FOREWORD BY THE VICE CHANCELLOR

It is with much satisfaction and a sense of achievement that we, as the Sabaragamuwa University of Sri Lanka look back at the Year 2012. This is primarily due to the work-oriented culture that we have promoted within this institution which in turn has yielded substantial gains within the period under review, in human and material terms.

As this report shall amply portray, the Mission of the University in producing men and women with 'practical skills and positive attitudes has clearly been the focus of its academic, administrative and the non-academic staff throughout the year 2012. Challenges were many; resources few. But innovative approaches and positive commitment have enabled us to be path - finders of modern tertiary education.

The report takes into account in particular the University's ambitious projects on infrastructure – new building facilities in the form of lecture-theatres and playground, construction of new laboratories, also the availability and welfare of aptly qualified and resourceful staff with great potential for the future.

Infrastructure facilities of the university also improved by commencing constructions for

- 1. Second stage of the building complex of the Faculty of Social Sciences & Languages – Rs. 264 million*
- 2. Building Complex of the Faculty of Applied Sciences – Rs. 296 million*
- 3. Playground & Pavilion – Rs. 121 million*
- 4. Construction of Milk Storage Room – Rs. 0.76 million*

I take this opportunity to thank the Ministry of Higher Education, the University Grants Commission, government and private sector bodies, most of all my staff, all of whom have stood by the University during 2012 in countering our challenges. Their unwavering support shall further enable us to be the pioneering change-agents in the Sri Lankan sphere of intellectual enterprise in the years ahead.

*Prof. Mahinda S Rupasinghe
Vice Chancellor*

1. VISION STATEMENT

To be an Internationally Acclaimed Centre for Excellence
in Higher Education, Learning and Research

2. MISSION

To be a centre in the forefront of generation, advancement and dissemination of knowledge, while promoting learning, research and training to produce competent human resources possessing knowledge, skills and attitudes to contribute towards sustainable development

3. GOALS

Be a centre of excellence in higher learning.

Produce graduates in keeping with the development needs of the country.

Enhance the development of the personality of staff and students.

Achieve the status of an internationally acclaimed regional institute of research and development.

Enhance continuing professional programme in areas of national relevance.

Be a resources centre to enhance the quality of life in the region.

4. THE UNIVERSITY

4.1 INTRODUCTION

The Sabaragamuwa University of Sri Lanka is situated on the left of the way to Samanalawewa reservoir and is over 160 kilometers away from Colombo – Badulla highway. The University comprises of five (05) Academic Faculties, namely,

- Faculty of Agricultural Sciences
- Faculty of Applied Sciences
- Faculty of Geomatics
- Faculty of Management Studies
- Faculty of Social Sciences and Languages

In addition to these five Faculties, there are twelve study centers. They are as follows:

- Centre for Computer Studies
- Agri – Business Research and Development Centre (ABRDS)
- Career Guidance Unit
- External Degree Programmes and Extension Services Unit
- Staff Development Centre
- Centre for Postgraduate Studies
- Centre for Indigenous Community Studies
- Centre for Research and Knowledge Dissemination
- Sports Centre
- Sabaragamuwa University Industry-Community Interaction Cell
- Centre for Biodiversity and Environmental Studies
- University Museum

In the year 2012, five faculties offered thirty three BA/BSc Degree Programmes, based on the Semester or the Course Units System of study, to a student population of about 3167. The annual intake of the University is in the region of about 980 students. Apart from some of the Degree Programmes offered by the Faculties of Applied Sciences and Social Sciences, which are of three-year duration, the rest extend over to a four-year period. The medium of instruction of all science – based programmes is English. Wherever possible, the Lecturers strive to assist undergraduates by presenting the relevant course materials in Sinhala or Tamil medium as the case may be. The students reading for degrees at the Sabaragamuwa University could also select optional courses even from another Department within their own Faculty (inter – departmental courses), while following the major and minor subjects.

Apart from all these Faculties, Study Centers and Units, the University has an Affiliated Academy named Sri Lanka Military Academy (SLMA). This academy situated at Diyatalawa prepares army cadets for the Degree of Bachelor of Military Studies awarded by the University.

5. FACULTIES

5.1 FACULTY OF AGRICULTURAL SCIENCES

MISSION: The mission of the Faculty of Agricultural Sciences is to search for, and disseminate knowledge in the sphere of agriculture. The Faculty produces graduates in Agricultural Sciences who are proficient in the Sciences/disciplines and practical skill in agriculture to contribute towards the manpower requirements of the Nation. The Faculty will strive to be the nucleus for socio-economic enhancement of the communities in geographic proximity to the Faculty.

BRIEF: The Faculty of Agricultural sciences, Sabaragamuwa University
HISTORY of Sri Lanka was initially established at Rahangala in 1995 and was shifted to the main premises at Belihuloya in 2001 leaving behind all movable and immovable properties of the Faculty, such as the library, laboratories with equipment, the farm with livestock, vehicles and machinery etc, to a value of over Rs.100 million. From 2001, academic programs were conducted with limited facilities at Belihuloya. However the faculty was able to win a competitive grant (82.5 million) to develop infrastructure and other academic facilities from the World Bank (IRQUE) in 2005 and with that most of the requirements were fulfilled. Recently, the University was able to bring most of the items left at Rahangala in 2001.

Degree Programmes of the Faculty

The Faculty of Agricultural Sciences offers a four year specialization degree, B.Sc. Agricultural Sciences and Management and students can specialize in four fields as Agribusiness Management, Commercial Horticulture, Plantation Agriculture and Livestock Production.

The Faculty is composed of 3 Departments of study as Agribusiness Management, Export Agriculture and Livestock Productions. The Department of Export Agriculture offers 2 academic modules as Plantation Agriculture and Horticulture. The Agribusiness Management is unique for the Faculty of Agricultural Sciences of Sabaragamuwa University of Sri Lanka.

During the first four semester (first 2 years), students need to follow core-courses for their general study on Agriculture followed by specialization either in Plantation Agriculture or Horticulture or Livestock Production or Agribusiness Management for 2 more semesters (in the 3rd year). Students must select their field of specialization at the end of the second year according to the results in previous years and their preference. Farm Practice, Computer Sciences and English are courses offered in first three years and students must reach to satisfactory grade for each course in each semester to complete the degree. In addition, the faculty offers elective courses during the final year and students must select 4 elective courses according to their preferences during the first semester of their final year (in the fourth year). The final semester of the final year is allocated for institutional or industrial training, which is a vital and specific component of the degree program and must do a small research in the specialization field. The medium of instruction in the whole degree program is English.

