

UNIVERSITY OF KELANIYA, SRI LANKA

ANNUAL REPORT & ACCOUNTS

2018

Vision

To become a center of excellence in creation and dissemination of knowledge for sustainable development

Mission

To nurture the intellectual citizens through creativity and innovation, who contribute to the National development.

Objectives

- i. To create a high quality and flexible teaching and learning environment.
- ii. To develop the highest quality faculty and staff to attain the strategic goals of the university.
- iii. To create a multi- disciplinary research culture of global standing.
- iv. To improve the image of the University by widening the range of economic and social engagement.
- v. To develop an excellent system of governance through the efficient and effective administration and financial management.

VICE CHANCELLOR'S MESSAGE

It is my pleasure to present to you, on behalf of the University of Kelaniya, our Annual Report 2018. The Annual Report 2018 is a statement of the status of the University during the year, detailing issues of research, publications, staff postings and physical infrastructure.

As a reputed higher education center, we strive to put our best to go forward every day to serve the public in the most efficient and effective ways possible. With the supreme services, guidance and the support extended to the staff and students, eighteen academics of the University have been able to win the Presidential awards for publications in 2018. Also, ensuring the common social responsibility the University has increased its knowledge programmes to the general public. Further, we were able to expand our international relations in 2018 by establishing a large number of MOUs.

With complacence, I invite you all to explore the achievements and performance of the University declared in this report.

Finally, I would like to extend my gratitude to all those who worked enthusiastically and committedly to make 2018 a successful year for the University. I look forward to collaborating with all members of the University as we aspire to higher levels of excellence in the years ahead.

Professor D M Semasinghe

Vice- Chancellor

University of Kelaniya

ABOUT THE REPORT

This is the annual information report of the University of Kelaniya for the year 2018. This report seeks to demonstrate the general information, performance and achievements of the University descriptively from January 1, 2018 to December 31, 2018.

Reporting Frameworks and Scope

The report consists information on students, graduate output, human resource, research and innovations, awards and achievements, sports activities and achievements, welfare facilities, infrastructure development projects and financial performances and annual accounts. The data and information exhibited in this report are collected over the administration and academic departments and the units and centers of the University of Kelaniya.

PART ONE

ANNUAL REPORT 2018

1. About the University

The University of Kelaniya, one of the leading national public Universities of Sri Lanka, is located in the historic city of Kelaniya outside the municipal limits of the economic capital of Sri Lanka. Continuing to be the pioneers in higher education, the University has secured the 5th place among the Universities of Sri Lanka according to the Webometrix Rankings (2019). The origin of the University of Kelaniya is the Vidyalkara Pirivena which was established by Rathmalane Sri Dharmaloka Thero in 1875, and was a center of learning for Buddhist monks.

The University of Kelaniya facilitates research and higher education of the nation through seven different faculties including 56 academic departments and three affiliated institutes, namely, Gampaha Wickremaarachchi Ayurvedic Institute, Postgraduate Institute of Pali and Buddhist Studies and Postgraduate Institute of Archaeology.

Except for the Faculty of Medicine, which is located in Ragama premises and Faculty of Computing & Technology, located in Peliyagoda premises, all the other Faculties are located in Dalugama premises, twelve kilometers away from the capital city in a whole area of 55 acres.

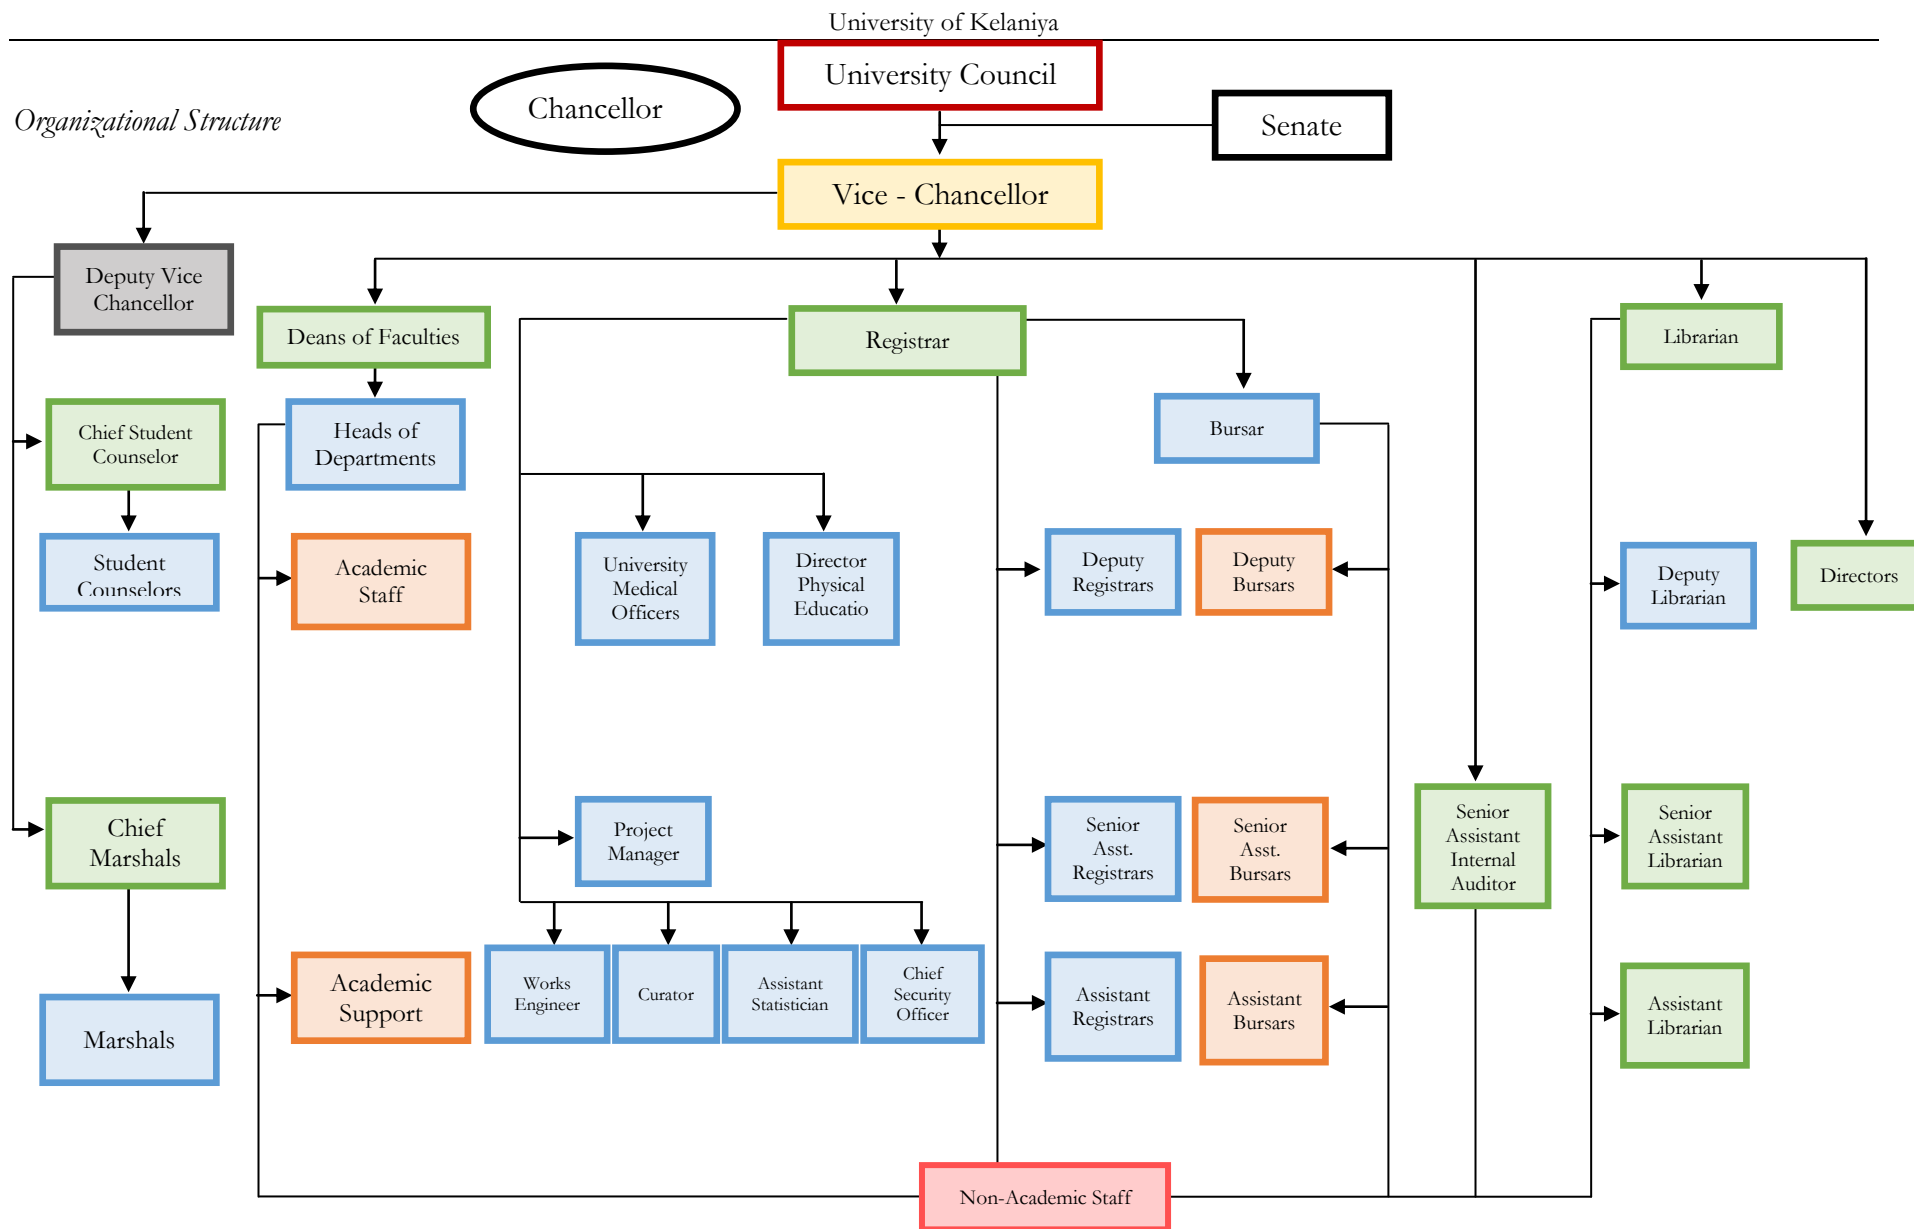

The University has pioneered a number of new developments in Higher Education during the last four decades. She is one of the first Universities to begin teaching Science in Sinhala and inventor of Department of Industrial Management and Department of Microbiology in the Faculty of Science; Department of Linguistics, Department of Fine Arts, Department of Modern Languages and Department of Hindi in the Faculty of Humanities; and the Department of Mass Communication and Department of Library and Information Sciences in the Faculty of Social Sciences in the University system. Some of these innovated academic departments have been adopted subsequently by other Universities.

Students of the University get various services under following categories such as Student Counselling Service, Career Guidance Unit, Personal Counselling Unit (Kalana Mithuru Sevana), Medical Centre, Physical Education, Cultural Centre, Arts Council, Library (including Faculty Libraries), Information and Communication Technology Center and International Student Affairs Unit. Except for these Centers and Units, there are several others for different but specific services. For example, Internal Quality Assurance Centre, University Statistics and Data Monitoring Unit (USD MU), Media Unit, Staff Development Center, Technology and Innovation Support Centre, Sustainable Development Centre, Centre for Distance and Continuing Education (CDCE), Centre of Excellence for Strategic Brand Identity Development (CESBID) and the Inter - Faculty Center for Coordinating the Modular System (ICCMS).

The University of Kelaniya concerns not only on the quality of graduates, but also the well-being of the students and the staff, thus she has offered a free insurance scheme for students and staff. She is the first- ever University in the country who ever offers up to five million rupees for doctoral studies of the staff members. Also, it has allocated a greater amount of money for aesthetic and sports activities of the University.

More than 40% of the student population of the University are supported with the hostel facilities and the Bhikku Hostel and the Women's Hostel Complex are located within the Dalugama campus, while the Men's Hostels and some Women's Hostels are located nearby. Also, each year students with financial difficulties are given Mahapola and Bursary scholarships. Apart from these two main scholarship schemes, the Alumni Association of the University is also supporting the students who are not having Mahapola or Bursary scholarships but with financial difficulties.

The human resource of the University comprises, concisely, academic staff members, administrative staff, academic support staff, executive staff and non- academic staff. The following figure illustrates the organizational structure descriptively.

The Council

Vice - Chancellor	Prof. D.M. Semasinghe	20.03.2017 to 19.03.2020
Deputy Vice-Chancellor	Prof. Lakshman Seneviratne	19.05.2017 to 18.05.2020

Deans of Faculties

Dr. P.N.D. Fernando	Faculty of Commerce & Management Studies	07.04.2017 to 06.04.2020
Dr. P.G. Wijayarathna	Faculty of Computing & Technology	06.05.2016 to 05.05.2019
Prof. J.M.D. Ariyaratne	Faculty of Graduate Studies	09.03.2016 to 08.03.2019
Prof. R.M.P.F. Rathnayake	Faculty of Humanities	21.04.2017 to 20.04.2020
Prof. P.S. Wijesinghe	Faculty of Medicine	14.08.2018 to 22.09.2020
Prof. B.M. Jayawardena	Faculty of Science	03.01.2017 to 02.01.2020
Prof. A.H.M.H. Abayarathne	Faculty of Social Sciences	15.12.2016 to 14.12.2019

Members Elected

Prof. N.A.K.P.J. Seneviratne	04.02.2017 to 03.02.2020
Prof. P.M.C. Thilakeratne	04.02.2017 to 03.02.2020

Members Appointed by the University Grants Commission

Prof. S.T.B. Amunugama	20.04.2018 to 19.04.2021
Prof. D.M.A. Dissanayake	20.04.2018 to 19.04.2021
Ven. Ambanwala Gnanaloka Thero	20.04.2018 to 19.04.2021
Mr. W.M.A.S. Iddawela	20.04.2018 to 19.04.2021
Mr. Asela Kalugampitiya	20.04.2018 to 19.04.2021
Mr. E.P. Donnet Nandasinghe	20.04.2018 to 19.04.2021
Mr. H.M.N. Warakaulle	20.04.2018 to 19.04.2021
Mr. Prithi Perera	20.04.2018 to 19.04.2021
Mr. P.M.P. Perera	20.04.2018 to 19.04.2021
Vidyanidhi Prof. W.M.T.B. Wanninayaka	20.04.2018 to 19.04.2021
Prof. S.P. Lamabadusuriya	20.04.2018 to 19.04.2021
Mr. Nishan Premathiratne	20.04.2018 to 19.04.2021

Secretary to the Council

Mr. W.M. Karunaratne
(Ex- Officio)

1.1. The Here and Now

As per the academic calendar of the University, the academic year 2015/16 was ended on February 11, 2018, and the academic activities of the year 2016/17 was begun on February 12, 2018, and is scheduled to be completed on February 04, 2019. 3,363 students were enrolled as new under the internal undergraduate degree programs in 2018 and 822 students were enrolled for postgraduate studies during 2018. The international recognition of the university was enhanced by the enrollment of 129 international students for both undergraduate and postgraduate studies to the university in 2018. Today, the University of Kelaniya has eleven thousand one hundred and forty-three (11,143) students following undergraduate degree programs and there are total of two thousand six hundred and sixty (2,667) students for postgraduate studies. The University produced 2,035 internal graduates and 1,306 postgraduates in 2018.

