Ven. Vice-Chancellor's Message

Buddhist and Pali University of Sri Lanka which was established on the 22nd of April 1982 in terms of the Buddhist and Pali University's Act No. 74 of 1981, which was amended by Buddhist and Pali University of Sri Lanka Act No. 37 of 1995, is functional with its students study premises being situated at Pitipana North, Gabadawatta, Homagama, the Centre for Post Graduate Degrees and External Examinations Branch at 214, Bauddhaloka Mawatha, Colombo 07.

The academic process which was started on the 9th of June, 1997, with barely the minimum facilities such as hostel facilities adequate enough for about 100 students, small lecture rooms seven in number, a small library, and a small administrative building has been upgraded to a developed level, even with certain shortcomings. A plot of land of five acres in extent was acquired from the Western Provincial Council, and on this land, five two-storied lecture theatres, three, three-storied hostels, and the cafeterias were constructed and they were opened on the 20th of February 2005. In the newly received land, a three – storied library building, an auditorium and a building for common facilities were constructed and utilized.

The main administrative building was constructed on a plot of land near Pitipana junction close to the High level road and with the above building complex, they were ceremoniously declared open on the 12th of August 2010, by his Excellency, the President of the Socialist Democratic Republic of Sri Lanka, his Excellency Mahinda Rajapaksha, with the participation of the Ven. Chancellor, the erudite scholar of Sanskrit, the expert in six – Oriental languages, the most venerable Nayaka Thero of the Amarapura Sangha Sabha, the expert writer, Royal Pandit, most Venerable Davuldena Gnanissara Thero, and also with the participation of the Minister of Higher Education Hon. S.B. Dissanayake, Minister of Education, Hon. Bandula Gunawardhana, and also with the participation of a distinguished gathering consisting of both clergy and laymen.

Thus, the action taken to develop a large number of infrastructure facilities was of immense help in its future development. Therefore, it is with great pleasure that the fact of recruiting 110 students both lay and clergy is mentioned here.

In order to inculcate mental discipline among all the students, a Buddhist counselling Programme has been started for both lay students and ordained; through it a practical meditation programme has been introduced. It has become a popular programme among students. Unanimous decision to make it a compulsory study programme is a laudable measure and also it is highly appreciated. In the same manner, a two – year Diploma programme in Buddhist Counselling has also been introduced from 2011.

In order to improve the knowledge of English in students, a Certificate Course in English, as well as an Advanced Certificate Course in English have been started. A Department of English has been established to provide an opportunity for those students who wish to study English as a subject.

Action has already been taken to train academic and non- academic staff of the university and facilities for welfare activities have been provided to students and employees through the Vice-Chancellor's Fund. In view of the professional development of the academic staff, an opportunity has been provided for them to present one research paper on monthly basis and furthermore, steps have been taken to publish these research papers in the annual educational magazine " Buddhist Pali and studies". It is a great pleasure to mention here of the fact that 71 such staff development sessions have been completed at the end of the year 2012.

A certificate course in Computer Applications has been introduced for the benefit of the internal students since 2005. In addition to that language certificate courses in German, Japanese, Chinese, Hindi, Korean, and Tamil have been introduced as modern languages. All the study Programmes have been made 2 year Programmes from the year 2011, for the optimum and maximum benefit of the students. The Bhikku students those who have come from far remote corners of the island will go back to their "Dayakas" once their studies are over. One aspect of their needs is to take into account an auspicious time. In order to help them and to give them the necessary knowledge a two year Diploma in Astrology and a two year diploma in Architecture have been started. A five year action plan has been designed from 2013 to 2017 and it has been put into practice while it is being updated annually.

On account of the 2550th " Buddajayanthi" a programme on Dhamma communication to train, Buddhist missionary monks has been started with the help of the Ministry of Religious Affairs. Steps have been taken to start new courses of studies with the assistant of the Ministry of Religious Affairs and Moral Development.