The Faculty organizes programs as practical components to consult farmers in the area so that knowledge and skills would be exchanged between students and farmers. Hence, the Faculty of Agricultural Sciences has developed an intimate relationship between the villagers. Furthermore we arrange vital "off Campus Tours" with the aim of developing skills and assisting some courses in the program.

Department of Agribusiness Management

Department is geared to develop students analytical, business and entrepreneurial skills to produce agro-entrepreneurs and agribusiness managers for the present and future.

Department of Export Agriculture

Department of Export Agriculture is to produce graduates who possess knowledge and skills in advanced agricultural technologies and are capable of managing horticultural and plantation operations of any scale.

Department of livestock Production

Department strives to produce future leaders and innovators who can bear major responsibilities and perform roles for the enhancement of the livestock sector.

Goals of the Year 2012

In line with the University Goal 1 “***To be a centre of academic excellence***” the following targets were achieved.

1. Appointed a curriculum revision committee to revise and update the existing curriculum
2. Compiled a directory of internal and industry expertise at departmental level
3. Three collaborative research projects were started between local and foreign research institutes.
4. Six joint publications of staff and students were done.
5. Eight staff members have participated in conferences and other forums local and international
6. Organized four staff seminars

In line with the University goal 2 “***To enhance the employability of graduates***” following actions were achieved

1. Two elective courses were added to the degree program which help to increase the employability of graduates
2. Two programs were organized to enhance the English language of the students.
3. Two events were organized to enhance the aesthetic sense

In line with the University goal 3 “***To enhance University-industry-community integration***” the following targets were achieved.

1. Tamil language was introduced as a alternative language to first year students
2. Three workshops were conducted to improve the socio-economic status of the wider community
3. Two programs were conducted to encourage resource sharing between industry and community

Achievements during 2012

International

1. Two staff members have won commonwealth post doctoral fellowship to UK

National

1. Eight academics have participated as consultants and resource persons for national workshops and projects
2. Four competitive research grants were obtained from NARP by the academic staff members

Institutional

1. Three staff members were rewarded for research excellence
2. Twelve new products were made and launched by students
3. A center was established to disseminate the knowledge and research findings to farmer community and school children on livestock sector

5.2 FACULTY OF APPLIED SCIENCES

VISION

The Faculty has its own vision compatible to that of the University corporate plan for nation building through its products. The vision of the Faculty is to extend its facilities and services to develop as a premier centre for higher education and advanced research in the field of technology, thus enabling students following the degree programme to obtain a sound knowledge and acquire multi-disciplinary skills.

MISSION

The mission of the Faculty is to search for and disseminate knowledge in the areas of learning that will make a useful contribution to the development of critical manpower requirements of the nation; contribute to education, science and technology and socio economic upliftment of the communities of the nation.

THE HISTORY OF THE FACULTY OF APPLIED SCIENCES

The Faculty of Applied Sciences of the Sabaragamuwa University of Sri Lanka was initially started as the Buttala Affiliated University College (BAUC) on 21st June 1993. The BAUC offered two diploma courses, one in Food Science and Technology and the other in English Language. With the elevation of the Affiliated University Colleges to full fledged national Universities in early 1996, three Affiliated University Colleges; Sabaragamuwa Affiliated University College, Uva Affiliated University College and Buttala Affiliated University College were amalgamated to form Sabaragamuwa University of Sri Lanka and the BAUC became the Faculty of Applied Sciences of the Sabaragamuwa University of Sri Lanka.

With effect from March 2008, the faculty has been relocated in the main campus premises at Belihuloya.

DEGREE PROGRAMMES

The Faculty comprises five departments, Department of Natural Resources, Department of Physical Sciences and Technology, Department of Food Science and Technology, Department of Computing and Information Systems and the Department of Sport Sciences and Physical Education.

The Faculty offers B.Sc. (Special) degree programmes in Food Science and Technology, Environmental Sciences & Natural Resource Management, Chemical Technology, Computer Science & Technology, Applied Physics, Computing and Information Systems, Sports Science and Management and Physical Education for the students who gain direct entry to the faculty on the basis of their performance at the GCE (A/L) Examination. The degree programs are designed to be four year degree programs with an exit point at three years for the students who graduate with a general degree in B.Sc. in Physical Sciences and Technology and Environmental Sciences and Management. The rest of the degree programs are strictly four year degree programmes.

The selection of the students for the B.Sc. degree programmes in Computing and Information Systems, Sports Sciences and Management and Physical Education was performed on the basis of the G.C.E. (A/L) results as well as the performance at a selection aptitude test. The students who wish to get enrolled for the degree programmes in Sports Sciences and Management and Physical Education were also required to face an examination for physical fitness in addition to the selection test. However the selection procedure has been changed by the UGC through a circular and there will not be any further aptitude tests for the admission of undergraduates for the Faculty.

All degree programmes offered through the faculty are designed to cater to the current job trends and demands both nationally and internationally. They are conducted exclusively in English. These degree programme are designed as interdisciplinary by incorporating subjects as Computer Science, Economics, Management, etc. that has facilitated our students to perform well once graduated serving a wider field than being specific and narrowed to than specialized field.

Apart from the academic activities the Faculty also contributes to the development of the community and the nation through extension and knowledge Dissemination programmes. The staff and the students participate in such activities, annually.

Department of Food Science and Technology

The Department of Food Science and Technology was established in 2003 though the B.Sc. special degree in Food Science and Technology was offered under the Department of Natural Resources since the inception of the Faculty in 1996. The range of the study area includes Food Science (core), General Sciences, Environmental Science, Statistics, Computer Sciences, Marketing, Economics and courses in career development. The degree program is designed for the students who wish to pursue professional carriers in the field of Food Science and Technology. The degree programme has been designed so that the graduates could cater to the growing demand of the service of Food Scientists both in government and

private sectors. The degree also paves an excellent path for postgraduate studies in related disciplines of Food Science and Technology. At present the Department comprises of one Professor, one Senior Lecturer, one Lecturer, four Probationary Lecturers and two Temporary Lecturers. There are several eminent senior academics and industrialists who contribute their services by conducting lectures and practicals in their specialized fields. The Department has three well equipped laboratories namely; Food Analysis Laboratory, Food Microbiology Laboratory and Food Processing Laboratory.

