## Message of the Hon. Minister of Defence.....

The national security is the most important responsibility and it cannot be second to any. The prior identification of the challenges before us as well as detection of the challenges which are not visible to us, and elimination of those threats before they could have an impact on the sustainability of the country and daily lifestyle of the people is the basis of creating a 'Peaceful nation where everybody is secure'.

I am pleased to note that the Tri-forces and the Police, who have contributed immensely to the successful completion of three decades prolonged war, understood that peace, reconciliation and development could be achieved only through ensuring the national security and law and order. In this context, I am pleased to send this message of greetings on the occasion of releasing the Performance Report 2018 of the Ministry of Defence, which rendered a great service towards national security and law and order as well as development of the country.

During the year 2018, the Ministry of Defence was able to take many important steps regarding national security. The enhancement of defence cooperation, acquiring of defence equipment and launching of new techniques to improve the readiness of the armed forces are among those steps taken by the Ministry. Furthermore, the security forces and the Police have rendered a great service to save the nation from the menace of illegal drugs which had been spreading across the country in a dangerous manner.

I would like to extend my gratitude to the entire security outfit, including the State Minister of Defence, Defence Secretary, Commanders of the Tri-forces and the Inspector General of Police for arresting a large number of drug smugglers, irrespective of their social status and detection of a large haul of drugs, during the second half of this year.

While extending my gratitude to Hon. State Minister and the officials for their great service in ensuring the security of the country and building an environment where all the communities and all the followers of different religious faiths could live in happiness and peace, I would like to state that the Ministry of Defence is fully committed to ensure that the security of Sri Lanka will not be challenged in any way.

**Maithripala Sirisena**  
Minister of Defence

## Message of the Hon. State Minister of Defence.....

At the moment the Country is journeying towards the path of development with determination, augmenting peace and co – existence within our Motherland, under the constant guidance and directions of His Excellency the President, Maithripala Sirisena in his capacity as the Minister of Defence. On such an occasion, the State Ministry of Defence deserves laurels for following the appropriate course of action, with comprehension of its assigned duties and greater focus on the national security.

Looking back, the State Ministry of Defence has initiated a host of creative programs for the encouragement and welfare of the Warheroes during the past four years. Among these , the ‘Virusara Privilege’ program, the ‘Virusumithuru’ housing program, the ‘Junior Cadets’ program and the ‘Agricultural Self – Employment’ program involving retired Warheroes for a blue green economy were launched in the anticipation of true welfare of the Warheroes and these programs will be further enhanced in future.

The advanced progress of the Colombo and Kurunegala Defence Services Colleges as well as the local and international advancement of the Batalanda Command Staff College are to be amplified to greater lengths.

I laud the dedication of Mr.Sunil Samaraweera, Secretary to the State Ministry of Defence, all officers and the staff, directed towards compiling the developmental progress of four years in to a book to communicate to the general public the accomplishments of the entities under the purview of this Ministry over the past few years.

Ruwan Wijewardene  
State Minister of Defence

## Message of the Secretary of Defence .....

It is with immense pleasure that I extend my felicitations to this Performance Report of the Ministry of Defence for the year 2018 of which reviews the progress of the pivotal role performed during the year under review with a view to ensure National Security upholding, the Ministry's Vision "For a Secured and Peaceful Country".

I would like to state here that the main responsibility of the Ministry of Defence is directing the state Ministry of Defence, other institutions affiliated the Ministry inclusive of Tri-Forces, Police and institutions coming under it in order to assure the National Security and safeguard the public security and the peace.

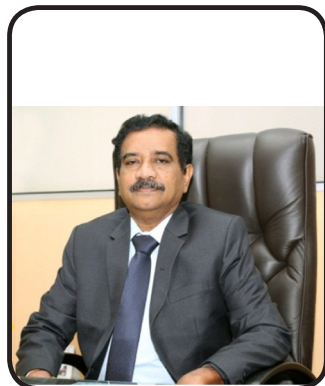

In significance, Tri-Forces, Department of Coast Guard and Civil Security Force are dealing with dedication and commitment in preserving Motherland like a parapet in the territory and surrounding territorial water whilst the Ministry has accomplished its obligations diligently equipped with knowledge through numerous programs and enhancing competencies by developing capabilities and creating sourced structural amenities. The Ministry attended dedicatedly towards ensuring National Security farsightedly and strategically through the smooth management of issues projected domestically and internationally for the National security to preserve public peace for uplifting cordiality among countries in the World strengthening international links.

In the meantime, measures were taken to restore the development in the country by creating the reconciliation and resuscitation of living standards and implementation of various welfare arrangements for valiant Heroes of war who devoted their lives and became disabled in the warfront and members of their families and releasing lands owned by individuals, government and various government institutions of which there were in use of the Security Forces.

Further, I convey my greetings to each & every officers and members of the staff of this Ministry and other institutions coming under it for discharging their duties to act with commitment and courage for the people to live with freedom and dignity on behalf of the present generation and to achieve sustainable peace & harmony for the sake of the future generation.

General S.H.S. Kottegoda (Rtd) WWW RWP RSP VSV USP nds  
Secretary of the Defence

## Message of the State Secretary of Defence .....

The State Ministry of Defence takes great pleasure in offering its felicitations for the book, Performance 2018 , a follow up on the previous year during which, benefits from a host of successful projects were received by the public through the Ministry , adding strength to the Motherland on its’ tremendous journey towards development whilst following sustainable development targets.

The State Ministry of Defence, coordinating perfectly with its four affiliated institutions, carries out its responsibilities diligently by safeguarding the families of Warheroes whose victory secured peace within the country, arming the future generation with education, pioneering the process of moulding future leaders much needed by the country and by elevating local and foreign officers in the Security Forces to post graduateship.

The “Agri Project” which directed retired War heroes towards production of poisonless crops, empowering them economically and creating a novel revolution within the field of agriculture, was a successful program that managed to call the attention of the field of agri culture towards the State Ministry of Defence, thereby becoming a source of pride to us. The number of beneficiaries of this project, implemented islandwide , exceeds 1000 at present. In partnership with the Sanasa Development Bank and the Regional Development Bank, we were able to provide aid in the form of agriculture loans to a large number. We have , during the previous year alone , successfully concluded about 10 pilot agriculture training programs , boosting these Warhero farmers by offering them seedlings and beehives.

The “Virusumithuru” housing project, launched jointly with the National Housing Development Authority under the Ministry of Housing, Construction and Cultural Affairs, managed to provide shelter to numerous Warheroes’ families last year. In 2018, 186 fully – built houses and 52 partially - built houses were completed while 106 fully-built houses and 1154 partially – built houses are under construction.

The “Virusara” Privilege Card which elevated the social status of the Warheroes who shouldered the task of effectuating peace within the Motherland, rendered benefits to 41,697 families of Warheroes by the conclusion of 2018, entitling them to benefits of every kind including economic and social benefits.

I conclude by acknowledging the optimum contribution of the overall staff of the State Ministry of Defence, including the powers behind these achievements the Hon. Minister of Defence, Hon. State Minister of Defence and the Secretary of Defence, as well as the Heads of the four affiliated institutions and their respective staffs.

Sunil Samaraweera  
Secretary  
State Ministry of Defence

## 01. DEFENCE DIVISION

### 1.1 Overview

The Defence Division of the Ministry of Defence is in-charge of all the establishment duties, human resource development, welfare duties, supplies and services of Tri-forces, the Department of Coast Guard and also various services providing such as United Nations Peacekeeping duties and appointing Defence Attaches for foreign embassies by coordinating with Tri-forces.

The duties assigned to the Defence Division is categorized under three (03) sections as follows.

#### ➤ Human Resource Management

Defence Division is responsible for duties of enlisting, promotion, withdrawal from service, retirement, personal and foreign leave and granting car permits on concessionary terms regarding Tri-forces and Coast Guard personnel.

#### ➤ Human Resource Development

Defence branch grants local and foreign training courses for Tri-forces personnel, training courses for foreign armed forces in Sri Lanka and also directing Tri-forces personnel for foreign discussions, conferences and workshops.

Duties relevant to sending war inspectors, armed troops, necessary equipment for the troops and medical facilities to the countries nominated by United Nations Organization are conducted under this subject.

#### ➤ General Services

Duties under general services are awarding medals and clasps for Tri-forces personnel, taking necessary measures regarding requests and Redress of Grievances submitted by Tri-forces members, granting opportunities to enter Universities under special entrance and paying compensations for Tri-forces members.

### 1.2 Achievements in 2018

#### ➤ Human Resource Management

Mainly establishment duties relevant to enlistment, promotion, withdrawal from service of Tri-forces members, establishment duties of the Department of Coast Guard and Institute of National Security Studies Sri Lanka were performed under this section

## 1.3 Future Prospects

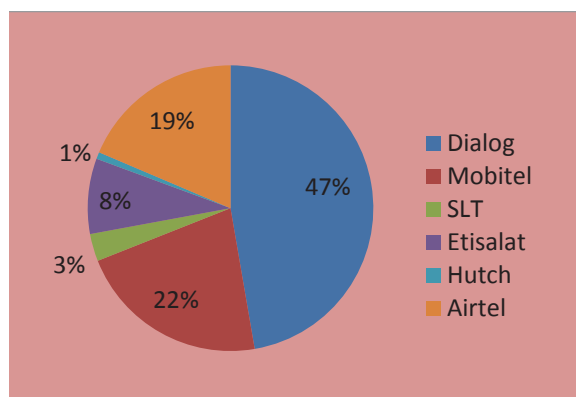

- ★ Obtaining adequate staff members.
- ★ Scanning documents - Through scanning, it is expected to obtain relevant information immediately.
- ★ Management of Postage.

## 02. TECHNICAL DIVISION

### 2.1 Overview

Technical Division of Ministry of Defence is entrusted to deal with Communication and Engineering matters in relation to national security whilst formulating strategies for the utilization and development of its applications to be used to the general public of the Country. Communication Scope covers Radio Communication, Telecommunication Services, Television Broadcasting and Data Communication. Also grants the approval required by the Telecommunication Regulatory Commission of Sri Lanka for importation, Installation and Commissioning of Communication, Navigational and Surveillance equipment which could affect the national Security. Engineering Scope covers all civil and field engineering support required developing infrastructure facilities as instructed by the Government whilst ensuring the National Security.

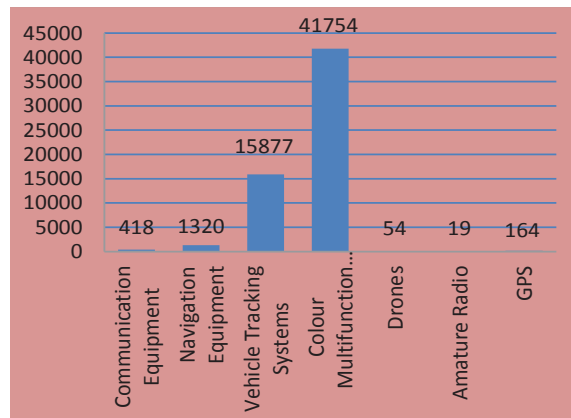

Technical division coordinates and liaises with the Ministries and Institutions on communication and Engineering matters with regard to national security. Defence Head Quarters Complex Project (DHQC) and the Strategic Defence Communication Network (SDCN) project are the ongoing major projects handled by the division, at present. In addition, research projects implemented by Center for Research and Development (CRD) are also supervised by the Technical Division.

2.1 Graph : Security Clearance for Tower Construction - 2018

In 2018, the division granted security clearance for Telecom Operators to construct 129 towers. Further, granted security clearance for 104 vendor licenses of Electronic / Communication related applications.

- Security clearance was given for importation of Communication and Navigational equipment, Vehicle Tracking Systems, Colour Multifunctional Printers, Drones (Quadcopter, Airplane, UAV) and radio equipment for Armature Radio License Holders (Local/Foreign), GPS.
- Security clearance on allocation of Radio Call Signs/Frequencies for 418 fishing trawlers registered in Fisheries and Aquatic Department was granted in liaison with Telecommunication Regulatory Commission of Sri Lanka (TRCSL).

2.2 Graph : Security Clearance for Tower Construction - 2018\

### Physical & Financial Progress of Projects and Research Centers functioning under the Technical Division

#### ➤ Defence Headquarters Relocation Project

Colombo Master Plan of 1979 envisaged shifting of government offices from Colombo to the new administrative capital of Sri Jayewardenepura, Kotte enabling release of large extents of high-commercial-value land for commercial development. The prime objectives of all Services to come under one Defence Headquarters Complex is to utilize resources effectively which presently divided amongst several institutions and to minimize the duplication of infrastructure, to provide defence personnel with a state of the art office complex, to further enhance their Operational/ Administrative/Logistic efficiency and to minimize the disturbances caused to the general public and to economic activities by minimizing the presence of high security zones within the Concentrated Development Zone. The construction started in the year 2011 and has been progressing to date. The construction activities are phased out into two for the convenience of construction management and to maintain financial viability.

#### Physical Progress

Physical progress of construction works as at 01<sup>st</sup> January 2018 was (Phase 1) 47% and overall progress (Phase 1) as at 31<sup>st</sup> December 2018 was 51.3%.

#### Financial Progress

Allocation for Year 2018 (LKR)		4,000,000,000.00
Net Provision for the year		3,920,243,250.00
<b>Expenditure (LKR)</b>		
Actual Expenditure	2,958,941,181.91	
Outstanding Bill as at 31.12.2018	617,847,625.58	
Total Expenditure with Outstanding bills		3,576,788,807.49
Balance as at 31 <sup>st</sup> December 2018		343,454,442.51

2.1 Table : Financial Progress

- **DHQC Project – Phase I**

Phase I consists of construction of the Main Buildings Complex (Nine blocks), Communication Building, Security Building, Sewerage Treatment Plant, Water Sump & Pump House, Permanent Accommodation for 250 officers & Temporary Accommodation for other ranks.

Phase I is further divided in to following stages due to financial restrictions enforced during the constructions and due to exigency of Army Headquarters occupying the building.

**Stage 01** To complete Blocks 6, 7, Communication Building, Security Building, Sewerage Treatment Plant, Water Sump and Pump House end of April 2019.

**Stage 02** Construction of balance work under phase I.

- **DHQC Project – Phase II**

Phase II consists of permanent accommodation and associated facilities for 500 officers and 6100 living-in staff (OR) of Tri Forces including cook houses/messes and related external works.

- **Project Management & Construction**

To facilitate construction, project specific structures were established as follows;

- Project Management Unit (PMU) - Project Management and Procurement
- Construction Management Unit (CMU) - Construction work of project

Project consultant is Central Engineering Consultancy Bureau for Architectural and Structural design, Mechanical Engineering, Plumbing, Information Technology and Quantity Surveying.

Block No 1 proposed for Ministry of Defence

Block No. 06 proposed for Army Headquarter

Block No. 07 proposed for Army Headquarter

Block No. 08 proposed for Office of Chief Defence Staff

Block 03 proposed for Sri Lanka Navy Headquarter

Block 04 proposed for Sri Lanka Air Force Headquarter

Communication Building and Signal Tower

Security Building

Water Sump and Pump House

Sewerage treatment plant

#### ➤ Strategic Defence Communication Network Project

Strategic Defence Communication Network (SDCN) Project will provide a secure common communication backbone which consists of 37 microwave links and Network Management

System (NMS) connecting pre-selected terminal points of the Tri Forces, Police and STF in Island wide.

In 2016, installation of 10 electrical generators out of 22 has been fully completed and rest of the generators has been delivered to respective functions. Construction of eleven self-supported

communication towers are in progress and the construction are to be completed by mid of this year and the tender for thirty seven microwave radio links has been floated.

During the period (January to December 2018), physical progress is 2.7% and financial progress is low (17.2%) compared to annual allocation (658.74Mn).

#### ➤ Center for Research and Development

CRD is located at its own complex at Moragahahena Road, Pitipana from 2015. Another two storied building has been completed to provide accommodation for Research Officers attached to CRD and declared opening by the Secretary of Defence in January 2017.

##### Vision

To design, develop and lead to production of indigenous solution for defence applications by establishing a world class science and technology base and equip for the defence forces as well as other government institutions with internationally competitive system and solutions.

##### Objectives

- Acquire and design the best systems, based on the best practices and available resources in the defence sector.
- Design the necessary interfaces to integrate IT and Non-IT based systems operationally in the defence sector.
- Developing a fully-fledged R & D organization to emulate and evaluate its effectiveness and suitability.
- Implementing a fully-fledged R & D organization for the defence sector in Sri Lanka.