The University has taken several steps to build up the international image of the University and a total of twelve international MoUs have been signed with several universities around the world with the purpose of research activities, staff and student exchange programmes.

Affording the research culture of the University, the University has provided funds for the academic staff for research activities and for research conferences and symposia organized within the university. Also, she is the first ever University who introduced the Senate Awards for staff for publishing in internationally recognized peer-reviewed, indexed and refereed journal articles. Accordingly, to enhance the engagement in research and encourage researchers, 108 Senate Awards have been awarded to the academic staff in 2018.

1.2. Achievements

The University of Kelaniya has been ranked 300th position in world rankings according to the UI Green Metrics Ranking in 2018. UI Green Metric Ranking is based broadly on the conceptual framework of Environment, Economy, and Equity. This year 719 universities in 81 countries participated, compared to last year's 679 universities in 76 countries. The rankings look at six indicators of each university: setting and infrastructure, energy and climate change, waste, water, transportation and education.

According to the most recent Webometrix Rankings carried out in January 2019, the University of Kelaniya has been ranked at the 2,888th position in the world and 997th in Asian Continent. Also, it was ranked as the 5th best University in Sri Lanka among 58 Universities.

Eighteen Academic staff members of the Faculty of Medicine received President's Awards for scientific publications. Several academic symposia and research conferences were held to enhance the research culture of the University in 2018. The Annual Research Symposium, 19th International Postgraduate Research Conference 2018 organized by the Faculty of Graduate Studies was held on December 05, 2018, on the theme of "Multi- Disciplinary Research for Sustainable Development Issues, Challenges and Way Forward".

Sprout (Kalana) 2018, Stylish Marketer Fashion Show, The Inter-University Best Speaker Contest, Art Exhibitions, University Stage Drama Festivals, Photography Exhibitions, Media Festivals, Talent Shows, Colors Awarding Ceremony, Welfare Projects and several workshops were some of the extra-curricular programmes conducted in 2018.

Students from every Faculty participated in national and international games and competitions held during the year 2018 and the University was able to secure the 4th place in the Inter University Championship 2018.

1.3. Plans on Time Ahead

- Six Storied Building for the Faculty of Science
- Building for the Information Communication Technology Centre (ICT)
- Building Complex for the Department of Industrial Management, Faculty of Science
- Building Complex for the Technology Degree Programme, Faculty of Science
- Multipurpose Building, Faculty of Medicine
- New Lecture Theatre Complex of the Faculty of Science

2. Faculties of the University

The University of Kelaniya has seven different faculties and the latest is the Faculty of Computing and Technology was established in 2016.

2.1. Faculty of Commerce and Management Studies

Mission

The mission of the Faculty of Commerce and Management Studies of the University of Kelaniya is to “produce academically and professionally competent personnel to take up managerial positions in organizations, create an entrepreneurial culture, and broaden the horizon of knowledge pertaining to the discipline of Commerce & Management”.

Introduction of the Faculty

The Faculty of Commerce and Management Studies is one of the fastest developing faculties of the University of Kelaniya with unique features of becoming one of the finest faculties in the country. The origin of the Faculty could be traced back to the point where the Department of Commerce was established under the Faculty of Social Sciences in 1976. With the commitment and untiring efforts of academic staff, students and other stakeholders, we achieved the Faculty status by converting the Department into a Faculty in 1995.

Current Progress

Academic Programmes

Since then, the Faculty has been able to draw attention of the stakeholders and be popular within the University community in a rapid phase in terms of quality more than the quantity. Some of the best examples to prove the improvement of quality are, graduate employability rate of 85.5% of the Faculty which is ranked the highest among the Management Faculties in the country, ISO certification to the Department of Marketing which is the only department to have obtained this recognition among the Management fraternities in the island that currently offering an ISO certified degree programme and the recognition granted by Chartered Financial Analysts (CFA)

Institute-USA in 2014 for the BBMgt. (Finance) Special Degree programme offered by the Department of Finance.

The Faculty currently consists of five (5) departments, with the strength of 130 academic staff members, 30 non-academic staff members and 2400 undergraduate students. The five (5) departments, namely; Commerce & Financial Management, Human Resource Management, Accountancy, Marketing Management and Finance are offering ten (10) undergraduate (special degree) courses, five (05) Master Degree programmes, two (02) Postgraduate Diplomas, four (04) Diplomas and five (05) Higher Diplomas in addition to a Doctor of Business Administration (DBA) programme. In 2019 the Department of Finance will introduce new degree programmes BBMgt. Honours in insurance, B.B. Mgt. Honours in Banking and BBMgt. Honours in Financial Engineering. The Department of Accountancy is going to introduce two new degree programmes BBMgt. Honours in Auditing & Forensic Accounting and BBMgt. Honours in Accounting Information System and the Faculty is going to introduce BBMgt. Honours in Business Information Systems.

The Faculty offers semester based academic programmes and underwent a further revision of curriculum, the implementation of which was introduced from the academic year 2013/14 while catering to the latest trends in the subject field, interests of the academia and current demands of the dynamic job market. The Faculty is continually in the process of introducing new courses to be offered to the general public apart from main academic programme, as an additional service to the community.

Academic Staff

The Faculty's academic staff is genuinely enhancing their research interests and bring out their researches substantially in research publications which in turn contribute to the academic programme. In fact, in 2018 itself the Faculty staff has made approximately 217 publications,

obtained 03 awards consisting of 02 international and 01 national awards. 39 members of the academic staff are having Doctoral Degrees (PhD) while 100 members are having Master Degrees, out of whom, 24 are currently reading for Doctorates.

Extracurricular Activities

All the departments of the Faculty have unique extracurricular activities conducted by the undergraduates. Some of the significant events so conducted are, Young entrepreneurs' Day organized by the Department of Commerce and Financial Management, Investment week by the Department of Finance, 'Stylish Marketer'- A Fashion show organized by the Department of Marketing Management, '3D's' –Talent show by the Department of HRM, and 'Idea Night'- an internship certificate awarding ceremony and ICARE by Department of Accountancy.

With this capacity and in line with the mission, the Faculty has been rendering its distinctive services to prepare scholars and professionals with capability, skills and attitude, driving the economy, supporting civil society and government and make essential decisions in the interest of whole society. Accordingly, the Faculty of Commerce and Management Studies has so far produced more than 8000 graduates and most of them are in the forefront of the managerial ranks of public and private sector organizations, both locally and internationally with some of our graduates being prominent entrepreneurs in the country.

Dr. PND Fernando
Dean
Faculty of Commerce & Management Studies

2.2. Faculty of Computing and Technology

Vision

To become a center of excellence in the creation and dissemination of knowledge in Computing and Technology for sustainable development.

Mission

The Faculty of Computing and Technology strives for excellence in computing and technology through innovation and dissemination of knowledge and capacity building for socio-economic development of the nation.

Introduction

The Faculty of Computing and Technology (FCT) was established on the 30th of December 2015 by the Gazette notification 1947/24 of the Government of Sri Lanka with three departments, namely, Department of Applied Computing, Department of Computer Systems Engineering and Department of Software Engineering. The new Faculty commenced its operations on January 18, 2016.

Academic registration of students in the FCT commenced from the academic year 2015/2016. The FCT started to offer degree programmes from the academic year 2015/2016 for the technology stream students, namely, Bachelor of Information and Communication Technology (BICT) Honours and Bachelor of Engineering Technology (BET) Honours. From the academic year 2016/2017 the Faculty started offering the B.Sc. Honours in Computer Science.

In addition, the faculty will cater to unique computing needs of the other faculties too. This will help to improve the computer literacy and the computer usage by undergraduates of other faculties, which is identified as a critical determinant of employability of the graduates.

The Faculty will offer the Postgraduate Programmes in the areas of Computer Science, Software Engineering, Information Technology and Engineering Technology. The Master of Information Technology in Education programme is developed for the Ministry of Education to train ICT teachers. This programme will be commenced in year 2019.

The Faculty will conduct research in diverse fields of significant impact. The research enterprise at FCT will expand from fundamental Computer Science research to the development of new technologies with applications to the industry and society as a whole. The discovery and creation of new technology is the essence of the doctoral programs in Computing and Technology. The Faculty is in the process of establishing several Research and Development Centers. The following two research centers are already established:

- National e-Learning Resource Centre (NELRC)
- Center for Nanotechnology

The FCT is planning to establish the following Research and Development Centers in the near future:

- Language Engineering Research Centre
- Centre for Geoinformatics
- Centre for Computational Mathematics
- Centre for Data Science
- Centre for Cyber Security

Faculty of Computing and Technology established the Industry Cell for Computing and Technology (IIC/CT) with the following objectives:

- To encourage computing and technology experts in the university to contribute their knowledge/ experience for the development of national economy.
- To develop computer based systems necessary for the government sector and SMEs at an affordable cost.
- To provide training opportunities for the students with real world jobs.

- Encourage external experts to collaborate with FCT for R & D activities.
- The Faculty of Computing and Technology is currently located at No.407, Kandy Road, Kelaniya. The proposed building complex for the Faculty will be constructed at Mudunela, Kelaniya by the financial support of the Asian Development Bank.

Bachelor of Information and Communication Technology Honours Degree

The Bachelor of Information and Communication Technology is a four-year degree programme. The regular intake is 75. Students who followed the Technology Stream for A/L are eligible to get registered for this programme. This degree programme will help students to build necessary skills, knowledge and attitudes required to function as software developers, network administrators and ICT professionals in the industry. Strong fundamental knowledge in electronics and data communication with supporting hands-on laboratory sessions will provide the necessary skills and knowledge required to design, build and maintain industry standard software and computer networks. Incorporation of highly demanded application areas such as Virtualization and Cloud Computing, Network Management, Wireless and Mobile Communications, Computer Security, Web Programming, Mobile Application Development, Computer Games and Animation, Virtual Reality into the curriculum provides ample flexibility for students to specialize in their own areas of interest. The first two years of the curriculum aim at developing the common competencies expected of an ICT professional while the final two years are devoted to developing specific competencies in chosen areas of specialization. The areas of specialization currently on offer are:

- Computer Networking
- Software Systems
- Games and Animation

Students will get an opportunity to work in the industry for six months through the internship module in the 4th year. The medium of instructions and examinations is English.

Bachelor of Engineering Technology Honours Degree

The Bachelor of Engineering Technology is a four-year degree programme. The regular intake for this degree is 75. Students who have followed the Technology Stream for A/L are eligible to register for this programme. This Engineering Technology Honours degree programme will have a strong focus on practical applications of science and technology with the view of preparing the graduates for a wide variety of industry applications. The first two years of the curriculum aims at developing the common competencies expected from an engineering technologist while the final two years are devoted to developing specific competencies in chosen areas of specialization.

The areas of specialization currently on offer are:

- Material and Process Technology
- Industrial Automation and Robotics
- Sustainable Technologies

Students who follow Industrial Automation will be able to develop skills required to use control systems such as computer or robots and ICT for handling different process and machineries in an industry. The Material and Process teaching specialization focuses on design operation and control of all the activities required to convert raw materials and commodity materials into valuable products, whereas sustainable technology focuses on developing sustainable solutions for the current global and local socio-economic issues. Students will get an opportunity to work in the industry for six months through the internship module in the 4th year. The medium of instructions and examinations is strictly in English only.

Bachelor of Science Honours in Computer Science Degree

This is a four-year degree programme leading to the Bachelor of Science Honours in Computer Science Degree offered by the University of Kelaniya. The regular intake for this degree programme is 50. Students who have followed the Physical Science Stream for A/L are eligible to get registered for this programme. The course structure of the BSc Honours in Computer Science Degree is designed to align with the recommendations of the Standing Committee on Computing of the UGC, and the computing guidelines of the Association for Computing Machinery (ACM) and the Institute of Electrical and Electronics Engineers (IEEE).

This degree programme will help students to build necessary skills, knowledge and attitudes required to function in the software industry, conduct research and disseminate knowledge in Computer Science. Deep fundamental knowledge in theoretical Computer Science with supporting hands-on laboratory sessions will provide the necessary skills and tacit knowledge required to analyze, design, implement and maintain industry standard software. Knowledge of Database Systems, Machine Learning, Data Security, Theory of Compilers, Parallel Computing, High Performance Computing, Digital Forensics, Semantic Web and e-business technologies, Computer Games and Animation, Virtual Reality to the curriculum provides ample flexibility for students to specialize in their own areas of interest. Students can choose one of the following subject disciplines to specialize in the said degree programme:

- Data Science
- Artificial Intelligence
- Cyber Security
- Scientific Computing

Students will get an opportunity to work in the industry for six months through the internship module in the 4th year. The medium of instructions and examinations is strictly in English. In the final year all students should carry out a research project relevant to their area of interest.

Industry Cell for Computing and Technology (IICfCT)

The Faculty of Computing and Technology (FCT) at the University of Kelaniya has established the Industry Interaction Cell for Computing and Technology (IICfCT) to provide consultancy services for both engineering and computing industries, product development and acceleration to the market, and to establish the industry-faculty business linkage. Through the partnerships with the private and public partner industries, the IICfCT intends to provide reliable and cost-effective solutions to the industries while providing a learning experience to the university students, and collaborative research opportunities to the faculty members. IICfCT obtains human resources from FCT for most of its projects. As of today, the staff members attached to FCT have provided numerous computing and software solutions to private and public entities. The IICfCT also coordinates the professional activities and employability enhancement programs for the students to enhance their soft skills, knowledge, and understanding of the corporate sector. Dr PW Samarasekera is currently serving as the Director of this cell.

Learning Centered Education

The Faculty has adopted the learning centered education pedagogy for its programme design and delivery for the first time in Sri Lanka. A series of workshops were conducted both in Sri Lanka and at the University of Oxford, UK under the guidance of Prof. Lynn McAlpine, Professor Emerita of University Education Development, Oxford Learning Institute, University of Oxford to train the staff and adopt the curriculum to reflect learning-centeredness.

The learning centered education approach promotes active learning where the emphasis is placed on creating and managing tasks and activities which will empower student learning, both inside and outside the class. The pedagogical style required to enable active learning is different to traditional lecturing. A different set of instructional and assessment strategies are adopted in the learning centered approach to facilitate independent learning by the students. The lecturer will select appropriate interactive techniques from a host of such techniques available, in addition to mini-lectures, to achieve the intended learning outcomes. The lecturer will also use a set of different assessment strategies, both formative and summative, to assess the level of achievement of the intended learning outcomes by each student, based on pre-defined rubrics, during the entire course module. This places less importance on the traditional end of the semester exams, and a considerable percentage of marks will be earned by the students through continuous assessment throughout the module.

Industry Advisory Board

The Faculty of Computing and Technology has established an Industry Advisory Board composed of eminent professionals from the industry, representatives from industry associations as well as representatives from professional associations.