Department of Natural Resources

The Department of Natural Resources of the Sabaragamuwa University of Sri Lanka was established in 1996 offering a B.Sc. General degree in Natural Resources. The degree program offered by this Department is designed to cater to the current job market in the fields of Environmental Protection, Natural Resource Management and Conservation, Biodiversity Conservation and Management, Environmental Advocacy and Ecology both in Sri Lanka and throughout the world.

In 2006 the Degree Programme which was initially offered as B.Sc. in Natural Resources a three year general degree program was upgraded and restructured to offer a Degree programme as Environmental Science and Natural Resources Management which has improved the job opportunities for the graduates. Currently the degree program is oriented in three major streams viz. Environmental Sciences, Conservation Biology and Earth Sciences with awarding two degree programs as B.Sc. (Special) in Environmental Science and Natural Resources Management – 4 years and B.Sc. (General) in Environmental Science and Natural Resources Management – 3 years. The degree also paves an excellent path for postgraduate studies. The staff of the department consists of one Senior Professor, four Senior Lecturers, two Probationary Lecturers and one Temporary Lecturer. At present two Probationary Lecturers are reading their Ph.D. studies overseas and the Senior Professor at present is contributing his services to the University as the Vice Chancellor of the Sabaragamuwa University of Sri Lanka. Many resource persons in specialized fields are invited in conducting lecture and practical courses for undergraduates.

Department of Physical Sciences & Technology

The Department of Physical Sciences & Technology conducts degree courses in three major disciplines; namely, Chemical Technology, Applied Physics and Computer Science & Technology. Mathematics, Statistics, and Management Studies and Accounts are conducted as supporting tools for the programme. The staff of the department consists of one Senior Professor in Physics, one Professor in Chemistry, two Senior Lecturers, nine Probationary Lecturers and two Temporary Lecturers. The Department offers four degree programmes namely: B.Sc. (Applied Sciences) Special Degree in Chemical Technology (Duration: 4 years), B.Sc. (Applied Sciences) Special Degree in Computer Science & Technology (Duration: 4 years), B.Sc. (Applied Sciences) Special Degree in Applied Physics (Duration: 4 years) and B.Sc. (Applied Sciences) Degree in Physical Sciences (Duration: 3 years). All theoretical course units conducted by the department are heavily supported by a practical component which provides the preliminary experience to perform confidently. And also the Mini projects conducted throughout the third and the fourth academic years stimulate the students' creative and innovative thinking. The Final year project (research or industrial training) for one entire semester exposes the undergraduates to the working environment and provides hand on experience in industry before the graduation. The environment in the University and the teaching programmes were all designed in a manner to establish this goal and also to produce specialists in their respective fields. Additionally, it is also creditable that the Department offers the only Degree in Applied Physics in the entire University System in the country.

Department of Computing and Information Systems

The Department of Computing and Information Systems which offers a B.Sc. Special Degree in Computing and Information Systems was established on 01st March 2011, though the Degree programme was initiated back in 2008. The curriculum is specifically designed to produce skilled graduates both in Computing and Information Technology. At present the department has three well established laboratories and the student capacity of the department is 273.

The demand for the above degree programme has greatly increased thorough out the years and annual intake has reached the maximum capacity of 80 students per batch. The department has close collaborations with private computer industries to obtain technical support in conducting lectures and practicals as well as to provide opportunities for the undergraduates to carry out their mini projects and final year projects. This also has increased the opportunity for the undergraduates to secure job opportunities immediately after graduation. The staff of the Department consists of one Senior Lecturer and five Probationary Lecturers.

Department of Sport Sciences and Physical Education

Two degree programmes namely B.Sc. Special Degree in Sport Sciences & Management and B.Sc. Special Degree in Physical Education have been awarded since 2008 through the Faculty of Applied Sciences. The Department of Sport Sciences and Physical Education was established on 01st March 2011. The courses of Sport Sciences & Management degree programme is specially designed to produce graduates with basic scientific sport skills and management skills required for today's teaching sports at primary, secondary and tertiary education levels and at other industries and organizations. The degree programme in Physical Education is specially designed to produce graduates who are competent the scientific basis of physical education activities and practices. The duration of the degree programmes are four years and at present there is a great demand for the degree programme which is significantly shown by the increasing number of student intake each year and at present the intake has reached the maximum capacity. The both degree programmes are well supported by practical activities and projects that has enabled to produce skilled and competent graduates within four years. The department also has many collaborations with sports organizations facilitating the students to participate in many national and international gaming competitions and coaching programmes. The staff comprises of one Senior Lecturer, four Temporary Lecturers. The services of eminent sport specialists are also obtained to conduct both practical and theory courses for the students.

5.3 FACULTY OF GEOMATICS

MISSION:

The Mission of the Faculty of Geomatics is “To produce graduates in Surveying Sciences competent in Geodesy, Hydrography and Geographic Information Sciences, and dedicated to the management of land and ocean resources for national development.”

BRIEF HISTORY:

The Faculty of Geomatics is one of the five faculties of the Sabaragamuwa University of Sri Lanka and was established in 2004. It is the successor to the Department of Surveying Sciences, which introduced the B.Sc. (Surveying Sciences) Degree Programme in 1997. This was the first time in the history of the university system in Sri Lanka that such a degree programme was introduced by an university fulfilling a much felt need of the country. The Degree Programme is a four-year course leading to a special degree. The first batch of students admitted to the degree programme in 1997, graduated in 2002.

DEPARTMENTS

The present faculty consists of two departments:

1. Department of Surveying & Geodesy
2. Department of Cartography, Photogrammetry, Remote Sensing & GIS

The four-year degree programme will cover principles of Surveying Sciences, Geodesy, Adjustment Theory, Cartography, Photogrammetry, Remote Sensing, GIS, Cadastre, Hydrographic Surveying as well as Mathematics, Physics, Computer Applications, Economics, Management, Environmental Science etc. The course has been designed with a greater emphasis for the enhancement in the proficiency in English.

