Message of the Honorable Minister of Rehabilitation and Prisons Reforms

Year 2013 that has gone by several steps of reformation in the main body of our ministry, the Department of Prisons, is an extraordinary year.

In accordance with annual plan 2013, it is amazing to fight criticisms faced by us with challenges at the time of chasing structured and restructured goals along the productivity concepts.

I believe that attempt of making a strong person with capability of contributing to national economy at the time of inmate's social reintegration as a person with literacy and skills, has succeeded by implementing spiritual, religious, welfare, and psychological programs and assessments that has changed the way that "prison" and "cell" is defined.

It is one of the reasons for increase in crimes as most of inmates do not have got even basic citizenship education, hence a number of special programs to give a proper education with good values and qualities together with vocational training have been implemented.

It helped to a great deal in our victories to improve the quality of dedication of officers in arming them with physical and mental strength to reach objectives of the year.

It is my opinion that very distinctive feature of the Department of Prisons is quantitative and qualitative dedication of prison officers to boost the contribution by the potential of inmates from Rs.45 million to Rs.70 million by 2013 to the country's economy from our department that provides contribution to national economy through self depend concept.

It has marked the year 2013 a very special turning point in the history of prison by being able to fulfill a number of services like opening of Bogambara Dumbura Prison starting from Kandy to relocate prisons, exporting inmates products, establishment of special rehabilitation centre for drug addicts and preparation of cadre statute.

Chandrasiri Gajadeera

Minister of Rehabilitation and Prison Reforms

Message of Secretary to the Ministry of Rehabilitation and Prison Reforms.

In an instance when peace has waken up the whole country by finishing war atmosphere in an humanitarian operation that terrified entire country for long time, main responsibilities assigned to the Department of Prisons, in order to implement MahindaChinthana Vision of President MahindaRajapaksha, are reconstruction of prison administration in conformity with present requirement, social reintegration of inmates who are released from prisons and provision of good care of their families under the guidance of line ministry.

Instead of outdated tradition of confining prisoners into a cell, by looking at inmates from a new perspective under the theme of “Prisoners also are humans”, a number of different programs have been implemented to make inmates with good qualities and values and get their contribution to the economy of country & world thinking that they are a resource to the nation.

Numerous programs such as construction of new prisons with more facilities in order to minimize prison congestion, relocation of urban prisons out of city centers, classification of prisoners and keeping them separately, rehabilitation of drug addicts away from prisons, improvement of prison infrastructure facilities, upliftment of productivity by improving industrial section, development of industrial and agricultural sectors, and giving vocational trainings for inmates have been implemented by the Department of Prisons.

Based on above mentioned responsibilities and goals, this year performance report clearly demonstrates that Department of Prisons has reached a new path in achieving its objectives under guidance of the Ministry of Rehabilitation and Prison Reforms. I convey my heartiest gratitude to Honounable Minister of Rehabilitation and Prison Reforms and Deputy Minister for guiding me as Secretary of the Ministry, Commissioner General of Prisons and his staff and other government and non government organizations in carrying out these activities efficiently.

It is my aim to give necessary guidance and support in reaching desired progress by fulfilling all objectives of the Department of Prisons even in this year.

G.S.Vithanage

Secretary

Message of the Commissioner General of Prisons.

In keeping with MahindaChinthana Vision,I as the Commissioner General of Prisons gladly remind the active contribution made this year by all staff of the Ministry, Department of Prisons and all government and non governmentinstitutionsin this worthy deedof social reintegration of inmates as good citizens with vocational skills following the propercustodyof the Department of Prisonsunder the guidance of Honourable Minister, Deputy Minister and Secretary of Rehabilitation and Prison Reforms.

As main prison institutions thathave been established long time ago are not adequate to accommodate present prison population, new project of relocation of urban prisons was introduced under accepted classification of supplying accommodation and improvement of infrastructure facilities, and the initial step of relocation of Bogambara Prison at Palkekele was set off this year.With that, EhelepolaWalawwa- Kandy whereKandy Remand Prison was continued, has been relocated to Dumbara, and special event of handing over of this Walawwa (Mansion) to government took place this year, therefore all inmates in Bogambara Prisonwere transferred to Dumbara at the beginning of 2014.

Further, it has been finished all basic actionsnecessary forstarting proposed Tangalle andAngunakolapelessaPrison Complex ConstructionProject-2014with the aim of shifting inmates from Colombo Remand Prison and TangallePrison.

In accordance with the concept of HononrabaleMinister of Rehabilitation and Prisons Reforms,art fair (Kalapola) was held in front of Prison Headquarters with the participation of all prisonsisland wide aiming to showhidden and inborn talents of inmates and to make spiritual development in them by way of directing inmates to religious, cultural and art activities. Also, it was signed a MOU with the Ministry of Youth Affairs and Skill Development to make TalentCentre at PallansenaCorrectional Centre to providewith vocational training being able to get contribution of youth labor tothe economy.

Action has been taken to approve required posts in the cadre under prison reformations and also to fill vacancies in certain posts. A project of easily accessing to Prison Information System which helps to get information on prisoners accurately and quickly, has been established and infrastructure facilities andhuman resource to implement this project have already been provided.

Prison administration has also been formalized with modern technology. All special dates are to be celebrated in grand scale during 2013.

I remind gratefully Honourable Minister of Rehabilitation and Prison Reforms who always give me necessary strength in turning prison administration a goodgovernance to the country, Deputy Minister, Secretary to the Ministry, my staff of the Department of Prisons who give fullest corporation to me in all activities.

Chandrarathna Pallegama
Commissioner General of Prisons

Introduction

Our Motto – Custody, Care and Correction

Prison Logo

Prison commenced as a result of the judicial reforms introduced by Cameron in 1832. Welikada Prison was established compatible with British Borstal System in terms of the Legal and Court Ordinance no. 18 of 1844. By the Prison Act no.16 of 1877, this service was structured and regulated under a separate department directly under control of the Commissioner of the Prisons with the effect from 16th July, 1905. With development of the society, this service turn out to be very crucial. As a result of this, Mahara Prison was built in 1875 and the Bogambara Prison which was in the form of the “Been Field’ Prison in England was constructed in 1876. The prison evolved this way, has become an essential and specific institute before the complexity of present day society. Accordingly, the Prison system consists of 3 prisons, 20 remand prisons, 2 correction centers for youthful offenders, one training centre for youthful offenders, 10 work camps, 2 open prison camps, and 20 prison lockups and are under the control of Superintendents of Prisons. There are about 23,000 inmates under their custody.

Though this department which comes currently under the Ministry of Rehabilitation and Prison Reforms, cared and secured prisoners at the beginning, today it has gone beyond the limit of it and has become a social correction center of rehabilitating inmates. Here, this performance report illustrates the endeavor of rehabilitating and socializing inmates as good citizens to the society by the Department of Prisons as a social adaptation body.
