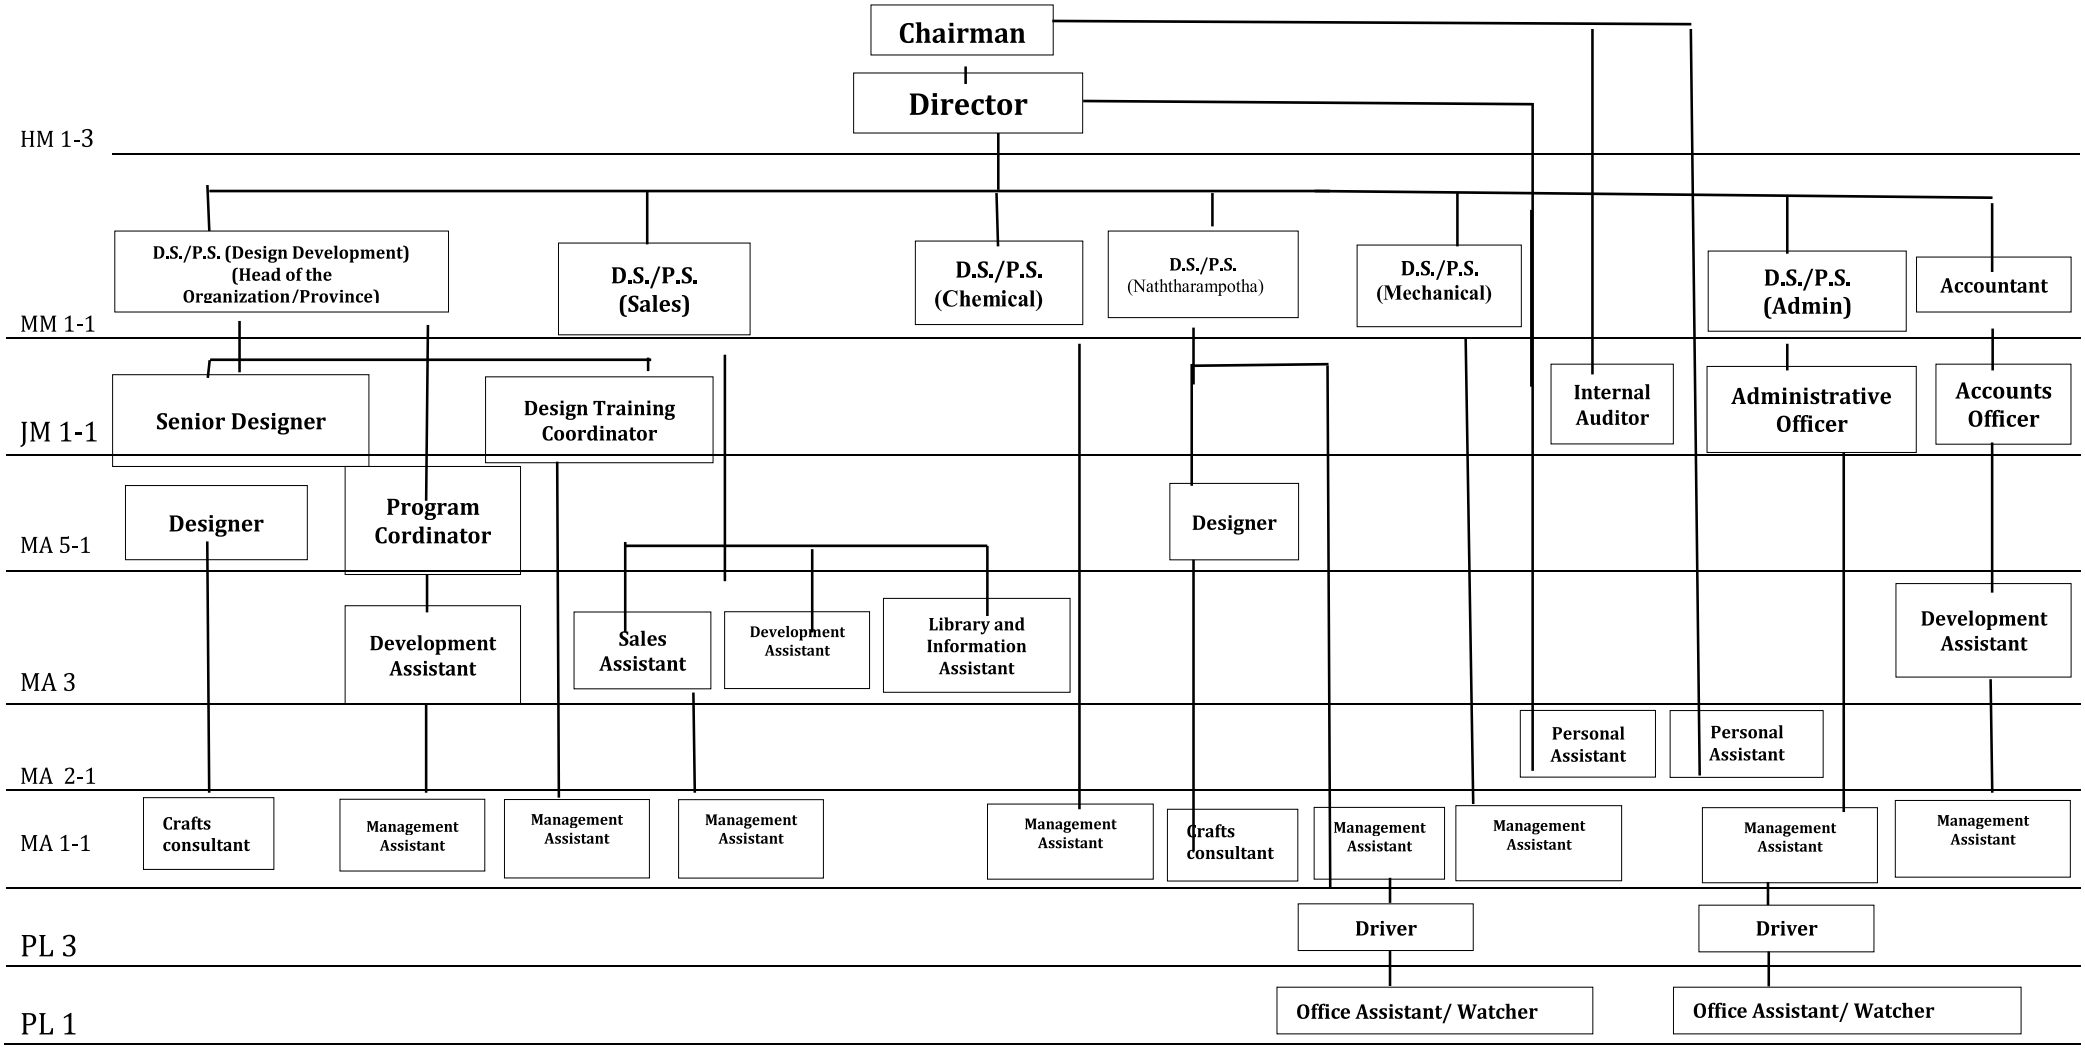

It is clear that the favorable environment in ensuring peace and security in the country has become a staggering effort to achieve economic growth. Properly developed fiscal and monetary policies provide the uninterrupted development of the country's economy and in this situation, particular attention has to be paid to the local small and medium scale industry.

The National Design Center, which plays a pivotal role in uplifting the handicraftsmen and the upliftment of the rural economy, takes center stage to implement the development needs of the rural handler.

Guidance and guidance for uplifting the rural heritage by implementing local raw materials and Hon. Rishad Bathiudeen, Minister of Industry and Commerce for the Leadership, Hon. Deputy Minister Hon. Champika Premadasa and Secretary to the Ministry, Mr. TMKB. I sincerely thank Mr. Tennakoon and the whole staff of our Ministry.

M.A.S.S.K. Chandrasiri,
Director,
National Design Centre.

2. Employee Loan Fund (SLF)
3. Design Consultations Fund (DCF)
4. Design Education and Training Fund (DET)

Development Activities - 2016

Planning and development of Innovations

The National Design Center focuses on the objectives of the handicraft industry designs for the local handicrafts industry as well as novel designs for the local and foreign market. They are handled by the handicraftsmen in several programs, with an intermediate component of selected designs selected by the National Design Centers. In addition, the design and the development sector have been continuous the part of the planned design introduce the handicraftsmen on the request of handicraftsmen.

During this year, it was targeted to plan 650 innovations mainly from designing branch of head office and 992 innovations from Naththarampotha Branch Office. In the workshop of National Design Center to make the innovations prototype 613 innovations were introduced and action has been taken to introduce to the balance 309 innovations to the articles.