The objective of the programme of studies is to make the recipient graduate a person with academic qualifications and technical expertise to practice the sciences of Earth and Space Measurements. The degree programme will include an Industrial Training component to enhance the practical skills to assemble and assess land and geographic related information, to use that information for the purpose of planning and implementation for the efficient management of the land, the sea and the structures thereon.

5.4 FACULTY OF MANAGEMENT STUDIES

MISSION:

The Mission of the Faculty of Management Studies is “to provide a quality tertiary education in management, encourage and cultivate the students’ creative personal development with an innovative and practical approach to management; to complement its blend of undergraduate and graduate programmes with skills and competencies to satisfy the real world demands, to enrich the community with a greater sense of diversity, to foster the ideals of teaching, learning, research and extension services towards the contemporary development needs of the country”.

BRIEF HISTORY:

The Faculty of Business Studies commenced its programmes of study offering a three-year degree under the Department of Accountancy & Finance and the Department of Business Management in September 1996. After the completion of the Foundation Year and two specialization years, a degree in Bachelor of Science could be obtained in Financial Management, Business Management, Marketing Management and Tourism Management. Six batches of graduate students obtained their BSc Special Degrees in Financial Management, Business Management, Marketing Management and Tourism Management and passed out in the years 1997, 1998, 1999, 2000, 2001 and 2002.

Faculty of Business Studies was renamed as Faculty of Management Studies with the approval of the University Grants Commission (UGC) in 2003. The duration of the Degree Programmes, BSc Business Studies conducted by the Faculty of Business Studies was also changed from three years to four years with the approval of the UGC in, 2003.

DEGREE PROGRAMMES OF THE FACULTY

The Faculty of Management Studies comprises four departments; Department of Accountancy & Finance, Department of Business Management, Department of Marketing Management and Department of Tourism Management. The Faculty offers BSc (Special) Degree Programmes in Financial Management, Banking & Insurance, Business Management, Marketing Management, EcoBusiness Management, Tourism Management and Hospitality Management under each department respectively for the students who gain direct entry to the Faculty on the basis of their performance at the GCE (Advanced Level) Examination.

Presently the student allocation for each degree programme is done through the Faculty according to the students' preference and z-score at the beginning of the degree programme.

Specialization programmes starts in the first year itself with the new curriculum but there are common subjects that are taught together. The programmes run for four years with eight semesters. Students should fulfill the four months Industrial Training and Project Report or Dissertation in the Fourth Year Second Semester for which six credits have been allocated. The total number of credits is 120 for each degree programme.

The faculty of management Studies consists of four departments. Currently seven Special Degree Programmes are being offered by these four departments. The details of the degree programs are illustrated as follows.

Department	Degree Programme(s)
Dept.of Business Management	B.Sc. Business Management (Special)
Dept.of Marketing Management	B.Sc. Marketing Management (Special)
Dept.of Accountancy & Finance	B.Sc. Financial Management (Special) B.Sc. Banking & Insurance (Special)
Dept.of Tourism Management	B.Sc. Tourism Management (Special) B.Sc. EcoBusiness Management (Special) B.Sc. Hospitality Management (Special)

2. Achievements 2012

➤ International

- Dr.Wasantha Rathnayake, Senior Lecturer Grade II

- (i) Obtained the SEDA (Staff and Educational Development Association) certificate on Learning, Teaching and Assessing (Aligned with Descriptor 2 of the UK Professional Standards Framework)

- (ii) Obtained a scholarship for following the Certificate on **Econometrics for Environmental Economics: Theory and Applications** organized by the South Asian Network for Development and Environmental Economics (SANDEE) from 8th-18th January 2012, in Nepal

- Dr.Athula C.Gnanapala, Senior Lecturer Grade I

- (i) Participate for the 2nd Melaka Homestay Conference. Malaysia as an invitee speaker from 21-25 Sep 2012

➤ **National**

- Dr.Wasantha Rathnayake, Senior Lecturer Grade II

- (i) Completed the **Certificate in Teaching in Higher Education** of the Staff Development Centre, University of Colombo, Sri Lanka, 2012
- (ii) Worked as the member of National Green Accounting Committee, Ministry of Environment and Natural Resources
- (iii) Worked as the Environmentalist in different Environmental Assessment Studiers

- Dr.Iraj Ratnayake, Senior Lecturer Grade I

- (i) Sabaragamuwa Provincial Council ,A consultant to the Tourism Development Master Plan, web development plan, office automation plan, Sabaragamuwa province development plan(2011-2016) for Sabaragamuwa Province
- (ii) As a resource person for many organizations; Sabaragamuwa/Uva/ & Central Provincial Councils, Aranayake DS Division

- Dr.Athula C.Gnanapala, Senior Lecturer Grade I

- (i) Sabaragamuwa Provincial Council ,A consultant to the Tourism Development Master Plan, web development plan, Sabaragamuwa province development plan (2011-2016) for Sabaragamuwa Province
- (ii) Central Provincial Council Tourism consultant to prepare Tourism Master Plan
- (III) Visiting Lecturer, Trincomalee Campus, Eastern University
- (IV) Resource person, IHRA, University of Colombo

- Mr.P.K.S.Munasinghe, Senior Lecturer Grade II

- (i) Visiting Lecturer at Open University of Sri Lanka on Marketing

- Mr. C.N.R.Wijesundara, Lecturer (Probationary)

- (i) Recourse person for “Applied Front Office Management” course conducted by The Federation of Chamber of Commerce & industry of Sri Lanka.
- Ms.K.Manori Pathmalatha, Lecturer (Temporary)
 - (i) Resource person in the leadership development programme of Undergraduates of 2011/2012

5.5 FACULTY OF SOCIAL SCIENCES AND LANGUAGES

VISION: The vision of the faculty is “to be a centre of academic and intellectual excellence for Arts Students so as to equip them to contribute productively to the nation in its path to prosperity”.

MISSION: The mission of the faculty is “to produce Arts Graduates equipped with essential knowledge, specialized as well as general, plus intellectual discipline, analytical skills and imagination that will enable them to contribute creatively in any sphere of employment”.