➤ Success of the Projects as at 2018.12.31

S/N	Activity/Project	Introduction	Current Status
1	Smart Target System of Jungle Lane Firing	This project is designed to enhance the training of Army personnel on Jungle Lane Firing	At present, nearly 98% of the project has been completed and handed over to the Special Forces Regiment to test the system. It is expected to utilize the funds that will be allocated in 2019
2	Development of Low Cost Secure Voice Encryption	This project is designed to enable secure communication among communications devices used in three services.	At present, nearly 55% of the project has been completed. Further research is in progress.
3	Integration effect on intelligence preparation of the battlefield (IPB) and development of training simulator	This project is designed to develop a Simulator system for student officers of DSCSC.	About 90% of the entire project has been completed and handed over to DSCSC for testing. Entire project is expected to handover to DSCSC in Oct 2018.
4	Election Complaints Management System	This is a system for managing election related complaints during an election	Currently, this project has been completed and handover to DSCSC.
5	Reference system mapping & tracking of endangered Asian elephant species in Sri Lanka	This project is designed to develop a solution to track wild elephants using mobile and web technologies.	About 75% of the entire project has been completed and further research is in progress.
6	Electronics alarm systems for border villages to prevent wild elephant intrusions attacks	This project is designed to develop an Electronics alarm systems for border villages to prevent wild elephant intrusions attacks	The project testing has been carried out and further testing is progressing at the Maduruoya Army SF camp and 60 % has completed at present.
7	HI-TECH SOLDIER –III	The Aim is to use the modern technology in the battlefield to enhance the power of troops by eliminating the conventional methodologies.	This software system is utilized in the Diyakawa exercise and currently steps taken into handover it to SL Army and 80% development has done.
8	Mail Management System-MOD	This computer system is designed to increase the efficiency of the letter distribution process (Branches and Units) of the Ministry of Defence.	Currently, this research project has been completed by 100% and handover to the MOD.
9	Land Acquisition Management System	The project is designed to develop computer system for acquire tri forces lands to Parliament affairs, Policy planning division of Ministry of Defence	Currently, this project has handover to additional secretary of parliament affairs and planning office by entering the project data for further study.
10	Process Management System for Dte of Welfare-SL Army	This software system is developed to fulfill the request of the Army Welfare Director	Currently, this project has been completed by 20% and collecting data is on progress
11	Drone Mapping Survey for AERO City Development Project Ministry of Megapolis & Western Development.	This project is designed to survey to collect geographical information and mapping geographical areas using drones. The project will be used for AERO City Project of Ministry of Megapolis & Western Development.	Project has been completed and has been handed over to Ministry of Mega Police and Western Development.
12	Development Smart Jacket with Tracking System (GPS/GPRS)	This project is designed to develop a Smart Jacket powered by solar power to track soldiers on the battle field.	About 30% of the entire project has been completed and further research is in progress. Planned to handover in year 2019.
13	Small Arms Firing Simulator(SAFS)	A simulated system that will enhance and maintainance of the the firing skills of the soldiers.	The project is 100% complete and production process is being carried out. Six SAFS systems for Sri Lanka Army and 1 for Sri Lanka Navy have been provided up to date.
14	Simulation Platform with 3DOF (SP3DOF)	Production of movable platform that can simulate the moments of military tanks and vehicles, air crafts and naval vessels.	Project has been completed and integration of the system to vehicle simulators are in progress.
15	Atmospheric Water Generator Project	This project is designed to develop an Atmospheric Water Generator to extract drinking water from atmospheric water vapor.	About 10% of the entire project has been completed and further research is in progress.
16	Smart Target & Evaluation System Shooters and Weapons Systems Project	This project is designed to develop an indoor mobile range with a smart target and evaluation system.	About 60% of the entire project has been completed and further research is in progress.
17	Under Water Robotic Vessel Development Project	Designing of a remote control under water robotic vessel.	As the first stage of the project, we have completed under-water MAGURA II robot and further improvements are now taking place. 90% of the project has been completed successfully and the first production will be delivered to Sri Lanka Navy in September 2018.

2.2 Table : Progress of Projects as at 2018.08.31

➤ **Projects Commenced in 2016 and brought forward to 2018**

S/N	Activity/Project	Introduction	Current Status
1	Development of a Solar Pannel	Aim of this research is to develop solar panels that can be printed on any surface to overcome production and installation costs of traditional solar panels.	This project is completed. It is expected to utilize the funds that will be allocated in 2019 for production of the units for practical usage.
2	Development of Anti - Befouling and Anti corrosive paint using Nano Technology	The aim of this project is to study bio-fouling and their species of Sri Lankan territorial water and to develop an anti-bio-fouling and anti-corrosive paint locally using Nano Technology	Project is completed and the developed paint is on testing now.
3	Total Training Simulator Solutions for Long/Middle Range Weapon & Close Combat Operations	The Research involves the development of a simulator system for long/middle range weapons and close combat.	About 70% of the entire project has been completed and further researches are on progress.
4	Customizable Fire Control Solution With Stabilize Platform.	Designing of a fire control unit which can be adjusted as per the user requirement	About 85% of the entire project has been completed and further researches are on progress.
5	Guided Rocket and Missile System Development Project	The aim of this project is to acquire and enhance the technology of guided rocket systems development which will be the initial step of the rocket launching, seeking and guiding.	Chemical compounds are involved in the project have been identified at the research stage. These chemical compounds can be combined with a variety of solid propellant missiles that can change the distance. Accordingly, the initial investigations had been conducted and a few small missile units have been successfully tested. Accordingly, a major level missile launch has been planned to be carried out in the near future. 65% of the project has been completed.
6	Development of Hydrogen Fuel Cell for Quad Copters and UAVS	The aim of this project is to develop high efficiency, low weight, high capacity, long lasting Hydrogen fuel cell to be used with quad copter and UAVs to increase their flight time.	About 40% of the entire project has been completed and further research is in progress.
7	Armor Tank Simulator System Development	The aim of the project is to develop a Tank simulator to train tank crews.	Design of an armored vehicle and required software and mechanical elements are designed and completed. Arrangements have been made to supply the first unit to Sri Lanka Armored Corps for testing in end of October 2018. 70% is completed
8	Brain Controlled Interface for Artificial Limbs (BCI)	The research involve designing of an artificial limb which can be controlled by brain.	Entire research and final model has been completed. It is expected to complete the project with funds that will be allocated in 2019.
9	Indoor Positioning System	A home-based identification system	About 45% of the entire project has been completed and further research is in progress. It is expected to complete the project with funds that will be allocated in 2019.

2.3 Table : Projects Commenced in 2016 and brought forward to 2018

➤ **Projects Commenced in 2015 and Brought Forward to 2018**

S/N	Activity/Project	Introduction	Current Status
1	Braille to Sinhala Converter	Aim of this project is to develop a computer-based system for blind persons to easily and efficiently obtain their examination results.	This project has completed.
2	Development of virtual reality parachute jumper and skydiver training Simulator	Virtual reality sky diver and parachute jumper training simulator is designed to give virtual reality environment for parachute jumper trainees of three services before being exposed to real environment. The system allows instructors to monitor activities of trainees.	At present 98% of the project has been completed. Could not receive the required 02 nos of fan on expected time. Expect to hand over complete project within first quarter in 2019.
3	Under Water Acoustic Sensor Array (UASA)	The equipment is used to disclose activities under the sea surface in support of Naval Surveillance Operations.	The first step of the project is to produce sound sensing devices for identifying sound sensing devices. A database will be created to map the sea water properties of Sri Lanka Ports (lewdness, temperature, clarity) throughout the year and year. The sound waves in accordance with the data in the database should be analyzed to determine its location and its location. 60% of the project has been complete
4	Design & Development of HF/VHF & UHF Radio Transceiver	Aim of this research is to locally develop a secure radio set for communication	UHF trans receiver development is completed. About 95% of the VHF trans receiver has been completed. Expect to complete the entire project in second quarter of 2019.
5	Train Tracking System	The objective of this project is to develop a system that enables main control room of the Sri Lanka Railways to track trains using GPS technology and to update commuters on location and possible arrival time of trains. Testing of the system is in progress and implantation of the system will be completed as per availability of funds with Sri Lanka Railways.	The whole project has been completed and agreement has been signed with the Department of Railways and GPS/GSM equipment have installed in 10 trains in their run.
6	Medium Range UAV System development (Phase 1)  The Lihiniya MK I UAV characteristics are as follows; <ul style="list-style-type: none"> <li>● Max. Take-off Weight - 38 kg</li> <li>● Operational ceiling - Up to 3000 feet above mean sea level</li> <li>● Endurance time- 1.5 Hrs</li> <li>● Total fuel capacity- 3.5 liter</li> <li>● Max. payload weight - 1 kg</li> <li>● Max. airspeed- 60 knots</li> <li>● Range - 6 km</li> </ul>	The LIHINIYA MK I UAV system is designed as an experimental analysis UAV for testing the aerodynamic performance and to mature the conceptual design of indigenous UAV developed by Research and Development team at Sri Lanka Air Force Also this UAV intends to use as a stable platform to mature the indigenous auto-pilot and navigation.  The LIHINIYA MK I UAV is a HTOL UAV configured as High Wing, Twin Tail Boom with a single pusher type engine. There are two main modules of the Project. Which are;  1. UAV Aircraft 2. Ground Control Station	1. System with two GCS and mobile Advance Ground Control Station (AGCS) is handover to user formation. 2. Preparation operational and technical manuals including followings <ul style="list-style-type: none"> <li>● Description Manual</li> <li>● System Maintenance Requirements</li> <li>● Flight Manual</li> <li>● GCS Operational Manual</li> <li>● UAV and AGCS Maintenance Manual</li> <li>● UAV and AGCS Operational Maintenance work cards</li> <li>● UAV and AGCS Periodic Maintenance work cards</li> <li>● EP and IP normal and emergency checklists</li> <li>● UAV and AGCS Illustrate Part Catalogues (IPC)</li> </ul>
7	Medium Range UAV System development (Phase 2) The Lihiniya MK I UAV characteristics are as follows; <ul style="list-style-type: none"> <li>● Max. Take-off Weight - 52 kg</li> <li>● Operational ceiling - Up to 10,000 feet above mean sea level</li> <li>● Endurance time - 7Hrs</li> <li>● Total fuel capacity - 19 liter</li> <li>● Max. payload weight - 1.5 kg</li> </ul>	Extensive Research knowledge and data that has been accumulated over period of six years can be utilized to complete Lihiniya Mk-11 project	1. 80% Completed. 2. Following milestones achieved <ul style="list-style-type: none"> <li>● Autopilot development and testing together with Airframe</li> <li>● Interfacing OTUS U-135 Gyro Stabilized camera</li> <li>● Redundant Electrical Power System Design and Testing</li> <li>● Testing and Interfacing Hirth-4103 engine with on board power generation</li> <li>● Need to purchase long range data link and spares for the engine.</li> </ul>

2.4 Table : Projects Commenced in 2015 and brought forward to 2018

## ➤ Issues and Challenges

### Defence Headquarters Relocation Project

- Extention of Time claims (EOT).
- Unexpected additional work and cost implications.
- Warranty for already installed/completed infrastructure.
- Establishment of maintenance unit and cost implication.

### Strategic Defence Communication Network Project

Issues on acquiring adequate land extent caused delay in floating the tender for construction of eleven self-supported communication towers. As most of the bidders have submitted incomplete bids, tenders for towers and Microwave Radio have to be recalled. Balance electrical generators (12 No's) can be installed once the construction of eleven self-supported communication towers is completed.

### Center for Research and Development

The center is currently focusing on 15 research areas, but only a few sections remain active in the limited scope of existing buildings. Further, the research activities are being carried out with greater difficulty due to the non-availability of scientific facilities and other building related requirements.

In the process of purchasing materials for weapon and war related me productions, the Center follow the procedure and purchase them through registered local suppliers with the MOD approval. However most of the time due to the non-availability/unawareness of hi-tech war like equipment, no one bid for those tenders. If such items can be purchased directly from the foreign suppliers, the process will be fast as well as economical.

The confidentiality of some researches for the tri forces are important so the project progress and other vital details of the projects are briefed to the CRD Steering Committee. However, all these projects details and progress are requested by the tender boards. Therefore, the confidentiality of some confidential projects will not be maintained.

The professional officers attached as research officers from tri forcers in the institute are not paid a special encouragement allowance. An encouragement allowance on successful completion of a project can encourage the officers as well as keep them employing in the institute without leaving.

Few important project works are being temporary halted due to non-availability of funding.

## 2.3 Future Prospects

### ★ Defence Headquarters Relocation Project

- Completion of Block No 6, 7 and 8 for Sri Lanka Army Headquarters.
- Completion of Communication Building and Signal Tower (Common facility).
- Completion of Security Building (Common facility).
- Road Network to facilitate functioning of AHQ without restricting balance construction work.
- Complete Water Sump and Pump House (Common facility).
- Temporary Accommodation for 2000 ORs at Kinhadeniya
- Complete Sewerage Treatment Plant (Common facility)

### ★ Strategic Defence Communication Network Project

To complete the construction of eleven towers by end of year 2018 and installation of Microwave Radio Links with the Network Management System within the year 2019 and monitor the system progress to review the future requirements to enhance the Network.

### ★ Center for Research and Development

It has been planned to improve the scientific laboratory facilities and other accommodation facilities in order to fully function all research wings under the CRD with the limited available space. Accordingly, planning has been made to obtain required approval.

- To take necessary actions to obtain the approval for the research allowances for the research officers who successfully complete the projects.
- The main objective of the research and development center is to formulate a national banquet for conducting defence related research and development activities for tri services, thereby formulating effective strategies and policies for National Security. Accordingly, this center played a major role for successful research and development activities during the past 10 years. Activities were further expanded to obtain the services of other Government Institutions, which are relevant to the protection of the State as well as the Research and Development Center on the instructions of this Ministry. Accordingly, various issues have been arisen due to state rules and regulations in relation to other government agencies.
- To obtain procurement guideline and special approval to purchase hi-tech war like equipment directly from the foreign suppliers in order to enhance the efficiency of the entire research process.

## 03. PARLIAMENTARY AFFAIRS DIVISION

### 3.1 Overview

The division handles the duties in respect of reporting to the parliament of the Ministry. Land matters of Tri-Forces and other institutes coming under the purview of the Ministry, handling grievances made by the general public are also handled by the division. In addition, matters related to the purchasing of apparel materials to the Tri-Forces and the Department of Civil Security are coordinated by the division.

### 3.2 Achievements in 2018

#### ➤ Land Matters

One of the main functions carried out by this Division is vesting and acquiring of land for the Forces and the Ministry in co-ordination with Ministry of Lands and Parliamentary Reforms, Department of Land Commissioner General, Department of Forest Conservation, Divisional Secretariats and Local Authorities. Following functions were performed during the year 2018.

- Obtaining land vesting/ acquisition applications through the Tri-Forces.
- Obtaining the recommendations and observations from the Divisional Secretaries and the institution where land ownership is vested.

- Submitting the land acquisition/ vesting requests to the Secretary of Ministry of Lands and Parliamentary Reforms, and Land Commissioner General with all required supporting documents.
- Carrying out field inspections in the case of uncertainty occurred in ownership of the lands.
- Coordinating surveying of lands, co-ordinate obtaining valuation reports of the lands.
- Obtaining the approval of the Treasury to allocate the funds to pay the compensation for lands to be acquired for security forces, through the allocation of Ministry of Lands and Parliamentary Reforms.
- Obtaining the approval of the Cabinet of Ministers for land acquisitions when necessary.

In addition, to support the Government's initiative in supporting the reconciliation and resettlement activities, this division, together with the Tri-Forces co-ordinates matters pertaining to the returning of lands to the original owners, and the necessary assistance is provided to re-establish the required camps. In releasing Lands during the year 2018, a remarkable role was played expeditiously under the Presidential Task Force on Northern and Eastern Provinces Development as afore-stated.

The progress of the land release in Northern and Eastern Provinces from 01.01.2018 up to 31.12.2018 is as follows.

Province	Army		Navy		Air Force		Total		Grand Total
	State	Private	State	Private	State	Private	State	Private	
North	4706.35	910.67	9.76	108.15	0.00	0.00	4716.11	1018.82	5734.93
Eastern	22.00	36.50	0.00	3.67	0.00	0.00	22.00	40.17	62.17
Total	4728.35	947.17	9.76	111.82	0.00	0.00	4738.11	1058.99	5797.10

3.1 Table : The progress of the land release in Northern and Eastern Provinces from 01.01.2018 up to 31.12.2018

#### ➤ Duties in respect of reporting to the Parliament

- **Providing Answers for the Oral Questions raised by the Parliamentarians.**

Having co-ordinated with relevant Institutions / Divisions of the Ministry, answers for 15 questions have been prepared in three languages and submitted to the Parliament in time.

- **Consultative Committee of the Ministry of Defence**

The first meeting of the Consultative Committee of the Ministry of Defence was held at the Parliament on 17.10.2018. Answers/ Sub Answers for all proposals submitted.

- **Committee on Public Petition**

In the event of providing the answers which were forwarded by the General Public to the Committee on Public Petitions regarding the Tri-Forces and the other Institutions coming under this Ministry, necessary actions were taken to forward the answers to the Committee on Public Petitions by preparing the relevant answers through obtaining the necessary facts from the respective Divisions / Institutions.

In the year 2018, answers for four(04) petitions were directly provided to the Committee on Public Petition through this Division, while the other petitions were forwarded to the relevant divisions to provide the answers.

- **Sectoral Oversight Committee Meetings**

In the event of holding the Sectoral Oversight Committee Meetings at the Parliament which relevant for the Ministry of Defence, the respective officers were participated and requested information and reports were forwarded. In addition, to that, the relevant officers have been participated with necessary information for the Sectoral Oversight Committee on other Ministries when called for.

- **Questions forwarded under the Standing Orders at the adjournment of the Parliament and the questions forwarded to the Hon. Prime Minister at the Parliament.**
- During the period of review, answers have been provided to 04 adjournment motions and 02 Standing Orders which are relevant for this Ministry.