The role of the Industry Advisory Board (IAB) of the Faculty of Computing and Technology (FCT) is to serve as a liaison between the FCT and the industry as well as other institutional stakeholders in order to support the FCT in the formulation and attainment of its Mission and Strategic Objectives. It plays a key role in providing input and recommendations to the FCT from an industry perspective and guiding the strategic directions of the FCT in terms of academic programs, research and partnerships.

Mr. Anuradha Tennakoon, Former Country Head/ Engineering Director, Zebra Technologies Lanka (Pvt) Ltd serves as the current chairman of the IAB.

Outbound Training (OBT)

The FCT has introduced an outbound training program as an annual event for all its undergraduate students. Through the OBT programme, the Faculty has taken another step towards changing the attitudes and mindset of students from the traditional classroom environment, and providing a valuable learning experience for accomplishing the life challenges and making a positive impact on their work performance.

The program was successfully held in 2017 & 2018 for the young leaders of the University of Kelaniya, Faculty of Computing and Technology, at the Police Training College Kalutara. The two-day interactive program was organized by the Faculty to improve the group dynamics and personality development of the undergraduates of the first-year students of the Faculty. The event was geared towards enhancing the skills in competent leadership, building energetic and high-performing teams, trust-building, personality and self-confidence building, effectively working in diverse environments, facing and succeeding the challenges, creating an open-mind, effective and efficient decision making, and various other important skills that are necessary in improving the quality of students' academic and personal lives.

Annual Conference

The **International Conference on Advances in Computing and Technology** organized by the Faculty of Computing and Technology, University of Kelaniya was inaugurated in 2016 on November 25, 2016 at JAIC Hilton, Colombo. The second conference was held on July 25, 2017, at the University of Kelaniya. The third **International conference on Advances in Computing and Technology (ICACT)** was held on July 26, 2018, at Pegasus Reef Hotel Wattala.

This conference is expected to bring together researchers, educators, students, practitioners, technocrats and policymakers from across academia, government, industry and non-

governmental organizations to discuss, share and promote current works and recent accomplishments across all aspects of Computing, Nano Technology, Materials and Process Engineering, Robotics and Automation.

Departments

Department of Applied Computing

The Department of Applied Computing will be one of the main contributors to the undergraduate degree programmes in Bachelor of Information and Communication Technology and Bachelor of Engineering Technology. This department will be the collaboration hub for the other Faculties to offer proposed joint-major computing degrees and to offer necessary course modules for existing degree programmes offered by other faculties. Applying computer technology in other specialized areas such as agriculture, education, healthcare, transportation, etc., is the main focus of the department. In addition to undergraduate degree programmes, the department contributes to the proposed postgraduate degree programmes of the Faculty of Computing and Technology. The department will highly contribute towards the Industry Interaction Cell for Computing and Technology (IICfCT) and support research centers proposed by the Faculty of Computing and Technology

Department of Computer Systems Engineering

Department of Computer Systems Engineering offers all the core course modules in Computing for Computing and Technology degree programmes conducted by the Faculty. Computational Mathematics, Artificial Intelligence, Computer Systems, Computer Networks and Data Security are some of the core areas specialized by the Department. In addition to undergraduate degree programmes, the Department contributes to the proposed postgraduate degree programmes of the Faculty of Computing and Technology. Graduates with relevant qualifications can pursue higher studies leading to MPhil and PhD degrees at the Department. Also, the Department

intends to contribute towards the Industry Interaction Cell for Computing and Technology (IIC/CT) and support research centers proposed by the Faculty of Computing and Technology.

Department of Software Engineering

The department of Software Engineering came into existence with the establishment of the Faculty of Computing and Technology on the 30th of December 2015. The Department jointly with the other two departments will offer all core and optional course modules for the degree programmes offered by the Faculty. Software Engineering, Data Science and Human Computer Interaction are some of the core areas specialized by the Department. In addition, the Department will extend its services to the other faculties by teaching and support services in computing. The Department will also contribute to the proposed postgraduate programmes actively. Prospective graduates will be able to pursue higher studies leading to MPhil and PhD degrees. The Department will highly contribute towards the Industry Interaction Cell for Computing and Technology (IIC/CT) and support research centers proposed by the Faculty of Computing and Technology.

Dr PG Wijayarathna
Dean
Faculty of Computing and Technology

2.3. Faculty of Graduate Studies

Vision

The vision of the Faculty of Graduate Studies (FGS) is based on the purpose of education from ancient times: Natthivijjaa Sama.mpa~n~naa (Pali), ‘there is no power comparable to knowledge’ or ipsascientiapotestasest [Latin] ‘knowledge is power.’ Therefore, FGS envisages that its graduates will have the knowledge to wield power in different spheres and make the world a better place, through their dedication to research, openness to new ideas, and mastery of analytical skills.

Mission

The mission of the Faculty of Graduate Studies is to encourage research and dissemination of knowledge at postgraduate level. FGS works with academic staff, students and administrative staff in all the Faculties of the University of Kelaniya to promote excellence in postgraduate education. Postgraduate education at the University of Kelaniya is a shared experience. FGS works together with academic departments across the university to provide graduate programs at Master’s, MPhil, and PhD levels to create a dynamic intellectual climate for its students.

Objectives of the Faculty

FGS offers a variety of programs, ranging from postgraduate diploma level to doctoral level. Currently, there are over fifty-two programs offered by the various Faculties and institutions, leading to a Master’s degree. Some of the courses are based only on course work, while others are based on research, and some others are a mix of course work and research. Course work at FGS means face-to-face teaching as in a traditional university. These courses are usually conducted during weekends or evenings, to enable people who are already employed to enhance

their knowledge and skills. In order to be more accessible, FGS hopes to be in a position to launch distance learning modules in the near future.

Postgraduate study at MPhil (Master of Philosophy) and PhD (Doctor of Philosophy) levels are possible in each Faculty of the University of Kelaniya. These programs tend to build on the skills acquired at undergraduate and Master's levels. They involve an applicant being assigned to a supervisor for guidance in conducting research. The applicant and supervisor/s work together to achieve the objectives of the research program. If you have no previous experience in conducting research, it would be best to register for a Master's level program before attempting an MPhil or PhD. This is because most Master's level programs include modules on research methodology.

International Education Centers

- Benhuan University, China – Master of Arts in Buddhist Studies.
- Malaysian Buddhist Academy, Malaysia – Master of Arts in Buddhist Studies.
- Cambrian International Study Centre (CISC), Bangladesh and University of Kelaniya-MBA Programme.
- CQ University, Australia and University of Kelaniya - MPA Programme. (In Progress)

Foreign Collaboration

- MoU between Deakin University, Australia and University of Kelaniya
- International University of Japan (IUJ) (In Progress)
- Shinshu University, Japan
- Kyoto College of Graduate Studies for Informatics, Japan (In Progress)

MBA- Programme- Provider Cambrian International Study Centre (CISC), in Bangladesh, University of Kelaniya.

The Faculty of Graduate Studies (FGS) signed an agreement to provide postgraduate degree programmes of the University of Kelaniya (UOK) in Bangladesh through an exclusive corporate

partner namely Cambrian International Study Centre (CISC). The CISC is a part of the BSB-Cambrian Education Group, one of the leading private education providers in Bangladesh. CISC and UoK agreed to conduct three postgraduate programmes, namely, Master of Business Administration (MBA), Master of Business in Accounting and Finance (MBus) and Master of Business Management in Marketing (MBM) in CISC in Bangladeshi students. Initially, they have started Master of Business Administration (MBA) Degree Programme. First intake started in the academic year 2018. First batch contains 14 students and they have completed their first semester & exam.

MoU between Deakin University, Australia and University of Kelaniya.

Memorandum of Understanding (MOU), between Deakin University, Australia and University of Kelaniya. A signing ceremony was held on April 26, 2018 at the Vice-Chancellor's Office, University of Kelaniya. Prof Gary Smith, Deputy Vice-Chancellor, Global Engagement and Prof D.M.Semasinghe, Vice-Chancellor, University of Kelaniya signed the MoU. The MoU signifies the joint aspirations of Deakin University and University of Kelaniya to develop a strategic alliance in international education between Australia, and Sri Lanka. Deakin University hopes to deliver offshore PhDs in collaboration with Kelaniya University in Sri Lanka and exchange of staff, students, educational resources and publications, joint research, teaching and learning, and collaborative projects are envisaged through the new partnership.

MoU between CQ University, Australia and University of Kelaniya.

Memorandum of Understanding (MOU), between Central Queensland University (CQ University), Australia and University of Kelaniya. A signing ceremony was held on June 4, 2018 at the Vice-Chancellor's Office, University of Kelaniya. Prof Scott Bowman, Vice-Chancellor and President (CQ University), and Prof D.M. Semasinghe, Vice-Chancellor, University of Kelaniya signed the MoU. The MoU signifies the joint aspirations of CQ University and

University of Kelaniya to develop a strategic alliance in international education between Australia, and Sri Lanka.

The objectives of the collaboration between two universities are to co-operate in a spirit of mutual understanding and to develop a closer relationship of goodwill and friendship. On the basis of close co-operation, each institution will undertake work towards the facilitation of joint education projects and other agreed upon scholarly activities which include,

- Collaborative research and supervision of higher degree candidates
- Collaborative applications for grants and funding
- Collaborative and joint delivery of award programs
- Collaborative and joint delivery of Continuing Professional Development (CPD)
- Qualification recognition and articulation arrangements

Improvement of Skills of Postgraduate Students

- Started in 2017 for MPhil and PhD students
- The researchers or research students who are interested in their knowledge and skills in research methodology and scientific writing are the targeted audience.

Discussion Forum for All Postgraduate Course Coordinators

Faculty of Graduate Studies organized a workshop on February 22, 2018 at Hotel Goldi Sands in Negombo, to improve;

- the awareness of the FGS internal Process.
- to discuss on appropriate marketing approach towards the postgraduate programmes in order to improve sustainability and to improve the awareness of the budgeting process and the internal requirement on budgeting.

Computer System

Efficient Faculty Administration – Fully Digitalized Management Information System.

- Online Application
- Student Registration
- Student Profile
- Student Payment
- Examination Process

Proposed Kiosk

Objectives:

- Improve student satisfaction on services offered by FGS.
- Online application process, exam process, viva, presentations and etc.

Doctoral Programmes (PhD/DBA/DM)

The doctoral degree is the highest level of degree a student can obtain. The duration of study for a PhD/DBA/MD is three years, with extensions possible, on recommendations by the supervisor/s. PhD applicants should submit a research proposal to FGS. The purpose of this qualification is to develop a person with a capacity to generate substantive insights in a particular area of study through high quality original research. The qualification holder should be able to provide evidence for generating new knowledge by publications in peer reviewed indexed journals. For a doctoral degree, a candidate is required to carry out high level research under the guidance of a supervisor holding a qualification of this SLQF level or equivalent and make a significant and original academic contribution creating new knowledge. The candidate should submit a thesis incorporating research findings, which are assessed and accepted.

The candidate may also be required to follow some course work as preparatory work or for value addition to research. However, this course work shall not contribute to the credits accumulated towards the qualification. The research may be purely discipline-based or multidisciplinary. The qualification holder should be able to design and carry out independent pure and/or applied research contributing significantly towards the development of new knowledge, supervise and evaluate original research carried out by others in the field of specialization. She/he should be able to demonstrate critical awareness of current issues in the subject area and apply techniques relevant to professional practice.

Masters of Philosophy Degree (MPhil)

The duration of the study for the MPhil is two years, and the program consists mainly of research. The purpose of this qualification is to develop a person with a capacity of conducting high quality original research without supervision. For an MPhil degree, a candidate is required to carry out high level research under the guidance of a person holding equal or above qualification and make a significant contribution to a particular discipline or field. The research may be pure discipline-based or multidisciplinary. The candidate should submit a thesis incorporating research findings, which is assessed and accepted. The candidate may also be required to follow some course work as preparatory work or for value addition to research. However, this course work shall not contribute to the credit accumulated towards the qualification.

The qualification holder should be able to carry out independent pure and/or applied research contributing significantly towards the development of new knowledge, supervise and evaluate original research carried out by others in the field of specialization leading to qualifications of

SLQF levels up to 10. She/he should also be able to make judgments on complex issues in the area of expertise and communicate her/his ideas and conclusions clearly to specialist and non-specialist audiences. She/he should demonstrate self-direction and originality in tackling and solving problems and be able to plan and implement tasks at a professional level. The qualification holder should also be able to demonstrate critical awareness of current issues in the subject area and be able to apply techniques relevant to professional practice.

Coursework and Coursework plus research programs.

Boards of Study	No of Programmes
BOS in Commerce & Business Management	07
BOS in Humanities	09
BOS in Social Sciences	18
BOS in Science	04
BOS in Medical Sciences	01
BOS in Multidisciplinary	03 (Proposed)
Total	42

Board of Study in Commerce and Management Studies

- Master of Business (MBus) - 2 years (Course & Research Work)
- Master of Business Administration (MBA) - 2 years (Course & Research Work)
- Master of Commerce (MCom) - 2 years (Course & Research Work)
- Master of Human Resource Management (MHRM)–2 years (Course & Research Work)
- Master of Business Management in Marketing Programme
- Postgraduate Diploma in Human Resource Management (PGDHRM)
- Postgraduate Diploma in Marketing (PGDMKT)

Board of Study in Humanities

- MA in Buddhist Studies - 2 years (Course & Research Work)
- MA in Buddhist Studies - 1 year (Coursework)
- MA in Christian Studies - 1 year (Coursework)

- MA in Dancing - 2 years (Coursework)
- MA in Drama and Theatre - 1 year (Coursework)
- MA in Fine Arts - 2 years (Coursework)
- MA in Linguistics - 2 years (Course & Research Work)
- MA in Music - 2 years (Coursework)
- MA in Sinhala - 2 years (Course & Research Work)

Board of Study in Science

- MSc in Applied Microbiology - 2 years (Course & Research Work)
- MSc in Food & Nutrition - 2 years (Course & Research Work)
- MSc in Industrial and Environment Chemistry - 2 years (Course & Research Work)
- MSc in Management and Information Technology - 2 years (Course & Research Work)
- Master of Science in Crop Protection and Plant Biotechnology (2 year)
- Master's degree in Crop Protection and Plant Biotechnology (01 year)
- Postgraduate Diploma in Information Technology (PGDIT)

Board of Study in Medical Sciences

- Master of Public Health - 2 years (Course & Research Work)

Board of Study in Multi-Disciplinary Studies

- Master of Health Service Management - (will be available soon)
- Master of Health Economics - (will be available soon)
- Master of Health Statistics - (will be available soon)

Board of Study in Social Sciences

- MA in Archaeology – 1 year (Coursework)
- MA in Economics – 1 year (Coursework)
- MA in History – 1 year (Coursework)
- MA in Library and Information Science – 1 year (Coursework)
- MA in Mass Communication – 1 year (Coursework)
- MA in Philosophy – 1 year (Coursework)
- MA in Political Science – 1 year (Coursework)
- MA in Sociology – 1 year (Coursework)
- MA in Geography – 1 year (Coursework)
- MSSc in Archaeology – 2 years (Coursework & Research)

- MSc in Economics – 2 years (Coursework & Research)
- MSc in Geography – 2 years (Coursework & Research)
- MSc in History – 2 years (Coursework & Research)
- MSc in Library and Information Science – 2 years (Coursework & Research)
- MSc in Mass Communication – 2 years (Coursework & Research)
- MSc in Philosophy - 2 years (Coursework & Research)
- MSc in Political Science – 2 years (Coursework & Research)
- MSc in Sociology – 2 years (Coursework & Research)

International Postgraduate Research Conference (IPRC) 2018

International Postgraduate Research Conference organized by the Faculty of Graduate Studies, University of Kelaniya was held on the 05th of December 2018 at the Auditorium of the Faculty of Social Sciences. “Multidisciplinary Research for Sustainable Development: Issues, Challenges and Way Forward” were the theme of the conference, which was held with the objective of reducing the gap between outcomes of research and their usage in sustainable development of the country.