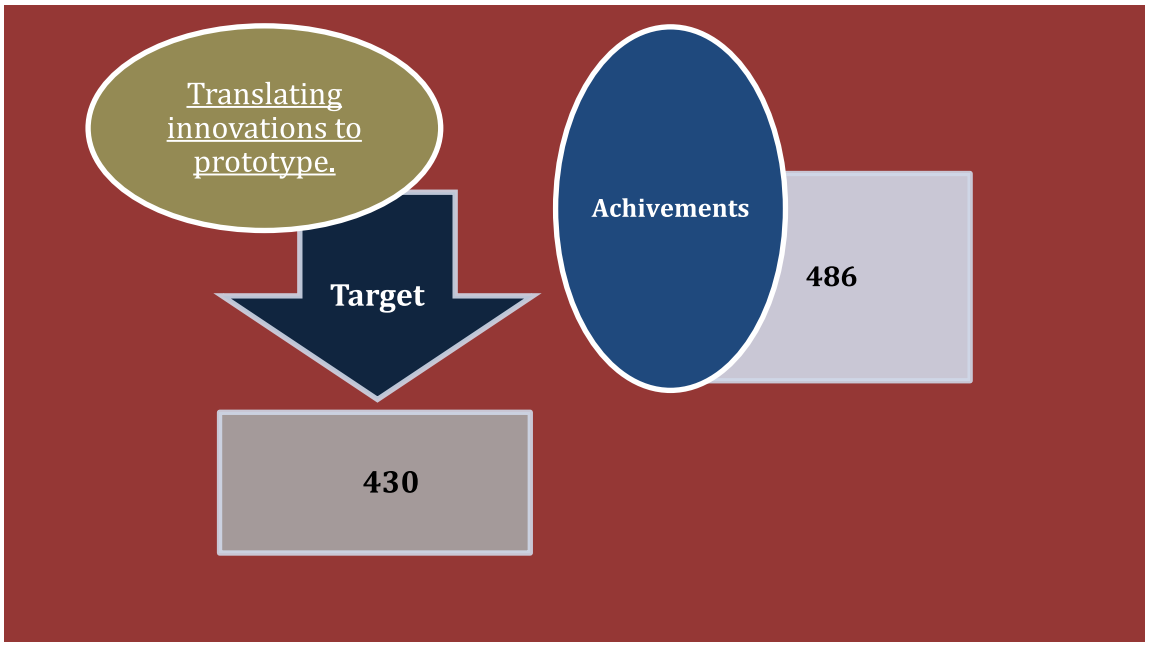

In addition, at the request of consultants and outer organizations, 50 graphics and interior decoration designs were targeted at designing and designing graphic and interior design designs for the needs of the line ministry and other agencies.

Translating innovations to prototype

Selected designs of the planed innovations will be prototyped through the workshop at the Moratuwa and Naththaranpotha office premises. The designs for leather, brass and Laksha, which are designed for the production of flooring and thread, red clay, coir, bamboo and rattan, textiles, wood and jewelry, become a prototyped.