BRIEF HISTORY: The Faculty of Social Sciences and Languages had its beginning at the same time, when the University commissioned her study programme in 1996. The Faculty initially possessed two departments of studies i.e. the Department of Languages and the Department of Social Sciences. The Department of English Languages Teaching came in to being in 2004 and the Department of Economics and Statistics was established in 2009. The faculty began its academic operations in November 1996 with the intake of students from the former affiliated University Collage, who were permitted, with their Diplomas in English, to study for a degree after two years. The Faculty started admitting students with Advanced Level qualification only from the year 1998.

The Faculty of Social Sciences and Languages prepares students for professional careers, by providing them with a broad understanding of the humanistic tradition in combination with a sound knowledge of subjects in several disciplines. Our degree programmes emphasize the ability to apply this knowledge to problems and tasks in the contemporary world of work. We strive to develop the capacity of students in independent and critical thought, logical analysis, effective communication, and informed participation in teamwork. Therefore, the Bachelor of Arts programme integrates classroom work and students' independent reading and writing with hands on research and project work.

DEPARTMENTS AND DEGREE PROGRAMMES

The Faculty of Social Sciences and Languages consists of three departments that are responsible for the award of degrees, the **Department of Economics and Statistics** the **Department of Languages** and the **Department of Social Sciences**.

1. Department of Economics and Statistics

The Department of Economics and Statistics offers a three year Bachelor of Arts Special (Social Sciences) degree together with the following four year Special Degrees; Bachelor of Arts (Special) Economics and Bachelor of Arts (Special) Statistics and offers minor subject of Computer Studies

2. Department of Languages

The Department of Languages and Department of English Language Teaching currently offer 09 subjects as follows; Sinhala (**SIN**), Tamil (**TAM**), English (**ENG**), Hindi Studies (**HND**), Chinese Studies (**CHI**) German Studies (**GER**) Japanese Studies (**JPS**), Journalism (**JRN**), Japanese Language (**JPL**), The first six subjects mentioned above may be taken as Major or Minor Subjects. JPS is only offered as a major. The next three may only be taken as Minor Subjects at present.

3. Department of Social Sciences

The Department of Social Sciences offers a three year Bachelor of Arts Special (Social Sciences) degree together with the following four year Special Degrees; Bachelor of Arts (Special) Geography, Bachelor of Arts (Special) Political Science and Bachelor of Arts (Special) Sociology and Anthropology.

The students have the freedom to select subjects from any of these three departments, while the curricula of many of the subjects were designed to provide students with the option of selecting different courses even within a selected subject.

4. Department of English Language Teaching

The **Department of English Language Teaching** functions as a service Department for the entire University. The DELT was established in 2004 in place of the former English Unit (ELTU), in line with the academic emphasis the University places on English studies. It offers compulsory English Language course for the degree programmes conducted by the Faculty of Social Sciences and Languages. It is planning to offer a degree named Teaching English as Special Language”

ACHIEVEMENT OF THE FACULTY

International Achievements

The staff of the Faculty of Social Sciences & Languages reached a standard level as researchers. Most of the members of the staff have presented research papers in national and international symposiums.

National Achievements

The staff of the Faculty of Social Sciences & Languages has contributed to national level seminars and workshops and has provided consultancy services for various institutions.

Institutional Achievements

1. HETC Grants

In response to the project proposal sent by the faculty to the HETC, the faculty is going to be received a **Rs.21 million** worth grant from HETC to improve the quality of the undergraduates. The faculty expenditure from the grant mainly focused on,

- Improvement of ICT Skills,
- Improvement of English Skills
- Improvement of Soft Skills

The faculty obtained modern teaching equipments, multimedia kits and office furniture from the financial assistance gained through the grant. The grant also contributed to the Faculty to develop its human resources by paving the path to provide training for both staff and students.

2. Curriculum Revisions

Two experts were appointed to revise and develop the curricula of the Faculty in 2008. Curriculum revision process of the Faculty was completed in 2010. The Department of Languages designed four year special degree programmes for all the languages courses. Six months internship programme for students, compulsory English and CIT together with some essential general subjects were incorporated in the new curriculum and the faculty decided to implement the new curriculum for 2012 intake.

3. New Faculty Building Complex

Construction of the second stage of the new faculty building complex has been completed in 2010.

6. TEACHING RESOURCES

6.1 LIBRARY

Profile:

The Sabaragamuwa University Library serves especially for the in house community of the University to enhance their intellectual capacity and research attitudes through the information resource collection. The library caters for the user needs through print and online resource and relevant guidance.

The Information Resource Centre strives to provide a vibrant environment for teaching and learning within the campus which meets the current information needs of staff and students while facilitating the acquisition of the information skills that form the basis of lifelong learning.

The Academicians were engaged in a research oriented environment during this year. It is a fruitful way of showing their innovations through the guidance of the learning centers. The Library activated them through providing relevant information in the correct time. The Library has served for the internal community as well as the researchers from outside the University too. The University Grants Commission has given fullest support to the library by providing financial allocation for this year. Compare to other University Libraries we received 4.5 million when the government was in a critical situation of minimum budget allocation. In this condition, the SUSL library managed to purchase useful and most important printed and non print books and periodicals for research purposes.

Goals

Goals of the year 2012

The SUSL Library has stepped up to develop it self as an electronic Library as per our target through the 'LIBSYS' Software in future., According to this function, the library user community benefitted in terms of functions of lending books very quickly and searching books online and reserving the books online etc. This software supports the retrieval of all the information by web OPAC being developed through the website of the Sabaragamuwa University. Now it has been developed to share the resources available through online. The library is able to do its official correspondence through e- version. It has expanded its services through online. ex: e- requisition forms, Post Graduate Thesis Index, Research Abstract Index etc.

Even it has developed the searching of electronic Journal articles through some scholarly journals, the library has linked with useful government institutes and organizations.

The Library insists to introduce the Information Literacy programme for the first year students of the faculties. The University Senate appreciated it and finding the feasibilities to promote the course in future.

1. Provide access to a wide variety of resources by print and online to meet the current information needs of staff and students for their academic purposes.
2. Facilitate the acquisition and development of the information skills that form the basis of lifelong learning
3. Foster a love for reading for pleasure as well as entertainment
4. Win the resources required to provide a high quality service to the user community
5. It has methodically reached a high level to provide the staff and the user community service updated.