Around 205 research papers from multidisciplinary fields that addressed issues and emerging concepts relevant to Science, Social Sciences, Humanities, Medical Science, Commerce & Management Studies and Computing & Technology were presented at the conference.

The event which was being organized for the 19th consecutive time, provided a platform for practitioners, academics, policy makers, researchers and postgraduate students to share their experience and expertise by presenting high- quality research.

FGS Journal – 2018

Journal of the Faculty of Graduate Studies Volume 06 published in the year 2018 with 25 full paper articles.

Special Achievement of the Year

- MoU between Cambrian International Study Centre (CISC), Bangladesh and University of Kelaniya
- An extension to the MoU - Visit of the Delegation from the Deakin University Australia
- MoU between Central Queensland University, Australia and University of Kelaniya
- MoU between Deakin University, Australia and University of Kelaniya
- Discussion with Professor. N.S Cooray Associate Dean – Graduate School of International Relations, International University of Japan
- A Discussion with the Delegates of the Shinshu University of Japan

Future Prospects

Proposed Technology Developments - Zoom Video Conferencing.

Proposed Kiosk

- Improve Student Satisfaction
- Facilitation of Online

Proposed Virtual Board Room.

To maintain the quality of the degree programmes.

- Coordinators /Supervisors and Examiners Training programme

Launching of new website.

Prof JMD Ariyaratna
Dean
Faculty of Graduate Studies

2.4. Faculty of Humanities

Vision

To become a center of excellence in the field of Humanities.

Mission

To strengthen human resources through education and research in the fields of language, arts and religion.

Objectives of the Faculty

- To maintain the highest standards of the disciplines of Languages, Arts and Religion studies.
- To provide quality education for the students by making developments in the academic curriculum, considering the current needs of the job market.
- To provide students the opportunity to study in foreign universities under student exchange programs.
- To give the students practical experience through internship programs in order to make them eligible to work as professionals in their relevant field of work.
- To develop research activities in the faculty and explore and solve academic issues related to the disciplines in the field of humanities through researches.
- To use attractive modern teaching methodologies, including computer based teaching methods.
- To improve the infrastructure facilities of the faculty and to create a learner friendly environment.
- To establish smart classrooms to make teaching more effective and standard.

Introduction on Degree Programs of the Faculty

The Faculty of Humanities consists of nine departments which offer Bachelor of Arts (General) Degree courses and Bachelor of Arts (Special) degree courses. The names of the departments and the subjects offered for the Bachelor of Arts Degree by those departments are listed below.

Department of Sinhala		Sinhala, Literary Criticism
Department of English		English Language and Literature
Department of Pali and Buddhist Studies		Pali, Buddhist Culture, Buddhist Philosophy
Department of Sanskrit and Eastern Studies		Sanskrit, VastuVidya
Department of Hindi		Hindi
Department of Modern Languages		French, German, Russian, Japanese, Chinese, Korean
Department of Linguistics		Linguistics, Translation Methods, Tamil, Tamil as a Second language
Department of Western Classical Culture and Christian Culture		Western Classical Culture, Christian Culture
DELT (Department of English Language Teaching)		Teaching English as a Second language
Department of Fine Arts	Drama & Theatre and Image Arts Unit	Drama and Theatre, Image Arts(Photography, Television and Cinema)
	Visual Arts & Design and Performing Arts Unit	Visual Arts(Arts, Computer Design), Performing Arts (Music, Dancing)

Research Highlights and Research Conferences

- The highlight of research activity in 2018 is the organizing of the International Conference on the Humanities themed “(Re)valuing the Humanities: Humanities Values and the Value of Humanities” which will be held on the 14th and 15th of March, 2019.
- The Faculty also held an undergraduate research symposium on the 31st of October, 2018. This was an opportunity to present the original research projects of undergraduates of the Faculty of Humanities.

- Additionally, the Faculty held a series of workshops to improve the research skills and promote research from 3rd to 7th September, 2018.
- As for research publications, the Faculty published its annual research journal 'Dhi', featuring articles from diverse subjects in the field of Humanities.

Special Achievements of the Year

- Won the ELTA-ELSE Faculty grant under AHEAD project.
- Was awarded **“Vice Chancellor’s Award”** for *writing the AHEAD’s project proposal of the Faculty of Humanities.*
- Successfully signed the **Memorandum of Understanding** with Shinshu University, Japan for Academic Cooperation and Student Exchange between the two universities.

Future Prospects

Building a 12 story building in the Faculty with smart classrooms with the aim of increasing the number of intake of foreign students to the Faculty and to develop infrastructure facilities for the students.

Evolution and Milestones

- To strengthen collaborations with foreign universities in order to enable students to study in those universities under student exchange programs.
- To upgrade the Faculty to an International level.

Prof Patrick Ratnayake
Dean
Faculty of Humanities

2.5. Faculty of Medicine

Vision

The Faculty aspires to be an internationally recognized institution of higher education in a culture of excellence and integrity that helps to generate and impart knowledge in the medical sciences

Mission

The Faculty of Medicine

- Educates medical students, postgraduate doctors, allied health care professionals and the public,
- Provides patient oriented medical care to prevent, diagnose and treat human illness, and
- Conducts basic, applied and clinical research

in an environment of high quality education that nurtures a spirit of inquiry, initiative, equality and social responsibility.

Graduates of the Faculty will have the knowledge, the skills and attitudes to be successful in providing services to the community, country and beyond as individuals and opinion leaders in a globalized health care environment.

At the Faculty of Medicine, knowledge is advanced by an academic community with a passion for teaching, student training and scientific enquiry. By providing an excellent environment for learning and research, we will encourage scholarship at the highest level.

Qualifications Offered by the Faculty

The qualifications offered by the Faculty at present are as follows:

Undergraduate degrees:

- Bachelor of Medicine & Bachelor of Surgery
- Bachelor of Science (Speech & Hearing Sciences)

Postgraduate research degrees

- Master of Philosophy (MPhil)
- Master of Public Health (MPH)
- Doctor of Philosophy (PhD)
- Doctor of Medicine (DM)

Faculty of Medicine aims to produce a Medical graduate who is a:

Practitioner with competence in

- Clinical Assessment and management of patients
- Communication
- Populations health and health systems and
- Information management

Scientist with competence in

- Scientific basis of medicine,
- Critical thinking and research.

Professional with competence in

- professional values, attitudes and ethics

The BSc Speech and Hearing Sciences degree programme offered by the Faculty of Medicine is the first University approved professional training programme leading to a BSc Degree in Speech and Hearing Sciences (specializing in speech & Language Therapy or in Audiology) in Sri Lanka.

Successful completion of the programme indicates professional competence to practice as a Speech and Language Therapists or an Audiologist in Sri Lanka.

Overview

The Faculty of Medicine is situated in a spacious, 35-acre campus at Ragama. It commenced activities in September 1991. In 2017, the 23rd batch of medical students (a total of 168) and the 5th batch of BSc (Speech & Hearing Sciences) students (51 Speech & Language Therapists and 13 Audiologists) graduated from the Faculty. The 29th batch of students for the MBBS degree programme, and the 9th batch of students for the BSc (SHS) degree programme were enrolled at the University in November 2017. The Faculty also offers two external degree programmes in conjunction with the Centre for Distance & Continuing Education: a BSc in Occupational Therapy, and a BSc in Physiotherapy. Postgraduate programmes include the Master of Public Health (Epidemiology) programme, and research degrees leading to the award of MPhil and PhD in the medical sciences.

As of December 2018, the Faculty had 1252 undergraduate students: 820 female students and 432 male students. They include 50 students from overseas, mainly from other South Asian countries, who have been admitted for a fee-levying basis. The Faculty has 125 academic staff on the permanent cadre, as well as about 30 on the temporary cadre, and over 60 visiting staff that include consultants who are attached to the affiliated teaching hospitals. The Faculty prides itself on its research activities, and its output is amongst the highest in medical faculties in Sri Lanka. Twenty-three academic staff members received President's Awards for Scientific Publication in 2016, at the ceremony conducted in November 2017.

Prof PS Wijesinghe
Dean
Faculty of Medicine

2.6. Faculty of Science

Mission

The mission of the Faculty of Science of the University of Kelaniya is to produce highly motivated graduates and postgraduates capable of making a significant contribution towards national development and the wellbeing of mankind, to conduct research and provide advice and consultancy services in various scientific disciplines to foster a better understanding of the environment for sustainable use and conservation of natural resources.

Introduction of the Faculty

The Faculty of Science, University of Kelaniya is one of the five Faculties of Vidyalankara University established at its inception in 1959. Now the Faculty of Science of the University of Kelaniya consists of eight academic departments, namely the Departments of Botany, Chemistry, Industrial Management, Mathematics, Microbiology, Physics, Statistics & Computer Science and Zoology & Environmental Management.

Brief Introduction on Degree Programmes of the Faculty

The Faculty of Science now offers 07 Bachelor of Science Degree Programmes via, 03 Bachelor of Science Degree Programmes of 03- year duration and 04 Honours Degree Programmes of 04- year duration. The Bachelor of Science Degree Programmes are Bachelor of Science, Bachelor of Science Environmental Conservation and Management (ENCM) and Bachelor of Science Physics and Electronics (PHEL). The Honours Degree Programmes are Bachelor of Science Honours, Bachelor of Science Honours in Environmental Conservation and Management (ENCM), Bachelor of Science Honours in Management and Information Technology (MIT) and Bachelor of Science Honours in Software Engineering (SENG). The present annual intake of students for 2016/2017 Academic year of the Faculty is 785 and 1962 number of all

undergraduate students, the present academic cadre attached to the Faculty is 120 and non-academic staff is 101. The Biological Science and the Physical Science streams are admitting 185 and 300 respectively, 100 students are admitted for BSc Hons in MIT, 60 students for BSc in ENCM and 50 students are admitted for each of the BSc Hons in SENG, and BSc in PHEL Degree Programmes totally the additional intake of the Faculty of Science is 60 students. Students from Physical Science and Bio Science can also offer a range of Auxiliary from the Faculties of Humanities, Social Sciences and Commerce & Management Studies. At present, the Faculty of Science conducts 4 M.Sc. Degree programmes and 3 Postgraduate Diploma Programmes.

Current Progress

Under the World Bank funded Higher Education for Twenty First Century (HETC) project the Faculty was awarded 3 competitive Quality and Innovation Grants (QIG) for Windows 1 & 2 for BSc in Environmental conservation and Management, BSc in Management and Technology and BSc in Physical Science study programmes. Each study programme was awarded LKR 25,000,000 for quality enhancement. Further, under HETC–QIG for Window 3, Faculty of Science has received a competitive grant of LKR 30, 000,000 to promote postgraduate research programmes in various disciplines in the Faculty. With the support of this grant, a Central Research Laboratory with modern research facilities has been established in order to enhance the quality and effectiveness of the research activities in the University. In addition, the Faculty received a competitive grant under QIG for Window 4 (LKR 10,000,000) for research dissemination and commercialization projects. The Research Service Centre established under this project liaise with industry stakeholders to provide services and serves as venture to strengthen the research at the Faculty. Faculty of Science received an award in 2013 for being the recipient of highest number of competitive grants under QIG schemes of the HETC project among all the faculties of national Universities in Sri Lanka.

The Faculty of Science celebrated the 50th anniversary and have organized several activities mainly an exhibition, commemorative publication and research symposium to mark the anniversary. A new six-storied building is nearing completion, which will be used by the

Departments of Physics, Statistics & Computer Science, Mathematics to conduct a Degree Programmes in Electronics and Computer Science. An eight-storied building is under construction to conduct the BSc Hons Degree in Software Engineering. The foundation was laid and the construction is ongoing for the Lecture Theatre Complex of the Faculty of Science; which will facilitate student central lecturing.

In addition, the following centers and units were established under the Faculty of Science.

- Repair and Instrumentation Unit is currently maintained by the Department of Physics. This unit carries out required repair and maintenance works of the electric and electronic items including laboratory equipment, instruments, devices etc.
- Glass Blowing Centre of the Department of Chemistry provides a unique service to government and private sector by undertaking manufacture and repair of a variety of glassware for their needs.
- Research Services Centre (RSC) has been recently set up by the University under the HETC Window 4 project. It is meant for facilitating and promoting commercialization of research and related activities at the Faculty of Science.
- The Regional center for "Ant Research" was established at the Department in 2016 and it conducts international training programmes on sampling methods and identification of Ants since September 2016. It contains information about their habitats, families and unique behaviors.
- Solar Solutions Centre (SSC) was established in February 2016 in order to strengthen the green concept at the University of Kelaniya. The center has designed and manufactured a full featured solar powered wheelchair and a solar power assisted boiler for the main canteen. At present the center is further focused on manufacturing of low cost, small-scale energy solution in order to make solar energy far more affordable for the communities.
- The central Equipment Laboratory provides facilities to conduct research activities in the Faculty. It was established in June 2012 as an activity of the HETC QIG Window 3 Program. At present this Laboratory is equipped with equipment worth around 20 Million LKR.

Special Achievements of the year

The Faculty of Science organized an International research symposium on Pure and Applied science under the theme “Advancements of Multidisciplinary Scientific Research Towards Sustainable Development” which was held on 26th of October 2018.

Future Prospects

- Department of Mathematics has planned to conduct a collaborative workshop with industry to solve industry related problems during the Mathematical Industrial week.
- Further the department has planned a National event with the Collaborative networking of Mathematical Scientists.

Due to the dedication and inspiration of the staff and students, the Faculty of Science of the University of Kelaniya has now become a Centre of Excellence in Tertiary Education. An environment has been created at the Faculty which promotes freedom of thought, innovation and creativity. The Graduates who are endowed to the nation from the Faculty of Science will undoubtedly contribute significantly to the wellbeing of the mankind.

With this capacity and in line with the mission, the Faculty has been rendering its distinctive services to prepare scholars and professionals with capability, skills and attitude, driving the economy, supporting civil society and government and make essential decisions in the interest of whole society.

Prof (Mrs) BM Jayawardena

Dean

Faculty of Science

2.7. Faculty of Social Sciences

Mission

The mission of the Faculty of Social Sciences is to create opportunities to enhance Knowledge and equip the students to aspire for higher professional achievements, through

- developing an outstanding research culture by creating a conducive academic environment for students and staff,
- commitment for the well-being of national and international community by dissemination of knowledge,
- developing human values and attitudes to meet local as well as global challenges and
- developing resources and facilities by integrating technological innovations.

Introduction of the Faculty

Faculty of Social Sciences consists of twelve departments. The Faculty offers 18 subjects for the Bachelor's degree. Students are able to follow Bachelor of Arts (General) and Bachelor of Arts (Honors) degree in these subjects, lectures, seminars and workshops are held with the participation of specialists in various fields for the improvement of knowledge of students, in addition to lectures and other tutorial classes relevant to degree courses by various departments of the faculty.