● **Preparation of Cabinet Memoranda and Providing Observations for the Cabinet Memoranda.**

Six (06) Cabinet Memoranda relevant to the subject matters of the Division were prepared and forwarded to obtain the approval of the Cabinet of Ministers. The Observations of the Minister of Defence were prepared and forwarded for 35 Cabinet Memoranda which were submitted by other Ministries.

➤ **Provide uniforms and textile materials to the Tri-Forces and the Department of Civil Security-DTAC**

Matters related to the purchasing of apparel materials to the Tri-Forces and the Department of Civil Security were being carried out with the coordination of the Ministry of Industries and Commerce, Resettlement of Protracted Displaced Persons and Co-operative Development. The necessary Cabinet approval has been granted to spend an amount worth of Rs. 1,596,474,650.00 and VAT to purchase the required materials from the respective manufacturing institutions.

➤ **Appeals and Grievances of the General Public**

Necessary actions were taken to provide the reliefs to the appeals and grievances made by the General Public directly to the Ministry and also through the Presidential Secretariat, Office of the Prime Minister and Ministry of National Policies, Economic Affairs, Resettlement & Rehabilitation, Northern Province Development, Vocational Training & Skills Development and Youth Affairs other Government Institutions. 87 appeals and grievances of the General Public have been received by this Division from 1<sup>st</sup> January to 31<sup>st</sup> December 2018.

### 3.3 Future Prospects

It is expected to take necessary actions to retain only the lands essential for the security of the country out of private lands used by Tri - Forces in the North & East and release the other portions and to provide them to legitimate owners. The plan which prepared to release the lands are as follows. This will be amended on the requirements arisen from time to time.

Province	District	Lands proposed to be released (acres)	
		State Lands	Private Lands
North	Jaffna	1.47	262.58
	Kilinochchi	535.49	50.61
	Mullaitivu	273.00	80.92
	Mannar	532.60	6.00
	Vavuniya	52.03	7.64
	Total	1394.59	407.75
Eastern	Ampara	2.00	0.50
	Batticaloa	5.00	13.60
	Trincomalee	33.38	5.00
	Total	40.38	19.10
Grand Total		1434.97	426.85

**3.2 Table:** Lands proposed to be released in 2019

## 4. ADMINISTRATION DIVISION

### 4.1 Overview

The administration division is in-charge of the postal, transportation, Armed forces and Welfare, Api Wenuwen Api and Signal divisions which controls all the internal administration duties of the ministry and also maintains the establishment and admin matters of the following institutions.

#### ➤ Administration Division

##### Personnel Administration and Establishment Matters

- Maintenance of Personal files of all staff officers and non-staff officers in the Ministry and related establishment duties
- Establishment duties related to all staff and non-staff civil officers in Sri Lanka Army, Sri Lanka Navy and Sri Lanka Air Force (except the personal file maintenance)
- Establishment duties including recruitment, promotions, transfers of the departmental civil officers of the State Intelligence Service, Combined Languages Training Center, Research and Development Center and Institute of National Security Studies Sri Lanka

##### Human Resource Management and Development

- Granting opportunities to participate in local and foreign training courses for staff officers and non-staff officer in the Ministry
- Granting six month computer training for the students of Technical and Vocational Training Centers

##### Maintenance and Management Matters

- Cleaning the Ministry of Defence premises and Media center
- Maintenance and repairing the vehicles of Ministry of Defence

##### Contribution to the National Programme

- Implementation and contribution to the National Programmes including service providing, welfare programmes and various celebrations published by Presidential Secretariat, Prime Minister's Office and other Government institutions

##### War Heroes Welfare

- Welfare services for Tri forces and Civil Security members are maintained by Armed forces Welfare division and Api Wenuwen Api division under the administration division. This includes granting houses for war heroes and other relevant welfare activities.

### 4.2 Achievements in 2018

Responsibility	Activities	Performance		
Increase the Productivity	Updating Personal Files	Files with Complete Details - 391		
	Settling the Payments Without Delay- Bills Granting approval	Vouchers Submitted by the Administrative Division – 2840		
	Distribution of Mails Effectively		Received	Sent
		Register post	11,200	12,920
		By hand	35,400	34,960
By post		25,200	27,000	
Composing Information Management for Accurate Decisions	1. Human Resource Management System			
	● Granting New Appointments	97		
	● Retirement	05		
	● Promotions	09		
	● Granting Increments	314		
	● Transfers	41		
	2. Vehicle Management System			
	● Vehicle Repairs	100		
	● Newly Imported Vehicles	10		
	● Vehicles Granted by Other Institutions	02		
Development of Human Resources, Knowledge and Skills. ● Implementation of Training Programme and Providing Facilities ● Granting basic computer training of National Institute of Labour Studies for 114 of ministry officers	Organizing Workshops	04		
	Organizing Welfare Activities	03		
	Granting Six Months Training for Student Trainers	47		
	Participation for Local and Foreign Training Programmes	Local	Foreign	
		20	24	

4.1 Table: Performance of 2018

## ➤ Armed Forces Welfare Division

Welfare activities for Tri-forces and Civil Security Services members contributed their lives to protect Unity and Territorial Integrity of the motherland.

Followings are conducted for the welfare of the Tri-forces and Civil Security Services members.

- Offering plots of land to construct houses for war heroes
- Granting bursaries for grade 5 scholarship examination passed war heroes children
- Granting financials under Meth Sewana Project to complete half-built houses of war heroes
- Granting recommendations to give long term lease license for war heroes residing government and Mahaweli lands
- Facilitating government school admission of the war heroes children
- Facilitating government service transfers for war heroes spouses
- Implementing various welfare programmes for war heroes

District	Divisional Secretariat	Distributed Plots of Land					Total
		Army	Navy	Air Force	Police Service	Civil Security Service	
Kurunegala	Kotawehera	12	06	04	-	-	22

4.2 Table: Government Land Distribution Project for War Heroes to Construct Houses

Number of Children				Total
Army	Navy	Air Force	Police Service	
125	11	05	20	161

4.3 Table: Bursary Granting Project for Grade 5 Scholarship Examination passed War Heroes Children under National Defence Fund

## ➤ Financials granting project to construct houses for war heroes under National Defence Fund (Meth Sewana)

Through the Meth Sewana project Rs.750,000/- was granted to 300 war heroes beneficiaries to construct their half-built houses.

Forces	Army	Navy	Air Force	Total
Number of beneficiaries of part I	91	34	20	145
Number of beneficiaries part II	107	36	12	155
Total number of beneficiaries	198	70	32	300

4.4 Table : Meth Sewana House Beneficiaries

Army	Navy	Air Force	Total
92	16	18	126

4.5 Table : Granting Recommendations to give Long Term Lease License for War Heroes Residing Government and Mahaweli Lands

Year	Armed Force	Grade										Total
		2	3	4	5	7	8	9	10	11		
2018	Army	3	-	1	-	1	2	-	-	1	8	
	Navy	-	3	2	1	2	-	-	1	-	9	
	Air Force	4	2	2	1	1	3	1	-	-	14	
	Police	1	1	-	-	-	-	1	-	-	3	
Total		8	6	5	2	4	5	2	1	1	34	

4.6 Table : Granting Relief Letters for Admission of the War Heroes Children to Government Schools

Armed Force	Transfers of Teaching Service	Transfers of Health Service	Transfer of Other Government Institutions	Total
Army	13	17	3	33
Navy	18	9	9	36
Air Force	10	7	6	23
Total	41	33	18	92

4.7 Table: Granting Relief letters to Facilitate Government Service Transfers for War Heroes Spouses

It is expected to implement "Semata Sewana" Housing project under loan and funds of National Housing Development Authority in the divisions of Dambulla, Kotawehera, Alahera, Gampaha, Colombo and Hambanthota.

Bursary Granting Project for Grade 5 Scholarship Examination passed War Heroes Children under National Defence Fund

- Granting scholarships for around 200 children of war heroes who passed grade 5 scholarship examination in 2018

Financials Granting Project to Construct houses for War Heroes under National Defence Fund

- During 2019, granting per Rs.750,000/ to 200 war heroes and 25 senior officers of Tri-forces to construct their half-built houses.

## ➤ "Api Wenuwen Api" Housing Project

This division is mainly implementing the welfare programmes to fulfill housing requirements for the armed forces members using the provisions of Api Wenuwen Api fund established under Api Wenuwen Api fund Act No.6 of 2008.

Basic two methods of granting housing provisions for War Heroes

- (01) Offering fully built houses
- (02) Providing financials to fully construct the half-built houses

Project	Amount of Money Expected to be Expended for one house	Target Number of Beneficiaries	Cost Expenditure
Completed house Project	Rs. 1,500,000.00	50	75 Million Rupees
Half-built house Project	Rs. 750,000.00	400	300 million Rupees
Total	-	450	375 Million Rupees

4.9 Table : Projects Implemented during 2018

### Constructing Houses for War Heroes through pictures

Project	Number of Offered Completed Houses	For Completing Half-Built Houses	Total
Army	48	240	288
Navy	-	100	100
Air Force	02	60	62
Total	50	400	450

4.10 Table: Project Performance in 2018

### 4.3 Future Prospects

#### ➤ Administration Division

- ★ Organizing training programmes identifying the training requirements for the staff of the Ministry of Defence
- ★ Making the service efficient by granting opportunities for the staff members to participate in training programmes, workshops and seminars conducted by this Ministry and other Ministries

- ★ Maintaining accurate information by updating training information system
- ★ Organizing Welfare activities

#### ➤ Armed Forces Welfare Division

	District	Divisional Secretariat	Plots of Land to be Distributed
01	Anuradhapura	Mahawilachchiya	32 pieces
02	Chillaw	Anamaduwa	10 pieces
03	Chillaw	Mundalama	17 pieces
04	Polonnaruwa	Alahera	207 pieces
05	Rathnapura	Kolonna	21 pieces

4.11 Table : Government Lands granting Project for War Heroes to Construct Houses

## 5. CIVIL SECURITY & DEVELOPMENT DIVISION

### 5.1 Overview

The following main objectives are expected to be fulfilled through the execution of the tasks assigned to this division.

- Building a secure civil society
- Ensure safety in the utilization of explosive in the commercial field.
- Provision of regulated Private security Services and authentication of maritime security service agencies.
- Provision of opportunities for academic and professional development to members of the Armed Forces, Police and Civil Security Force as well as to their children.

### 5.2 Achievements in 2018

Activity		Progress in 2018									Total Completed
		Annual Target	1 <sup>st</sup> Term		2 <sup>nd</sup> Term		3 <sup>rd</sup> Term		4 <sup>th</sup> Term		
			To be Accomplished	Completed	To be Accomplished	Completed	To be Accomplished	Completed as at 8/31	To be Accomplished	Completed	
1	Provide approval for the explosive permits	4090	1011	941	956	767	1114	810	1009	799	3317
2	Provide approval for the explosive licenses	2690	453	248	1107	1012	865	647	265	129	2036
3	Provide the approval for the wholesale merchants to purchase the explosives	645	167	149	155	121	163	120	160	111	501
4	Obtain the explosives for the production of Fireworks and Aliwedi	98	40	14	10	9	18	23	30	15	61

## 09. LAW AND ORDER DIVISION

### 9.1 Overview

The Ministry of Law & Order and Southern Development which was established by the Gazette Extraordinary No. 1942/10 dated 24.11.2015 continued its duty up to 27.03.2018 within the scope of Law & Order and Southern Development until it was established as the Ministry of Law & Order by the Gazette Extraordinary No.2064/26 dated 28.03.2018. Subsequently it was renamed as the Ministry of Law & Order up to 11.05.2018 and the scope was expanded with the Ministry of Public Administration and Management in terms of the Gazette Extraordinary No. 2070/56 dated 12.05.2018. Thereafter it was combined with the Ministry of Defence by the Gazette Extraordinary No. 2096/17 dated 05.11.2018 ensuring its duty as per the policies drawn by the government through the scope assigned with the Law & Order division.

Accordingly, Sri Lanka Police and Special Task Force are ensuring their commitment to establish a law abiding society through maintenance of law & order, curbing crimes, violence, harassment and illegal actions, stifling of crimes and anti social acts as well as establishing social discipline. The National Police Commission also provides enormous corporation for the smooth functioning of these initiatives. Sri Lanka Police, Special Task Force and National Dangerous Drugs Control Board put their shoulder to the wheel to control dangerous drugs which is identified as a menace in the Country.

This Division constantly take actions in line with the policies of the government to create a conducive environment while ensuring the co-existence in order to perform the mammoth task of safeguarding the freedom and peace of all the communities living in the Island.

Law & Order Division has gone on to shoulder enormous onus of carrying out the main tasks of safeguarding the law & order in the country, controlling of vehicular traffic and taking of suitable measures for road safety, formulation and initiation of productive plans for control and prevention of circulation and the use of dangerous drugs. All the corporation required for formulation of policies, guidance, supervision, evaluation of performance and follow up in order to create a developed country are being rendered continuously.

#### Conforming to the Guidance .....

“I will establish Independent Commissions to secure the impartiality of the judicial, police, elections and auditing Institutions and the office of the Attorney-General.”

“I will introduce a political merit system to secure the impartial functioning of the Public Service in accordance with government policies.”

“Maximum action will be taken to prevent the abuse of women and children that has grown to unbelievable proportions in the country due to the wrong actions of people of all walks of life. I will provide facilities to speed up and

end in a short span of time the trials related to these offences. Thereby I will act to completely stop the abuse of women and children.”

#### “Compassionate Government - A Stable Country” Policy Statement - Page No. 16)

“A Special Force will be established, combining the National Intelligence Service, the Special Task Force, Sri Lanka Customs and the Authority for the Control of Dangerous Drugs to suppress drug dealers.”

“Special Rehabilitation Centres will be established to rehabilitate drug addicts.”

#### From the Budget Proposals 2018.....

“The SLTDA will establish 25 life guarding stations on the coast and the Government will collaborate with Sri Lanka Police to strengthen 20 Tourism Police Units in popular tourist spots to ensure the safety of Tourists.”

#### (No. 136)

“Mr Speaker, in ensuring security in the country asymmetric threats including cyber terrorism, financial crimes, drugs and human trafficking are the emerging issues. It is incumbent upon us to ensure that our security forces are properly capacitated with not only hard infrastructure but also with soft infrastructure including the ability to access information not only within the country but also collaborate with our neighbors without infringing on the privacy of our people. Therefore, resources will be allocated as follows.”

“Community policing has been identified to be a key element in the Police reform process especially in positioning Sri Lanka Police as a professional, people friendly law enforcement agency.”

“A Police and Criminal Justice University, a brainchild of the Prime Minister will be established. This will focus on areas of Human Rights, International Law, Security, Criminology, Forensics, Investigational and Intelligence Analytics.”

“The Cyber Crime Investigation Unit of the Sri Lanka Police will be strengthened while upgrading the Police Information and Communication Systems to meet the modern day demands.”

#### Objectives

- To compile policies and to guide for the maintenance of a peaceful ambience which enables each and every citizen to live without fear and apprehension.
- To control vehicular traffic for facilitating transport and formulate rules and regulations on minimizing the traffic congestion.
- To take necessary action in liaison with the National Police Commission with a view to improving the efficiency of the Police Service.
- To formulate policies for the prevention of the use and circulation of dangerous drugs and socially reintegrating the drug addicts after rehabilitation.

## Duties and Functions

- Maintenance of law and order.
- Implementation of strategies inclusive of wider reforms ensuring social discipline.
- Taking necessary measures to improve the efficiency of the Police Service in consultation with the National Police Commission.
- Seeing to the prevention and combatting of various crimes and anti social acts that have turned out to be a social menace.
- Controlling the vehicular traffic.
- Prevention and control of the use of dangerous drugs.

9.1 Table :Staff of the Division as at 31.12.2018

In addition to the approved cadre a Director (Media) (Non SLAS) is also in the service on approval of Cabinet of Ministers.

## Divisional Performance

### ➤ Towards achieving objectives of the Division

#### ● Developing Human Resources

Officers numbering 105 were sent to several training courses during the year 2018 in view of enhancing the performance of the staff. Two officers were given training on Government Procurement Process, four officers on Computerized Payment Method, 40 officers on drafting of Cabinet Memorandum, four officers on English Language and Information Technology, 46 officers from several grades on Second Language Courses while 6 staff officers were given overseas training and conferences within four countries.

#### ● Initiating the Special Tasks in a Formal Manner

Annual Action plan, Annual Performance Report in the year 2017, progress report enabling to use at the Budget Debate 2019 were prepared as per the circulars and forwarded to relevant institutions.

Sixty two Cabinet Memoranda were submitted during the year under review in order to perform the tasks carried out by the division and the institutions under its purview in a formal and transparent manner. As per the approval and recommendations granted to those memoranda actions are underway to take necessary steps in order to perform the tasks of the division and the institutions under its purview in a proper manner.

Twelve development project proposals of Sri Lanka Police and Special Task Force were evaluated and submitted those to the National Planning Department enabling them to forward the recommendations to the National Budget Department.

Action has been taken to obtain the approval for three procurements at a value of Rs.952.04 million under the Cabinet Appointed Standing Procurement Committee, five procurements at a value of Rs. 453.08 million under the Ministerial Procurement Committee and 6 recommendations from Departmental Procurement Committee.

Twenty bid openings were carried out during the year 2018. Among them 14 procurements are in relation to the Ministry while four procurements are for Special Task Force and two for Sri Lanka Police.

Recommendations were issued for 23 Letters of Credit in respect of Sri Lanka Police and Special Task Force.