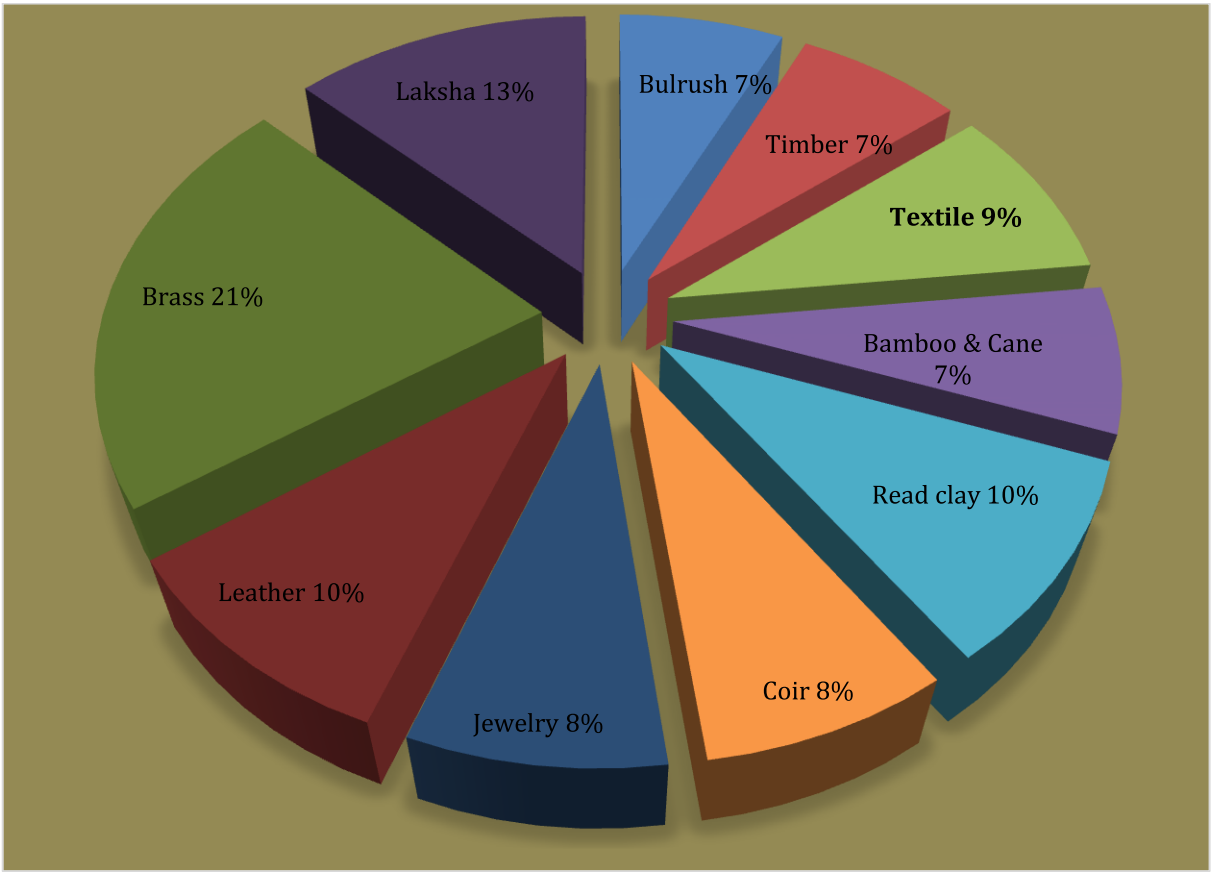

These prototypes are designed by the National Styling Center to create new design development training programs island-wide, designing training programs for the national designer center, government and non-government organizations and visiting National Design Centers Artists, Provincial Councils, Export Development Board, National Crafts Councils.

Under the new design concepts in National Design Centers, the National Design Center will carry out 486 designs for the year 2016 through various fields.

In this occasion, 271 entries have been made into the National Design Center of Moratuwa, the work has been done to make 2015 inventions in Naththarampotha National Design Centers. Accordingly, the prototype of the new designs comprised in each of the handicrafts sections of the Nattarampotha National Design Centers Workshop are as follows.

New design structures

Launching of commemorative creations using handicrafts innovations.

The National Design Center is promoting innovative local products through local handicrafts, both locally and overseas. It also focuses on the development of commemorative events preserving the identity of the home using the local raw materials.
Accordingly, 35 commemorative items were created to create 30 commemorative works this year.

Innovations Development Practical Training Programs.

- **Programs organized by the National Design Center under the Action Plan.**

Rs. 2,800 million was allocated for the development of inventions through the approved capital allocation. Targeted to this training was the awareness program, initial training programs, 14 advanced training programs and 280 new training courses for new beneficiaries.
Conducting 17 Practical Practices in Selected Designed Areas across the country, 504 people were introduced with innovative designs, novel technologies and innovative designs for the market.

New design development programs carried out under the Action Plan.

Introducing innovations to the handicraft sector

Designing new designs for the market in the field of eco-tourism is a major function of the National Design Center, and the National Design Center is working towards a variety of new designs that are designed to be a sophisticated professional. Under the Action Plan, under the provisions of the Non-Governmental Organizations, the new designs introduced under the invitations to be made by the state and non-government organizations as well as at the Institute's Institutions and through the trainees and the request of the craftsmen.

Accordingly, action has been taken to introduce a total of 572 new inventions aimed at introducing 390 new inventions designed by the National Design Center in 2016.

Handicrafts Innovation Development Programme

While designing new designs designed by the National Design Center in a variety of ways to handicraftsmen, the craftsmen who have selected the craftsmen to produce such creations and put in place a suitable program to introduce them to the market.

The design of the novel designs is the key element of this program, the selection of optimum design plans and the production of high quality craftsmen, in this way they were introduced to the Yugayata Nimaum-2016 they manufactured through the era of inventing the innovative creative handloom industry.

The National Design Center has taken steps to connect 135 handicraft entrepreneurs from various parts of the country to the field of crop processing, through this program, for the circulation of circulation, new inventions have made it possible to achieve economic growth through the purchase of new inventions, which expanded their market share.

Market relations.

New designs created by the National Design Center to manufacture orders and handouts through the Lanka Handicraft Industrial and other Handicraft outlets through production outsourcers and client handheld traders and manufacturing development programs.

Marketing research programmes

It was targeted at 04 marketing research programs in this year to observe new designs that are suitable for the market created by the National Design Center.

Accordingly, a showroom was opened in the National Design Center at the Thummulla sales center of the Sri Lanka Handicraft Board, The event was organized by the National Trade Exhibition and the National Design Center in Batticaloa and was conducted by the yugayata Nimaum New Design Exhibition in Kandy and made two Marketing Research Programs.

Through this, the Sales and Marketing Division of the National Design Center has taken steps to study how customers focus on innovation. Through this, the Sales and Marketing Division of the National Design Center has taken steps to study how customers focus on innovation.