Goals achieved during the year

The main library has encountered as an institutional member of the University network of ADIC. Through this network it used to get valuable informative posters, leaflets, notices, brochures, manuscripts CD's for user awareness about alcohol and drug addict.

The SUSL Library received financial donations Rs. 6.3 mln from HETC Project - 2012. Through this project received books for the disciplines of Information Technology, English Language and Soft Skills etc. The total number of Books received - 1799 and Total number of 36 DVD's too. This has been received as a special allocation except the capital grant. The above collection has been kept for reference services at the SUSL Library.

6.2 CENTRE FOR COMPUTER STUDIES

Introduction

Centre for Computer Studies is the separate academic body for providing IT services to the Sabaragamuwa University of Sri Lanka. It provides main services; such as Internet facility, mail services, networking services, e-learning facilities, hardware & software maintenance services and resource personals for some of the faculties.

History

The history of Sabaragamuwa University Computer Centre goes back to the time of inauguration of Affiliated University College (AUC) of Sabaragamuwa Province in 1991. It started at one of the residential building then own to Samanalawewa Hydro Electrical Power Project and now D1-4 quarters of Sabaragamuwa University of Sri Lanka. Initially, it equipped with 10 numbers of **Tatung** 286 computers featured 1Mb RAM, 40MB Hard disks and an **OKI** 9-pin dot-matrix printer and at the time of inauguration of AUC, late Hon. President Ranasinghe Premadasa unveiled the plaque of the centre.

At that time AUC enrolled students for Diploma programmes and conducted three diploma courses called *Diploma in Accounting & Finance*, *Diploma in Tourism Management* and *Diploma in English*. The **Core Course of Computing** offered by the computer centre was compulsory component to obtain the diploma for all programmes.

After some times, with the donation of Rs. 15,000/= from the then Balangoda District Judge who launched a program to donate funds for social works from the fines collected from the drugs victims, initiated to start the construction of existing computer centre building with the help of then staff, students and villagers by “Shramadana Campaign” and finally completed using the government funds. It was the first building constructed simultaneous with the old auditorium for the AUC in addition to the buildings acquiring from the Samanalawewa Project.

Initially it was recruited one staff member to computer centre as an *Instructor-in-Computer-Technology* for conducting the lectures and practical for the core course. Meanwhile, two other instructors were recruited to the computer centre cadre to extend the work it carried out and it was the only computer centre which had an approved cadre in the AUC system.

After upgrading the AUC into full-fledged national university as Sabaragamuwa University of Sri Lanka in 1996, computer centre started to rendering it services to the different degree programs of different, especially for non-IT, faculties by means of designing and preparing course materials for IT related courses and conducting lectures and practical for it, helping to prepare and evaluate tender documents for purchasing of computers for the university, training of clerical staff of the university for effectively use of computers for their day to day works as well as helping to academic staff for preparing their postgraduate thesis and in preparing teaching materials etc.

When expansion of the university and its functions, computer centre was renamed as **Centre for Computer Studies** and re-organized under a Director and started offering assistance for conducting IT related courses for the degree programmes especially for Faculty of Management Studies and Faculty of Social Sciences & Languages and constructed another building adjacent to the existing centre for broadening it services. At the same time university Local Area Network was planned and commissioned and got connected to the Internet via LEARN and started providing and maintaining the Internet and

network services to the entire university community. Launching Sabaragamuwa University Web Site and providing E-Learning environment are such land marking services offered.

Meanwhile, to strengthen the services provided by the Centre for Computer Studies the cadre provisions has been increased and at present, below mentioned cadres are allocated to it according to the 2012 approved cadre list of UGC.

Positions	Designation
04	Lecturer
09 (02 freezed)	Instructor in Computer Technology
01	Network Manager
01	Technical Officer
01	Computer Application Assistant

Mr. Sanjeewa and Mr. Janaka are currently involving to do such work as well as to report about the faultier of equipments to the respective authorities to get decisions to repair them.

Present Status

Presently, on request of the different faculties, the academic services provided by the centre are mainly limited to conducting the computer minor programme of the Faculty of Social Sciences & Languages, some IT related subjects and practical components of the different departments of Faculty of Management Studies and rarely to the degree program in Computing and Information System of the Faculty of Applied Sciences. Other IT services such as Internet and web service are provided for entire university community.

At present most of the faculties have built their own complexes and they have their own computer centers within them for conducting their IT related academic programs. Therefore, no need of using the existing buildings of the Centre for Computer Studies for conducting their programs further, instead they can be utilized for widen the services offered by the Centre such as conducting training programmes for non-academic and administrative staff as well as assisting the academic staff to fulfilling their IT-related needs etc.

The Centre for Computer Studies supervises all computer related academic activities of these five computer centers and maintains the campus-wide network including all the servers required to provide network services such as web and email services.

In year of 2012, infrastructure facilities and academic programs related with IT have further improved due to allocations from the consolidated fund by the Sabaragamuwa University of Sri Lanka. With this fund, the university managed to increase the Internet bandwidth from 10Mbps to 20Mbps and increase the number of computer facilities to all academic and administrative staff members at their work places.

Campus-Wide Network

Our campus-wide Local Area Network is run and maintained by the Centre for Computer Studies. It is administrated by our Assistant Network Manager within the server room. The server room consists of CISCO routers, proxy server, DNS server, CISCO for subnet switch, web server, e-mail server, e-learning sever, virus guard server (centralized server) etc. Performance of the network functions and the E-learning system are increased by upgrading the three servers namely Proxy, DNS and E-learning during the year 2011. Separating and partitioning of the server room from the existing computer lab, physical security and the easiness of maintenance of the servers are assured. Also by commissioning the alternative power generating system using a 20KVA standby generator and 20KVA UPS system, availability of network functions are guaranteed during the 24 hours a day and 7 days a week.

The new university website was launched using '**Joomla**' a content management system to maintain the consistency of its content throughout every faculty.

The wide area network now extended up to newly located Faculty of Geomatics building. All the five faculties are now inter-connected with fiber optic backbone. At present our commodity Internet band with is 20Mbps and physical link is capable of handling signals of 34Mbps bandwidth.