Brief Introduction on Degree Programmes of the Faculty

Certificates and Diploma courses, Postgraduate Diploma Courses, MA (one year) and MSc (two year) courses from selected subject streams in the Faculty of social Sciences are conducted. Facilities to follow MPhil and PhD degrees based on research are available, including a research laboratory, Palm Leaf Manuscript Library, Information Technology facilities and other resources of the faculty. The Palm Leaf Manuscripts Library contains more than 1000 Palm Leaves and more than six hundred thousand copies of Palm Leaf which is the highest number of palm leaf collection of Sri Lanka in 2018.

Current Progress

The Faculty of Social Sciences has organized several activities mainly an exhibition, Commemorative publication and research symposium.

Conferences/Symposia conducted by Faculty of Social Sciences

- National Symposium for Social Sciences Undergraduates (NSSU)
- Sri Lanka Association for Fisheries and Aquatic Resources (SLAFAR)
- Journal of Social Statistics
- National Research Conference on Applied Social Statics
- Junior Academic Staff Symposium
- International Studies Student' Research Symposium
- National Conference of Undergraduates on Environment and Development (NCUED)
- Journal of Social Sciences
- International Conference on Social Sciences

Special Achievements of the Year

In 2018 several research symposiums were conducted by the faculty and its departments to enhance the research culture of the faculty including the annual National Symposium of Social Science Undergraduates, and the 4th International Conference reflecting the Uva-Wellassa rebellion held in 1818 which will be organized by the department of History.

The most number of research papers presented in research conference/symposia organized by the University - 2018

The Faculty with the most number of research conference organized by the University – 2018

Prof AHMH Abayarathna

FSC	Bachelor	Germany	1	2	3	Exchange partnership with Humboldt University Berlin

A total of 11 students have visited the University for short term training programmes which are not less than one month in duration under two programmes. Most of the students are from Germany and highest number of students have participated in trainings under Bachelor's degree programmes conducted by the Faculty of Humanities.

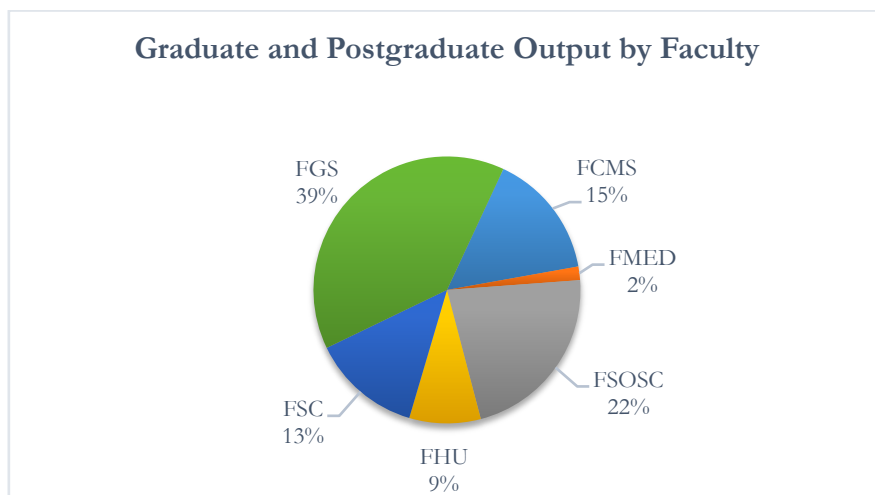

²Not less than one-month duration

4. Examination Data

In 2018, 3,341 students have been passed out from undergraduate and postgraduate degree programmes. With undergraduate degree programmes, a total of 1,589 students out of 2,035, have obtained a class award, which represents 78% of the total undergraduate output. Also, 1,306 graduates have passed out from postgraduate study programmes.

Highest number of students, out of total output of the University, have been passed out from the Faculty of Graduate Studies. When considered only the undergraduate degree programmes offered by each faculty, the highest output is recorded from the Faculty of Social Sciences.

Faculty	Number of Students
Faculty of Commerce & Management Studies	509

6.2. Science and Technology Development Output – 2018

Three processes have been developed in 2018 by the Faculty of Medicine and two prototypes have been developed by the Faculty of Science.

Faculty	Name of the S & T Development Output	Status
1. Development of new product/processes		
FMED	Establishment of Insect rearing laboratory and facilities at the Department of Parasitology, Faculty of Medicine	Developed
	Development of Molecular Parasitology laboratory at the Department of Parasitology, Faculty of Medicine, University of Kelaniya	Developed
	Development of molecular based diagnostic protocol and services for intestinal parasites, tissue and blood parasites at the Department of Parasitology, Faculty of Medicine, University of Kelaniya	Developed
2. Design Prototypes developed		
FSC	1. Respiro (Air Purifying Helmet)	Developed
	2. Tea quality monitoring system	Developed

6.3. Detail of Patents Obtained by the University – 2018

Four patents have been filled and one patent has been received by the Faculty of Science.

Faculty	Name of the Patent	Status	
		Filed	Received
National			
FSC	1. Respiro (Air Purifying Helmet)	✓	
	2. Tea quality monitoring system	✓	
	3. A composition of water hyacinth biomass energy briquettes		✓
	4. Engineering multiple miR-shRNA molecule to knockdown dengue virus replication in transgenic Aedesaegypti	✓	
	5. Remotely controllable regulator connected in series with resistive and inductive loads	✓	

6.4. Details of Knowledge Dissemination Programmes Held by the University – 2018

The University of Kelaniya always focuses on a wide area of academic involvement to enhance the learning and development culture of the country. Thus, every year each department organizes several knowledge dissemination programmes to general public, undergraduate or school level students. In 2018, 253 different knowledge dissemination programmes have been organized by each faculty as shown in below table.

Category of Knowledge Dissemination Programs	FCMS	FCT	FHU	FMED	FSC	FSOSC	OTHER
Conducting Workshops	15	2	4	33	22	24	34

7. Student Welfare Facilities

The University of Kelaniya has provided a lot of facilities for the well- being of the students. Hostel facilities, Mahapola and Bursary grants for students are major welfare activities of the University. Moreover, she has given the students opportunities to shape up their talents each year, introducing the “කලණ - Sprout 2018” for the second time.

7.1. Hostel Facilities – 2018

The University provides hostel facilities to a considerable number of students. In 2018, 45% of students of the University has received hostel facilities.

a. Number of Student Who Satisfied and Received Hostel Facilities - 2018

Faculty	Batch Year	Year of Intake	No. of Students Registered	No. of Students satisfy the selection criteria for hostels	No. of students received Hostel facilities

UNIVERSITY OF KELANIYA -2017

NOTES TO THE FINANCIAL STATEMENTS

1. Corporate Information

1.1 Reporting Entity

University of Kelaniya was incorporated under the Universities Act No. 16 of 1978, and situated at Dalugama, Kelaniya, Sir Lanka. The University is functioned under the Ministry of City Planning, Water Supply and Higher Education.

1.2 Nature of Operations and Principal Activities of the University

This is a national University mainly operates on government's funds.

The University consists of Seven Faculties namely Faculty of Commerce and Management Studies, Faculty of Humanities, Faculty of Social Sciences, Faculty of Science, Faculty of Medicine, Faculty of Computing & Technology and Faculty of Graduate Studies.

The Vision of its is to become a Centre of excellence in creation and dissemination of knowledge for sustainable development. Main activities of the University are teaching, learning and promoting the research.

The Goals of the University are as follows:

- (i) To create a high quality and flexible teaching and learning environment.
- (ii) To develop the highest quality faculty and staff to attain the strategic goals of the University.
- (iii) To create a multi-disciplinary research culture of global standing.
- (iv) To improve the image of the university by widening the range of economic and social engagements.
- (v) To develop an excellent system of governance through efficient and effective administration and financial management.

1.3 Date of authorization of Financial Statements

The Financial Statements were authorized to issue by the Council on 28th February 2019.

1.4 Responsibility for Financial Statements

The Management is responsible for the preparation and fair presentation of the financial statements in accordance with Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Components of Financial Statements are as follows:

- (i) Statement of financial position
- (ii) Statement of financial performance
- (iii) Statement of changes in net assets/equity
- (iv) Cash flow statement
- (v) Statement of comparison of Budget and Actual amount
- (vi) Notes, comprising a summary of significant accounting policies and other explanatory notes

1.5 Financial period

The financial period of the University represents a twelve month period from 1st January 2018 to 31st December 2018.

2. Basis of Preparation

2.1 Statement of Compliance

The Financial Statements comprise the Statement of Financial Position, Statement of Financial Performance, Statements of Changes in Net Assets / Equity, Cash Flow Statement and Notes to the Financial Statements. These statements have been prepared in accordance with the Sri Lanka Public Sector Accounting Standards (SLPSAS) Volume I, II & III issued by the Institute of Chartered Accountants of Sri Lanka and adopted by the University Grants Commission by its Financial Circular Letter No. 2/2018. The accounting policies adopted are consistent with those used in the previous financial year.

2.2 Basis of Measurement

The Financial Statements have been prepared on the historical cost basis and apply consistently. No adjustments have been made for inflationary factors affecting to the Financial Statements except for the property, plant and equipment measured at fair value and retirement benefit obligations measured based on actuarial valuation method. The specific policies are explained in the succeeding notes.

2.3 Going Concern

Financial Statements have been prepared on the assumption that University is a going concern. The Council have made an assessment of the University's ability to continue as a going concern in the foreseeable future. Furthermore, the Council is not aware of any material uncertainties that may cast significant doubt upon the University's ability to continue as a going concern and they do not intend either to liquidate or to cease operations of the University. Therefore, the financial statements continue to be prepared on the going concern basis.

2.4 Accrual basis of Accounting

The Financial Statements, except for information on Statement of Cash Flows have been prepared following the accrual basis of accounting.

2.5 Functional and Presentation currency

The financial statements are presented in Sri Lankan Rupees (Rs.), which is the University's functional and presentation currency.

2.6 Materiality and Aggregation

Each material class of similar items have been presented separately in the financial statements. Items of dissimilar nature or function have presented separately unless they are immaterial.

2.7 Comparative Information

Comparative information including quantitative, narrative and descriptive information as relevant is disclosed in respect of previous Financial Statements. The presentation and classification of the Financial Statements of the previous year are amended, where relevant for better presentation and to be comparable with those of the current year.

2.8 Rounding

All financial information presented in Sri Lankan Rupees has been rounded to the nearest rupee except when otherwise indicated as permitted by the Sri Lanka Public Sector Accounting Standards.

2.9 Offsetting

Assets and Liabilities or income and expenses, are not offset unless required or permitted by Sri Lanka Public Sector Accounting Standards.

2.10 Events after the reporting period

All material events after the reporting date has been considered and where appropriate adjustments or disclosures wherever necessary have been made in the Financial Statements.

2.11 Transaction of foreign currencies and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where item are re measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement.

3. Summary of significant Accounting Policies**3.1 Assets and Basis of their Valuation.****3.1.1 Property, Plant & Equipment**

The University applies the requirement of SLPSAS on "Property, Plant & Equipment in accounting for its owned assets which are held for and use in the provision of the services or for administration purpose and expected to be used for more than one year.

3.1.1.1 Basis of recognition

Property, Plant and Equipment is recognized if it is probable that future economic benefit associated with the assets will flow to the University and cost of the asset can be reliably measured.

3.1.1.2 Initial recognition

Property, Plant & Equipment are initially recognized at cost including the cost of purchase with any incidental expenses incurred in bringing the assets to its working conditions, for its intend use, Subsequent to initial Recognition, and property plan

and equipment are measured at cost less accumulated depreciation and accumulated impairment loss.

3.1.1.3 Subsequent costs

The cost of replacing component of an item of property, plant & equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the University and its cost can be measured reliable. The carrying amount of the replaced part is derecognized in accordance with the derecognition policy given below.

The costs of the repair and maintenance of property, plant & equipment are recognized in the Statement of Financial Performance as incurred.

3.1.1.4 De recognition

The carrying amount of an item of property, plant & equipment is derecognized on disposal, or when no future economic benefits are expected from its use. Any gains and losses on derecognition are recognized (calculated as the difference between the net disposals proceeds and the carrying amount of the assets) in the Statement of Profit or Loss. Gains are not classified as revenue.

3.1.1.5 Depreciation

Depreciation is recognized in the statement of Financial Performance on the straight line basis on each component of an item of property, Plant and Equipment other than freehold land. Depreciation of an asset begins when it is available for use and ceases at the earlier of the date that the asset is classified as held for sale and the date that the asset is de-recognized.

The estimated useful lives for the current and comparative periods are as follows:

Buildings & Improvements	20years
Furniture & Equipment	10 years
Lab & Teaching Equipment	5 years
Motor Vehicles	5 years
Water & Electricity Supply Scheme	10 years

Library Books & Periodicals	5 years
Cloaks	5 years
Machinery	5 years
Others Assets	5 years

The assets residual values and useful live are reviewed, and adjusted if appropriate, at the end of each reporting period, as assets carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and gain/(Loss) is recognized in the statements of comprehensive income.

3.1.1.6 Measurement after recognition

• Cost Model

After recognition all the Property Plant and equipment except the classes of Land are carried at it's cost less accumulated depreciation. Lands are carried at it's costs.

• Revaluation Model

After initial recognition below classes of Property Plant and equipment whose fair value can be measured reliably has been carried at revalued amounts, which is fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Carrying value of property, plant & equipment and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment if any such indications exists, then the assets recoverable amount is estimated. An

impairment loss is recognized if the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in the statement of financial performances.

• Details of Revaluation of assets are as follows:

Assets	Date of revaluation	Revalued by	Net book value of assets	Revalued amount of assets	Revaluation surplus
Lands	31.12.2018	Department of Valuation	1,054,294,812	4,204,580,000	3,150,285,188
Buildings	31.12.2018	-do -	2,888,476,733	5,375,839,000	2,487,362,267
Cloaks	31.12.2018	- do -	884,446	12,020,320	11,135,874
Motor Vehicles	01.01.2018	- do -	27,838,603	114,940,000	87,101,397
Total					5,735,884,726

Revaluation surplus may be transferred to the general reserve proportionately as the assets are used by the university. In such a case, the amount of the surplus transferred would be the difference between depreciation based on the assets' original cost.

3.1.2 Investments

Investments represent investment in fixed deposits and savings accounts. These investments have been accounted in compliance with SLFRS 09. The investment in fixed deposits and savings accounts have been classified at amortized cost as per SLFRS 09. They are initially measured at fair value and subsequently measured at fair value less amortized cost by using effective interest rate as required by SLFRS 09.

3.1.3 Staff Loans

The staff loans includes distress loan, computer loan, publication loan, vehicle loan and other staff loans. The staff loans have been classified as financial assets at amortized cost as per SLFRS 09. Impairment loss in any staff loan have been recognized on expected lost method as stipulated in SLFRS 09.

3.1.4 Capital work-in-progress

Capital expenses incurred on PPE which are not completed as at the reporting date are shown as Capital Work – in – Progress and cost incurred on Capital Work – in – progress is transferred to Property, Plant and Equipment when it is available for use.