It is a pleasure to mention of the fact that this university has become an international university since 131 foreign students have been registered and are studying at present and also there are affiliated institutions in Singapore ,Malaysia , America , United kingdom , Germany , Austria , Scotland and South Korea. (The Academic Staff has presented explorative research papers on dilapidated ancient Buddhist temples by visiting them with the guidance of the senior professor M.W.Wimal Wijerathne, who has joined this university on sabbatical leave. The ancient Pali chronicle " Thelakatahagatha" was edited and printed on account of the 25th Anniversary of this university which was fallen in the year 2011.) Eleven external programs are being conducted by the Centre for Post Graduate Degrees and External Examinations of this university. They are , Diploma in Buddhism , Diploma in Pali , Diploma programme in Buddhist communication , Diploma in English , Post Graduate Diploma in Foreign Buddhist Missionary Service, Post- Graduate Diploma Programme, Bachelor of Arts Degree Programme, Master of Arts Degree Programme and the Master of Philosophy Programme and the Doctor of Philosophy. Locally, 4782 students and through foreign Affiliated Institutions 211 students got registered themselves for the above programmes and studied these programmes in 2012.

In order to expand the internal study activities, arrangements have been made to build a hostel for local students, a hostel for 200 foreign students, Counselling and Mental Skills Development

Centre, Multi Duty Lecturer Theatre, and Quarters for Academic and Non-academic Staff
Furthermore, action will be taken to achieve the aims of this university, through the development of infrastructure facilities by building a five-storied building for the centre for Post Graduate Degrees and External Examinations, on Bauddhaloka Mawatha in Colombo 07,

Thus our university should be developed in physical and human resources, in order to render assistance to the people of the world through Buddhism by producing scholars in Buddhism locally as well as internationally through different strategies. Therefore, we should be duty bound in achieving it.

Ven. Prof. Ittadembaliye Indasara Thero

Ven. Vice - Chancellor.

01. General

(I) Introduction

The Buddhist and Pali University of Sri Lanka which was established in terms of the act of parliament No.74 of 1981 of the Democratic socialist Republic of Sri Lanka was ceremoniously opened on the 22nd of April 1982 at 214 Bauddhaloka Mawatha Colombo 07. The main objectives, to attain which the university was established are the propagation of Buddhism, the promotion of Buddhist and Pali studies in Sri Lanka in foreign countries and the provision of facilities for the conduct of research in the relevant fields.

The above mentioned Act has been amended by the Buddhist and Pali University of Sri Lanka's (amendments) No. 37 of 1995. Concurrent with the implementation of these amendments, the local affiliated institutions which existed so far ceased to exist, and the Buddhist and Pali University of Sri Lanka was organized in conformity with the structure of other universities of Sri Lanka, consequently the university's Centre for Post Graduate Degrees and External Examinations was located at the Colombo Premises, the academic campus with hostels at Pitipana, Homagama, and the Administrative Centre was established No. 37, Moragahahena Road, Pitipana Premises in Homagama. The preliminary arrangements have been made to convert Buddhist and Pali University of Sri Lanka into a fully pledged International university. It holds the membership of the Association of the Universities of the Commonwealth Countries and is an associate member of the committee of Vice-Chancellors and Directors. (C.V.C.D.) of the university system of this country.

(II) Objectives

The objectives of the restructured university according to the provisions of the Buddhist and Pali University of Sri Lanka Act (Amendment) No. 37 of 1995 are indicated below.

- (I). The training of scholars in Buddha Dhamma and Discipline for the purpose of the propagation of Buddhism in Sri Lanka and foreign countries as well as the sustenance of missionary work.
- (II). The promotion of the study of Pali Language, Buddhist Culture and Buddhist Philosophy in Sri Lanka and abroad and the advancement of these studies to suit the modern trends of the world.
- (III).
 - (a). Training of bikkhu students and lay students to teach Buddhism and Pali Language in pirivenas, schools and the institutions of such equal standing.
 - (b). Provision of facilities to maintain and develop ethically religious minded pattern of living and mental discipline between bhikkhu students and all lay students .
 - (c). Any other matter related or supplementary to the above factors.

Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also include evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Sub-sections (3) and (4) of section 13 of the Finance Act No. 38 of 1971 give discretionary powers to the Auditor General to determine the scope and extent of the Audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basic for my qualified audit opinion.

1.4 Basic for Qualified Audit Opinion

My opinion is qualified based on the matters described in paragraph 2.2 of this report.

2. Financial Statements

2.1 Qualified Opinion

In my opinion, except for the effects of the matters described in paragraph 2.2 of this report, the financial statements give a true and fair view of the financial position of the Buddhist and Pali University of Sri Lanka as at 31 December 2012 and its financial performance and cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

2.2 Comments on Financial Statements

2.2.1 Best Accounting Practices

The following observations are made.

- (a). without identifying the income of the external courses project conducted by the University in accordance with the period, a similar value of the expenditure for the year amounting to Rs.7,530,559 had been accounted as revenue of the year. The external course income for the year under review amounted to Rs. 14,886,741 and the accumulated balance of the income of the external courses project account had become Rs.19,405,271 as a result of applying this policy continuously by the University.
- (b). Even though expenditure incurred on learning and other educational activities should be amortized, the skill development expenditure amounting to Rs. 1,900,263 brought to accounts under non-current assets, had not been amortized.

2.2.2 Accounting policies

Three items of assets valued at Rs.3,967,951 which were depreciated and shown in the financial statement and being used further had not been revalued and brought to accounts.

2.2.3 Accounting Deficiencies

Accounting Deficiencies revealed at the test checks carried out on financial statements aggregating Rs.173,002,826 had been referred to the Rev. Mahopadhyaya of the Buddhist and Pali University of Sri Lanka by my detailed report No. 13(7)(a) dated 19 April 2013. Out of those deficiencies, Rs.14,639,113 had been rectified and the revised financial statements had been presented to audit on 17 July 2013.

2.2.4 Accounts Receivable and Payable

The retention balance on contracts as at 31 December 2012 accounting to Rs.12,252,176 had included a balance of Rs.11,172,763 which remained for more than 2 years. This amount had included a sum of Rs.10,880,640 retained from 2 contracts carried out during the period 2005 to 2007. Those contracts had not been completed within the specific periods.

2.2.5 Lack of Evidence for Audit

The following observations are made.

- (a). Confirmation of balances or receipts in support of cash payments in respect of service deposits of Rs.483,450 and security deposits of Rs.257,040 which had been included in the sundry creditors were not made available.
- (b). Due to non – rendition of ledger accounts relating to the recurrent expenditure (including external project expenditure) amounting to Rs.142,270,681 in financial statements for audit, there was no evidence to establish the expenditure classification and the accuracy of expenditure in audit.

2.2.6 Non - compliance with Laws, Rules, Regulations., and Management Decisions

The following non – compliances were observed.

Reference to Laws, Rules, regulations and Management Decisions

Non - compliance

- | | | |
|--|------|--|
| (a) Universities Establishment
Paragraph 2.1 of Chapter xxvi | Code | Even though the annual boards of survey should be conducted by a boards of survey in respect of all goods and fixed assets belonging to the Higher Educational Institutes, the library books valued at Rs.13,434,024 had been verified in the year under review and the relevant reports had not been presented. |
| (b) Circular No. 95 dated 14 June 1994 of the Department of Public Enterprises | | In paying contributions to the Employees Provident Fund and Employees Trust Fund, the academic allowance had been considered and as |

such a sum of Rs.4,155,912 had been overpaid during the period from 1997 to August 2011.