Goals of the Year 2012

- Efficient e-mail system for entire university community
- Extend the free Microsoft product programme for students and staff members
- Upgrade of internet connectivity
- Form a web team and make the university website up to date

Goals Achieved during the year

- Email accounts are created for entire student population and the academic and administrative staff of the university. Clerical and other staff can be facilitating on request in future.
- Took necessary actions to extend the "software for the 21st century" programme for another three years with the consultation of Microsoft Sri Lanka.
- Upgraded the bandwidth of the internet connectivity from 10Mbps to 20Mbps and the physical link capacity from 10Mbps to 34Mbps to enhance the internet services offered.
- A very good web team was formed and the members of the web team have been updating their relevant faculty website once in a month. Also, took measures to convert web site in to more standard format using the 'Joomla' content management system and launched.

6. STUDY CENTRES

7.1 CAREER GUIDANCE UNIT

Profile

In the present world, the employment market has become highly competitive and therefore, only the most competent, proficient and innovative candidates with accurate attitudes secure more attractive employments and develop successful careers. Skills developed and owned by them is the main factor for competitive advantages over and above their academic qualifications. Skills demanded by many jobs are in a different frame of reference compared to the skills owned by candidates. One major comment of the stakeholders of Sri Lanka is that the graduates produced by the Sri Lankan universities are rich in knowledge, but severely lacking in practical skills. This unfortunate situation has greatly limited the career opportunities for Sri Lankan graduates, especially in the private sector. This skills gap is widening day by day as the trends in the economies transform from agriculture to industries to knowledge based economies. As country has started a development journey with an accelerated phase towards a Knowledge based society, it is imperative to come up with a viable, sustainable solution to the problem of bridging the skills gap. The objective of the career guidance unit of the Sabaragamuwa University of Sri Lanka is to facilitate the undergraduates of the university to secure right and successful careers providing proper counseling, developing required career success skills through introducing capacity building programs and connecting young people with prospective employers.

Goals achieved during the year

Workshop on “Beyond Belief – Towards a new Beginning with Change”

The first workshop of ‘the Inspirational Speaker Program’ which was titled “Beyond Belief – Towards a new Beginning with Change” was successfully organized by the Career Guidance Unit (CGU) of the Sabaragamuwa University of Sri Lanka at the Auditorium of the Faculty of Management Studies. The workshop has been designed to remove the negative personal brain scripts and double the capacity through developing internal mind power, values and motivation of the undergraduates. Most importantly, more than two hundred and fifty (250) students actively participated throughout the day and the workshop was conducted by Mr. Chandana Gunawardane who is a renowned human skill development trainer in Sri Lanka.

Workshop on Maximize Your True Potential

Career Guidance Unit successfully organized a workshop specially for 2nd and 3rd year undergraduates of the university. This is an activity based workshop held at the Auditorium of the Faculty of Management Studies and that was designed to help individuals to create a

more dynamic, loyal and energized personality and replicate it in their future world of work. The resource person was Mr. Sanath Gamage who is a renowned human skills development trainer in Sri Lanka.

- Progress Review Presentation of Mphil and PhD candidates

7.4 STAFF DEVELOPMENT CENTRE

Current Status of the SDC:

The staff development centre of Sabaragamuwa University of Sri Lanka was established in 1998 under the first Director of late Prof. S. Sandanam. The centre is placed under the purview of the Vice Chancellor and managed by a Director appointed from the senior academics of the University. The SDC conducts workshops, training programs, guest lectures and other advisory services to all categories of the staff in the university by inviting prominent local and foreign resource persons. The induction program of the 2012/2013 batch has been completed and SDC has called applications to enroll junior staff members to the next batch of induction teaching methodology program scheduled to be held in January 2014.

An office space has been allocated to the SDC of Sabaragamuwa University of Sri Lanka and still is being renovated to make a better working environment. Furthermore, two lecture theaters (workshop venues) are available. One is for small groups with 30 seating capacity and the other is for large groups with 100 seating capacity. Renovation of the small lecture theater has already been completed and equipped with most of the items important for training programs with the utilization of UGC funds received in 2011 and the renovation of the large workshop venue has also completed with the utilization of UGC funds received in 2012. Other necessary infrastructure have been improved. Most of the goods, furniture and equipment recommended have been purchased with the utilization of UGC funds received in 2011 and 2012.

A separate office space is available for SDC and it has renovated and equipped with new office equipments and furniture; purchased with the utilization of UGC funds 2011. A lecture theater is available with 30 seating capacity and it is equipped with writing tables and cushion chairs. A new discussion room is established with round tables and with also having 30 seating capacity. The management and program committee have been established, according to the UGC circular No. 937 of 10 November 2010 .

Training Capacity:

From the inception of SDC in Sabaragamuwa University of Sri Lanka, many training programs, advisory services and workshops have been organized and conducted by the centre for academic staff, executive and administrative staff, academic support staff, technical officers, clerical and other non-academic categories to improve their knowledge and skills on teaching and assessments, administration, and to change their negative attitudes. Prominent resource persons from national and international Universities and public and private institutions have been invited for these sessions. Details of the training programs and workshops conducted 2012 are attached herewith (Annex 1). The university developed the human and physical resources to achieve the objectives of SDC to improve and strengthen the training capacity qualitatively and quantitatively. To achieve the objectives of SDC via conducting high quality effective training programs, it is frequently observed that the use of audio-visual tools stands out. Therefore, it is an urgent need to establish an audiovisual unit in the SDC of Sabaragamuwa University of Sri Lanka while enhancing the working capacity of the University staff. Hence, a proposal has been submitted for establishing an audio visual unit in the SDC with UGC grants of 2013.

Progress made in introducing reforms as per the UGC Circular No. 937 of 10 November 2010:

Though management and program committees were appointed with effect from May 2012, SDC had to reappoint these committees in December 2012 due to the changes in positions/ designations of the members in the committee (Annex 2). After appointing them, several meetings have been conducted and new training activities for administrative, academic and non-academic and clerical staff members have been designed and scheduled for the commencement. The progress made in introducing reforms as per the UGC Circular No. 937 is attached herewith (Annex 3).

Proposed Improvement Plan for the UGC grants of 2013.