3.1.5 Intangible assets

Computer softwares and online journals have been recognized as intangible assets when it is probable that future economic benefits that are attributable to the assets will flow the enterprise and the cost of the asset can be measured reliably. Intangible assets acquired are stated at cost less accumulated amortization and accumulated impairment losses. These cost are amortized over their estimated useful lives.

3.1.6 Current assets

Current Assets classified in Statement of Financial Position are those which are expected to be realized in, or consumption in, in the University's normal operating cycle, expected to be realized within twelve months after the reporting date or cash or a cash equivalent.

3.1.7 Inventories

Inventories are stated at cost and determined on First in First out (FIFO) basis. Inventories mainly comprise of stationaries and spare parts. Inventories are for consumption and not for resale.

3.1.8 Cash & cash equivalents

Cash and cash equivalents are defined as cash in hand, demand deposits and short term highly liquid investments readily convertible to known amounts of cash and subject to insignificant risk of change in value. For the purpose of cash flow statement, cash & cash equivalent includes cash in hand and deposits in banks. Investments with short term maturity of six months or less from the date of acquisition are also treated as cash equivalents. The cash flow statement is prepared based on the indirect method.

3.2 Accounting for government grants for capital expenditure**3.2.1 Recurrent grant**

Recurrent grants are recognized in the Statement of Financial Performance on cash basis. Cost of rehabilitation of PPE and capital grants for construction and new work are recognized either as work in progress or Capital Assets where necessary.

3.2.2 Contribution to capital outlay from outside grants

The value of Property Plant & Equipment purchased out of generated funds & various project funds were shown as "Contribution to Capital Outlay from outside Grants".

3.2.3 Capital grants

Government Grants for the Capital expenditure has presented in the Financial Statements in accordance with the LKAS 20 due to the absence of SLPSAS. According to the LKAS 20 Capital Grants has been recognized as deferred income in the statement of financial position and amortized over the useful life of the asset.

3.2.4 Internally restricted funds

Internally restricted funds include funds committed for specific purpose. Faculty Development funds represent the cumulative position of Faculties/Departments. Funds with net unspent balances at the year end.

3.2.5 Endowment Fund

Endowment funds include restricted donations received by the University and investment returns generated from endowment funds are used in accordance with the various purpose established by the donors.

3.3. Employee benefits

Defined contribution plans

Employees are eligible for University Provident Fund (UPF) Contributions, Employees' Trust Fund (ETF), University pension fund, Contributions is in line with the respective statues and regulations. The University of Kelaniya pays fixed contributions on basic emoluments plus cost of Living allowances, academic allowances and monthly compensation allowances of employees to the University Provident Fund and Employees' Trust Fund, University pension fund and will have no legal or constructive obligation to pay further amounts. This obligation fall within the scope of the defined contribution plan SLPSA 19 on employment benefit. Obligation for contribution to define contribution plan are recognized in profit or loss as the related service is provided.

Defined benefits plans

Defined benefit plans are post-employment plans other than defined contribution plans. The University of Kelaniya is liable to pay gratuity in terms of the Payment of Gratuity Act No. 12 of 1983.

3.4 Liabilities and provisions

Current Liabilities

Current Liabilities are stated at their book value.

Provisions

Provisions are recognized when the University has present obligations (legal and constructive) as a result of a past event, where it is probable that an outflow of

resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

3.4.1 Define benefit obligations

In accordance with the Gratuity Act No. 12 of 1983, a liability arises for a defined benefit obligation to employees. Such defined benefit obligation is a post-employment benefit obligation falling within the scope of Sri Lanka Public Sector Accounting SLPSA 19 Employee Benefit. The liability recognized in the Statement of Financial Position is the present value of the defined benefit obligation at the reporting date. The calculation is performed annually by a qualified actuary using the projected unit method (PUC). Re-measurement of the defined benefit liability, which comprises actuarial gains and losses are recognized immediately in the statement of financial performances. The University recognizes the increase in defined benefit liability attribute to the services provided by employees during the year (current service cost) in profit or loss together with interest expenses. The discount rate has been derived considering the yield of government bonds.

Accounting Estimate

The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increase and mortality rates, due to the long term nature of the obligation, such estimates are subject to significant uncertainty.

3.4.2 Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the programme or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation.

A contingent liability also arises in extremely rare cases where there is a liability that cannot be measured reliably. The uncertainty does not recognize a contingent liability but disclose its existence in the financial statement.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the University. The University does not recognize contingent asset but discloses its existence where inflow of economic benefits are probable but not virtually certain.

3.4.3 Revenue recognition

3.4.3.1 Income from fee levying courses

Income from fee levying courses and other activities are recognized on accrual basis over the period of course and degrees.

3.4.3.2 Finance Income

Interest income is recognized on accruing basis using effective interest rate method according to SLFRS 09 due to the absence of SLPSAS.

3.4.4 Expenditure Recognition

Expenses incurred in carrying out all activities of the University are recognized on an accrual and charged to the statement of Financial Performance.

3.4.5 Statement of cash flows

The cash flow statement has been prepared by using the indirect Method in accordance with the SLPSAS 2 whereby gross cash receipts and gross cash payments of operating activities, finance activities and investing activities have been recognized. Cash and cash equivalents comprise short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

Concluded legal cases**1. Supreme Court Case No. 191/2015**

Filed by the University to appeal against an order made by the Court of Appeal where a former member of staff was reinstated with back-wages and awarded compensation in a sum of Rs. 500,000/-. This case was settled between the parties, University agreeing to reinstate the said member of staff agreeing to waive the compensation and to resign from the post in the University of Kelaniya. A sum of Rs. 7,649,419/16 (Salary & Allowances – Rs. 5,502,936.97, Gratuity – Rs. 961,287.50, Interest for UPF-1, 185,194.69) has been paid accordingly.

2. District Court Colombo Case No. 3056/2015/DMR

Filed by the University to recover the value of a performance bond furnished by a contractor in connection with a contract to tar the internal roads in the Faculty of Medicine, Ragama. This case was settled between the parties and a sum of Rs. 67,232.78 which was the total value of the bond, was paid to the University.

37. Accelerating Higher Education Expansion and Development (AHEAD), a World Bank funded Project

Accelerating Higher Education Expansion and Development (AHEAD) Operation is another World Bank funded project aimed at supporting higher education sector in the entire country from 2018 to 2023. The scope of this operation will be the higher education activities under the Ministry of Higher Education, the UGC, and the 15 universities, SLIATE, ATIs and non-state HEIs approved by the Ministry of Higher Education and the University Grants Commission. The AHEAD will support three strategic result areas; (1) Increasing students' enrolment in Higher Education in priority disciplines for economic development, (2) Improving the quality of Higher Education and (3) Promoting Research, Development and Innovation. The project's support to expand students' enrollment in state universities, is focused on Science, Technology, Engineering, Mathematics, (STEM) Humanities, Education, Management and Social Science (HEMS) programs through a combination of demand and supply initiatives. The project further assists Enriching Learning, Teaching and Assessment (ELTA), English Language Skills Enhancement (ELSE), Professional Development and Quality assurance activities while promoting a culture of research, development, innovation and commercialization (RDIC) in Universities. The project also extend supports for University business linkage aimed at increasing collaboration with professional expertise in technology transfer, business model development, establishing business incubators, and enabling academics and students to obtain professional business advice and training.

Operations Technical Secretariat (OTS) has exclusively been established in the University headed by a Director and other staff to handle Finance, Procurement and other administrative work of the project. It is the responsibility of the project staff at OTS, to coordinate, monitor and facilitate the work of project activities at various faculties, and departments throughout the life of project operation. The Operations and Monitoring Support Team (OMST) at national level integrated with UGC, is also coordinating and monitoring the project implementation while extending technical, and operational expertise.

In University of Kelaniya, the AHEAD has approved many grants totaling to LKR 430 million so far and some of the activities have already been commenced and the details are as follows:

1. Faculty of Medicine – Department of Medical Education

AHEAD has granted Rs. 30,000,000/- for the Department of Medical Education, Faculty of Medicine for medical equipment for the Simulation Ward. It shows physical progress 86.66% by spending Rs. 22,958,850/- as at 31.12.2018 for the purchase these items.

2. Departments of Social Statistics, Accountancy, Finance, Industrial Management, Microbiology and Disability Studies

AHEAD has granted Rs. 67,751,935.14/- under HRD Scholarship to undergo the Doctoral studies to the academic staff members of the above Departments. Five staff members have commenced studies and it shows financial progress of Rs. 5,416,847.63 as at 31.12.2018.

38. Science and Technology Human Resources Development Project.

The Science and Technology Human Resource Development Project funded by the Asian Development Bank (ADB) supports the government to develop technology faculties in three universities viz. University of Kelaniya, Rajarata University of Sri Lanka and Sabaragamuwa University of Sri Lanka, and the Faculty of Engineering at the University of Sri Jayewardenepura to nurture a new breed of technology-oriented graduates equipped with market-relevant skills and entrepreneurial spirit. It will address lack of financing for technology degree programs, which are high in demand from students and industry. The project will provide innovative technology and industry-relevant education and research facilities, help quality curriculum design and academic staffing aligned with industry demand and international standards, and provide competitive industry and foreign university grant scheme and capacity development opportunities.

The project has five key outputs planned: (1). Innovative technology learning and research environment established, (2). Quality and industry-relevant higher technology education programs implemented, (3). Industry linkages and international collaborations strengthened, (4). Faculty management capacity strengthened, and (5). New higher education project preparation supported.

The total contribution for the project from the Asian Development Bank is USD 145 Million while the government contribution is USD 20 Million. The ADB funding is composed of two loan categories: Ordinary capital resources (USD 83.02 Million) and Concessional ordinary capital resources lending (USD 61.98 Million).

The Faculty of Computing and Technology of the University of Kelaniya has been allocated a total sum of USD 29.2 Million under this project and a further sum of USD 10 Million is available for the four universities to be utilised under competitive proposal basis.

The Faculty of Computing and Technology will utilise the above funding to construct a building complex at the proposed Mudun Ela premises, procure books, software & equipment, train the staff, establish partnership programmes with reputed international universities and develop collaborative programmes with the industry.

The overall project will be managed by the Project Management Unit (PMU) established under the Ministry of City Planning, Water Supply and Higher Education while the project coordination at the university level will be handled by the Project Implementation Unit (PIU) headed by a Deputy Project Director. The responsibilities of the PIU includes monitoring and supervising construction of the faculty buildings and designing and implementing project activities, including procurement of goods and services, within the scope of the project to develop the faculty with assistance of the University Council/Senate and university academic staff.

No disbursements related to the activities proposed by the Faculty of Computing and Technology have been made as of 31.12.2018. Details of the project are as follows:

SN	Project Component	Estimated Cost in (Rs)	Date of Commencement	Expected Date of Completion	Remarks
1	Construction of the building complex for the faculty.	3,690,000,000	Sep-19	Sep-22	Bidding document is being prepared.
2	Procurement of Goods	720,000,000	Jan-19	Dec-23	A tendered for LKR 39,900,000 has been awarded for the procurement of laboratory furniture for the Chemistry and Physics laboratories. However, the contract has not been signed by 31.12.2018.
3	Staff Training	72,000,000	Jan-19	Dec-23	
	Total	4,482,000,000

12. REPORT OF THE AUDIT GENERAL

HED/E/UOK/1/2018/18
2019

31 May

Vice Chancellor
University of Kelaniya

Report of the Auditor General on the Financial Statements and Other Legal and Regulatory Requirements of the University of Kelaniya for the year ended 31 December 2018 in terms of Section 12 of the National Audit Act, No. 19 of 2018.

1. Financial Statements

1.1 Qualified Opinion

The audit of the financial statements of the University of Kelaniya for the year ended 31 December 2018 comprising the statement of financial position as at 31 December 2018 and the statement of financial performance, statement of changes in equity and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with provisions of the National Audit Act No. 19 of 2018 and Sub – section 108(1) of the Universities Act, No. 16 of 1978. My report to Parliament in pursuance of provisions in Article 154 (6) of the Constitution will be tabled in due course.

In my opinion, except for the effects of the matters described in the basis for Qualified Opinion section of my report, the accompanying financial statements give a true and fair view of the financial position of the University as at 31 December and of its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

1.2 Basis for Qualified Opinion

- (a) Material donations valued for Rs.2,441,337 received from outside parties had been stated as cash outflow in the cash flow statement under the financial activities. Further, without submitting sufficient evidences and explanations a cash inflow amounted to Rs.58,700 had been included.
- (b) Even though according to the physical verification report the stock balance as at 31 December 2018 was Rs.37,974,423, was stated in financial statements as Rs.30,930,694 and had a difference of Rs.7,043,729. The reasons for the difference had not been identified and action had not been taken to correct the accounts.
- (c) Capital grant amortisation in motor vehicles amounted to Rs.22,988,000 had omitted in the accounts during the year under review.

- (d) Estimated useful life time of intangible assets had not been assessed and disclosed in the financial statements and the value of those assets had been depreciated by 20 per cent annually.
- (e) Disposal fixed assets had not been identified annually and those values had not been removed from the accounts. A sum of Rs.427,879 received from the auction of disposed assets during the year had been adjusted in other income instead of adjusting in the assets disposal account. Further, adjustment in respect of disposal assets had not been made in the accounts since 2007.
- (f) Information such as the relevant deposit certificate, bank balance confirmation and receiving of interest income had not been submitted to the audit to verify the ownership and existence of fixed deposit of Rs.108,347 shown in the financial statements.
- (g) Total value amounted to Rs.70.4 million including annual rental paid for the building of the Faculty of Computer Technology amounted to Rs.24.3 million and the total cost of renovation amounted to Rs.46.1 had obtained from the capital grants and recognized as income and expenditure in the financial performance statement and accounted accordingly.

I conducted my audit in accordance with Sri Lanka Auditing Standards (SLAuSs). My responsibilities, under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

1.3 Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Public Sector Accounting Standards, and for such internal control as management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the University's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the University or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the University's financial reporting process.

As per Section 16(1) of the National Audit Act No. 19 of 2018, the University is required to maintain proper books and records of all its income, expenditure, assets and liabilities, to enable annual and periodic financial statements to be prepared of the University.

1.4 Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Sri Lanka Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the University's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the University to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

2. Report on Other Legal and Regulatory Requirements

National Audit Act, No. 19 of 2018 include specific provisions for following requirements.

- Except for the effect of the matters described in the Basis for Qualified Opinion paragraph, I have obtained all the information and explanation that required for the audit and as far as appears from my examination, proper accounting records have been kept by the University's as per the requirement of section 12 (a) of the National Audit Act, No. 19 of 2018.
- The financial statements presented is consistent with the preceding year as per the requirement of section 6 (1) (d) (iii) of the National Audit Act, No. 19 of 2018.
- The financial statements presented includes all the recommendations made by me in the previous year as per the requirement of section 6 (1) (d) (iv) of the National Audit Act, No. 19 of 2018.