- (c) Treasury Circular No. IAI/2002/02 dated 28 November 2002. A register of fixed assets had not been maintained in respect of computers and computer accessories of the University.
- (d) Decision No. 325 dated 29 May 2012 of the Board of Control The Board of Control had approved only students who attended lectures for more than 80 percent to sit for the examinations. Even though, the (Appeal Academic Committee) had given approval to reduce the attendance up to a limit of 40 percent contrary to the above limit as this is a residential University, the approval had been granted to 7 students who had attended even less than 40 percent to sit for the examinations.

3. Financial Review

3.1 Final Results

According to the Financial Statements presented, the operation of the University for the year ended 31 December 2012 had resulted in a deficit of Rs.129,532,400 as compared with the deficit of Rs.154,471,836 for the preceding year before taking into the Government Grant received for recurrent expenditure, thus decreasing the deficit by Rs.24,939,436. After taking into accounts the government grant for recurrent expenditure amounting to Rs.119,347,880, the deficit for the year under review had become Rs.10,184,520 as compared with the deficit of Rs.62,152,897 for the preceding year resulting the improvement of financial results, amounting to Rs.51,968,377. Receipt of more Government Grants of Rs.27,028,941 for the expenditure of the year under review and the amortization of government grants by Rs.47,534,691 had been the main reasons.

4. Operating Review

4.1 Performance

The following observations are made.

- (a) The primary objective of the University is to train scholars on Buddhist Doctrine and discipline for the dissemination and sustenance of missionary activities in Sri Lanka and overseas. A summary of local and foreign students applied and enrolled as international students for general degree courses during the past 4 years is given below.

Year	No of Students Applied		No of Students Enrolled	
	Local	Foreign	Local	Foreign
2008	293	61	109	61
2009	196	74	109	74
2010	353	45	109	45
2011	305	48	110	48
2012	379	46	107	36

Enrolment of students for the academic year 2012/2013 had been carried out on 08 November 2012 and as such the first year courses in the year had been commenced in the year 2013.

- (b) A practical and effective training program in order to achieve the objectives of the University had not been planned and included in the curriculums of the degree courses of the University. Even though 6283 scholars who had obtained PHD, MA, BA, and Diplomas had been created from 1984 to 2012, the University had not taken follow up action to reach the above objectives.

4.2 Students Cost

The total recurrent expenditure incurred during the year under review for academic activities of 359 students amounted to Rs.189,805,371 and the cost per student amounted to Rs.528,706. The total recurrent expenditure for 519 students incurred in the preceding year amounted to Rs.167,851,717 and the cost per student was Rs. 323,414. The cost per student of the year under review had increased by Rs.205,292 or 63.48 percent in the year under review as compared with that of the previous year.

4.3 Management Inefficiencies

The following observations are made.

- (a) According to the provisions of Inland Revenue Act No.10 of 2006 and the amendments made there to by the Budget for the year 2011, the permanent employees in the public sector who draw monthly remuneration for more than Rs.50,000 or Rs.600,000 per year should be registered under “PAYE” scheme and the tax should be deducted and remitted to the Department of Inland Revenue. However, PAYE tax in respect of 2011 and 2012 had not been deducted and sent to the Department of Inland Revenue.
- (b) In terms of Management Circular No.45 of 7 April 2011, research allowances of Rs.2,986,800 had been paid to 24 officers for the year 2011 by the University. Five research reports had been submitted to the relevant Board by the end of the year 2012 in terms of paragraph 4(a) of the above circular. Research allowance of Rs.3,371,085 had been paid to 24 officers in respect the year 2012 without any evidence to ensure that the requirements stated in that paragraph had been fulfilled.

4.4 Operating Inefficiencies

The “Jiun” Buddhist Research and publication Fund established for providing assistance to researches limited only to Buddhist Education and Pali Language had not been utilized for the intended purpose after 2006. The balance of the fund as at the end of year under review amounted to Rs.1,824,042.

4.5 Underutilization of Funds

The following observations are made.