Yugayata Nimeum -2016 Exhibition of innovative Creative Industries.

The National Design Center created in the year 2016 and designed to present the novel designs that suit the traditions introduced to the field of medicine, organized by Yugayata Nimeum-2016, the newest creative and solely an Indian manufacturing and marketing fair will be held from December 27 to 30 at this year in Kandy- Kandy City Center.

Through this, over 300 new inventions were launched in various industries, The National Design Center was able to sell innovative products manufactured by traders through this new product development program in a variety of retailers. He sale point is Rs. By getting a revenue of 2.1, it was possible for solicitors to get a higher price through them.

Co-ordinate with the National Crafts Council.

Shilpa 2016 National Exhibition.

In addition, during the following exhibitions, the exhibition was staged to inform the audience about institutional issues and the field of hairdressing industry.

- Jaffa International Trade Fair- The exhibition was held in Jaffna from 29th to 31st January with a new stall and a sales outlet.
- Colombo Shopping Festival- 2016- The exhibition which was held from 8th to 12th April at the Bandaranayke Memorial International Conference Hall was held at the BMICH. It was able to sell inventories of 0.113 inventions.
- Business Fair- 2016- The exhibition organized by the University of Sri Jayewardenepura was held from 15th to 15th May with a showroom and a sales outlet.
- U.N.D.P. The Batticaloa International Trade Exhibition organized by the Institute was held from September 30 to October 02, with all its graphic and interior decoration products. We also participated in innovative design training programs conducted by the UNDP project through the handing over of 100 trades to 100 craftsmen who obtained inventions and new technical know-how.

Providing library services and information.

At the head office premises at Katubedda and the library at the Naththarampotha branch office, Purchase new books worth Rs. Million 0.212 and increase the collection of the library and develop the library.

This library with a collection of special and weak books related to the Solar Energy industry has been established through the National Colleges of Education, the University of Kelaniya and the National Colleges of Cultural Degree, In addition to this, it was also possible to provide

library services, information and library services for those interested in handicraft industry and field related activities.

Function of Educational Sector.

Sri Lanka National Complementary College.

Through the National Design Center, the National Complementary Diploma Course and the National Complementary Diploma Course will enable them to unleash theoretical and practical knowledge in the field and release them as professional designers to the society.

This course will give you the opportunity to start your own business with the theoretical and practical knowledge obtained both locally and overseas.

The above courses are conducted as a weekly course and the number of students who completed these courses this year is as follows.

12 students participated in this year's Higher National Diploma course on Home Improvement (2016) (weekend).

74 students were recruited on the Advanced National Diploma Course on Home Filling (2016) (weekends), and the course of study was started in January 2016 and was completed in early 2017.

Providing services from the National Design Center.

In addition to the beneficiaries who receive services from the National Design Center under the action plan under the request of other organizations or under the provisions of the Non-Governmental Organizations in the year 2016, providing orders and marketing opportunities, information on the market, craftsmen, information on the field, Providing common facilities for training, inviting institutions / designs on designs Theoretical and Practical Knowledge for projects in the field of handicrafts, for local and foreign universities and students who are interested in and studied the crafts field.

Consultancy services.

The National Design Center provides consultancy services to the needs of both government and private entities. It provides graphic design, home decoration, inventions and new technical programs.

Accordingly, the National Design Center has earned an income of Millian Rs. 2.891 this year through advisory services.

National Design Centre
Accounting Policies for the year 2016

01. Basis of Preparation

Financial Statements have been prepared in accordance with Sri Lanka Public Sector Accounting Standards. No adjustments have been made for inflationary factors affecting the accounts and the financial statements are prepared in Sri Lanka Rupees

02. Government Grants

The Institutions receives two types of Government Grants namely, Recurrent and Capital.

03. Depreciation

Depreciation on tangible fixed assets has been provided on diminishing balance method at the following annual rates.

Building	5%
Office Equipment	10%
Computers and Accessories	20 %
Furniture & Fittings	10%
Tools & Equipment	25%
Motor Vehicles	20%
Machinery & Equipment	15%
Library Books	5%

04. Statement of Financial Performance

The revenue of the Institutions represents the income from Government Grants and other miscellaneous income. All income has been recognized on an accrual basis.

05. Valuation of Inventories

Inventories are valued at the lower of cost and Net Realizable Value. The cost of inventories is determined on a first in first out (FIFO) basis.

06. Post Balance Sheet Events

All material events occurring after the Balance Sheet date are considered and when necessary adjustments have been made in the accounts

07. Revaluation of Motor vehicles

Vehicles are revalued as at 31.12.2016

08. Value of the land where head office building and the project office building is

located has not been included in the financial statements since the ownership has not been transferred to the institution from the Department of Small Industries

09. Legal cases to be disclosed

Institute had executed contract for landscaping services in 2009 following tender procedures for a sum of Rs. 580,000/- . The payment for the contract has been suspended since the contractor was unable to complete agreed works within the given time frame to the satisfaction of the institute. Contractor has now filed a case regarding this matter and requested compensation for the nonpayment of contractual sum.