Based on the procedures performed and evidence obtained were limited to matters that are material, nothing has come to my attention;

- 2.1 to state that any member of the governing body of the University has any direct or indirect interest in any contract entered into by the University which are out of the normal cause of business as per the requirement of section 12 (d) of the National Audit Act, No. 19 of 2018;
- 2.2 to state that the University has not complied with any applicable written law, general and special directions issued by the governing body of the University as per the requirement of section 12 (f) of the National Audit Act, No. 19 of 2018;

	Reference to law/ direction	Description
(a)	Financial Regulation of the Democratic Socialist Republic of Sri Lanka.	
(i)	Financial Regulation 102,103 and 104, National Library and Documentation service Board Circular No. 2014/pw/1/2016 (amended) of 22 December 2016.	According to the library books survey report conducted on 31 December 2017 in accordance with the Financial Regulations and Circulars, 24,721 library books had lost and 4,366 books obtained by lecturers and students between 01 January 2013 and 31 December 2018 had not been returned till 7 February 2019.
(ii)	Financial Regulation 371	Even though advances should be settled immediately after the completion of the intended purpose for which it is granted, unsettled advance balance amounted to RS.3,667,108 was remained over more than one year.
(iii)	Financial Regulation 571	Action had not been taken to settle the various deposits amounted to Rs.50,751,301 had been

4

deposited in the University more than two years

- | | | |
|-----|--|--|
| (b) | Section 6.5.1 of the Public Enterprises Circular No. PED/12 of 02 June 2003. | A copy of the draft annual report along with Annual Financial Statements had not been submitted to the Auditor General. |
| (c) | Finance circular No.02/2015 of 10 July 2015 | Action had not been taken to dispose two buses which had been removed from the running condition for nearly two years due to the repair was not economically viable. |

2.3 to state that the University has not performed according to its powers, functions and duties as per the requirement of section 12 (g) of the National Audit Act, No. 19 of 2018 ;

- (a) 17 balances in the University Research Grant Account amounted of Rs.14,639,993 had not been utilized since 01 to 03 years period.
- (b) It was observed in test checks that Sports equipment valued for Rs.1,971,000, Laboratory equipment valued for Rs.1,232,072, Computer and Office Equipment valued for Rs.5,468,400 were underutilized during the year under review.
- (C) Even though balance of 38 Interest Accounts as at 31 December 2018 relating to Scholarship Fund and Rewarding Fund amounting to Rs.3,963,437 and Rs.5,526,486 respectively, a total sum of RS. 206,300 had only been utilized during the year i.e. Rs.187,800 and Rs.18,500 respectively. Therefore, the objective of setting up the accounts was not fruitful.
- (c) A cash grant amounted to Rs.5,423,868 received in 2011 for the construction of a hostel for foreign students in the Pali and Buddhist Educational Division and another grant amounted to Rs.1,026,890 received in 2013 had not been for the intended purpose and remained idly.

2.4 to state that the resources of the University had not been procured and utilized economically, efficiently and effectively within the time frames and in compliance with the applicable laws as per the requirement of section 12 (h) of the National Audit Act, No. 19 of 2018 ;

- (a) Unidentified direct credit in 03 bank accounts amounting to Rs.2,905,653 coming since year 2016 and 2017 had not been identified and adjusted in the accounts.
- (b) A sum of Rs.11,959,101 had been incurred to purchase 110 laptops for the lecturers in the Faculty of Social Science, but 7 laptops had not been distributed even up to end of the year.
- (c) In accordance with the 8.9.1 (b) of the Government Procurement Guidelines Manual an agreement should be signed for all procurements exceeding value Rs, 500,000. But had not been done so for 09 procurements valued for Rs. 19,083,441.

2.5 Other Observations

- (a) In accordance with the code of ethics issued by the University Grant Commission to the academic staff in the University in March 2012, the minimum number of lecture hours which should be conducted by a lecturer had been decided. But in some instances even the minimum number of hours had not been allocated and it was revealed in the test check that, even though 91 lecture hours should have been allocated for 15 permanent academic staff in a certain academic faculty for the year 2016/2017, only 58 hours was allocated but, only 32 lecture hours was conducted by them and therefore, the allocated lecture hours also was not conducted.
- (b) Even though the primary document was the students signature register to prove the conducting lectures by the university lecturers, details such as dates conducted the lectures, subject code, name and signature of the lecturers, time conducted lecturers and academic year had not been mentioned in that documents in several occasions.
- (c) A large number of external lecturers had been employed to cover lectures by the University and a sum of Rs. 47,143,233 had been incurred during the year under review in a test check observed that, 285 external lecturers had been recruited in two faculties and 33 lecturers required to cover 871 lecture hours had not been conducted even a single lecture hour and 53 lecturers had been conducted less than 50 per cent out of the allocated lecturer hours. Attendance register for self supervision had not been maintained to make in and out of the external lecturers and temporary lecturers.
- (d) Even though 500 student can be accommodated in the male hostels of the University, boarding facilities had been given only for 328 students. Though 172 students could have been accommodated in that hostel a sum of Rs. 1,500,000 had been paid as annual rent to supply to boarding facilities to 114 male students.
- (e) Total registered number of students for Centre for Distance and Continuing Education in the university at the end of the year 2018 was 99,174 and the registered number of student in the year 2018 was 7,855 out of registered students between year 2003 to 2018, 4,587 students had been completed the degree during the year under review. A period of 09 months to 02 years had been spent to issue results of 04 degree programme in last 03 academic years.
- (f) Even though a sum of Rs.54,791,505 had been incurred for foreign doctorate for 12 lecturers, they have reported duties without completing qualifications.
- (g) In 2015 the supreme court had given its verdict the university in its judgement in a case filed by a staff member who has dismiss in 2008 and the University had gone to the appeal court against the judgement. The case was withdrawn in 2017 on the decision of the Governing Council that the officer was reinstated in 2018 with a salary arrears of Rs.7,649,419 and Rs.125,000 had been spent on legal fees.
- (h) It was observed that a senior lecturer in the faculty of social science had not been allocated lecture hours in the study schedules from 2012 to 12 February 2018 due to disability. Even though if there was no evidence that she had engaged study works, without receiving any service from January 2014 to February 2018 a sum of Rs.6,186,190 had been paid to her as salaries and allowance.

- (i) Outstanding loan balance of Rs.1,599,159 issued to 19 University employees had remained without recovery and non-recoverable loan balance over 5 years was Rs.526,847 loan balance of 3-5 years was Rs.824,954 loan balance of 1-3 years was Rs.203,358. Adequate action had not been taken to recover those loan balances.
- (j) Three laptop computers valued for Rs.346,500 issued to three lecturers who retired and died after 2016 had not been returned.
- (k) In the checking of University Income the budgeted income for the years 2016, 2017 and 2018 was Rs.655,656,800, Rs.650,554,000, and Rs.597,000,000 respectively, and actual revenue was Rs.1,106,210,227, Rs.1,102,741,737 and 1,497,728,000 respectively and it was observed variances of 68.7 per cent, 69.5 per cent and 150 per cent.
- (l) Every public entity should act in accordance with the Circular No.NP/SP/SDG/17 dated 14 August 2017 , issued by the Secretary to the Ministry of National Policies and Economic Affairs and the 2030 'Agenda' of the United Nations on Sustainable Development. Accordingly, the University had not properly identified the scope of its work.

W.P.C. Wickramaratne
Auditor General

13. AUDIT COMMITTEE REPORT

Composition of the Audit Committee

The Audit Committee of the University established as a sub-committee responsible for the Council consists of three non-executive members. The following officers were engaged in audit committee activities in the year 2018.

Members	Participation in the committee in 2018 (participation/ due to participate)
----------------	---

1. Mr. Preethi Perera (Chairman)	4/4
2. Mr. H.M.N. Warakulla	4/4
3. Donat Nandasinha	4/4

In addition to the above members, the members from the Auditor General's Department were also invited to participate as observers.

Meeting

As per Public Enterprises Circular No. P. E. D./31, committee meetings should be held at least four times a year. The Committee met four times in the year under review and the internal and external audit reports were discussed at these meetings. The Committee reports were submitted to the University Council for information and necessary action.

Main Responsibilities

The main objective of the Auditor Committee is to assist the Council for the efficient functions of the financial matters of the University.

The main responsibilities are;

1. Review and supervision of the financial statements, financial reporting and the continuation of the audit process.
2. Examine any matter related to the finance of the University and other related matters.
3. Approving the annual internal audit plans and programmes.
4. Supervision of the internal audit plan and programme.
5. Investigate the external and internal audit reports and take follow up action on recommendations.
6. Review and supervision of the effective performance of the internal system controls.

Activities within the Year

The Committee was engaged in the following activities within the year under review.

1. Approval and supervision of the annual internal audit plans and programmes.

The Committee approved the internal audit plan and internal audit programme for the year 2018 and supervised it throughout the year. The Committee reviewed and supervised the effectiveness of the internal audits, performance of the queries and the performance of the Internal Audit Division.

2. Compliance with laws and regulations

The compliance with the relevant laws and regulations were reviewed with the reports submitted by the external and internal auditors. The Committee further followed up on the preparation and presentation of the annual accounts reports of the University and the settlement of statutory payments such as gratuity, pensions and the Provident Funds.

3. Continuous review and supervision on the violation of contracts

The Committee continuously reviewed and supervised the recovery process from the staff members who violated bonds. As a result, it was able to recover a complete bond amount from persons and Rs. 7.7million was recovered in the year under review. There were 16 bond violators at the beginning of the year 2018. It was able to recover the whole bond value from one person within the year. Twelve persons are paying the recoverable in installments and legal action has already being taken to recover the relevant amounts from the remaining seven persons.

4. Review and strengthening of the internal control system

Necessary recommendations on the control of fixed assets, regulating the expenditure for contractual activities, lending library books, annual board of survey of stores/ survey of fixed assets, recovering the unsettled advances, settling the unrecognized and unsettled loan balances and strengthening the internal controls. Continuous review was done on the actions taken to correct the weaknesses depicted in the Auditor's Report and Audit Inquiry for the year 2018.

5. Audit Committee Meetings

The Audit Committee meetings were held at four occasions within the year ended as at 31st December 2018. All the Audit Committee members actively participated in all the committees. A representative from the Auditor General's Department participated at every meeting of the Audit Committee as a supervisor. Other staff members from the University were also invited when required. Senior Assistant Internal Auditor acts as the Secretary of the Committee.

Conclusion

The Committee was satisfied with the success of the follow up activities based on the recommendations on the matters considered by the Committee in the year 2018.

14. OBSERVATION OF THE COUNCIL OF THE UNIVERSITY OF KELANIYA ON THE REPORT OF THE AUDITOR GENERAL

My No: UK/IA/FAR/2018

Your No: HED/E/UOK/1/2018/18

11th July 2019

Auditor-General,
National Audit Office,
No. 306/72,
Poldoowa Road,
Battaramulla

Report of the Auditor General on the Financial Statements of the University of Kelaniya for the year ending 31st December 2018 in terms of Section 12 of the National Audit Act No. 19 of 2018.

The clarifications with reference to your equal number above and the report of the Auditor-General as per Section 12 of the Audit Act No. 18 of 2018 on the financial statements for the year ended on 31st December 2018 are presented as follows:

1.2 Basis for the Qualified Opinion

- (a) Steps have been taken to make the corrections with the presentation of accounts for the year 2019.
- (b) A report has been prepared after comparing with the stock board of survey ledger as at 31.12.2018. The reasons for the said difference have been identified and steps have been taken to make the corrections after adjusting with the 2019 ledger.
- (c) Steps have been taken to make the necessary adjustments by the journal entries for the year 2019.
- (d) Steps have been taken to make the necessary adjustments by the journal entries for the year 2019.
- (e) When the assets were disposed the whole amount has been adjusted to the income as adequate data on the assets that were disposed were not received (such as the purchased value and date). Action has been taken to update the fixed assets register in the year 2019 and it has been noted to make the adjustments after the revaluation process on the University assets is completed.
- (f) Letters have been sent to the Peoples' Bank, Bank of Ceylon and the National Savings Bank in order to obtain information on these fixed deposits.

- (g) The relevant expenses have been made in accordance to the fund estimates that have been approved for the work of the Faculty of Computer Technology. The finance for the rental and renovation of the said building has been approved under the grants of the General Treasury and the University Grants Commission. The essential renovations as per the contracts have been made on the relevant approvals and capitals in the nature of recurrent have been accounted as expenditure.

2.2.

<u>Reference to Laws, Regulations</u>	<u>Description</u>
(a) Financial Regulations of the Democratic Socialist Republic of Sri Lanka	
I. FR 102, 103 and 104 and Circular No. 2017/Lib/1/2016 (amended) dated 22 nd December 2016 of the National Library and Information Services Board	A report to remove 24,721 lost books from the library collection as mentioned in the 2017 Library Book Board of Survey, was prepared and submitted to the Vice Chancellor on 29.05.2019 in order to obtain the necessary approval from the Senate. A report on the books that have not been returned by the students and lecturers from 01 st January 2003 to 31 st December 2018 is been prepared and it is due to be submitted to the Library Committee and Internal Audit Division through the Vice Chancellor.
II. FR 371	The payment has been delayed due to the various shortcomings in the Advance Payment vouchers. Action has been taken to prepare a regular programme with more attention to this matter in the year 2019.
III. FR 571	These have been retained under the recommendations of the Section Heads as the

	final bills of the construction projects have not been settled and as the contractors have not made any request. However, the relevant sections have been informed to take necessary steps to release these deposits in the year 2019.
(b) Public Enterprises Circular No. EPD/12 dated 02 nd June 2013 Para. 06.05.1	The draft Annual Report was sent to the Ministry of Town Planning, Water Supply and Higher Education on 17/05/2019 and a copy of the draft Annual Report has been forwarded to the State Audit Division on the same day to be sent to the Audit Department.
(c) Public Finance Circular No. 02/2015 dated 10 th July 2015	As per Public Finance Circular No. 02/2015 necessary action will be taken to appoint a Survey Board and dispose these two vehicles after the recommendations of the said Board.

2.3 (a)

I. The value of the funds received for 08 research grants of the Medical Faculty is Rs. 3,862,363.00 and the current status of the said research is as follows:

	Research	Current Status
1	Child Sex Tourism Research	This research has been paused as the ethical clearance has not been received for its commencement.
2	Coconut Research	The research was not implemented in the year 2018 as the two lecturers in charge of this research have gone abroad.
3	HPV prehevilance Project	
4	ITREOH Workshop	
5	CRI Grant (Pathology)	
6	Fonterra II Research	These projects have been completed.
7	Influenza Research	

8	IAEA Research	Funds for this project have been received only for conducting research on the persons who have been exposed to radiation. The research was not implemented as such persons have not been presented for it in this year.
---	---------------	---

II. The funds of Rs. 1,197,539.00 received for six researches of the Medical Faculty have not been received for the researches and have been received for the laboratory facilities and programmes maintained by the Medical Faculty. The current status of the funds are as follows:

	Research	Current Status
1	Bio Chemistry Lab	These laboratories and the programmes are not in operation at present.
2	Bio Chemistry Lab	
3	Medical Laboratory Science Degree Practical Programme	
4	Sugery Education Fund	
5	Talsimia Project	
6	Lung Function Lab	Though these laboratories are in operation, no transactions has been made.

III. Medical Faculty WHO Research – Rs. 896,310.00

	Research	Current Status
1	TDR Research	This project has been completed.
2	HRP Grant	The relevant lecturer in charge of this research has informed that the funds received for this research have been amalgamated with the Reproductive Research Fund and a new programme is implemented.

IV. ISID Research – Rs. 1,103,552.00 (Medical Faculty)

The funds for this research have been received in the year 2018 and it is in operation at present.