Conducting of monthly committee meetings in relation to elimination of inhuman harassment under National Human Rights Action Plan 2017-2021 and initiations of short term, medium term and long term activities.

Preparation of nine oral answers for Parliament Questions, Answers for 13 questions under standing orders 23/2 and 53 reports requested by Parliament Sectorial Committee, Parliament Public Petition Committee.

Submission of observations of the Hon Minister prepared for four Cabinet memoranda forwarded by other Ministries.

● **Contributing to the Institutional and Administrative Tasks of the Institutions that are Functioned under the purview of the Ministry**

Approval of the National Police Commission was obtained to amend the recruitment and promotion procedure of support service in Sri Lanka Police.

Action was taken to approve 167 promotions, 15 backdates for promotions, 18 permanent in several posts, 38 retirements and 04 re-employments on contract basis to Government Gazetted Officers of Sri Lanka Police and Special Task Force. Also 75 requests in relation to that were forwarded to the National Police Commission.

Action was taken to forward recommendations of the Secretary of the Ministry to the National Police Commission in respect of promotions to 204 officers, 89 back date promotions, 337 retirements, 1,252 reinstatements, 317 transfers, 1,272 requests in relation to disciplinary actions of Inspector Grades Officers of Sri Lanka Police and Special Task Force and transfers to 78 OICs.

Action was also taken to recruit Doctors qualified at Kotelawala Defence University as well as Nurses on contract basis to Police Medical Division of Sri Lanka Police.

Action is being underway to recruit Police Security Assistants to Police Constables, Police Constable Drivers and posts in the Police Support Services as well as to grant pension entitlements to Police Security Assistants who are not in the active service on several reasons at the granting of appointments with permanent and pension entitlements. Approval was granted for foreign training to 320 officers in Sri Lanka Police and Special Task Force.

Action was taken to create 14 supernumerary posts in Sri Lanka Police in order to promote to the post of Chief Inspector of Police on the basis of supernumerary posts given to 14 Police Inspectors who have recruited to Sri Lanka Police as Sub Police Inspectors in the years 1989/90 and faced injustice, by National Police Commission on approval of Management Services Development. Action was taken to promote them to the post of Chief Inspector of Police.

Officers numbering 379 were called for an interview before Tripartite Committee for consideration of officers faced injustice due to political reasons and 129 officers were named as subjected to injustice due to political reasons. Approval of the Cabinet of Ministers was also obtained in that regard and the process in relation to that is in the final stage.

Approval was granted to set up 17 new Police Stations and Police Posts and a special Police Division during the year under review.

Preliminary actions were taken to acquire land plots of 640 for Police Stations, Police Posts, Holiday homes for Government Gazetted Officers and Special Task Force camps and 271 land plots were cleared.

Co-ordination to table the Performance Report 2017 of Sri Lanka Police and Annual Report 2015 of National Dangerous Drugs Control Board to the Parliament.

Action was taken to confer Poornabhumi Award for 145 Police Officers, DeshaPutra Award to 13 officers, Excellent service medal for 723 officers and Riviresa mission medal and contents for an officer.

Granting approval for 270 film directions, teledramas, advertisements, weddings number of trainings and other activities in relation with security.

Action was taken to attach officers in relation to 80 requests made for VIP security, High Commissions and Prisons.

● **Supervising the Target Progress**

Action was taken to organize nine monthly and quarterly Progress Review Meetings and three quarterly Audit and Management Committee Meetings in order to identify issues of each institution and thereby to find solutions.

● **Implementing the Methods of Managing the Public Grievances**

Emergency call services and public grievance management methods were implemented as follows in view of providing opportunity to obtain relief in relation to the matters that were late or not initiated by the law & order division or institutions under its purview, while providing opportunity to public to make complaints and allegations against public institutions and officers and providing opportunity to forward problems and grievances of officers who are working under the institutions which comes under the purview of the Division.

Complaints received and solved during the year 2018 under those measures are as follows.

Srl. No	Management Measure	2018		Percentage
		Complaints Received	Complaints Solved	
01	Ministry Public Day	1,070	476	45%
02	118 Emergency Calls	41,319	41,319	100%
03	Tell President	3,871	3,437	89%
04	Tell IGP	2,046	1,644	80%
05	Public Relief Day of IGP	1,328	1,047	78%
06	Public Relief Room	1,171	598	51%
07	119 Emergency Calls	1,123,210	1,118,801	99%
Total		1,174,015	1,167,322	99%

**9.2 Table:** Number of Public Grievances Received and the Measures taken

**Taking Necessary Measures in Making the Roles of the Institutions under the Divisions More Efficient and Productive**

● **Obtaining International Corporation to Maintain Law and Order**

This Division was entered in to two memoranda of understanding with Indonesia and Iran during the year 2018. In addition, actions in relation to submission of proposals and signing of agreements in order to enter in to agreements with Qatar, Turkey, United Arab Emirates, Australia, Vietnam, South Africa, Russia, Thajikistan and International Committee of the Red Cross are also been carried out.

### ● Sri Lanka Police in Liaison with People in a New Approach

A committee with experts was established in 2016 to identify the present shortcomings and weaknesses in order to reform Sri Lanka Police in line with future requirements and thereby update it as a better and efficient Police Service. Recommendation report submitted by the committee was reviewed at 2 workshops held on 11.05.2018 and 04.09.2018 with the participation of the Hon. Minister, Secretary including the officials of the Ministry, officials of Sri Lanka Police and other stakeholders. Police Reforms Action Plan prepared including the matters agreed was submitted for cabinet approval.

### ● Establishment of a University for Sri Lanka Police

Approval of the cabinet was obtained on 02.10.2018 in order to instruct the Legal Draftsman to draft the Act in relation to the proposed University of Police Criminal Justice for Sri Lanka Police. Accordingly it was forwarded for Legal Draftsman.

### ● Establishment of a method for automated payment of fines

This proposal was submitted to establish speedy, flexible automated payment system for fines that are not submitted for courts for traffic offences. As per the instructions of National Agency for Public Private Partnership (NAPPP) which comes under the purview of Ministry of Finance and Mass Media, proposal was submitted to obtain the approval of the Cabinet of Ministers.

### ● Upgrading Police Information and Communication System

This project was initiated in view of enhancing the efficiency of the institution through improving of capacities such as Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance.

It is scheduled to implement the first stage of the project within the Western Province and later to expand within the Island as a second stage. Approval of the Cabinet was granted to obtain proposals from institutions that could be initiated the project on grants or loans on concessionary rates.

### Supervising the Performance of Infrastructure development projects

A sum of Rs.1,760 million out of Rs 1,954 million allocated to development projects for Sri Lanka Police for the year 2018 was incurred and physical and financial progress of each project is as follows.

Projects	2018 Allocation (Rs.Mn.)	Financial Progress (Rs. Mn.)	Physical Progress
New Buildings and Structure	1,433	1,407.59	Completed 17 Ongoing 31
Construction of a Police Academy	243	109.22	Completed 01 Ongoing 07
Development of Police Training College	65	59.28	Completed 02 On going 04
Prefabricated Buildings	85	67.82	Completed 125 Ongoing 02
Purchasing Horses & Dogs	128	116.99	Purchased 18 horses Purchased 45 dogs 10 Local dogs at Procurement stage
<b>Total</b>	<b>1,954</b>	<b>1,760.90</b>	

9.3 Table :Performance of Infrastructure Development Projects of Sri Lanka Police

Constructed Katupotha Police Station

Constructed Women Barracks in Malalasekara Mawatha

Provision of Rs.1,686.3 million was allocated for development projects of Special Task Force for the year 2018 and Rs. 1,152.5 million was spent in that connection. Physical and Financial progress of each project are as follows.

Projects	Allocation 2018 (Rs.Mn.)	Financial Progress (Rs. Mn.)	Physical Progress
Prefabricated Buildings	169.5	117.53	Completed 25 On going 19
New Buildings and Structure	310.80	220.68	Completed 16 On going 18
Development of Barrack Facilities in 07 Camps	110	32.8	Completed 02 On going 05
Officers sent for UN Peace Keeping Mission	1,096	781.5	Trained officers and several equipments purchased
<b>Total</b>	<b>1,686.3</b>	<b>1,152.5</b>	

9.4 Table : Performance of Infrastructure Development Projects of Special Task Force

A sum of Rs. 745 million was allocated to Sri Lanka Police for the year 2018 by the Budget Proposals in respect of development activities such as setting up of Tourist Police Units, introduction of Community Police concept, improving of Police Information and Communication System in line with present requirements, strengthening of Cyber Crime Investigation Unit, Police Reforms, establishment of Police University. Also, Rs. 41.94 million was spent during the year in that connection.

Completed Officers Barrack in Tangalle Camp

Completed Auditorium and resident building at Katukurunda Training School

## ● Being in the Assistance in order to maintain the Stabilization of the Normal Community Life of the Country

Provision of Policy and Strategic Guidance required to speed up the Solutions for Crimes Reported in the Island

A key indicator that reflects the progress of maintaining the law and order in the country is the absolute number of reported crimes and the relative value of the resolution of reported crimes. The numeric table below shows the changes happened in regard to number of reported crimes and solved crimes during the year 2018 as a result of the programmes and projects implemented under the guidance of the Ministry.

Type of Crime	2016			2017			2018		
	Reported	Solved	%	Reported	Solved	%	Reported	Solved	%
Grave Crimes	36,937	26,869	72%	35,979	28,016	78%	36,355	28,246	78%
Minor Offences against Persons	45,579	30,481	67%	42,224	29,303	69%	41,888	27,831	66%
Minor Offences against Properties	33,349	15,969	48%	32,881	16,664	51%	31,415	14,143	45%
Petty Compliants	1,039,350	1,038,942	99%	1,029,087	1,029,047	99%	1,013,661	971,617	96%
Grave Crimes and Minor Crimes against Children	5709	3,294	58%	5,054	3,711	73%	5,799	3,172	55%
Grave Crimes and Minor Crimes against Women	9,042	4,976	55%	8,444	6,100	72%	8,211	5,168	63%
Corruption Related Offences	1,255	1,217	97%	1,055	1,025	97%	954	868	91%
Statutory Offences	46,171	44,177	96%	49,013	46,857	96%	40,607	38,102	94%

9.5 Table : Classification of Reported Crimes and Progress Made

The progress made on the resolution of grave crimes, corruption related offences and other statutory offences means the number of suspects arrested and the progress made on the resolution of minor offences and petty complaints indicates the number of such cases finalized through finding solutions by Sri Lanka Police or on referral to the Mediation Board.

## ● Taking Necessary Steps in order to Streamline the Vehicular Traffic so as to Secure the Lives and Property of the People

As per the Numeric Table No.06 appended on vehicular accidents, there was a decline of 6% of total vehicular accidents in the year 2018 comparing to the year 2017. Accordingly it vouches for the fact that the measures to file complaints against those involved in vehicular offences and vehicular accidents, handing out fines, introduction of new programmes to manage the vehicles for minimizing the vehicular traffic as well as the steps taken to venture into legal measures as a remedial measure to the traffic congestion have had a direct impact.

Year	Fatal Accidents	Serious Accidents	Minor Injuries	Accidents with Damages	Total Accidents	No. of Vehicles	No. of Accidents per 1,000 Vehicles
2016	2,824	8,148	14,604	13,510	39,086	6,795,469	6
2017	2,922	8,302	13,592	13,072	37,889	7,247,122	5
2018	2,953	8,475	12,264	12,064	35,756	7,727,921	5

9.6 Table : Vehicular Accidents

## ● Contributing Actively to Eliminate the Drug Menace

Action has already been initiated with the approval of the Cabinet of Ministers to sign a memorandum of understanding with the member countries of coordination centre on strengthening in order to avoid drug circulation among Bangladesh, Bhutan, India, Maldives, Nepal and Sri Lanka. Approval of the Cabinet of Ministers was granted on 21.09.2018 to the Cabinet Memorandum submitted in relation to amendments to the Act Against dealing of Narcotic drugs and Psychotropic substances Act No. 1 of 2008.

Approval of the Cabinet of Ministers was obtained to draft a special provisions act on drug control in order to prepare a formal process to control drug dealing with the support of Three Forces. The drafting process is being carried out at present. Objective of this task is to take steps to eliminate drug menace.

As per the instructions given to Sri Lanka Police and Special Task Force to control illicit liquor and narcotic drugs distributed throughout the country, several raids were carried out and reported offences in relation to narcotic drugs and liquor was increased by 12% during 2018 in comparison with the year 2017. The Numeric Table No. 07 below depicts that it was able to solve 94%.

Srl. No	Offence	2016		2017		2018	
		Reported	Solved	Reported	Solved	Reported	Solved
1	Offences of Narcotic Drugs	88,352	86,330	107,944	104,641	124,940	120,052
2	Offences of Liquor	120,105	111,028	120,198	113,037	129,813	119,514
<b>Total</b>		<b>208,482</b>	<b>197,358</b>	<b>228,142</b>	<b>217,678</b>	<b>254,753</b>	<b>239,566</b>
<b>Percentage</b>		<b>94%</b>		<b>95%</b>		<b>94%</b>	

9.7 Table : Narcotic Drugs

The Numeric Table No. 08 vouches for the fact that it was possible to apprehend most of the narcotic drug hauls in circulation throughout the country by providing relevant instructions to carry out raids on priority basis after having analyzed the pattern of the expansion of narcotic drugs in the Island following the identification of areas from which the most number of complaints are received and that the apprehension of such contraband has seen an up turn by 15% in 2018 as against the year 2017.

Narcotic	Number of Arrests								
	Drugs			2017			2018		
	Kg	g	mg	Kg	g	mg	Kg	g	mg
Cannabises	36,817	698	506	19,723	980	949	884	457	162
Opium	15	399	970	-	02	575	-	08	380
Hashish	27	443	650	39	042	554	82	291	597
Heroin	205	147	430	124	829	051	721	363	175
Morphine	-	74	730	-	-	250	-	194	784
Cocaine	1,302	735	42	222	122	075	09	859	780
Other	506	523	334	383	602	853	556	389	26
<b>Total</b>	<b>38,872</b>	<b>3,019</b>	<b>3,662</b>	<b>20,481</b>	<b>2,577</b>	<b>3,307</b>	<b>10,254</b>	<b>563</b>	<b>904</b>

9.8 Table : Narcotic Drugs Related Arrests

Narcotics and Liquor related raids by the Special Task Force

## Other Raids Carried out by the Special Task Force

The Numeric Table No.9 shows the number of planned raids carried out by the Special Task Force in curbing informal and destructive ventures taking place in the country.

Srl. No	Arrested Contrabands	2016	2017	2018
1	Dust Tea	35	32	30
2	Transport of Cattle	42	128	88
3	Meat Unfit for Consumption	35	51	79
4	Weapons & Explosives	44	154	248
5	Raids Related Drugs (Illicit Liquor / Permitted Liquor/ Foreign Liquor)	247	755	1,328
6	Other (Sand, Soil, Wallapatta, Treasure, Wood, Gem Mining, Cigarettes )	702	4,582	5,939
7	Toxic Narcotics	349	940	1,934
<b>Total</b>		<b>1,454</b>	<b>6,642</b>	<b>9,646</b>

9.9 Table :Other Raids carried out by the Special Task force

The above table depicts a considerable increase of raids carried out by Special Task Force. It is an increase of 356% of the year 2017 in comparison with the year 2016. Also there is an increase of 45% in 2018 in comparison with 2017. This increase occurs as a result of increasing of drugs related raids and other raids.

## Financial Provisions and Utilization

The Financial Provisions allocated for the year 2018 were effectively managed and accordingly the financial progress was 82% of the total provision (the Recurrent Expenditure 93% and the Capital Expenditure 57%).

The manner in which the total provision and the total expenditure have been divided as capital and recurrent expenditure is as shown below.

Type of Expenditure	Total Provision		Total Expenditure		Percentage of Expenditure
	Amount (Rs.)	Percentage	Amount (Rs.)	Percentage	
Recurrent	8,343,394,000	68%	7,800,629,842	78%	93%
Capital	3,923,460,000	32%	2,233,635,124	22%	57%
<b>Total</b>	<b>12,266,854,000</b>	<b>100%</b>	<b>10,034,264,967</b>	<b>100%</b>	<b>82%</b>

9.10 Table : Financial Provisions and Utilization- 2018

## 10. OFFICE OF THE CHIEF OF DEFENCE STAFF

### 10.1 Overview

The origins of the Office of the Chief of Defence Staff could be traced back to the Joint Operations Command (JOC) established in 1985 to coordinate all operational aspects of the Tri-Services and Police. Thereafter, the Joint Operations Bureau was created on 04 January 1999 replacing the Joint Operations Command and the Joint Operations Headquarters (JOH) replaced the Joint Operations Bureau in year 2000, which existed only for a short period. With the termination of the Humanitarian Operation, the duties of the Joint Operation Headquarters was expanded by the Chief of Defence Staff Act No. 35 of 2009, thereby the Office of the Chief of Defence Staff was established to address the post conflict challenges on 15 July 2009. The Chief of the Defence Staff (CDS) is the highest ranking military officer in the Sri Lankan Armed Forces and His Excellency the President shall appoint from among the persons presently serving as Commander of the Army, the Commander of the Navy or the Commander of the Air Force as the case may be, an officer to be the Chief of Defence Staff to function under the direction, supervision and control of the Secretary to the Ministry of Defence.

The mission of the OCDS is to provide strategic directions and develop joint doctrine for the Armed Forces in Sri Lanka.

The responsibilities of Chief of Defence staff are:

- Assist in providing strategic directions and developing doctrines for joint employment.
- Coordinate matters in respect of the functions related to Intelligence, Planning and Implementation of Joint Operations.
- Advise on the extent to which the Programmes, Recommendations and budget proposals of the Armed Forces for a fiscal year conforms to the priorities
- Advise on the extent to which the major programmes and policies of the Armed Forces related to man a n power and equipment conforms to strategic plans.
- Formulation of policies for the joint training and peace-keeping operations.
- Assess military requirements with regards the proposed defence procurements.

Expenditure	2018 Allocation (Rs.Mn.)	Expenditure as at 31.12.2017 (Rs.Mn.)	Percentage %
Recurrent	3.2	3.0	93.87
Capital	65.2	62.6	95.97
<b>Total</b>	<b>68.4</b>	<b>65.6</b>	<b>95.87</b>

10.1 Table: Details of the Financial Progress of the Institution

### 10.2 Achievements in 2018

#### ➤ Operations and System Branch

- Coordinating with three forces, a special operations room was manned at OCDS to provide security to prevent any sabotage incident during the Local Government Election period which was held on 10<sup>th</sup> February 2018 and also troops were employed to provide security for 167 vulnerable points as per the request made by the Inspector General of Police.

Army	-	113 x 2746
Navy	-	18 x 616
Air Force	-	1 x 32

- A Special operation room was manned to coordinate with Tri forces and Police and took relevant control measures from 06<sup>th</sup> March 2018 to 08<sup>th</sup> March 2018 due to the clash occurred between two groups mainly at Kandy and other areas of the country.
- Troops of Sri Lanka Corps of Military Police were provided to assist Sri Lanka Police for security during the new year festival and musical show at Mahiyanganaya on 15<sup>th</sup> April 2018 which was organized by Sri Lanka Rupavahini Cooperation and Divisional Secretariat Office - Mahiyanganaya.
- Troops of Sri Lanka Corps of Military Police were provided to assist Sri Lanka police for the security during the new year festival and musical show at Mattakkuliya public ground on 20<sup>th</sup> April 2018 which was organized by police community members of Mattakkuliya and officers of Mattakkuliya police station.
- Troops of Sri Lanka Corps of Military Police were provided to assist Sri Lanka police for the security during the musical show at Bandarawela Municipal Council Play ground on 21<sup>st</sup> April 2018 which was organized by Sri Lanka Telecom.
- Troops of Sri Lanka Corps of Military Police were employed to provide security during the May Day Parade which was presided by Prime Minister at Sugathadasa Stadium on 16<sup>th</sup> May 2018.
- Made arrangement to provide security for transporting examination papers of grade 5 scholarship examination from 3<sup>rd</sup> August 2018 and September 2018.

- ★ Establishment of the Ministry in new building at Battaramulla and Akuregoda is expected.
- ★ Continuing works in accommodation which had already made available until such time the said establishment is finalized.
- ★ It is expected to continue the services performed during this year in 2019 too.
- ★ Taking measures to continue services to be performed by security forces for well being of the citizenry.

## 12. INTERNATIONAL RELATIONS DIVISION

### 12.1 Overview

The International Relations Section of the Defence Ministry functions directly under the supervision of the Secretary of the Ministry of Defence, and is tasked with handling all substantive aspects of the foreign relations of the Defence Secretary. The section also supports the foreign relations work of the State Ministry of Defence.

Earlier the Section was headed by a senior career officer of the Sri Lanka Foreign Service at the rank of Senior Assistant Secretary but at present, all these matters have been assigned to the Office of Chief of National Intelligence and coordinates by Chief of National Intelligence.

The International Relations Section of the Ministry provides Defence policy positions on issues related to national security which have an international dimension in consultations with the Secretary of Defence.

The International Relations Section engages in the following Activities on a Regular Basis:

- Coordinate the substantive aspects of inward and outward visits from Foreign Countries related to defence
- Handle all communications of the Secretary of Defence with Foreign Dignitaries
- Coordinate with the Ministry of Foreign Affairs and provide defence input as required
- Prepare briefing material/talking points/speeches/programmes for foreign visits undertaken by the Secretary of Defence and follow up on decisions arrived at during such visits
- Prepare defence input for foreign visits being undertaken by HE the President, Minister of Foreign Affairs and the State Minister of Defence
- Coordinate work related to defence agreements/MoUs with foreign countries ;Provide defence input for the UN General Assembly (UNGA) Sessions
- Coordinate responses to defence related issues raised in the UN Human Rights Council
- Coordinate Defence Ministry's interactions with the United Nations Office of Drugs and Crime (UNODC) and the Office of the United Nations High Commissioner for Refugees (UNHCR)
- Coordinates the Office of the Chief of National Intelligence on Counter Terrorism work (UN Security Council Regulations 1267, 1373, 1540 etc) and coordinate interactions with the UN Counter Terrorism Executive Directorate; Streamline bilateral defence cooperation of the Ministry of Defence
- Coordinate defence related matters with regional organisations such as SAARC, BIMSTEC, Shangri-La Dialogue, ASEAN Regional Forum (ARF), Bali Process etc.
- Coordination of the work of the annual defence dialogues with Japan / China and India
- Coordinate the work of the Trilateral Maritime Security Cooperation Arrangement between India, Sri Lanka and the Maldives
- Coordinate the work of the Australia-Sri Lanka Joint Working Group on People Smuggling and Other Transnational Crime
- Prepare policy positions on international conventions related to arms trade and disarmament
- Prepare defence input for international treaties and conventions (For Ex. the International Convention on Civil and Political Rights (ICCPR)
- Coordinate response from the defence establishment on concerns raised by UN Special Procedure Mandate Holders
- Prepare cabinet observations on foreign policy matters which have defence implications
- Prepare Cabinet papers and Notes to Cabinet on Defence matters which have an international dimension
- Coordinates the work of the Office of the Chief of National Intelligence on compiling responses to the UN Working Group on Enforced and Involuntary Disappearances (UN WGEID) and the UN Working Group on Arbitrary Detention (UN WGAD) among others
- Assist with requests from Lanka Logistics and Technologies Ltd (LLTL) on their work with foreign governments
- Provide policy input to the Policy Planning Division of the Ministry of Defence on the external security environment and bilateral, regional and global strategic developments of interest.

### 12.2 Achievements in 2018

#### ➤ Mr. Jeffery Feltman, Under- Secretary- General (Political Affairs) of the UN- 09<sup>th</sup> March 2018

The UN Under-Secretary General (USG) for Political Affairs Mr. Jeffrey Feltman met the Secretary to the Ministry of Defence Mr. Kapila Waidyaratne PC on 9<sup>th</sup> March 2018 at the Ministry of Defence. During the ensuing discussion, matters relating to the national reconciliation process including land release were taken up. The Under- Secretary General was briefed on the progress of the reconciliation process and its current status. Mr. Feltman was pleased with the actions taken in this regard. The Director (Asia and Pacific) DPA, Ms. Mari Yamashita, Reconciliation and Development Advisor, UN Sri Lanka, Ms. Gita Sabharwal and Secretary to USG, DPA, Ms. Mary Sack accompanied the Under-Secretary General during his visit to the Ministry.

Senior Officers of Ministry of Defence and Tri Forces officers were also present at the discussion.

➤ **MoU signed between the Government of the Democratic Socialist Republic of Sri Lanka and the Government of the Republic of Rwanda, on Defence and Security Cooperation**

The MoU was signed by State Minister Hon. Ruwan Wijewardene and Minister of Defence of the Republic of Rwanda Hon. General James Kabarabe on 15<sup>th</sup> May 2018 at Kigali, Rwanda. This MoU primarily focused on close cooperation, mutual understanding and collaboration to promote peace, stability and well – being of the Armed Forces and to enhance the ties of friendship and fraternity between two states in the matter of Defence Security.

➤ **Japanese Defence Minister meets State Minister of Defence – 21 August 2018 at the Ministry of Defence**

The Japanese Defence Minister Hon. Itsunori Onodera met the State Minister of Defence Hon. Ruwan Wijewardene at the Ministry. During the meeting a cordial discussion was held between the visiting Japanese Defence Minister and State Minister Wijewardene. Ambassador of Japan in Sri Lanka His Excellency Mr. Kenichi Suganuma, Additional Secretary - Parliamentary Affairs, Policy & Planning, Chief of Defence Staff, Commanders of the Army and Air Force, Chief of Staff of the Navy, Director General Coast Guard and Ministry officials were also present at the occasion.

➤ **5<sup>th</sup> Australia - Sri Lanka Joint Working Group meeting on 17<sup>th</sup> October 2018 in Galle Face Hotel, Sri Lanka**

The 5<sup>th</sup> Bilateral Joint Working Group (JWG) on People Smuggling and other Transnational Crime between Sri Lanka - Australia was held in Galle Face Hotel, Colombo on 17<sup>th</sup> October 2018. The meeting was co-chaired by Secretary, Ministry of Defence Mr. Kapila Waidyaratne, P.C and Mr. David Wilden, Acting Deputy Secretary (Policy Group) Department of Home Affairs, Australia.

Secretary Defence in his inaugural speech expressed that the dialogue between Sri Lanka and Australia is a viable platform to share knowledge and experiences including

best practices, views in addressing the People Smuggling and other Transnational Crime. Further, he said that the outcomes of the meetings are immensely helped both parties to develop understanding among agencies to implement productive counter measures in addressing human smuggling and transnational crime.

Mr. David Wilden in his speech explained the forming up of a new portfolio under the Department of Home Affairs to meet up with the better coordination required in combatting

human smuggling/trafficking and other transnational crime. Further, he emphasized that the Government of Australia is committed to support Sri Lanka in capacity building and legislative reform to combat transnational crime.

In this context, the Sri Lankan delegation reiterated its commitment on combatting human trafficking/smuggling through productive partnership with the government of Australia to prevent such efforts and bring perpetrators to justice while addressing grievances of victims.

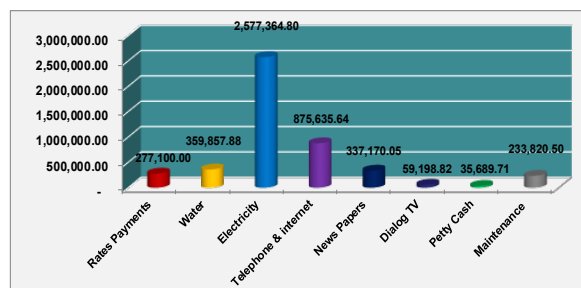

## 13. MEDIA CENTER

### 13.1 Overview

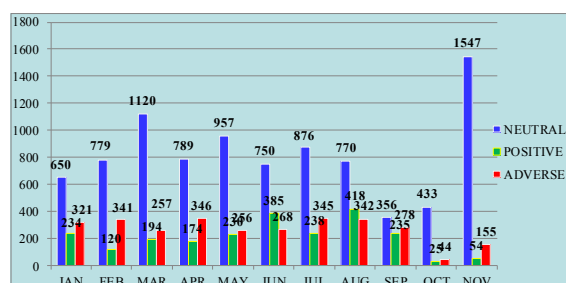

The Ministry of Defence Media Centre is the premier media unit which accumulates and disseminates accurate and reliable Defence, related news to local and foreign media in the shortest possible time. It also distributes information in correct perspective to counter exaggerated or wrong media propaganda both at local and international level.

- Compile the news related to the National Security and release them promptly to the media.
- Identify the threats related to National Security and neutralize them through the media.
- Coordinate with the respective sections of the Ministry of Defence on the matters related to the National Security.
- Improve the interaction with the MOD and its affiliated institutions.
- Maintain a newspaper archive/data base for future reference.
- Coordinate with the Media institutions to support and accomplish the expected goals of the MOD.
- Coordination of written and verbal statements to the media when required.

- During the period of 2008 to 2014, the capital and recurrent expenditure of the Media Centre had been settled through a direct vote but, since 2015 the MOD has started providing money through one of its own votes (103-01-06), on the written requests made by the Director, Media Centre.
- A petty cash imprest worth of Rs.5000.00 is granted to meet with minor financial requirements and duly approved bills are produced to the MOD for reimbursing.

## Issues and Challenges

Media publicity and public relations go hand in hand at present and the MOD Media Centre itself has identified several issues and challenges when achieving its goals. Media Centre has taken steps to facilitate the civil and military coordination in order to cater to the present National Interest. This enables the defence related institutions to obtain public support to adopt good governance policies.

Even though the Media Centre is an institution which comes under the purview of the MOD, it lacks the scope and resources to reach for the true and correct news promptly, to disseminate them to the public on time.

At present, the press releases are sent in all three languages. But, we have only a Tamil-newspapers coordinator/writer in the Media Centre. The service of professional Sinhala and English media Coordinators/writers will be benefitted immensely by the organization.

The MC doesn't have the service of a media team consisted of qualified reporters, announcers, video and still cameramen, writers, technicians and the equipment like camera and audio recorders.

Communicating with the public and institutions in a cooperative manner is vital to obtain news for publicity. The staff in the Media Centre are not professionally qualified for mass media activities. As a result, the interaction with the institutions and the public gets so low that the Media Centre gets only a few news for publicity. The professional courses for the staff is necessary to develop that quality in them.

## Proposals

- As an institution established under the purview of MOD to transmit the correct defence related details to the public, the Media Centre accumulates news from their media units, of the events of MOD and the other affiliated organizations from their media units, and disseminates to the general public through print and electronic media. To carry out that task fruitfully, the MC proposes to employ a professionally qualified media team.
- The MC proposes to employ a professionally qualified English Media coordinator/writer and Sinhala Tamil language journalists in the organization.
- The MC proposes to supply the essential media equipment such as still and video cameras and audio recorders and employ the relevant technical staff to carry out reporting the events.

## 13.3 Future Prospects

- ★ Courses/workshops on mass media will be arranged for the staff in coordination with the National Media Training Institute.
- ★ A special monitoring board within the institution will be established to expedite countering adverse news published against armed forces and national security nationally and internationally.
- ★ Conferences and workshops will be arranged with all print, electronic and web based media institutions for an effective and efficient media campaign.
- ★ Training programmes in media related activities for the staff in the media units of the Tri-forces, Police, STF and CSD will be carried out.
- ★ A fully equipped team consisted of cameramen, reporters and authoritative officers will be established to reach the place instantly and report true and correct news to media in a speedy way in emergency situations on National Security.
- ★ Language courses will be conducted for the staff of the Media Centre in coordination with National Languages Department.
- ★ A monthly/quarterly magazine/newspaper will be published to report on the events done/to be done by the Tri-forces, and the affiliated institutions of MOD.
- ★ Resource persons with specialized knowledge on cyber protection and the latest equipment to protect the data connected to National Security will be utilized.

**Progress of the Institutions  
coming under the  
Ministry of Defence**

## 14. DEPARTMENT OF SRI LANKA COAST GUARD

### 14.1 Overview

The Department of Sri Lanka Coast Guard (SLCG) was established after enacting the Coast Guard Act No. 41 of 2009 enacted by the Sri Lanka Parliament on 09<sup>th</sup> December 2009 in order to ensure the protection of life and property at sea, enforcement of national jurisdiction in the maritime zones and awareness towards dangers to ocean resources from marine pollution round the clock, round the year ensuring the mission and vision of safe, secure and serene maritime environment. SLCG being a law enforcement agency at sea has been empowered with legal authority to search and arrest ships, craft and personnel engaged in illegal activities in all maritime zones of Sri Lanka and in the high seas. In order to constitute legal proceedings against the offenders, every officers of SLCG shall deem to be a Peace Officer within the meaning for the purposes of the Code of Criminal Procedure Act No. 15 of 1979.

SLCG ceremonially established on 03<sup>rd</sup> March 2010 and rapid progress was made during the past years. Today, SLCG performing duties with Offshore Patrol Vessel (OPV), Fast Patrol Vessels (FPV), Fast Patrol Craft (FPC) and Inshore Patrol Craft (IPC) as surface platforms and shore stations including Fishing Monitoring and Lifesaving Points.

### 14.2 Achievements in 2018

SLCG comprises with following Departments and Regional Directorates in order to address multifarious tasks while interacting with various ministries and agencies involved in the same field:

#### ➤ Operation Department

Following operations were conducted by Operations Department during the year 2018.

##### ● Life Saving Operations.

SLCG is manning 13 Life Saving points around the country and conducted life saving operations throughout the year. It is significant to note that, in the year 2018, 228 lives including 104 foreigners have been rescued by SLCG lifeguards.

##### ● Coastal Surveillance to Deny Illicit Activities.

All Ships and crafts belong to SLCG are being utilized to deny illicit activities in off shore/territorial waters around the country. 10 numbers of Fast Patrol Boat (FPB) and 02 numbers of Inshore Patrol Craft (IPC) have been deployed in Northern region and remaining IPCs have been deployed at selected main/fishery harbours in Western North Western and Southern regions. Two 30 meter long Fast Patrol Vessels (FPVs) donated by the government of Japan under the project for Maritime Safety Capability Improvement in Sri Lanka, joined SLCG fleet after commissioning as 'SLCGS Samudra Raksha' and 'SLCGS Samaraksha' on 29<sup>th</sup> August 2018. In addition to aforesaid tasks, 02 No's of IPCs are deployed for whale watching monitoring duties at the coastal area off Mirissa.

##### ● Monitoring of Illegal, Unregulated and Unreported Fishing.

18 numbers fishing monitoring points have been established within the fishery harbour around the country in order to support the National Plan of Action to deter IUU fishing in Sri Lankan waters and high seas. All fishing vessels are checked before they are proceeding to high sea fishing to ensure the legality of fishing gears and equipment on board, and also on arrival, same checking process is done to ensure the legality of fish catch. The fishing monitoring points are established in following fishery harbours;

1. Kalpitiya	7. Negombo	13. Dikowita
2. Beruwala	8. Ambalangoda	14. Hikkaduwa
3. Galle	9. Mirissa	15. Dondra
4. Gandara	10. Nilwella	16. Kudawella
5. Tangalle	11. Hambanthota	17. Kirinda
6. Oluvil	12. Valaichchenai	18. Cod Bay

##### ● Community Awareness and Social Service Activities.

Regular community awareness programmes on following subjects have been conducted for the civilians living along the coastal belt.

- Safety of life at sea.
- Marine pollution prevention & Maritime environment protection.
- Coastal protection.
- Lifesaving.
- Beach cleaning programmes.
- Fishing community awareness programmes to prevent illegal fishing activities.
- Tree planting (Mangrove).

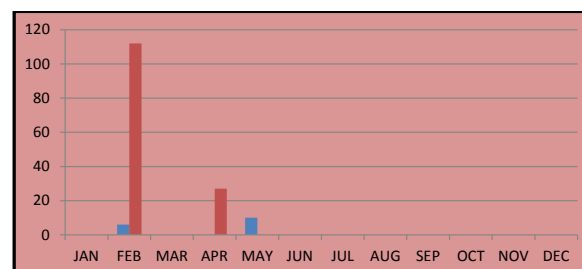

##### ● Search and Rescue (SAR) Operations.

Assistance rendered to Sri Lanka Navy and Sri Lanka Police to carryout SAR operations in coastal area/ at sea using available resources when requirement arises.

##### ● Law Enforcement Operations.

Law enforcement operations have been carried out in territorial waters and rendered necessary assistance to other national law enforcement agencies and government authorities to perform their respective duties. Further, SLCG Fleet units executed repatriation operations in collaboration with Sri Lanka Navy and Indian Coast Guard. Details of the repatriated fishermen in year 2018 are as follows;

- Total Sri Lankan Fishermen repatriated by Indian Coast Guard to Sri Lanka - 16 No's
- Total Indian Fishermen repatriated by Sri Lankan Coast Guard to India - 139 No's

14.1 Chart: Statistical analysis of the repatriation in year 2018

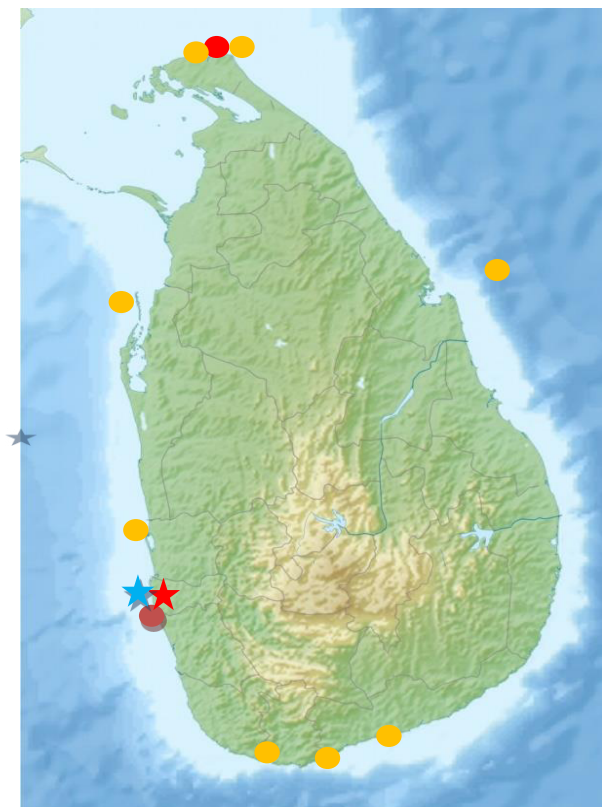

● **Maritime Environment Protection.**

SLCG Oil Spill Response team is acting as the first respondent to any oil spill incident in the country and SLCG oil spill team have successfully responded to the oil spill occurred in Kolonnawa - Heenela on 16<sup>th</sup> January 2018, off Muthurajawela sea due to leak in crude transferring pipe

from sea to shore on 08<sup>th</sup> September 2018 and in Cod bay Fishiery harbour on 11th September 2018. Further, under Turtle Conservation Project, preservation of turtles eggs and release of baby turtles to the sea is continuing and under Echo Friendly Project and Punarudaya program planting of Mangrove trees along the coast lines is continuing adjacent to CG stations and bases.

## ➤ Civil Engineering Department

The Civil Engineering Department of SLCG has constructed few building while maintaining the existing infrastructure. Metal corrosion of buildings established closer to the sea becomes a major issue and decision has been taken to concern more on wooden structures to minimize this problem. Most of the constructions are commenced by direct labour of the department and skilled sailors of SLCG. Shifting of SLCG Headquarters and Rear Headquarters are the major jobs in hand and the tasks completed are as follows:

Completed Projects by 31<sup>st</sup> December 2018

S/N	Project Description	Remarks (Rs.)
01.	Repairing of Lifesaving point of Mirissa.	40,493.00
02.	Repairing of Lifesaving point in Hikkaduwa	75,688.00
03.	Repairing of Lifesaving point in Benthota	1,380,864.00

#### ➤ Engineering Department

S/N	Project	Remarks
01	Repairs and Maintenance of Ships & Craft belongs to Sri Lanka Coast Guard	Repairs and Maintenance Cost of Ships & Craft through Sri Lanka Navy Rs.9,189,475.54
02	Acquisition of 02 No's 30m Fast Patrol Vessel Under JICA Grant	Both Vessels handed over to Sri Lanka Coast Guard of 10 <sup>th</sup> July 2018 on completion construction.
03	Procurement of Machinery and Equipment for Sri Lanka Coast Guard	Total Cost of Purchasing of Equipment & Machinery is Rs. 2,808,029.80
04	Acquisition of 02 No's Inshore Patrol Craft from Sri Lanka Navy.	Cost of project is Rs.75,181,365.50 and Craft handover 02 No's Craft to Sri Lanka Coast Guard on 17 <sup>th</sup> September 2018.
05	Purchasing of 04 No's containers to store oil spill equipment's.	Cost of 04 No's containers is Rs. 960,000.00
06	Repairs and Maintenance of Vehicles belongs to Sri Lanka Coast Guard	Repairs and Maintenance cost of vehicles is Rs.5,547,416.23
07	Purchase of Mitsubishi Fuso Crane truck for Oil spill response duties.	Cost of Crane truck is Rs.11,270,000.00
08	Purchase of 02 No's Toyota Single Cabs for Oil spill response duties.	Cost of 02 No's single cabs is Rs. 10,811,693.72
09	Acquisition of 04 No's OBM's	Total cost of 04 No's OBM's is Rs. 1,486,257.00
10	Acquisition of 04 No's RHIB's	Total cost of 04 No's RHIB's is Rs. 2,769,677.70
11	Purchase of Leyland Flatbed truck for Oil spill response duties.	Cost of Flatbed truck is Rs.4,500,000.00

14.8 Table : Projects and Activities undertaken by the Engineering Department

#### ➤ Electrical & Electronic Department

S/N	Project	Remarks
01	Installation of Security Lighting System at Coast Guard Station 'Kirinda'	Procurement cost -Rs. 55,000.00
02	Installation of new electrical wiring in view of shifting SLCG Waruna for a new location.	Procurement cost Rs: 465,000.00
03	Installation and commissioning of 40 KVA Generator LSTS Balapitiya	Procurement cost Rs: 1.7 Mn
04	Installation and commissioning of 40 KVA Generator at SLCG Rohana	Procurement cost Rs: 1.7 Mn
05	Shifting of 30 KVA Generator used at SLCG Rohana to Coast Guard Station Panadura	Installation cost Rs: 45,000.00
06	Installation and commissioning of 05 KVA Generators at Coast Guard Station Dikovita, Oluvil and CChilaw	Procurement cost Rs: 520,000 (MDA project)
07	Installation of FURUNO FAR 2127 Radar at SLCG Rohana and Lifesaving Training School Balapitiya	Radar were provided by SL Navy under MDA Project
08	Relocation/Upgration of electrical wiring DG Chalet, Wallawatha	Procurement cost Rs: 45,000.00
09	Installation of Electrical wiring of General mess Building at Coast Guard Station Panadura and Kirinda.	Procurement cost Rs: 899,000.00

14.9 Table : Projects and Activities undertaken by the Electrical & Electronic Department

Installation of security lighting system at Coast Guard Station 'Kirinda'

Installation and Commissioning of 40 KVA Generator at SLCG 'Rohana' and Lifesaving Training School 'Balapitiya'

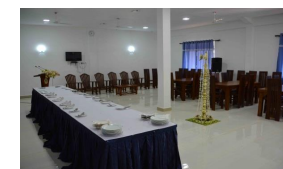

Shifting of 30 KVA Generator from SLCG 'Rohana' to Coast Guard Station

Installation of FAR 2127 RADAR at SLCG 'Rohana' and Life Saving Training School 'Balapitiya'

Installation and Commissioning of 05 KVA Generators at Coast Guard Station Dikovita, Oluvil and Chilaw

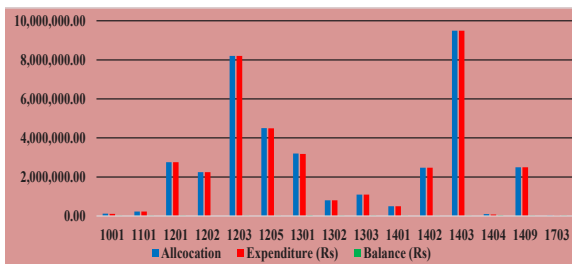

Installation of Electrical wiring of General mess Building at Coast Guard Station Panadura and Kirinda

## ➤ Logistics Department

Sri Lanka Coast guard logistics Department was established on the same date as the launching of the coast Guard. It is one of the first born departments of Coast Guard. Sri Lanka Coast guard established Logistics department to provide logistical support to other relevant departments, ensuring smooth functioning of the Coast Guard. Sri Lanka Coast Guard Logistics Department is containing 03 officers, 03 Senior Sailors and 12 Junior Sailors.

## 14.3 Future Prospects

- ★ Improve surveillance and communication network of Sri Lanka Coast Guard.
- ★ Purchase and install 02 No's Marine based Diesel Alternators (225KVA) onboard SLCGS 'Suraksha' and to attend routine underwater maintenance of SLCGS 'Suraksha' during the first quarter 2019.
- ★ Establish New Radars at Coast Guard Station Kirinda, Halawatha and Chilaw.
- ★ Establish new land deployment in Coast Guard Northern Region preferably in Wettalakerni, Madal and Gurunagar area.
- ★ Arrange awareness programmes for fishery communities.
- ★ Establish a new armoury at Coast Station Oluwil.
- ★ Farther implement Tree Planting programmes as per the 'Punarudaya' introduced by the President Secretariat.
- ★ Implementation of Garbage management programmes.

## 15. STATE INTELLIGENCE SERVICE

### 15.1 Overview

SIS is the premiere intelligence organization in the country which is responsible for National security and comes under the administrative purview of Ministry of Defence. The intelligence is collected with regards to threats emanating from internal and external sources for security, economy, social, cultural and religious etc. Intelligence is widely make use in formulation of government policies and strategies. Hence intelligence pretty much part of the implementation of principles of good governance for the development of the country.

### Functions

The following are some of the duties and responsibilities of the origination

- Collection of Information and Analysis
- Conduct Confidential Inquiries
- Vetting Inquiries on all Sensitive Organizations Persons including Tri-Forces
- Threat Assessment on VVIP, VIP and Other Visiting and Local Dignitaries

- Conduct Training for Other Agencies
- Foreign Liaison
- Human and Physical Resource Management
- Maintaining and Advance Database
- Archiving of Documents

### 15.2 Future Prospects

- ★ Organize local and foreign training courses for offices to enhance their skills and capabilities
- ★ Increase the number of professional employment categories
- ★ Liaison with local and foreign intelligence agencies and counterparts
- ★ Efficient and effective use of physical resources
- ★ Acquisition of new and advance technology

## 16. JOINT SERVICES LANGUAGE TRAINING INSTITUTE

### 16.1 Overview

The Joint Services Language Training Institute was established under the Ministry of Defence in 1986 as a training institute for the purpose of teaching Tamil for security force personal, aiming of updating the knowledge to read, write and speak Tamil. The institute has completed 96 courses at the end of year 2018 for the Army, Navy, Air Force and Special Task Force personal and thereby trained 146 officers and 8387 other ranks.

Year 2018 this institute started to conduct English and French language courses and at end of the year 08 officers and 17 other ranks of Tri Forces and Special Task Force have successfully completed the French course and 153 other rank successfully completed the English course.

### 16.2 Achievements in 2018

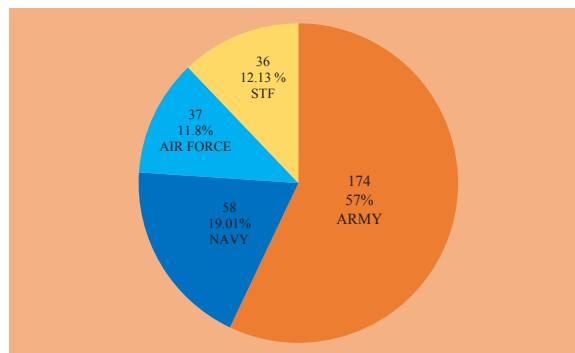

The institute has successfully completed following courses during the year 2018.

Course	Duration	Strength	
		Officers	ORS
Tamil Language Training Course – No 96	2018.01.23 – 2018.07.24	06	120
English Language Training Course – No 01	2018.01.29 – 2018.04.03	-	45
English Language Training Course – No 02	2018.04.26 – 2018.07.31	-	48
English Language Training Course – No 03	2018.08.14 – 2018.11.15	-	60
French Language Training Course – No 01	2018.06.12 – 2018.10.12	08	17
<b>Total</b>		<b>14</b>	<b>290</b>

16.1 Table : Courses Started in 2018

Course	Duration	Strength

Tamil Language Training Course – No 97	2018.08.14 – 2019.01.23	06	68
English Language Training Course – No 04	2018.12.03 – 2019.03.08	-	46
French Language Training Course – No 02	2018.10.23 – 2019.02.22	07	22
<b>Total</b>		<b>13</b>	<b>136</b>

16.2 Table : Courses Started in 2018 and Complete on year 2019

16.1 Chart :Percentage of attendance of Tri-Forces and Police students of English Tamil and French courses in year 2018

### Issues pertaining to training & Administration

- The Institute has insufficient accommodation facilities to fulfill the requirement.
- Requirement of a light vehicle and heavy vehicle
- Requirement of additional fuel allocation for the English and French courses. (For the Lecturers and Students who are participating the courses)
- Requirement of an ambulance (With a driver & fuel allocation)
- Requirement of instructors for Tamil instructor course and French language course

### 16.3 Future Prospects

- ★ Construction of Officer's/ WO's and SGT's accommodation buildings.
- ★ Construction of a New Auditorium.
- ★ Renovation of student officers living area.
- ★ Construction of 5 X guard points in camp perimeter.

## 17. INSTITUTE OF NATIONAL SECURITY STUDIES SRI LANKA

### 17.1 Overview

In July 2016, the Institute of National Security Studies Sri Lanka (INSSSL) was established by His Excellency the President of the Democratic Socialist Republic of Sri Lanka, Mr. Maithreepala Sirisena. Institute of National Security Studies Sri Lanka is functioning under the Ministry of Defence.

INSSSL has designed to get a good understanding of the security environment with a view to safeguarding national security and discuss issues of research and expertise through policy and strategy with the Government of Sri Lanka. Sri Lanka's strategic location has led to its continuing traditional and unconventional security threats. Therefore, it is necessary to draw on the expertise and strategic thinking of security and related subjects in order to ensure the safety of Sri Lanka policy makers.

INSSSL Policy Briefs	Date submitted	Action Taken
Ensuring Food Security in Sri Lanka	January 2018	Submitted
Media and Democracy: Misinformation, Fake News and its Impact on National Security	June 2018	Submitted

**17.1 Table:** Submission of Policy Briefs

Description	Allocation (Rs.)	Expenditure as at 31-12-2018 (Rs.)	Balance (Rs.)
Recurrent	15,000,000	9,635,691	5,364,309
Capital	4,000,000	1,527,148	2,472,852

**17.2 Table :** Financial Analysis

### 17.2 Achievements in 2018

Institute of National Security Studies Sri Lanka works on variety of projects spanning on variety of themes within National Security.

- Threat Lens
- Publications
- Roundtable Discussion
- Security Salon
- Seminars and Symposiums
- Public Lectures

### Conferences/ Seminars/ Symposium/ Workshops

#### ➤ INSSSL Symposium on “Managing Fake News and Misinformation”

On the 1<sup>st</sup> of June 2018, the Institute of National Security Studies in Sri Lanka (INSSSL) organized a symposium on ‘Media and Democracy: Misinformation, Fake News and its Impact on National Security’. The objective of this forum was to make an independent observation by gathering perspectives from government, private sector, media, and plural sector on reforms to current media practices. Summarized in this press release were the salient points of the discussion.

The Director General Asanga Abeyagoonasekara of INSSSL conducted a presentation on “National Security of Sri Lanka to South Asia” at the Ministry of Defence on 18<sup>th</sup> Sep.2018 for Bangladesh delegation to Sri Lanka.

**Round Table Discussions**

➤ **Round Table Discussion on security “Trends in regional environment in South Asia”**

A round table discussion titled “Trends in regional environment in South Asia” was held on 3<sup>rd</sup> May 2018 at the institute board room. The keynote speech is driven by Dr. Mallika Joseph. She is a Senior Fellow at INSSSL and currently serving as the policy advisor of The Hague-based Global Partnership for the Prevention of Armed Conflict (GPPAC).

➤ **Round Table Discussion on “Sri Lanka’s Role in BIMSTEC”**

On 20<sup>th</sup> September 2018, the Institute of National Security Studies Sri Lanka, hosted a round table discussion on ‘Sri Lanka’s role in BIMSTEC’. The panelists of the discussion were Mr. Kithmina Hewage, research officer at the Institute of Policy Studies of Sri Lanka, Mr. Rohan Masakorala, CEO of Shippers’ Academy Colombo, and Prof. Hemanthi Ranasighe, Dean of faculty of Graduate Studies University of Sri Jayawardenepura, Commander Sanjeeva Dias, Director of Armed Service Operations and Natasha Fernando, Analysis Assistant at INSSSL auditorium.

➤ **Round Table Discussion on “OBOR in South Asia: Trade, Culture and Security”**

On 15<sup>th</sup> Nov. 2018, the Institute of National Security Studies Sri Lanka, conducted a round table discussion on ‘OBOR in South Asia: Trade, Culture and Security’ at INSSSL.

Prof. Swaran Singh from Jawaharlal Nehru University in New Delhi, Dr. Priyanga Dunusinghe from University of Colombo, Commodore DMLA Dissanayake from Sri Lankan Navy, Commodore Y N Jayarathne from Sri Lankan Navy, Ms. Ramla Wahab Salman from International Centre for Ethnic Studies, Dr. Ranga Jayasinghe. Ms. Kasuni Ranasinghe and Ms. Savithri Sellapperumage from INSSSL were engaged as panelists and the discussion was moderated by Director General Asanga Abeyagoonasekara of INSSSL. The occasion was graced by the Defence Attaches and representatives from embassies.

**Security Salons**

➤ **Oceanography as a Strategic Tool”**

Eleventh ‘Security Salon’ was held on the 29<sup>th</sup> of March 2018 at the Ministry of Defence. The discussion was chaired by the Additional Secretary for Civil Security and Development, Mr. N.G. Panditharathna. Dr. Chulanee Attanayake, Research Director of INSSSL introduced and invited the eminent speaker, Commodore Y N Jayarathna, Deputy Director General of the Sri Lanka Coast Guard to deliver his lecture on “Oceanography as a Strategic Tool: How Marine Science Integrate Geo-Politics”.

➤ **“Fake News, Disinformation and Subversion: A Singapore Perspective”**

The twelfth Security Salon was delivered by Dr. Shashi Jayakumar, Head of the Centre of Excellence for National Security, Singapore. His lecture titled “Fake News, Disinformation and Subversion: A Singapore Perspective” was held on 5<sup>th</sup> July 2018 at the Ministry of Defence. The session was chaired by the Mr. Kapila Waidyaratne P.C, the Secretary of Defence.

**Threat Lens**

➤ **Threat Lens on “Food Security”**

Seventh Threat lens on “Meeting the Challenges and Ensuring Food Security in Sri Lanka” was held on the 23<sup>rd</sup> of January 2018 at the Ministry of Defence. The program was conducted with the aim of organizing a discussion in which to propose sustainable mechanisms to ensure food security in Sri Lanka by using inputs from different stakeholders in food cultivation and agrarian research and development work at the policy making level.

**Public Lectures**

➤ **Public Lecture on “India’s selected participation in China’s Belt and Road initiative”**

INSSSL conducted a public lecture on “ India’s selected participation in China’s Belt and Road initiative “by Prof. Swaran Singh, senior fellow of INSSSL on 2<sup>nd</sup> December 2018 at INSSSL auditorium.

➤ **Public lecture on the Battle of Narambaddha, Thisara Sandeshaya and Dedigama Parakkramabahu**

On 1<sup>st</sup> of November, 2018, INSSSL held a public lecture on “the Battle of Narambaddha, Thisara Sandeshaya and Dedigama Parakkramabahu” conducted by the Mr. Prasad Fonseka, addressing a number of unresolved issues in Sri Lanka’s history from Dambadeniya to Gampola at INSSSL auditorium. Director General Mr. Asanga Abeyagoonasekera, Prof. Vinnie Witharana, officers of three armed forces and a large number of literary experts participated in this event. Prof. Vinnie Witharana did the keynote speech.

➤ **Public Lecture on “Marine Environment Pollution in Sri Lanka”**

On 12<sup>th</sup> October 2018, the INSSSL held a public lecture on “Marine Environment Pollution in Sri Lanka” conducted by Dr. P. B. Terney Pradeep Kumara.

**Memorial Lectures**

➤ **Annual Memorial Lecture Series in Honour of late Maj Gen Vijaya Wimalaratne**

Annual Memorial Lecture Series in Honour of late Maj Gen Vijaya Wimalaratne were held on 8<sup>th</sup> August 2018. This lecture was delivered by Major General Udaya Perera (Rtd) RWP RSP VSV USP USA WC psc.

INSSSL as the National Security Think Tank conducted this lecture to honor the late Maj Gen Vijaya Wimalaratne and his contribution as a brilliant strategist and leader to Sri Lanka’s armed forces, defence and security. This was in remembrance of his 26<sup>th</sup> Death Anniversary. The aim of this Annual Memorial Lecture was to commemorate the war hero and to educate the future generations on our great military strategists. The knowledge sharing through this lecture was aimed at instilling strategic thinking and building professionalism in the next generation of the armed forces.

The event was attended by chairman of INSSSL, the Secretary of Defence Mr. Kapila Waidyaratne PC, senior officials of the Ministry of Defence, distinguished military officers, academics and family members of the late Major General Vijaya Wimalaratne.

**International Conference**

INSSSL held its inaugural international conference, Colombo Shangri La Colloquium under the theme: “*Towards a collective security policy for South Asia: building resilience and stability*”.

The event was held on 16<sup>th</sup> Dec. at Shangri La Hotel Colombo Sri Lanka. The event was graced by the Secretary of Defence, Mr. Hemasiri Fernando who was the keynote speaker of the event. The conference was set to explore the challenges and opportunities for a collective security policy for South Asia which is the regional focus of the year.

The Colombo Shangri La Colloquium is a track II event with the participation of scholars and practitioners from international and regional think tanks from following countries; Japan, China, Maldives, France, Pakistan, Bangladesh, India, Nepal and Sri Lanka.

The Colloquium would comprise three panels on key sub-thematic areas:

Presentation 01	
China-India Maritime Cooperation in the Indian Ocean	Professor Swaran Singh (India)
Presentation 02	
The Escalating US-China Confrontation: How should Japan, India & Sri Lanka respond?	Dr. Satoru Nagao (Japan)
Presentation 03	
China’s Maritime Silk Road: Progress and Implication	Dr. Huang Yunsong (China)
Presentation 04	
Sri Lanka Navy’s Contribution towards Maritime Security Cooperation in the Indian Ocean	Captain P K Warnakulasooriya (Sri Lanka)
Presentation 05	
China’s rise in the Indian Ocean: a Maldivian perspective	Dr. Rasheeda M Didi (Maldives)
Presentation 06	
Geopolitics of Indian Ocean: Sri Lankan Perspective	Prof. Asanga Abeyagoonasekera and Ms. Savithri Sellapperumage (Sri Lanka)

17.3 Chart: Session 1 - Maritime Security Cooperation in the Indian Ocean (Chaired by Ambassador Palihakkara)

Presentation 01	
Countering Violent Extremism	Ambassador Amjad Majid Abbasi (Pakistan)
Presentation 02	
Illiberality, regime legitimization and ‘main streaming’ extremism: Unpacking the implicit complicity between the ruling elites and majoritarian extremism in South Asia	Dr. Ranga Jayasuriya (Sri Lanka)
Presentation 03	
Understanding the Drivers of Youth Radicalization	Maj Gen A N M Muniruzman (Rtd) (Bangladesh)

## INSSSL visits

On 3<sup>rd</sup> October 2018 INSSSL staff members visited Sri Lanka Signal Crop (SLSC). In that discussion INSSSL thanked the SLSC and appreciated the great work done by our Army officers for our nation.

## Our Publications

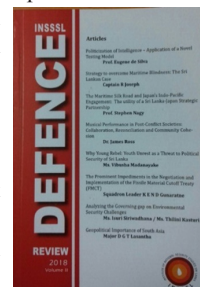

### ➤ INSSSL Defence Quarterly

The INSSSL Defence Quarterly is a newsletter that is published once every three months with the intention of bringing together news and events that take place at the Institute. This includes events hosted by the institute, latest publications, international conferences attended by the Director General and staff, visits of international scholars to INSSSL and opinion pieces/articles. The quarterly bulletin is disseminated amongst local and international academia, think tanks and research institutes, government institutions and other interested persons.

### ➤ INSSSL Defence Review 2018

“INSSSL Defence Review 2018” was published with the aim of providing a research platform on defence and security studies with a priority to enhance the understanding of national, regional, international security and geopolitics. The authors of the articles have been identified as those who could make a significant contribution with their expert views on recent events and occurrences in the national, regional and international security paradigm. Their writings focus on Politicization of Intelligence – Application of a Novel Testing Model, Strategy to overcome Maritime Blindness: The Sri Lankan Case, The Maritime Silk Road and Japan's Indo-Pacific Engagement: The utility of a Sri Lanka-Japan Strategic Partnership, Musical Performance in Post-Conflict Societies: Collaboration, Reconciliation and Community Cohesion, Why Young Rebel: Youth Unrest as a Threat to Political Security of Sri Lanka, The Prominent Impediments in the Negotiation and Implementation of the Fissile Material Cutoff Treaty (FMCT), Analyzing the Governing gap on Environmental Security Challenges and Geopolitical Importance of South Asia. These enriching and very informative articles will be beneficial and create an interesting read for all those with an interest in Defence and Security Studies.

## 18. RAKNA ARAKSHAKA LANKA LIMITED

### 18.1 Overview

Rakna Arakshaka Lanka Limited has been established under the Ministry of Defence as a Government Owned Limited Liability Company and an establishment of National Importance, capable of contributing towards the National Economy uninterrupted and in providing security to such nationally important strategic establishments. This company has been registered at the office of the Registrar of Companies as “Pramuka Arakshaka Lanka Limited on 26<sup>th</sup> October 2006, and subsequently, its name had been changed on 23<sup>rd</sup> February 2007 to “Rakna Arakshaka Lanka Limited” with the Motto –“Protection is Priority”.

This establishment was formed to ensure the opportunity to all those War-Heroes of the Tri-Forces and the Police Force who have retired honourably after sacrificing their lives for the unity of the nation –Sri Lanka and her Territorial Integrity, to continue serving the nation , always holding their honour at the highest esteem and ensuring labour not to be exploited and with the sole intention of concentrating on National Development, this company was established. The main objectives of this company have been right from its inception to provide a service with integrity to a large number of Government Ministries and Departments as well as strategic national economic centres by ensuring the members of the service to be retired or honourably discharged servicemen from the Tri-Forces and the Police Force, and by the virtue of the same background that would guarantee the highest possible discipline , efficiency and dedication on which to provide a Security Service of which all can be proud of.

Going beyond that, our establishment created the Maritime Security Service by commencing the “Maritime Security Division of Rakna Arakshaka Lanka on 22<sup>nd</sup> March 2011. Through that, it became possible to contribute a lot of foreign exchange to strengthen the Sri Lankan economy by providing protection for the foreign Merchant Vessels which sail through the Indian Ocean.

#### ➤ Structure of Rakna Arakshaka Lanka Limited

- Land Security Division :Provision of Security Services to establishments
- Marine Security Division : Provision of Security Services to Merchant Vessels.
- Catering Services Division

#### Vision

Establishment of an outstanding Commercial and Industrial Security Service which will stand out in all the possible sectors in strategically important sites under both the state as well as the private sector, which have varying levels of relations.

#### Mission

By shouldering the task of providing security to establishments of the Government as well as Private sectors which are of strategic importance and that way contributing towards the progress of the national economy.

#### Objectives

- Contribution towards the National Development Process.
- Extension of Assistance during National Disasters.
- Extension of assistance to the Government in solving unemployment.
- Through the promotional publicity winning more clients for the Traditional Land based services.
- Giving attention to the possibilities in assisting the development of projects beyond the suitable mainly for the Human Resources with background in Armed Services to provide opportunities for the members of such families as well as for the general public
- To assist the government in achieving the welfare objectives for both the male and female officers who have been discharged or retired from the Armed service as well as from the Police Service.
- Assistance given to the government in achieving the goals of the government for the male and female officers who have retired.
- Assisting the Ministry of Defence and Public Security to establish standards for the Male and Female Officers of the Private Sector by lifting the standards to higher levels by being involved in“Providing Security Services”.
- Development of opportunities not only for the employees of Rakna but also for other beneficiaries to acquire skills in suitable sectors chosen.
- Introduction of Social Welfare programmes.

## ➤ Problems and Challenges that came up during the Period

- Non implementation of the Public Finance Circular No: 445 of 12.08.2010 of the Ministry of Finance and Planning on the provision of Security Services to the Ministries, Departments, Statutory Boards, State Banks. Government Owned Companies and Government Corporations.

- Deprivation of Business Opportunities due to the strict adherence to Lowest Quotations in place of Quotations based on better and High Quality Services which were unavoidably higher.
- The difficulties faced when offering services to client establishments in the Western Province due to limitations caused by the shortage of suitable persons in recruiting better quality security personnel.
- The Maritime Security Personnel seeking employment directly through other Maritime Security Companies and the subsequent engagements with vessels provided by them.
- The decrease in the opportunities for Maritime Security Personnel due to the shrinkage of Highly Volatile Security Zones .
- The present trend adopted by the Merchant Shipping vessels to sail without Security help.
- The drops in the prices offered for Maritime Security due to the heavy competition among the Security Service Providing maritime companies.
- Security Personnel from other countries joining vessels from Sri Lankan Ports, at cheaper rates .
- The absence of restrictions for the Foreign Maritime Security Personnel to join vessels

### 18.3 Future Prospects

- ★ Promotional efforts to recruit at least 150 Security Personnel during each Quarter.
- ★ Efforts to enter the opportunities in providing Security Services to Educational Institute including the Universities.
- ★ Efforts to be made to increase the Security Providing Potential in the State Sector Banks like the Bank of Ceylon and the People's Bank which require over 1,000 personnel..
- ★ Enhancement of the Quality Standards of the Security Personnel.
- ★ To make all the efforts to retain and protect the loyalty and the dependency of the clientele we already have.
- ★ To make efforts to secure service contracts with clients like Five Star Hotels which are prepared to offer better payment rates for services.
- ★ Establishment of Agreements with Maritime Security Providing Companies to increase the numbers of the Maritime Security personnel.
- ★ Development of the Website to secure opportunities in providing Maritime Security Services by promoting the service, internationally.
- ★ Introduction of more variety into the range of products we offer now to the General Public as a measure from the Catering Services.
- ★ Introducing measures to popularize the Catering Services

**Progress of the Institutions  
coming under the  
State Ministry of Defence**

## 19. NATIONAL CADET CORPS

### 19.1 Overview

In 1881, the Ceylon Cadet Battalion, a small team of school children of Royal College was established by Mr. John B. Cull (The Principal, Royal College) with the concept of “Develop discipline through drill”, which was changed after 107 years. In 1988, the National Cadet Corps (NCC) has been established under the Manpower Mobilization and supplementary forces Act.

The Air Force, Navy and Police Cadet wings were also established in addition to the Army Wing after the reorganization of Cadet Corps. Further, it had been divided into Junior and Senior Cadet Corps and subsequently boys and girls of both categories.

In 2015 the National Cadet Corps came under the administration of the State Ministry of Defence from the Ministry of Defence. As per the present organization structure, there are 9 x Provincial HQs and 38 x Battalions with the Training Centre at Rantembe. At the end of 2018 4397 platoons totalling to 109,925 cadets strength is available. Annually 40,000 cadets are being trained at Rantembe.

#### Vision

To groom youth to be dynamic, disciplined citizens with extra-ordinary leadership qualities in order to face utmost challenges in the society.

#### Mission

To train school cadets and inspire cadets using effective training curriculums in order to develop Character, Sportsmanship, Self-reliance, Discipline, Civic Mindedness, Spirit of Adventure, Responsibility, Comradeship to be a valuable human resource of well-trained youth, capable of providing leadership in all aspects of life.

#### Training Criteria

The Training Criteria of the National Cadet Corps are as follows.

- Encourage leadership, initiative and teamwork
- Enhance and promote the image of the youth.
- Encourage to acquire the basic concept of teamwork and other interpersonal skills in order to produce future leadership
- Encourage youth and to inculcate to foster importance of community service and responsibilities.
- Create opportunity to develop physically, intellectually and socially.
- Achieving sustainable development objectives.