Activities

- a). Establishment of a mini audiovisual unit
- b). Enhancement of working capacity of university staff

Progress made in introducing reforms as prescribed in UGC Circular No. 937

Key components	Progress made
1. Policy Framework	
(a) By-law	By-laws to define operational procedure of SDC have not yet prepared though the SDC is managed by a Director under the purview of the Vice Chancellor of the University.
(b) Human Resource Capacity building Strategies	SDC has Identified Human Resource Capacity Building strategies and included them in university corporate plan 2011-2015. SDC with the university administration has developed Human Resource Development Action Plan too.
(c) List of competencies	At the recruitment (in the appointment letters) academic staff members are advised to complete an induction program within a period of one year as a compulsory activity and pre-requisite for probationary study leave and confirmation. Administration has also discussed to include list of other competencies like English, IT etc. in the appointment letter of both academic and non-academic staff.
2. Institutional Arrangement	
(a) Management committee (Names & Designation)	Management Committee has been appointed in May 2012. However, it was reappointed in November 2013 due to the changes in positions/ designations of the members in the committee. The members and their designations are given in the annex 2.
(b) Program committee (Names & Designation)	Program Committee has been appointed in May 2012. However, it was also reappointed in November 2013 due to the changes in positions/ designations of the members in the committee. The members and their designations are given in the annex 2.
(c) Staff (Names) (i) Director (ii) Coordinator (s) (iii) Program Manager (iv) Audio-visual Technician/ Officer (v) Computer Application Assistant	SDC of Sabaragamuwa University of Sri Lanka is categorized under Tier II SDCs. Hence the cadre provisions for coordinators have not been prescribed. However, a part time Director and a part time Program Manager were appointed. SDC is placed directly under the purview of Vice Chancellor and managed by a part time Director.

(v) Labourer	<p>Director – Prof. A.A. Yasarathna Amarasinghe (Part time)</p> <p>Program Manager - Mr. Mr. T. Vijeyakumar (Deputy Registrar)</p> <p>CAA – Ms. Nadeeshi Dodanwela</p> <p>Audio-Visual Technician/ Officer and Labourer are yet to be recruited to the centre.</p>
(d) Physical Recourses	
Office space	Office space is available close to one of the workshop venues. Renovations are still on progress with the utilization of UGC funds received in 2011. (Rs. 4.5 Millions). Partitioning of the discussion area and refurbishment of toilets and wash rooms have already been completed with the utilization of UGC funds received in 2011.
Office furniture	Almost all office furniture recommended have been purchased with the utilization of UGC funds received in 2011
Lecture Theatre /Auditorium (including seating Capacity)	Two lecture theaters (workshop venues) are available. One is for small groups with 30 seating capacity and the other is for large groups with 100 seating capacity. Renovations have been completed to upgrade with the utilization of UGC funds 2011 and 2012.
Audio Visual Facilities	Audio visual facilities are not yet available at the SDC.
Others	Internet facilities will be provided very soon with the utilization of UGC funds received in 2011. Tables, chairs, sound system, lighting system, LCD TV panels, movable air conditioners, podium and equipment for dinning area have been provided with the utilization of UGC funds received in 2012 to proposed workshop venue of 100 seating capacity.

3. Staff Development Programs	
(a) Training Programme conducted for the following categories of staff 1. Higher Management 2. Academic Staff 3. Executive and Staff Categories 4. Academic Support Staff 5. Technical Officers 6. Other non-academic non-administrative staff	Training programs and workshops have been conducted for all categories of staff in the university, parallel to the induction program.
(b) Staff development programs on Languages and IT	Few programs on English and IT were conducted with the staff of the computer centre and other relevant Departments and foreign experts. They were offered through joint coordination of the SDC and respective centres.
(c) Assessing	The performances of trainees, especially in induction program have been assessed through assignments, portfolios, presentations and attendance.
4. General and Financial Management of SDC at University level	
(a) General administration	General administration of SDC is governed by the existing rules and regulations.
(b) Academic administration	Training Manual prescribed for induction program for academic staff by HETC and UGC will be used. Hereafter, other programs on staff development less than 5 days will be tabled to get the approval from MC, Senate, Council and UGC before offering.
(c) Non-academic staff	Computer Applications Assistant of SDC came under Registrar, but was placed under the supervision of the Director. CAA has kept records on training programs, handled files and documents, provided support in planning and offering training programs/ workshops
(d) Financial Management	Financial management of SDC directly comes under the supervision of the Bursar. Financial year is same as the University and all finances are handled according to the government financial regulations. However, centre itself still does not have a separate staff development fund.

9. STUDENT WELFARE

Student Welfare Facilities

Sabaragamuwa University of Sri Lanka, when compared with the other Universities has to pay more attention on the welfare of its undergraduates due to scarcity of resources. The University is providing many services and facilities for the betterment of students, through its various branches and departments.

Student Affairs Branch is the first and foremost place where students should come at first when they start their student life in the university. Just after the allocations were finished universities are sent the relevant list by the UGC. Therefore student affairs Branch is the most responsible place in terms of welfare facilities of the students. After the registration, students are provided below mention services and facilities by the student affairs branch.

Student Registration

Students are registered at the times they entered the university as well as annually when they start a new academic year. For each students has a separate file in this branch and it contains the data owing to his/her personal and academic life.

Accommodation Facilities

All students, male and female have to be provided with accommodation by the University, as the area is a low density area in respect of population and scarcity of private places for students to be hired as boarding places.

The University has provided accommodation in its own hostels only for about 480 male students and 374 female students out of 3099 students populations. All the other students have been provided with accommodation in rented houses in the vicinity with bare minimum facilities.

The University spends over 6 million by way of renting out houses to accommodate the students.

New Boys Hostel

A building where 290 students can be provided with accommodation was opened last July 2013. There are 64 student rooms, Canteen facilities and other relevant facilities for accommodated students.

New constructions.

Now the Ministry of Higher Education has launched a programme to develop the hostel facilities in Universities. Under that project two hostels where 400 students can be accommodated and being constructed for girls students.

Medical Facility

Maintenance of the Medical Center in the University is very costly in comparison with the other Universities. The closest hospital at Balangoda is 20 km away from the university, and as a result the University Medical Center has to cater not only for the students but also the resident staff and their family members, and the service is free of charge.

Financial Assistances

Mahapola Scholarships

Out of the total students population of 3359 in the year 2013, 867 students are recipients of Mahapola Scholarships. This is 26% of total students population.