- (a) The management should take action to invest the excess money in the scholarships, donations and other funds by the holding sufficient funds in saving accounts to achieve its objectives to create an income. However, the balance of the above bank accounts as at the end of the year under review amounting to Rs.5,655,459 had not been effectively utilized.
- (b) As the results of the examination of the academic years 2011 and 2012 had not been released as planned, awarding prizes and scholarships had been delayed for periods ranging from 6 to 18 months.

4.6 Idle and Underutilized Assets

Even though the infrastructure facilities including modified buildings with all facilities had been improved since 2004 by incurring a sum of Rs.512 million, attention had not been paid to enroll more students. Although 379 students had applied in the year 2012, only 107 students had been enrolled.

5. Accountability and Good Governance

5.1 Corporate Plan

The following deficiencies were observed in the corporate plan.

(a) Construction of Buildings

Even though the Treasury had allocated a sum of Rs.234.5 million from the capital estimates for the proposed building construction project to be achieved in the year 2012 by the Corporate Plan, it had not been completed by the University. Action had not been taken to update the Corporate Plan for the period 2012 to 2016 to achieve that objectives even in the ensuing years.

(b) Library Activities

Publication of an Academic Article, preparation of a policy statement and the expansion of internet services included in the activities expected to be achieved relating to the library in the year 2012 as per Corporate Plan for 2012-2016 had not been carried out.

5.2 Budgetary Control

Even though a sum of Rs.101,920,000 had been allocated from the budget for the acquisition of land and buildings, Rs.50,000,000 of that had been transferred by the Ministry of Higher Education under F.R 66 as such activities had not been expeditiously Weaknesses in systems and control observed in audit had been referred to the Rev. Mahopadhyaya of the University of Buddhist and Pali from time to time. Special attention is needed in respect of the following areas of control.

- (a) Fixed Assets
- (b) Library Management
- (c) Constructions
- (d) Human Resources Management
- (e) Accounting Relating to External Projects
- (f) Vehicles Control

2013.12.30

The Auditor General's Report on the financial documents in accordance with the 14 (2) (c) of the Financial Act. No. 38 of 1971 of Buddhist and Pali University of Sri Lanka for the year ending on the 31st of December 2012.

The above Audit report was duly considered by the 342nd council of this University which was held on the 24.12.2012, and explanations on each observation made on that report are given below.

2 Financial publications.

2.2 Comments on Financial documents

2.2.1 Advanced Accounting practices

- a) Actions will be taken to account the income and the expenditure of the external projects after them being categorized under their relevant time period when final accounts relevant to the year 2013 are prepared. Also, in recognizing accumulated balance of the projects that have already been completed, actions will be taken to take them to the income.
- b) As the expenditure over skills development has been decided to be taken as a capital expenditure, it has been decided to amortize that expense within three years from 2012.

2.2.2. Accounting Policies

Degree cloaks which are included in the assets have already been revaluated and the other furniture and office equipment will be revaluated by the Department of Assessment.

2.2.3. Lapses in Accounting

Since this paragraph includes a collection of lapses in accounting, the explanations given under each paragraphs is relevant to the facts that have been pointed out.

2.2.4. Accounts to be Received and Paid

- a) Actions have already been taken to settle the bills worth 4.5 million rupees from the bills payable to CECB.

2.2.5. Not being evident for the auditing

- a) The relevant documents have been sent to the auditor's branch.
- b) Actions will be taken to present accurate documents in 2013.

2.2.6. Incompatibility of laws, Rules and Regulations and Management Decisions

- a) Establishment Code of the University
I . 2.1. paragraph of the XXVI section

The survey reports have been forwarded after the library surveys carried out in the Colombo and Homagama library premises.

- b) Circular of State Enterprises No. 95 of 14th June, 1994
Actions will be taken to recover this money and the documents are being prepared for that.
- c) The Treasury circular of 28 November, 2002 and bearing no. IAI\$2002\$02

The basic details of the Computers and equipment are being maintained by the relevant units and entered in the Inventories.

- d) The 325 Council decision held at 29 May, 2012
Number of students who sat the examination without having 40% attendance is only 6 and not 07. Four out of them were accused for the anti-disciplinary actions at the university and were on temporary suspension. They were later given the chance to attend the lectures and sit the examinations after the disciplinary investigations. Another student was given the chance to sit the examination on medical reasons. The other student of them was informed that he had not completed the 80% attendance and then on the approval of the Head of the respective Department, he sat that paper. Thus, for 5 out of 6, the attendance calculations couldn't be done, and the other student was given the chance to sit the examination by the head of that Department considering the excuses the student had forwarded.

3. Financial Summary

3.1. Financial Outcomes

4. Operational review

4.1. Task Completion

- a) The Ministry of Higher Education has approved only 110 students per an intake. Such a limitation has been imposed as all the students enrolled to the University under the No. 37 University Act (Amended) of 1995, should be provided with the hostel facilities.
Even if the University was taking due measures for a new intake in 2012, students were enrolled after the Leadership Training which was made compulsory for all the students of the field of Higher education. Thus, the intake was delayed for a short period.

b) The main objective in establishing this University was to disseminate the Dhamma, enrich the Dhamma dissemination service and train scholars in Dhamma and Vinaya. The University has been working for that from the very beginning in a number of sides.

1. In order to disseminate Dhamma abroad, many affiliated institutions have been established to educate the foreigners on Buddhism. 10 affiliated institutions have been established so far for this. Many Diploma, Degree and Postgraduate holders have been gifted through the courses in Buddhism.
2. Many courses have been introduced by amending the courses to create Dhamma preachers as per the objectives of the university.
 - Diploma of Dhamma Communication
 - Post Graduate Degree Courses on Foreign Dhamma Dissemination
 - Medical Council
 - Courses on Astrology
3. On par with the academic work, scholarships are awarded to students yearly to encourage them. Giving the opportunity for the students who obtain the highest marks to preach Dhamma in English are such programs to encourage students.
4. Students also organize some beneficial programs for the people of the surrounding village. The university has provided the student with the chance to organize Students' literary Events, community development projects, Blood donation campaigns, organizing seminars for the Piriven final examinations, etc., in line with the subject streams.
5. The lecturers are facilitated to do research on Buddhism.
6. Actions have been taken to survey on the graduates of the university and get their feedback.
7. Thus, the university can be fairly satisfied about the process of the university in realizing the objectives of the university.

The opportunity has been given for the students to improve their new knowledge and talents through the amendments of the syllabi in accordance with the present world.

Thus, the university can be fairly satisfied about the process of the university in realizing the objectives of the university.

4.2. Cost to the students:-

Due to the cancellation of 2012 intake and the increased expenditure on maintenance expenses in order to develop the infrastructure facilities, the student per cost has increased at recent times.

4.3. Management Inefficiencies

The tax payable to the Inland revenue Department for the year 2012 has already been remitted and the relevant taxes for 2011 are being reduced.

The payment of the research allowance for the academic staff of the Buddhist and Pali University has been done based on the third section of the 01/2011 circular dated 20.04.2011 of the Secretary of the Ministry of Higher Education.

After the research proposals of the academic staff were evaluated by the Research Committee that was appointed by the Senate held on 14.06. 2011, the research allowance was paid to the academic staff with the recommendation of the Research Committee and the approval of the Council.

4.4. Operational Inefficiencies

The academic staff is currently engaged in their researches as the research allowance is paid to them. These research donations remain passive. For the moment, from the Jiun Buddhist Research and Publications Fund, Rs. 1300000 has been transferred to a fixed deposit, and the academic staff has been informed about this fund.

4.5. Underutilization of Funds.

- a) For the moment, from the Jiun Buddhist Research and Publications Fund, Rs. 1300000 has been transferred to a fixed deposit, and 3.5 million from the Vice Chancellor's fund has also been transferred to a fixed deposit.
- b) Even though it has been decided to conduct 2011 year end examinations from 24.10.2011 to 02.12.2011, the university was closed due to a conflict of the students. Thus, with a Council decision, the examinations that could not be held in 2011 were held in 2012.