(b) The relevant exercise equipment have been stationed at the Dharmarama hostel in February 2019 and they have been used. The Dean of the Faculty of Social Sciences has approved to obtain the finance for the building facility of the Physical Science Laboratory from the Faculty Development Fund and steps have been taken accordingly. The computers in the Faculty of Computing and Technology are to be used by the networking laboratory and the library. And the renovations in this regard have been initiated in the laboratory and library areas.

(c) Steps have been taken to consider the possibility of transferring these scholarship funds and prize funds to a common fund and take actions under a common policy. The relevant sections have been informed in this regard.

(d) The commencement of the project was delayed as the expected funds for the construction of the hostel for the foreign lecturers were not received. The land required for this purpose has been purchased by now and necessary approvals for starting the construction of the building are being taken.

2.4 (a) An amount of Rs. 95,000/- from the direct deposits that has not been identified and coming from the years 2016 and 2017 has been identified in the year 2019 and accounted by the journal No. E 117.

The remaining direct deposits could not be recognized due to the following reasons:

1. Direct deposits made from the Teller Machines
2. Depositors not mentioning the relevant data correctly in the Bank slips.

The steps to prevent this shortcoming have been discussed with the Bank and at present, accounts are checked every day and relevant adjustments are made after contacting the Bank.

(b) The Faculty of Social Sciences maintains three computer laboratories. Steps have been taken to use these remaining 07 laptops for the lectures conducted at this computer laboratory, for the meetings conducted at the Faculty Meeting Hall, for the international conferences and other seminars, for the activities held at the new auditorium of the Faculty of Social Sciences and for the use of the lectures conducted by the visiting lecturers of the Faculty of Social Sciences.

(c) It has been decided to sign the agreements for the future procurements in accordance with the Procurement Guidelines and the agreements are signed at present as well.

2.5 Other Observations

(a) As discussed at the Departmental meetings of the Departments, at the commencement of the relevant half-year each lecturer will be given his/her personal timetable. They attend for lectures in accordance with this time-table. If a lecture is not conducted the Section Head is informed. And if a lecture is not conducted in the proper manner, undergraduates express their displeasure to the lecturers. Sometimes lectures are not conducted due to the sudden strikes launched by the undergraduates and various events organized by the Departments and students Unions. However, the relevant lecturers conduct additional lectures to minimize any disadvantage to students.

(b) Lecturers should engage in research activities in addition to the lecturing and other academic activities conducted by him. They have to visit other outside institutions for this purpose. Accordingly, University lecturers can not stay within the University premises on full time basis. The functions of lecturers are not limited to the activities he/ she performs within the University premises and it is a full time employment. Considering these matters, an attendance register is not maintained for the University lecturers from the inception. This is used as a custom to this day.

(c) The temporary lecturers maintain their attendance in the sign registers placed at the Faculty office under the supervision of the Deans. However, some lecturers have not obtained the student sign registers to prove their lectures. At the same time, the faculty office is maintaining the attendance registers for the temporary lecturers and information of their attendance can be obtained from the student sign registers.

(d) Before the male students are provided with the hostel facilities, hostel facilities were provided to 738 female students in 123 rooms of the CWW Kannangara hostel, six students in each room. As it was decided to provide hostel facilities to female students at premises that are in close proximity to the University with the aim of enhancing their security, the CWW Kannangara hostel was reserved for the male students and due to the limited request for hostel facilities by them, accommodation is provided on the basis of 4 students in each of the 123 rooms.

At the same time, with the aim of reducing the conflicts between the Science faculty students and the students from other faculties they were accommodated at another hostel. After lengthy discussions of the Hostel Committee on this matter, it has been decided to provide a separate hostel for the Science faculty students.

(e) The paper markings of the examination papers of the Distance and Continuous Learning Centre are done by a small percentage of lecturers and they are engaged in conducting lectures, paper marking of the internal examinations as well as engaging in the national level examinations. At the same time, one examination paper is marked by two lecturers separately. This is also a time consuming matter. Due to these reasons, the delay in marking the papers lead to the delay in issuing the results of the examinations. Assessing a large number of answer papers while maintaining a high standard also demands more time. In order to expedite the issuance of examination results, the conference marking system has been introduced and this method has been implemented by now.

(f)

Name of the lecturer	Current Status
Mrs. K Rajarathnam	The thesis for the Doctoral degree has been submitted to the Faculty of Graduate Studies on 19 th February 2018.
Mrs. Anusha Salwathura	Has informed that the academic period has been extended to October 2019.
Ven. Deniyaye Pangnalo Thero	The research paper titled 'A Critical Study of the Kyushu and Lhasha Manuscripts of the Satasahasrika Prajnaparamita' has been submitted to the Kyushu University. Has

	informed that the Doctoral degree research would be completed in December 2020.
Mrs. Isha Gamlath	Has informed that the Doctoral degree research would be presented in December 2020.
Prof. Uda Hettige	Has informed that her thesis would be presented by the end of July 2020.
Mrs. GK Rathnayaka	Has informed that a presentation on her thesis was made in front of an expert panel of the Faculty of Graduate Studies and it has been approved by the said panel and it is to be produced to the Senate for its approval.
Ven. Galkande Dhammananda Thero	Has informed that the research thesis would be produced before the December month in 2019.
Mrs. DK Manathunga	Has informed that the NCAS has extended the thesis submission period till June 2019 and her thesis would be submitted within the said period.
Mr. MDP Peiris	Has informed through his Dean that he has completed his Doctoral degree within the time period stipulated in the Bond Agreement and he has reported to duty and he has not violated any bond conditions.
Senior Lecturer Mr. NGA Karunathilaka	As the provisions for the completion of the degree were not adequate, he has returned to Sri Lanka and has resumed service at the Mathematics Section of the Kelaniya University.
Dr. MM Gunawardna	As the results of the laboratory research of this lecturer has not been successful as expected, he has been unable to register as a Doctoral degree student and has not

	completed his doctoral degree.
Senior Lecturer Mr. EAAD Edirisinha	Has not completed the Doctoral degree as yet and as per the signed agreement, has reported for duty after studies. The University has awarded a promotion for him as he has completed a Post-Graduate degree acceptable as per the UGC Circular No. 01/ 2013.

(g) Mrs. RAC Nandani who had served in the post of Assistant Statistician II has filed a legal case in the University Services Appeal Board against the termination of her service and after its decision had been in favour of the University, she had appealed to the Court of Appeal challenging the said decision and the University has filed an appeal in the Supreme Court against the decision of the Court of Appeal which was in favour of the said officer. Considering the circumstances of the case, the Council has decided to settle the litigation and accordingly, the matter was settled between the parties in the year 2017. The amount of Rs. 125,000/- was the payment made to the Department of Attorney-General for obtaining the legal representation for the University in the Supreme Court litigation.

(h) Agree on the payment of salaries. Though Mrs. RA Kulasekara was not engaged in the examination hall observation work due to the difficulties resulted in the removal of her foot in the year 1995 due to an unexpected illness, the Department has informed that she had continuously engaged in the examination paper preparing and paper marking activities. The Department of Mass Communication of the Faculty of Social Sciences has informed that Mrs. RA Kulasekara had performed duties such as conducting lectures, examining the thesis and assignments as assigned by the Dean until her retirement and as such she had been continuously paid the salary.

(i) There is an outstanding in the loan balances issued to 19 employees in the academic and non-academic staff of the Kelaniya University and two of the employees have gone abroad on no-pay leave and action has been taken to recover such receivables from them when they are paid the salary once they have returned from abroad and recover the loan balances of 10

employees from their Provident Funds. At the same time, action has been taken to send the documents required to recover the loan balances from the employees who are transferred to the Moratuwa, Colombo and Ruhunu Universities. Though it has been unable to reveal the details of two staff members and such loan balances can be deducted from the Provident Funds of the said officers and action has been taken in this regard.

(j)

Name of the Lecturer	Department	Current Status
Prof. Kulathilaka Kumarasinha	Sinhala	The Department Head has agreed on 21.05. 2019 that the computer would be provided.
Prof. WMAP Abesekara	Sinhala	-
Prof. Gunawardana Nanayakkara	Sinhala	It has been returned to the Sinhala Department

(j) When the budgetary income of the University is calculated, the income has been calculated in the middle of the year on a practical basis. However, the annual income is subject to alter depending on the actual situation by the end of the year. For example, as there is a difference in the number of students generally enrolled to the Distance and Continuous Educational Centre and the actual number of recruits and as there is a discrepancy between the budgetary income and the actual income of the fee levying courses such matters may have contributed to the variants as mentioned in the report.

(k) The University of Kelaniya, operating as the first green University in Sri Lanka , has implemented five projects with the period of 2014 and 2018. The following projects are implemented in order to achieve the ‘No garbage Entity’ target.

- i. Waste management
- ii. Water Management
- iii. Energy Management
- iv. Accomodation Management
- v. Training Programmes

The University has implemented various programmes and procedures in order to achieve the Sustainable Development goals through these five projects.

- Has implemented awareness programmes and workshops to train the University staff.
- Internal Circulars have been issued to prevent the purchasing of the plastic water bottles and the usage of polythene and action has been taken accordingly.
- Action has been taken to prepare compost fertilizer and sell for a concessionary price.
- The Sustainable Development Unit has created a re-usable bag and it is produced by a small scale manufacturer.
- A rain water conservation project with the capacity of 60,000 liters of water has been in operation from the year 2015 and it has been able to save 5000 liters of water consumed by the University.
- Steps have been taken to construct a drainage system built in the year 2015 within the University female student hostel and it has been able to collect 10,000 to 15,000 of capacity water in a week to be used in the garden matters.

03. Secretary – Ministry of Finance and Mass Media.

15. Report on activities Carried out and Future plans based on Sustainable Development Goals at University of Kelaniya

The report produced based on sustainable development, 'to safeguard the environment and mitigate any negative impact on the environment' as per the directives given in No 17 (d), Part III of the National Audit act No 19 of 2018; this report is produced based on the sustainable development goals, specified in the website of Department of Census and Statistics.

Introduction

University of Kelaniya is ranked 1st according to UI Green metric ranking and remained the same for 4 Consecutive years since the time it was first declared the 1st State Green University in Sri Lanka in year 2014. The University of Kelaniya has been able to make this achievement since Sustainable Development Concept has been incorporated in to its vision itself;

"To become a center of excellence in the creation and dissemination of knowledge for sustainable development".

The University has successfully completed a multitude of activities in keeping with the Sustainable Development goals and are constantly working as an institution with clearly defined future plans.

3. GOOD HEALTH

The University has its own established Health Center complex and it was renovated during year 2019 with several extensions to maintain a health service, efficient and friendly the university community.

Further, following actions are proposed in keeping with "Good Health and Well-being "under sustainable development goals. These activities are also incorporated the university Corporate Plan.

- Establish new ETU (Emergency Treatment Unit) and its maintenance
- Renovate and expansion of Day treatment Unit
- Improve Dental Care Facilities and services
- Enhance Pharmacy and Laboratory facilities
- Enhance Aurvedic medical care facilities & Services
- Commencement of Counselling services and Awareness programmes for students and staff.

4. QUALITY EDUCATION

One of the main goals of the University of Kelaniya in Keeping its vision and mission, is

“To create a high quality and flexible teaching and learning environment”

Almost all the academic programmes and academic activities of the university and aligned to meet this goal. Following Strategies are currently being used to actualize these goals and these are incorporated to the 5 years corporate plan ensure their smooth operation.

1. Introduce and conduct innovative, quality and attractive study programs
2. Revise the existing curricula to meet national and international needs
3. Encourage lifelong learning in order to enable students and graduates to realize their full potential
4. Provide more opportunities for the development of students’ soft skills
5. Provide opportunities for students to get practical experience in the industry, where applicable
6. Conduct an annual, comprehensive assessment of the quality of teaching in each faculty and convey results to staff
7. provide students with more opportunities to participate in sports, clubs and societies, together with opportunities for leadership and formal recognition of their extra curricula activities

Further to the directives taken at the overall quality education, following activities are being carried out to develop knowledge and awareness on sustainable development concept among students and other stake holders of the university.

- Environmental Sustainability extension” I go Green 2018”: To give the awareness and hands on experience on solid waste management, hydroponics and use of sunlight in agriculture, (soilless culture of plants), dengue mosquito control and disease prevention to the children of the academic and nonacademic staff, university of Kelaniya.”
- Sustainability Leadership Program for Undergraduates of faculty of science and commerce
- Sustainability Leadership Program for Undergraduates of faculty of social science and humanities.
- Introduction of courses on sustainability to undergraduate programmes
- Trainings on sustainability to students
- Awareness programmes for University staff

5. GENDER EQUALITY

The University of Kelaniya has established Center for Graduate Studies aimed to provide a focus for research, teaching and consciousness raising on gender in the university and within the community.

Following activities are being carried out to ensure 'Gender Equality ' and maintained an ongoing activities incorporated into 5 years Cooperate plan.

- Orientation & Stage play programs for freshman
- Outdoor camping Gender Mainstreaming for student of University of Kelaniya
- A symposium for gender studies collaboration with UGC
- Academic/Non-academic (medical/computing/humanities/Social Sciences) Awareness programs on Gender equity/ equality
- Prevention on cyber violence in girl-child school program
- Curriculum Development in Gender Studies

6. CLEAN WATER AND SANITATION

The center for sustainability solution established in University of Kelaniya collaborated with the landscape division of the university are carrying out a multitude of activities aimed at providing. Clean water and sanitation to the university community as follows.

- Introduced a sprinkler system to irrigate grass mats.
- Treated sewage water recycling program
- The use of water efficient appliances (Water tap, toilet flush etc.)

7. AFFORDABLE AND CLEAN ENERGY

The Center for Sustainability Solution (CSS), established in University of Kelaniya collaborated with the landscape division of the university are carrying out a multitude of activities aimed at providing Affordable and clean energy in the university community as follows.

- Propose energy target for each hostel E.g.- 5% reduction of energy consumption within year 2020
- Use of solar energy for boilers – senior common room and student canteens

12. RESPONSIBLE CONSUMPTION AND PRODUCTION

University has taken several policy decisions and is carrying out a series of activities lead by Center for Sustainability Solution (CSS) in collaboration of landscape division which could be listed as followers.

- Say “No” to Polythene: Banning polythene usage in the university and introducing a reusable bag as an alternative
- Training Session on foreign students on waste segregation, 3-R concept and compost production
- Streamlining paper waste management of University of Kelaniya
- Streamlining solid waste Management Program
- Paper recycling project

13. CLIMATE ACTION

University of Kelaniya is taking several measures Address the 'Climate Action' defined in 'Sustainable Development Goals' and are carrying out several activities are led by CSS could be indicated as follows.

- Increase of total area on campus covered in planted vegetation by 10%, Green walls
- Extension to plant nursery
- Habitat enrichment for wildlife (Dalugama and Ragama premises)

15 LIFE ON LAND

CSS has carried out "Distribution of saplings to the community to commemorate the World Environment Day, 05th June 2018" to improve the "Life on Land" and it is expected that their activities will in the long term have a positive effect on Climate action, goal 13 mentioned above.

17 PARTNERSHIPS FOR THE GOALS

University of Kelaniya is also making 'Partnerships' to achieve sustainable development goals and recently signed a 'MOU between Department Forestry and University of Kelaniya to develop and manage 150 ha of forest residence in an area identified in Karuwalagaswewa in Puttalam district.

This activity was also coordinated by Center for Sustainable Solutions.