Institute is on the view that certain payment to be made for the work completed. This amount has been estimated as Rs. 502,082.56. However the final decision has not been reached yet.

The Chairman

National Design Centre

Report of the Auditor General on the Financial Statements of the National Design Centre for the year ended 31 December 2016 in terms of Section 14(2) (c) of the Finance Act, No. 38 of 1971

The audit of financial statements of the National Design Centre for the year ended 31 December 2016 comprising the statement of financial position as at 31 December 2016 and the statement of financial performance, statement of changes in equity and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information, was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Section 13(1) of the Finance Act, No. 38 of 1971 and Section 84(3) of the Affiliated National Crafts Councils Act, No.35 of 1982. My comments and observations which I consider should be published with the Annual Report of the Centre in terms of Section 14(2) (c) of the Finance Act appear in this report. A detailed report in terms of 13(7) (a) of the Finance Act was issued to the Chairman on 08 September 2017.

1.2 Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

1.3 Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards consistent with International Auditing Standards of Supreme Audit Institutions

අංක 306/72, පොල්දූව පාර, බත්තරමුල්ල, ශ්‍රී ලංකාව, . - இல. 306/72, பொல்துவ வீதி, பத்தரமுல்லை, இலங்கை. - No. 306/72, Polduwa Road, Battaramulla, Sri Lanka
+94-11-2887028-34 +94-11-2887223 oaggov@sltnet.lk www.auditorgeneral.gov.lk

(ISSAI 1000 – 1810). Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Centre's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Centre's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of financial statements. Sub-sections (3) and (4) of Section 13 of the Finance Act, No. 38 of 1971 give discretionary powers to the Auditor General to determine the scope and extent of the audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

2. Financial Statements

2.1 Opinion

In my opinion, the financial statements give a true and fair view of the financial position of the National Design Centre as at 31 December 2016 and its financial performance and cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

2.2 Comments on Financial Statements

2.2.1 Unexplained Differences

The following observations are made.

(a) Even though the total value of 08 fixed asset accounts amounted to Rs.89,570,620 according to the financial statements of the Centre, that value was Rs.71,126,825 according to the Schedules thus indicating a difference of Rs.18,443,795.

(b) The balance of unsettled advances as at 31 December 2016 amounted to Rs.909,685 according to the financial statements and that balance was Rs.410,577 according to the Advances Schedule thus indicating a difference of Rs.499,108.

2.2.2 Lack of Evidence for Audit

According to the financial statements, Gazette Notifications of the Government or Deeds of lands had not been made available as at 31 December 2016 to Audit in confirming the legal ownership of the land at Katubedda to the total value of Rs.12,729,258 on which the Head Office functions and the land at Naththarampotha on which the Project Office is located.

2.3 Accounts Receivable and Payable

The following observations are made.

(a) The trade and other receivable balance totalling Rs.3,776,526 comprised of loan balances from 1 year to 2 years, from 2 to 3 years and 3 years and above totalling Rs.911,688, Rs.266,116 and Rs.234,255 respectively as at the end of the year under review and steps had not been taken to recover these outstanding loan balances.

(b) The trade and other payable balance totalling Rs.1,433,249 comprised of balances below one year and from 1 year to 2 years totalling Rs.255,585 and Rs.1,177,664 respectively as at the end of the year under review and steps had not been taken to settle these balances.

2.4 Non-compliance with Laws, Rules, Regulations and Management Decisions

Non-compliances with the following laws, rules, regulations and management decisions were observed.

Reference to Laws, Rules, Regulations etc.	Non-compliances
(a) Establishments Code of the Democratic Socialist Republic of Sri Lanka	
(i) Section 13.4 of chapter II	An officer fully qualified for holding such a post should be appointed for acting in a vacant post. However, contrary to that, the Assistant Accountant of the Centre had been appointed for acting in the post of Director (Marketing/Information) from the year 2009 to the end of the year under review without paying acting allowances.
(ii) Section 12.2.6 of Chapter VII	In the payment of acting salary, payments totalling Rs.49,851 had been made to three officers in the year 2016 for acting in 03 posts without obtaining approval of the Secretary to the Ministry.
(b) Public Finance Circular No.3/2015 of 14 July 2015	Even though Ad hoc imprests should be settled immediately after completion of the purpose for which it is granted, advances

totalling Rs.217,565 granted in 07 instances from January to June 2016 from the Design Consultancy Account, had not been settled up to 31 December 2016.

2.5 Transactions not supported by Adequate Authority

The following observations are made.

(a) Incentive totalling Rs.1,245,000 had been paid to the employees by the Centre in the year 2016 by making use of the sum remaining from the money received for the contribution of labour in the implementation of the United Nations Development Programme. No formal Incentive Payment Scheme had been prepared thereon and the payments had been made solely on the majority will of the Board of Directors without obtaining approval of the Department of Management Services.

(b) A sum of Rs.1,000,000 remaining from the money through the programmes implemented together with Non-Governmental Organizations, had been transferred from the Design Consultancy Account to the Employees' Loan Account without the prior approval of the Board of Directors.

3. Financial Review

3.1 Financial Results

According to the financial statements presented, the financial result of the Centre for the year under review had been a surplus of Rs.5,208,630 as compared with the corresponding surplus of Rs.2,642,938 for the preceding year, thus indicating an improvement of Rs.2,565,692 in the financial result of the year under review as compared with the preceding year. The increase in recurrent grants by Rs.3,287,300 and the decrease in expenditure on gratuity by Rs.4,110,643 in the year under review as compared with the preceding year had been the main reason for the above improvement.

An analysis of the financial results of the year under review and preceding years revealed a financial deficit in the years 2011, 2012 and 2014 and a surplus in the years 2015 and 2016. Nevertheless, in re-adjusting the employees remuneration, Government tax and depreciation on non-current assets to the financial result, the contribution of the Centre amounted to Rs.27,228,335 for the year 2012 and it had gradually increased to Rs.61,471,826 in the year under review.

3.2 Analytical Financial Review

The following observations are made.

(a) The current ratio of the Centre which stood at 1.83 in the year 2015, had increased to 3.29 by 79.78 per cent by the year 2016. The decrease in the total current liabilities by Rs.16,097,403 in the year 2016 as compared with the year 2015 had been the main reason for this situation.

(b) The increase in expenditure relating to 07 Objects had been ranging from 30 per cent to 230 per cent in the year under review as compared with the preceding year.

4. Operating Review

4.1 Performance

The following observations are made.

(a) The powers and functions of the National Design Centre established in terms of Section 82 of the National Crafts Council and Allied Institutions Act, No. 35 of 1982 are given below.

- Undertake designs for small industries and research in respect of materials used for the production of handicrafts.

- Market development both in Sri Lanka and abroad for handicrafts and effecting the production of handicrafts more efficiently.

- Advise and assist the Sri Lanka Handicrafts Board and craftsmen in respect of matters relating to the production of handicrafts in the development and production of handicrafts.

- Issue the certificates in respect of the standard of materials, maintain an information bank and impose and collect charges on services rendered and enter into agreements with similar institutions.

The following observations are made in respect of performing the above functions.

(i) Action had not been taken to perform functions such as issue of certificates as prescribed in respect of the quality and standard of materials and maintaining an information bank on designs and market trends.

(ii) Among the powers and functions of the Centre, the function of market development abroad for handicrafts had been assigned and action had not been taken in the year 2016 for market development of handicrafts abroad.

(b) The following matters were observed in the examination of the Action Plan relating to the year under review.

(i) Even though 04 marketing research programmes had been targeted to be implemented, only 02 market research programmes had been implemented during the year. As such, only a progress of 50 per cent could be achieved.

(ii) Two research programmes associated with raw materials and processes and awarding Diploma Certificates by training 30 students under the Higher National Diploma in Interior Design had been targeted in the year under review. However, action had not been taken in the year under review to achieve any of these targets.

(iii) Even though 10 clients had been targeted to be attracted under attracting new clients, according to physical progress reports, only two clients had been attracted. As such, the level of physical progress was 20 per cent.

(iv) According to the Action Plan, 10 programmes had been targeted to be implemented in the year under review on advising craftsmen in respect of production and development of handicrafts. Nevertheless, according to physical progress reports, only 02 programmes had been implemented during the year. As such, only a progress of 20 per cent had been achieved.

(c) The number of training programmes had continuously increased from the year 2012 to the year 2014 and the number of training programmes had decreased by 11 training programmes representing 13.75 per cent in the year 2015 as compared with the year 2014 and by 07 training programmes representing 10.14 per cent in the year 2016 as compared with the year 2015.

(d) The number of exhibitions for which the Centre had contributed during the five preceding years had been increasing and decreasing from the year 2012 to the year 2016 and it had decreased by 12. 5 per cent in the year 2016 as compared with the year 2015.

4.2 Management Activities

The following observations are made.

(a) Even though an income totalling Rs.2,100,595 had been earned from the sale of products at the "Yugayata Nimawum" exhibition in the year under review, the total expenditure incurred thereon amounted to Rs.4,657,790 and as such, the expenditure over the income was Rs.2,557,195.

(b) The loan balance amounting to Rs.450,520 receivable from the Handicrafts Board as at 31 December 2015 had increased to Rs.1,049,560 by Rs.599,040 as at 31 December 2016 and the Management had not taken steps to recover those loans.

(c) A sum of Rs.9,021,332 out of the amount received from the United Nations Development Programme had remained dormant in a Bank Current Account from 28 September 2015 without been made use of for an effective purpose.

(d) According to Reports on Boards of Survey of the Centre, a shortage of stocks and an excess of stocks totalling Rs. 94,506 and Rs.25,576 existed respectively as at 31 December 2016. Action had not been taken to enter this excess of stocks in the Stock Records which had been identified according to Survey Reports and to recover the shortage of stock from responsible officers.

(e) Action had not been taken to identify and settle sundry advances totalling Rs.909,685 as at 31 December 2016.

(f) The class fees receivable as at 31 December 2016 totalled Rs.1,144,000. This receivable balance comprised of the class fees totalling Rs.441,000 receivable from the year 2006 up to the year 2015 and the class fees receivable in the year 2016 amounted to Rs.703,000. Even though the class fees receivable for the year 2016 had increased by 64.7 per cent as compared with the year 2015, action had not been taken to recover those amounts.

4.3 Staff Administration

The approved cadre and the actual cadre of the Centre stood at 109 and 83 respectively. As such, 26 vacancies including 12 posts in Senior Level existed in the entire cadre. There had been delays in functions such as administrative problems, internal control, segregation of work, internal examination and internal audit due to the dearth of staff.

4.4 Procurement and Contract Process

The following observations are made.

(a) A payment totalling Rs.1,196,000 had been made in the year 2016 to purchase 23 electric potter's wheels for providing red clay to the craftsmen. A written agreement had not been entered into in terms of Section 8.9.1 (b) of the Procurement Guidelines No.08 of 25 January 2006 before making these payments.

(b) In terms of Section 1.3.2 of the Government Procurement Guidelines, the procurement activity had been carried out without calling for quotations from several institutions for the purpose of valuation of motor vehicles.

5. Accountability and Good Governance

5.1 Presentation of Financial Statements

Even though the Draft Annual Report along with the financial statements should be presented to the Auditor General within 60 days of closure of the financial year in terms of Section 6.5.1 of Public Enterprises Circular No. PED/12 of 02 June 2003, the financial statements of the Centre for the year 2016 had been presented to Audit on 21 June 2017 with a delay of 03 months.

5.2 Action Plan

In terms of Section 3(a) of Public Finance Circular No.01/2014 of 17 February 2014, the updated details on the organizational structure of the Centre, the approved cadre and the staff serving at present had not been included in the Action Plan of the Centre.

5.3 Internal Audit

An officer had been appointed on the basis of covering of duty for the post of Internal Auditor of the Centre and action had not been taken to recruit a permanent officer for that post.

5.4 Budgetary Control

The following observations are made.

(a) Variances ranging from 12 per cent to 24 per cent were observed between the budgeted and actual expenditure in respect of 04 Objects in the year 2016.

(b) Provisions had not been made in the Budget relating to 04 Objects totalling Rs.15,065,335 and 02 Objects totalling Rs.1,086,690 in the Design Consultancy Account and the Design Education Account respectively.

5.5 Tabling of Annual Reports

In terms of Section 6.5.3 of Public Enterprises Circular No. PED/12 of 02 June 2003, the Annual Reports should be tabled in Parliament in three languages along with the audited accounts within 150 days after the closure of the financial year. Nevertheless, the Annual Reports for the years 2014 and 2015 had not been tabled even up to July 2017.

6. Systems and Controls

Deficiencies in systems and controls observed during the course of audit were brought to the notice of the Chairman of the Centre from time to time. Special attention is needed in respect of the following areas of control.

Areas of Systems and Controls	Observations
(a) Financial Control	Non-settlement of balances receivable and payable and existence of unsettled balances in the preparation of Bank Reconciliation Statements.
(b) Accounting	In the preparation of financial statements for the year under review, 772 Journal entries had been entered without preparing Journal vouchers.

(c)	Fixed Assets Control	Non-maintenance of Registers of Fixed Assets in an updated manner and delays in the appointment and conduct of Board of Surveys.
(d)	Internal Audit	Lack of internal control systems, non-issuance of internal circulars and non-implementation of effective internal audit.
(e)	Staff Management	Engaging employees on contract basis for the permanent posts over long periods and the delay in filling the vacancies in permanent posts.
(f)	Maintenance of Books and Registers	Non-maintenance of a Register of Fixed Assets.