Even though the Scholarships Ceremony was planned to be held on 05.06.2013 under the recommendations of the Senate held in May, 2013, the University had to be closed again from 04.06.2013. After that, the scholarships were awarded after the examinations started on 25.06.2013.

Please note that these delays were not due to not issuing of results in the 2011 and 2012 academic years as it had been planned.

4.6. Idle & underutilized assets.

Only 50 students were enrolled before 2007. But, 110 local students were enrolled per year after the buildings were erected. Thus, more than 60 students have been enrolled per year. Attention has been paid to amend the sections in the University Act that restrict the number of the intake and to get more students enrolled.

5. Accountability and Good Governance.

5.1. Corporate Plan

a) Erection of Buildings

I. Erection of Buildings

150 million rupees were allocated for the erection of building in accordance with the Corporate Plan of 2012-2013. Six targets have to be completed after obtaining lands. Actions had been taken to obtain a land for the University and 2 acres from the adjoining land belonged to the Department of Agriculture could be obtained to the University. The University could not start the projects as there was a managerial issue over the ownership of the land in between the Department of Agriculture and Land Renovation Commission. This land was taken over by the University on 30.05.2013.

A project planned by the University to discharge polluted water was refused by the CECB. It was identified that 2 activities are not needed. (10 and 11). Even though the 12 Project was planned to be initiated, it was not approved by the Department of National Planning within that year.

These projects that were not completed in 2012 have been included in the 2013-2017 plan.

II. Library

- Academic journal
- It is being prepared.
- Collection Development Policy
- This has already been prepared under 10 topics.
- Network services
- Expansion of network services has already been started

5.2. Controlling of the budget

Refer to 5.1. (a) ☐

6. Systems and Administration

Actions are being taken to correct the prevailing flaws of the administrative areas that have been pointed out. ☐

Rev. Mahopadhyaya,
Buddhist and Pali University of Sri Lanka.

Report of the Auditor General on the Financial Statements of the Employees Provident Fund of the Buddhist and Pali University of Sri Lanka for the year ended 31 December 2012 in terms of Finance Act No.38 of 1971

The audit of financial statements of the Buddhist and Pali University of Sri Lanka for the year ended 31 December 2012, comprising the financial position as at 31 December 2012, the income statement, and a summary of accounting policies and other explanatory information, was carried out and under my direction in pursuance of provisions in Article 154(1) of the constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with section 13(1) of the Finance Act No.38 of 1971 and section 38 of the Buddhist and Pali University of Sri Lanka Act No.74 of 1981. My comments and observations which I consider should be published with the Annual Report of the University in terms of Section 14(2)(c) of the Finance Act appear in this report. A detailed report in terms of section 13(7)(a) of the finance Act was issued to Rev. Mahopadhyaya of the University on 30 August 2013.

1.2 Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

1.3 Auditor's Responsibility

My Responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards. These standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making these risks assessments, the auditor considers internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management,

as well as evaluating the overall presentation of the financial statements. Sub-sections (3) and (4) of section 13 of the Finance Act No. 38 of 1971 give discretionary powers to the Auditor General to determine the scope and extent of the Audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

2. Financial Statements

2.1 Opinion

In my opinion, the financial statements give a true and fair view of the financial position of the Buddhist and Pali University of Sri Lanka as at 31 December 2012 and its financial performance for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

2.2 Comments on Financial Statements

2.2.1 Accounts Receivable

Withholding tax amounting to Rs. 191,095 in excess of the correct amount had been remitted to the Department of Inland Revenue by a finance Company in which funds of the Employees Provident Fund of the Buddhist and Pali University of Sri Lanka had been invested few years ago. Out of the amount remitted in excess, a sum of Rs. 61,789 had not been settled even by the end of the year under review.

3 Financial Review

3.1 Financial Review

According to the financial statements presented, the operation of the University Provident Fund for the year under review had resulted in a pre-tax surplus of Rs. 6,917,457 as compared with the pre-tax surplus of Rs. 5,038,341 for the preceding year thus increasing the financial results by Rs. 1,879,116. The increase in the interest income on Treasury Bills by Rs. 1,818,142 had been the main reason for this increase.

4 Operating Review

4.1 Performance

The Employees Provident Fund of the Buddhist and Pali University of Sri Lanka consists of 10 percent contributions recovered from monthly salaries of permanent employees of the University and 15 percent contribution payable from the earnings of the University. This money is invested in the Treasury Bills and used grant loans to employees. The interest credited to the contributory accounts of fund during the year under review amounted to Rs. 6,142,288 and the previous year interest credited was Rs. 4,526,821. Accordingly, the interest income of the year had increased by 35.6 percent.

4.2 Management Inefficiencies

The following observations are made.

- (a) Due to delay in the reinvestment of investment totalling Rs.72,900,000 which had been matured at the end of the year under review, an interest income of Rs.643,606 had been deprived of.
- (b) Payment of Rs.2,441,346 for 8 beneficiaries had been delayed by the end of the year under review due to various reasons.
- (c) Although the balance of the Provident Fund amounting to Rs.2,186,834 to be paid to a female officer who retired on 05 December 2012 should be paid within 3 months in terms of section 28(3) of the Provident Fund Act, had not been paid even up to April 2013. According to the order No.06 of the Board of control, the account should be closed when the beneficiary is retired but it had not been so done.
- (d) According to the order No.09 of the Board of control, a compound interest every year should be determined with consultation of the Minister in charge of the subject of finance in terms of 28(3) of the Act. Nevertheless the relevant approval had not been obtained for this in the year under review.

5 Systems and Controls

Weakness in systems and controls observed during the course of audit were brought to the attention of Rev. Mahopadhyaya from time to time. Special attention is needed in respect of those areas of control.

H.A.S. Samaraweera
Auditor General

2013.12.30

Mr.H.A.S.Samaraweera,
The Auditor General,
Department of Audit,
Polduwa Road,
Battaramulla.

The Auditor General's Report on the financial documents in accordance with the 14 (2) (c) of the Financial Act. No. 38 of 1971 of the EPF of the Buddhist and Pali University of Sri Lanka for the year ending on the 31st of December 2012.

Explanations for each observations made in the aforesaid Auditor General's report which was discussed in the 342 Council of this University held on 24.12. 2012 are given below.

1.2. The management's responsibility in relation to the financial documents.

1.3 The Auditors responsibility

2. Financial publications

2.1 Opinion.

2.2 Comments on Financial documents

2.2.1 Accounts to be received.

Excess remittance of Rs. 61, 789/- has been received by now.

3. Financial Review

3.1. Financial Results

4. Operational Review

4.1. Task Completion

4.2. Academic Task Completion

- a) The Bursar has already taken measures to invest the current treasury bills on the exact day of their termination. Thereby, dropping/ losing up of interests will not occur in the future.
- b) Rs. 1,374, 152/- has been released to 5 beneficiaries, out of 8 beneficiaries and Mr. R.M. Chandrasiri and U.S. Prabhath have not accepted (Rs.1,018,934/-) money since there are on-going court cases for them. A sum of Rs. 40,554/- is detained as Ms. D.N. Nanayakkara has not submitted the relevant documents in her resignation. This amount of money has not been released as a case is being heard on her behalf.

- c) It is on 26th of February, 2013 that the Financial Branch has received the documents regarding the extrication of Provident Fund and the statement that should be made by the donor/ benefactor to be handed over to the university. The Provident Fund has been released on 09. 05. 2013, within 3 months from the aforesaid date.
- d) The director of the Department of National Budget has given his approval for that on 18.06.2013.
- e) Systems and Administration
Attention has been paid on this.
