**FOREWORD**

1. The year 2009 marked a historically significant milestone in the annals of Sri Lanka with the liberation of the country from the ruthless terrorism that had plagued it for over three decades. Highly effective leadership at all levels, organizing and conducting of tactical training, elevation of troops' morale and successful administration had been fundamental for the victory against LTTE terrorism. This military victory over terrorism with zero percent civilian casualties stamped a hallmark in world military history.

2. The humanitarian operations launched in the interest of sovereignty and territorial integrity of Sri Lanka had been the ever largest rescue operation conducted in the world which set free about three hundred thousand civilians from the cruel clutches of the LTTE. This operation was strongly backed by the recent expansion of the Army with 3 x Security Force Headquarters, 09 x Brigades, 01 x Forward Maintenance Area, 34 x Regular Units and 22 x Volunteer Units. With this great achievement of eradicating terrorism the Sri Lanka Army will assist the government in reconstruction, resettlement, rehabilitation and reconciliation measures in the North and East of the country.

3. Comprehensive reports obtained from Branch/Directorate level were channelled through careful analysis in compiling this Annual Report towards projecting an insight into the preparedness and efficiency of the Army in operations, training and welfare projects. All Headquarters up to unit level will be availed for a broad study on the overall performance of the Army through this publication and also be kept informed of the process of forecasting and planning for year 2010.

4. The role of the Sri Lanka Army which has now been expanded should encompass the maintenance of peace regained with highest commitment and training and peacetime administration while providing essential welfare facilities will be planned as objectives of the year 2010.

### RECOMMENDATIONS

17. Recommendations of the Directorate are as follows:

a. Promotion Examination – Deterioration of academic standards in Current Affairs.

(1) It has been observed that the knowledge in Current Affairs amongst Officers who sat for the Capt to Major Examination is at the lowest ebb. The situation calls for a research-based study since the academic standards of Officers are to be maintained necessarily at the highest possible levels on par with those from the SAARC region. Further it is suggested that a package on Current Affairs be introduced in the YO, JCC and JSC in view to overcome this situation. In addition to the Current Affairs, Education programmes were conducted by Security Force Headquarters (Jaffna) to elevate the standard of knowledge of Officers.

b. Non Military Courses.

(1) The demand for English Courses Disaster Management Courses, Human Resource Management Courses, and IT Courses are on the increase. Therefore arrangements may be made to obtain additional vacancies on above subjects.

(2) Common stream Officers may be given Non Military courses beneficial for employment after retirement.

(3) Maximum opportunity is available to Other Ranks (due to retire) to follow Vocational Training and IT courses.

(4) Distance Learning programmes should be introduced to Officers/Other Ranks since they could be transferred to various locations on operational requirements during the course duration.

c. Military Courses.

(1) Poor participation was observed except in the following courses, during the Year 2009:

RESTRICTED

- (a) DI Course.
- (b) Driving Course.
- (c) Clerk Course.
- (d) Junior Instructor Course.
- (e) Asst PTI Course.
- (f) Assault Pioneer Course.

(2) Therefore relevant authorities to be encouraged to nominate maximum numbers of Other Ranks for military training courses published by Army Training Directive 2010.

d. Overseas Training.

(1) Much effort has been taken to widen overseas training opportunities in keeping with the rapid expansion of the Sri Lanka Army. However, the number of berths received falls short of the expected figure. Therefore, it is recommended that obtaining additional vacancies in overseas courses be perused with relevant authorities.

**RECOMMENDATIONS**

14. In order to strengthen the IHL & HR training programmes, and other HR & HL related activities of the Sri Lanka Army, it is essential that the Directorate be strengthened in terms of infrastructure and equipment. The present small and cramped accommodation of the Directorate diminishes its importance as a crucial institution within the Army and undoubtedly hampers its efficiency in conducting training, educational programmes and other relevant activities.
15. The Dte should be provided with a high capacity computer system for maintaining a Central Data Bases and laptop computers to enhance the capability / efficiency of dissemination and monitoring activities.
16. Separate HR certificate courses for Officers should be introduced in liaison with the Human Rights Commission and should be included in the Training Directive.
17. Overseas courses and seminars based on IHL & HR to be introduced to SL Army.

As per the Government Financial Regulations (FR) 758/759, the Head of the Department or the OIC of the establishment must make test checks to verify the articles actually in stock with the book balances. As most of the HQs/Units were not properly conducting the test checks of stores as per FR 758/759, the procedure was streamlined by issuing specific instrs. All HQs/Units were requested to submit the quarterly reports to this Dte. As a result huge volumes of excess stores particularly of items such as ration/fuel were taken on charge. A summary of savings made during the first 03 quarters in year 2009 is indicated below:
