FOREWORD

This Annual Performance Report compiled on comprehensive records obtained from all Branches and Directorates of Army Headquarters provides an insight into the overall performance of the Sri Lanka Army specially in aspects pertaining to Operations, Training, Administration, Welfare and expenditure during the year under review.

Year 2008 had been eventful to the Sri Lanka Army with its path through Humanitarian Operations, being marked with many mile stones of success. Establishing a link of conveyance between the North and South via opening of the A 32 route, Liberation of the Madhu area without damages to the much revered Catholic Church, capture of a ground area of 4226 Sq Km encompassing Adampan, Periyamadhu, Vedithalativ, Mulankavil, Thunukkai, Mallavi, Akkarayankulam, Punarin and Ampakamam could be cited as some of the main achievements. Newly introduced concepts of small group and Mechanized Infantry operations have proved their efficiency in these achievements.

Training had been continued effectively in keeping to schedules amidst all intense operational commitments. The establishment of the Sri Lanka Army had been expanded with inclusion of 01 Division, 04 Task Forces, 13 Brigades and 47 Units. Further the strength of the Army had been raised to 200,000 and recruitment in the year has created a record high in history.

The Sri Lanka Army was extensively equipped by the state for its aggressive march forward and will continue its momentum towards protecting the sovereignty and territorial integrity of Sri Lanka.

GENERAL

1. The objective of publishing this Annual Report is to produce an analysis into General Staff, Administrative and Logistic matters carried out by Directorates at Army Headquarters and other establishments during year 2008 and also lapses observed due to certain constraints.
2. Assignments completed and proposals for the following year by respective authorities have been included in this report with a view to provide broader insight into events during year 2008.
3. All Senior appointments and Staff appointments at Army Headquarters are indicated at the beginning of the report.
4. A sum of approximately Rs 72,688,000.00 was allocated in the Annual Budget for both capital and recurrent expenditure.
5. A total number of 651 Officer Cadets and 57233 recruits were enlisted during year 2008.
6. Training of Officers, Other Ranks and recruits had been met with high priority.
7. Army sportsmen and women had achieved higher standards in sports during year 2008 and were exposed to many opportunities at which they were able to tryout their talents at local as well as international level.
8. There is a shortfall of strength in Regiments/Battalions for operational duties. Hence; it is suggested that subject to approval of the Ministry of Defence, the shortfall of operational strength in Regiments/Formations should be fulfilled by recruiting the required number of personnel in lieu of the strength categorized as non operational or disabled.

RECOMMENDATIONS

18. a. Promotion Exam – Deterioration of academic standards in Current Affairs:

(1) It has been observed that the knowledge in Current Affairs amongst officers who face the Captain to Major Examination is at the lowest ebb. The situation calls for a research-based study since the academic standards of officers are to be maintained necessarily at the highest possible levels on par with those of the SAARC region. Further it is suggested that a package on Current Affairs be introduced in the YO, JCC, JSC and PUCC in view to overcome this situation.

b. Non Military Courses

(1) The demand for English courses Disaster Management courses, Human Resource Management courses, and IT courses are on the increase. Therefore arrangements may be made to obtain additional courses on above subjects.

(2) Common stream Officers should be given Non Military courses beneficial for employment after retirement.

(3) Disable Other Ranks should be given vocational training courses and IT courses.

4. Recommendations

a. In order to strengthen the IHL & HR training programmes and other HR & HL related activities of the Sri Lanka Army, it is essential that the Directorate be strengthened in terms of infrastructure and equipment. b. The Directorate should be provided with a high capacity computer system for maintaining a Central Data Base and laptop computers to enhance the capability / efficiency of dissemination and monitoring activities.

c. Arrangments are underway to conduct lectures for officers on Human Rights with the assistance of the Human Rights commission and include the same in the annual training programme.

d. Overseas courses and seminars based on International Humanitarian Law & Humaitarian Rights are to be introduced to the Sri Lanka Army.