According to the instructions of His Excellency the President Maithripala Sirisena, Honorable Ranil Wickramasinghe, The Prime Minister and Honorable Ruwan Wijewardene, State Minister of Defence to enhance the activities of the Cadet Corps, which is a cadre of children who are trained through the Cadet Corps and admired the sound discipline and leadership. So 2018 was very busy year for NCC.

The first step towards restarting the Junior Cadets that had been stopped for over 36 Years was to commence as a pilot project in Trincomalee and Monaragala districts. At the end of the project, 08 boys and 08 girls platoons were participated in the NCC Training Centre, Rantembe. The State Minister of Defence, Hon Ruwan Wijewardene was gracefully participated as the Chief Guest in the Passing Out Parade.

### 19.2 Achievements in 2018

- Established 500 x new Senior Cadet Platoons in National Schools, MMVs and MVs.
- Established 500 x new Junior Cadet Platoons.
- Given the opportunity to 40,000 x Cadets to take part in Assessment Camps at Rantembe Training Centre.

20.7 Table : To do all such other acts and things as may be necessary to discharge of the functions of the Authority.

## Issues, Challenges and Proposed Solutions

### Issues

#### ➤ Issues due to Scarcity of Funds

- Not receiving money for the requirements of the War heroes
- Difficulties in obtaining the equipment and other goods required for the disabled
- No available funds to provide medical aid.
- Difficulties to carry out War Hero Scholarship programme and insufficient funds to provide the scholarships as requested.

#### ➤ Issues arisen when the services are provided in coordination with other Public Institutions

- Unavailability of lands to construct houses and difficulties in getting deeds and permits.
- No coordination among Government and Non-Government Organizations which serve the war heroes.
- Lack of assistance from the other institutions when infrastructure is developed, in contrast to the war period.
- Not providing suitable locations for Provincial Offices.

### Challenges

Providing service to the war hero community amongst all the issues mentioned above.

### 20.3 Proposed Solutions

- ★ Building up the pride and dignity of the war heroes through an awareness campaign organized by government and non-government organizations under the direct supervision of His Excellency the President
- ★ Increasing the public funds allocated for Ranaviru Seva Authority
- ★ Establishing a government level coordination with other public and other institutions which contribute to provide services to war heroes.
- ★ Participating to health systems like Agrahara to increase the health conditions of the war hero families.
- ★ Instructing the Public banks to provide a special service to the war hero community.
- ★ Obtaining the contribution of local government institutions to build up the dignity and pride of the war heroes.
- ★ Increasing the government mediation in solving salary, pension and other professional issues faced by war hero communities.

## 21. DEFENCE SERVICES COMMAND AND STAFF COLLEGE

### 21.1 Overview

Defence Services Command and Staff College (DSCSC) is an institute that provides military education to the officers of the Tri-Services. Established as the Army Command and Staff College on 28 August 1998 with the aim of imparting knowledge on Command and Staff aspects for selected officers of the Sri Lanka Army. The College transformed as the Defence Services Command and Staff College expanding its military education in a joint environment of Tri-Services on 22<sup>nd</sup> January 2007 widening the horizon of the professionalism of the officers to par with the other Staff Colleges of the world. Moreover, it was an important milestone in the history of the Sri Lankan armed forces, all military doctrines, strategic level planning and teachings were brought under one entity.

In the year 2018, the College conducted 'psc' course for 126 student officers from Tri-Services and 14 foreign officers. The course was followed by 140 officers and out of them 134 officers successfully completed the course and 2 officers could not pass the 'psc' course and 4 officers returned to the units on the disciplinary grounds. It was a successful year for DSCSC in terms of academic, since 104 officers received Masters in Defence and Strategic Studies M(Defs). Further there was a significant development in administrative activities. It had continued to uphold the recognition as one of the leading military training institution both psc and masters degree for middle grade officers of Tri-Services and executives in the capacity of addl/asst and sec in the civil sector.

DSCSC functions directly under the Ministry of Defence and is governed by a Board of Management (BOM). The BOM consists of the Chief of Defence Staff, the three Service Commanders, Vice Chancellor - KDU, Secretary to the Treasury or his nominee, Commandant and Brigadier Coordinating of the DSCSC headed by the Secretary to the Ministry of Defence. DSCSC is staffed by Service personnel from the Tri-Services and civilian staff employed by Ministry of Defence. The Chief Executive Officer of DSCSC is the Commandant.

The Course Number 12 of the year 2018 commenced on the 3<sup>rd</sup> January 2018 and terminated on 13<sup>th</sup> December 2018. The Course consisted with the following local and foreign student officers:

Army	-	72
Navy	-	27
Air	-	27
Foreign	-	14
<b>Total No of students</b>	<b>-</b>	<b>140</b>

In the year 2018, the College has introduced many creative concepts. The College was able to endorse on ten core values and a driving tenet related to those values. It was allowed to inculcate and improve discipline, personality, professional skills with knowledge and personal development among student officers by acquainting with the core values. Core

values are emphasized in all spheres of activities of the College and upholding of which, improvement of overall character of officers of the Tri-Services and growth of the institution are intended. The Core Values are Learning, Honour, Respect, Decorum, Excellence, Innovation, Responsibility, Professionalism, Mission Command, Pristine Environment, The Driving Tenet: Common Sense.

The first in the order of merit of the foreign student officers receiving the ‘Golden Owl Award’.

Receiving the ‘Golden Pen Award’ for the best Commandant Research Paper from the President of Sri Lanka.

The first in the order of merit of the army wing receiving the 'Golden Owl Award' from the president.

The first in the order of merit of the foreign student officers receiving the 'Golden Owl Award'.

### Physical and Financial Progress of Development Projects / Programmes

#### ➤ Development Programmes and Projects

The "Abode of Wisdom", newly constructed four - storied building consisting of well equipped Library and Exam Hall was declared open on 12<sup>th</sup> Dec 2018 by the president, for the benefit of student officers.

A sum of 12.19 Mn was spent for the maintenance, reconstruction and uplifting of facilities of the buildings. Besides that 80 Mn was spent for the construction of 2 - three storied student accommodation buildings.

Fulfilling the requirement of ration storage facilities, two storied building with store rooms and an office room was newly constructed and declared open by the commandant on 11<sup>th</sup> Dec 2018.

The under mentioned projects on Information Technology and Administration were established in order to facilitate the student officers, academic and non academic staff.

- Installation of fiber optic system.
- Establishment of War Gaming centre.
- Installation of auto teller machine.
- Installation of CCTV system
- Installation of IPTV system.

#### ➤ Financial Progress - 2018

The treasury has allocated Rs 140.20 Mn as the capital expenditure and Rs 258.91 Mn on the recurrent expenditure for the year 2018. But imprest has been released only Rs.134.17 Mn for capital and Rs 234.13 Mn for recurrent expenditure from treasury operation department.

Rs 8.20 Mn additional allocation has been requested from national budget department for paying civil employees' salaries to the newly recruited civil cadre and other administration expenses.

Information Technology Project and installation of CCTC camera system phase ii was implemented utilizing Rs 17.92 Mn. The project is facilitating both local and foreign students, academic and non-academic staff. These facilities reflect the standards of college hence it enhances the productivity of the college. As a result, local and foreign officers and the officers from the administrative service have become more interested in following the course.

Two student accommodation buildings were completed at a cost of Rs 80 Mn and it was beneficial for the local and foreign student officers and their family accommodations.

Besides that, a four-storied building consisting of well equipped Library and Exam Hall which the construction work started in 2017 was completed and declared open by the president on 12<sup>th</sup> Dec 2018 with a cost of Rs 142.87 Mn.

Further, a two storied building with an office room and a store room was constructed with the cost of Rs 3.5 Mn. Construction of Basket Ball court and outdoor theatre for the betterment of officers and their families was completed with the cost of Rs 1 Mn.

Besides the above projects, 8 more College buildings were renovated and reconstructed with the cost of Rs 12.19 Mn and as a result a large sum of money could be saved instead of constructing new buildings.

The expenditure for the purchase of the plant and machinery, furniture and office equipment were Rs 30.01 Mn. These were utilized for replacement of depreciates and utilized for college requirements.

S/N	Vote Head	Sub Vote	Amount (Rs million)	Total Amount (Rs million)
1.	Capital	Rehabilitation and improvement of fixed assets	16.92	234.48
		Acquisition of fixed assets	30.14	
		Other capital expenditures	187.42	
2.	Re-current	Personal Emoluments	47.27	134.15
		Supplies	32.14	
		Maintenance	7.58	
		Contractual services	47.16	
Total			368.63	368.63

20.5 Table : Expenditure for the Purchase of the Plant and Machinery, Furniture and Office Equipment

#### ➤ Midterm Activities

It has been scheduled to implement the following projects under the Mid Term Capital vote in the year 2019.

##### ● Construction of Headquarter building Rs 523Mn

The proposal has been submitted for the Cabinet approval to construct a Headquarter building in which all Academic, Administrative and other supportive branches to function under one roof.

##### ● Construction of a Four Storied accommodation building for the other ranks at a cost of Rs 42Mn.

The cabinet has approved construction of a four storied accommodation building for the Other ranks.

##### ● The approval has been given by the Cabinet for the construction of an accommodation building for the use of Senior Non Commissioned officers at a cost of Rs 89.30 Mn.

### 21.3 Future Prospects

#### ★ Recommend to Purchase the following vehicles.

- Ambulance.
- Gully Bowser.
- Tractor with Trailer.

#### ★ Vehicles to obtain on Rental Basis.

- 01 x Air Conditioned Bus (26/29 Seater).
- 05 x Luxury Cars (To transport University Lecturers).
- 02 x Air Conditioned Vans (KDH 7/8 Seater).

Development projects suggested to improve the infrastructure facilities in 2019

- Construction of a Headquarter building for the Defence Services Command and Staff College.
- Construction of three - storied accommodation building for Other Ranks of tri services.
- Construction of three - storied accommodation building for the NCOs'.
- Information Technology and Communication Facility Enhancement Project .Phase III
- Sport Complex Building Project.

The schedule educational programme has been conducted to achieve the aims and objectives through the modern teaching methodology.

#### ★ Skill Development of Staff

Skill development of the staff is done on the concept of learning organization, where every member of the staff (Academic and Non-academic) is subjected to a learning/ training program. All the members of the teaching staff of the college were included along with student officers in the Overseas Study Tour conducted annually for each course in order to get a better understanding of the military establishments, government organisations and to build bilateral military relationships with other friendly foreign countries. A total of 11 countries were visited in the year 2018. Those countries are Australia, China, UAE, Israel, Indonesia, Japan, Philippines, Russia, Rwanda, South Korea and Turkey. Further, in order to provide better exposure for the teaching staff, a reciprocal workshop program was conducted with Defence Services Command and Staff College of Bangladesh and Pakistan. Teaching Staff from each college visited and interacted with their counterparts to conduct workshops. A team from the Indian Armed Forces also visited to conduct a Military Technology Teaching Package, furthering the same effort in the latter part of the year. Internal training for Academic Staff and Administration Staff was conducted in order to develop their skills in their profession. Training for each category of staff was conducted on a schedule at least ones in a week in the form of training sessions and lectures. In some instances external resource personnel had delivered lecturers/conducted workshops, and in some instances staff visited outside institutions to obtain a better insight. Both civilian and military staff included in the training.

#### General Evaluation of the Progress, Lessons Learnt, Issues and Challenges

##### ★ Lessons learnt

The College was able to successfully adopt strict financial control with well-planned and transparent procurement plan. Foresight was demanded from all executive officers who were responsible for projects. They were demanded of continuous awareness of their allocated, spent and remaining funds. This strict control of funds allowed flexibility which enhanced the efficiency and ROI of the College.

#### ★ Issues and Challenges

As a whole there were no financial issues during the year 2018 and due to the lesser imperst received Rs 24.78 million, same worth of unpaid bills had to be carried forward.

The College does not have sufficient amount of vehicles and some of the available vehicles are not roadworthy. As a result it has effected to the smooth running of the training and administrative fields. It is suggested to purchase new vehicles that are roadworthy or obtain them on rental basis to fulfil the vehicle requirement of the College. Especially there is a sheer necessity of having an Ambulance and a Gully Bowser to the College. To purchase Ambulance, Gully Bowser, Tractor with the trailer. To obtain on the rental basis 01 x Air conditioned bus (26/29 seater), 05 x Luxury cars (To transport university lecturers), 02 x Air conditioned vans (KDH 7/8 seater).

#### Activities Suggested to Improve the Organization

##### ★ Organizational

The College is in need of an establishment to support the students on their research activities. It is a necessity to bring life for the dormant “Academic Branch “under the Coordinating Wing which may take on the research related activities. The vacancies of the staff, mainly of uniformed staff need to be filled. A dedicated number of troops for ‘training support’ are required to be incorporated in to the organization. An initial financial investment is not expected in both those projects.

#### ★ Capital

Infrastructure development takes prominence in the medium term development plan of DSCSC. The staff course being a residential course, the students need to be provided with a well-equipped Indoor Gymnasium complex which costs Rs 89.30 Mn in order to uplift their physical and mental status which will be beneficial for the academic and non-academic staff. Further it has been scheduled to construct three storied accommodation building with Sergeants’ Mess for the Senior Non Commissioned Officers at a cost of Rs 89.32 Mn and a three storied accommodation building for the Other Rankers at a cost of Rs 42 Mn. In addition an administration building at a cost of Rs 523.46 Mn has been proposed to provide facilities for the administration and coordination of all college activities. It will also be beneficial to the foreign delegations, academics and staff to hold conferences and discussions.

## 22. DEFENCE SERVICES COLLEGE

### 22.1 Overview

Defence Services College was established in January 2007 at Malay Street in Colombo 02 mainly to ease the challenges currently encountered by the members of the Armed Services and the Police, pertaining to admission of their children to popular schools. Later a cabinet approval has been granted to develop DSC concept as a special educational project to establish the Defence Services Colleges in each district and the DSC Colombo as the centralized hub of the system. Accordingly there are two schools (DSC Colombo and DSC Kurunegala) function at present. DSC directly operates under the direction of the Ministry of Education and its administration control is undertaken by the Ministry of Defence.

### 22.2 Achievements in 2018

#### ➤ Defence Services College – Colombo

DSC – Colombo, which was established on 17<sup>th</sup> June 2007 and function as a National School and the students' population is over 3428 at present. The college is committed to a rigorous, comprehensive approach to promote all academic and extracurricular activities and is regarded as the supreme resource to be utilized in accordance with the guidance of Ministry of Education and the Ministry of Defence.

#### ➤ Defence Services Viru DaruViduPiyasa – Kurunegala

Defence Services College, Kurunegala was established on 29 January 2009 and DSC functions as a mixed school and the student population is over 1415 up to Grade 11 at present.

	Construction of Hostel Building Complex			

22.1 Table : Capital Expenditure

### Institutional Progress

#### ➤ Progress of the matters functioned under State Ministry of Defence

Administration of the both DSC Colombo and Kurunegala, Development and maintaining works of infrastructure facilities are coordinated by Administrative wing. Accordingly, following development projects are conducted as described below:

#### ➤ Construction of Hostel Building for DSC Colombo

The main objective of constructing a hostel complex is to provide accommodation and mess facilities to the students coming from the distant areas and more specifically to enable them to excel in their studies, maintain good health, safe and secure life while enjoying modern facilities and participation in extra-curricular activities essential for personality development. In order to provide the hostel facilities, a cabinet approval (CP/14/1078/503/098 dated 2014.07.28 ) has been granted to construct a four-storied Hostel block with the total allocation of Rs. 448.1 Mn (Excluding Labour). Accordingly, 77% of the total project had been completed upto end of the year 2018 and the physical and financial progress up to 31 Dec 2018 is as follows.

Srl No.	Description	Construction Agent / Contractor	Achievement up to 31 <sup>st</sup> Dec 2018	
			Physical	Financial
01	Construction of Hostel Block	Sri Lanka Army 6 <sup>th</sup> Engineering services Regiment	77%	Rs. 53.63 Mn (Bills/ Tender awarded Rs. 21.8 Mn)

22.2 Table : Physical and Financial Progress of Construction of Hostel Building for DSC Colombo

#### ➤ Establishing Solar Powered Electricity System for the DSC Colombo

In order to minimize the expenditure for monthly electricity bills of DSC Colombo and obtain an alternative power project with long-term economic benefits and positive environmental implications a cabinet approval has been given by CP16/1993/703/080 dated 19 October 2016 to establish Solar Powered Electricity System for DSC Colombo and sum of Rs. 30 Mn has been allocated for this project. The paper advertisement has already been published for selecting a supplier and the project is expected to be completed during the year 2019.

### ➤ Construction of Common Facilities Building

A cabinet approval has been granted (CP/17/1118/703/048 and dated 21 June 2017) to construct a Common Facilities building project has been commenced and expected to be completed before end of the year 2019. Accordingly, nearly 13 % of the total project had been completed up to end of the year 2018 and the financial and physical progress of the project is as follows.

S/N	Description	Construction Agent / Contractor	Progress	
			Physical	Financial
01	Construction of New Class Room Building	Sri Lanka Navy	13%	Rs. 39.4 Mn (Bills/ Tender awarded Rs. 57 Mn)

22.3 Table : Physical and Financial Progress of Construction of Common Facilities Building

### 22.3 Future Prospects
